The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in the continued spread of contamination endangering human health and the environment.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, BELLEVILLE - Total Belleville (Mirvat Oil) Site - Remedial Investigation and Design Services
File No. 761/12025.SAR - Index No. 44701

That the contract for professional services with Gannett Fleming of Michigan, Inc., Plymouth; be increased $4,238.40

Purpose/Business Case
The purpose of this modification is to prepare the technical memorandum for use with the bid specifications documents. Due to unforeseen site conditions, the agency needed a technical memo to address the demolition of the site structures and the removal of underground storage tanks.
Benefit
The State will benefit from this modification by having professionally prepared contract documents for the competitive for bid.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to prepare the technical reports and effectively protect public health, safety, welfare and the environment.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, PAW PAW - Commercial Street Industrial Area (Paw Paw Plating) Site - Building Demolition
File No. 761/12075.SAR - Index No. 44501
That the contract for professional services with AECOM Technical Services, Grand Rapids, be increased $8,038.30

Purpose/Business Case
The purpose of this modification is to revise the specifications to include the removal of building footers and foundation and the removal of subsurface utilities while leaving select portions of the building floor and select walls. Due to unforeseen site conditions, separation of the building parts is needed to perform the demolition activities.
Benefit
The State will benefit by having complete specifications to perform the demolition activities.
Funding Source
100% Strategic Water Quality Initiative Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to revise the specifications.

REVISIONS TO CONSTRUCTION CONTRACTS

14. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Constitution Hall – Entrance Door Replacement
File No. 071/11147.SJU - Index No. 44118
Aaron Glass Co., Inc., Lansing Michigan; CCO No. 2, Increase $44,800.00

Purpose/Business Case
The purpose of this change order is to remove and replace door hardware at existing fire rated exit doors at Constitution Hall. The door hardware at these 16 fire doors are worn and do not latch as required by building code.
Benefit
The State will benefit by having properly functioning fire rated exit doors that comply with building code requirements.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential life safety issues.

15. DEPARTMENT OF STATE POLICE, DIMONDALE – Training Academy Drive Track – Milling and Resurfacing Asphalt Pavement
File No. 551/107484.RMP - Index No. 22010
Michigan Paving & Material Company, Lansing; CCO No. 1, Increase $24,445.00

Purpose/Business Case
The purpose of this change order is to excavate existing soil 2 feet wide by 6" deep and replace with new crush concrete material to provide appropriate shoulders on both sides of existing drive track. New shoulder will protect edges of newly installed asphalt pavement.
Benefit
The State will benefit by preventing edge cracking of the new asphalt pavement.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this change order will result in premature failure of the pavement and increased maintenance costs.

16. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Integrated Security Management System
File No. 591/04003.JAN - Index No. 27000
P3 Construction, Inc., Detroit; CCO No. 4, Increase $8,190.00

Purpose/Business Case
The purpose of this change order is to furnish and install a fiber optic communication link to connect the Rosa Park and Greyhound buildings to complete the security system.
Benefit
The State will benefit by providing an integrated security system covering both facilities.
Funding Source
100% Restricted Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the lack of integration of the two systems.

17. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Phase 4 North Site
File No. 591/04003.JAN - Index No. 27000
B & B Construction Services, LLC, St. Clair Shores; CCO No. 6, Increase $39,649.01

Purpose/Business Case
The purpose of this change order is to adjust the prices in change order #4 to match actual costs for winter condition treatments of the concrete slab; subgrade removal and replacement with engineering fill per the testing requirements; furnish and install fencing and bollard; delete ash receptacles; and modify entrance fence gates at the building site.
Benefit
The State will benefit by paying actual costs expended for winter conditions and subgrade fill and having a secured site by modifying the fence to reduce the size of the openings.
Funding Source
100% Restricted Funds

Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a less secure site and added costs.

18. DEPARTMENT OF TRANSPORTATION, PONTIAC - Pontiac Transportation Terminal - New Terminal Building
File No. 591/09209.RAN - Index No. 30125
B & B Construction Services, LLC, St. Claire Shores; CCO No. 8, Increase $2,600.00

Purpose/Business Case
The purpose of this change order is to complete site restoration of DOT's property located immediately north of the project sight. The area was used as a spoils disposal area during construction. The State and the Contractor are sharing in the cost of this restoration.
Benefit
The State will benefit by eliminating a soil erosion hazard as well as cleaning up the area immediately to the north of the new facility.
Funding Source
100% Federal Comprehensive Transportation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continuation of a soil erosion and sedimentation problem which could eventually lead to expensive DEQ sanctions against the DTMB and DOT.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF COMMUNITY HEALTH, CARO – Caro Center – Water Tower Renovations
File No. 391/11373.RAN - Index No. 40000
Low Responsive Bidder: Industrial Painting Contractors, Inc., Taylor; $219,400.00

Purpose/Business Case
The purpose of this contract is to perform maintenance and paint the interior and exterior of Caro Center's elevated water storage tank. The tank is well past the life expectancy of the previous painting and repainting is necessary to meet DEQ requirements for elevated water storage tank certification.
Benefit
The State will benefit by having a water storage tank that meets DEQ requirements.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract could result in DEQ prohibiting use of the water storage tank which subsequently could result in closure of the Caro Center.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling – Building #203 Ventilation Upgrades
   File No. 511/12171.AGY - Index No. 21000
   Low Responsive Bidder: Ripman Construction, St. Helen; $54,725.00

Purpose/Business Case
The purpose of this contract is to provide all labor, equipment and materials to install a computer room air conditioning system in the main telephone server room along with associated finishes, plumbing, mechanical and electrical. The current server room is not adequately cooled which has caused operational issues.
Benefit
The State will benefit by maintaining acceptable server room operating temperature and humidity.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued operational issues.

3. DEPARTMENT OF TRANSPORTATION, COLDWATER – Coldwater Training Facility – Roof Coating System Installation Project
   File No. 591/11227.AGY - Index No. 30125
   Low Responsive Bidder: Thermal-Tec/Michigan, Inc., Cedar Springs; $67,965.00

Purpose/Business Case

The purpose of this contract is to remove forty-eight existing skylights, block the openings and install a roof coating system over the entire existing standing seam metal roof. The existing roof requires constant costly maintenance.

Benefit

The State will benefit by extending the useful life of the existing roof and improving energy efficiency.

Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued high maintenance costs and potential building damage due to roof leaks.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, IRON COUNTY – Buck Mine Discharge Site – System Maintenance and Optimization
   File No. 761/10164.SAR - Index No. 44251
   Low Responsive Bidder: James Peterson Sons, Medford, WI; $76,563.00

Purpose/Business Case

The purpose of this contract is to implement improvements to the existing passive interim treatment system and provide system maintenance/optimization services. The site is comprised of a complex of interconnected former iron mines. Due to the acidic nature of the waste rock, the drainage has the capacity to leach elevated concentrations of contaminants such as iron, nickel, copper, zinc and sulfate to the nearby ponds and the Iron River. Such contaminants have been acutely toxic to fish and aquatic organisms. An interim response system comprised of three ponds was constructed to precipitate the dissolved metals before discharging into the Iron River. This contractor will provide maintenance and optimization of the interim system.

Benefit

The State will benefit by abating the environmental health hazard to protect public health, safety, welfare and the environment.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in not performing the maintenance on the interim system.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, VARIOUS – Various – Armory Compliance
   File No. 511/12221.SAR - Index No. 11400
   Recommended Assignment: MACTEC Engineering and Consulting of Michigan, Inc., Novi; $120,000.00

Purpose/Business Case
The purpose of this assignment is to provide sampling services to support the agency in complying with the environmental regulations. The tasks defined for this work include soil, groundwater and other media sampling; laboratory analysis of collected samples; data evaluation; and preparation of reports, permits and required documents for the Midland Armory, Dowagiac Armory and Detroit Light Guard Armory.
Benefit
The State will benefit by ensuring compliance with environmental regulations.
Funding Source
100% National Guard Bureau Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 24 to the Indefinite-Scope Indefinite-Delivery contract No. 283
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to comply with the environmental regulations at the military facilities.

6. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Emergency Response and Contingency Planning
   File No. 511/12222.SAR - Index No. 22000
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $10,996.07

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for preparation of environmental plans to comply with the environmental regulations.
The tasks defined for this work include updating integrated contingency plan (ICAP), spill prevention control and countermeasures plan (SPCCP) and storm water pollution prevention plan (SWPPP). Federal and state regulations require that facilities update their ICP/SPCCP/SWPPP as conditions change.
Benefit
The State will benefit by ensuring compliance with environmental regulations.
Funding Source
100% National Guard Bureau Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 27 to the Indefinite-Scope Indefinite-Delivery contract No. 278

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to comply with the environmental regulations at the military facility.

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Lansing Headquarters – Emergency Response and Contingency Planning
   File No. 511/12223.SAR - Index No. 14000
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $12,489.26

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for preparation of environmental plans to comply with the environmental regulations. The tasks defined for this work include updating integrated contingency plan (ICAP), spill prevention control and countermeasures plan (SPCCP) and storm water pollution prevention plan (SWPPP). Federal and state regulations require that facilities update their ICP/SPCCP/SWPPP as conditions change.

Benefit

The State will benefit by ensuring compliance with environmental regulations.

Funding Source

100% National Guard Bureau Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 28 to the Indefinite-Scope Indefinite-Delivery contract No. 278

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to comply with the environmental regulations at the military facility.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHAPIN - Chapin General Store Site - Remediation System O&M Services
   File No. 761/09128.SAR - Index No. 44601
   That the contract for professional services with Global Environmental Engineering, Inc., Elk Rapids, be increased $2,282.45

Purpose/Business Case

The purpose of this modification is to provide for repairs at the groundwater treatment system. This work is required to allow the system to continue to operate until remediation is complete.

Benefit

The State will benefit by having a functional remediation system to protect public health, safety, welfare and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in shutting down the remediation system prior to full remediation of the site.

WITHDRAWAL AND REAWARD OF CONSTRUCTION CONTRACTS

9. DEPARTMENT OF NATURAL RESOURCES, HOLLY – Holly Recreation Area – Camper Cabin Site Work
   File No. 751/12183.BDW - Index No. 50790
   Recommended Responsive Proposal: Wolverine Engineers, Mason; $104,624.80

Purpose/Business Case

The purpose of this contract is to provide Design and Construction Services to construct four camper cabin foundations, decks, walkways, site work and provide connections to electrical power, water and sewer services. At the request of the client agency, scope of work was reduced and resubmitted proposals were reviewed. Wolverine Engineers became the recommended responsive proposal instead of Straub Pettitt Yaste which was approved on the April 20, 2012 Director's Agenda.

Benefit

The State will benefit by providing a usable guest cabin with code compliant connections to water, sewer and electrical services, as well as meet national accessibility guidelines.

Funding Source

100% State Parks Repair and Maintenance Funds

Commitment

The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in not having code compliant facilities for cabin users, nor time sensitive installation of the cabins for this use season and associated loss of rental fees.

REVISIONS TO CONSTRUCTION CONTRACTS

10. DEPARTMENT OF CORRECTIONS, IONIA – Michigan Reformatory – Deaerator Replacement
File No. 472/11009.DCS - Index No. 41660
B & V Mechanical, Inc., Wyoming; CCO No. 2, Increase $23,265.00

Purpose/Business Case
The purpose of this change order is to install and repair the elevated steel grating system openings within the Power Plant to accommodate the removal of the existing deaerator.
Benefit
The State will benefit by correcting potential safety issues within the Power Plant.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a potential safety issue.

11. DEPARTMENT OF TRANSPORTATION, PONTIAC - Pontiac Transportation Terminal - New Terminal Building
File No. 591/09209.RAN - Index No. 30125
B & B Construction Services, LLC, St. Claire Shores; CCO No. 8, Increase $2,600.00

Purpose/Business Case
The purpose of this change order is to complete seeding of DOT's property located immediately north of the project site, the area was used as a spoils disposal area during construction. The State and the Contractor are sharing in the cost of this restoration.
Benefit
The State will benefit by eliminating a soil erosion hazard area as well as cleaning up the area immediately to the north of the new facility.
Funding Source
100% Federal Comprehensive Transportation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continuation of a soil erosion and sedimentation problem.

12. MICHIGAN ECONOMIC DEVELOPMENT CORPORATION, VARIOUS LOCATIONS – Demolition of Michigan Land Bank Fast Track Authority (MLBFTA) Properties – Demolition of MLBFTA Properties
File No. 641/09317.IJH - Index No. 07204 - Contract Y 09379
Homrich, Inc., Carleton; CCO No. 4, Decrease $ 888.01

Purpose/Business Case

The purpose of this change order is to deduct unused contract monies from Homrich's first contract at the close of the project. The original contract was structured with a total sum to be used on a unit-priced basis as demolition sites were assigned and hazardous materials quantities were ascertained. With the completion of demolition assignments the remaining contract monies are to be removed.

Benefit

The State will benefit by returning unused contract monies to the agency.

Funding Source

100% Federal Neighborhood Stabilization Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor as unit prices as part of the original bidding. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the loss of Federal funds to the MLBFTA.

13. MICHIGAN ECONOMIC DEVELOPMENT CORPORATION, VARIOUS LOCATIONS – Demolition of Michigan Land Bank Fast Track Authority (MLBFTA) Properties – Demolition of MLBFTA Properties
File No. 641/09317.IJH - Index No. 07204 - Contract Y 10130
Homrich, Inc., Carleton; CCO No. 1, Decrease $439,380.00

Purpose/Business Case

The purpose of this change order is to deduct unused contract monies for Homrich's second contract at the close of the project. The original contract was structured with a total sum to be used on a unit-priced basis as demolition sites were assigned and hazardous materials quantities were ascertained. With the completion of demolition assignments the remaining contract monies are to be removed.

Benefit

The State will benefit by returning unused contract monies to the agency.

Funding Source

100% Federal Neighborhood Stabilization Funds

Commitment
The change order costs are fixed actual costs provided by the construction contractor as unit prices as part of the original bidding. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the loss of Federal funds to the MLBFTA.

14. MICHIGAN ECONOMIC DEVELOPMENT CORPORATION, VARIOUS LOCATIONS – Demolition of Michigan Land Bank Fast Track Authority (MLBFTA) Properties – Demolition of MLBFTA Properties
File No. 641/09317.IJH - Index No. 07204 – Contract Y 10128
Farrow Group, Inc. Detroit; CCO No. 3, Decrease $38,374.45

Purpose/Business Case
The purpose of this change order is to deduct unused contract monies at the close of the project. The original contract was structured with a total sum to be used on a unit-priced basis as demolition sites were assigned and hazardous materials quantities were ascertained. With the completion of demolition assignments the remaining contract monies are to be removed.
Benefit
The State will benefit by returning unused contract monies to the agency.
Funding Source
100% Federal Neighborhood Stabilization Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor as unit prices as part of the original bidding. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the loss of Federal funds to the MLBFTA.

15. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MACKINAC ISLAND – Mackinac Island State Park – Governor's Summer Residence Roof Replacement
File No. 751/12069.RAA - Index No. 53010
Mihm Enterprises, Hamilton Michigan; CCO No. 4, Increase $3,955.00

Purpose/Business Case
The purpose of this change order is to provide new stainless steel lifetime guarantee chimney dampers and caps at 3 existing chimneys to limit weather and vermin from entering chimneys, and flame arrestor installation for additional fire protection.
Benefit

The State will benefit by replacement of deteriorated dampers and damper controls with lifetime warranty products and chimney cap/flame arrestor installation to provide safer weather proof environment.

Funding Source

100% State Parks Repair and Maintenance Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in continued improper damper control, and potential weather and vermin infiltration into chimney flues. The flame arrestors provide for additional fire safety protection.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUSKEGON – Zephyr Naph Sol Site – Free Product and Groundwater Remediation System
File No. 777/11109.BDH - Index No. 44901
Superior Environmental Corporation, Marne; CCO No. 1, Increase $20,000.00

Purpose/Business Case

The purpose of this change order is to add $20,000.00 to the provisionary allowance of the project. A change in the characteristics of the contaminated groundwater and free product pumped from the ground has been noted and some expenditure is needed to adjust the treatment system to react to this change. Also, the pumps in wells not being used will be removed for reuse elsewhere or to be stored in an environment more favorable for long-term storage.

Benefit

The State will benefit by reducing the chance of overflows or spills at the site, protecting the environment.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the potential spread of contamination endangering human health and the environment.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TRANSPORTATION, SAGINAW – Saginaw Special Crews – Exterior Insulation Finishing System (EIFS) Restoration
   File No. 591/07259.AGY - Index No. 58508
   Low Responsive Bidder: Livingston Power Company, LLC, Howell; $63,900.00

Purpose/Business Case
The purpose of this contract is to repair and restore the existing exterior insulation finishing system (EIFS) and replace the existing gutters. The siding and gutters are old, requiring constant maintenance.
Benefit
The State will benefit by maintaining the exterior surface and reducing maintenance costs.
Funding Source
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued deterioration of the building's exterior and high maintenance costs.

2. DEPARTMENT OF TRANSPORTATION, KALAMAZOO – Kalamazoo Special Crews – Site Paving
   File No. 591/12115.AGY - Index No. 30125
   Low Responsive Bidder: A-1 Asphalt, Wayland; $40,098.36

Purpose/Business Case
The purpose of this contract is to mill and resurface the front and side areas of the parking lot. These sections of the parking lot experience heavy traffic and have deteriorated to an extremely poor condition. Repairs of these areas will allow safe passage and protect the investment in the facility.
Benefit
The State will benefit by improved site conditions and reduced maintenance costs.
Funding Source
100% Trunkline Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in further pavement deterioration, higher maintenance costs, and unsafe conditions.

3. DEPARTMENT OF NATURAL RESOURCES, LAKE ORION – Bald Mountain Shooting Range – Pavilion
   File No. 751/11304.MNB - Index No. 14110
   Recommended Responsive Proposal: Livingston Power Company LLC, Howell; $38,695.00

Purpose/Business Case
The purpose of this contract is to construct a pavilion for the public, utilizing the shooting range facilities. The work consists of a roof system, structural supports, concrete flooring, and associated electrical. This structure will provide a covered area for final instructions/training prior to use of the range.
Benefit
The State will benefit by providing a sheltered area for shooting range events.
Funding Source
68% Michigan Natural Resources Trust Funds
12%Community Foundation for SE Michigan Greenways Grant Funds
11% Parks Improvement Funds
9% Coastal Zone Management Grant Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in a lack of adequate facilities and limited shooting range events.

AWARD OF PROFESSIONAL SERVICES CONTRACT

4. DEPARTMENT OF NATURAL RESOURCES, HOLLY – Holly Recreation Area – Multi-Use Trail Design
   File No. 751/12063.BDW - Index No. 59700
   Recommended Responsive Proposal: Williams & Works, Grand Rapids; $46,687.50

Purpose/Business Case
The purpose of this contract is to provide professional design services for a multi-use trail that meets basic design principles and requirements of the Americans with Disabilities Act (ADA). This contract is for design services only.
Benefit
The State will benefit by securing design services to present a viable pathway location and structures that provide for multiple use types and meets regulatory requirements for accessibility and work in wetland areas.
Funding Source
100% Grant Funds
Commitment

The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract could result in improper trail location, construction, and noncompliance with the ADA, Wetland Protection; PA451 Part 303 and Inland Lakes & Streams; PA451 Part 301.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, JACKSON – Jackson Armory – Water Vulnerability Assessment
   File No. 511/12224.SAR - Index No. 14000
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $12,927.22

Purpose/Business Case

The purpose of this assignment is to provide professional services for conducting Vulnerability Assessment (VA) of the water system. The VA will be conducted in accordance with Title IV Drinking Water Security and Safety of Public Law. The professional will issue a Water Security Vulnerability Assessment (WSVA) report and an Emergency Response Plan (ERP), incorporating the findings of the VA to comply with Federal and State regulations.

Benefit

The State will benefit by complying with environmental regulations.

Funding Source

100% National Guard Bureau Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 029 to the Indefinite-Scope Indefinite-Delivery contract No. 278

Risk Assessment

Failure to approve this assignment will result in not obtaining the professional assistance needed to comply with environmental regulations.

6. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, VARIOUS – Various – Emergency Response and Contingency Planning
   File No. 511/12225.SAR - Index No. 14000
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $10,010.11

Purpose/Business Case

The purpose of this assignment is to provide preparation of environmental plans to comply with environmental regulations at the Dowagiac and Kingsford Armories, and Ishpeming Organizational Maintenance Shop and Armory. The work includes updating each facilities integrated contingency plan (ICAP), storm water pollution prevention plan

(SWPPP), and spill prevention control and countermeasures plan (SPCCP), per Federal and State regulations.

Benefit

The State will benefit by complying with environmental regulations.

Funding Source

100% National Guard Bureau Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 030 to the Indefinite-Scope Indefinite-Delivery contract No. 278

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to comply with environmental regulations.

7. DEPARTMENT OF STATE POLICE, DIMONDALE – Michigan State Police Training Academy – Fitness Center Renovations
   File No. 551/12060.SJU - Index No. 22010
   Recommended Assignment: Wigen Tinckell Meyer and Associates, Inc., Saginaw; $26,547.00

Purpose/Business Case

The purpose of this assignment is to provide professional design and construction administration services to obtain contract documents for the renovation and relocation of the existing locker rooms and fitness center. The existing facilities are overcrowded and do not meet the current and projected demands of the Michigan State Police (MSP) recruit school students and troopers.

Benefit

The State will benefit by receiving professionally prepared documents for the competitive bid process and construction administration services during construction.

Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 001 to the Indefinite-Scope Indefinite-Delivery contract No. 00268.

Risk Assessment

Failure to approve this assignment will result in the state not obtaining the documents required for the competitive bidding process.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Various DTMB Owned Facilities – Upgrade Electrical Service at Joint Laboratory
   File No. 071/03419.JNS - Index Nos. 02034, 11639, 43000, 43109, 44100 and 44308
   That the contract for professional services with GRP Engineering, Inc., Grand Rapids, be increased $44,094.00

Purpose/Business Case
The purpose of this modification is to provide professional design and construction administration services to upgrade the primary electrical service per the 2009 engineering study. Due to the critical work performed at the Joint Laboratory, this facility requires a dependable source of electrical power.
Benefit
The State will benefit by having professionally prepared Bulletin documents for the construction contractor to provide change order pricing as well as direction for proposed changes in the work.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents necessary for contractor pricing.

9. DEPARTMENT OF CORRECTIONS, JACKSON – Parnall Correctional Facility – Building 92 Roof Replacement
   File No. 472/11435.RMP - Index No. 18350
   That the contract for professional services with David Milling and Associates, Inc., Ann Arbor; be increased $5,046.00

Purpose/Business Case
The purpose of this modification is to provide professional design and construction administration services to obtain contract documents for the replacement of the lower roof on Building 92.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process.
Funding Source
100% Agency Operating Funds

Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

REVISIONS TO CONSTRUCTION CONTRACTS

10. DEPARTMENT OF NATURAL RESOURCES, LAC LA BELLE – Lac La Belle Harbor – Dock Improvements
File No. 751/08115.RAA - Index No. 51230
Thomas J. Moyle Inc. Houghton; CCO No. 8, Increase $40,010.00

Purpose/Business Case
The purpose of this change order is to provide for payment of indirect costs, resulting from additional pile length and splices required on the project. The amount was negotiated during the settlement process. The negotiated settlement direct costs, in the amount of $57,490.00, were previously processed in CCO No. 7.
Benefit
The State will benefit by avoiding potential litigation.
Funding Source
100% Waterways Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in the contractor filing a claim and possible litigation.

11. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – Ralph A. MacMullan Conference Center – Classroom Building Addition
File No. 751/10489.JAN - Index No. 99020
Ripman Consruction Company, Inc., St. Helen; CCO No. 5, Increase $26,288.80

Purpose/Business Case
The purpose of this change order is to install an elevator sump pump, discharge piping, oil interceptor, floor drain sump, gutter and downspouts, electrical and door hardware at ADA doors, and exit/egress lights. These items were identified by the LARA inspector as required to ensure code compliance.
Benefit
The State will benefit by complying with the current life safety codes.
Funding Source

53% Park Improvement Funds
47% MNRTF Development Grant Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the certificate of occupancy not being issued.

12. DEPARTMENT OF NATURAL RESOURCES, HOLLAND – Holland State Park – Lake Macatawa Campground New Toilet Shower Building
    File No. 751/11115.JAN - Index No. 57100
    44th Street Construction, LLC, Grand Rapids; CCO No. 4, Increase $18,981.75

Purpose/Business Case

The purpose of this change order is to provide additional asphalt patching, a leaching basin, and emergency egress lighting. This work is required to reduce maintenance, provide proper drainage, and ensure compliance with life safety codes.

Benefit

The State will benefit by reduced maintenance costs, proper site drainage, and life safety code compliance.

Funding Source

100% Park Improvement Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in further deterioration of the roads within the park and noncompliance with life safety codes.

13. DEPARTMENT OF NATURAL RESOURCES, MACKINAC ISLAND – Mackinac Island State Park – Governor's Summer Residence Roof Replacement
    File No. 751/12069.RAA - Index No. 53010
    Mihm Enterprises, Hamilton; CCO No. 5, Increase $2,083.00

Purpose/Business Case

The purpose of this change order is to provide a deck stain protective finish at the second floor deck off the Master Bedroom to match the proposed finish of the front porch.

Benefit

The State will benefit by proper deck sealing and color compatibility for the historical governor's summer mansion.

Funding Source

100% State Parks Repair and Maintenance

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in higher maintenance costs and premature deterioration of the deck.

AGREEMENT FOR INVASIVE SPECIES MANAGEMENT

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA & GRAYLING – Fort Custer and Camp Grayling Training Centers – Invasive Species Management
    File No. 511/12197 .SAR - Index No. 21000

    That the agreement between the State of Michigan and Huron Pines Resource Conservation and Development Area Council, Inc., Grayling, be approved for $34,100.00 to provide removal of encountered invasive plant species at the Fort Custer and Camp Grayling Training Centers.

Purpose/Business Case

The purpose of this agreement is to perform tasks and activities necessary to remove and manage newly discovered invasive plant species, for ecological diversity and native plant regeneration. The professional will prepare final reports for submission to the agency. Huron Pines is a 501(c) (3) not-for-profit organization with experience in restoration and research projects.

Benefit

The State will benefit by combating invasive plant species and preserving native plant species on training lands.

Funding Source

100% Federal - National Guard Bureau Environmental Conservation Funds

Commitment

The cost for this agreement is fixed based on that which was negotiated with Huron Pines RC&D.

Risk Assessment

Failure to approve this agreement will result in not getting the professional assistance needed to remove and manage the invasive plant species. If the activities are not performed, native plant species may face extinction.

AGREEMENT FOR SAND TRAP MAINTENANCE

15. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Training Center – Camp Grayling River Sand Trap Maintenance
    File No. 511/12206 .SAR - Index No. 21000

    That the agreement between the State of Michigan and Huron Pines Resource Conservation and Development Area Council, Inc., Grayling, Michigan be

approved for $16,500.00 to provide sand trap maintenance at the Camp Grayling River.

Purpose/Business Case
The purpose of this agreement is to perform tasks and activities necessary for the maintenance of two sand traps on Portage Creek and one on the East Branch of the AuSable River. The professional will prepare final reports for submission to the agency. Huron Pines is a 501(c) (3) not-for-profit organization with experience in restoration and research projects.
Benefit
The State will benefit by complying with the Federal and State permit requirements.
Funding Source
100% Federal - National Guard Bureau Environmental Conservation Funds
Commitment
The cost for this agreement is fixed based on that which was negotiated with Huron Pines RC&D.
Risk Assessment
Failure to approve this agreement will result in not getting the professional assistance needed to perform the maintenance of the sand traps and comply with Federal and State permit requirements.

CONTRACT CHANGE ORDER

16. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS (LANSING), - CCO No. 1 for Lease No. 2432 approved by the State Administrative Board on February 21, 2012, between Holiday Office Park , LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Licensing and Regulatory Affairs (LARA) as Lessee. This CCO provides for the installation of a new locking door, door frame and related hardware at a cost not-to-exceed $1,915.87. The space is located at 6546 Mercantile Way, Lansing, Michigan 48911.

Purpose/Business Case
The purpose of this CCO is to install a new (second) locking door; door frame and related hardware to a staff break room.
Benefit
This CCO allows two separate but adjacent programs within LARA to each have independent access to a shared break room for their own staff members and guests.
Funding Source
100% Public Utility Assessment (PUA) funds
Commitment
Present through 1/31/2022; however, this Lease contains a Standard cancellation clause with 90 days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from making the first floor, suite 5 break room available to all LARA staff and their guests without compromising operational security of either of the two program areas sited adjacent to it.

. . . . . .

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Hazmat Building and Forensics Center Building – Fire Alarm System
   File No. 071/12045.RMP - Index Nos. 44212 and 44213
   Low Responsive Bidder: R.M. Electric, Inc., Lansing; $97,750.00

Purpose/Business Case
The purpose of this contract is to install a new fire alarm system in the Hazmat Building and upgrade the existing fire alarm at the Forensic Center. Currently, the Hazmat building does not have a fire alarm system and many areas in the Forensics Lab cannot see or hear the alarm devices. Installation of additional strobe lights, horns and panels are necessary to notify building occupancy during an emergency to evacuate the Forensic Center building.
Benefit
The State will benefit by bringing both buildings into compliance with the current life safety codes.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in potential life safety issues.

2. DEPARTMENT OF TRANSPORTATION, Detroit – Rosa Parks Building – Window Insulation and Trim Modification
   File No. 591/04003.JAN - Index No. 27000
   Low Responsive Bidder: IXL Glass Company, Grosse Pointe Woods; $24,600.00

Purpose/Business Case
The purpose of this contract is to add closed cell foam to the window frames, reinstall the sealant joints around the frames, and to add an additional trim piece to all windows on the south and east sides of the building.
Benefit
The State will benefit by resealing the windows to prohibit water and air infiltration.
Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued water and air infiltration into the wall cavities which could produce mold and mildew in the future.

3. DEPARTMENT OF TRANSPORTATION, ST. IGNACE – St. Ignace Maintenance Garage – CMA-1 Emulsion Containment
   File No. 591/07299.AGY - Index No.58500
   Low Responsive Bidder: Ripman Construction Company, Inc. St. Helen; $38,683.40

Purpose/Business Case:

The purpose of this contract is to provide for the proper preparation and painting of the asphalt emulsion tank, ladder and the complete construction of the new containment basin. The painting of the emulsion tank and ladder will reduce maintenance costs and extend the useful life of this equipment. The containment system is required to ensure compliance with environmental regulations.

Benefit:

The State will benefit by reduced maintenance costs and increased environmental compliance.

Funding:

100% Trunkline Funds

Commitment:

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:

Failure to approve this contract will result in continued costly maintenance and potential environmental concerns.

4. DEPARTMENT OF NATURAL RESOURCES, BATH – Rose Lake Shooting Range – Shooting Range Improvements
   File No. 751/10306.BDW - Index No. 14410
   Low Responsive Bidder: Ripman Construction Company, Inc, St. Helen; $38,131.00

Purpose/Business Case

The purpose of this contract is to construct accessible concrete walkways and shooting benches. Also, to provide construction services for firing line enclosures and horizontal bullet traps.

Benefit

The State will benefit by having an accessible and safe shooting range.

Funding Source
100% Natural Resources Trust Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the site not meeting the standards of the Americans with Disabilities Act (ADA) and may result in firearm discharge loads exiting the controlled access area of the site.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, PAW PAW – Former Paw Paw Plating – Demolition of Two Buildings
   File No. 761/12075.SAR - Index No. 44501
   Low Responsive Bidder: K & D Industries, Inc., Midland; $230,050.00

Purpose/Business Case
The purpose of this contract is to abate asbestos and lead, demolish two buildings, remove the concrete floor, foundation, footings, debris and restore the site. The site is a former plating plant. The soil and groundwater at the site is impacted with chlorinated volatile organic compounds (VOCs). The abatement and demolition activities are needed to comply with the environmental regulations.
Benefit
The State will benefit by abating the environmental hazard.
Funding Source
100% Strategic Water Quality Initiatives Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in potential threat to public health, safety, and the environment.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRANT – Grant Mini Mart Site – Remediation Design and Construction Oversight
   File No. 761/12236.SAR - Index No. 44901
   Recommended Assignment: Compliance, Inc., Traverse City; $36,384.00

Purpose/Business Case
The purpose of this assignment is to provide remediation design and construction oversight services. The site operated as a retail petroleum facility with six underground storage tanks. Environmental investigation conducted at the site confirmed soil and groundwater contamination. The professional will prepare a design and bid

specifications to remediate the site. The environmental cleanup is needed to comply with the environmental regulations.

Benefit

The State will benefit by having a design of a remediation system to effectively abate environmental contamination and protect human health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number two to the Indefinite-Scope Indefinite-Delivery contract No. 312

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to design a remediation system to protect the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – K & A Gas Site – Remedial Investigation and Feasibility Study
   File No. 761/12237.SAR - Index No. 44701
   Recommended Assignment: MACTEC Engineering and Consulting of Michigan, Inc, Novi; $87,565.00

Purpose/Business Case

The purpose of this assignment is to provide an environmental investigation and feasibility study. The site is a confirmed leaking underground storage tank (LUST) facility. The limited investigation conducted at the site confirmed the presence of free product, soil and groundwater contamination but the extent of contamination has not been defined. The professional will perform environmental investigation to determine the extent of free product, soil and groundwater contamination. Also, the professional will conduct feasibility study to identify remedial alternatives for mitigating soil and groundwater contamination and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by determining the best course of action to remediate this site.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 25 to the Indefinite-Scope Indefinite-Delivery contract No. 283

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, EDWARDSBURG – Unocal 76 Site – Remedial Investigation and Feasibility Analysis
File No. 761/12239.BDH - Index No. 44501
Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $35,055.18

Purpose/Business Case
The purpose of this assignment is to provide for a comprehensive feasibility study and corrective action plan for this leaking underground storage tank site.
The professional will review past reports and supplement that information with sampling data derived from up to twenty new soil borings, up to eight temporary monitoring wells, and the existing eleven monitoring wells. The extent of soil, groundwater, and free phase product contamination will be documented and the groundwater migration direction will be determined.
Benefit
The State will benefit by determining the severity and extent of contamination so that appropriate remedial action can be initiated.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 20 to the Indefinite-Scope Indefinite-Delivery contract No. 281
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DETROIT - Michigan State Fairgrounds Site - Update Of The Phase I ESA/Asbestos/Lead Survey
File No. 071/09257.SAR - Index No. 76504
That the contract for professional services with Materials Testing Consultants, Inc., Grand Rapids, be increased $47,017.50

Purpose/Business Case
The purpose of this modification is to provide Phase III Environmental Site Assessment (ESA) and conduct a feasibility study. The ESA will fully delineate impacts at the four areas of concern (AOC) identified in the Phase II ESA dated July 2009. The feasibility study is needed to evaluate/recommend the most cost-effective remedial options for cleaning up the site's contamination and preparing the site for future redevelopment.
Benefit
The State will benefit by determining the best course of action to remediate this site.

Funding Source
100% Office Services Internal Service Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

10. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center – Cooling Tower Installation
File No. 084/11262.DCS - Index No. 43204
That the contract for professional services with C2AE, Lansing, be increased $7,100.00

Purpose/Business Case
The purpose of this modification is to provide for the required geotechnical soil evalution and quality control concrete testing with the installation of the new Cooling Tower No. 3, at the Secondary Governmental Complex, Energy Center.
Benefit
The State will benefit by having construction testing vertification to ensure compliance with contract documents.
Funding Source
100% Agency Funds - BOC
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not obtaining the recommended compliance testing.

11. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – West Administration Building Alterations - Phase II
File No. 472/07014.EEW - Index No. 05350
That the contract for professional services with Jacobs Carter-Burgess, Bingham Farms, be increased $16,683.59

Purpose/Business Case
The purpose of this modification is to provide CAD drawings and electronic files for the interior of all the buildings at Women's Huron Valley Correctional Facility as needed for the facility's Video Management System, This will allow the facility's Security personnel to observe any and all locations throughout the facility on a 24- hour, 7-day per week basis.

Benefit
The State will benefit by having representations of every room in every building at Women's Huron Valley Correctional Facility on the Facility's Video Management System, which is required for 24/7 visual observation of 100% of the facility for security purposes.
Funding Source
100% Agency Funds (GF/GP)
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in DOC not being able to implement the Video Management System.

12. DEPARTMENT OF NATURAL RESOURCES, TUSCARORA TOWNSHIP, CHEBOYGAN COUNTY – North Central Trail Bridge over Indian River – Bridge Renovations
File No. 751/07233.RAN - Index No. 73550
That the contract for professional services with Northwest Design Group, Petoskey, MI, be increased $45,287.79

Purpose/Business Case
The purpose of this modification is to provide bidding assistance and construction contract administration for renovations of the North Central Trail Bridge Over Indian River. The bridge renovations were previously designed by the PSC and recently the DNR has received funding for construction.
Benefit
The State will benefit by having continuity between the design PSC and the Construction Administration PSC. The State will also benefit by ensuring all materials being used in construction are in compliance with specifications and that the construction contract will be administered accurately.
Funding Source
100% Recreational Trails Grant Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in lack of professional administration of the construction contract.

13. DEPARTMENT OF NATURAL RESOURCES, MONROE COUNTY – Pointe Mouillee State Game Area – Restore Existing Dikes to Functional State
File No. 751/11274.MNB - Index No. 87900
That the contract for professional services with Nowak & Fraus, Pontiac, be increased $17,187.50

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services to monitor and provide material testing services for the construction of earthen dikes and water control structures.
Benefit
The State will benefit by ensuring all materials being used in construction are in compliance with specifications and that the construction contract will be administered accurately.
Funding Source
100% Great Lakes Fisheries
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in lack of professional administration of the construction contract.

14. DEPARTMENT OF ENVIRONMENTAL QUALITY, COLON – Decker's Service Site – Focused Limited Feasibility Study, Soil Excavation Specifications, and Trades Contractor Oversight
File No. 761/12076.SAR - Index No. 44501
That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $35,569.59

Purpose/Business Case
The purpose of this modification is to provide removal of contaminated soils at this leaking underground storage tank site. Recent findings have indicated that selective removal of the most contaminated soil will be cost-effective. The professional will provide specifications for soil removal and site restoration, oversee the removal work and restoration construction by a contractor, perform the soil sampling required by the agency, transport soil samples to the analytical laboratory, and document all this activity. This modification will extend the contract to September 30, 2012.
Benefit
The State will benefit by having the most severely contaminated soil removed from the site in a cost-effective manner which will reduce overall project cost.
Funding Source
100% Refined Petroleum Funds

Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in the continued spread of contamination.

REVISIONS TO CONSTRUCTION CONTRACTS

15. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET,
DIMONDALE – General Office Building – Replace Motor & Fan on AHU's 4 & 5, Add 2 Chilled Water Pumps
File No. 071/10491.DCS - Index No. 44207
Moore Trosper Construction Company, Holt; CCO No. 4, Increase $722.14

Purpose/Business Case
The purpose of this change order is to replace/repair piping insulation on the chilled water system in the basement mechanical room. The chilled water system was required to be energized by the State prior to piping insulation completion which caused minor water damage due to condensation.
Benefit
The State will benefit by protecting the useful life of the new equipment and completing the planned system insulation scope.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continued water damage to the new piping insulation and may cause mildew or mold to form.

16. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET,
ESCANABA – Escanaba State Office Building – Office Building Renovations
File No. 071/11308.JRC - Index No. 41101
Roy Ness Contracting, Escanaba; CCO No. 2, Increase $20,522.75

Purpose/Business Case
The purpose of this change order is to provide revisions to mechanical and electrical systems to assure proper future operation, to meet agency operational requirements and comply with LARA and Fire Code requirements.

Benefit
The State will benefit by proper operation of building systems, meeting agency operational requirements, compliance with all applicable code requirements and providing additional requested office space.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in operational deficiencies and non-compliance with applicable code requirements.

17. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility - Unit B, Phase II Alterations - West Administration Building
File No. 472/08363.RAN - Index No. 59110
B and B Construction Services, LLC, St. Clair Shores; CCO No. 3, Increase $1,470.00

Purpose/Business Case
The purpose of this change order is to add two HVAC ceiling diffusers and one double-sided EXIT sign.
Benefit
The State will benefit by having properly balanced HVAC system and code compliant exit signage.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in an improperly balance HVAC system and Licensing and Regulatory Affairs (LARA) Building Inspector not granting a Certificate of Occupancy.

May 18, 2012

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF NATURAL RESOURCES, BATTLE CREEK – Fort Custer State Recreation Area – Entrance Road Crushing and Shaping
   File No. 777/11051.BDW - Index No. 57090 - Contract No. Y 12234
   Low Responsive Bidder: Hoffman Brothers, Inc., Battle Creek; $25,663.50

Description and Justification
The purpose of this contract is to crush and grade a total of 7,950 square yards of entrance road, in preparation for a fall paving project. The existing entrance road requires constant costly maintenance.
Funding Source
100% Park Improvement Funds

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

2. DEPARTMENT OF CORRECTIONS, JACKSON – Egeler Reception and Guidance Center – Parking Lot Repairs and Improvements
   File No. 472/11259.GAG - Index No. 20130 - Contract No. Y 12235
   Recommended Firm: Soil and Materials Engineering, Inc., Lansing; $10,000.00
   ISID No. 00358 - Assignment No. 1

Description and Justification
The purpose of this assignment is to provide materials testing during the reconstruction of the the public and staff parking lot areas. This project includes completely rebuilding the parking lot which is deteriorated to the point where it has become a safety issue for both pedestrians and vehicles and has greatly diminished parking capacity. Comprehensive construction and materials testing services are essential to maximize the quality and lifespan of the finished product by ensuring the sub-grade and base are adequately compacted to the required density and that the asphalt and concrete materials meet required specifications.
Funding Source
100% Agency Operating Funds

3. DEPARTMENT OF NATURAL RESOURCES, NORTH MUSKEGON – Muskegon State Park – Access to Recreation
   File No. 751/07214.JAN - Index No. 56100 - Contract No. Y 12199
   Recommended Firm: Wilcox Professional Services, LLC, Caledonia; $2,896.20
   ISID No. 00352 - Assignment No. 1

Description and Justification
The purpose of this assignment is to provide construction and materials testing to verify the density compaction and concrete of the foundations, for the boardwalk and overlook deck, meet the requirements stated in the contract.
Funding Source
100% Land Water Conservation Funds

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, LANSING – Lansing USPFO Brownfield Site #38 – Environmental Investigation & Well Abandonment
   File No. 761/12243.SAR - Index No. 92614 - Contract No. Y 12236
   Recommended Firm: DLZ Michigan, Inc., Lansing; $44,668.38
   ISID No. 278 Assignment No. 31

Description and Justification
The purpose of this assignment is to provide a revised remedial action plan/closure report in compliance with Federal and State regulations. The work is needed to identify and abate acute risks to effectively protect public health, safety, welfare, and the environment.
Funding Source
100% State Sites Cleanup Program Funds

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, COLOMA – Coloma Citgo – Remedial Investigation, Gap Analysis & Feasibility Study
   File No. 761/12244.BDH - Index No. 44501 - Contract No. Y 12237
   Recommended Firm: Gannett Fleming of Michigan, Inc., Plymouth; $30,117.96
   ISID No. 281 Assignment No. 20

Description and Justification
The purpose of this assignment is to provide an investigation to determine the extent of contamination and identify alternatives for remediation at this leaking underground storage tank site. The professional will collect samples and have them analyzed to obtain up-to-date information on the existing plume of contamination.
The professional will review the new information, identify where gaps in the information exist, and propose what should be done to remedy the gaps. After reconciling data gaps, the professional shall identify remediation alternatives for the source area and the plume. **Funding Source**
100% Refined Petroleum Funds

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, EAST LANSING – Old MSP Headquarters – Remove Underground Storage Tank
   File No. 071/11065.BDH - Index No. 67094 - Contract No. Y11097
   PM Environmental, Inc., Lansing; Modification No. 3, Increase $30,192.00
   ISID No. 250 Assignment No. 2

Description and Justification
The purpose of this modification is to increase the level of clean up at this site to pre-occupancy levels. As part of the lease termination agreement with MSU, additional contaminated soil removal is needed to achieve this goal.

Funding Source
100% Agency Operating Funds - VTS

Base Contract	$14,805.00	
Contract Modification No. 1	$4,724.00	
Contract Modification No. 2	$71,342.00	Professional will install monitor wells, determine extent of contamination, identify and evaluate migration pathways, remove and dispose of contaminated groundwater and produce the required final assessment report at the leaking underground storage tank site..

Total Contract	**$121,063.00**	

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND RAPIDS – Grand Rapids Home for Veterans – Replace Main Entrance Drive-up Canopy
   File No. 511/11211.GAG - Index No. 64000 - Contract No. Y11293
   M.C. Smith Associates and Architectural Group, East Grand Rapids; Modification No. 1, Increase $24,934.40

Description and Justification
The purpose of this modification is to provide additional design and construction administration services due to a significantly increased size of the canopy coverage area and related site-work required to meet the facility's operational needs.
Funding Source
100% Agency Operating Funds

Base Contract	$43,551.50	
Contract Modification No. 1	$24,934.40	Reason listed above
Total Contract	**$68,485.90**	

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Vehicle and Travel Services Building – Building Automation System HVAC Upgrades
   File No. 071/10098.JNS - Index No. 44200 - Contract No. Y11100
   MKC Group, Inc., Bay City; CCO No. 8, Increase $1,303.55

Description and Justification
The purpose of this change order is to add airflow sensors to three existing Variable Air Volume (VAV) Boxes within the Vehicle and Travel Services Building Heating, Ventilation and Air Conditioning (HVAC) System. These three boxes were installed

under a previous construction project without inclusion of airflow sensors. Airflow sensors at each VAV box are now required to properly monitor and control the building HVAC System.

CONTRACT CHANGE ORDER

11. DEPARTMENT OF HUMAN SERVICES, CLINTON TOWNSHIP - CCO No. 2 for Lease No. 2257 approved by the State Administrative Board on October 5, 1999, between Macomb County, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services, as Lessee. This CCO provides for materials and labor to construct a new vestibule for a main exterior ingress/egress doorway at a cost not-to-exceed $4,290.00. The space is located at 21885 Dunham Road, Clinton Twp., Michigan 48036.

Purpose/Business Case
The purpose of this CCO is to construct a new vestibule which is needed to properly separate a main exterior ingress/egress doorway and the elements from work spaces.
Benefit
This CCO allows the agency to separate a main employee entrance and the elements from adjacent work spaces for improved indoor climate control and temperature stabilization and much reduced disruption of work activities.
Funding Source
55% General Funds
45% Federal Funds
Commitment Level
Present through December 31, 2015; however, this Lease contains a Standard cancellation clause with 90 days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from utilizing its employee entrance without interrupting nearby work activities and without bringing unwanted wind, leaves, rain snow, etc. into the offices.
Zip Code
48036

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Mason Building – Cooling Tower Demolition
File No. 071/11191.CAK - Index No. 44103 - Contract No. Y 12238

Low Responsive Bidder: Moore Trosper Construction Company, Holt; $202,800.00

Description and Justification
The purpose of this contract is to remove the abandoned cooling tower equipment and to install new roofing over this area. This area of the roof is the likely source of longstanding leaks that have required costly maintenance and continue to cause damage.
Funding Source
100% Agency Operating Funds - BOC

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, BELLEVILLE – Total Belleville (Mirvat Oil, Inc) – Demolition, UST Removal, Excavation and Site Restoration
   File No. 761/12025.SAR - Index No. 44701 - Contract No. Y 12240
   Low Responsive Bidder: Rohde Brothers Excavating, Inc., Saginaw; $146,904.00

Description and Justification
The purpose of this contract is to demolish the existing building, remove and dispose of the underground storage tanks (USTs), concrete slab, foundation, footings and debris and to restore the site. In 1993, free product was reported at the facility and subsequent environmental investigations confimed that the soil and groundwater at the site is impacted with petroleum contamination. The abatement and demolition activities are needed to protect public health, safety, welfare and the environment.
Funding Source
100% Refined Petroleum Funds

3. DEPARTMENT OF NATURAL RESOURCES, IONIA – Ionia Recreation Area – Entrance Road Reconstruction
   File No. 777/11051.BDW - Index No. 56160 - Contract No. Y 12241
   Low Responsive Bidder: Kamminga and Roodvoets, Grand Rapids; $233,626.00

Description and Justification
The purpose of this contract is to reconstruct the main entrance including crushing the existing asphalt, grading, paving and associated items of work. The existing paving has exceeded its useful life and requires constant, costly maintenance.
Funding Source
90% Park Improvement Funds
10% Natural Resources Trust Funds

AWARD OF PROFESSIONAL SERVICES CONTRACT

4. DEPARTMENT OF NATURAL RESOURCES, PINCKNEY – Bruin Lake Campground – Water System Improvements

File No. 751/11088.BDW - Index No. 58090 - Contract No. Y 12242
Recommended Responsive Proposal: Rowe Professional Services Company, Flint; $35,022.00

Description and Justification
The purpose of this contract is to provide professional architectural, engineering design and construction administration services to obtain bidding documents for the construction of improvements to the campground water system.
The current water lines are over 50 years old and are in poor shape. The project will improve the water quality and pressure of the system and will incorporate planned future enhancements to the campground in its design.
Funding Source
100% Park Improvement Funds

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, JACKSON – Jackson State Office Building – Parking Lot Improvements
File No. 071/12219.RMP - Index No. 46576 - Contract No. Y 12243
Recommended Firm: Washtenaw Engineering Company, Ann Arbor; $38,973.00
ISID No. 0266 - Assignment No. 001

Description and Justification
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain bidding documents for the reconstruction of six (6) parking lots and selective reconstruction of sidewalks and ramps to meet current ADA standards. The four employee surface lots are badly deteriorating, have large cracks, some exceeding 3-4". The original two customer lots are in excess of 30 years old and need replacement. The existing control gates have exceeded their normal life expectancy. The parking lots require constant and costly maintenance and repair.
Funding Source
100% Agency Operating Funds - BOC

6. DEPARTMENT OF CORRECTIONS, CARSON CITY – Carson City Correctional Facility – Video Management and Perimeter Surveillance Enhancements
File No. 472/12213.BDH - Index No. 51220 - Contract No. Y 12245
Recommended Firm: OMM Engineering, Inc., Grand Rapids; $37,980.00
ISID No. 242 - Assignment No. 1

Description and Justification
The purpose of this assignment is to provide professional services for obtaining AutoCAD compatible site drawings to serve as background drawings for the perimeter and surveillance enhancements project. The professional will survey the outdoor

portions of the site and provide accurate site plan drawings and elevations of fencing and exterior walls of buildings. The professional will produce written deliverables that will be used for the future design of the electronic surveillance system.

Funding Source

100% Agency Operating Funds

7. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, PLAINWELL – Michigan Career and Technical Institute (MCTI) – Pool Roof Study
   File No. 641/12238.CAK - Index No. 31000 - Contract No. Y 12244
   Recommended Firm: M.C. Smith Associates and Architectural Group, Inc., East Grand Rapids; $22,290.00
   ISID No. 0231 - Assignment No. 9

Description and Justification

The purpose of this assignment is to provide professional architectural/engineering services to assess the condition of the existing MCTI pool roof and ceiling and provide repair recommendations. Currently the ceiling and the roof are deflecting noticeably and the staff at the facility has closed off this area of the building due to safety concerns. Issuance of this assignment will increase the Indefinite-Scope Indefinite-Delivery limit to $272,290.00.

Funding Source

100% Agency Operating Funds

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, OTTER LAKE – Church and Sons Site – Remedial Investigation to Delineate the Extent of Soil Contamination
   File No. 761/11297.BDH - Index No. 44801 - Contract No. Y 12247
   Recommended Firm: The Mannik and Smith Group, Inc., Canton; $25,362.71
   ISID No. 285 - Assignment No. 23

Description and Justification

The purpose of this assignment is to provide professional architectural/engineering services to redefine the scope of work due to the findings of the remedial investigation at this leaking underground storage tank (LUST) site. The professional will prepare construction bid documents, recommend a contract award, provide construction contract administration throughout project, take soil samples of the open excavation and transport them to the lab, and prepare an interim response report.

Funding Source

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TRANSPORTATION, BRIGHTON – Brighton Maintenance Garage – Interior Painting Project
   File No. 591/07328.AGY - Index No. 58508 - Contract No. Y 12239
   Low Responsive Bidder: Kost Contracting, Oakland Twp., $45,456.00

Description and Justification
The purpose of this contract is to provide interior painting of the maintenance garage and addition including ceiling, walls, steel roof purlins, joists, trusses, safety walks and ramps. The work is needed to protect and extend the useful life of the facility.
Funding Source
100% Trunkline Funds

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, MORLEY – Morley General Store Site – Environmental Investigations
   File No. 761/12255.SAR - Index No. 44901 - Contract No. Y 12253
   Recommended Firm: Global Environmental Engineering, Inc., Elk Rapids; $47,565.00
   ISID No. 00317 - Assignment No. 2

Description and Justification
The purpose of this assignment is to provide professional services for environmental investigation services. The site operated as a gasoline station and repair shop with nine underground storage tanks (USTs). A release was discovered during the removal of the USTs. The release has contaminated the site's soil and groundwater. The professional will conduct an environmental investigation to define the vertical and horizontal extent of contamination and prepare reports to comply with the environmental regulations. The work is needed to protect public health, safety, welfare and the environment.
Funding Source
100% Refined Petroleum Funds

REVISIONS TO CONSTRUCTION CONTRACTS

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge FMS #1 – Repair Siding

AWARD OF PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Michigan Library and Historical Center – Building Envelope Study
   File No. 071/12161.CAK - Index No. 44121 - Contract No. Y12255
   Recommended Responsive Proposal: Wigen, Tincknell, Meyer & Associates, Saginaw; $71,336.00

Description and Justification
The purpose of this contract is to provide a study of the exterior envelope of the MLHC targeting areas of water intrusion, including an examination of the granite and limestone

panels around the entire building's exterior. The granite panel caulking has failed in areas and limestone panels are due for caulking/tuckpointing and waterproofing. This scope will include an examination and recommendation for the restoration of the glass tile fountain feature at the center courtyard of the facility. The water leakage is damaging the interior finishes and content in the Library and other locations in the Historical Center.

Funding Source

100% Agency Operating Funds – BOC

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Vehicle Wash Facility
   File No. 511/12207.CAK - Index No. 21000 - Contract No. Y12256
   Recommended Responsive Proposal: Wilcox Professional Services, Gaylord; $79,140.60

Description and Justification

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for a vehicle wash facility on the main cantonment area. Included in the facility is a canopy over both lanes and a building to house washer components. This project will replace the existing facility which does not operate efficiently.

Funding Source

100% Federal Funds

4. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Modify MPMG Range

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, EATON RAPIDS – South End Mobil Site – Environmental Investigations
   File No. 761/12259.SAR - Index No. 44701 - Contract No. Y12261
   Recommended Firm: AECOM Technical Services, Inc., Grand Rapids; $118,717.30
   ISID No. 00279 - Assignment No. 23

Description and Justification
The purpose of this assignment is to provide for environmental investigation services. The site operated as a gasoline station, repair shop and instant oil change. Six underground storage tanks (USTs) were removed from the site.
A release was confirmed after conducting a Baseline Environmental Assessment (BEA) for the site. The release has contaminated the site's soil and groundwater. The professional will conduct environmental investigation to define the vertical and horizontal extent of contamination and prepare feasibility study/reports to comply with the environmental regulations. The feasibility study will be used to select the appropriate remediation technolgy to cleanup the contamination at the site.
Funding Source
100% Refined Petroleum Funds

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAYLING – Camp Grayling Bulk Fuel Facility Site – System Optimization and Performance Monitoring
    File No. 761/12262.SAR - Index No. 92614 - Contract No. Y12262
    Recommended Firm: MACTEC Engineering and Consulting of Michigan, Inc., Novi; $34,500.00
    ISID No. 00283 - Assignment No. 27

Description and Justification

The purpose of this assignment is to provide environmental services necessary to optimize the existing groundwater treatment system.

A recent five year review conducted by the Army Corps of Engineers recommended a system enhancement through optimization and performance monitoring. The tasks defined for this work include recording operations parameters; groundwater sampling; evaluation of the mechanical and operational aspects of the system; and preparation of reports/recommendations to implement cost savings opportunities.

Roy Ness Contracting, Inc., Escanaba; CCO No. 3, Increase $11,340.97

Description and Justification
The purpose of this change order is to provide revisions to the mechanical and electrical systems meeting agency operational requirements, complying with the Department of Licensing and Regulatory Affairs and Fire Code requirements and assuring proper future operation requirements. In addition, architectural scope change items will provide for proper basement storage space for the DHS filing system. This work will allow the Department of Human Services to relocate from leased office space into state owned space.
Funding Source
100% Agency Operating Funds - BOC

Base Contract	$151,800.00	
Change Order No. 1	$14,365.03	95% Scope Change, 5% Field Condition
Change Order No. 2	$20,522.75	59% Scope Change, 41% Field Condition
Change Order No. 3	$11,340.97	55% Scope Change, 25% Field Condition, 20% Design Omission
Total Contract	**$198,028.75**	

Note: Percentages are calculated on change order amount; not base contract amount.

16. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET,
DIMONDALE – Energy Center, Secondary Governmental Complex – Cooling Tower No. 3 Installation
File No. 084/11262.DCS - Index No. 11725 - Contract No. Y12160
EVR Incorporated, Haslett; CCO No. 1, Increase $3,090.84

Description and Justification
The purpose of this change order is to delete the installation of two 16" butterfly valves, include additional pipe tunnel penetrations, revise electrical grounding conductors, and rework some minor existing piping drains as required to complete the planned Cooling Tower No. 3 Installation.
Funding Source

100% Lump Sum Special Maintenance - BOC

Base Contract	$1,145,000.00	
Change Order No. 1	$3,090.84	Scope Change (deduct $3,700.00), 78 % Design Error and 22% Design Omission
Total Contract	**$1,148,090.84**	

Note: Percentages are calculated on change order amount; not base contract amount.

17. DEPARTMENT OF STATE POLICE, PONTIAC – Pontiac Weigh Station – Replace Southbound Static Scale
File No. 551/10474.CAK - Index No. 36222 - Contract No. Y12015
Graham Construction, Saginaw; CCO No. 1, Increase $4,051.22

Description and Justification
The purpose of this change order is to remove additional concrete foundation that was discovered during construction. This unforeseen site condition must be removed before the formwork for the new foundations can be placed.
Funding Source
100% Agency Operating Funds

Base Contract	$414,800.00	
Change Order No. 1	$4,051.22	100% Field Condition
Total Contract	**$418,851.22**	

Note: Percentages are calculated on change order amount; not base contract amount.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF NATURAL RESOURCES, MACKINAC ISLAND – Fort Mackinac – Repair and Restore Stone Wall, Phase I
File No. 751/12179.AGY - Index No. 53010 – Contract No. Y12272
Low Responsive Bidder: Ground Level Masonry, Cheboygan; $6,700.00

Description and Justification

The purpose of this contract is to repair a 185 foot long section of the stone wall, resetting the stone cap, repairing flashing and weep holes, and replacing damaged masonry to ensure the retaining wall is secure and to prevent the wall from collapsing.

Funding Source

100% State Park and Forest Area Improvements

2. DEPARTMENT OF NATURAL RESOURCES, MACKINAC ISLAND – Fort Mackinac Post Hospital – Roofing Improvements
   File No. 751/12182.AGY - Index No. 53010 - Contract No. Y12273
   Low Responsive Bidder: M. P. Gamble Construction, Mackinac Island, $ 42,000.00

Description and Justification

The purpose of this contract is to remove the existing failed shingles and flashing and replace with new cedar shingles and flashing. The existing roof has failed, allowing water intrusion into the historic building, damaging its structure and contents.

Funding Source

100% State Park and Forest Area Improvements

AWARD OF PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Michigan Library and Historical Center – Building Automations Upgrade
   File No. 071/12196.CAK - Index No. 44121 - Contract No. Y12274
   Recommended Responsive Proposal: Matrix Consulting Engineers, Inc., Lansing; $76,732.50

Description and Justification

The purpose of this contract is to provide professional design, construction administration services, and contract bidding documents for upgrades to the automation controls systems. The current systems are roughly twenty five years old and have passed their life expectancy. Service/parts availability is increasingly difficult and will soon become impossible to acquire. Existing control architecture is obsolete, and there is no reasonable Tridium integration option. The PSC will design a system that will fully replace temperature, mechanical, lighting, and related controls throughout the entire building. The design will eliminate all pneumatic control systems and the replacement system will reduce energy consumption and maintenance requirements.

Funding Source

100% Agency Operating Funds - BOC

4. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, DETROIT – Detroit Light Guard Armory – Detroit Light Guard Armory Modification
   File No. 511/12167.MNB - Index No. 13782& 13982 - Contract No. Y12275

Recommended Responsive Proposal: G.F. Forbes Associates, Royal Oak; $191,660

Description and Justification
The purpose of this contract is to provide professional design, construction administration services and contract bidding documents for phase 3 & 4 modifications to this facility. Work includes adding toilets, personal equipment storage rooms (PES), install a generator, HVAC, lighting, fire alarm, repair clogged drains in the previous vehicle service area and other miscellaneous repairs.
These modifications are required to meet the soldier's needs and comply with current building/life safety codes and National Guard requirements.
Funding Source
100% Federal Funds

5. DEPARTMENT OF NATURAL RESOURCES, EAST TAWAS – State Harbor of Refuge – Facility Condition Assessment Study and Marketing Study
File No. 751/12091.BDW - Index No. 54240 - Contract No. Y12276
Recommended Responsive Proposal: Edgewater Resources LLC, St. Joseph; $60,000.00

Description and Justification
The purpose of this contract is to conduct a physical investigation and make professional recommendations on the condition of and necessary repairs to the existing harbor facility. A facility marketing study, with recommendations for changes to operations, facilities, and or amenities available to the public is also included. The current dock system has exceed its life expectancy, the building does not meeting current ADA standards for recreational facilities, and improving/adding public desired amenities will assist in maximizing the facilities usefulness.
Funding Source
100% Waterways Funds

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF CORRECTIONS, ALGER – Alger Correctional Facility – Video Management and Perimeter Surveillance Enhancements
File No. 472/12216.BDH - Index No. 51220 - Contract No. Y12277
Recommended Firm: OMM Engineering, Inc., Grand Rapids; $38,588.65
ISID No. 242 - Assignment No. 3

Description and Justification
The purpose of this assignment is to provide professional services for obtaining AutoCAD compatible site drawings to serve as background drawings for the perimeter and surveillance enhancements project. The professional will survey the outdoor portions of the site and provide accurate site plan drawings and elevations of fencing

and exterior walls of buildings. These written deliverables will be used for the future design of the electronic surveillance system.

Funding Source

100% Agency Operating Funds

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, FLINT – Former Flint State Police Post (Brownfield Site No. 114) – Environmental Investigations
   File No. 761/12269.SAR - Index No. 92614 - Contract No. Y12278
   Recommended Firm: Superior Environmental Corp, Marne; $37,352.01
   ISID No. 00329 - Assignment No. 4

Description and Justification

The purpose of this assignment is to provide environmental investigation services. The site is a former location of a state police post with leaking underground storage tanks (LUST). Previous investigations confirmed the site's soil and groundwater have been impacted with petroleum hydrocarbon contamination. Additional investigation activities are needed to verify that the site qualifies for a closure. The professional will evaluate the site data, install temporary monitoring wells and prepare a closure report. The work is needed to close the site and comply with the environmental regulations.

Funding Source

100% State Sites Cleanup Program Funds

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Roof Replacement on Housing Units E, F, G, & H
   File No. 472/11432.RAN - Index No. 59112 - Contract No. Y12114
   Professional Services Industries, Inc., Troy; CCO No. 1, Increase $3,100.00

Description and Justification

The purpose of this modification is to provide additional design services due to previously unknown conditions of the roof deck. These conditions required additional field work, drawings, and construction specification details.

Funding Source

100% Agency Operating Funds

Base Contract	$25,040.00	
Modification No. 1	$3,100.00	See above
Total Contract	**$28,140.00**	

9. DEPARTMENT OF TRANSPORTATION, PONTIAC – Pontiac Transportation Terminal – Pontiac Transportation Terminal
   File No. 591/09209.RAN - Index No. 30125 - Contract No. Y10337

Soils and Materials Engineers, Inc., Plymouth; Modification No. 3, Increase $2,226.45

Description and Justification
The purpose of this change order is to provide additional testing services required to evaluate soil conditions, observe subgrade undercutting of the poor soils, and replacement of asphalt due to unforeseen site conditions.
Funding Source
100% Federal Comprehensive Transportation Funds

Base Contract	$20,026.20	
Modification No. 1	$17,530.64	Provide additional testing services relative to the poor soil conditions found during construction, additional concrete work that has been added to project and testing required on the building's roofing materials, which were not included in the original testing contract.
Modification No. 2	$372.99	Additional testing services are required relative to the poor soil conditions found during construction and additional topsoil that was delivered to the site.
Modification No. 3	$2,226.45	See above
Total Contract	**$40,156.28**	

10. DEPARTMENT OF NATURAL RESOURCES, LEONARD – Polly Ann Equestrian Trail – Trail Improvements
File No. 751/06284.RAN - Index No. 73550 - Contract No. Y06288
M. C. Smith Associates and Architectural Group, Grand Rapids, MI; CCO No. 3, Increase $4,600.80

Description and Justification
The purpose of this change order is to provide additional design services including field verification work to modify the plans and specifications for increasing the equestrian trail width from 3 feet wide to 4 feet wide for the entire length of the trail as requested by the agency and to comply with the equistrian association's recommendation.
Funding Source
100% Recreational Trail Program Funds

Base Contract	$6,620.10	
Change Order No. 1	$19,192.80	Added final design, construction bidding documents, and administration services to original contract
Change Order No. 2	$10,778.90	Additional design and construction administration services were required to complete this project.
Change Order No. 3	$4,600.80	See Above
Total Contract	**$41,192.60**	

11. DEPARTMENT OF NATURAL RESOURCES, LAPEER – Nepessing Lake – Boat Access Site (BAS) – Site Paving and Site Improvements
File No. 751/09195.CAK - Index No. 59610 - Contract No. Y09208
Griggs Quaderer Inc., Grand Blanc; Modification No. 2, Increase $937.59

Description and Justification
The purpose of this modification is to provide changes to the construction documents and associated field work, as required by the DEQ Water Resources Division. These changes include removing sheet piling for shore stabilization, revising the layout of the sidewalk and adding rip-rap for erosion control.

Funding Source
100% Agency Operating Funds

Base Contract	$9,250.00	
Modification No. 1	$2,674.90	Provide revisions to the final design documents to bring them up to current requirements in preparation for competitive bidding. The project has been on hold for two years and just received funding.
Modification No. 2	$937.59	See above
Total Contract	**$12,862.49**	

12. DEPARTMENT OF NATURAL RESOURCES, GRINDSTONE CITY – Grindstone Boat Access Site (BAS) – BAS Paving and Renovation
File No. 751/09247.MNB - Index No. 59630 - Contract No. Y 09300
William A. Kibbe and Associates, Inc., Saginaw; Modification No. 2, Increase $3,850.00

Description and Justification
The purpose of this modification is to revise the plans as a result of unknown field conditions discovered during construction. This modification also compensates the professional for the time needed to prepare DEQ/USACE permit and the permit fees.

This requirement was added after the design was completed. Work will not be allowed to continue without the DEQ permit.

Funding Source

100% Waterways Funds

Base Contract	$15,700.00	
Modification No. 1	$1,500.00	Provide revisions to the final design documents to bring them up to current requirements in preparation for competitive bidding. The initial design was done over two years ago. The project has just received funding.
Modification No. 2	$3,850.00	See above
Total Contract	**$21,050.00**	

13. DEPARTMENT OF NATURAL RESOURCES, HONOR – Platte River State Fish Hatchery – Settling Pond Dredging
File No. 751/10155.JAG - Index No. 83510 - Contract No. Y10162
Fishbeck Thompson Carr & Huber, Inc., Grand Rapids; Modification No. 1, Increase $45,173.00

Description and Justification

The purpose of this modification is to provide contract bidding documents and construction administration services to allow for the required dredging of the Brundridge Creek spring pond. This spring pond is one of the primary water sources for the hatchery and currently contains a dangerously high amount of sediment which is beginning to migrate into the hatchery and causing harm to the fish. The dredging can only occur in a small window of time, this summer, and is considered an emergency. The dredging of the pond is necessary so that the newly installed filtering system will function optimally.

Funding Source

100% DNR Fisheries Production Funds Agency Operating Funds

Base Contract	$72,231.27	
Modification No. 1	$45,173.00	See Above
Total Contract	**$117,404.27**	

14. DEPARTMENT OF NATURAL RESOURCES, SNAIL SHELL HARBOR – Fayette State Park – Harbor Upgrade
File No. 751/11347.RAA - Index No. 52090 - Contract No. Y12022
U.P. Engineers and Architects, Houghton; Modification No. 1, Increase $26,650.00

Description and Justification

The purpose of this modification is to provide professional lake bottom soil borings utilizing floating barge and drill rigs. The soils survey data will be utilized by the PSC in the Phase 100 study to determine options for harbor layout and dock structural design.

Funding Source

100% Boating Infrastructure Grant Progam

Base Contract	$70,973.00	
Modification No. 1	$26,650.00	See Above
Total Contract	**$97,623.00**	

15. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – Uniroyal Properties East Parcel – Investigation Services and Feasibility Analysis Preparations
    File No. 761/12130.BDH - Index No. 44701 - Contract No. Y12122
    AECOM Technical Services, Inc., Grand Rapids; Modification No. 1, Increase $22,311.00
    ISID No. 279 Assignment No. 17

Description and Justification

The purpose of this modification is to add subsurface soil investigation efforts proximate to the existing seawall. The migration of contamination from the soil to the Detroit River, through and under the existing seawall, was discovered during the previous work. The professional will enlist a subcontractor to dig test pits, at the seawall, in order to allow the professional to inspect the design, depth, and condition of the seawall. The professional will enlist another subcontractor to perform soil borings near the seawall so that the severity of the contamination of the fill, above the natural soil, and the load-bearing capacity, of the natural soil, can be determined. This will allow for the design and construction of controls to abate the migration of contamination in the future.

Funding Source

100% Strategic Water Quality Initiative Funds

Base Contract	$59,999.33	
Modification No. 1	$22,311.00	See above

File No. 591/11272.AGY - Index No. 30125 - Contract No. Y12016
Antler Construction, Belleville; CCO No. 1, Increase $8,664.00

Description and Justification
The purpose of this change order is to provide moveable concrete storage blocks in lieu of permanent concrete walls. The moveable concrete blocks will increase storage flexibility at the garage. The original contract also included reusing the existing exhaust fan, which has been determined to be unservicable.
Funding Source
100% Trunkline Funds

Base Contract	$321,438.00	
Change Order No. 1	$8,664.00	100% Scope Change
Total Contract	**$330,102.00**	

18. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, KALAMAZOO – Michigan Commission for the Blind Training Center – Asbestos Abatement
File No. 641/10398.BDW - Index No. 36402 - Contract No. Y11016
Quality Environmental Services, Inc., Gladwin; CCO No. 2, Increase $1,945.00

Description and Justification
The purpose of this change order is to remove/abate the additional asbestos contaminated fittings discovered during construction, remove the cost of doors that were discovered not to contain asbestos, as previously suspected, and deduct the cost of repairs as a result of damage to the facility caused by the contractor.

Funding Source
78.7% Federal Funds
21.3% General Fund

Base Contract	$67,219.00	
Change Order No. 1	$13,726.00	100% Scope Change
Change Order No. 2	$1,945.00	100% Scope Change Deduct of ($676.40) Field Conditions

AGREEMENT FOR RANGE AND TRAINING LAND ASSESSMENT

22. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Range and Training Land Assessment
File No. 511/12268.SAR - Index No. 22000

That the agreement between the State of Michigan and Potawatomi RC&D, Calhoun County, Michigan be approved for $46,585.00

Purpose/Business Case
The purpose of this agreement is to monitor, assess, and oversee repairs of impacts incurred due to training on the property at the Fort Custer Training Center. Potawatomi RC&D will evaluate various ecological restoration practices used to repair the negative impact on natural resources, the ecosystem, and prepare final reports. Potawatomi RC&D is a 501(c)(3) not-for-profit organization with experience in restoration and research projects. If the work is not performed, best conservation practices to reverse the impact on the ecosystem will not be implemented.
Funding Source

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Constitution Hall – Heat Exchanger Replacement
   File No. 071/12241.DES - Index No. 44118 - Contract No. Y 12282
   Low Responsive Bidder: Pleune Service Company, Grand Rapids; $12,000.00

Description and Justification
The purpose of this contract is to remove and replace a heating coil bundle in a heat exchanger in the Constitution Hall heating system. The current heating coil is no longer functioning properly and requires constant maintenance work to properly operate. Isolation valves are being added with this project to simplify future coil replacements

and to avoid the time delay and costs of shutting down and draining the hot water system.

Funding Source

100% Agency Operating Funds - BOC

4. DEPARTMENT OF TREASURY, LOTTERY BUREAU, LANSING – Lottery Building – Lighting Replacement Project
   File No. 275/11178.JRC - Index No. 01120 - Contract No. Y 12283
   Low Responsive Bidder: Moore Trosper Construction Co., Lansing; $16,000.00

Description and Justification

The purpose of this contract is to replace the original recessed can lighting fixtures throughout the building with fixtures matching those installed on the second floor in a 2008 project. This project will maintain consistency, provide better lighting, increase energy efficiency and will meet current building system standards.

Funding Source

100% Agency Operating Funds

5. DEPARTMENT OF TRANSPORTATION, GRAND RAPIDS – Grand Special Crews Building – Roof Membrane & Insulation Replacement Project
   File No. 591/12116.AGY - Index No. 30125 - Contract No. Y 12284
   Low Responsive Bidder: Diekevers Roofing, Inc., Grand Rapids; $159,339.00

Description and Justification

The purpose of this contract is to replace the existing roof membrane and water damaged insulation. The roof is beyond its useful life, requires costly maintenance and leaks have damaged the roof insulation reducing its energy efficiency.

Funding Source

100% Trunkline Funds

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF CORRECTIONS, IONIA – Handlon Correctional Facility – Video Management and Perimeter Surveillance Enhancements
   File No. 472/12220.BDH - Index No. 39570 - Contract No. Y 12285
   Recommended Firm: OMM Engineering, Inc., Grand Rapids; $36,950.00
   ISID No. 242 - Assignment No. 4

Description and Justification

The purpose of this assignment is to provide professional services for obtaining AutoCAD compatible site drawings to serve as background drawings for the perimeter and surveillance enhancements project. The professional will survey the outdoor portions of the site providing accurate site plan drawings and elevations of fencing and

exterior walls of buildings. The professional will produce written deliverables that will be used for the future design of the electronic surveillance system.

Funding Source

100% Agency Operating Funds

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, ROYAL OAK – Wayne Oakland Oil Site – Remedial Action Bid Specs and Oversight
   File No. 761/12260.BDH - Index No. 44701 - Contract No. Y 12286
   Recommended Firm: Weston Solutions, Inc., Okemos; $62,321.00
   ISID No. 289 Assignment No. 23

Description and Justification

The purpose of this assignment is to provide professional engineering design necessary to obtain bid documents for contaminated soil removal, overseeing the work, and serving as the Qualified Consultant (per Act 451 Part 213 rules) by sampling soil and producing required reports.

Funding Source

100% Refined Petroleum Funds

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, HIGHLAND PARK – Chrome Craft Corporation Site – Environmental Investigations
   File No. 761/12273.SAR - Index No. 44701 - Contract No. Y 12287
   Recommended Firm: MACTEC Engineering and Consulting of Michigan, Inc., Novi; $20,323.00
   ISID No. 00283 - Assignment No. 28

Description and Justification

The purpose of this assignment is to provide for environmental investigation services. The site is a former chrome electroplating facility with suspected dumping and poor chemical storage practices. Metals, volatile organic compounds (VOCs) and polynuclear aromatic hydrocarbons (PNAs) are of concern at the site. The professional will conduct an environmental investigation to define the vertical and horizontal extent of contamination in soil and groundwater and prepare reports to comply with the environmental regulations. The work is needed to protect public health, safety, welfare and the environment.

Funding Source

100% Cleanup and Redevelopment Funds

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, JACKSON – Jackson Armory (Brownfield Site #201) – Technical Support Services
   File No. 761/12274.SAR - Index No. 92614 - Contract No. Y 12288
   Recommended Firm: MACTEC Engineering and Consulting of Michigan, Inc., Novi; $17,723.00
   ISID No. 00283 - Assignment No. 29

Description and Justification
The purpose of this assignment is to provide for technical support services. The site was formerly used as a prison with numerous manufacturing operations including foundries, painting and metal finishing. The site was then used as an Armory with vehicle storage and maintenance activities. The environmental investigations conducted at the site confirmed the presence of free product and soil/groundwater contamination. The professional will summarize the existing conditions and identify conceptual remedial alternatives/closure strategies for mitigating soil and groundwater contamination. The site is currently owned by a non-profit organization but the liability of contamination remains with the Department of Corrections and the Department of Military and Veterans Affairs. The work is needed to effectively protect public health, safety, welfare and the environment.
Funding Source
100% State Sites Cleanup Program Funds

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, NEW BOSTON – Speedy' s Gas & Goodies Site – Conduct a Remedial Investigation and Prepare Feasibility Study
    File No. 761/12275.BDH - Index No. 44701 - Contract No. Y 12289
    Recommended Firm: Gannett Fleming of Michigan, Inc., Canton; $80,977.43
    ISID No. 281 Assignment No. 21

Description and Justification
The purpose of this assignment is to provide for an investigation of gasoline contamination at this leaking underground storage tank location. The professional will delineate the extent of contamination at this site, fix existing or install new monitor wells, look for and remove free product in the soil, monitor the storm sewer for contamination leaving the site, and produce a feasibility report recommending the best method to remediate the site. The work is needed to effectively protect public health, safety, welfare and the environment.
Funding Source
100% Refined Petroleum Funds

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – Lucky Mini Mart Inc. Site – Environmental Investigations
    File No. 761/12279.SAR - Index No. 44701 - Contract No. Y 12289
    Recommended Firm: Global Remediation Technologies, Inc., Traverse City; $108,456.84
    ISID No. 00282 - Assignment No. 9

Description and Justification
The purpose of this assignment is to provide for environmental investigation services. The site operated as a gasoline station with five underground storage tanks (USTs).

Two releases were confirmed and free product was discovered during routine system maintenance. The USTs were removed from the site. The professional will conduct environmental investigation to define the vertical and horizontal extent of contamination and prepare reports including feasibility study report to comply with the environmental regulations. The work is needed to protect public health, safety, welfare and the environment.

Funding Source

100% Refined Petroleum Funds

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

12. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, PAW PAW – State Police Post Tank Removals Group 5 – Removal of Two Underground Storage Tanks to Perform Appropriate Testing
    File No. 071/11128.BDH - Index No. 67094 - Contract No. Y11186
    Otwell Mawby, Inc., Traverse City; Modification No. 1, Increase $1,250.00
    ISID No. 245 Assignment No. 6
    New ISID Contract Limit: $251,977.23

Description and Justification

The purpose of this modification is to repair a hole in the roof resulting from the removal of vent piping connected to underground storage tank. The repair is necessary to protect the building from water intrusion.

Funding Source

100% Agency Operating Funds VTS

Base Contract	$25,250.00	Study recommendation, final design and contract administration services.
Modification No. 1	$1,250.00	See above
Total Contract	**$26,500.00**	

13. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Mason Building – Façade Repairs
    File No. 071/11193.CAK - Index No. 44103 - Contract No. Y11244
    Wigen Tincknell Meyer & Associates, Saginaw; Modification No. 2, Increase $10,400.00

Description and Justification

The purpose of this modification is to provide additional professional architectural/engineering services for a study of the building's existing exterior conditions. A mock-up repair of a typical stone panel section between windows revealed the stone was not installed per as-built drawings. Additionally, the weight of the stone panels is heavier than anticipated which requires different equipment to access the

mock-up area, additional work is required to accomplish the removal in order to make a definitive conclusion on the source of water infiltration.

Funding Source

100% Agency Operating Funds - BOC

Base Contract	$33,490.00	Design and contract administration services.
Modification No. 1	$17,860.00	Phase 100 study of the water infiltration at the windows which will include a survey and assessment of the existing conditions at all windows and a mock-up repair that can be monitored for effectiveness.
Modification No. 2	$10,400.00	See above
Total Contract	**$61,750.00**	

14. DEPARTMENT OF COMMUNITY HEALTH, LANSING – State Laboratory – Newborn Screening Laboratory Remodel
    File No. 391/10012.DCS - Index No. 76220 - Contract No. Y10173
    Century A&E, Grand Rapids; Modification No. 2, Increase $31,372.46
    ISID No. 200
    New ISID Contract Limit: $293,871.30

Description and Justification

The purpose of this modification to this professional services contract is to provide professional architectural and/or engineering design services to provide contract documents for a bulletin for the installation of an owner furnished downdraft necropsy examination table within the Rabies Laboratory, Room 220. Department of Community Health rabies examination requirements have increased and this table became available from an existing DCH Laboratory. The overall scope will include minor HVAC modifications, flooring repairs, plumbing, air exhaust control and decontamination cleaning within the laboratory.

Funding Source

100% Agency Operating Funds

Base Contract	$20,224.00	Final design and contract administration services.
Modification No. 1	$10,350.00	Professionally prepared construction documents to modify the existing

		Biosafety Laboratory Suite 105 and Laboratory Suite 201 to meet new testing requirements for the competitive bid process
Modification No. 2	$31,372.46	See above
Total Contract	**$61,946.46**	

15. DEPARTMENT OF NATURAL RESOURCES, COMMERCE TOWNSHIP – Proud Lake Recreation Area Campground – Underground Well Tank Replacement
File No. 751/10282.BDW - Index No. 59100 - Contract No. Y11089
Nowak & Fraus Engineers, Pontiac; Modification No. 2, Increase $41,716.00
ISID No. 238 Assignment No. 2

Description and Justification
The purpose of this modification is to provide additional professional architectural and/or engineering design and construction administration services to obtain contract documents for the replacement of the potable water service lines throughout the campground, for connection of the sanitary sewer system to the municipal sewer authority and provide upgrades to the existing sanitary sewer system throughout the campground. The sewer system needs to be modified to incorporate the proposed new toilet/shower building and eliminate the need to operate a wastewater disposal system. The new water lines will provide water service to the rest of the campground. The Parks & Recreation Division (PRD) was provided with additional funding to replace all of the water lines in the campground and to connect to municipal sewer. Since Nowak & Fraus is already on site conducting water service construction oversight and are very familiar with the site, PRD requested Nowak & Fraus Engineers to do this added work.
Funding Source
100% Park Improvement Funds

Base Contract	$24,354.00	Study recommendation
Modification No. 1	$29,978.00	Design of the removal of the existing water supply wells, tanks, structures; provide connection to the Municipal Water Supply System and improvements to the campground water distribution system.
Modification No. 2	$41,716.00	See above
Total Contract	**$96,048.00**	

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, SOUTH HAVEN – Clark Store #1126 – Demolition, Excavation, Disposal and Site Restoration
File No. 761/12011.BDH - Index No. 44501 - Contract No. Y11326

Gannett Fleming of Michigan, Inc., Plymouth; Modification No. 1, Increase $8,542.82
ISID No. 281 Assignment No. 13

Description and Justification
The purpose of this modification is to provide additional oversight of contaminated soil removal associated with the removal of leaking underground storage tank site. The contamination extends further than originally anticipated, requiring additional oversight by the professional.
Funding Source
100% Refined Petroleum Funds

Base Contract	$45,761.93	Study recommendation
Modification No. 1	$8,542.82	See above
Total Contract	**$54,304.75**	

17. DEPARTMENT OF ENVIRONMENTAL QUALITY, CARSON CITY – Former Crystal Oil Refinery Site – Remediation System Design and Construction Oversight
File No. 761/12129.SAR - Index No. 44901 - Contract No. Y12121
AECOM Technical Services, Grand Rapids; Modification No. 1, Increase $86,860.00
ISID No. 00307 - Assignment No. 2
New ISID Contract Limit: $310,546.30

Description and Justification
The purpose of this modification is to provide additional system design and construction oversight services. The site is a former oil refinery. Releases of petroleum products during the refinery's several decades of operation caused widespread contamination to the site's soil and groundwater. An interim free product recovery and groundwater interception system was initially installed to prevent contamination migration. However, upon evaluating the site conditions, it was concluded that a groundwater drawdown system is needed to effectively remediate the site.
Funding Source
100% Strategic Water Quality Initiative Funds

Base Contract	$145,700.00	Final design and contract administration services
Modification No. 1	$86,860.00	See above
Total Contract	**$232,560.00**	

18. DEPARTMENT OF ENVIRONMENTAL QUALITY, HARTFORD – Rudell Real Estate Site – Environmental Investigation and Remediation Design Services
File No. 777/11066.SAR - Index No. 44501 - Contract No. Y11062

Gannett Fleming of Michigan, Inc., Plymouth; Modification No. 2, Increase $21,743.51
ISID No. 00281 - Assignment No. 8

Description and Justification
The purpose of this modification is to revise the bidding documents and provide construction oversight. The project was recently bid, however the bids were over the available budget and the agency needed to revise the scope of work/bid specifications and re-bid the project. The work is needed to clean up contamination to protect public health, safety, welfare and the environment.
Funding Source
100% Refined Petroleum Funds

Base Contract	$54,795.00	Study recommendation
Modification No. 1	$27,145.67	Provide engineering of an earth retention system to allow for the removal of contaminated soil that is close to a natural gas utility line.
Modification No. 2	$21,743.51	See above
Total Contract	**$103,684.18**	

REVISIONS TO CONSTRUCTION CONTRACTS

19. DEPARTMENT OF NATURAL RESOURCES, COMMERCE TWP – Proud Lake Recreation Area Campground – Water System Improvements
File No. 751/10282.BDW - Index No. 14410 - Contract No. Y12170
Ed Birkmeier Well Drilling, Ltd, New Lothrup; CCO No. 2, Increase $82,747.09

Description and Justification
The purpose of this change order is to add the water system renovations at the Highland Recreation Area. The Highland RA project was bid separately and no bids were received. The work includes upgrading two wells, controllers, spigots, power supplies, access pathways and associated removals. Also, to adjust to actual quantities of 2" water line installed since the location of proposed new toilet/shower building was not finalized at bidding for this project.
Funding Source
100% Michigan Natural Resource Trust Funds

Base Contract	$165,585.00	
Change Order No. 1	$9,614.00	($6,568.00) Scope Change and 100% Design Omission

Change Order No. 2	$84,955.00	100% Scope Change
Total Contract	**$260,154.00**	

Please Note: Percentages for contract change orders are calculated on change order amount; not the base contract amount.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET - IRON MOUNTAIN, NEGAUNEE, SAULT STE. MARIE – State Police Posts Group 1 – Underground Storage Tank (UST) Removal and Disposal
   File No. 071/11124.BDH - Index No. 67094 - Contract No. Y 12291
   Low Responsive Bidder: U.P. Environmental Services, Inc., Bark River; $75,000.00

Description and Justification
The purpose of this contract is to remove, transport, and dispose of the USTs, contaminated soil, and groundwater. Restoration of the site paving and seeding of lawn areas is also included. Vehicle and Transportation Services discontinued fuel dispensing at these police posts and federal regulations require that the tanks be removed.
Funding Source
100% Agency Operating Funds - VTS

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET - STEPHENSON and SAULT STE. MARIE – State Police Posts Group 10 – Underground Storage Tank (UST) Removal and Disposal
   File No. 071/11362.BDH - Index No. 67094 - Contract No. Y 12292
   Low Responsive Bidder: U.P. Environmental Services, Inc., Bark River, MI; $55,310.00

Description and Justification
The purpose of this contract is to remove, transport, and dispose of the USTs, contaminated soil, and groundwater.
Restoration of the site paving and seeding of lawn areas is also included. Vehicle and Transportation Services discontinued fuel dispensing at these police posts and federal regulations require that the tanks be removed.
Funding Source
100% Agency Operating Funds - VTS

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Reserve Forces Service Center North, Building #31 – Renovate Elevator - Building Renovations Phase 3
   File No. 511/12245.AGY - Index No. 13757/13957 - Contract No. Y 12293
   Low Responsive Bidder: Ripman Construction Company, Inc., St. Helen; $163,538.00

Description and Justification
The purpose of this contract is to renovate the existing elevator. The current elevator is at the end of its life cycle and will not be renewed for operation by the State of Michigan inspector.
Funding Source
50% State Funds
50% Federal Funds

4. DEPARTMENT OF TRANSPORTATION, MASON – Mason Maintenance Garage – Exterior Insulation Finishing System (EIFS) Restoration and Painting
   File No. 591/12235.AGY - Index No. 30125 - Contract No. Y 12294
   Low Responsive Bidder: Shively-Bouma, Inc., Jackson; $29,690.00

Description and Justification
The purpose of this contract is to repair and restore the existing EIFS and replace the existing gutters. The siding and gutters are old, requiring constant maintenance and allowing moisture infiltration. This project will reduce maintenance costs and preserve the structural integrity of the building and its contents.
Funding Source
100% Trunkline Funds

5. DEPARTMENT OF TRANSPORTATION, BRIGHTON – Brighton Maintenance Garage – Roof Shingle System Replacement Project
   File No. 591/12250.AGY - Index No. 30125 Contract No. Y 12295
   Low Responsive Bidder: Century Development & Management, LLC, Lansing; $33,250.00

Description and Justification
The purpose of this contract is to replace the existing roof shingle system. The current asphalt shingles are deteriorating and allowing water infiltration, requiring constant costly maintenance and repair. This project will reduce maintenance costs and preserve the structural integrity of the building and its contents.
Funding Source
100% Trunkline Funds

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, WESTLAND – Hail Investments Sites – Underground Storage Tank (UST) Removal, Soil Excavation and Site Restoration

File No. 761/12189.SAR - Index No. 44701 - Contract No. Y 12296
Low Responsive Bidder: Parks Installation & Excavating, Milford; $144,000.00

Description and Justification
The purpose of this contract is to remove and dispose of USTs, canopy, pump island, debris and 3,750 tons of impacted soils and restore the site. The site is a former gas station with five USTs. Two confirmed releases were filed for the UST system at the site. The removal/abatement activities are needed to protect public health, safety, welfare and the environment.
Funding Source
100% Refined Petroleum Funds

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAND RAPIDS – Former Clark #1481 – Removal and Disposal of Underground Storage Tanks (USTs) and Excavation
   File No. 761/12233.AGY - Index No. 44901 - Contract No. Y 12297
   Low Responsive Bidder: Parks Installation & Excavating, Milford; $44,400.00

Description and Justification
The purpose of this contract is to remove and dispose of three USTs , excavate 600 tons of impacted soils and restore the site. The site is a former gas station with leaking USTs. The removal/abatement activities are needed to protect public health, safety, welfare and the environment.
Funding Source
100% Refined Petroleum Funds

AWARD OF PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF TREASURY, LANSING – Austin Building – 3rd Floor Office Additions
   File No. 271/12240.JRC - Index No. 45100 - Contract No. Y 12298
   Recommended Responsive Proposal: LehnerFinlan Architects LLC, Clinton Township; $6,366.00

Description and Justification
The purpose of this contract is to design two floor-to-ceiling offices on the third floor of the Austin building. The Department of Treasury is restacking a large portion of the third floor to consolidate and accommodate approximately 85 modular stations. The two offices are needed to provide the department's executive unit.
Funding Source
100% Agency Operating Funds

9. DEPARTMENT OF CORRECTIONS, IONIA – Ionia Complex – Technical Energy Assessment Audit

File No. 472/12168.DCS - Index No. 02550 - Contract No. Y 12299
Recommended Responsive Proposal: Energy Systems Group, Lansing; $139,937.18

Description and Justification
The purpose of this contract is to complete a comprehensive technical energy assessment audit for Department of Corrections (DOC) within the Ionia Complex. The assessment will focus on the Richard A. Handlon Correctional Facility, Ionia Correctional Facility, Bellamy Creek Correctional Facility, Michigan Reformatory, and Southern Region Central Power Plant. Energy Systems Group shall investigate, identify and propose facility improvements to provide efficient energy systems to reduce energy costs at all four facilities and Central Power Plant. The overall assessment shall document and recommend achievable energy conservation measure(s) (ECMs) over an accumulative 12 year period without increasing current utility costs to the facility.
Funding Source
100% Agency Operating Funds

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

10. DEPARTMENT OF CORRECTIONS, BARAGA – Baraga Correctional Facility – Video Management and Perimeter Surveillance Enhancements
File No. 472/12214.BDH - Index No. 50150 - Contract No. Y 12300
Recommended Firm: OMM Engineering, Inc., Grand Rapids; $38,620.00
ISID No. 242 - Assignment No. 5

Description and Justification
The purpose of this assignment is to provide professional services for obtaining AutoCAD compatible site drawings to serve as background drawings for the perimeter and surveillance enhancements project. The professional will survey the outdoor portions of the site and provide accurate site plan drawings and elevations of fencing and exterior walls of buildings. The professional will produce written deliverables that will be used for the future design of the electronic surveillance system.
Funding Source
100% Agency Operating Funds

11. DEPARTMENT OF CORRECTIONS, IONIA – Ionia Correctional Facility – Video Management and Perimeter Surveillance Enhancements
File No. 472/12215.BDH - Index No. 51220 - Contract No. Y 12301
Recommended Firm: OMM Engineering, Inc., Grand Rapids; $36,950.00
ISID No. 242 - Assignment No. 6

Description and Justification
The purpose of this assignment is to provide professional services for obtaining AutoCAD compatible site drawings to serve as background drawings for the perimeter

and surveillance enhancements project. The professional will survey the outdoor portions of the site and provide accurate site plan drawings and elevations of fencing and exterior walls of buildings. The professional will produce written deliverables that will be used for the future design of the electronic surveillance system.

Funding Source

100% Agency Operating Funds

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, LANSING – Bay Petroleum Corporation Site – Environmental Investigations
    File No. 761/12287.SAR - Index No. 44801 - Contract No. Y 12302
    Recommended Firm: Environmental Consulting & Technology, Inc., Ann Arbor; $204,287.95
    ISID No. 00280 - Assignment No. 13

Description and Justification

The purpose of this assignment is to provide for environmental investigation services. The site operated as a petroleum refuling station and automotive repair shop with four USTs. Two releases were confirmed and free product was discovered at the site. The USTs were removed from the site. However, the releases have contaminated the site's soil and groundwater. The professional will conduct an environmental investigation to define the vertical and horizontal extent of contamination and prepare reports including a feasibility study report to comply with the environmental regulations. The work is needed to protect public health, safety, welfare and the environment.

Funding Source

100% Refined Petroleum Funds

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, LANSING – Camp Grayling Area 3, Brownfield Site #43 – Site Closure Services
    File No. 761/12288.SAR - Index No. 92614 - Contract No. Y 12303
    Recommended Firm: DLZ Michigan, Inc., Lansing; $10,509.76
    ISID No. 00278 - Assignment No. 32

Description and Justification

The purpose of this assignment is to provide professional services for conducting site closure activities. Camp Grayling has various firing ranges for training. A site investigation determined the extent of lead contamination. A remedial action plan (RAP) was approved by the Department of Environmental Quality to abate the risk. The work under this assignment will implement the RAP and submit a closure report to comply with the Federal and State regulations. The work is needed to effectively protect public health, safety, welfare and the environment.

Funding Source

100% State Sites Cleanup Program Funds

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

14. DEPARTMENT OF ENVIRONMENTAL QUALITY, ROCKFORD AND GRAND HAVEN – State Police Post UST Removals – Group 4
File No. 071/11127.BDH - Index No. 67094 - Contract No. Y11185
Otwell Mawby, inc., Traverse City; Modification No. 1, Increase $11,900.00
ISID No. 245 Assignment No. 6; New Contract Amount $262,627.23

Description and Justification
The purpose of this assignment is to take soil samples, prepare and submit an Initial Assessment Report for two sites where a gasoline release was discovered during the underground storage tank (UST) removal. These reports would not have been required if no release had occurred.

Funding Source
100% Agency Operating Funds - VTS

19. DEPARTMENT OF NATURAL RESOURCES, LAKE ORION – Bald Mountain Shooting Range – New Pavilion
File No. 751/11304.MNB - Index No. 14110 - Contract No. Y12216
Livingston Power, Brighton; CCO No. 2, Increase $3,475.00

Description and Justification
The purpose of this change order is to add limestone aggregate for a non-slip floor surface and to comply with the Americans with Disabilities Act. Without this work being completed, a certificate of occupancy will not be issued.
Funding Source
100% Michigan Natural Resource Trust Funds

Base Contract	$38,695.00	
Change Order No. 1	($2,000.00)	100% Scope Change – delete $2,000 cash allowance from contract for budget restraints
Change Order No. 2	$3,475.00	100% Scope Change - see above
Total Contract	**$40,170.00**	

Please Note: Percentages for contract change orders are calculated on change order amount; not the base contract amount.

Department of Technology, Management and Budget
First Quarterly Report - Director Agenda Approvals

The following agendas have been approved by the Director, Department of Technology, Management and Budget, covering the period of October 1, 2011, through December 31, 2011, and are submitted in accordance with the State Administrative Board's resolution of December 16, 1997.

. . . . . .

Department of Technology, Management and Budget recommends the following items:

October 7, 2011

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, NEWAYGO, GRAND HAVEN, ROCKFORD – State Police Post Sites Group 4 – Underground Storage Tank (UST) Removal and Disposal
   File No. 071/12013.BDH - Index No. 67094
   Low Responsive Bidder: Valley City Environmental Services, Inc., Traverse City; $71,028.00

Purpose/Business Case
The purpose of this contract is to remove, transport, and dispose of the UST, contaminated soil, and groundwater, and restore the paving at Rockford, Newaygo, and Grand Haven. Vehicle Services is discontinuing fuel dispensing at these locations and the USTs need to be removed.
Benefit
The State will benefit by not having the USTs abandoned in place, creating a potential environmental hazard.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in abandoning the tanks in place, creating a potential future source of contamination.

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, PAW PAW, WHITE PIGEON – State Police Post Sites Group 5 – Underground Storage Tank Removal and Disposal
   File No. 071/12014.BDH - Index No. 67094

Low Responsive Bidder: Valley City Environmental Services, Inc., Traverse City; $51,561.00

Purpose/Business Case
The purpose of this contract is to remove, transport, and dispose of the UST, contaminated soil, and groundwater, and restore the paving at Paw Paw and White Pigeon. Vehicle Services is discontinuing fuel dispensing at these locations and the USTs need to be removed.
Benefit
The State will benefit by not having the USTs abandoned in place, creating a potential environmental hazard.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in abandoning the tanks in place, creating a potential future source of contamination.

3. DEPARTMENT OF NATURAL RESOURCES, CHAMPION – Van Riper State Park – Non Motorized Trail Development
File No. 751/09462.RAA - Index No. 51320
Low Responsive Bidder: A. Lindberg & Sons, Ishpeming; $161,991.39

Purpose/Business Case
The purpose of this contract is to provide a trail access connection from the Van Riper State Park to the regional trail system. The work includes a 1200 foot asphalt trail and will create a connection point to a regional trail system in cooperation with other government agencies thus enhancing non-motorized sports and boosting the local economy and state park revenue.
Benefit
The State will benefit by providing safe access from the park to the trail system.
Funding Source
100% Recreational Trail Program Grant Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in potential safety issues accessing the trail system along US-41.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, DOWAGIAC – Dave's Repair and Herb's Auto Site – Operation and Maintenance of Air Sparge and Soil Vapor Extraction System
   File No. 761/10359.RRD - Index No. 44501
   Low Responsive Bidder: TriMedia Environmental; & Engineering Services, LLC, Ann Arbor; $131,580.00

Purpose/Business Case:
The purpose of this contract is to operate the air sparging and soil vapor extraction (AS/SVE) system for two years. Contractor shall provide for up to ten activated carbon change outs, log data, and perform repairs.
Benefit:
The State will benefit by removing contamination and abating the environmental health hazard to protect the public health and the environment.
Funding:
100% Refined Petroleum Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk:
Failure to approve this contract will result in leaving known contaminated soil on site to spread, exacerbating the contamination at this location, therefore violating environmental regulations.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Joint Lab Building – New Elevator
   File No. 071/11028.RMP - Index No. 44308
   Recommended Assignment: Soil and Material Testing Engineers, Inc., Lansing; $11,500.00

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services for this project.
Benefit
The State will benefit by ensuring soils and foundation requirements are met.
Funding Source
100% Agency Operating Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 23 to the discretionary contract.
Risk Assessment

Failure to approve this assignment will result in the State not verifying soil bearing capacity or concrete strength.

6. DEPARTMENT OF NATURAL RESOURCES, WILD LIFE DIVISION – Briggs Road & Cannonsville Floodings – Water Control Structure Replacement
   File No. 751/10487.BDW - Index No. 87510
   Recommended Assignment: Williams & Works, Grand Rapids; $14,000.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the replacement of the water control structures.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Fish & Game Funds - Federal
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 1 to the discretionary contract.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – City of Detroit DOT Site – Remedial Investigation and Feasibility Study
   File No. 761/12018.BDH - Index No. 44701
   Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $66,048.16

Purpose/Business Case
The purpose of this assignment is to provide for a remedial investigation to determine the extent of soil and groundwater contamination at this bus maintenance site. Five historic releases from underground storage tank systems have been reported at this location. The professional will assess the risk of vapor intrusion and recommend remediation alternatives.
Benefit
The State will benefit by having the extent of contamination determined and remediation alternatives to consider.
Funding Source
100% Refined Petroleum Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 14 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in continuing migration of contamination from the site which is a hazard to public health and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Allegan and Ottawa Parking Ramps – Wayfinding Study
   File No. 071/09442.JNS - Index No. 44100
   That the contract for professional services with Walker Parking Consultants, Inc., Kalamazoo, Michigan, be increased $37,480.00

Purpose/Business Case

The purpose of this modification is to provide for evaluation of the Pine Surface lot's asphalt paving condition, provide evaluation of twelve parking facility access controls (proximity card access), and development of recommendations for conversion of existing parking access controls to Automated Vehicle Identification system (AVI) technology. The Pine Street Parking Lot is experiencing significant cracking, sidewalk settlement, lot entry deterioration and pot holes and is at the point where immediate repairs are required. The conversion of parking controls to an AVI system will improve customer service, provide better vehicle control in and out of parking lots and reduce administrative load.

Benefit

The State will benefit by obtaining the necessary information to budget for these needed upgrades.

Funding Source

AVI System - Building Occupancy Funds Index 46010 AY11 - $23,895.00
Pine Lot - Building Occupancy Funds Index 46516 AY11 - $13,585.00

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the professional services necessary to determine the best course of action.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAND LEDGE – Bob's Marathon Site – Groundwater Monitoring
   File No. 761/10009.SAR - Index No. 44801
   That the contract for professional services with Environmental Consulting & Technology, Inc., Lansing, be increased $121,091.49

Purpose/Business Case
The purpose of this modification is to provide continued monitoring of this leaking underground storage tank site. The professional will monitor the direction and velocity of the contamination plume as well as the contaminant levels. The final completion date will be October 18, 2014.
Benefit
The State will benefit by protecting the City of Grand Ledge's municipal water supply wells.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in not knowing if contamination has reached the monitor wells at the municipal water supply well field.

REVISIONS TO CONSTRUCTION CONTRACTS

10. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lewis Cass Building – 1st & 2nd Floor Renovations
File No. 071/06080.JRC - Index No. 44101
HBC Contracting, Lansing; CCO No. 18, Increase $84,458.12

Purpose/Business Case
The purpose of this change order is to install new DDC control valves at AHU-1 and AHU-2, install hex-piping at the snow melt system, install new steel kick-plate at north interior entry ramp and provide additional automated controls at existing main chilled water pumps. This work is required for proper systems operation and to meet accessibility requirements.
Benefit
The State will benefit by increasing the operating efficiency, energy cost savings and compliance with accessibility requirements.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in increased energy costs and non-accessibility.

11. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Replace South Perimeter Fence
File No. 511/10284.AGY – Index No. 22000
D-K Fence Company, Inc., Battle Creek; CCO #2, Increase $25,515.00

Purpose/Business Case
The purpose of this change order is to make repairs to additional areas of the perimeter fence. Severe summer 2011 storms caused several trees to fall, damaging the fence.
Benefit
The State will benefit by providing a secure perimeter boundary to the Fort Custer Training Site.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a potential breach of security.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, KENT CITY – Kountry Korners Site – Operation and Maintenance of SVE and Dual Phase Extraction System
File No. 761/06188.RRD - Index No. 44901
ASI Environmental Technologies, Inc., Ludington; CCO No. 3, Increase $2,948.53

Purpose/Business Case
The purpose of this change order is to adjust the contract cost to match actual quantities and services provided.
Benefit
The State will benefit by closing out this contract.
Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in potential litigation.

CONTRACT CHANGE ORDER

13. DEPARTMENT OF NATURAL RESOURCES, ALLEGAN – Allegan State Game Area - Black River Drain Clean-Out

DNR PROJECT No. 22-4427-A
Scott Pavlak Excavating, Hopkins; Contract Change Order #1, Increase $2,450.00

Purpose/Business Case
The primary purpose of this contract is to control flood waters. Contract change order #1 is recommended to include removal of concrete rubble found during excavation.
Benefit
The State will benefit by controlling flood water and complying with Soil Erosion and Sedimentation Control mandates.
Funding Source
100% Restricted Fish and Game Funds
Commitment
The Base Proposal Sum bid and Contract Change Order #1 is within the authorized total project cost. This project was competitively bid.
Risk Assessment
Failure to approve this contract change order #1 may result in the State continuing to be in violation of state environmental regulations for soil erosion. The potential also exists for flooding of state lands and facilities if this drain is not properly maintained.

October 14, 2011

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES, LAPEER – Nepessing Lake – Boating Access Site Paving
   File No. 751/09195.CAK - Index No. 59610
   Low Responsive Bidder: Zito Construction Company, Grand Blanc; $109,150.00

Purpose/Business Case
The purpose of this contract is to pave the existing gravel boat access site. This work will delineate parking spaces including barrier free accessible spaces, provide a barrier free route to the boat ramp, and provide pervious pavement for storm water management.
Benefit
The State will benefit by reduced maintenance, increased accessibility and improved storm water control.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this contract will result in continued high maintenance costs, accessibility issues and potential erosion.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF CORRECTIONS, JACKSON – Egeler Reception and Guidance Center – Parking Lot Repairs and Improvements
   File No. 472/11259.GAG - Index No. 20130
   Recommended Responsive Proposal: Beckett & Raeder, Inc., Ann Arbor; $34,814.16

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents to repair and improve the public and staff parking and provide an additional gravel parking area for interim construction and future staging use. As part of the design process they will also provide options and estimates for various repair scenarios.
Benefit
The State will benefit by having professionally prepared and value-engineered contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on a proposal request to supply value-engineered design and construction administration services. This professional firm has already performed extensive preliminary engineering work involving this facility's grounds and parking areas. This contract will be a direct extension of this work using the firm's acquired experience and knowledge base to provide efficient results. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the value-engineered documents required for the competitive bidding process, in time for 2012 construction season.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Constitution Hall – DC Microgrid Concept Design
   File No. 071/11298.GAG - Index No. 44118
   Recommended Assignment: GMB Architecture & Engineering, Holland; $29,500.00

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for creating schematic designs and budgetary estimates for various configurations of a Direct Current Microgrid electrical power system making direct use of Photovoltaic power and possibly using other alternative energy technologies such as wind turbines, fuel cells, battery storage, etc.
Benefit
The State will benefit by having professionally researched and prepared design scenarios with accurate construction estimates for selecting the optimum system configuration and obtaining appropriate funding for construction.
Funding Source
100% Agency Operating Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 1 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not having the required information to make proper decisions on project scope and funding.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHEBOYGAN – The Corner Store Site – Remedial Investigation
   File No. 761/12020.SAR - Index No. 44351
   Recommended Assignment: Sagasser & Associates, Inc., Gaylord; $76,625.00

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for environmental investigation services. The professional will install ten monitoring wells to determine the extent of soil and groundwater contamination, replace residential water supply well and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by assessing the risk to the public to effectively abate environmental contamination and protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.
Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site to comply with the environmental regulations and protect the environment.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, BATTLE CREEK – Fort Custer Veterans Administration Dump Site – Technical Support and Oversight Services
   File No. 761/12023.SAR - Index No. 44051
   Recommended Assignment: AECOM Technical Services, Inc., Lansing; $162,314.90

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for environmental oversight, technical review and support services. The professional will support the agency in observing the field activities performed by the US Army Corps of Engineers, Fort Custer personnel and their consultants/contractors, to document on-going investigation and remedial activities as directed by the agency.
Benefit
The State will benefit by ensuring protection of the environment and complying with the environmental regulations.
Funding Source
100% Federal Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number twelve to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to oversee the investigation and cleanup activities implemented to ensure compliance with environmental regulations and protection of the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BEAVERTON – Gazey Aleck Station Site – Injection Pilot Test and Feasibility Analysis
   File No. 761/12024.BDH - Index No. 44601
   Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $157,829.18

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for a study to determine if in-situ injection of oxidizing chemicals can bring forth a reduction in the concentration of gasoline–derived contaminants. The remediation is needed to protect Ross Lake, which borders the site. Source removal (remediation by excavation and disposal) has already taken place and the pilot testing of another

remediation technology (soil vapor extraction) did not yield acceptable results. The professional will plan the injection locations, amounts, and timing and monitor the effects on the groundwater for two years, completing the work by September 13, 2013.

Benefit

The State will benefit by determining if in-situ chemical injection will bring about the lowering of contamination to acceptable levels.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 15 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in continued migration of contamination away from the site endangering the biota of Ross Lake.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, BELLEVILLE – Total Belleville Site – Remedial Investigation and Design Services
   File No. 761/12025.SAR - Index No. 44701
   Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $42,839.60

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for environmental investigation and remediation design services. The site operated as a retail gas station with three underground storage tanks. Free product and petroleum contamination were discovered at the site. Environmental investigations and limited soil excavation/groundwater removal were conducted at the site. The professional will conduct sampling and prepare bid specifications to remove the contamination from the site. The environmental cleanup is needed to comply with the environmental regulations.

Benefit

The State will benefit by effectively abating the environmental contamination to protect human health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to effectively abate the environmental contamination at the site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF TRANSPORTATION, PONTIAC - Pontiac Transportation Terminal - New Transportation Terminal Building
   File No. 591/09209.RAN - Index No. 30125
   That the contract for professional services with Soils and Materials Engineers, Inc., Plymouth, be increased $372.99

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services for the new Pontiac Transportation Terminal Building. Additional testing services are required relative to the poor soil conditions found during construction and additional topsoil that was delivered to the site.
Benefit
The State will benefit by having quality assurance testing throughout the entire construction process.
Funding Source
100% Federal Comprehensive Transportation Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State having materials installed in this new facility which were not properly tested for compliance with contract documents and construction procedures.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, BAY HARBOR – Bay Harbor Site – Technical Assistance and Environmental Services
   File No. 761/09216.SAR - Index No. 44351
   That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $29,803.26

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for reviewing reports and submittals by other professionals concerning the clean-up efforts and toxicity of the contaminants in the groundwater at this site. Continuing litigation among United States Environmental Protection Agency (USEPA), DEQ, former and current owners of the site has generated new reports which need review.
Benefit
The State will benefit by having the opinion of a professional to help evaluate the proposed response actions to groundwater contamination at this location.
Funding Source

100% Strategic Water Quality Initiatives Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the response actions continuing without review.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, ROSEVILLE – (Former) Action Auto Site – Investigation and Free Product Recovery
File No. 761/09263.SAR - Index No. 44701
That the contract for professional services with Gannett Fleming of Michigan, Inc., Plymouth, be increased $16,124.73

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for investigating the risk of gasoline vapors entering the retail building from under the paving at this site. The previous study indicated that this contaminant pathway needed to be evaluated. Four sampling ports will be installed in the pavement so vapor samples can be taken along the perimeter of the retail building. The professional will sample the ports and issue a report of findings. The professional will formally close the five existing monitor wells per DEQ protocol.

Benefit

The State will benefit by knowing if gasoline vapors exist under the retail building.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in the potential for continued exposure of employees and customers to gasoline vapors inside the retail building.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, YPSILANTI - Total #2542
Huron Mini Mart - Ozone Sparge System Enhancement
File No. 761/11254.SAR - Index No. 44401
That the contract for professional services with Environmental Consulting & Technology, Inc., Ann Arbor, be increased $12,018.48

Purpose/Business Case

The purpose of this modification is to provide quarterly groundwater sampling services. The site is currently an active leaking underground storage tank facility and an ozone sparge treatment system was installed and operated at the site to clean up the

contamination. However, the site is still contaminated and requires additional monitoring and cleanup activities. The quarterly groundwater monitoring activities are needed to evaluate the short and long term effects on local groundwater quality. It is anticipated that the monitoring/clean-up activities will continue until the groundwater meets environmental cleanup standards.

Benefit

The State will benefit by ensuring protection of human health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to effectively abate the environmental contamination at the site to protect human health and the environment.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, GWINN – Joe and Sons Site – Perform the Necessary Investigation and Prepare Bid Specifications
    File No. 777/11014.SAR - Index No. 44251
    That the contract for professional services with Weston Solutions, Inc., Okemos, be increased $3,055.00

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services to incorporate newly discovered information about the site into the bidding documents and for rebidding the construction phase of the interim response action.

Benefit

The State will benefit by having a rebid of this project with the new information.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in the contract not including provisions to address the new information.

REVISIONS TO CONSTRUCTION CONTRACTS

13. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GRAND RAPIDS – Grand Rapids State Office Building – Michigan Court of Appeals Renovations
File No. 071/11108.JRC - Index No. 44405
Owen-Ames-Kimball Company, Grand Rapids; CCO No. 1, Increase $6,125.00

Purpose/Business Case
The purpose of this change order is to make revisions to the layout and electrical system to accommodate the Court of Appeals third floor suite and Civil Rights fourth floor area.
Benefit
The State will benefit by meeting the operational needs of the two offices.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the renovated spaces not meeting the operational needs of the two agencies.

14. DEPARTMENT OF COMMUNITY HEALTH, CARO – Caro Center – Heating System Decentralization
File No. 391/09064.DCS - Index No. 40000
Remer Plumbing & Heating, Inc., Saginaw; CCO No. 5, Increase $10,946.00

Purpose/Business Case
The purpose of this change order is to provide and install a new grounding system to serve the Caro Center, Building No. 27. During the Heating System Decentralization underground piping installations, the existing underground electrical service for Building No. 27 was required to be relocated and replaced. After replacement of the electrical service was completed, Caro Center began to experience a loss of grounding at Building No. 27. Further investigation has now revealed that a separate code compliant grounding system for Building No. 27 will be required that was inadvertently missed. Building No. 27 was originally grounded off the site electrical service and current code requires an individual grounding system at the building.
Benefit
The State will benefit by installing a code compliant grounding system for Building No. 27 within Caro Center.
Funding Source
100% Agency Operating Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in a continued noncompliant electrical grounding system for this building.

15. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, BAY CITY – Bay City Armory – Replace Roof
    File No. 511/11172.AGY – Index No. 13722/13922
    MKC Group, Inc., Bay City; CCO No. 1, Increase $17,226.50

Purpose/Business Case:

The purpose of this change order is to address unforeseen field conditions. Insulation will be installed at the new roof sump pans and new secondary drainage piping. This work will prevent condensation on the underside of the roof system which could cause mold and water damage.

Benefit:

The State will benefit by ensuring no mold or water damage will occur.

Funding Source

50% Federal Funds
50% State Funds

Commitment:

The change order costs are fixed actual costs provided by the construction contractor based on unit price line items. The amount of the contract is within the authorized budget.

Risk Assessment:

Failure to approve this change order will result in potential maintenance and safety issues.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, ANN ARBOR – Arbor Wash Site – Operation and Maintenance
    File No. 761/08398.RRD - Index No. 44001
    TriMedia Consultants., Marquette; CCO No. 1, Increase $27,450.00

Purpose/Business Case

The purpose of this change order is to extend the contract completion one year. The extension is needed to continue to provide remediation system operation and maintenance (O&M) services and groundwater sampling. This site is contaminated and requires more cleanup activities. It is anticipated that the existing interception and groundwater treatment system will continue to operate until the groundwater meets cleanup standards.

Benefit

The State will benefit by complying with the environmental regulations and completing the remediation activities.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in shutting down the remediation system and therefore risking violation of the environmental regulations.

October 21, 2011

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, MANCELONA – Davis Country Corners Site – Operation and Maintenance of Soil Vapor Extraction and Air Sparging System
   File No. 761/11335.AGY - Index No. 44301
   Low Responsive Bidder: Gosling Czubak Engineering Sciences, Inc., Traverse City; $31,120.00

Purpose/Business Case

The purpose of this contract is to provide two years of operation and maintenance (O&M) of the air sparge/soil vapor extraction (AS/SVE) and groundwater remediation systems. The site has been identified by the agency as a site of environmental contamination. This O & M contract is needed to reduce the level of contamination at the site and reduce or eliminate its spread. It's anticipated that the cleanup activities will continue until the soil and groundwater meet environmental cleanup standards.

Benefit

The State will benefit by controlling the spread of environmental contamination and reducing the threat to the environment and human health.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in allowing the contamination to spread and continue to pose an environmental hazard.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF NATURAL RESOURCES, GARDEN, Fayette State Park – Snail Shell Harbor Upgrades
   File No. 751/11347.RAA - Index No. 52090
   Low Responsive Bidder: U.P. Engineers and Architects, Houghton; $70,973.00

Purpose/Business Case
The purpose of this contract is to provide a professional architectural and engineering Phase 100 study including: Soils analysis, bathymetric survey, archeological study, existing site evaluation and harbor historical data, harbor layout plan and report for design of the Fayette State Park Snail Shell Harbor upgrades . The facility and dock system is over two decades old. There is no electric, water, sewer bathroom or showers and limited barrier free accessibility. Many visitors use small generators which create noise nuisances and generator fumes have caused potential life threatening conditions.
Benefit
The State will benefit by the provision of a professionally prepared Phase 100 study for use in preparation of future design phases and construction.
Funding Source
100% Boating Infrastructure Grant Program Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the inability to procure a complete professionally prepared Phase 100 site and harbor study for project team review.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer – Urban Training Buildings
   File No. 511/11286.CAK - Index No. 22000
   Recommended Assignment: Paradigm Design, Grand Rapids; $138,550.50

Purpose/Business Case
The purpose of this assignment is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for an urban training facility to train soldiers and leaders in techniques and tactics used in urban terrain.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source
100% Federal Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number two to the discretionary contract.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process and the potential loss of federal funding.

4. DEPARTMENT OF NATURAL RESOURCES, HOLLAND – Holland State Park – Lake Macatawa Campground New Toilet Shower Building
   File No. 751/11115.JAN - Index No. 57100
   Recommended Assignment: Soils and Materials Engineers, Inc., Grand Rapids; $9,000.00

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services for the construction of the new toilet shower building and related site work.
Benefit
The State will benefit by having the assurance that the testing requirements set forth in the contract have been met.
Funding Source
47.8% Michigan Natural Resources Trust Funds
31% Land and Water Conservation Funds
21.2% Park Improvement Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not verifying compliance with the contract requirements.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHAPIN – Chapin General Store Site – Free Product Removal and O&M Services
   File No. 761/09200.SAR - Index No. 44601
   Recommended Assignment: Malcolm Pirnie of Michigan, Inc., Lansing; $242,325.00

Purpose/Business Case
The purpose of this assignment is to provide free product removal and operation and maintenance of the remediation system at the site. The site is a former gasoline station and general store with leaking underground storage tanks (LUST). Previous

investigation identified petroleum contamination in the form of free product and soil and groundwater contamination. A groundwater and soil vapor extraction remediation system was installed at the site. The professional will provide remediation system monitoring, groundwater sampling, free product recovery and focused feasibility study to achieve LUST site closure. The professional will prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by protecting human health and the environment through cleaning up contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seven to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed for protecting the environment and complying with the environmental regulations.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, CENTRAL LAKE – Pickup Capitol of the North Site – Monitoring Well Sampling and Data Evaluation
   File No. 761/12027.SAR - Index No. 44351
   Recommended Assignment: Compliance, Inc., Traverse City; $18,140.00

Purpose/Business Case

The purpose of this assignment is to provide groundwater monitoring and data evaluation services. The site operated as a gasoline service station with eleven underground storage tanks. Free product and petroleum contamination were discovered at the site. Environmental investigations and interim response measures were conducted at the site. However, the site is still contaminated. The professional will conduct sampling events and prepare quarterly reports to evaluate the contamination at the site. The sampling is needed to comply with the environmental regulations.

Benefit

The State will benefit by effectively abating environmental contamination to protect human health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.

Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to effectively abate the environmental contamination at the site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF NATURAL RESOURCES, ST. CHARLES – Shiawassee State Game Area – Siphon Tube Repair/Replacement
   File No. 751/08278.BDW - Index No. 86930
   That the contract for professional services with Spicer Group Inc., Saginaw, be increased $54,530.00

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for design and construction services for repair of a siphon tube in the Shiawasse State Game Area. The siphon tube is a critical part of the wildlife flooding operations at the Shiawassee River State Game Area. Repair of the siphon tube will prevent installing a more costly pump station.
Benefit
The State will benefit by continued use of the siphon tube to provide for operation of the wildlife floodings.
Funding Source
100% Fish & Game Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in failure of the tube, requiring replacement of the tube as opposed to repair.

8. DEPARTMENT OF NATURAL RESOURCES, MONROE, Sterling State Park-Monroe- Wetland Creation and Water Control
   File No. 751/11119.MNB - Index No. 59150
   That the contract for professional services with Ducks Unlimited, Ann Arbor, be increased $3,484.50

Purpose/Business Case
The purpose of this modification is to provide professional bathymetric survey services to determine the depth of the lagoon which will help to estimate the fill volume needed to be placed at the lagoon's shores.
Benefit
The State will benefit by knowing the fill volume needed to create the wetlands sought at this lagoon.

Funding Source
100% Great Lakes Restoration Initiative (GLRI) Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not knowing the amount of fill needed to be placed at the lagoon to create the wetlands requested.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, FLUSHING – Central Distributing Site – Groundwater Monitoring
File No. 761/10121.SAR - Index No. 44801
That the contract for professional services with Environmental Consulting & Technology, Inc., Lansing, be increased $43,836.49

Purpose/Business Case
The purpose of this modification is to provide two additional dual phase groundwater extraction events at the site. The information generated by the previous work indicates that it would be cost-effective to do this. The professional will also perform two groundwater sampling events at all monitor wells and selected locations along the Flint River. These monitoring events will evaluate the effectiveness of the extraction events. The professional will take water table level measurements in monitor wells during the sampling events along with recording the level of the Flint River which is adjacent to the site. The professional shall use the water level measurements to update the water table surface map which will aid in calculating how much groundwater seepage from the site is reaching the Flint River. The date of completion will be extended to December 31, 2012.
Benefit
The State will benefit by having additional contamination removed from the site and obtaining the information needed to calculate the rate of contamination seepage to the Flint River. The hard data provided by this effort will be used to justify the need or lack of need for further remediation to protect the river.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in no progress in removing contamination at this site and unabated seepage of contaminated groundwater to the Flint River.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, BENTON HARBOR – Harbor Plating Site – Review of Technical Reports and Data and Provide Assistance with Requirements
File No. 777/11094.SAR - Index No. 44501
That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $44,981.00

Purpose/Business Case
The purpose of this modification is to provide oversight of the operation and maintenance (O&M) of the existing groundwater treatment system. The professional will review the current operation of the treatment system and make suggestions on how to improve it. The professional will write specifications for a new O&M Contract, bid the O&M work, evaluate bids, and observe the new O&M Contractor. The professional will tabulate the data collected by the O&M Contractors. The final completion date will be extended to October 4, 2013.
Benefit
The State will benefit by improved operations at this facility and by having the work rebid to make sure pricing for the work is current.
Funding Source
100% Environmental Protection Bond Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification would result in the O&M contract expiring without completing the remediation project.

REVISIONS TO CONSTRUCTION CONTRACTS

11. DEPARTMENT OF TRANSPORTATION, AUBURN HILLS – Auburn Hills Maintenance Garage – Sidewalk and Site Improvements
File No. 591/07281.AGY - Index No. 58508
J B Contractors Inc., Detroit; CCO No. 1, Increase $2,860.00

Purpose/Business Case:
The purpose of this change order is to install a new 5' sidewalk along the existing parking lot. The current concrete sidewalk in front of building is cracked which makes it unsafe for employees and visitors entering and leaving the building
Benefit:
The State will benefit by providing safe and controlled access to the building entrance.
Funding Source:
100% Trunkline Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment:

Failure to approve this change order could result in potental for personal injury.

12. DEPARTMENT OF TRANSPORTATION, DETROIT – DETROIT MITS CENTER – Roof Replacement
    File No. 591/09489.AGY - Index No. 75600
    J. Mason Constrution, CEMENT CITY; CCO No. 2, Increase $10,531.36

Purpose/Business Case:

The purpose of this change order is to remove and replace wet gypsum sheeting and to install new roof penetration to accommodate new data lines for the antenna system. During roof replacement, several additional leaking areas were discovered.

Benefit:

The State will benefit by reduced maintenance and preventing future damage to the building. In addition, new data lines will be installed to allow operational improvements.

Funding Source:

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment:

Failure to approve this change order will result in continued costly maintenance, potential further damage to the building and limits to the data systems.

13. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, PLAINWELL – Michigan Career and Technical Institute – Dust Collection System
    File No. 641/11110.CAK - Index No. 31000
    DAV Carrier Group, LLC, Hickory Corners; CCO No. 2, Increase $52,443.00

Purpose/Business Case

The purpose of this change order is to provide structural reinforcements of the existing roof framing. During construction it was determined that the framing was insufficient to support the proposed new HVAC equipment.

Benefit

The State will benefit by providing adequate structural support for the proposed new HVAC equipment.

Funding Source

100% ARRA Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the proposed new HVAC equipment not being installed.

14. DEPARTMENT OF NATURAL RESOURCES, STATEWIDE –Statewide – Radio Tower Demolition
File No. 751/07341.HRB - Index No. 11000
Newkirk Electric Associates, Inc., Muskegon; CCO No. 3, Increase $17,225.00

Purpose/Business Case

The purpose of this change order is to add demolition and removal of radio tower #7552 at Indian Springs and radio tower #2450 at Port Huron.

Benefit

The State will benefit by avoiding maintenance costs required by the Federal Aviation Administration for towers and by reducing liability associated with towers being an attractive nuisance.

Funding Source

47% Fish and Game Funds
29% Park Improvement Funds
24% Forest Management/Forest Development Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in continued maintenance costs and liability.

15. DEPARTMENT OF ENVIRONMENTAL QUALITY, WATERFORD – Emma Milner Site – SVE/AS System Operation and Maintenance
File No. 761/06038.RRD - Index No. 44701
TriMedia Environmental & Engineering Services, LLC, Marquette; CCO No. 7, Increase $26,560.00

Purpose/Business Case

The purpose of this change order is to extend the operation of the remediation system for an additional eight months. The contractor will take four additional vapor samples and the date of completion shall be extended from December 31, 2011 to December 31, 2012.

Benefit
The State will benefit by further reduction of the amount of contamination on this leaking underground storage tank site.
Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in leaving contamination on site endangering public health and the environment.

October 28, 2011

AWARD OF PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES, CLINTON, IONIA and SHIAWASSEE COUNTIES – Clinton Ionia Shiawassee (CIS) Multi-Use Trail – Trail Design
   File No. 751/11293.RAN - Index No. 73570
   Recommended Responsive Proposal: Prein & Newhof, Grand Rapids; $102,843.50

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design, contract documents, and construction administration services for a 42-mile long, multi-use recreational trail on a former railroad bed through parts of Ionia, Clinton, and Shiawassee Counties.
Benefit
The State will benefit by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Recreational Trail Program Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the professionally produced contract documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, STURGIS – Payless SuperAmerica Site – Groundwater Monitoring, O&M Oversight, System Decommissioning
   File No. 761/12031.BDH - Index No. 44501
   Recommended Assignment: Weston Solutions, Inc., Okemos; $69,587.00

Purpose/Business Case
The purpose of this assignment is to provide for the sampling of monitor wells. Based on these results, gauge the effectiveness of the remediation system, oversee the O&M contractor, track emissions from the system, develop specifications for the decommissioning of the monitor wells and the remediation system, oversee the decommissioning, and document all activities.
Benefit
The State will benefit by having the performance of the remediation system optimized and having the system decommissioned properly when remediation is complete.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 19 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in unsupervised operation of the remediation system and less than optimal performance, potentially leading to additional offsite migration of contaminants.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Murray D. VanWagoner Building – Vanwagoner Building First Floor West Renovation
   File No. 071/09436.FAR - Index No. 44106
   That the contract for professional services with Bernath-Coakley Associates Architects, Inc., Lansing, be increased $9,304.47.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional phase 600 and 700 construction administration due to the extension of the construction contract.
Benefit
The State will benefit by having the professional service contractor continue administering the construction contract through completion.

Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining construction administration services through completion of the construction contract.

4. DEPARTMENT OF NATURAL RESOURCES, WHITE LAKE – Highland Recreation Area – Design Multi-Use Trail Through Park
   File No. 751/11040.RAN - Index No. 59120
   That the contract for professional services with Nowak & Fraus Engineers, Pontiac, be increased $12,105.00

Purpose/Business Case
The purpose of this modification is to provide for additional evaluation of the trail location and completion of the bidding documents. The trail location, as originally designed, has to be moved based on concerns over potential disturbance to the Massasagua Rattle Snake's habitat. This concern requires relocation, redesign, and additional evaluation of the trail.
Benefit
The State will benefit by having professionally developed plans and specifications for the construction bidding process.
Funding Source
100% Recreation Improvement Grant Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, WHITTEMORE – DNR Real Estate Site – CAP Pilot Study Services
   File No. 761/10063.SAR - Index No. 44601
   That the contract for professional services with Gannett Fleming of Michigan, Inc., Plymouth, be increased $88,241.80.

Purpose/Business Case
The purpose of this modification is to provide for preparation of bid documents for trades contractor, conduct bidding, oversee the excavation, transport, and disposal of

contaminated soil, obtain required soil samples, oversee the purchasing, transport, and placing of backfill, provide the remediation chemicals, means to inject the chemicals, and oversee the injection of these chemicals into the ground, perform two monitor well sampling events, and document all of the above. This modification shall extend the contract to December 31, 2012.

Benefit

The State will benefit by having contamination remediated, reducing the threat to human health and the environment.

Funding Source

100% Refined Petroleum Fund

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in continued migration of contamination from the site endangering human health and the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, LANSING – Former Clark No. 531 Site – Construction Oversight and Groundwater Monitoring
   File No. 761/10076.SAR - Index No. 44801
   That the contract for professional services with The Mannik Smith Group, Inc., Canton, be increased $29,565.52.

Purpose/Business Case

The purpose of this modification is to provide for sampling of all monitoring wells twice per year for two years and reporting the analytical results once each year. This sampling should provide proof that the interim response measures implemented were effective. This modification shall extend the contract to December 31, 2013.

Benefit

The State will benefit by documenting the effectiveness of the interim measures and knowing that continued migration of contaminants has not occurred.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification would result in not knowing the effectiveness of the interim response measures or if the migration of contamination has been halted.

MODIFICATION TO PROJECT MANAGEMENT CONTRACTS

7. DEPARTMENT OF NATURAL RESOURCES, LANSING – Michigan Historical Center – Archives Learning Center and Museum Education Space Renovation

File No. 751/10506.JAN - Index No. 28800
That the contract for professional services with HBC Contracting, Lansing, be increased $22,834.64

Purpose/Business Case
The purpose of this modification is to provide the design and construction to modify the finish of the rolling gate, eliminate walls to the deck, and add insulation, correct existing code violations, provide fireproof patching for code compliance, modify the door opening at the storage room, replace deteriorated ceiling tiles, increase louver size per code, and extend the supervison time.
Benefit
The State will benefit by complying with electrical, mechanical, and building codes requirements.
Funding Source
100% Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in health and life safety code violations.

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond and Rosa L. Parks Integrated Transportation Campus – Phase 4 North Site
File No. 591/04003.JAN - Index No. 27000
B & B Construction Services, LLC, St. Clair Shores; CCO No. 3, Incr. $86,386.41

Purpose/Business Case
The purpose of this change order is to remove and replace the concrete at Area D of the Greyhound/SMART bus lane, raise the manhole to meet grade, replace the old deteriorated manhole cover, and furnish and install temporary light fixtures in the parking lot of the Greyhound Building. This increase in contract scope was requested by the agency.
Benefit
The State will benefit by providing a new solid concrete lane for the Greyhound/SMART buses and security to and from the parking lot for the occupants of the facility during construction of the north site.
Funding Source
100% Restricted Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in the lack of security for the occupants of the building and continued deterioration of the bus lane.

November 4, 2011

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, HICKORY CORNERS – Snyder's Garage – Tank Abandonment and Soil Removal
   File No. 761/12003.AGY - Index No. 44901
   Low Responsive Bidder: Pitsch Companies, Grand Rapids; $17,900.00

Purpose/Business Case
The purpose of this contract is to empty, clean and abandon two underground storage tanks (USTs) along with piping and appurtenances and to excavate and remove 100 tons of petroleum-impacted soils. The contract will locate and abandon the USTs, remove heavily contaminated soil, backfill the area and restore the site.
Benefit
The State will benefit by removing the source of contamination and abating the environmental health hazard.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving USTs and heavily contaminated soil on site, violating environmental regulations.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF NATURAL RESOURCES, BATH TOWNSHIP, Rose Lake Shooting Range – Education Building
   File No. 751/11246.SJU - Index No. 28355
   Recommended Professional Services Proposal: French Associates, Rochester; $16,636.00

Purpose/Business Case
The purpose of this contract is to provide professional programming and schematic design architectural services for a new hunter and gun safety educational building that is to be located adjacent to the existing Rose Lake Shooting Range.

Benefit
The State will benefit by establishing a building program, design concept, and construction cost estimate to allow project budgeting and funding for the completion of the design work and the facility's construction.
Funding Source
100% Program Income Funds
Commitment
The contract cost is fixed based on competitive proposals. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not having building conceptual designs and a construction cost available to allow project budgeting and funding for completion of the design work and facility's construction.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHARLEVOIX – JJ's General Store Site – Interim Response Services
   File No. 761/10101.SAR - Index No. 44351
   Recommended Assignment: Wilcox Professional Services, Inc., Cadillac; $41,527.06

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for interim response services. The professional will install two monitoring wells to determine the extent of soil and groundwater contamination, conduct quarterly groundwater monitoring, provide construction oversight during soil excavation activities, and report preparation, complying with environmental regulations.
Benefit
The State will benefit by assessing the risk to human health to effectively abate environmental contamination.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, BURTON – United Cleaners Site – Initial Site Assessment
   File No. 761/12037.BDH - Index No. 44801

Recommended Assignment: AECOM Technical Services, Inc., Lansing; $26,279.48

Purpose/Business Case

The purpose of this assignment is to provide an initial site assessment at this leaking underground storage tank (LUST) site. This site was formerly a dry cleaner and two LUST releases are on file. The professional will sample all existing monitor wells, purge wells and sumps, determine groundwater flow migration direction, determine if there is comingling with the gasoline contamination known to exist at the LUST site across Davison Road, enlist a registered land surveyor to provide a geodetic survey of the site, and produce an initial assessment report. The project will be completed by December 31, 2012.

Benefit

The State will benefit by obtaining a current assessment of the condition of this LUST site so human exposure and site contamination migration risk can be assessed and future remediation planned.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 13 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the necessary assessment to determine the appropriate remediation actions.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, POMPEII – Williams Garage Site – Ground Water Monitoring
   File No. 761/12038.BDH - Index No. 44801
   Recommended Assignment: The Mannik and Smith Group, Inc., Canton; $75,503.48

Purpose/Business Case

The purpose of this assignment is to provide a remedial investigation and report for this leaking underground storage tank (LUST) site. This site was an auto repair shop and gasoline retailer until the 1980's. The professional will install up to 25 Geoprobe soil borings and install up to 10 monitoring wells. Samples will be taken, results tabulated, extent of contamination will be determined, and any additional sampling will be recommended. In addition, the professional will perform a pre-demolition survey for asbestos-containing building materials, regulated universal waste and hazardous waste for the building and its contents. The work will be completed by April 30, 2012.

Benefit

The State will benefit by having the conditions of this LUST site evaluated, and the severity of the contamination quantified.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 28 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the necessary assessment to determine the appropriate remediation actions.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, OWOSSO – Sav-U Station Site – Ground Water Monitoring
   File No. 761/12039.BDH - Index No. 44801
   Recommended Assignment: The Mannik and Smith Group, Inc., Canton; $48,436.24

Purpose/Business Case

The purpose of this assignment is to provide a groundwater monitoring program. This site is a leaking underground storage tank (LUST) site at a former gasoline retailer. Remedial action has taken place but the results have not yet led to site closure. The professional shall perform quarterly groundwater monitoring events for two years and prepare a report for each event. The professional shall recommend what additional remediation work should be done at the end of this contract. The contract will conclude on December 31, 2013.

Benefit

The State will benefit by having the severity of the contamination quantified and any migration of the contamination monitored.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 27 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the necessary assessment to determine the appropriate remediation actions.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, DECKER – Sangster Property LUST Site – Environmental Investigation
   File No. 761/12040.SAR - Index No. 44601

Recommended Assignment: Soil and Materials Engineers, Inc., Bay City; $30,000.00

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for environmental investigation services. The site is a leaking underground storage tank (LUST) site. A release of petroleum hydrocarbons was discovered during the removal of three LUSTs (i.e. diesel fuel LUST, regular leaded gasoline LUST and premium grade leaded gasoline LUST) from the site. The professional will advance ten soil borings and install five monitoring wells to determine the extent of soil and groundwater contamination, complete four groundwater quarterly monitoring and sampling and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by assessing the risk to the public to effectively abate environmental contamination and protect the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number twenty five to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site to protect the environment.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, HILLMAN – A-1 Party Mart Site – Remedial Investigation
   File No. 761/12041.SAR - Index No. 44351
   Recommended Assignment: Sagasser & Associates, Inc., Gaylord; $13,917.00

Purpose/Business Case

The purpose of this assignment is to provide environmental investigation services. The professional will install three monitoring wells to determine the extent of soil and groundwater contamination, survey the locations and elevations of the wells, complete groundwater quarterly monitoring and sampling, and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by assessing the risk to the public to effectively abate environmental contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number two to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – New Company Headquarters and Barracks Replacement
   File No. 511/08008.CAK - Index No. 11619
   That the contract for professional services with Tower Pinkster, Kalamazoo, be increased $13,804.13

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for reproduction costs unknown at the time of the original proposal.

Benefit

The State will benefit by having adequate sets of construction documents distributed to the project team including all sub-contractors.

Funding Source

100% Federal Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in coordination problems among the general contractor and sub-contractors and the professional being unreimbursed in conformance with the terms of their contract.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Combined Arms Collective Training Facility
    File No. 511/10016.CAK - Index No. 21000
    That the contract for professional services with Paradigm Design, Inc., Grand Rapids, be increased $34,577.17

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for revising the location of the project on the site after design was already complete, due to discovery of extensive unexploded ordinance at the original location.

Benefit
The State will benefit by having the project constructed in a safer area that will be less expensive than the cost of clearing the original site of existing unexploded ordinance.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in canceling an important military training facility project because the cost to clear unexploded ordinance would exceed available project funds.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, ST. LOUIS - Gratiot County Landfill Site - Investigation and Monitoring Services
File No. 761/09138.SAR - Index No. 44061
That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $71,778.00

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional technical support services with regard to the Five-Year Type I review of the landfill remedy as required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). The professional will develop an institutional control plan with restrictive covenants and provide technical assistance during the transition of the landfill operation and maintenance activities to Gratiot County. This site is still contaminated and requires continuous cleanup activities. It is anticipated that the existing collection and treatment system will continue to operate until the groundwater meets cleanup standards.
Benefit
The State will benefit by ensuring protection of the environment and complying with the environmental regulations.
Funding Source
100% Clean Michigan Initiative (CMI) Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in in not getting the professional assistance needed to comply with the environmental regulations.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, FLINT – Former Action Auto #10 Site – Perform remedial investigation to evaluate indoor VOC risks

File No. 761/10069.SAR - Index No. 44801
That the contract for professional services with Environmental Science and Technology, Inc., Lansing, be increased $54,531.19

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for monitoring the conditions at this leaking underground storage tank (LUST) site. An additional year of monitoring was deemed necessary. The professional will provide quarterly sampling of ten monitoring wells and six vapor sampling ports in the building floor and provide a monitoring report for each event, provide monthly free product recovery at the monitor wells, and prepare a risk assessment report at the end of this contract extension period. This modification shall extend the contract by one year to Dec 31, 2012.

Benefit
The State will benefit by knowing if the offsite migration of contaminants is occurring and if the contamination under the building floor slab is an unacceptable risk to building occupants.

Funding Source
100% Refined Petroleum Funds

Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification would result in not knowing if there is offsite migration of contamination and not knowing if there is unacceptable risk to occupants of the building.

REVISIONS TO CONSTRUCTION CONTRACTS

13. DEPARTMENT OF MANAGEMENT AND BUDGET, LANSING – Departments of Education & Technology, Management and Budget – Hannah Building 1st and 2nd Floor Renovation
File No. 084/11214.JRC - Index No. 00277
EVR Incorporated, Haslett; CCO No. 1, Increase $57,262.80

Purpose/Business Case
The purpose of this change order is to construct a break room, two conference rooms and four director's offices to meet operational needs.

Benefit
The State will benefit by providing the Department of Education a fully remodeled floor maximizing floor usage.

Funding Source
33.3% Agency Operating Funds – BOC
33.3% DTMB Telecommunicaitons

33.4 % Michigan Department of Education

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in a lengthy delay in completing the move and freeing up the swing space areas due to the construction on the second floor.

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – New Dining Facility
File No. 511/10350.CAK - Index No. 21000
Ripman Construction Co. Inc., St. Helen; CCO No. 3, Increase $1,559.28

Purpose/Business Case

The purpose of this change order is to include claim settlement costs approved by the DCD Director in the contract.

Benefit

The State will benefit by providing required electrical equipment that was part of the project scope but was inadvertently omitted from the contract documents during the scanning process.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in code violations due to missing egress lighting equipment.

15. DEPARTMENT OF TRANSPORTATION, ADRIAN – Adrian Maintenance Garage – Exterior Metal Wall Panel Installation Project
File No. 591/07265.AGY - Index No. 58508
J. Mason Contracting, Cement City; CCO No. 1, Increase $1,125.00

Purpose/Business Case

The purpose of this change order is to furnish and install materials for box-frame extensions at three existing supply air fan locations. The modifications are needed due to unforeseen interference with existing fan components, which could not be determined during the pre-bid site inspection.

Benefit

The State will benefit by being able to install three new supply air control dampers that will provide weather protection for the existing supply air fans.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the existing supply air fans not being properly protected from the weather, which will cause a potential fire and safety hazard.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUSKEGON – Zephyr Naph Sol Site – Installation & Operation of Groundwater and Free Product Collection System
    File No. 761/98333.AGY - Index No. 44901
    Superior Environmental Corporation, Marne; CCO No. 21, Increase $9,530.77

Purpose/Business Case

The purpose of this change order is to balance the actual quantities with contractual amounts as described in Bulletin #35. Particularly, dispose of an additional 472 gallons of free product, increase the amount of groundwater treated during the September 30, 2009 to August 8, 2011 contract period by 844 units, perform five additional static groundwater level measurement events, perform an additional NPDES permit monitoring event, provide for an additional 19 bag filter change outs, delete the final report submittal, reduce the surface restoration completion percentage by 5%, reduce the number of system performance sampling events by one, reduce the amount of groundwater treated during the September 30, 2008 to September 30, 2009 contract period by 119 units, reduce the number of monitoring wells that were installed by six, reduce the number of activated carbon reactor backwashes by 19 events, adjust Bulletin #6 for a transcription error of ten dollars, and extend the completion date from June 30, 2011 to August 7, 2011. These changes are through no fault of the contractor.

Benefit

The State will benefit by reaching the formal completion and closure of this contract.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order could result in a formal claim for unpaid services.

CORRECTED CONTRACT CHANGE ORDER AMOUNT

17. DEPARTMENT OF NATURAL RESOURCES, FAYETTE - Fort Wilkins State Park, Fanny Hooe Trail Pedestrian Bridge –Kamikaze Trail
File No. 751/08114.RAA - Index No. 51220
Danielson Contracting; CCO No. 2, Increase $2,050.00

Purpose/Business Case
The purpose of this change order is to provide correct balance to contract due to administrative error on CCO #1. The amount for change entered on the justification, should have been $4,300.00. The Director approved CCO #1 on September 16, 2011 in the amount of $2,250.00.

AMENDMENT TO AGREEMENT FOR RESPONSE ACTIVITIES

18. DEPARTMENT OF ENVIRONMENTAL QUALITY, GLADSTONE – Gladstone Creosote Site – Response Activities
File No. NA - Index No. 44251

That the amendment to the agreement dated November 6, 2007 between the State of Michigan and City of Gladstone, Gladstone, Michigan be approved for $32,000.00 to provide for environmental response activities.

Purpose/Business Case
The purpose of this amendment to the agreement is to provide operation and maintenance of the remediation system at the Gladstone Creosote Discharge Site for one year with two one year extensions. The City has been providing these services for the past three years. However, the site is still contaminated. Work includes providing all operation and maintenance services required to the remediation system functioning properly. It is anticipated that the existing remediation system will continue to operate until the site meets cleanup standards

Benefit
The benefit of this project is protection of public health and the environment. As a result of the successful response activities, hazards at this facility will be minimized and the property returned to a beneficial use.

Funding Source
100% Strategic Water Quality Initiative Funds (SWQIF)

Commitment
The cost for this amendment is fixed based on negotiation with the City of Gladstone.

Risk Assessment
Failure to approve this amendment will result in the continued presence of hazardous substance and its associated risks and public safety issues. If the operation and maintenance work is not performed, the contamination will be allowed to seep onto the beach and into Little Bay De Noc.

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES, BAY CITY – Crow Island Gaming Area – Culvert Repair under M-13
   File No. 751/11119.MNB - Index No. 86910
   Low Responsive Bidder: Utility Services Authority, LLC, Belleville; $44,000.00

Purpose/Business Case
The purpose of this contract is to repair a broken culvert under M-13, a two lane highway linking I-75 to Bay City. Overflow water from the gaming area is pumped under the highway to the Saginaw River to control the water level and prevent flooding of adjacent property.
Benefit
The State will benefit by ensuring the highway is not undermined.
Funding Source
75% Federal
25% Program Income Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the potential undermining of the highway.

2. DEPARTMENT OF NATURAL RESOURCES, CADILLAC – Carl T. Johnson Hunting & Fishing Center – Roof Replacement
   File No. 751/12030.GAG - Index No. 50790
   Low Responsive Bidder: SG Construction Services, LLC, Flint; $104,467.32

Purpose/Business Case
The purpose of this contract is to replace the existing failing asphalt shingle roof with a new standing seam metal roof and to correct the roof ventilation issue which caused the premature failure of the original shingles.
Benefit
The State will benefit by having the building envelope integrity restored. The building occupants and contents will be protected from the elements.
Funding Source
100% Park Improvement Funds
Commitment
This contract is issued pursuant to the Urban Cooperation Act of 1967 (Act 7 of 1967) allowing the State to participate in joint cooperative agreements. The National Joint Powers Alliance (NJPA) has competitively bid this job order contract. The contract cost

is fixed based on unit prices contained in the base job order contract. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in costly interior water damage repairs from impending roof leaks and possible loss of use of the facility.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Light Demo Range
   File No. 511/11319.CAK - Index No. 21000
   Recommended Responsive Proposal: Fleis & VandenBrink, Traverse City; $136,440.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for a ten station light demolition range training facility at Camp Grayling.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES, LAKE COUNTY – East Twin Creek ORV Trail Bridge – Bridge Replacement
   File No. 751/11323.RAN - Index No. 73570
   Recommended Assignment: Northwest Design Group, Petoskey; $18,384.17

Purpose/Business Case

The purpose of this assignment to this professional services contract is to provide bidding and construction administration services for the East Twin Creek Bridge Replacement. The bridge was previously designed by the PSC and recently the agency received funding for construction.

Benefit
The State will benefit by having the professional service contractor continue administering the contract through completion and controlling the quality of the building contractor's work.
Funding Source
100% Recreation Trail Improvement Grant Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, TRAVERSE CITY – Stop N Shop Site – Remedial Investigation
   File No. 761/12059.SAR - Index No. 44301
   Recommended Assignment: Global Remediation Technologies, Inc., Traverse City; $118,337.54

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation services. The site operated as a gasoline station with six underground storage tanks (USTs) with two releases discovered during their removal. The professional will conduct an environmental investigation to define the vertical and horizontal extent of contamination, perform initial response actions to protect the environment and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by assessing the risk to human health to effectively abate environmental contamination and protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, CARSON CITY – Former Crystal Refinery Site – Installation of a High Vacuum Multiphase Extraction System

File No. 761/12064.BDH - Index No. 44901
Recommended Assignment: AECOM Technical Services, Inc., Grand Rapids; $154,263.00

Purpose/Business Case
The purpose of this assignment is to provide pilot-scale testing to improve the removal of free product at extraction wells using high vacuum technology. This site is a former petroleum refinery that produced jet fuel and similar products. The site has undergone demolition and some remediation has been accomplished with federal (superfund) support. This site is now the responsibility of the State of Michigan. There is a marginally successful remediation system operating. To prepare for the pilot-scale testing, the professional will perform bail-down tests on four new and six existing wells to determine the characteristics of the wells prior to pilot testing. A subcontractor will furnish and operate a pilot-scale unit that will be on site on a temporary basis. There will be an intense 12 day run where data will be collected to determine the effectiveness and cost of this remedial alternative. The professional will provide a report of findings.
Benefit
The State will benefit by obtaining projected cost data and the technical basis for design of a new more effective full-scale remediation system.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 14 to the discretionary contract.
Risk Assessment
Failure to approve this assignment could result in having to rely on the existing remediation system to complete the work which is not cost effective and may never attain the cleanup standards required.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF NATURAL RESOURCES, LAKE COUNTY – West Twin Creek ORV Trail Bridge – Bridge Replacement
File No. 751/08162.RAN - Index No. 73550
That the contract for professional services with Northwest Design Group, Petoskey, be increased $18,384.17

Purpose/Business Case
The purpose of this assignment to this professional services contract is to provide bidding and construction administration services for the West Twin Creek Bridge Replacement. The bridge was previously designed by the PSC and recently the agency received funding for construction.

Benefit
The State will benefit by having the professional service contractor continue administering the contract through completion and controlling the quality of the building contractor's work.
Funding Source
100% Recreation Trail Improvement Grant Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

8. DEPARTMENT OF NATURAL RESOURCES, GRINDSTONE CITY – Grindstone Boat Access Site – Site Renovations
   File No. 751/09247.MNB - Index No. 59630
   That the contract for professional services with William A. Kibbe & Associates, Saginaw; be increased $1,500.00

Purpose/Business Case
The purpose of this assignment to this professional services contract is to provide additional bidding and contract document services for this project. This project was previously designed by the PSC, two year ago. Recently the agency received funding for construction requiring modifications and updates to the previously prepared bidding documents.
Benefit
The State will benefit by having the professional service contractor continue administering the contract through completion and controlling the quality of the building contractor's work.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

9. DEPARTMENT OF NATURAL RESOURCES, WHITE LAKE TOWNSHIP – White Lake Boat Access Site – New paving
   File No. 751/09406.MNB - Index No. 59120

That the contract for professional services with Professional Engineering Associates, Inc, Troy, Michigan, be increased $6,800.00

Purpose/Business Case
The purpose of this modification is to provide professional bathymetric survey services to investigate and define the riprarian intereste area boundaries for the White Lake Boat Access Site.
Benefit
The State will benefit by identifying DNR's ownership limits into White Lake.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on direct payroll basis. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not identifying the boundaries within White Lake to DNR's boat access site ingress and egress.

10. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON COUNTY – Townline Creek Bridge on Denton Connector ORV Trail – Bridge Replacement File No. 751/09473.RAN - Index No. 73550
    That the contract for professional services with C2AE, Petoskey, be increased $22,130.39

Purpose/Business Case
The purpose of this modification is to provide additional engineering and construction administration services to revise the plans and specifications. This project was previously designed by the PSC and recently received funding for construction.
Benefit
The State will benefit by having the professional service contractor continue administering the contract through completion and controlling the quality of the building contractor's work.
Funding Source
100% ORV Trail Improvement Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, CLIFFORD – Schaudt's Service Station Site – Remedial Investigation and Interim Response
File No. 761/10199.SAR - Index No. 44801
That the contract for professional services with The Mannik Smith Group, Inc., Canton, be increased $32,141.63.

Purpose/Business Case

The purpose of this modification is to provide continued sampling of monitor wells at this site. This effort will monitor the progress of the prior soil removal and chemical added to the excavation, by sampling the monitor wells on this site each quarter for up to two years and the results will be reported each quarter. The installation of up to six new monitor wells can be authorized if data gaps are discovered. This effort will be followed by a final remediation effort. To provide needed information for the final remediation design, the professional will measure the depth to the water table annually at six catch basins and in nearby storm sewer manholes during the same period.

Benefit

The State will benefit by monitoring the initial response effort that took place.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not knowing if the initial response was effective and not having important information available for the final remediation design.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, KALEVA – Red Barn Market Site – Remedial Investigation / Feasibility Study
File No. 761/11346.BDH - Index No. 44301
That the contract for professional services with The Mannik and Smith Group, Inc., Canton, be increased $45,593.36

Purpose/Business Case

The purpose of this modification is to determine if continuation of the existing air sparging/soil vapor extraction system is the proper approach for remediation at this site. This site was a retailer of gasoline. The professional shall make frequent visits to the site to collect data, maintain the equipment, observe the performance of the system, and make adjustments to the system to improve efficiency.

Benefit

The State will benefit by knowing whether to continue using this remedial approach and having operational adjustments made to maximize operational efficiency.

Funding Source

100% Refined Petroleum Funds

Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in operation of the remediation system which may not reach the remedial goals set by DEQ.

REVISIONS TO CONSTRUCTION CONTRACTS

13. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GRAND RAPIDS – Grand Rapids State Office Building – Michigan Court of Appeals Renovations
File No. 071/11108.JRC - Index No. 41101
Owen-Ames-Kimball Company, Grand Rapids; CCO No. 2, Increase $65,618.00

Purpose/Business Case
The purpose of this change order is to make additional revisions to the design to accommodate scope changes from the Court of Appeals Judges third floor suite and the upgrading of the video security cameras throughout the building.
Benefit
Moving Court of Appeals out of leased space into state owned space will allow more efficient use of the state owned building while creating cost savings by vacating an outside lease. Upgrading the security system will improve employee safety.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in lost lease savings and leave the state office building with vacant office space, plus the employee security in the building will not be up to current state standards.

14. DEPARTMENT OF TRANSPORTATION, AUBURN HILLS – Auburn Hills Maintenance Garage – Sidewalk and Site Improvements
File No. 591/07281.AGY - Index No. 58508
J B Contractors Inc., Detroit; CCO No. 2, Increase $2,072.75

Purpose/Business Case:
The purpose of this change order is to remove buried debris and footings found during the excavation, to adjust height of a cleanout, and add an additional sidewalk.
Benefit:

The State will benefit by constructing the sidewalk on the appropriate base.

Funding Source:

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment:

Failure to approve this change order could result in potental failure of the new sidewalk.

15. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, PLAINWELL – Michigan Career and Technical Institute – Dust Collection System
File No. 641/11110.CAK - Index No. 31000
DAV Carrier Group, LLC, Hickory Corners; CCO No. 3, Increase $48,552.00

Purpose/Business Case

The purpose of this change order is to replace an existing hood and exhaust fan in the Culinary Arts area and design and install corresponding structural reinforcements for existing roof framing.

Benefit

The State will benefit by having all hoods and exhaust fans in the Culinary Arts area meet current codes and reinforcing the existing structural roof framing that was determined to be undersized for the support of proposed new equipment.

Funding Source

100% ARRA Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in code violations and potential structural issues.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, SAGINAW – Former National Plate Glass Site – Operation, Maintenance and Monitoring
File No. 761/10396.SAR - Index No. 44601
Conestoga-Rovers & Associates, Inc., Kalamazoo; CCO No. 3, Increase $7,957.00

Purpose/Business Case

The purpose of this change order is to install a dedicated mixing pump to streamline the dewatering and discharge system operation as part of the operation and maintenance activities. The site has been identified by as a site of environmental contamination. The

operation of the system is needed to reduce the level of contamination at the site and reduce or eliminate the potential of spreading. The mixing pump will allow for controlling the quality of water discharged from the system. It is anticipated that the system will continue to operate until the contamination levels are below the cleanup standards.

Benefit

The State will benefit by controlling the environmental contamination and reducing the threat to the environment and human health.

Funding Source

100% Strategic Water Quality Initiatives

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential violation of contamination limits established in the permit by the City of Saginaw wastewater treatment plant.

CONTRACT CHANGE ORDER

17. DEPARTMENT OF STATE POLICE, STERLING HEIGHTS - CCO #1 for Lease #7170 approved by the State Administrative Board on August 9, 2009, between Mancini Enterprises, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of State Police, as Lessee. This CCO provides for materials and labor to install four new electrical outlets at a cost not-to-exceed $1,782.00. The space is located at 42800 Merrill Street, Sterling Heights, MI 48314.

Purpose/Business Case:

The purpose of this CCO is to pay for labor and materials needed to install four new dedicated 20-amp electrical outlets.

Benefit:

This CCO allows the State Police to use additional forensic laboratory equipment at this location for which there are presently no dedicated electrical outlets available.

Source of Funds:

100% General Funds

Commitment Level:

Present through February 28, 2015; however, this Lease contains a standard cancellation clause with 90 days notice.

Risk Assessment:

Non-approval of this CCO will hinder the Department from utilizing new forensic laboratory equipment.

Zip Code:

48314

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF ATTORNEY GENERAL, LANSING - G. Mennen Williams Building – 2nd Floor Renovations
   File No. 111/11326.JRC - Index No. 01500
   Low Responsive Bidder: Silver Star Contracting, LLC, Detroit; $19,700.00

Purpose/Business Case
The purpose of this contract is to relocate two doors and frames and add one door and frame to the 2nd floor of the Williams Building.
Benefit
The State will benefit by providing a secure and private corridor for offices occupied by attorneys and provide for better flow of adjacent office space.
Funding Source
100% General Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the ineffective use of the office space for the work being performed.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF NATURAL RESOURCES, Plainwell – Operations Service Center – Parking Lot Replacement
   File No. 751/10490.JAG - Index Nos. 25580 & 69890
   Recommended Responsive Proposal: Rowe Professional Services Co., Flint; $34,488.00

Purpose/Business Case
The purpose of this contract is to provide professional services to design revisions and replacement of the existing parking lot in order to resolve storm water management issues that have caused safety and maintenance problems. The professional services include preliminary design, final design, contract document production, bidding and construction administration.
Benefit

The State will benefit by eliminating existing storm water management problems that create unsafe pedestrian and vehicular circulation and high maintenance. The existing pavement has failed in many locations, does not drain properly and should be replaced.

Funding Source

100% DNR OPS Major Facilities Maintenance Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract could result in further deterioration of the parking lot causing high maintenance costs and unsafe conditions.

3. DEPARTMENT OF NATURAL RESOURCES, MACKINAC ISLAND – Spring Trail – Trail Upgrades
   File No. 751/11273.RAA - Index No. 72100
   Recommended Responsive Proposal: Wade Trim, Gaylord; $24,855.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and engineering services for the design of surface and structural trail upgrades and provide limited Phase 700 field inspections.

Benefit

The State will benefit by the provision of professionally prepared construction documents and field administration for trail upgrades that meet all current standards. The project will allow for safe public access enhancing the visitor experience and value of the user fee.

Funding Source

100% Natural Resources Trust Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the inability to provide professional design services for the trail upgrades that meet all required codes and safety standards and possible closing of this scenic recreational trail.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF CORRECTIONS, GRASS LAKE – Camp Waterloo Site – Phase Two Environmental Site Assessment
   File No. 472/12057.BDH - Index No. 28780
   Recommended Assignment: Soil and Material Engineers, Inc., Lansing; $8,500.00

Purpose/Business Case
The purpose of this assignment is to provide a Phase II environmental site assessment subsequent to the completed Phase I environmental site assessment. The professional will either sample or inspect the items listed in the scope of work and document the findings. The scope of work for remediation, which is the next step in the razing of this site, will rely on these findings.
Benefit
The State will benefit by having samples taken and analytical results reported for residues of suspected hazardous wastes and residues.
Funding Source
100% Maintenance Projects Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 26 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not being able to proceed with remediation and demolition of the site.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, LAKELAND – Lakeland Montessori School Site – Quarterly Groundwater Monitoring
   File No. 761/09159.SAR - Index No. 44801
   Recommended Assignment: AECOM Technical Services, Inc., Lansing; $36,506.58

Purpose/Business Case
The purpose of this assignment is to provide groundwater monitoring services. The site is a leaking underground storage tank (LUST) site. A release of petroleum hydrocarbons was discovered after the removal of three LUSTs from the site. The agency implemented remediation activities by removing a total of 1929 tons of contaminated soil and 241,500 gallons of impacted groundwater and injecting a sodium persulfate and calcium peroxide mixture at 100 injection points. The professional will conduct four groundwater quarterly monitoring and sampling events to assess the effectiveness of the remediation activities and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by ensuring protection of the environment and assessing the effectiveness of the abatement measures.
Funding Source
100% Refined Petroleum Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number fifteen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to comply with the environmental regulations and to protect the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – State Laboratory – New Elevator
   File No. 071/11028.RMP - Index No. 44308
   That the contract for professional services with Straub Pettitt Yaste Architects, Clawson, be increased $1,150.00

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for phase 500 services as a reimbursable expense. The Professional has paid plan review fees and submitted the plans and specification to the Bureau of Construction Codes for approval.

Benefit

The State will benefit by receiveing approved plans and specifications for construction

Funding Source

100 % Agency Operating Funds - BOC

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in professional not being compensated for reimburasable expense paid for plan review fees.

7. DEPARTMENT OF COMMUNITY HEALTH, CARO – Caro Center – Heating System Decentralization
   File No. 391/09064.DCS - Index No. 40000
   That the contract for professional services with DiClemente Siegel Design, Inc., Southfield, be increased $7,680.74

Purpose/Business Case

The purpose of this modification is to provide for the installation of a new grounding system to serve Building No. 27 within the Caro Center. Electrical Service to Building 27 was not part of the original scope and was discovered during construction. With the heating system decentralization underground piping installations, the existing electrical

service for Building No. 27 required relocation. After relocation of the electrical service was completed, additional engineering to provide a code compliant grounding system is also required.

Benefit

The State will benefit by obtaining the required professional construction documents for a code compliant grounding system.

Funding Source

100% DCH Lease Revenue Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in a continued noncompliant electrical grounding system for this building.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, LAKE ANN – B&M Party Store Site – Treatment System Operation and Maintenance
   File No. 761/06158.SAR - Index No. 44301
   That the contract for professional services with Global Remediation Technologies, Inc., Traverse City, be increased $5,271.00

Purpose/Business Case

The purpose of this modification is to provide an additional year of operation of the air sparging/soil vapor extraction system for a particular portion of this site. This location once was a retailer of gasoline. Part of the air sparging/soil vapor extraction system was shut down last year because remediation goals were met, but they have not yet been met in this particular area. The continued operation is needed to minimize the risk of exposure of nearby residents to gasoline vapors and to protect Lake Ann from contaminated groundwater seepage. The professional shall make necessary repairs, take all required air and water samples to comply with permits, provide submittals for those permits, provide monthly reports, and provide an annual report at the end of the operating year. This modification also allows for an increase in the reimbursement for the required bonding.

Benefit

The State will benefit by removal of additional contamination from this site which will reduce the exposure risk of local residents and will reduce the amount of contamination reaching Lake Ann.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in an interruption of the operation of the remediation system which may lead to an unacceptable risk to public health and the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Construction and Testing Building – Resurface Parking Lot
File No. 071/11493.RMP - Index No. 44210
Reith-Riley Construction Company, Inc., Big Rapids; CCO No. 2, Increase $3,397.00

Purpose/Business Case
The purpose of this change order is to furnish labor, material, and equipment to remove and replace 77 square yards of asphalt paving and improve the subsurface condition in three areas. Portions of parking lots "A", "B," and "C" need to be removed and replaced due to the discovery of soft ground and high ground water at these locations. The contractor will install additional crushed stone material to correct the subsurface conditions, allowing for a durable paved surface.
Benefit
The State will benefit by preventing cracking, extending the pavement life, as well as improving the parking lot surface.
Funding Source
100% Building Occupancy Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the DOT Engineers. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the inability to correct the sub-surface of the parking lot causing cracking, higher maintenance costs, and a reduced surface life.

10. DEPARTMENT OF MILITARY & VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge Armory – Construct Arms Vault
File No. 511/11265.AGY – Index No. 13992
44th Street Construction LLC, Grand Rapids; CCO No. 1, Increase $5,878.39

Purpose/Business Case

The purpose of this change order is to modify the specified wire mesh partitions to meet the requirements of the National Guard Bureau for security, and to extend the contract completion date by 13 calendar days.

Benefit

The State will benefit by meeting National Guard Bureau security requirements for arms storage.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor based on unit price line items. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the State not meeting the National Guard Bureau's requirements for security.

11. DEPARTMENT LICENSING AND REGULATORY AFFAIRS, KALAMAZOO – Michigan Commission for the Blind - Training Center
File No. 641/10191.BDW - Index No. 36401, 36402
Mavcon Services of Michigan, LLC, Kalamazoo; CCO No. 8, Increase $97,988.39

Purpose/Business Case

The purpose of this change order is to provide for additional work to accommodate unknown field conditions, removal of the covered structure over transformer, as required by Consumers Energy, addition of Ballast Load Transfer Control (BLTC) relays required by code officials, additional steel support for existing/proposed roofing connections. Additional work was also added to accommodate power and network connections for proposed site furniture.

Benefit

The State will benefit by having a complete project for use by the Commission Staff and residents.

Funding Source

78.7% Federal - Rehabilitation Services Administration
21.3% General Fund

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in utility noncompliance, and lack of necessary amenities for a facility housing the visually impaired.

12. DEPARTMENT OF NATURAL RESOURCES, COPPER HARBOR – Fort Wilkins State Park – Fanny Hooe Trail Pedestrian Bridge
File No. 751/08114.RAA - Index No. 51220
Danielson Contracting; CCO No. 3, Increase $34,600.00

Purpose/Business Case
The purpose of this change order is to provide removal of the existing bridge at the site and additional Americans with Disabilities Act (ADA) compliant trail surface gravel to enhance safety and use of the new bridge and trail.
Benefit
The State will benefit by enhanced safety and viewing at the new bridge site.
Funding Source
100% Federal Trail Grant Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in safety and access issues at the new bridge and viewing site.

13. DEPARTMENT OF NATURAL RESOURCES, COPPER HARBOR – Fort Wilkins State Park - Kamikaze Trail – Pedestrian Bridge
File No. 751/08114.RAA - Index No. 51220
Danielson Contracting; CCO No. 3, Increase $13,000.00

Purpose/Business Case
The purpose of this change order is to provide additional bridge approach trail gravel and grading per a DNR-requested scope change.
Benefit
The State will benefit by provision of safe accessible access to the new bridge site providing an enhanced visitor experience.
Funding Source
100% Federal Trail Grant Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in limited access for visitors to the new bridge site and viewing of Kamikaze Creek.

AMENDMENT TO AGREEMENT FOR VEGETATION CLEARING

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Training Center Site – Vegetation Clearing
File No. 511/11180.SAR - Index No. 21000

That the amendment to the agreement dated April 8, 2011, between the State of Michigan and Huron Pines Resource Conservation and Development Area Council, Inc., Grayling, Michigan, be approved for $44,000.00 to provide for vegetation clearing services.

Purpose/Business Case

The purpose of this amendment is to provide additional vegetation removal and mulching at 37 artillery firing points at Range 40. The standard size of each Firing Point (FP) cleared area will be approximately 150 Meters (492 feet) deep, in the direction of fire by 175 meters (574 feet) wide, perpendicular to the line of fire for an area of approximately 6.5 acres each. Huron Pines RC&D is a 501(c) (3) not-for-profit organization with experience in conservation and restoration projects. Numerous artillery firing points at Range 40 have become overgrown with small trees and shrubs.

Benefit

The benefit of this project is to meet standards for using the Range as artillery firing points.

Funding Source

100% Federal - National Guard Bureau Environmental Conservation Funds

Commitment

The total cost for this agreement is fixed based on that which was negotiated with Huron Pines RC&D.

Risk Assessment

Failure to approve this amendment will result not getting the assistance needed to clear the overgrown vegetation, therefore not meeting artillery firing points' standards.

CONTRACT CHANGE ORDER

15. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, ADRIAN - CCO No. 1 for Lease No. 7225 approved by the State Administrative Board on September 6, 2005, between Lenawee County, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Licensing and Regulatory Affairs, as Lessee. This CCO provides for reconfiguration of a waiting room/reception area at a cost not-to-exceed $13,037.20. The space is located at 1040 South Winter Street, Adrian, MI 49221.

Purpose/Business Case

The purpose of this Contract Change Order (CCO) is to reconfigure the internal walls, windows, doors and other fixtures of the customer waiting room/ reception area.

Benefit

This CCO allows for greater staff security and privacy and clearly defines the restricted access areas of the work environment.

Funding Source

100% Federal Funds

Commitment

Present through October 31, 2015; however, this Lease contains a Standard cancellation clause with 120 days' notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from providing staff at this location with a secure work environment and from ensuring appropriate privacy for both staff and customers.

16. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, DETROIT - CCO No. 3 for Lease No. 11427 approved by the State Administrative Board on February 2, 2010, between Samaritan Center Inc., as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Licensing and Regulatory Affairs, as Lessee. This CCO provides for wall removal and new carpeting at a cost not-to-exceed $13,320.69. The space is located at 11457 Shoemaker, Detroit, MI 48213.

Purpose/Business Case

The purpose of this CCO is to provide for installation of new carpet and removal of some interior walls at the Leased Premises.

Benefit

This CCO allows the Agency to convert three small classrooms into one large room which will allow more students to be trained at any one time. The new carpet installation allows the agency to use new carpeting it has already acquired.

Funding Source

100% Federal Funds

Commitment

Present through April 30, 2020; however, this Lease contains a Standard cancellation clause with 90-days' notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from training students as efficiently as it otherwise could and from using carpeting valued at $15,365.00 which it has already purchased.

17. DEPARTMENT OF STATE, TRENTON - CCO No. 1 for Lease No. 10818 approved by the State Administrative Board on May 18, 2010, between Trafford Square Limited Partnership, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State (DOS), as Lessee. This CCO provides for installation of new electrical outlets, light switches and data/telecom ports at a cost not-to-exceed $871.40. The space is located at 3040 Van Horn Road, Trenton, MI 48183.

Purpose/Business Case
The purpose of this CCO is to facilitate installation of new electrical outlets, light switches and data/telecom ports in and around the regulatory Agent Office at the leased premises
Benefit
This CCO allows DOS to transfer field staff from Cadillac Place into existing DOS offices for more efficient coverage of assigned geographic areas but with less travel time.
Funding Source
49.8% TACF
18.9% Auto Repair Facilities Fees
12.3% Driver Fees
9.4% Re-Installment Fees
6.1% Vehicle Theft Prevention
1.4% Notary
1% General Fund
0.5% PI Card Fees
0.3% Driver Ed. Instructor Fees.
0.2% Expedient Service Fees
0.1% Parking Ticket Court Fines
Commitment
Present through September 30, 2015; however, this Lease contains a Standard cancellation clause with 90 days' notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from improving its response time to a growing volume of auto repair complaints for which responses by DOS are legally required, slower auto repair fraud prosecutions and unnecessary staff travel costs.

18. MICHIGAN STATE POLICE, LANSING - CCO No. 6 for Lease No. 10261 approved by the State Administrative Board on December 30, 1996, between Lansing DHS, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Michigan State Police (MSP), as Lessee. This CCO provides for materials and labor to expand and enhance the evidence storage locker at a cost not-to-exceed $4,930.20. The space is located at 4000 Collins Road, Lansing MI 48910.

Purpose/Business Case
The purpose of this CCO is to upgrade the evidence locker doors to fire-rated doors with a new keypad lock and to install occupancy sensors in the leased premises.
Benefit
This CCO allows the MSP to safely centralize its evidence storage capacity and capability, thus making more efficient use of space at this MSP facility and others.
Funding Source

100% General Funds

Commitment

Present through February 29, 2016; however, this Lease contains a standard cancellation clause with 90 days' notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from centralizing its evidence storage functions efficiently and may delay full implementation of MSP's regional policing plan which relies on that efficiency.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES, CLARE COUNTY – Fur Farm Bridge Over Floodwood Creek – Bridge Replacement
   File No. 751/11322.RAN - Index No. 75710
   Low Responsive Bidder: Miller Development, Inc., Weidman; $198,690.00

Purpose/Business Case

The purpose of this contract is to replace a 30 year old multi-use trail bridge. The bridge is made of old power poles, with no retaining walls, allowing sand and sediment to fall through into the stream below. In addition, the embankments need to be stabilized due to erosion. The bridge is neither safe for vehicles in excess of 13,000 pounds nor wide enough to accommodate grooming equipment.

Benefit

The State will benefit by providing safe, unrestricted passage on this portion of the multi-use trail.

Funding Source

100% Recreation Trail Grant Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract may result in bridge failure and permanent closure of this section of the heavily used ORV/snowmobile trail.

2. DEPARTMENT OF NATURAL RESOURCES, LAKE COUNTY – Little Manistee Trail Over East Twin Creek – Bridge Replacement
   File No. 751/11323.RAN - Index No. 73570
   Low Responsive Bidder: John Henry Excavating, Inc., East Tawas; $193,430.00

Purpose/Business Case
The purpose of this contract is to replace a 30 year old multi-use trail. The bridge surface is made of wooden planks and allows sand and sediment to fall through into the stream below. In addition, the embankments need to be stabilized due to erosion. The bridge is unsafe for fire emergency vehicles.
Benefit
The State will benefit by providing safe, unrestricted passage on this portion of the multi-use trail.
Funding Source
100% Recreation Trail Improvement Grant Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract may result in bridge failure and permanent closure of this section of the heavily used ORV/snowmobile trail.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF NATURAL RESOURCES, ROCKWOOD – Pointe Mouillee State Gaming Area – Water Controls
   File No. 751/11274.MNB - Index No. 87900
   Recommended Responsive Proposal: Nowak & Fraus Engineers, Pontiac; $49,112.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents to restore existing levees and build up new levees to act as water controls to manage aquatic life in the state gaming area.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process and contract administration services through construction.
Funding Source
100% Great Lakes Fish and Wild Life Grant Funds
Commitment
The professional service contractor (PSC) was selected through a competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF COMMUNITY HEALTH, CARO – Caro Center – Water Tower Renovations
   File No. 391/11373.RAN - Index No. 40000
   Recommended Assignment: Dixon Engineering, Inc., Lake Odessa; $23,695.00

Purpose/Business Case
The purpose of this assignment is to provide for construction document preparation, bidding assistance and construction contract administration for renovations of Caro Center's elevated water tower. The renovations are required based on an inspection, previously performed by Dixon Engineering.
Benefit
The State will benefit by having professionally prepared construction documents ready for bidding and construction administration. This will insure all materials and methods used are in compliance with the documents. By assigning this project to the PSC, which did the original inspection of the tower, the State will save money and time.
Funding Source
100% Agency Operating Funds - Restricted
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the documents required for the competitive bidding process.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, GAINES TWP – Dutton Mill Properties Site – Remedial Investigation and Design Services
   File No. 761/12072.SAR - Index No. 44901
   Recommended Assignment: Fishbeck, Thompson, Carr & Huber, Inc., Grand Rapids; $187,988.49

Purpose/Business Case
The purpose of this assignment is to provide for remedial investigation and design services. The site operated as a gasoline station and convenience store. Releases of free-phase petroleum hydrocarbons were discovered at the site. These releases have contaminated the site's soil and groundwater. The professional will conduct an environmental investigation to define the vertical and horizontal extent of contamination,

perform remedial evaluation and design, provide construction oversight, and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by assessing the risk to human health, to effectively abate environmental contamination, and protect the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite-scope, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the contamination to protect the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, SOUTH LYON – Leon Bonner Property – Groundwater Sampling, Free Product Monitoring and In-Situ Groundwater Treatment Evaluation
   File No. 761/12073.BDH - Index No. 44801
   Recommended Assignment: Bureau Veritas North America, Inc., Novi; $83,690.90

Purpose/Business Case

The purpose of this assignment is to provide services for monitoring and assessing this leaking underground storage tank (LUST) site. The professional will measure the level in 26 monitor wells, gauge the thickness of free product in 13 wells, and report the findings every month, for two years. The professional will sample the groundwater at 22 wells every quarter for two years and provide tentative findings by May 1, 2012. These monitoring activities will conclude in September, 2013. The professional will do an evaluation to assess the potential success of adding an oxygen-releasing compound to certain monitor wells to destroy organic contaminants.

Benefit

The State will benefit by assessing the effectiveness of the abatement measures already applied and gain a recommendation concerning the potential success of the remediation measure planned for the future.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 1 to the indefinite-scope, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, BATH – Ackel's Car Care Site – Environmental Investigation
   File No. 761/12074.SAR - Index No. 44810
   Recommended Assignment: PM Environmental, Inc., Lansing; $26,981.00

Purpose/Business Case

The purpose of this assignment is to provide for environmental investigation services. The site is a former gasoline station with leaking underground storage tanks (LUST). Previous investigation confirmed the presence of free product and petroleum contamination in the soil and groundwater. Vapors of petroleum contamination from the subsurface require investigation to comply with environmental regulations. The professional will evaluate vapor intrusion to indoor air pathway and recommend abatement measures.

Benefit

The State will benefit by assessing the risk to human health to effectively abate environmental contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, PAW PAW – Commercial Street Industrial Area (Paw Paw Plating) Site – Building Demolition
   File No. 761/12075.SAR - Index No. 44501
   Recommended Assignment: AECOM Technical Services, Grand Rapids; $69,948.00

Purpose/Business Case

The purpose of this assignment is to provide for building demolition services. The site is a former electroplating and metal processing facility. The professional will provide waste survey, building inspection, bidding documents, construction oversight, and reporting.

Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive bid process, and contract administration services through demolition.
Funding Source
100% Strategic Water Quality Initiative (SWQI) Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not having plans and specifications to competitively bid the demolition of the buildings.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, COLON – Decker Service Site – Soil and Groundwater Investigation
   File No. 761/12076.BDH - Index No. 44501
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $19,250.77

Purpose/Business Case
The purpose of this assignment is to provide evaluation of this leaking underground storage tank (LUST) site. The professional will assess the extent of contamination and determine the suitability of the existing monitoring wells, with respect to where well screens are, in relation to water table. The professional will re-survey the site, sample all existing monitor wells, perform soil borings, obtain two samples from each boring, perform five vertical profile soil borings, and use the borings to sample groundwater at five-foot intervals. A grab sample of water from the pond to the north will also be obtained. The professional will provide a report of findings by spring of 2012.
Benefit
The State will benefit by obtaining up-to-date information about the extent of contamination so remedial measures can be enacted in the next phase.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 19 to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the contamination.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, STEPHENSON – Jack's Mobil Site – Investigation and Remediation Design Services
    File No. 761/12077.SAR - Index No. 44351

Recommended Assignment: Wilcox Professional Services, LLC, Cadillac; $48,913.50

Purpose/Business Case

The purpose of this assignment is to provide environmental investigation and remedial design services. The site has been identified by the agency as a site of environmental contamination. The professional will conduct soil and groundwater investigation to determine the extent of contamination, develop plans and specifications for removal of contamination, provide construction oversight during soil excavation activities, and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by assessing the risk to human health to effectively abate environmental contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number two to the indefinite-scope, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

11. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE - Various Buildings, State Secondary Complex - Building Automation System HVAC Upgrades
File No. 071/10098.JNS - Index No. 02031
That the contract for professional services with Byce and Associates, Inc., Kalamazoo, be increased $8,832.88

Purpose/Business Case

The purpose of this modification is to provide professional services to provide bulletin documents for the addition of a new JACE 200 with a Siemens Sys600 driver at the General Office Building to allow the integration of points from the Siemens HVAC equipment within the building. The proposed integration, in combination with BAS upgrades and energy sub-metering integration, will allow the State to make the most efficient use of building mechanical systems at these facilities.

Benefit

The State will benefit by having professionally prepared bulletin documents for the construction contractor to provide change order pricing as well as direction for proposed changes in the work.

Funding Source
100% ARRA Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the bulletin documents required for contractor pricing.

12. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, PLAINWELL – Michigan Career and Technical Institute – Exterior Opening Replacement
File No. 641/10005.CAK - Index No. 31000
That the contract for professional services with Materials Testing Consultants, Inc, Grand Rapids, be increased $6,640.00

Purpose/Business Case
The purpose of this modification is to provide for testing, construction administration and on-site hygiene services for asbestos clean-up.
Benefit
The State will benefit by testing materials, suspected of containing asbestos, which will impact demolition procedures, and having consulting experts providing full time, on-site monitoring of additonal environmental remediation activities.
Funding Source
100% ARRA Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in demolition of building components, potentially containing hazardous material, taking place in occupied areas without on-site supervision and air monitoring.

13. DEPARTMENT OF NATURAL RESOURCES, DETOUR – Detour State Harbor - Addition Renovation and Improvements
File No. 751/04081.RAA - Index No. 52230
That the contract for professional services with United Design Associates, Cheboygan, be increased $19,945.58

Purpose/Business Case
The purpose of this modification is to provide additional phase 500, 600, and 700 services to provide revisions necessary to expand the Harbormaster and staff offices.

Benefit
The State will benefit by having professionally prepared bulletin documents to provide change order pricing as well as direction for proposed changes in the work.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the bulletin documents required for contractor pricing.

14. DEPARTMENT OF ENVIRONMENTAL QUALITY, NORTHVILLE – Cal's Car Care Site – Environmental Investigation and Free Product Recovery Services
File No. 761/09314.SAR - Index No. 44701
That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $48,838.00

Purpose/Business Case
The purpose of this modification is to provide for additional investigative services. Because of planned redevelopment at this site, the severity and extent of contaminant vapors, in the soil, above the water table, need to be known. This site was a former gasoline retailer and dry cleaners. The professional will sample all monitor wells and install nested soil vapor monitoring points. The monitoring points will be sampled quarterly for a year. Analytical results and findings will be reported.
Benefit
The State will benefit by gaining knowledge about contaminant vapors in soil at and near the site so remediation can be instituted if needed.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in contaminant vapors remaining in the soil at concentrations that could endanger the public and environment.

15. DEPARTMENT OF ENVIRONMENTAL QUALITY, REED CITY – Andy's Standard – Groundwater Monitoring
File No. 761/10307.SAR - Index No. 44301
That the contract for professional services with The Mannik & Smith Group, Inc., Canton, be increased $64,243.90

Purpose/Business Case
The purpose of this modification is to provide for a focused feasibility study and pilot study services. Previous investigations have confirmed the presence of a dissolved phase petroleum groundwater plume at the site. A groundwater treatment system was installed at the site to control downgradient plume and clean up the contamination. The professional will evaluate in situ chemical oxidation and air sparging, as remedial options to address remaining contamination.
Benefit
The State will benefit by effectively mitigating the risk of unacceptable exposures to contamination and complying with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to effectively mitigate unacceptable risks to human health and the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

16. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING
– Van Wagoner Building - 1st and 2nd Floors Renovation
File No. 071/09436.FAR - Index No. 44106
KEO and Associates, Inc., Detroit; CCO No. 10, Increase $9,345.00

Purpose/Business Case
The purpose of this change order is to adjust and balance dampers on floors 2 through 4 and redirect air flow to the first to resolve air loss issues. In addition, the contract completion date is being extended 15 days.
Benefit
The State will benefit by completing this portion of the project and having the air temperature system operate properly.
Funding Source
70% Agency Operating Funds - BOC
30% MDOT Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in the inability to provide reasonable temperature control within the building spaces.

17. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility - Unit B, Phase II Alterations - West Administration Building
File No. 472/08363.RAN - Index No. 59110
B and B Construction Services, LLC, St. Clair Shores; CCO No. 1, Increase $19,924.00

Purpose/Business Case
The purpose of this change order is to relocate new ductwork around an existing firewall, remove and replace existing flooring with new Vinyl Composite Tile (VCT), and add mechanical access doors to the ceilings in several rooms in the women's health care facility.
Benefit
The State will benefit by complying with code requirements, replacing existing damaged flooring, and providing access to valves above the ceiling.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the renovations not being completed causing delays in administration of health care to the prisoners.

18. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Integrated Security Management System
File No. 591/04003.JAN - Index No. 27000
P3 Construction, Inc., Detroit; CCO No. 1, Increase $8,839.00

Purpose/Business Case
The purpose of this change order is to provide six 3-inch Electrical Metallic Tubing (EMT) conduits from the roof to Server Room A133 and an additional cable tray below the ceiling for a future roof mounted communication system required by the State Police and the Michigan Intelligent Transportation (MITS) Center. This work will protect the integrity and warranty of the new roof.
Benefit
The State will benefit by having the necessary conduit runs completed during this phase of construction for future work.
Funding Source

100% Restricted Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in duplication of work and expenses and causing disruption to the completed work during the future phase.

19. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, KALAMAZOO – Michigan Commission for the Blind – Training Center
File No. 641/10191.BDW - Index No. 36402
Mavcon Services of Michigan, LLC, Kalamazoo; CCO No. 10, Increase $73,914.00

Purpose/Business Case

The purpose of this change order is to provide for additional work to correct unforeseen field conditions. Demolition of ceiling for installation of new HVAC components exposed improper materials and routing of exhaust serving a number of kitchen components. The additional work will provide the correct exhaust hood equipment and associated rooftop modifications. As a result of kitchen upgrades being added to the project, grease traps and associated sanitary waste lines, fire suppression and electrical modifications are also required. The State of Michigan Mechanical Code Inspector will not provide an unconditional approval to the facility without these modifications.

Benefit

The State will benefit by having an occupancy permit to use the kitchen facilities at the completion of the project for use by the Commission Staff and residents.

Funding Source

78.7% Federal - Rehabilitation Services Administration
21.3% General Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by Design and Construction Division. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in inability to use the kitchen.

20. DEPARTMENT OF NATURAL RESOURCES,COPPER HARBOR – Lac LaBelle State Park and Harbor – Dock Improvements
File No. 751/08115.RAA - Index No. 51230
Thomas J. Moyle Inc. Houghton; CCO No. 7, Increase $57,490.00

Purpose/Business Case
The purpose of this change order is to provide additional pile length and splices included in the negotiated settlement with the contractor.
Benefit
The State will benefit by resolving contractual issues and avoiding potential litigation.
Funding Source
100% Waterway Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in potential litigation.

CONTRACT CHANGE ORDER

21. DEPARTMENT OF STATE, TRAVERSE CITY - CCO No. 3 for Lease No. 10031 approved by the State Administrative Board on September 27, 2005, between Blair Plaza, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State, as Lessee. This CCO provides for build out of new office space within the existing building at a cost not-to-exceed $16,631.45. The space is located at 1759 Barlow, Traverse City, MI 49684.

Purpose/Business Case
The purpose of this CCO is to add one floor-to-ceiling walled office for use by a Driver Assessment Agent.
Benefit
This CCO will enable the agency to cancel current Lease No. 10933 for an annual savings of over $12,902.40 (plus utility charges) and make more efficient use of available space at the subject location.
Funding Source
TACF 49.8%
Auto Repair Facilities Fee 18.9%
Driver Fees 12.3%
Re-Installment Fees 9.4%
Vehicle Theft Prevention 6.1%
Notary 1.4%
General Funds 1%
PI Card Fees 0.5%
Driver Ed. Instructor Fees 0.3%
Expedient Service Fees 0.2%
Parking Ticket Court Fines 0.1%

Commitment
Present through March 19, 2016; however, this Lease contains a Standard Cancellation Clause with 90 days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from realizing the cost savings from cancelling Lease No. 10933.
Zip Code
49684

December 9, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES, LAPEER & HOLLY – Lapeer State Gaming Area and Holly Recreational Area – Cold Storage Buildings
   File No. 751/10366.BDW - Index Nos. 87940 – Lapeer, 87950 - Holly
   Low Responsive Bidder: Quality Built Pole Building, Bay City; $69,681.00

Purpose/Business Case
The purpose of this contract is to construct a cold storage building at each location to house wildlife division equipment. This work will allow the equipment to be protected from the elements.
Benefit
The State will benefit by extending the useful life of the equipment and providing secure storage.
Funding Source
100% Federal Fish and Game Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in division equipment continuing to be stored outside, exposed to the elements and subject to vandalism or theft.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF NATURAL RESOURCES, DETROIT – George E. Milliken State Park & Harbor – Master Plan & Trail
   File No. 751/11283.MNB - Index No. 99082

Recommended Responsive Proposal: JJR, LLC, Ann Arbor; $219,643.42

Purpose/Business Case
The purpose of this contract is to prepare preliminary master plans for the Milliken State Park and continue with final design and construction plans and specifications for the trail.
Benefit
The State will benefit by having master plans for the park and having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction for the trail.
Funding Source
68% Michigan Natural Resources Trust Funds
12% Community Foundation for SE Michigan Greenways Grant Funds
11% Parks Improvement Funds
9% Coastal Zone Management Grant Funds
Commitment
The contract cost is fixed based on competitive proposals. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in not having a master plan for the park nor the documents required for the competitive bidding process.

3. DEPARTMENT OF NATURAL RESOURCES, MACKINAC ISLAND – Governor's Summer Residence – Reroofing
File No. 751/12069.RAA - Index No. 53010
Recommended Responsive Proposal: HopkinsBurns Design Studio, Ann Arbor; $51,730.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the re-roofing of the Governor's summer residence.
Benefit
The State will benefit by obtaining a historically appropriate design, materials selection, competitive bids, and construction administration for the reroofing of this publicly-owned historic structure.
Funding Source
100% Restricted Funds
Commitment
The contract cost is fixed. HopkinsBurns was selected by others, in a previous process as a portion of a larger project. This portion of the project was assigned to the Department of Natural Resources and therefore the professional's work was also assigned to the state. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process nor administration and quality control services necessary to ensure compliance with the contract documents.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, TRAVERSE CITY – Four Corners Site – Remedial Investigation and Design Services
   File No. 761/11149.BDH - Index No. 44301
   Recommended Assignment: Gosling Czubak Engineering Services, Inc., Traverse City; $114,460.00

Purpose/Business Case
The purpose of this assignment is to provide remediation at four sites at the intersection of South Division and West Front Streets. These four sites are leaking underground storage tank sites (LUSTs) and have gasoline contamination in soil and groundwater. The professional will perform a limited remedial investigation to aid in the design of a free product extraction system. This investigation will include the installation and development of new monitor wells. A Remedial Investigation Report will be produced and serve as the design basis for a multiphase extraction system. Following a review of this report, the professional will design the system, bid the construction and operation of the system, oversee construction and operation of the system, provide monthly operating reports, and assist the DEQ with public relations related to this effort. This contract will conclude on July 31, 2013.
Benefit
The State will benefit by having free product and related gasoline contamination removed from these sites.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 1 to the indefinite- scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at these sites.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, BYRON CENTER – New Salem Grocery Site – Remedial Investigation and Oversight of Soil Removal

File No. 761/12079.BDH - Index No. 44501
Recommended Assignment: DLZ Michigan, Inc., Lansing; $41,181.76

Purpose/Business Case
The purpose of this assignment is to provide a limited remedial investigation and remedial action at this leaking underground storage tank (LUST) site. The professional will determine the extent of soil and groundwater contamination by performing soil borings, prepare bid documents to procure a contractor to remove and dispose of selected soil, bid the work, oversee the work, and provide a summary report to document the remedial action. This effort will conclude August 31, 2012.
Benefit
The State will benefit by having contaminated soil removed from this site.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 20 to the indefinite- scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, TRAVERSE CITY – Lakeside Resort and Party Store Site – Remedial Investigation
File No. 761/12080.SAR - Index No. 44301
Recommended Assignment: The Mannik & Smith Group, Inc., Canton; $60,708.44

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation services. The site is a leaking underground storage tank (LUST) site. A release of petroleum hydrocarbons was discovered during the removal of two underground storage tanks (USTs). The professional will advance soil borings and install four monitoring wells to determine the extent of soil and groundwater contamination and prepare feasibility study to comply with the environmental regulations.
Benefit
The State will benefit by assessing the risk to the public to effectively abate environmental contamination and protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number twenty nine to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE - Various Buildings, State Secondary Complex - Building Automation System HVAC Upgrades
   File No. 071/10098.JNS - Index No. 02031
   That the contract for professional services with Byce and Associates, Inc., Kalamazoo, Michigan, be increased $7,983.85

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for steam meter sizing at 13 Secondary Complex buildings. The work includes reviewing existing drawings for steam equipment and capacities at each building; completing a site survey to document existing conditions necessary to confirm/adjust steam capacity at each building; creating a steam usage chart by building showing all current loads and meter sizes; providing recommended meter sizing based on current steam loads; and issuing a bulletin to MKC Group incorporating steam meter recommendations. Installation of properly sized steam meters along with energy sub-metering integration will allow the State to make the most efficient use of building mechanical systems at these facilities.

Benefit

The State will benefit by having steam meters sized to match current steam loads in each building

Funding Source

100% ARRA Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in a continued inability of DTMB to accurately monitor steam usage at the Secondary Complex Buildings.

8. DEPARTMENT OF NATURAL RESOURCES, CLARE COUNTY – Fur Farm Bridge Over Floodwood Creek – Bridge Replacement
   File No. 751/06278.RAN - Index No. 75710

That the contract for professional services with Williams & Works, Grand Rapids, be increased $20,590.45

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for bidding assistance and construction contract administration for the Fur Farm Bridge Replacement. The bridge was previously designed by the PSC and recently the DNR has received funding for construction.
Benefit
The State will benefit by having continuity from the original design to the Construction Administration. The State will also benefit by ensuring all materials being used in construction are in compliance with specifications and that the construction contract will be administered accurately.
Funding Source
100% Recreational Trail Improvement Grant Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve a PSC will also result in the lack of professional administration of the construction contract.

REVISIONS TO CONSTRUCTION CONTRACTS

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Upgrade Communications PH4
File No. 511/09208.AGY – Index No. 21000
AmComm Telecommunications, Inc., White Lake; CCO No. 3, Increase $18,036.05

Purpose/Business Case
The purpose of this change order is to upgrade the telecommunications and fiber optic wiring on the post. The upgrade is needed to provide additional capacity needed at the Urban Assault Range and the Live Fire Shoot House.
Benefit
The State will benefit by providing communications and data service to the new facilities.
Funding Source
100% Federal Funds

Commitment
The change order costs are fixed actual costs provided by the construction contractor. The change order cost is within the authorized budget.
Risk
Failure to approve this change order will result in not having sufficient communication capacity for the new facilities.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, WEST MICHIGAN ARMORIES – Grand Ledge, Wyoming and Montague – Shop Repairs
File No. 511/10340.MNB - Index No. 26000
Bultsma Construction, Byron Center; CCO No. 5, Increase $777.00

Purpose/Business Case
The purpose of this change order is to provide performance and payment bonds. These bonds were not included in the bid documents but are required to protect the State's interests.
Benefit
The State will benefit by having performance and payment bonds in place for this project.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential legal exposure to the State in the event of a default.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, STURGIS – Payless SuperAmerica Site – AS/SVE System Construction/Installation and O&M
File No. 761/09463.RRD - Index No. 44501
Nova Consultants, Inc., Novi; CCO No. 2, Increase $42,100.00

Purpose/Business Case
The purpose of this change order is to continue to provide operation and maintenance (O&M) services of the soil vapor extraction/air sparge (SVE/AS) treatment system for an additional 12 months. The site is a former gasoline service station and groundwater is still contaminated with petroleum constituents requiring additional environmental remediation to comply with the environmental regulations. It's anticipated that the system will continue to operate until the site is fully remediated.
Benefit

The State will benefit by remediating the environmental hazards to protect the environment and prevent the contamination from spreading.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in shutting down the remediation system, leaving known contaminated soil and groundwater on site that may pose a substantial threat to public health and the environment.

CONTRACT CHANGE ORDER

12. DEPARTMENT OF CORRECTIONS, MUSKEGON - CCO #2 for Lease #6651 approved by the State Administrative Board on September 4, 2007, between Gettyridge Limited Partnership (subsequently succeeded by Kalamazoo Probation Enhancement Program) as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of Corrections, as Lessee. This CCO provides for recarpeting of offices and a conference room at a cost not-to-exceed $13,805.40. The space is located at 985 E. Barney Ave., Muskegon, MI, 49444.

Purpose/Business Case:

The purpose of this CCO is to recarpet offices and a conference room used by parole/probation officers.

Benefit:

This CCO allows the agency to replace existing carpet which is worn out, stained and rippled presenting a potential trip hazard. The new carpet will match other carpet recently installed elsewhere in the leased premises. The Lessor has offered to repaint the subject rooms if the State installs the carpet.

Source of Funds:

100% General Fund

Commitment Level:

Present through 12-31-2021; however, this Lease contains a standard cancellation clause with 90 days notice.

Risk Assessment:

Non-approval of this CCO will hinder the Department from providing flooring that is clean, safe and which contributes to a professional workplace appearance.

Zip Code:

49444

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Austin Building 4TH Floor – Traverse Bay Data Center Upgrades
   File No. 084/12082.SJU - Index No. 85705
   Low Responsive Bidder: HBC Contracting, Lansing; $74,990.00

Purpose/Business Case

The purpose of this contract is to provide the renovation necessary to expand the Traverse Bay Hosting Center server room. Data Center Operations (DCO) has consolidated 37 server rooms into three hosting centers. With virtualizations, DCO continues to add devices to the centers. This renovation work will improve access flow, allow for additional expansion on the existing raised floor, improve security and employee safety, as well as provide for future requirements. The State will realize substantial cost savings from the manufacturer by having these servers up and operational by the end of January 2012.

Benefit

The State will benefit by having additional server room available for the installation of new security encryption devices scheduled to arrive in January 2012.

Funding Source

100% IT Revolving Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the delay of the installation of the new security encryption servers.

2. DEPARTMENT OF TRANSPORTATION, GRAND RAPIDS – Grand Region Office – Exterior Wall Restoration Project
   File No. 591/12068.AGY - Index No. 30125
   Low Responsive Bidder: Kost Contracting, Grand Ledge; $47,740.00

Purpose/Business Case

The purpose of this contract is to restore the existing exterior tile wall surfaces. The work will include removing calcified efflorescence, replacing and repairing missing and loose wall tile and block.

Benefit

The State will benefit by preserving and maintaining its investment of the existing Grand Region Office's exterior wall surfaces.

Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued deterioration of the building's exterior wall surfaces.

3. DEPARTMENT OF NATURAL RESOURCES, MACKINAC ISLAND – Governor's Summer Residence – Reroofing
   File No. 751/12069.RAA - Index No. 53010
   Low Responsive Bidder: Mihm Enterprises, Inc, Hamilton; $224,250.00

Purpose/Business Case

The purpose of this contract is to re-roof the Governor's summer residence.

Benefit

The State will benefit by maintaining this publicly-owned historic structure and preventing water and vermin intrusion.

Funding Source

100% DNR Parks Endowment Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued damage to the structure and contents.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES, BARAGA – Well House Improvements
   File No. 751/12005.RAA - Index No. 51110
   Recommended Responsive Proposal: U.P. Engineers and Architects, Houghton; $64,162.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for well house improvements.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive bid process, and contract administration services through construction.
Funding Source
100% Park Improvement Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, EAST LANSING – Action
   Auto #30 Site – Remedial Investigation
   File No. 761/12081.SAR - Index No. 44801
   Recommended Assignment: Superior Environmental Corp., Marne; $189,868.20

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation services. The site is a leaking underground storage tank (LUST) site. Records indicate that 13 LUSTs have been removed from the site and two confirmed releases of petroleum hydrocarbons were reported for the site in 1993. The professional will advance soil borings and install seventeen shallow monitoring wells to determine the extent of soil and groundwater contamination and prepare a feasibility study and final assessment reports to comply with the environmental regulations.
Benefit
The State will benefit by assessing the risk to the public to effectively abate environmental contamination and protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number nine to the discretionary contract.
Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site to protect the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, LAKEFIELD TWP. – C&V Grocery Site – O&M Services
   File No. 761/12083.SAR - Index No. 44251
   Recommended Assignment: TriMedia Environmental & Engineering Services, LLC, Marquette; $35,177.00

Purpose/Business Case

The purpose of this assignment is to provide operation and maintenance (O&M) services. The site is a leaking underground storage tank (LUST) site. Three LUSTs were removed in 1991. Free product and dissolved petroleum hydrocarbons resulting from LUST system releases have been identified at the site were reported for the site in 1993. A soil vapor extraction (SVE) system began operating at the site in August 2007. The professional will provide system O&M, monitoring, sampling and reporting to comply with the environmental regulations.

Benefit

The State will benefit by effectively abating environmental contamination to protect the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in shutting down the remediation system prior to full remediation.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Secondary Complex – Waste Water Sampling for Mercury
   File No. 071/09083.TLO - Index No. 44200
   That the contract for professional services with Materials Testing Consultants, Inc., Grand Rapids, be increased $23,227.50

Purpose/Business Case

The purpose of this modification is to continue environmental sampling of waste water at the State Secondary Complex to comply with Delta Township Waste Water Discharge Permit.

Benefit

This will benefit the State by complying with the Delta Township Discharge Permit.

Funding Source

100% Agency Operating Funds - BOC

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in fines assessed to the State of Michigan for noncompliance with waste water discharge permit limits.

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Hannah Building – Hannah Building 1st & 2nd Floors Renovation
   File No. 084/11214.JRC - Index No. 00277
   That the contract for professional services with Mayotte Group Architects, Lansing, be increased $2,740.00

Purpose/Business Case

The purpose of this modification is to provide additional phase 500 electrical testing. The testing is needed to determine if enough electrical capacity exists for the new renovaitons.

Benefit

The State will benefit by having a breakdown of the power usage on 1st and 2nd floor of the Hannah building during working hours. The results (which are expected to show little capacity for any future electical additions) will direct the engineer on changes to the penthouse breaker. These changes are intended to provide flexibility and increased power available for future electrical requirements.

Funding Source

33.4% Agency Operating Funds - BOC
33.3% DTMB Telecommunications
33.3% Departartment of Education

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not obtaining the necessary professional services to plan future capacity and distribution needs.

9. DEPARTMENT OF CORRECTIONS, IONIA – Riverside Southern Region Offices – Heating System Boiler Study
   File No. 472/11032.DCS - Index No. 43670
   That the contract for professional services with Progressive AE, Grand Rapids, be increased $57,970.00

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for development of construction bidding documents and construction administration to implement the recommendations from the recently completed heating system study. The completed study confirms relocation and repurposing of six existing hot water boilers within the remaining Riverside Southern Region Facilities will reduce operating costs for Department of Corrections.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive bid process, and contract administration services through construction.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, MANCELONA – Tar Lake Site – Bio-Sparge System Improvements
    File No. 761/10324.BDH - Index No. 44081
    That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $14,588.00

Purpose/Business Case
The purpose of this modification is to provide for continued operation of the bio-sparge remediation system for an additional seven months. This site was a superfund site and the principal contaminants are creosote and similar wood preservatives. This change order will provide for additional site visits by the professional; pay for the additional electric power required to operate the bio-sparge remediation system; provide for a contingency for repair of the air compressor; and move the date of completion to April 15, 2012.
Benefit
The State will benefit by the removal of additional contamination from this site.

Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in an interruption of the operation of the remediation system.

WITHDRAWAL AND REAWARD OF CONSTRUCTION CONTRACT

11. DEPARTMENT OF NATURAL RESOURCES, HIGHLAND TOWNSHIP -Dodge Park No. 10 – Shelter Building Roofing
File No.751/11349.MNB - Index No. 51023
Low Responsive Bidder: SG Construction Services, LLC, Flint; $13,984.68

Prior to execution of the contract approved on the September 30, 2011 Director's Agenda, Weatherproofing Technologies, Inc. had their contract with National Joint Powers Alliance (NJPA) suspended. As a result the contract is being awarded to SG Construction Services, LLC.

REVISIONS TO CONSTRUCTION CONTRACTS

12. DEPARTMENT OF EDUCATION, GREENVILLE – Camp Tuhsmeheta – Roof Replacements
File No. 313/10291.RAN - Index No. 01520
Allied Roofing & Siding Co., Grand Rapids; CCO No. 2, Increase $5,200.00

Purpose/Business Case
The purpose of this change order is to remove/replace the roof and repair the siding of the bath house/shower building. The building was inadvertently left off the list of buildings needing repairs during the project's design phase.
Benefit
The State will benefit by extending the useful life of this building.
Funding Source
100% Camp Tuhsmeheta Gift Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued deterioration of the building. .

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Pole Storage Building
File No. 511/10203.CAK - Index No. 21000
Boesch Builders, Sebewaing; CCO No. 3, Increase $3,235.83

Purpose/Business Case
The purpose of this change order is to provide a covered storage canopy to the building as well as finishes on the floor, walls and ceiling.
Benefit
The State will benefit by providing a canopy over an outdoor storage area to protect State and Federal equipment and materials. Providing a finish on the floor, walls and ceiling will extend the life of the stored materials.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential damage to equipment and materials.

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, DETROIT – Detroit Light Guard Armory – Mechanical Alterations
File No. 511/11300.AGY - Index No. 13782 / 13982
B & B Construction Services, LLC, St. Clair Shores; CCO No. 1, Increase $3,455.00

Purpose/Business Case
The purpose of this change order is to remove and replace leaking roof drain piping located in boiler room. During construction it was discovered that the drain pipe was leaking above the boiler.
Benefit
The State will benefit by preventing damage to the boiler and surrounding equipment.
Funding Source
50% Federal Funds
50% State Construction Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in potential risk of damages to the boiler and surrounding equipment.

15. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Install Heaters in Building #2790
File No. 511/11313.AGY - Index No. 22000
DM Burr Mechanical, Inc., Flint; CCO No. 1, Increase $500.00

Purpose/Business Case
The purpose of this change order is to adjust the allowance for installing the gas line to match actual quantities required.
Benefit
The State will benefit by completing the installation of the gas line.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not completing the gas line installation.

16. DEPARTMENT of MILITARY & VETERANS AFFAIRS, LANSING – USPFO RFSC – Office Modification
File No. 511/11316.AGY – Index No. 25700
Laux Construction, LLC, Dansville; CCO No. 1, Increase $735.00

Purpose/Business Case
The purpose of this change order is to modify the supply duct into the new office area. The existing duct is under extreme high pressure causing a wide range of temperature variations and extreme noise.
Benefit
The State will benefit by having adequate heating/cooling.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor based on unit price line items. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the new office not having proper air balance.

17. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Phase 4 North Site
File No. 591/04003.JAN - Index No. 27000
B & B Construction Services, LLC, St. Clair Shores; CCO No. 4, Increase $13,424.00

Purpose/Business Case
The purpose of this change order is to provide for winter conditions including treatments of concrete blankets, additives and heating, for the installation of the concrete slab during the cold weather at the Greyhound/SMART bus lane.
Benefit
The State will benefit by providing assurance that the quality of the concrete meets the specifications for winter conditions.
Funding Source
100% Restricted Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the delay of this work until spring.

18. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Metro Region Office – Parking Lot Expansion & Improvements Project - Phase II
File No. 591/08434.AGY - Index No. 30148
Nagle Paving Company, Inc., Novi; CCO No. 2, Increase $4,929.26

Purpose/Business Case
The purpose of this change order is to provide for soil, concrete, and asphalt testing services.
Benefit
The State will benefit by ensuring the quality of the concrete and asphalt.
Funding Source
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not ensuring compliance with the contract documents.

19. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAND LEDGE – Bob's Marathon Site – O&M Groundwater Extraction
File No. 761/98384.AGY - Index No. 44801
Great Lakes Carbon Treatment, Inc., Kalkaska; CCO No. 11, Increase $1,923.00

Purpose/Business Case

The purpose of this change order is to begin the decommissioning of the remediation system including collecting, performing a waste characterization, and disposing the granular activated carbon system; disconnecting the raw water pipeline from north portion of groundwater collection system then installing blind flanges on the piping; disconnecting piping and removing valves so that the remediation system will be drained of water then cleaning the removed valves so they can be reused; deduct the cleaning of piping, valves, and meters that was part of Bulletin No. 11 which is no longer needed; and not performing the items 3.C and 3.D of Bulletin #11. The date of completion shall be extended from January 1, 2011 to April 1, 2012.

Benefit

The State will benefit by an orderly shutdown of the remediation system at this site and reclaiming expensive valves and meters for use at future remediation sites.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in leaving contamination inside the remediation system endangering future workers at the site and in violation of environmental regulations.

CONTRACT CHANGE ORDER

20. DEPARTMENT OF HUMAN SERVICES, CLINTON TOWNSHIP - CCO #1 for Lease #2257 approved by the State Administrative Board on October 5, 1999, between Macomb County, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services, as Lessee. This CCO provides for materials and labor to remove existing sidewalks and install new sidewalks plus related fixtures, landscaping and clean-up at a cost not-to-exceed $9,158.60. The space is located at 21885 Dunham Road, Clinton Twp., Michigan 48036.

Purpose/Business Case:

The purpose of this CCO is to remove selected existing sidewalks and replace and extend them with new sidewalks.

Benefit:
This CCO allows the agency to better utilize an employees-only entrance for its staff which provides more direct and convenient staff access to staff parking. This will also preclude any need for staff to access the building through the same entrance as clients which is thought to help enhance staff safety and security.
Source of Funds:
55% General Funds
45% Federal Funds
Commitment Level:
Present through December 31, 2015; however, this Lease contains a standard cancellation clause with 90 days notice.
Risk Assessment:
Non-approval of this CCO will hinder the Department from providing its employees with a safe and secure work environment deemed prudent and necessary for their work.
Zip Code:
48036

December 22, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – General Services Building – Fire Protection Revisions
   File No. 071/12093.SJU - Index No. 71006
   Low Responsive Bidder: D & H Fire Suppression, Otisville, MI; $6,279.00

Purpose/Business Case
The purpose of this contract is to modify the existing storage rack of fire protection systems to accommodate reconfigurations necessary for the relocation of the Michigan State Police Resource Management from their Harrison Road facility.
Benefit
The State will benefit by providing the required fire protection to accommodate the Michigan State Police move from their existing Harrison Road facility. This move is scheduled for mid-January 2012.
Funding Source
100% DTMB Warehouse Services Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract would result in Michigan State Police Resource Management Division not being able to vacate from their Harrison Road facility.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Combined Arms Collective Training Facility
   File No. 511/10016.CAK - Index No. 21000
   Low Responsive Bidder: Saylor Construction, LLC, Blissfield; $82,082.00

Purpose/Business Case
The purpose of this contract is to connect the new site access road to the county road. Due to federal requirements associated with funding this work has to be done under a separate contract from the main project since this work is outside the immediate project site. Any delay of this road will increase contract time and corresponding general conditions.
Benefit
The State will benefit by providing the necessary access route to allow winter construction of the main project. Additionally, the road will serve as a future entry point route for military traffic at the completion of the project.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on bulletin pricing provided by the original contractor. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the Crawford County Road Commission applying load limits to the current county road used to access the site, severely limiting the delivery of materials and equipment to the site during the winter months, and the potential for delays of the main project.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Grand Tower – Elevator Upgrades
   File No. 071/11365.SJU - Index No. 44120
   Low Responsive Bidder: Bernath-Coakley Associates Architects, Inc., Lansing; $79,550.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the renovation of passenger and freight elevators at the Grand Tower.
Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

100% Agency Operating Funds (BOC)

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF CORRECTIONS, JACKSON – Jackson Regional Correctional Facility – Record and Duane Waters Health Care Center Buildings – Roof Replacement
   File No. 472/11435.RMP - Index No. 18350
   Recommended Assignment: David Milling, Inc., Ann Arbor; $25,271.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for replacement of the roofing system on the Duane Waters Health Care Center and Records buildings.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 002 to the indefinite- scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the documents required for the competitive bidding process or obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents during construction.

5. DEPARTMENT OF NATURAL RESOURCES, LAKE ORION – Bald Mountain Shooting Range- New Pavilion
   File No. 751/11304.MNB - Index No. 14110
   Recommended Assignment: John Dziurman Architects, Rochester Hills; $9,955.50

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering design and construction administration services to obtain contract documents to build a pavilion at the shooting range.
Benefit
The State will benefit by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Michigan Natural Resources Trust Fund Grant
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 1 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not obtaining the documents required for the competitive bidding process.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BARRY COUNTY – Kavco Landfill Site – Operation and Maintenance Oversight
   File No. 761/12032.SAR - Index No. 44901
   Recommended Assignment: AECOM Technical Services, Inc., Grand Rapids; $57,948.00

Purpose/Business Case
The purpose of this assignment is to oversee the landfill gas management system's operation and maintenance. The professional will conduct groundwater sampling, landfill gas monitoring and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by ensuring protection of the environment and assessing the effectiveness of the abatement measures.
Funding Source
100% Clean Michigan Initiative Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number sixteen to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to comply with the environmental regulations and protect the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHARLEVOIX – DME Company Site – Remedial Investigation
   File No. 761/12085.SAR - Index No. 44351
   Recommended Assignment: Global Remediation Technologies, Inc., Traverse City; $170,775.29

Purpose/Business Case

The purpose of this assignment is to provide remedial investigation. The site is a former industrial facility with a former landfill area located north of the main factory building with groundwater contamination migrating off site. The professional will conduct environmental investigation activities to determine the extent of soil and groundwater contamination. The professional will use the results of the investigation to develop a final assessment report that includes a feasibility study that evaluates the appropriate remedial actions needed to address the contamination.

Benefit

The State will benefit by investigating and abating environmental contamination to protect the public and the environment.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seven to the indefinite- scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and abate the environmental contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, KINROSS – Kincheloe Air Force Base – Explosive Ordinance Disposal (EOD) Site – Technical Support Services
   File No. 761/10134.SAR - Index No. 44251
   That the contract for professional services with AECOM Technical Services, Inc., Lansing, be increased $40,000.00

Purpose/Business Case

The purpose of this modification is to provide continued support for document review and other tasks including but not limited to reviewing documents provided by the U.S. Army Corps of Engineer's contractors. This modification will extend the contract to December 31, 2012.

Benefit

The State will benefit by making sure that services being provided by U.S. Army Corps of Engineers meet Michigan Department of Environmental Quality's protocols.

Funding Source

100% Federal Funds (Defense and State Memorandum of Agreement)

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in activity at the former Kincheloe Air Force Base continuing without State oversight.

REVISIONS TO CONSTRUCTION CONTRACTS

9. COLLEGES AND UNIVERSITIES, ROSCOMMON – Kirtland Community College – Campus Wide Water Well System
   File No. 332/09028.HRB - Index No. 52484
   Ripman Construction Company Inc., St. Helen; CCO No. 3, Increase $3,197.25

Purpose/Business Case

The purpose of this change order is to provide the existing fire suppression tank with a backflow preventer and associated plumbing. This work will bring the existing system up to current code standards.

Benefit

The State will benefit by ensuring the fire suppression system meets current code standards.

Funding Source

50% State Building Authority Funds
50% Local Match

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in deficiencies with the existing fire protection system.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Combine Arms Collective Training Facility
File No. 511/10016.CAK - Index No. 21000
Saylor Construction, LLC, Ottawa Lake; CCO No. 1, Increase $131,719.00

Purpose/Business Case
The purpose of this contract is to provide a site access road from the project site to the project boundary. This work is required to provide access to the site during the winter months. The connection to the county road is being provided under a separate contract.
Benefit
The State will benefit by providing an alternate winter route to the site which is acceptable to the Crawford County Road Commission, permitting the delivery of construction materials to continue during the winter. Additionally, the road will serve as a future entry point for military traffic at the completion of the project.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the Crawford County Road Commission applying load limits to the current county road used to access the site, severely limiting the delivery of materials to the site.

11. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Integrated Security Management System
File No. 591/04003.JAN - Index No. 27000
P3 Construction, Inc., Detroit; CCO No. 2, Increase $2,837.82

Purpose/Business Case
The purpose of this change order is to furnish and install electric strikes and door switches at three doors and a keyboard shelf, mouse tray and monitor shelf on the security system equipment rack in the server room. These items are needed to add the card access system.
Benefit
The State will benefit by having a complete functional security card access system.
Funding Source
100% Restricted Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in security deficiencies.

12. DEPARTMENT OF TRANSPORTATION, DETROIT – Pontiac Transportation Terminal – New Terminal Building
    File No. 591/09209.RAN - Index No. 30125
    B & B Construction Services, LLC, St. Clair Shores; CCO No. 8, Increase $10,045.51

Purpose/Business Case

The purpose of this change order is to provide a handrail at the terminal building's platform, seal the existing expansion joint on the platform and remove and replace poor soils in the parking lot.

Benefit

The State will benefit by meeting safety requirements on the platform and ensuring an adequate base for the parking lot.

Funding Source

100% Federal Comprehensive Transportation Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order could result in safety issues and potentially shorten the useful life of the parking lot.

13. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, KALAMAZOO – Michigan Commission for the Blind – Training Center
    File No. 641/10191.BDW - Index No. 36402
    Mavcon Services of Michigan, LLC, Kalamazoo; CCO No. 11, Increase $24,248.00

Purpose/Business Case

The purpose of this change order is to provide for repair/upgrade of the electrical disconnect. This work is required to bring the project up to current electrical code requirements.

Benefit

The State will benefit by having a code compliant electrical power disconnect.

Funding Source

78.7% Rehabilitation Services Administration - Federal

21.3% General Fund

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in violation of the electrical permit and denial of the certificate of occupancy for this facility.

14. DEPARTMENT OF ENVIRONMENTAL QUALITY, MIKADO – Phil's Sunoco Site – Excavation, Disposal and Site Restoration
File No. 761/11182.RRD - Index No. 44351
U.P. Environmental Services, Inc., Bark River; CCO No. 1, Increase $32,605.07

Purpose/Business Case

The purpose of this change order is to provide a final adjustment of the unit price quantities in the contract to reflect the actual quantities provided.

Benefit

The State will benefit by attaining the desired level of remediation at this site and the closure of this project.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in the potential of a claim by the contractor.

Department of Technology, Management and Budget
First Quarterly Report - Director Agenda Approvals

The following agendas have been approved by the Director, Department of Technology, Management and Budget, covering the period of January 1, 2012, through March 30, 2012, and are submitted in accordance with the State Administrative Board's resolution of December 16, 1997.

. . . . . .

Department of Technology, Management and Budget recommends the following items:

January 6, 2012

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TRANSPORTATION, LANSING – Aeronautics Building – HVAC Replacement
   File No. 591/11223.AGY - Index No. 30125
   Low Responsive Bidder: EVR, Inc., Haslett; $177,990.00

Purpose/Business Case:
The purpose of this contract is to replace the existing HVAC units. The existing units are inefficient and require constant maintenance to operate.
Benefit:
The State will benefit by reduced energy and maintenance costs.
Funding:
100% Trunkline Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk:
Failure to approve this contract will result in the continued high energy and maintenance costs as well as potential system failure.

2. DEPARTMENT OF TRANSPORTATION, CALUMET – Houghton Maintenance Garage – Site Paving
   File No. 591/12015.AGY - Index No.30125
   Low Responsive Bidder: Payne & Dolan, Inc., Gladstone; $106,391.50

Purpose/Business Case
The purpose of this contract is to repave the existing parking lot including new concrete aprons and safety bollards. The existing parking lot is beyond its useful life and requires costly maintenance.
Benefit

The State will benefit by reduced maintenance costs and increased useful life of the parking lot.

Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued costly maintenance and potential safety issues.

3. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – South Higgins Lake State Park Camp Store – Exterior Restoration
   File No. 751/10344.JNS - Index No. 54100
   Low Responsive Bidder: R. G. Kenel Log Builders, LLC, St. Charles; $31,000.00

Purpose/Business Case

The purpose of this contract is to replace damaged, rotted and badly checked logs at various locations on the exterior of the Camp Store Building. The damage is creating a potential loss of the structural integrity of the facility. The Camp Store Building is a historic structure and a centerpiece of the State Park, as it was built by the Civilian Conservation Corps in 1935 from local white pine timber logs.

Benefit

The State will benefit by preserving this facility.

Funding Source

100% Park Improvement Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the continued deterioration and potential structural failure.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES, COMMERCE TOWNSHIP – Proud Lake Recreation Area – New Toilet/Shower Building
   File No. 751/12052.JAN - Index No. 59100
   Recommended Responsive Proposal: Design Plus, Inc., Grand Rapids; $52,900.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents necessary to site adapt the DNR standard toilet/shower building prototype for this location.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

100% Park Improvement Funds

Commitment

The contract cost is fixed based on a competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Hazmat Building and Forensics Center Building – Fire Alarm System
   File No. 071/12045.RMP - Index No. 44212
   Recommended Assignment: C2AE, Lansing; $21,657.61

Purpose/Business Case

The purpose of this assignment is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for a new fire alarm system at the Hazmat building and upgrade existing fire alarm system at the Forensic Center.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

100% Agency Operating Funds - BOC

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 7 to the indefinite- scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the documents required for the competitive bidding process.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BELLAIRE – Butch's Tackle & Marine Site – Groundwater Monitoring
   File No. 761/12096.SAR - Index No. 44351
   Recommended Assignment: Sagasser & Associates, Inc., Gaylord; $49,764.00

Purpose/Business Case
The purpose of this assignment is to provide groundwater monitoring and well abandonment services. The professional will sample monitoring and sampling events at 46 wells for a period of 12 quarters, will provide for abandonment of all monitoring wells upon completion of the monitoring events and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by verifying the completion of the environmental abatement measures implemented.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number three to the indefinite- scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to appropriately close the contaminated site.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, FAIRVIEW – Family Bookshelf Site – Pilot Study - In-situ Chemical Oxidation and Oxygen Release Compounds
   File No. 761/12097.BDH - Index No. 44351
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $186,393.24

Purpose/Business Case
The purpose of this assignment is to provide pilot testing of in-situ chemical oxidation to destroy contaminants released from a leaking underground storage tank. The professional will document existing conditions by sampling a portion of the site's soil and groundwater, apply the chemicals at that portion of the site, then monitor the chemicals effectiveness over time by sampling the soil and ground water periodically for two years. A report of findings will be produced to guide the final remedial design. This work will be completed by September 30, 2013.
Benefit
The State will benefit by finding out if in-situ chemical oxidation of the contaminants will provide sufficient remediation at this site.

Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 1 to the indefinite- scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to determine the best method of remediation.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, GREENVILLE – R.V. Jensen Site – Remedial Investigation
   File No. 761/12098.SAR - Index No. 44901
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $138,278.23

Purpose/Business Case
The purpose of this assignment is to provide remedial investigation. The site is a former petroleum bulk storage facility. A confirmed release of fuel oil from the underground storage tank (UST) system was reported during removal of the tanks in 1990. Subsequent investigation confirmed presence of free product and soil and groundwater contamination at the site. Free product recovery system was installed in 1990 and operated until 1997. The professional will conduct environmental investigation activities to determine the extent of soil and groundwater contamination.
Benefit
The State will benefit by investigating environmental contamination to protect the public and the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 22 to the indefinite- scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate the environmental contamination.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, HOLTON – Bernie's Amoco Site – Remedial Investigation
   File No. 761/12099.SAR - Index No. 44901
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $137,760.00

Purpose/Business Case
The purpose of this assignment is to provide remedial investigation. The site is a former gas service station with leaking underground storage tanks (USTs). Five USTs were

removed from the site in 1990. Subsequent investigation confirmed presence of free product and soil and groundwater contamination at the site. The professional will conduct remedial investigation to determine the extent of soil and groundwater contamination and free product, and evaluate the potential for unacceptable risks such as fire, explosion, vapor intrusion and drinking water exposure.

Benefit

The State will benefit by investigating and evaluating environmental contamination to protect the public and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 23 to the indefinite- scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and evaluate the environmental contamination.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, REED CITY – Tiel Oil Company Site – Remedial Investigation and Reporting
    File No. 761/12101.BDH - Index No. 44301
    Recommended Assignment: Superior Environmental Corporation, Marne; $169,367.05

Purpose/Business Case

The purpose of this assignment is to assess the nature and extent of contamination at this leaking underground storage tank site. This site had undergone previous investigations in the past but data is obsolete, all but four monitor wells have been destroyed, and the potential impact of vapors under the floor of the building were never addressed. The professional will perform several soil borings and install 26 new monitor wells, and install 6 vapor monitoring ports in the floor of the building. All monitor wells and floor sampling ports will be sampled quarterly for one year and results reported to DEQ. Monthly progress reports and recommendations for remedial options to reduce the contamination are also required.

Benefit

The State will benefit by obtaining up-to-date information on the extent of contamination on this site and obtaining recommended remedial options for future work efforts.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 10 to the indefinite- scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and evaluate the environmental contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

11. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – RECORD BUILDING – Fire Alarm/Security System
File No. 071/10179.RMP - Index No. 44315
That the contract for professional services with C2AE, Lansing, be increased $195.00

Purpose/Business Case
The purpose of this modification is to provide Phase 500 reimbursibles expense for plan review fees. The actual plan review fee was higher than included in original proposal.
Benefit
The State will benefit by compensating the professional for services rendered.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in a potential claim by the professional.

12. DEPARTMENT OF EDUCATION, GREENVILLE – Camp Tuhsmeheta - Roof Replacement on Birch and Maple Cottages and Elm Hall
File No. 313/10291.RAN - Index No. 01520
That the contract for professional services with Professional Services Industries, Inc., Plymouth, be increased $4,705.00

Purpose/Business Case
The purpose of this modification is to provide bulletin documents and construction administration for the addition of the bath house/shower building.
Benefit
The State will benefit by having professionally prepared bulletin documents for the construction contractor to provide change order pricing as well as direction for proposed changes in the work.
Funding Source
100% Camp Tuhsmeheta Gift Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in the State not obtaining the bulletin documents required for construction contractor pricing.

13. DEPARTMENT OF NATURAL RESOURCES, COPPER HARBOR – Fort Wilkins State Park - Kamikaze and Fanny Hooe Trail Pedestrian Bridges
File No. 751/08114.RAA - Index No. 51220
That the contract for professional services with UP Engineers and Architects, Houghton, be increased $2,500.00

Purpose/Business Case:
The purpose of this modification is to provide additional Phase 600 Construction Administration necessary for additional services required for construction change order #3 work. This Contract Modification will also provide a final balance of labor and expenses per negotiated settlement.
Benefit:
The State will benefit by providing professional Phase 600 Construction Administration including submittal approval, bulletin preparation and site inspections.
Funding Source:
100% Recreation Trail Program Funds
Commitment:
The professional services contract modification will be paid on lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment:
Failure to approve this modification will result in the State not obtaining construction administration services for this work.

14. DEPARTMENT OF NATURAL RESOURCES, MONTCALM, MECOSTA, OSCEOLA AND WEXFORD COUNTIES – Fred Meijer White Pine Trail - Assessment
File No. 751/09432.HRB - Index No. 55110
That the contract for professional services with M.C. Smith Associates and Architectural Group, Inc, East Grand Rapids, be increased $11,400.00

Purpose/Business Case
The purpose of this modification is to provide for the evaluation of paving mixes used on various snowmobile trails.
Benefit
The State will benefit by determining if excessive wear on the Fred Meijer White Pine Trail paved surface is due to deficient materials or unusual usage.
Funding Source
100% Recreation Improvement Funds
Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in uncertainty as to performance of the snowmobile paving mix and failure to respond to a legislative inquiry.

15. DEPARTMENT OF NATURAL RESOURCES, OSCEOLA COUNTY - Fred Meijer White Pine Trail - Trail Construction from LeRoy to McKinley Road in Osceola County
    File No. 751/10099.RAN - Index No. 55010
    That the contract for professional services with M. C. Smith Associates and Architectural Group, Inc., East Grand Rapids, be increased $322.00

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for payment of advertising fees during bidding of Fred Meijer White Pine Trail Phase II construction.

Benefit

The State will benefit by compensating the PSC for the expenses they incurred on behalf of the State.

Funding Source

80% FHWA High Priority Project Funds and Agency Funds
20% Friends of White Pine Trail

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in a claim being submitted by the Professional.

REVISIONS TO CONSTRUCTION CONTRACTS

16. DEPARTMENT OF CORRECTIONS, YPSILANTI - Women's Huron Valley Correctional Facility - New Food Service Building
    File No. 472/04262.RAN - Index No. 53204
    E. L. Bailey & Company, Inc., Southfield; CCO No. 16, Increase $2,334.51

Purpose/Business Case

The purpose of this change order is to add two exit signs and modify a third exit sign to meet the State Building Code.

Benefit

The State will benefit by complying with the State Building Code and receiving the Certificate of Occupancy for the facility.

Funding Source

100% State Building Authority Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the Building Inspector not issuing the Certificate of Occupancy.

17. DEPARTMENT OF MILITARY & VETERANS AFFAIRS, LANSING – USPFO – Paint Warehouse
    File No. 511/11315.AGY – Index No. 25500
    B & J Painting, Inc., Lansing; CCO No. 1, Increase $3,565.00

Purpose/Business Case:

The purpose of this change order is to prep and paint the adjacent storage area that was not included in the original contract. The painting work is needed for maintenance and will improve the overall appearance of the facility.

Benefit:

The State will benefit from this work by reduced maintenance costs.

Funding Source:

100% Federal Funds

Commitment:

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the DMVA. The amount of the contract is within the authorized budget.

Risk Assessment:

Failure to approve this change order may result in potential premature deterioration and maintenance issues in this area.

January 13, 2012

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON COUNTY – Townline Creek Bridge on Denton Connector Trail – Bridge Replacement
   File No. 751/09473.RAN - Index No. 73550
   Low Responsive Bidder: Porath Contractors, Inc., Houghton Lake; $98,600.00

Purpose/Business Case

The purpose of this contract is to replace the existing wooden plank ORV trail bridge over Townline Creek. The bridge is old and the surface allows sand and sediment to fall through into the creek and the embankments need to be stabilized due to erosion.

Benefit

The State will benefit by providing safe, unrestricted passage on this portion of the multi-use trail.

Funding Source

100% ORV Trail Improvement Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract may result in potential failure and closure of this section of the heavily used ORV/snowmobile trail.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, BAGLEY TWP. – West Otsego Lake Grocery Site – Groundwater Monitoring
   File No. 761/12111.SAR - Index No. 44351
   Recommended Assignment: Superior Environmental Corp, Marne; $63,686.72

Purpose/Business Case

The purpose of this assignment is to provide groundwater monitoring and reporting services. The professional will sample 31 monitoring wells for 8 quarterly events and prepare reports to comply with the environmental regulations. The monitoring activities are needed to evaluate the nature and extent of groundwater contamination.

Benefit

The State will benefit by evaluating the risk of environmental contamination to the public and environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite- scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to evaluate the nature and extent of groundwater contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE - Woodland Correctional Facility – Elevated Water Storage Tower Refurbishment

File No. 472/11081.RAN - Index No. 64060
That the contract for professional services with Nelson Tank Engineering & Consulting, Inc., Lansing, be increased $28,400.00

Purpose/Business Case
The purpose of this modification is to provide professional architectural and/or engineering design services to provide contract documents and construction contract administration for refurbishing of the Woodland Correctional Facility's Elevated Water Storage Tower. The original inspection and recommendations for refurbishing the water tower were completed by Nelson Tank Engineering & Consulting, Inc.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

REVISIONS TO CONSTRUCTION CONTRACTS

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – General Office Building – Replace Motor & Fan on Air Handling Units (AHU) 4 & 5, Add 2 Chilled Water Pumps
File No. 071/10491.DCS - Index No. 44207
Moore Trosper Construction Company, Holt; CCO No. 1, Increase $20,999.88

Purpose/Business Case
The purpose of this change order is to provide additional insulated ceiling panels and associated support framing to the plenum space above AHU 4 & 5, provide a credit for floor drain modifications, installation of two valves within cooling water system, and provide additional concrete pad demolition within the Penthouse. This change is required to resolve unforeseen existing conditions and provide increased maintenance capabilities.
Benefit
The State will benefit by extending the useful life of the new equipment and completing the planned upgrades to the HVAC system.
Funding Source
100% Agency Operating Funds - BOC

Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the existing conditions not being addressed.

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GRAND RAPIDS – Grand Rapids State Office Building – Michigan Court of Appeals Renovations
   File No. 071/11108.JRC - Index No. 41101
   Owen-Ames-Kimball Company, Grand Rapids; CCO No. 3, Increase $10,516.00

Purpose/Business Case
The purpose of this change order is to provide accessible toilet rooms and to modify lighting to accommodate operational requirements. The existing toilet rooms do not comply with the State Construction Code and without these modifications the certificate of occupancy will not be issued. Additionally, lighting modifications are required based on the actual layout of the office furniture.
Benefit
The State will benefit by providing accessible toilet rooms as well as adequate lighting in the renovated area.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not obtaining a final Certificate of Occupancy as well as inadequate lighting.

6. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING - Camp Grayling Annual Training Center – Water System Improvements
   File No. 511/11137.RAN - Index No. 21000
   Ripman Construction Company, Inc., St. Helen; CCO No. 1, Increase $25,022.87

Purpose/Business Case
The purpose of this change order is to relocate the new booster pumping station to a more central location to better control camp water pressure, install Pressure Reducing Valves (PRVs) on several water supply lines and install a fire suppression system in the Distinguished Visitors Quarters (DVQ) Building.
Benefit

The State will benefit by having adequate water pressure to support camp operations.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in inadequate pressure in the water distribution system to support camp operations.

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Ventilation Upgrades Building 560
   File No. 511/11173.AGY - Index No. 21000
   Ripman Construction Co., St. Helen; CCO No. 1, Increase $2,593.86

Purpose/Business Case

The purpose of this change order is to replace the circuit breakers and secondary feeder conductors in order to bring the building up to current electrical code standards.

Benefit

The State will benefit by providing a safe electrical installation.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order results in not obtaining final electrical approval.

8. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Phase 4 North Site
   File No. 591/04003.JAN - Index No. 27000
   B & B Construction Services, LLC, St. Clair Shores; CCO No. 5, Increase $2,861.00

Purpose/Business Case

The purpose of this change order is to install a concrete curb at the SMART/Greyhound bus entrance for the sliding fence gate return. The existing site conditions do not allow for proper drainage.

Benefit

The State will benefit by having an entrance gate that will operate as intended.

Funding Source

100% Restricted Funds

Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in drainage issues at the bus entrance.

CONTRACT CHANGE ORDER

9. DEPARTMENT OF TRANSPORTATION, DETROIT - CCO #2 for Lease #11138 approved by the State Administrative Board on March 20. 2007, between Mexicantown Community Development Corporation, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Transportation, as Lessee. This CCO provides for making door lock and other staff safety/security enhancements while also adding motion detector switches to improve office lighting efficiency at a cost not-to-exceed $2,164.80. The space is located at 2835 Bagley Ave., Suite 100, Detroit, MI 48216.

Purpose/Business Case:
The purpose of this CCO is to rekey 10 door locks so they all open with the same new key; add dead bolt locks on two exterior doors; add a flush bolt lock on one interior double door; install two motion detectors with manual override switches for controlling lights and install two 26-inch diameter convey security mirrors.
Benefit:
This CCO allows for enhanced door access security by adding new locks, precluding any prospects for old keys to be used in an unauthorized manner and adding security mirrors that will eliminate "blind spots" in halls. It also allows for more efficient use of office space lighting which should reduce lighting costs.
Source of Funds:
100% Restricted Funds: State Trunk Line Fund
Commitment Level:
Present through July 18, 2014; however, this Lease contains a Standard Cancellation Clause with 120 days notice.
Risk Assessment:
Non-approval of this CCO will hinder the Department from attaining essential staff safety/security and lighting efficiency capabilities sought for this facility.

Facilities & Business Services Administration recommends the following items:

AWARD OF DESIGN/CONSTRUCTION CONSULTING SERVICES CONTRACT

1. DEPARTMENT OF NATURAL RESOURCES, ESCANABA – Field Office – Fish Shop Addition and Upgrades
   File No. 751/11245.RAA - Index No. 81350
   Low Responsive Bidder: OHM, Hancock, MI; $9,422.60

Purpose/Business Case
The purpose of this contract is to provide professional architectural, engineering and construction services for a wet laboratory addition including related infrastructure and utilities.
Benefit
The State will benefit by receiving professionally prepared construction documents and full construction and field administration services.
Funding Source
100% Game and Fish Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not receiving the design services necessary to complete this project.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, GLADWIN – Ackett's Country Corner Site – Remediation System O&M Services
   File No. 761/09067.SAR - Index No. 44601
   Recommended Assignment: Sagasser & Associates, Inc., Gaylord; $47,563.00

Purpose/Business Case
The purpose of this assignment is to provide operation and maintenance (O&M) of a bio-sparge groundwater remediation system services. The professional will provide system O&M, maintenance of an oxygen release compound (ORC) barrier, quarterly performance monitoring and prepare reports to comply with the environmental regulations. The remediation system is expected to operate until the site meets environmental cleanup standards.
Benefit
The State will benefit by completing the environmental abatement measures implemented to protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number four to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to appropriately operate the remediation system and comply with the environmental regulations.

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, PARADISE – Park Shell Site – Provide Professional Environmental Services To Operate and Maintain the Remediation System
   File No. 761/12123.BDH - Index No. 44251
   Recommended Assignment: TriMedia Environmental & Engineering, LLC, Marquette; $72,566.45

Purpose/Business Case

The purpose of this assignment is to provide operation and maintenance (O & M) of the existing remediation system for an additional year. This site is a former leaking underground storage tank site. The professional will optimize the vapor collection system by resetting control valves to collect more vapors from those vapor collection wells that are more productive. The professional will visit the site every three weeks and respond to alarms. The professional will monitor the groundwater at the site and produce semi-annual reports of findings.

Benefit

The State will benefit by operating the existing remediation system for an additional year.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 2 to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in the potential spread of the contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF MILITARY AND VETERAN'S AFFAIRS, AUGUSTA – Fort Custer Training Center – Urban Training Buildings
   File No. 511/11286.CAK - Index No. 22000
   Paradigm Design, Inc., Grand Rapids, be increased $2,500.00

Purpose/Business Case

The purpose of this modification is to increase the site survey area by an additional 65 acres which will improve the site selection for current and future planned training facilities.

Benefit

The State will benefit by having a larger area included in the aerial survey to determine where the best site is to design and build current and future urban training facilities.

Funding Source

100% Federal Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in limited site selection information.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, CASPIAN - Buck Mine Discharge Site - Inspection and Monitoring
   File No. 761/10164.SAR - Index No. 44251
   That the contract for professional services with Weston Solutions, Inc., Okemos, be increased $7,134.00

Purpose/Business Case

The purpose of this modification is to provide for enhancing the existing interim response system. The system utilizes three interconnected ponds to store and buffer acidic surface water before it reaches the wetland area and then ultimately the Iron River. The additional cost is needed to cover additional system enhancement activities, site access fees, locks and joint permit application fee needed to implement the modification.

Benefit

The State will benefit by ensuring protection of the environment and complying with the environmental regulations.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to implement modifications to the interim remedial system.

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility - Unit B, Phase II Alterations - West Administration Building

File No. 472/08363.RAN - Index No. 59110
B and B Construction Services, LLC, St. Clair Shores; CCO No. 2, Increase $11,502.00

Purpose/Business Case
The purpose of this change order is to consolidate multiple existing fire alarm control panels into centralized control area.
Benefit
The State will benefit by having much quicker and more reliable responses to fire alarm incidents and by being able to immediately pinpoint the exact location of the incident.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the building being served by multiple control panels in multiple locations, which will hinder response times.

7. DEPARTMENT OF CORRECTIONS, IONIA – Michigan Reformatory – Deaerator Replacement
   File No. 472/11009.DCS - Index No. 41660
   B & V Mechanical, Inc., Wyoming; CCO No. 1, Increase $1,108.00

Purpose/Business Case
The purpose of this change order is to install three (3) steam piping connection reducers and provide a manual shut-off drain valve with drain line associated with the new deaerator. This additional work is a result of unforeseen field conditions.
Benefit
The State will benefit by completing the planned deaerator replacement while maintaining the correct steam generating system.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the State not obtaining the correct piping connections and system controls.

8. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – Ralph A. MacMullan Conference Center – Classroom Building Addition

File No. 751/10489.JAN - Index No. 99020
Ripman Consruction Company, Inc., St. Helen; CCO No. 3, Increase $13,737.26

Purpose/Business Case
The purpose of this change order is to provide a 2-hour fire rated ceiling at the classroom; additional insulation above the ceiling; replace deteriorated structural beam & roof sheathing at the existing building and modifications at concrete slab joints and door hardware. This work is required to ensure compliance with current life/safety codes.
Benefit
The State will benefit by ensuring the existing building as well as the new addition comply with all applicable codes.
Funding Source
53% Park Improvement Funds
47% Michigan Natural Resources Trust Fund - Development Grant Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in noncompliance with the building codes.

January 27, 2012

. . . . . .

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, ESCANABA - Escanaba State Office Building – Office Building Renovations
   File No. 071/11308.JRC - Index No. 41101
   Low Responsive Bidder: Roy Ness Contracting, Escanaba; $151,800.00

Purpose/Business Case
The purpose of this contract is to renovate/reconfigure office space within the building to allow for the relocation of Human Services staff to relocate from leased space into the Escanaba State Office Building.
Benefit
The State will benefit by eliminating the lease costs.
Funding Source
100% Agency Operating Funds - BOC

Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the agency remaining in leased space while vacant space exists in the state owned building and will hinder the state from recognizing savings from the lease cancellation.

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, PLAINWELL – Kavco Landfill – Operation and Maintenance
   File No. 761/12032.SAR - Index No. 44901
   Recommended Responsive Proposal: EnviroSolutions, Inc., Westland; $63,998.00

Purpose/Business Case
The purpose of this contract is to continue the operation and maintenance of the landfill gas capture and treatment system. This contract also includes the disposal of the condensate, disposal and replacement of spent filter media and responding to alarm conditions.
Benefit
The State will benefit by having the amount of contamination that can migrate from the site reduced, thereby reducing the exposure of the contamination to nearby residents.
Funding Source
100% Clean Michigan Initiative Funds
Commitment
The contract cost is fixed based on the competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract could result in the continued migration of contamination from the site.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

3. DEPARTMENT OF NATURAL RESOURCES, ONTONAGON – Porcupine Mountains Wilderness State Park – Union Bay Campground Toilet Shower Building Replacement
   File No. 751/12055.JAN - Index No. 51270
   Recommended Responsive Proposal: C2AE, Escanaba; $98,098.31

Purpose/Business Case
The purpose of this contract is to provide architectural and engineering services to modify the design of the DNR prototype toilet/shower building and associated utilities for the site at Porcupine Mountains Wilderness State Park. The existing toilet shower building will be demolished as part of this project.

Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Park Endowment Funds
Commitment
The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

4. DEPARTMENT OF NATURAL RESOURCES, MANISTEE – Little Manistee Weir Egg-Take Facility – Conditions and Repairs Study
   File No. 751/11277.GAG - Index No. 81810
   Recommended Assignment: Fishbeck, Thompson, Carr & Huber, Inc., Grand Rapids; $33,828.55

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for performing site inspections and facility conditions assessments. This will include identifying and documenting repair and maintenance needs with cost estimates and assigning priorities for long term funding planning. They will also identify and define high priority repairs that can be expedited near term using remaining grant funding.
Benefit
The State will benefit by having professionally researched and prepared repair and maintenance plans with cost estimates and assigned priorities for planning and obtaining future project funding.
Funding Source
100% Federal Funds – Fish Restoration
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 4 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not having the required information to make proper planning and funding decisions for properly maintaining the facility in good operating condition.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Building – Exterior Wall Repair and Storage Build-Out
File No. 071/10393.JNS - Index No. 44315
That the contract for professional services with DLZ Michigan, Inc., Lansing, Michigan, be increased $1,840.32

Purpose/Business Case
The purpose of this modification is to provide professional services to explore multiple parking lot replacement options including new curb and sidewalk, ADA improvements, a revised parking space layout and an under drain system for control of groundwater.
Benefit
The State will benefit by completing the improvements to current visitor parking with the additional storage buildout allowing Department of Treasury Records to be moved into this facility from currently leased space with the elimination of lease expenses estimated to provide an approximate three year return on the investment.
Funding Source
100% Agency Operating Funds – BOC
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in potential safety hazards to building visitors and staff with visitor traffic anticipated to increase with the relocation of Department of Treasury Records to this building.

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Mason Building – Cooling Tower Demoltion
File No. 071/11191.CAK - Index No. 44103
That the contract for professional services with Wigen Tincknell Meyer Associates, Saginaw, be increased $6,591.00

Purpose/Business Case
The purpose of this modification is to provide increased scope of work, including a phase 100 study of three existing heat exchangers and the removal of abandoned water tanks in the penthouse. The heat exchangers are more than 60 years old and are located in a space which used to be a cafeteria.
Benefit
The State will benefit by determining the best course of action for the heating of this space and freeing up space in the penthouse by removing unused water tanks.
Funding Source
100% Agency Operating Funds - BOC

Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not being able to determine the most energy efficient method to heat this area.

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center – Cooling Tower Installation
   File No. 084/11262.DCS - Index No. 43204
   That the contract for professional services with C2AE, Lansing, be increased $130,291.81

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for the continued design and construction phase services assoicated with the installation and operation of the new Cooling Tower No. 3, at the Energy Center. With the new Cogeneration System nearing completion, additional cooling tower capacity is critical to meet plant operations and electrical generator. The additional services will include development of separate construction packages for tower installation and the balance of plant piping and controls.
Benefit
The State will benefit by having professionally prepared design and construction documents for eventual competitive construction proposals.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

8. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – West Administration Building Alterations - Phase II
   File No. 472/07014.EEW - Index No. 05350
   That the contract for professional services with Jacobs Carter-Burgess, Bingham Farms, be increased $5,518.81

Purpose/Business Case
The purpose of this modification is to provide design and construction administration services for modifications to the fire alarm system in the West Administration Building, a

requirement from the Agency's Fire Safety officer. This request was made only after the West Administration Building Phase II Alterations project was under construction.

Benefit

The State will benefit by having plans and specifications for the modifications to the fire alarm system, which will provide central control and monitoring for the building's fire alarms and which has become a requirement for a Certificate of Occupancy for the entire project.

Funding Source

100% Agency Operating Funds (GF/GP)

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not having plans and specifications for the fire alarm system modifications, which will result in LARA not issuing a Certificate of Occupancy for the West Administration Building Alterations.

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – New Dining Facility
   File No. 511/10074.CAK - Index No. 21000
   That the contract for professional services with Bradley J. Butcher & Associates, PC, Gaylord, be increased $8,011.59

Purpose/Business Case

The purpose of this modification is to provide additional construction administration services.

Benefit

The State will benefit by having the design professional provide additional construction administration services due to a claim issue resulting from software based omissions that occurred during construction document reproduction. The claim resolution process and outcome necessitated additional unforeseen on-site meetings and inspections.

Funding Source

100% Federal Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in a lack of project oversite from the design professional necessary to complete the construction and close out the project.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING - Camp Grayling Annual Training Center – Water Distribution System Improvements - Water Distribution System Improvements

File No. 511/10105.RAN - Index No. 21000
That the contract for professional services with Fleis & Vandenbrink Engineering, Inc., Traverse City, be increased $17,613.51

Purpose/Business Case
The purpose of this modification is to provide additional design and construction services to relocate the booster pumping station from its original location to a new location requested by the agency and for additional field construction administration services required by the extended construction time allotted to the contractor.
Benefit
The State will benefit by having professionally designed plans for the relocation of the booster station and ensuring that materials being used in construction are in compliance with contract documents.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification would result in operational issues due to the location of the booster station.

11. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – South Higgins Lake State Park – Camp Store Building Log Replacement
File No. 751/10344.JNS - Index No. 54100
That the contract for professional services with M. C. Smith Associates and Architectural Group, Inc., Grand Rapids, Michigan, be increased $2,852.80

Purpose/Business Case
The purpose of this modification is to provide additional design services due to scope changes and rebidding of this project to stay within limited available funding.
Benefit
The State will benefit by completing log replacements within the project budget.
Funding Source
100% Park Improvement Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the documents required for the competitive bidding process.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, HIGHLAND – Jenny Enterprises/Wine Basket Site – Remedial Investigation
File No. 761/11207.SAR - Index No. 44701
That the contract for professional services with The Mannik & Smith Group, Inc., Canton, be increased $36,003.95

Purpose/Business Case
The purpose of this modification is to provide supplemental site assessment, quarterly sampling and gauging of monitoring wells. Previous investigations have confirmed the presence of free product and a dissolved phase petroleum groundwater plume at the site. The agency wants to expand the assessment activities to narrow down the remediation options. The professional will conduct three additional quarterly groundwater/pore water sampling events from 22 monitoring wells and evaluate the results for potential natural attenuation of the contamination at the site.
Benefit
The State will benefit by effectively mitigating the risk of unacceptable exposures to contamination and comply with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to effectively mitigate the hazaer.

REVISIONS TO CONSTRUCTION CONTRACTS

13. DEPARTMENT OF MANAGEMENT AND BUDGET, LANSING – Michigan Department of Education & DTMB – Hannah Building 1st and 2nd Renovation
File No. 084/11214.JRC - Index No. 00277
EVR Incorporated, Haslett, Michigan; CCO No. 2, Increase $35,856.24

Purpose/Business Case
The purpose of this change order is to provide additional electric capacity, light ballasts, mechanical diffuser adjustments for the outdated grid system, door modifications and painting. The electrical capacity is required for the new HVAC system, the ballasts and diffuser adjustments will provide energy efficiency and the door modifications will improve operational efficiencies.
Benefit
The State will benefit by providing additional electrical capacity for the new HVAC system and through energy/operational efficiencies.

Funding Source
100% Agency Funded - (DTMB Operating Funds – BOC 33.4%, DTMB Telecom 33.3%, DOE - BAA 33.3%)
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the inability to complete this portion of the restack.

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, MARQUETTE – Jacobetti Home for Veterans – Shower Renovations and HVAC Upgrades
File No. 511/09345.RAA - Index No. 85000
Closner Construction and Sales, Marquette; CCO No. 2, Increase $13,702.54

Purpose/Business Case
The purpose of this change order is to install grab bars for the new toilet, add temperature controls to new chilled water coils and change intake air opening on F-wing air handling units (AHUs). The grab bars will assist the nursing staff helping patients, and the coils and intake opening will allow the system to be integrated with the existing control system.
Benefit
The State will benefit by improved service to the patients and providing integrated control of the HVAC system.
Funding Source
100% Veteran Administration Grant Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in additional staff needed in shower rooms and inefficient control of the HVAC system.

15. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission for the Blind – Training Center
File No. 641/10191.BDW - Index No. 36401 & 36402
Mavcon Services of Michigan, LLC, Kalamazoo; CCO No. 13, Increase $48,173.00

Purpose/Business Case
The purpose of this change order is to provide modifications to the fire protection system to accommodate new ceiling installation, relocation of power and data

connections, repair existing masonry damage and modify gas regulators to accommodate lower than expected gas main pressure.

Benefit

The State will benefit by having a complete project for safe and functional use of the facility.

Funding Source

78.7% Federal Funds (Rehabilitation Services Administration)
21.3% General Funds

Commitment

The change order costs are based on both fixed actual costs provided by the construction contractor in response to a bulletin provided by the Design and Construction Division and an actual cost basis for portions of the work, limited to the change order amount. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in a lease extension and associated costs to rent for the facility housing students and staff.

16. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH,
PLAINWELL – Michigan Career and Technical Institute – Dust Collection System
File No. 641/11110.CAK - Index No. 31000
DAV Carrier Group, LLC, Hickory Corners; CCO No. 5, Increase $82,403.00

Purpose/Business Case

The purpose of this change order is to remove asphalt paving that was thicker than identified on the as-built drawings; provide soil bearing pressure tests; install fencing and bollards to protect the mechanical and electrical equipment; upgrade the size of gas lines to accommodate a new make-up air unit; provide a hazard analysis for the dust collection system which confirms the installation of a new fire-sprinkler system including a new pump for adequate water pressure within the dust collection system..

Benefit

The State will benefit by ensuring the project is completed, the equipment is protected and the system operates properly.

Funding Source

100% ARRA Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in operational and code issues.

17. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT,
CHAMPION – Van Riper State Park - Non Motorized Trail Development
File No. 751/09462.RAA - Index No. 51320

A. Lindberg & Sons Contracting; CCO No. 1, Increase $7,520.05

Purpose/Business Case
The purpose of this change order is to provide 80 square yards of additional bio swale plant plugs to provide green enhancement at surface water run off control swales.
Benefit
The State will benefit by providing permanent surface water run off control.
Funding Source
100% Recreational Trail Grant Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in soil erosion issues.

CONTRACT CHANGE ORDER

18. DEPARTMENT OF TRANSPORTATION, ALPENA - CCO #3 for Lease #10739 approved by the State Administrative Board on November 2, 1999, between The County of Alpena, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Transportation (MDOT), as Lessee. This CCO provides for adding a new door lock and remote admittance system plus two security windows in an adjacent wall at a cost not-to-exceed $2,164.58. The space is located at 1540 Airport Road, Alpena, MI 48707.

Purpose/Business Case:
The purpose of this CCO is to install a programmable door lock with keypad and remote control as needed to secure the vestibule door and to add two security windows in an adjacent wall.
Benefit:
This CCO allows enhanced security for MDOT staff and property by better controlling access via the vestibule door to the leased premises as well as visual screening of persons seeking admittance.
Source of Funds:
100% Restricted Funds: State Trunk Line Fund
Commitment Level:
Present through February 21, 2015; however, this Lease contains a standard cancellation clause with 90 day's notice.
Risk Assessment:
The protection and safety of MDOT staff would continue to be compromised.
Zip Code:
48707

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. MICHIGAN LOTTERY, LANSING – Lottery Building - Interior Corridor Project
   File No. 275/11178.JRC - Index No. 01120
   Low Responsive Bidder: HBC Contracting, Lansing; $49,220.00

Purpose/Business Case
The purpose of this contract is to remove damaged wall covering, wall patch/repair, and painting of walls, frames and doors in corridors on the 1st, 3rd, 4th, and basement levels. The existing wall paper is stained and falling off the walls.
Benefit
The State will benefit by restoring the wall finish and reducing maintenance.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract would result in continued high maintenance as well as an unprofessional appearance of this public building.

2. DEPARTMENT OF TRANSPORTATION, CRYSTAL FALLS – Crystal Falls Transportation Service Center – Windows and Doors Replacement
   File No. 591/08429.AGY - Index No.30148
   Low Responsive Bidder: J. Clark Construction, Inc. Hancock, MI; $27,274.00

Purpose/Business Case:
The purpose of this contract is to remove the existing, energy inefficient windows and doors and replace them with new, energy efficient models.
Benefit:
The State will benefit by increased energy efficiency.
Funding:
100% Trunkline Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk:

Failure to approve this contract will result in increased energy costs.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING - Pine Street Parking Lot – Parking Lot Renovations
   File No. 071/11285.SJU - Index No. 46516
   Low Responsive Bidder: Nowak & Fraus Engineers, Pontiac; $81,718.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the renovation of the Pine Street parking lot.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Austin Building – Toilet Room Renovations
   File No. 071/11366.SJU - Index No. 44107
   Low Responsive Bidder: Paradigm Design, Inc., Grand Rapids, MI; $62,797.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the renovation of the men's and women's toilet rooms located at the east and west ends of the Austin Building, floors 1-4. The toilet rooms currently do not comply with Americans with Disabilities Act (ADA) requirements, are constant sources of maintenance issues and have exceeded their life expectancy.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source
100% Agency Operating Funds - BOC
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

5. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Perimeter Road Drainage Improvements and Reconstruction
   File No. 472/11431.RAN - Index No. 59110
   Recommended Responsive Proposal: Beckett & Raeder, Inc., Ann Arbor, MI; $65,089.92

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for a 0.75 mile section of the perimeter road surrounding the Women's Huron Valley Correctional Facility. The road is in complete disrepair, resulting in safety issues for corrections officers who patrol the facility in facility's vehicles and in expensive repairs to those vehicles.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

6. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Roof Replacement on Housing Units E, F, G & H
   File No. 472/11432.RAN - Index No. 59112

Recommended Responsive Proposal: Professional Services Industries, Inc., Troy, MI; $25,040.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the replacement of roofs on four inmate housing units on the east campus at Women's Huron Valley Correctional Facility. The roofs contain the original asphalt shingles on buildings, which are over 25 years old, leaking and causing maintenance issues.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, Greenville – Greenville Armory – Renovations and Additions
File No. 511/11294.JAG - Index No. 13727 & 13927
Recommended Responsive Proposal: Landmark Design Group, Grand Rapids: $62,995.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the renovation and addition to the Greenville Armory. The project consists of renovating the kitchen, garage, storage vault, soldier gear storage and female locker room. The addition is to add a vehicle service garage. The project is needed to bring the facility into compliance with current standards and reduce operating costs by reducing maintenance and easing over crowding.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
50% Agency Funds

50% Federal Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

8. DEPARTMENT OF NATURAL RESOURCES, BAY CITY – Bay City Recreational Area – Spray by the Park
   File No. 751/12054.MNB - Index No. 54270
   Recommended Responsive Proposal: Rowe Professional Services, Flint; $24,600.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and /or engineering design and construction administration services and obtain contract documents for the spray park expansion.

Benefit

The State will benefit by having professionally prepared contract documents for the competitive construction bid process and contract administration services.

Funding Source

100% Park Endowment Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, HONOR – Village of Honor Site – Two Years of Quarterly Groundwater Sampling
   File No. 761/12016.AGY - Index No. 44301
   Low Responsive Bidder: Otwell Mawby, P.C., Traverse City; $5,840.00

Purpose/Business Case:

The purpose of this contract is to provide groundwater sampling services at this former leaking underground storage tank (LUST) site. The PSC will provide sampling and piezometric measurements at monitor wells for eight quarterly events and provide a

summary report to DEQ for each event. The PSC is responsible for transport of samples to the DEQ lab in Lansing.

Benefit:

The State will benefit by having up-to-date data on the remaining contamination at this site.

Funding:

100% Refined Petroleum Funds

Commitment:

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:

Failure to approve this contract could result in increased risk to the public and the environment.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

10. DEPARTMENT OF CORRECTIONS, IONIA – Michigan Reformatory – Storm Sewer Cross Connection Separation
    File No. 472/11433.RAN - Index No. 41670
    Recommended Assignment: Williams & Works, Grand Rapids; $41,448.44

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for construction document preparation, bidding assistance and construction contract administration for elimination of the cross connections between the sanitary and storm sewers at the Michigan Reformatory (MRI). The cross connections, which allow storm water into the sanitary sewer system, are an enormous expense the State is paying to the City of Ionia for treating not only sanitary waste, but also storm water.

Benefit

The State will benefit by having professionally prepared construction documents ready for bidding and construction administration which will ensure that all materials and methods being used in construction are in compliance with the documents.

Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 2 to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

11. DEPARTMENT OF CORRECTIONS, VARIOUS LOCATIONS – Various Facilities – Water Well Abandonment
File No. 472/12021.SAR - Index No. 18350
Recommended Assignment: Testing Engineers & Consultants, Inc., Troy; $8,565.33

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for water well abandonment and closure. The agency no longer provides water production services at the State Prison of Southern Michigan, Camp Waterloo and Camp Brighton and water wells need to be properly abandoned in accordance with the environmental regulations.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Agency Operating Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

12. DEPARTMENT OF STATE POLICE, DIMONDALE – Training Academy – Toilet Room Addition
File No. 551/12065.SJU - Index No. 22010
Recommended Assignment: Orion Engineering Company, Inc., Jackson; $15,346.30

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the construction of new men's and women's toilet rooms and upgrades to existing training rooms at the Michigan State Police Training Academy.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction
Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAND RAPIDS – Great Northern Packaging Site – Remedial Investigation
File No. 761/12128.SAR - Index No. 44901
Recommended Assignment: Environmental Consulting & Technology, Inc., Ann Arbor; $82,774.45

Purpose/Business Case

The purpose of this assignment is to provide for environmental investigation of a confirmed leaking underground storage tank (LUST) facility. The agency removed approximately 740 cubic yards of contaminated soils, 32 gallons of free product and 5.5 million gallons of contaminated groundwater. The professional will perform an investigation to determine if free phase product is present, determine the extent of soil and groundwater contamination and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by assessing the risk to the public, abating environmental contamination and protecting the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number twelve to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

14. DEPARTMENT OF ENVIRONMENTAL QUALITY, CARSON CITY – Former Crystal Oil Refinery Site – Remediation System Design and Construction Oversight
File No. 761/12129.SAR - Index No. 44901
Recommended Assignment: AECOM Technical Services, Grand Rapids; $145,700.00

Purpose/Business Case

The purpose of this assignment is to provide for remediation design and construction oversight services. The site is a former oil refinery. Releases of petroleum products during the refinery's several decades of operation caused widespread contamination to the soil and groundwater at the site. An interim free product recovery and groundwater interception system was installed to prevent contamination migration from the site. The professional will provide design and construction oversight for the expansion and upgrade of the existing remediation system.

Benefit

The State will benefit from this assignment by having professionally prepared contract documents for the competitive construction bid process for the expansion and upgrade of the existing remediation system.

Funding Source

100% Strategic Water Quality Initiative (SWQI) Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number two to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this contract will result in the State not having professionally prepared contract documents for the competitive construction bid process, nor obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

15. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – Uniroyal Properties Site – Investigative Services and Feasibility Analysis
File No. 761/12130.BDH - Index No. 44701
Recommended Assignment: AECOM Technical Services, Inc., Grand Rapids; $59,999.33

Purpose/Business Case

The purpose of this assignment is to provide for completing the assessment of the east parcel of this site of contamination. The professional shall review the existing reports for this site; use the information in those reports to develop a work plan for additional soil sampling, do the additional site soil sampling, and issue a focused feasibility assessment and report which shall serve as the basis for future remediation.

Benefit

The State will benefit by completing the study phase of this site so that remediation can be initiated.

Funding Source

100% Strategic Water Quality Initiatives Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 17 to the discretionary contract.

Risk Assessment

Failure to approve this assignment would result in not having a work plan to proceed with remediation of this site.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, LINCOLN – Somers Mobil Site – Monitoring Well Abandonment
    File No. 761/12131.SAR - Index No. 44351
    Recommended Assignment: Sagasser & Associates, Inc., Gaylord; $9,649.00

Purpose/Business Case

The purpose of this assignment is to provide for monitoring well abandonment services. The professional will complete abandonment of all identified monitoring wells and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by completing the abandonment of monitoring wells to close the site and comply with the environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number five to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to appropriately abandon the monitoring wells and close the contaminated site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

17. DEPARTMENT OF STATE POLICE, BAY CITY– State Police Post – Construct a New State Police Post
    File No. 551/09063.JAG - Index No. 53289
    That the contract for professional services with Wigen Tinknell Meyer & Associates, Saginaw, be increased $26,853.43

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering and quality control/material testing services for implementation of changes to the original contract documents needed to address previously unknown field conditions as well as Owner directed project changes. The unknown field conditions were relative to site conditions and soils composition. The Owner directed changes were needed to address the demands of the staff size more than doubling due to closure of a nearby post.

Benefit
The State will benefit by addressing these issues while the building is being constructed rather than after it is complete. These needed changes are more cost and time effectively addressed now. The PSC will ensure that the changes are made in complete compliance with all applicable regulations and the intent of the design.
Funding Source
100% State Building Authority Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in building occupancy issues that would be more costly to address later.

18. DEPARTMENT OF NATURAL RESOURCES, VARIOUS - Hart-Montague Trail State Park - Trail Repaving and Widening Design
File No. 751/11179.GAG - Index No. 56090
That the contract for professional services with M.C. Smith Associates and Architectural Group, East Grand Rapids, be increased $22,895.98

Purpose/Business Case
The purpose of this modification is to provide additional contract document development and environmental evaluations necessary to meet MDOT construction funding requirements for widening, repaving, and improving the existing 22 mile long Hart-Montague recreational trail.
Benefit
The State will benefit by meeting the requirements associated with the construction funding.
Funding Source
100% Park Improvement Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not meeting the requirements for MDOT funding and jeopardizing the construction funding.

19. DEPARTMENT OF ENVIRONMENTAL QUALITY, SAULT STE MARIE – Camp Lucas/Fort Brady Site - Technical Support Services
File No. 761/10328.SAR - Index No. 46133
That the contract for professional services with AECOM of Michigan, P.C. (Formerly STS Consultants, Ltd.), Lansing, be increased $20,004.15

Purpose/Business Case
The purpose of this modification is to provide additional professional environmental oversight, technical review and support services to locate unexploded ordinance (UXO) and munitions and explosive constituents (MEC) under the Military Munitions Response Program (MMRP). The site requires more intensive field activities to locate the dangerous explosives.
Benefit
The State will benefit by identifying and locating dangerous explosives.
Funding Source
100% Federal-Defense States Memorandum of Agreement
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to identify and locate dangerous explosives.

REVISIONS TO CONSTRUCTION CONTRACTS

20. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING - Joint Forces Reserve Center – New Cold Storage Building
File No. 511/10333.RAN - Index No. 13957 & 13757
Bender & Posciask Construction, Inc., Tecumseh; CCO No. 1, Increase $40,011.00

Purpose/Business Case
The purpose of this change order is to remove poor soils from the site of the foundation, construct a sanitary sewer connection for a future toilet room, complete the connection to a sewage pump station wet well, replace the pumps in an existing submersible storm water pump station and delete interior and exterior fencing and the utility, testing and contingency allowances.
Benefit
The State will benefit by providing a firm foundation, providing a discharge point for the building's sanitary waste, providing a storm water pumping station and reducing the contingency allowance to reflect actual costs.
Funding Source
75% Federal Funds
25% State Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in potential settlement of the building, sanitary and storm water issues, and the contingency allowance not being adjusted to reflect final costs.

21. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MACKINAC ISLAND – Mackinac Island State Park – Governor's Summer Residence Roof Replacement
File No. 751/12069.RAA - Index No. 53010
Mihm Enterprises, Hamilton; CCO No. 1, Increase $9,642.82

Purpose/Business Case
The purpose of this change order is to replace deteriorated exterior wood casing and sills on the third floor windows. During construction the deterioration was discovered and replacement is required to properly install the new roof.
Benefit
The State will benefit by ensuring the integrity of the new roof system as well as the existing windows.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in increased maintenance costs and potential shortening of the life of the new roof.

. . . . . .

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, WHITTEMORE – DNR Real Estate Division Site – Excavation, Removal and Disposal of Contaminated Soil and Site Restoration
File No. 761/10063.SAR - Index No. 44601
Low Responsive Bidder: Environmental Excavating and Contracting, Inc., Alpena; $36,528.00

Purpose/Business Case
The purpose of this contract is to provide contaminated soil removal services. The contractor will remove and dispose of up to 70 tons of demolition debris, 300 tons of contaminated soil, and 500 gallons of non-hazardous groundwater and backfill the excavation with clean fill.
Benefit
The State will benefit by having contaminated soil removed reducing the threat to the environment and human health.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued migration of contamination from the site endangering human health and the environment.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, TRAVERSE CITY – Traverse City State Office Building – Elevator Renovation and Upgrades
   File No. 071/12033.GAG - Index No. 44401
   Recommended Assignment: Bernath-Coakley Associates Architects, Inc., Lansing; $55,070.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the upgrade of the building's only elevator. This elevator work must be completed before the Michigan Rehabilitation Services (MRS) operations planned move into the fourth floor's south wing.
Benefit
The State will benefit by having professionally prepared contract documents for competitive construction bid process and contract administration services through construction. Assignment to the existing ISID contract will facilitate the elevator upgrade work and eliminate any delays to the MRS move.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 7 to the indefinite-scope indefinite-delivery contract.

Risk Assessment
Failure to approve this assignment will result in the State not obtaining the documents required for the competitive bid process.

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling – Electrical Power Distribution Load Flow Study
   File No. 511/12084.GAG - Index No. 21000
   Recommended Assignment: Tucker, Young, Jackson, Tull, Inc., Detroit; $69,544.10

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for a power distribution load flow study on the medium voltage electrical systems as required by the National Guard Bureau. This work will include installing data collection equipment, collecting and analyzing field data on seasonal electrical usage, and providing a report on load flow, short circuit, and protective coordination studies.
Benefit
The State will benefit by having the required study and report professionally performed and prepared to meet the regulating agency's requirements and ensure the safety and reliability of the facility's electrical distribution systems.
Funding Source
100% Federal Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 1 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in the State not properly evaluating the facility's electrical system and failing to satisfy the agency's regulatory requirements.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, SPRUCE – Former Tavern and Gas Station Site – Limited Investigation, Bid Document and Trades Contractor Management
   File No. 761/12134.BDH - Index No. 44351
   Recommended Assignment: AECOM Technical Services, Inc., Lansing; $82,168.64

Purpose/Business Case
The purpose of this assignment is to provide for assessment and remediation of this leaking underground storage tank (LUST) site. The professional will review and assess past delineation efforts and conduct additional delineation as needed, characterize soil and groundwater for disposal, prepare bid specifications for removal of contaminated soil and groundwater, assist DEQ in selecting a contractor, oversee the removal of contamination, and provide a construction summary report.

Benefit
The State will benefit by having contaminated soil removed from this site.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 18 to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment could result in the spread of contamination endangering human health and the environment.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, BRIGHTON – Clark Station #2128 Site – Remedial Investigation
   File No. 761/12135.SAR - Index No. 44801
   Recommended Assignment: AECOM Technical Services, Inc., Lansing; $125,225.76

Purpose/Business Case
The purpose of this assignment is to provide for remedial investigation. The site has operated as a gasoline filling station/convenience store since 1967 and is a confirmed leaking underground storage tank (LUST) site. Previous investigation confirmed the presence of soil and groundwater contamination but the extent of contamination has not been defined. The professional will conduct environmental investigation activities to determine the extent of soil/groundwater contamination and will use the results of the investigation to develop a final assessment report that includes a feasibility study. The feasibility study evaluates the appropriate remedial actions needed to address the contamination.
Benefit
The State will benefit by investigating environmental contamination for potential abatement to protect the public and the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 19 to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to comply with the environmental regulations and protect the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, PIERSON – Pierson Mobil Site – Remedial Investigation
   File No. 761/12136.BDH - Index No. 44901
   Recommended Assignment: Weston Solutions, Inc., Okemos; $127,210.00

Purpose/Business Case
The purpose of this assignment is to provide for a remedial investigation of this leaking underground storage tank site. The professional will review existing reports, identify potential receptors, and produce a letter report of findings. The professional will define the extent of free product to the south and vertically by installing several new monitor wells. The professional shall remove free product when encountered during sampling phases. The professional will perform bail down tests and conduct pilot-scale soil vapor extraction tests to aid in the design of the remediation system.
Benefit
The State will benefit by having this site evaluated for remediation.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 20 to the discretionary contract.
Risk Assessment
Failure to approve this assignment could result in the spread of contamination in soil endangering the human health and the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – 5800 Russell Street Site – Remedial Investigation
   File No. 761/12137.SAR - Index No. 44701
   Recommended Assignment: MACTEC Engineering and Consulting of Michigan, Inc, Novi; $68,925.00

Purpose/Business Case
The purpose of this assignment is to provide for environmental investigation. The site is a confirmed leaking underground storage tank (LUST) site. Previous investigation confirmed the presence of free product and soil/groundwater contamination but the extent of contamination has not been defined. The professional will perform environmental investigation to determine if free phase product is present, determine the extent of soil and groundwater contamination and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by assessing the risk to the public, abating environmental contamination and protecting the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 22 to the indefinite-scope, indefinite-delivery contract.

Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site to comply with the environmental regulations and protect the environment.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – Mick's Auto Site – Remedial Investigation
   File No. 761/12138.SAR - Index No. 44701
   Recommended Assignment: MACTEC Engineering and Consulting of Michigan, Inc, Novi; $40,220.00

Purpose/Business Case
The purpose of this assignment is to provide for environmental investigation. The site is a confirmed leaking underground storage tank (LUST) site. The limited investigation conducted at the site confirmed the presence of free product and soil/groundwater contamination but the extent of contamination has not been defined. The professional will perform environmental investigation to determine if free phase product is present, determine the extent of soil and groundwater contamination and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by assessing the risk to the public, abating environmental contamination and protecting the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 23 to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site to comply with the environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Hannah Building – First & Second Floor Renovation
   File No. 084/11214.JRC - Index No. 00277
   That the contract for professional services with Mayotte Group Architects, Lansing, be increased $1,229.04

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional phase 600 and 700 services due to unforeseen field conditions that resulted in additional meetings and on site time for the professional.

Benefit
The State will benefit by having the complete air balance report for the new area and updated power in the panel located in the penthouse.
Funding Source
42.5% DTMB Agency Operating Funds - BOC
29.8% DOE – Bureau of Assessment and Accountability (BAA) Funds
27.7% Telecom
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the professional not ensuring that the HVAC system is properly tested in the new area, and the power supply for this area of the building is adequate.

10. DEPARTMENT OF NATURAL RESOURCES , WATERFORD – Dodge #4 State Park – Boating Access Site (BAS) Circulation, Parking & Accessibility
File No. 751/09294.JAN - Index No. 59090
That the contract for professional services with Beckett & Raeder, Inc., Ann Arbor, be increased $82,858.24

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for the immediate and short term stabilization of the beach resulting from erosion; provide study and schematic design for the long term solution relating to the beach erosion; and provide construction administration for the original BAS portion of the project and the short term shoreline stabilization component.
Benefit
The State will benefit by maintaining the beach and having construction administrative oversight during construction to ensure that the contractor is adhering to the contract.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the potential loss of the beach and lack of construction oversight.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, MACOMB COUNTY – Brook Run South Site – Wetland Mitigation
File No. 761/10177.SAR - Index No. 60505

That the contract for professional services with Huron Consultants, Port Huron, be increased $2,970.00

Purpose/Business Case
The purpose of this modification is to provide additional design services necessary to bring the project in budget. The bids received for implementing the wetland mitigation design were over budget and two post bid addenda were needed.
Benefit
The State will benefit by issuing post bid addenda and rebidding the work to be within the available budget.
Funding Source
100% Restricted Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to implement mitigating measures within the authorized budget.

REVISIONS TO CONSTRUCTION CONTRACTS

12. DEPARTMENT OF STATE POLICE, DIMONDALE – Training Academy – Replace Fan Coil Units
File No. 071/09443.RMP - Index No. 44202
Laux Construction, LLC, Dansville; CCO No. 2, Increase $11,294.21

Purpose/Business Case
The purpose of this change order is to remove existing acoustical wall treatment and replace/repair with a new gypsum board wall finish in the main training auditorium of the MSP Police Training Academy. The existing acoustical wall treatment is ineffective and an obstruction, hampering the acoustical performance and installation of a new audio-visual system to be provided as part of a separate federally funded contract.
Benefit
The State will benefit by removing the acoustical wall treatment and repairing the walls to accommodate the installation of a new audio-visual system.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the inability to install the new audio-visual system in the auditorium.

13. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Van Wagoner Building – ADA Restroom Upgrades
File No. 071/11096.JRC - Index No. 44106
HBC Contracting, Lansing, CCO No. 1, Increase $24,482.74

Purpose/Business Case
The purpose of this change order is to remove previously concealed asbestos pipe insulation, rework existing masonry wall to accommodate new toilet room plumbing lines, relocate existing condensate lines, replace an existing sanitary line, and provide additional isolation valves.
Benefit
The State will benefit by correcting previously unknown plumbing issues, removal of existing asbestos pipe insulation, properly support existing masonry walls at the new plumbing line locations and revise plumbing fixture and piping configurations to enhance maintainability.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential health and safety concerns, maintenance problems, and structural issues with the masonry walls.

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, Marquette – Jacobetti Home for Veterans – Shower Renovations and HVAC Upgrades
File No. 511/09345.RAA - Index No. 85000
Closner Construction and Sales, Marquette; CCO No. 3, Increase $49,612.20

Purpose/Business Case
The purpose of this change order is to install grab bars at the new toilet in bath/shower rooms, add temperature controls to the new chilled water coils and change intake air opening on F-wing air handling units.
Benefit
The State will benefit by providing assistance for nursing staff in new bath/shower rooms and integrating new chilled water coils into the existing temperature control system. New fresh air intake locations are needed to avoid exhaust gases from entering building.
Funding Source
100% Veteran Administration Grant Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the need for additional staff to assist patients, additional man hours to control the HVAC system and potential life safety issues.

15. DEPARTMENT OF TRANSPORTATION, NEWBERRY – Transportation Service Center – Exterior Painting and Window Replacement
    File No. 591/07295.AGY - Index No. 58508
    West Coast Builders and Constructors, Inc., Dorr, CCO No. 1, Increase $472.91

Purpose/Business Case

The purpose of this change order is to replace 17 existing brackets necessary for the installation of the new window treatments.

Benefit

The State will benefit by installing new window treatments which will increase energy efficiency for the building, allow privacy and provide light control to the building.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order would result in diminished energy efficiency, privacy, and lack of light control to the building.

16. DEPARTMENT OF TRANSPORTATION, JACKSON – Jackson Materials and Testing – Lab Renovation
    File No. 591/11310.AGY - Index No. 30125
    EVR, Incorporated, Haslett; CCO No. 1, Increase $2,008.19

Purpose/Business Case

The purpose of this change order is to replace the existing door hardware with a lever style to meet the accessibility codes and change the new lab sinks to a deeper style to meet operational requirements.

Benefit

The State will benefit by complying with the State Building Code and meeting the requirements of the lab.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not providing accessibility and operational issues.

17. DEPARTMENT OF TRANSPORTATION, JACKSON – Jackson Materials and Testing – Lab Renovation
    File No. 591/11310.AGY - Index No. 30125
    EVR, Incorporated, Haslett; CCO No. 2, Increase $2,905.78

Purpose/Business Case

The purpose of this change order is to add sediment traps in the lab sinks to collect the additional particles from testing, epoxy all of the new lab floors and rework the entry door threshold due to existing conditions.

Benefit

The State will benefit by creating a more accessible condition to maintain the drainage system and making a better working environment.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential clogging of the drainage line and result in increased maintenance of the floor.

18. DEPARTMENT OF NATURAL RESOURCES, CHEBOYGAN – Trailhead – Trailhead Construction
    File No. 751/09298.BDW - Index No. 73550
    Reith-Riley Construction, Charlevoix; CCO No. 1, Increase $798.81

Purpose/Business Case

The purpose of this change order is to adjust unit price quantities to reflect actual quantities used, repair damage to the existing site landscaping, and field changes required by mechanical inspector.

Benefit

The State will benefit by having a functional rest stop and access to the trailhead at the location of two intersecting trails.

Funding Source

100% Recreational Trail Grant Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order would result in a potential claim and the inability to receive a certificate of occupancy.

19. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – Ralph A. MacMullan Conference Center – Classroom Building Addition
File No. 751/10489.JAN - Index No. 99020
Ripman Consruction Company, Inc., St. Helen; CCO No. 4, Increase $31,671.38

Purpose/Business Case

The purpose of this change order is to provide and install a new audio visual system as requested by DNR. This system will enhance the potential for attracting new business organizations and repeat users.

Benefit

The State will benefit by having a state-of-the art facility which will attract new business organizations and repeat users.

Funding Source

53% Park Improvement Funds
47% MNRTF Development Grant Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in outdated audio/visual communication systems within the new facility.

20. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHARLEVOIX – J.J.'s General Store Site – Operation and Maintenance of Soil Vapor Extraction (SVE) and Dual Phase Extraction System
File No. 761/10101.SAR - Index No. 44351
ASI Environmental Technologies, Inc., Ludington, CCO No. 2, Incr. $2,202.10

Purpose/Business Case

The purpose of this change order is to adjust unit price work to match actual quantities provided and close the contract.

Benefit

The State will benefit by completing/closing this contract.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order could result in a potential claim.

21. DEPARTMENT OF ENVIRONMENTAL QUALITY, INDIAN RIVER – Club Road Property Site – Soil Excavation and Site Restoration
    File No. 761/11203.SAR - Index No. 44351
    Elmer's Crane and Dozer, Traverse City; CCO No. 1, Increase $68,910.27

Purpose/Business Case

The purpose of this change order is to provide additional quantities of sand/soil for backfill and to delete the charges for relocating the gas service line. The site conditions required additional quantities of fill materials.

Benefit

The State will benefit by abating environmental contamination and reducing the threat to the environment and human health.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not backfilling all the excavated area and therefore risking the safety of the public.

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, WYOMING – Grand Valley Armory – Ventilation Upgrades
   File No. 511/11301.AGY - Index No. 13767/13967
   Low Responsive Bidder: Mugen Construction Inc., Dorr; $45,153.00

Purpose/Business Case

The purpose of this contract is to replace the existing inefficient air handling unit and install a new rooftop air handling unit. The existing air handler is beyond its useful life, requires continuous maintenance to operate and is energy inefficient.

Benefit

The State will benefit by reduced maintenance costs and increased energy efficiency.

Funding Source

50% Federal Funds
50% State Construction Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued costly maintenance and higher energy usage.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, YPSILANTI - Washtenaw Armory - Modify/Clean Indoor Range
   File No. 511/12104.AGY - Index Nos. 13966/13766
   Low Responsive Bidder: Antler Construction, Canton; $12,500.00

Purpose/Business Case:

The purpose of this contract is to provide lead abatement and removal of the existing firing range equipment and sound deadening material from the indoor firing range to allow this space to be utilized for other functions. The space is no longer used as a firing range and has remained vacant due to lead contamination.

Benefit:

The State will benefit by abating the existing lead and providing usable space for daily operations of the armory.

Funding:

50% Federal Funds
50% State Construction Funds

Commitment:

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:

Failure to approve this contract will result in the lead contamination remaining and the space continuing to be unusable.

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, DETROIT - Olympia Armory - Modify/Clean Indoor Range
   File No. 511/12105.AGY - Index No. 13984/13784
   Low Responsive Bidder: DMC Consultants, Inc., Detroit; $4,450.00

Purpose/Business Case:

The purpose of this contract is to provide lead abatement and removal of the existing firing range equipment and sound deadening material from the indoor firing range to allow this space to be utilized for other functions. The space is no longer used as a firing range and has remained vacant due to lead contamination.

Benefit:

The State will benefit by abating the existing lead and providing usable space for daily operations of the armory.

Funding:

50% Federal Funds
50% State Construction Funds

Commitment:

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:

Failure to approve this contract will result in the lead contamination remaining and the space continuing to be unusable.

4. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, TAYLOR – Taylor Armory - Modify/Clean Indoor Range
   File No. 511/12106.AGY - Index Nos. 13986/13786
   Low Responsive Bidder: Set Construction, Inc., Detroit; $11,590.00

Purpose/Business Case:

The purpose of this contract is to provide lead abatement and removal of the existing firing range equipment and sound deadening material from the indoor firing range to allow this space to be utilized for other functions. The space is no longer used as a firing range and has remained vacant due to lead contamination.

Benefit:

The State will benefit by abating the existing lead and providing usable space for daily operations of the armory.

Funding:

50% Federal Funds
50% State Construction Funds

Commitment:

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:

Failure to approve this contract will result in the lead contamination remaining and the space continuing to be unusable.

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – USPFO – Modify Loading Docks
   File No. 511/12108.AGY - Index No. 25500
   Low Responsive Bidder: Bultsma Construction, Byron Center; $34,750.00

Purpose/Business Case
The purpose of this contract is to install dock levelers at two of the warehouse loading docks to allow for the unloading of different height trucks. The dock levelers will improve safety by properly aligning the dock and truck.
Benefit
The State will benefit by allowing for multiple deck heights to properly load/unload incoming deliveries/pickups.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in limited delivery capabilities and potential safety issues.

6. DEPARTMENT OF TRANSPORTATION, LANSING – Division of Operations, Maintenance – New Fence Project
   File No. 591/11064.AGY - Index No. 58508
   Low Responsive Bidder: Dewitt Fence Company, Lansing; $27,395.00

Purpose/Business Case
The purpose of this contract is to add 2000 linear feet of perimeter fence, including secured entry gate, for new property that the Department of Transportation has acquired next to its existing operations.
Benefit
The State will benefit by securing Department of Transportation's property and protecting its assets.
Funding Source
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract could result in potential liability and damage to Department of Transportation assets.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, MACOMB COUNTY – Brook Run South Site – Wetland Mitigation
   File No. 761/10177.SAR - Index No. 60505
   Low Responsive Bidder: TSP Environmental, Livonia; $38,903.00

Purpose/Business Case

The purpose of this contract is to implement corrective action measures to mitigate the impact on the 2 acre wetland site. The corrective actions involve excavating and regrading the site to proper elevations for wetland hydrology, construction of an earthen overflow weir, planting native plants to create forested wetland and monitor the implemented measures for a period of two years.

Benefit

The State will benefit by protecting the wetland and complying with the environmental regulations.

Funding Source

100% Restricted Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in not implementing the corrective action measures to mitigate the impact on the wetland.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, HARRISON TOWNSHIP – Selfridge Air National Guard Base - Building 1416, Phase II
   File No. 511/11334.MNB- Index No. 13999
   Recommended Responsive Proposal: DeMattia Group, Detroit; $99,625.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and /or engineering design and construction administration services necessary to obtain contract documents for the upgrading of the heating and fire suppression systems at Building 1416 (air hanger).

Benefit

The State will benefit by having professionally prepared contract documents for the competitive construction bid process and contract administration services.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the necessary documents for the competitive bidding.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, KINGSFORD – Kingsford Armory – Structural Crack Repair
   File No. 511/12070.RAA - Index Nos. 13710 and 13910
   Recommended Assignment: OHM, Hancock; $7,726.74

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents necessary to repair the existing foundation. Recently a structural crack has formed in the area of the basement shower room and it continues to widen.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

50% Federal Funds
50% State Construction Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite-scope, indefinite-delivery contract.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, BELLAIRE – Former Bellaire Bay Mart Site – Groundwater Monitoring
    File No. 761/12140.SAR - Index No. 44351
    Recommended Assignment: Sagasser & Associates, Inc., Gaylord; $15,858.00

Purpose/Business Case

The purpose of this assignment is to provide for groundwater monitoring and reporting services. This is a post-remediation system monitoring to assess for potential rebound of contamination. The professional will sample 14 monitoring wells for 4 quarterly monitoring/sampling events and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by verifying the completion of the environmental abatement measures implemented to protect the environment.

Funding Source

100% Refined Petroleum Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number six to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to appropriately assess the post-remediation contamination and comply with the environmental regulations.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, WYOMING – Former Clark #1481 Site – Remedial Investigation
File No. 761/12141.SAR - Index No. 44901
Recommended Assignment: Global Environmental Engineering, Inc., Elk Rapids; $21,884.00

Purpose/Business Case
The purpose of this assignment is to provide for environmental investigation services. The site operated as a gasoline station with four underground storage tanks (USTs). A release was discovered during the removal of the USTs. The professional will conduct environmental investigation to define the vertical and horizontal extent of contamination and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by identifying and evaluating the risks to human health to effectively abate environmental contamination and protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site to protect the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

12. DEPARTMENT OF NATURAL RESOURCES, LUDINGTON – Ludington State Park – Beach House Restoration
File No. 751/08246.JAN - Index No. 28350
That the contract for professional services with Cornerstone Architects, Grand Rapids, be increased $30,761.00

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for a Phase 100 Study to determine the highest and best use of the Ludington Beach House, including options for "Interpretive Displays" museum space.

Benefit

The State will benefit by having the information necessary to help make an informed decision as to the best use of the Beach House space.

Funding Source

100% Park Improvement & Park Endowment Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in a lack of information to determine the best use of the Beach House space.

REVISIONS TO CONSTRUCTION CONTRACTS

13. DEPARTMENT OF MILITARY AND VETERAN'S AFFAIRS, MARQUETTE – Jacobetti Home for Veterans – Shower Renovations and HVAC Upgrades
File No. 511/09345.RAA - Index No. 85000
Closner Construction and Sales, Marquette; CCO No. 4, Increase $6,598.24

Purpose/Business Case

The purpose of this change order is to construct a medical storage area by moving an existing wall and providing room finishes. This area is required for the safe/secure storage and dispensing of medications.

Benefit

The State will benefit by reduced staffing of this area and providing secure medication storage.

Funding Source

100% Veteran's Administration Grant Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the requirement for additional staff.

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Joint Forces Reserve Center – Replace Sidewalks
File No. 511/11266.AGY – Index No. 13753
Bender & Pociask Construction, Inc., Tecumseh; CCO No. 1, Increase $5,635.00

Purpose/Business Case

The purpose of this change order is to provide additional pedestrian sidewalks across greens-space to the vehicle maintenance shop. The existing sidewalks are combined with catch basins for the parking area which may develop icy and slippery conditions during winter months. The new sidewalks will allow water to drain away from walking surfaces.

Benefit

The State will benefit by ensuring proper drainage and safe walking conditions.

Funding Source

100% Restricted Funds

Commitment

The contract cost is fixed based on competitive bids. The change order cost is within the authorized budget.

Risk

Failure to approve this contract may result in potential icy and slippery conditions in the winter months.

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF NATURAL RESOURCES, BROOKLYN – Walker Tavern Historic Site – Hewitt House Renovation
   File No. 251/09237.CAK - Index No. 48150
   Low Responsive Bidder: Laux Construction, LLC, Dansville; $209,500.00

Purpose/Business Case

The purpose of this contract is to renovate the interior and exterior of the Hewitt House, the Visitor Center for the Walker Tavern Historical Complex. The work will include the reinforcing of the structure, improving accessibility by installing two new barrier free restrooms, installing a smoke detection system, and expanding and improving the existing electrical service.

Benefit

The State will benefit by ensuring the structural integrity of the building, providing accessibility, and bringing the building up to current life/safety codes.

Funding Source

100% Federal Transportation Enhancement Grant Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued deterioration of the structure leading to costly future repairs, a lack of access and life/safety code issues.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge FMS #1 – Repair Siding
   File No. 511/12107.AGY - Index No. 13992
   Low Responsive Bidder: HBC Contracting, Lansing; $24,800.00

Purpose/Business Case:
The purpose of this contract is to repair loose and damaged siding along the top portion of the maintenance bay as well as painting the exterior block surface. The existing siding has become loose and allows infiltration into the building costing significant energy dollars.
Benefit:
The State will benefit by reduced maintenance costs and increased energy efficiency.
Funding:
100% Federal Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk:
Failure to approve this contract will result in continued water infiltration and energy loss.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF NATURAL RESOURCES, LANSING – Harbor Design Standards and Floating Pier Specifications Update
   File No. 751/10369.BDW - Index No. 50900
   Recommended Responsive Proposal: Prein & Newhoff, Grand Rapids; $14,500.00

Purpose/Business Case
The purpose of this contract is to provide professional design services to update the DNR Parks & Recreation Division Design Standards for State of Michigan and Grants-In-Aid Funded Harbor Facilities. The existing document is 10 years old and does not contain the most recent environmental and regulatory changes or the current accessibility requirements.
Benefit
The State will benefit by having a guidance document that clearly communicates the design requirements to grant recipients and design professionals, and have a web page ready document for easy access by the public.
Funding Source
100% Waterways Funds
Commitment

The contract cost is fixed based on a competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in unnecessary DNR staff time to interpret the current Design Standards document for design professionals and unnecessary redesign of Grants-In-Aid facilities due to poorly communicated design expectations.

4. DEPARTMENT OF NATURAL RESOURCES, LUDINGTON – Ludington State Park – Electrical Upgrade & Water Line Replacement
   File No. 751/11087.JAN - Index No. 55060
   Recommended Responsive Proposal: Prein & Newhof, Grand Rapids; $178,552.00

Purpose/Business Case

The purpose of this contract is to provide professional engineering services for the study, design and construction oversight of the electrical upgrade, water supply line replacement and sanitary dump station relocation at Ludington State Park.

Benefit

The State will benefit by having improvements made to the infrastructure at the park which has been failing due to age.

Funding Source

60% Park Endowment Funds
40% Trust Fund Grant Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued failure of the infrastructure and the requirement for costly maintenance.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, MELVINDALE – B&H Food & Gas / Dix-Toledo Petro Mart Site – Remedial Investigation / Feasibility Analysis
   File No. 761/12160.BDH - Index No. 44701
   Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $77,041.67

Purpose/Business Case

The purpose of this assignment is to provide for assessment and remediation of this leaking underground storage tank site. The professional will review and assess past delineation efforts and conduct additional delineation as needed, characterize soil and groundwater for disposal, prepare bid specifications for removal of contaminated soil

and groundwater, assist DEQ in selecting a trades contractor, oversee the removal of contamination, and provide a construction summary report.

Benefit

The State will benefit by having this site evaluated for remediation.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 16 to the indefinite-scope, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to protect public health, safety, welfare and the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, LAKOTA – Drew, Ripple Property Site – Remedial Investigation / Construction Specifications
   File No. 761/12162.BDH - Index No. 44501
   Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $55,781.02

Purpose/Business Case

The purpose of this assignment is to provide for removal of contaminated soil from this leaking underground storage tank (LUST) site. The professional will locate all domestic water wells within ¼ mile of subject property, obtain access agreements for all properties that need to be included in the investigation, perform up to 32 soil borings, obtain samples, deliver samples to the DEQ lab, and tally the analytical results. The professional will use that information to prepare a specification and excavation plan for having a contractor dig out the contaminated soil, bid this work, oversee the work, and prepare a construction summary report.

Benefit

The State will benefit by having this site evaluated and having the source area of the contamination removed.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 17 to the indefinite-scope, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to protect public health, safety, welfare and the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – City of Detroit-DOT-5600 Wabash St. Site – Remedial Investigation

File No. 761/12163.SAR - Index No. 44701
Recommended Assignment: URS Corporation Great Lakes, Southfield; $79,429.00

Purpose/Business Case
The purpose of this assignment is to provide for remedial investigation. The site has operated as a transportation facility for the City of Detroit with several underground storage tanks (UST). Previous investigation confirmed the presence of soil and groundwater contamination but the extent of contamination has not been defined. The professional will conduct environmental investigation activities to determine the extent of soil/groundwater contamination and will use the results of the investigation to develop a final assessment report that includes a feasibility study. The feasibility study evaluates the appropriate remedial actions needed to address the contamination.
Benefit
The State will benefit by investigating environmental contamination to protect public health, safety, welfare and the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number five to the indefinite-scope, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect public health, safety, welfare and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Combined Arms Collective Training Facility
File No. 511/10016.CAK - Index No. 21000
That the contract for professional services with Paradigm Design, Inc., Grand Rapids, be increased $54,783.98

Purpose/Business Case
The purpose of this modification is to provide additional commissioning services requested by the Agency. This is more involved commissioning than a typical test and balance report. This project utilizes a geo-thermal system which is a specialized system requiring specialized expertise in commissioning. There are also extensive camera and electronics not typical in an average project. The PSC would be hiring a sub-consultant who specializes in these types of systems.
Benefit
The State will benefit by accomplishing higher energy efficiency, environmental health, and occupant safety and improve indoor air quality by making sure the building

components are working correctly and that maintenance plans are implemented with the greatest efficiency.

Funding Source

100% Federal Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in critical functions going unchecked during systems installation which would allow for achieving optimum building performance

9. DEPARTMENT OF NATURAL RESOURCES, MONROE – Bolles Harbor – Boat Access Site Re-Paving
   File No. 751/09295.CAK - Index No. 99058
   That the contract for professional services with Progressive AE, Grand Rapids, be increased $7,540.00

Purpose/Business Case

The purpose of this modification is to provide revisions to the construction documents to phase the work to fit the current budget and add a study to extend the electrical service one half mile to the project site.

Benefit

The State will benefit by completing the design of the entire site while separating work for the initial phase of construction to be bid now as well as determining if extending power to the site is feasible.

Funding Source

100% Waterway Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the project being postponed until full funding is obtained and incur higher maintenance costs from deteriorating site conditions.

10. DEPARTMENT OF NATURAL RESOURCES, WEST BLOOMFIELD – Orchard Lake Boating Access Site – Paving Improvements
    File No. 751/09296.CAK - Index No. 59090
    That the contract for professional services with Site Design Solutions, LLC (Viridis Design Group), Kalamazoo, be increased $5,000.00

Purpose/Business Case
The purpose of this modification is to increase the scope of the professional's services by including the design of a contact station for the site.
Benefit
The State will benefit by having the bid documents include replacement of the existing contact station at the site.
Funding Source
100% Waterway Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in a lack of a control point for regulating the amount of visitors the site can facilitate.

REVISIONS TO CONSTRUCTION CONTRACTS

11. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Integrated Security Management System
File No. 591/04003.JAN - Index No. 27000
P3 Construction, Inc., Detroit; CCO No. 3, Increase $1,553.00

Purpose/Business Case
The purpose of this change order is to furnish & install an electric latch retraction retrofit kit to the exit device at door 132-1 and to integrate the door into the card access control system.
Benefit
The State will benefit by having a complete functional security card access system.
Funding Source
100% Restricted Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a gap in the security at the facility.

March 2, 2012

. . . . . .

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DETROIT – State Fairgrounds – Demolition of Three Buildings
   File 071/11260.MNB - Index No. 66020
   Low Responsive Bidder: International Contracting Company, Detroit; $59,880.00

Purpose/Business Case
The purpose of this contract is to demolish three dilapidated buildings at the State Fairgrounds.
Benefit
The State will benefit by removing three unsafe dilapidated buildings and gaining revenue from leasing the area.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued maintenance costs, security issues as well as potential safety concerns.

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Grand Tower Building – Pad-Mount Transformer Replacement
   File No. 071/12092.JNS - Index No. 44120
   Low Responsive Bidder: EVR, Inc., Haslett, Michigan; $67,500.00

Purpose/Business Case
The purpose of this contract is to replace an existing 2500 KVA pad-mount transformer that feeds electricity to the entire Grand Tower Building. The transformer is being replaced due to the recent discovery of a large amount of rust on the transformer exterior directly above the foundation slab. The possibility of insulating oil in the transformer leaking and draining into the adjacent Grand River, along with the possible loss of electricity to the Grand Tower Building for a considerable length of time, warrant this replacement.
Benefit
The State will benefit by providing the Grand Tower Building with a safe and dependable source of electrical power.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this contract could result in a potential failure of the transformer leaving the building without power and contamination of the Grand River.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, SOUTH HAVEN – Roy Smothers Property – Remedial Investigation / Bid Specifications
   File No. 761/12164.BDH - Index No. 44501
   Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $55,169.02

Purpose/Business Case
The purpose of this assignment is to provide for assessment and remediation of this leaking underground storage tank (LUST) site. The professional will perform eighteen soil borings, sample soil and groundwater, transport samples to the DEQ lab, and review results. The professional will prepare bid specifications for removal of contaminated soil and groundwater, assist DEQ in selecting a trade contractor, oversee the removal of contamination, provide a construction summary report, and provide an inventory of all domestic water wells within ¼-mile of the site.
Benefit
The State will benefit by having contaminated soil removed from this site.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 18 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment could result in the potential spread of contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – State Laboratory – New Elevator
   File No. 071/11028.RMP - Index No. 44308
   That the contract for professional services with the Straub Pettitt Yaste Architects, Clawson, be increased $10,464.49

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for phase 500, 600 and 700 services necessary to issue and review bulletins, and provide structural engineering to evaluate the existing tunnel strength. The professional will attend additional construction meetings, generate meeting minutes and spend time reviewing submittals and shop drawings for the relocation of main entrance.

Relocation of the entrance was not included in original proposal and is required to keep the main entrance open and maintain security of the State Laboratory operations during construction.

Benefit

The State will benefit by receiving professional services required to maintain building operations during construction.

Funding Source

100% Agency Operating Funds - BOC

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not obtaining the professional services necessary to maintain normal operations of the State Laboratory during construction.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, TRAVERSE CITY - Stop N Shop Site - Remedial Investigation
   File No. 761/12059.SAR - Index No. 44301
   That the contract for professional services with Global Remediation Technologies, Inc., Traverse City, be increased $41,378.49

Purpose/Business Case

The purpose of this modification is to provide for additional remedial investigation and pilot test implementation services. The professional will install monitoring/soil vapor extraction wells and continue pilot test operation to determine the most cost effective remediation option. The professional will prepare environmental reports to comply with the environmental regulations.

Benefit

The State will benefit by determining the most effective remediation option to eliminate unacceptable risk to the public health, safety, welfare and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to effectively protect public health, safety, welfare and the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, CARSON CITY – Former Crystal Oil Refinery Site – Install High Vacuum Multi-Phase Extraction System
   File No. 761/12064.BDH - Index No. 440901

That the contract for professional services with AECOM Technical Services, Inc., Grand Rapids, be increased $15,200.00

Purpose/Business Case
The purpose of this modification is to provide additional services necessary to oversee the installation of three monitor wells, have a subcontractor supply a diesel generator and an activated carbon treatment system for the duration of the pilot study phase, add a float switch to protect the treatment system from damage and to reimburse the professional for collecting, transporting, and analyzing additional samples.
Benefit
The State will benefit by the completion of the treatability pilot study being performed at this site.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to effectively protect public health, safety, welfare and the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAMGEMENT AND BUDGET, DIMONDALE – General Office Building – Replace Motor & Fan on AHU's 4 & 5, Add 2 Chilled Water Pumps
   File No. 071/10491.DCS - Index No. 44207
   Moore Trosper Construction Company, Holt; CCO No. 2, Increase $2,830.64

Purpose/Business Case
The purpose of this change order is to relocate an existing pipe support column, investigate electrical conduit location, relocate an existing electrical lighting panel, and provide two new concrete support pads. This additional work is required to resolve unforeseen existing conditions and provide increased maintenance capabilities.
Benefit
The State will benefit by extending the useful life of the new equipment and completing the planned upgrades to the HVAC system.
Funding Source
100% Agency Operating Funds - BOC
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in potential construction conflicts and operational issues.

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, YPSILANTI - Washtenaw Armory, - Vehicle Shop Addition
   File No. 511/11204.MNB - Index No. 26000
   B & B Construction, St. Clair Shores; CCO No. 1, Increase $ 33,383.00

Purpose/Business Case
The purpose of this change order is to provide a gated security fence and revise the electrical power requirements to comply with the current State Electrical Code.
Benefit
The State will benefit by having a secure fenced site and be in compliance with the State Electrical Code.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in security issues as well as the electrical service not being brought up to current code requirements.

9. DEPARTMENT OF NATURAL RESOURCES, MUSKEGON – Muskegon State Park – Access to Recreation Phase 1
   File No. 751/07214.JAN – Index No. 50900
   Muskegon Quality Builders, Inc.; CCO No. 6, Increase $91,874.00

Purpose/Business Case
The purpose of this change order is to construct an accessible boardwalk, observation overlook deck and associated site work to complete the final phase of the project.
Benefit
The State will benefit by increasing the barrier access at the Sports Complex and comply with the Americans with Disabilities Act (ADA) code requirements.
Funding Source
100% Land Water Conservation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor. The amount of this change order is within the original authorized project cost.
Risk Assessment
Failure to approve this change order would result in noncompliance with the ADA.

CONTRACT CHANGE ORDER

10. DEPARTMENT OF STATE POLICE, CADILLAC - CCO No. 1 for Lease No. 10651 approved by the State Administrative Board on October 7, 1998, between BRB Properties, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State Police, as Lessee. This CCO provides for materials and labor to remove walls and door trim in the Cadillac MSP post at a cost not-to-exceed $341.00. The space is located at 7711 US 131, Cadillac, MI 49601.

Purpose/Business Case:
The purpose of this CCO is to enlarge the evidence room by removing walls as needed for proper storage of all evidence.
Benefit:
This CCO allows the Department to store evidence in one location, eliminating the need for additional offsite storage.
Source of Funds:
100% General Funds
Commitment Level:
Present through January 31, 2019; however, this Lease contains an Executive New cancellation clause with 30 days notice.
Risk Assessment:
Non-approval of this CCO will hinder the Department from storing evidence in one centralized location. Storing evidence in more than one location increases the risk of evidence spoilage and loss, increases storage costs and requires far more staff travel for evidence retrieval.
Zip Code:
49601

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TRANSPORTATION, PLAINWELL – Plainwell Maintenance Garage – Lagoon Expansion
   File No. 591/11222.AGY – Index No. 30125
   Low Responsive Bidder: Al's Excavating, Inc., Hamilton; $23,500.00

Purpose
The purpose of this contract is to increase the size of the existing lagoon that is currently undersized and overflows onto the neighbor's property. The lagoon serves as the retention area for surface and wash bay drainage.
Benefit
The State will benefit by eliminating runoff onto the adjacent property.
Funding
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract may result in a potential lawsuit from the property owner.

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, FREMONT – Wesco #14 Gas Station Site – Soil Excavation
   File No. 761/11357.SAR - Index No. 44901
   Low Responsive Bidder: EVR, Inc., Williamston; $138,815.00

Purpose/Business Case
The purpose of this contract is to remove and dispose of 1,800 tons of contaminated soils and restore the site. The site is an active vehicular fueling station and convenience store. Previous investigations confirmed presence of contaminated soils on site.
Benefit
The State will benefit by abating the environmental contamination.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving known contamination on site which may harm public health, safety, welfare and the environment.

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, SOUTH HAVEN – Clark #1126 Site – Demolition, Excavation, Disposal and Site Restoration
   File No. 761/12011.BDH – Index No. 44501
   Low Responsive Bidder: EVR Incorporated, Haslett; $102,500.00

Purpose/Business Case

The purpose of this contract is to remove and dispose of 600 tons of contaminated soil and restore the site paving from this leaking underground storage tank site. Previous investigations confirmed presence of contaminated soils on site.

Benefit

The State will benefit by abating the environmental contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued migration of contamination, endangering human health and the environment.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

4. DEPARTMENT OF NATURAL RESOURCES, SAWYER – Warren Dunes State Park – Day Use Area Redevelopment
   File No. 751/11275.JAG - Index No. 57150
   Recommended Responsive Proposal: Rowe Professional Services Co., Flint; $60,312.00

Purpose/Business Case

The purpose of this contract is to provide professional services to design the redevelopment of the Day Use Area at Warren Dunes State Park. The PSC will provide pre-design, schematic design and construction cost estimating to allow for the establishment of the funding required to continue on into future construction. The existing facilities are nearing the end of their useful lives and require extensive improvements to become compliant with current codes and DNR standards.

Benefit

The State will benefit by establishing a plan of action to address the many issues that exist at this very popular high use area of the park.

Funding Source

100% Park Improvement Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract would result in the State not obtaining the professional assistance necessary to determine the best course of action and the associated funding requirements.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

5. DEPARTMENT OF STATE POLICE, BAY CITY – Bay City State Police Post – New State Police Post
   File No. 551/09063.JAG - Index No. 53289
   Recommended Assignment: Soil and Materials Engineers, Inc., Grand Rapids; $19,450.00

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services for construction administration phase during the construction of a new State Police Post. The work included in this contract includes the testing and quality control of soils, asphalt, masonry, structural steel and concrete components of the project.
Benefit
The State will benefit by ensuring that the work installed by the contractor is equal to or better than the quality product required by the construction contract.
Funding Source
100% State Building Authority Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 2 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the contract administration and quality control services necessary to ensure compliance with the contract documents.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHARLOTTE – D & L Fuels Site – Remedial Investigation
   File No. 761/12173.SAR - Index No. 44801
   Recommended Assignment: AECOM Technical Services, Inc., Lansing; $124,527.84

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation activities to determine the extent of soil/groundwater contamination. The site has operated as a bulk fuel storage and gasoline filling station since the 1950s. Two confirmed releases of petroleum products from the underground storage tank (UST) system and one confirmed release from the aboveground storage tank (AST) system were reported at the site. Previous investigations confirmed the presence of petroleum products in soil and groundwater contamination but the extent of contamination has not been defined.
Benefit
The State will benefit by investigating the environmental contamination and determining the best method of remediation.
Funding Source
100% Refined Petroleum Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 20 to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to protect the public health, safety, welfare and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE - Various Buildings, State Secondary Complex - Building Automation System HVAC Upgrades
   File No. 071/10098.JNS - Index No. 02031
   That the contract for professional services with Byce and Associates, Inc., Kalamazoo, be increased $6,946.45

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services necessary to produce bulletin documents for contractor pricing to upgrade two (2) Tridium Web Supervisors from a 32-bit to a 64-bit compliant version with the 64-bit version being necessary to improve building automation system performance.

Benefit

The State will benefit by having professionally prepared Bulletin documents for the construction contractor to provide change order pricing as well as direction for proposed changes in the work.

Funding Source

60% ARRA Funds
40% Agency Operating Funds - BOC

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the bulletin documents required for contractor pricing of the required work.

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center, Secondary Governmental Complex – New Cogeneration Project
   File No. 071/10222.DCS - Index No. 02034
   That the contract for professional services with GRP Engineering, Inc., Grand Rapids, be increased $11,000.00

Purpose/Business Case

The purpose of this modification is to provide post construction air quality stack testing as required and stipulated within the permit issued by the Michigan Department of Environmental Quality. The permit requires a complete test procedure with test being conducted within 180 days after start-up for emission rates of carbon monoxide and nitrogen oxides.

Benefit

The State will benefit by having professionally prepared testing and documentation to ensure that the Cogeneration System meets the requirements of the permit.

Funding Source

91% ARRA Funds

9% Agency Operating Funds - BOC

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the required professional assistance to review and approve specific cogeneration equipment and systems.

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT and BUDGET, LANSING – Former State Police Headquarters – Removal of Underground Storage Tank before Transfer of Property
   File No. 071/11065.BDH - Index No. 67094
   That the contract for professional services with PM Environmental, Inc., Lansing, be increased $71,342.00

Purpose/Business Case

The purpose of this modification is to provide qualified consultant services at this leaking underground storage tank site. The professional will install monitor wells, determine extent of contamination, identify and evaluate migration pathways, remove and dispose of contaminated groundwater and produce the required final assessment report.

Benefit

The State will benefit by obtaining the needed information to prepare the final assessment report as required by DEQ.

Funding Source

100% Agency Operating Funds - VTS

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to protect the public health, safety, welfare and the environment.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, VARIOUS - Various Michigan Army National Guard Facilities - Audit of Non-DRMO Contractor Facilities
File No. 511/10365.SAR - Index No. 11400
That the contract for professional services with URS Corporation Great Lakes, Southfield, be increased $6,714.88

Purpose/Business Case
The purpose of this modification is to provide professional solid and hazardous waste management compliance auditing of non Defense Reutilization and Marketing Office (DRMO) contractor Harlon Lubricants, Inc., facility in Green Bay, Wisconsin. The facility is currently used by the agency to transport, store and dispose of a variety of potentially hazardous waste. The professional will conduct the audit in accordance with the Standard Practice for Environmental Regulatory Compliance Audits (ASTM 2107-00). The professional will prepare final audit report and submit to the agency.
Benefit
The State will benefit by ensuring compliance with the environmental regulations.
Funding Source
100% Michigan Army National Guard Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to ensure compliance with the environmental regulations.

11. DEPARTMENT OF NATURAL RESOURCES, BEULAH – Crystal Lake – New Boat Access Site
File No. 751/02275.JAG - Index No. 55010
That the contract for professional services with M. C. Smith Associates and Architectural Group, East Grand Rapids, be increased $11,305.70

Purpose/Business Case
The purpose of this modification is to provide additional contract administration services required to address previously unknown existing field conditions and to cover the extended construction contract time caused by weather conditions.
Benefit
The State will benefit by ensuring that the construction work is completed in compliance with the contract documents. The State will further benefit by resolving the unknown field conditions in a cost and time effective manner, compliant with all applicable codes and regulations.
Funding Source
100% Waterways Funds

Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in a project that does not comply with State and DNR standards.

12. DEPARTMENT OF NATURAL RESOURCES, WATERFORD – Dodge Park #4 - Connection to Municipal Water
File No. 751/11134.MNB - Index No. 99063
That the contract for professional services with Hubbel Roth & Clark, Inc., Bloomfield Hills, be increased $7,500.00

Purpose/Business Case
The purpose of this modification is to provide professional survey services to modify an easment necessary to extend the proposed water line.
Benefit
The State will benefit by having an easement for a neighboring property to allow the waterlines to be extended. The proposed route will be shorter and less costly.
Funding Source
100% Michigan Natural Resources Trust Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in using a longer route to extend the water lines which will be more costly.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, BURTON – Sunshine Foods #119 Site – Interim Response Services
File No. 761/09202.SAR - Index No. 44801
That the contract for professional services with The Mannik and Smith Group, Inc., Canton, be increased $24,206.65

Purpose/Business Case
The purpose of this modification is to obtain additional data to characterize this leaking underground storage tank site. The professional will install two monitor wells, perform quarterly sampling of the monitor wells for one year and deliver samples to the DEQ laboratory. Upon authorization, the professional will perform a survey to identify any domestic water wells in the plume of contamination and take up to three soil gas samples under the building floor.
Benefit

The State will benefit by obtaining additional information about potential contamination on this site and ensure that there are no wells in the vicinity of the plume of contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in the potential spread of contamination endangering human health and the environment.

14. DEPARTMENT OF ENVIRONMENTAL QUALITY, PAW PAW – Production Rubber Products Site – Soil, Groundwater and Vapor Investigation
File No. 761/10146.SAR - Index No. 44501
That the contract for professional services with DLZ of Michigan, Inc., Lansing, be increased $25,555.49

Purpose/Business Case

The purpose of this modification is to provide for a focused feasibility study to address solvent contamination at this former light industrial manufacturing facility. The professional will estimate the magnitude of the contamination, identify migration pathways and receptors, study remedial options and recommend a remedial action for pilot study.

Benefit

The State will benefit by being able to establish a pilot testing and remediation plan.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in the continued spread of contamination in soil endangering human health and the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

15. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Van Wagoner Building – ADA Restroom Upgrades
File No. 071/11096.JRC - Index No. 44106
HBC Contracting, Lansing; CCO No. 1, Increase $3,901.81

Purpose/Business Case

The purpose of this change order is to install a new lay-in ceiling, light fixture and fire protection revisions in the existing janitor closet that is adjacent to the new toilet rooms. This work is required to improve the ventilation of the janitor closet and provide proper balancing of the HVAC system.

Benefit

The State will benefit by improved ventilation and proper balancing of the HVAC system.

Funding Source

100% Agency Operating Funds - BOC

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in odors emanating from the janitor's closet infiltrating into the buildings return air system causing a potential health issue to building tenants and air balancing problems.

16. DEPARTMENT OF NATURAL RESOURCES, BEULAH – Crystal Lake Boat Access Site (BAS) – Construct a New Boat Access Site
File No. 751/02275.JAG - Index No. 54010
Jaran Construction Inc., Allegan; CCO No. 1, Increase $52,335.65

Purpose/Business Case

The purpose of this change order is to provide relocation of a utility easement and the redesign and altered construction of a bike trail bridge to resolve turning radius issues and allow for the load requirements of emergency response vehicle. The work also includes relocating the entrance curb cut and drive to resolve storm water issues and safer sight lines for traffic.

Benefit

The State will benefit by eliminating hazards at the BAS entrance, relocating the overhead power line above the boat launch area and creating an emergency response vehicle access route in compliance with the court order.

Funding Source

100% Waterways Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order would result in unsafe site conditions and noncompliance with the court order.

17. DEPARTMENT OF ENVIRONMENTAL QUALITY, NEWBERRY – Bob's Standard Service Site – Ozone Air Sparge System Rental and O&M
File No. 761/09433.RRD - Index No. 44251
Compliance, Inc., Brighton; CCO No. 3, Increase $18,455.48

Purpose/Business Case
The purpose of this change order is to provide operation of the remediation system for an additional four months. Site remediation is not complete and the additional system operation is required to ensure full remediation.
Benefit
The State will benefit by ensuring full remediation of the site.
Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the remediation system being shut down prior to full remediation.

18. DEPARTMENT OF ENVIRONMENTAL QUALITY, GREGORY – Millie's Market Site – Bio-Sparge System Installation
File No. 761/10233.RRD - Index No. 44801
Nova Consultants, Inc., Novi; CCO No. 1, Increase $5,817.13

Purpose/Business Case
The purpose of this change order is to adjust the contract quantities to match the actual site measured quantities. The change includes installing two bio-sparge wells/piping systems, providing treatment trailer, decreasing the provisional allowance and extending the end date of the contract by 147 calendar days.
Benefit
The State will benefit by abating the environmental health hazard on this site.
Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in leaving known contamination on site that may pose a threat to public health and the environment.

. . . . . .

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF NATURAL RESOURCES, COMMERCE TWP – Proud Lake Recreation Area Campground – Water System Improvements
   File No. 751/10282.BDW - Index No. 14410
   Low Responsive Bidder: Ed Birkmeier Well Drilling, Ltd., New Lothrop; $165,585.00

Purpose/Business Case
The purpose of this contract is to provide construction services for water system improvements at the campground, including abandonment of an existing well/pressure system and connection to the municipal water supply.
Benefit
The State will benefit by elimination of a noncompliant water supply, elimination of maintenance of a well and pressure system and reduction of compliance monitoring duties.
Funding Source
100% Natural Resources Trust Fund Grant Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued noncompliance with promulgated rules for public water supplies.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, IRONS – Bass Lake Store Site – Post Remedial Verification Sampling
   File No. 761/12174.BDH - Index No. 44301
   Recommended Assignment: The Mannik and Smith Group, Inc., Canton; $37,550.70

Purpose/Business Case
The purpose of this assignment is to provide for sampling soil and groundwater to verify that remediation is complete at this former leaking underground storage tank (UST) site. The professional will obtain and test soil boring samples for levels of contamination, sample thirteen of the nineteen monitor wells quarterly for one year, and tabulate the results. If the results are favorable, the professional will remove the existing monitor and soil vapor extraction wells, plug the holes left behind, and decommission the rest of the remediation system.
Benefit
The State will benefit by either verifying that the remediation effort was successful or determining where additional remediation needs to take place.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 30 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the public health, safety, welfare and the environment.

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, GLEN ARBOR – Rich's Amoco Site – Pilot Study and Monitoring
   File No. 761/12175.SAR - Index No. 44301
   Recommended Assignment: Wilcox Professional Services LLC, Cadillac; $40,905.29

Purpose/Business Case
The purpose of this assignment is to provide in-situ chemical oxidation (ISCO) pilot test and monitoring services. The site has been identified by the agency as a site of environmental contamination. The professional will inject RegenOX mixture in select borings to evaluate chemical oxidation as a remediation alternative for the contamination at the site and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by effectively abating environmental contamination to protect public health and the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number three to the indefinite-scope indefinite-delivery contract.

Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the public health, safety, welfare and the environment.

4. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling MATES Site – Monitoring and Sampling Services
   File No. 511/12176.SAR - Index No. 21000
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $21,414.33

Purpose/Business Case
The purpose of this assignment is to provide groundwater sampling and monitoring services. The professional will monitor the contamination by sampling the monitoring wells on a monthly basis for one year. The samples will be analyzed for benzene, toluene, ethyl benzene and xylenes (BTEX) to determine the extent of petroleum contamination.
Benefit
The State will benefit by protecting public health, safety, welfare and the environment.
Funding Source
100% National Guard Bureau Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 24 to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect public health, safety, welfare and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT and BUDGET, REED CITY – Fuel Tank Removals Group 3 – Remove 3 Underground Storage Tanks to Perform Appropriate Testing
   File No. 071/11125.BDH - Index No. 67094
   That the contract for professional services with Otwell Mawby, Inc., Traverse City, be increased $6,875.00

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for the response required by DEQ due to the recent discovery of gasoline contamination at this site. The professional will install monitor wells, sample them, produce and submit an Initial Assessment Report under this change order.
Benefit
The State will benefit by having the severity and extent of contamination at this leaking underground storage tank (LUST) site determined.

Funding Source
100% Agency Operating Funds - VTS
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to protect the public health, safety, welfare and the environment.

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, CHEBOYGAN – Fuel Tank Removals Group 2 – Remove 3 Underground Storage Tanks to Perform Appropriate Testing
   File No. 071/11126.BDH - Index No. 67094
   That the contract for professional services with Otwell Mawby, Inc., Traverse City, be increased $7,295.00

Purpose/Business Case
The purpose of this modification is to provide for the response required by DEQ due to the recent discovery of gasoline contamination at this site. The professional will install monitor wells, sample them, produce and submit an Initial Assessment Report under this change order.
Benefit
The State will benefit by having the severity and extents of contamination at this LUST site determined.
Funding Source
100% Agency Operating Funds - VTS
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to protect the public health, safety, welfare and the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, MILFORD – Coe's Cleaner Site – Operation & Maintenance (O & M) Oversight
   File No. 761/09424.SAR - Index No. 44701
   That the contract for professional services with Weston Solutions, Inc., Okemos, be increased $42,596.00

Purpose/Business Case
The purpose of this modification is to provide oversight of the O & M contractor, the submittal of monthly filings for the National Pollutant Discharge Elimination System (NPDES) permit, and serving as project manager for an additional year. Onsite contamination still exists and it is the intent to continue O & M until remediation is complete.

Benefit
The State will benefit by continuing remediation for another year thus removing additional contamination from the site.
Funding Source
100% Strategic Water Quality Initiative Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in the continued spread of contamination in soil endangering human health and the environment.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, PAW PAW - Commercial Steel Industrial Site - Bioremediation Pilot Study
File No. 761/10146.SAR - Index No. 44501
That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $2,233.98

Purpose/Business Case
The purpose of this modification is to provide methane sampling. The sampling is needed to assess potential methane contamination within the residential area. The professional will incorporate the results of the sampling into the monitoring report and submit to the agency.
Benefit
The State will benefit by investigating and evaluating site contamination.
Funding Source
100% Strategic Water Quality Initiatives Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to protect public health, safety, welfare and the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

9. DEPARTMENT OF STATE POLICE, BAY CITY – Bay City State Police Post – Construct a New State Police Post
File No. 551/09063.JAG - Index No. 53287
Ripman Construction Company, Inc., St Helen, MI; CCO No. 1, Increase $37,095.41

Purpose/Business Case

The purpose of this change order is to provide for interior layout revisions to address the increased number of troopers and staff members that will be working at this facility due to the recent closing of a neighboring post, enhance the soil erosion and sedimentation control measures as required by the DEQ and increases the size of fire protection lines to compensate for the low water pressure in the municipal lines.

Benefit

The State will benefit by providing a facility better suited to handle the increased occupant load in a manner that is cost effective and by meeting the requests of the DEQ relative to storm water management.

Funding Source

100% State Building Authority Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order would result in the inability to efficiently house the additional staff and noncompliance with soil erosion and sedimentation control best practices.

10. DEPARTMENT OF NATURAL RESOURCES, PREQUE ISLE COUNTY – Ocqueoc Falls – Day Use Area Redevelopment Project
    File No. 751/05436.JAG - Index No. 75329
    Ripman Construction Company, Inc., St Helen, MI; CCO No. 1, Increase $20,716.44

Purpose/Business Case

The purpose of this change order is to provide for additional work that was requested by the DNR to improve barrier free access and to improve vehicular control. Previously unknown bedrock was discovered on site which required the barrier free challenge course to be modified from the original design and a ditch was added adjacent to the county road to improve storm water management and control unwanted vehicular access points to the site.

Benefit

The State will benefit by providing a fully accessible barrier free challenge course and allow full access to the falls by all users in compliance with all applicable standards.

Funding Source

100% Recreation Trail Grant Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order would result in unsafe site conditions and potential noncompliance with the accessibility standards.

11. DEPARTMENT OF NATURAL RESOURCES, St. Helen – St. Helen Motor Sports Area – Construct a New Truck Rock Course
File No. 751/08160.JAG - Index No. 75200
Pete's Contracting, Inc., Falmouth, MI; CCO No. 1, Increase $13,763.05

Purpose/Business Case
The purpose of this change order is to provide additional vehicle control measures and to stabilize the exposed embankment soils. Several previously unknown conditions were discovered during the course of construction that impacted the quantity and size of rock materials needed to complete the project. This work is required to increase safety and prevent erosion.
Benefit
The State will benefit by creating a safer environment for the facility users and eliminating potential soil erosion.
Funding Source
100% Off-Road Recreational Vehicle Grant Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order would result in unsafe site conditions and noncompliance with best practice soil erosion and sedimentation control measures.

12. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MACKINAC ISLAND – Mackinac Island State Park – Governor's Summer Residence Roof Replacement
File No. 751/12069.RAA - Index No. 53010
Mihm Enterprises, Hamilton Michigan; CCO No. 2, Increase $20,820.00

Purpose/Business Case
The purpose of this change order is to modify the existing upper porch railing to meet current building code and repair the masonry caps on the existing chimneys. During construction it was discovered that the railing did not meet the current codes and the chimney caps were deteriorated. If this work was done as a separate project after the roof was completed, there is a strong possibility that damage to the new roof could occur.
Benefit
The State will benefit by addressing a safety issue with the height of the current handrail and reducing future maintenance costs regarding the existing chimneys.

Funding Source
87.75% DTMB Agency Operating Funds – BOC
12.25% State Parks Repair and Maintenance Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in safety issues and continued deterioration of existing chimneys.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, OWOSSO – Former Launderama Site – In-Situ Thermal Remediation System
File No. 777/11044.RRD - Index No. 44801
Stantec Consulting Corporation, Okemos; CCO No. 1, Increase $15,000.00

Purpose/Business Case
The purpose of this change order is to adjust the contract quantities to match the actual site measured quantities. The change includes increasing the provisional allowance to complete the project and extending the end date of the contract by one calendar day.
Benefit
The State will benefit by abating environmental health hazard to protect the public health and the environment.
Funding Source
100% Strategic Water Quality Initiatives Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not completing the remediation activities.

Facilities & Business Services Administration recommends the following items:

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF STATE POLICE, DIMONDALE – MSP Police Training Academy – Classroom and Restroom Modifications
File No. 551/12065.SJU - Index No. 22010

Low Responsive Bidder: Envision Builders Inc., Wixom; $168,600.00

Purpose/Business Case
The purpose of this contract is to construct additional men's and women's toilet rooms and revise existing classrooms at the first floor classroom wing of the Police Training Academy. The plumbing fixture count does not meet current demand and classroom revisions will greatly increase efficiencies for the upcoming trooper schools and other training programs at the academy.
Benefit
The State will benefit by operational efficiencies at the Police Training Academy.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued operational inefficiencies during trooper school and other training activities at the Police Training Academy.

AWARD OF PROFESSIONAL SERVICES CONTRACT

2. DEPARTMENT OF NATURAL RESOURCES, CHAMPION - Craig Lake State Park – Trail Improvements
   File No. 751/12071.RAA - Index No. 51310
   Low Responsive Bidder: Sanders/Chapski, Marquette; $46,873.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for trail system improvements and the replacement of three bridges.
Benefit
The State will benefit by providing safe access to the wilderness state facility and connection to the regional North Country Trail.
Funding Source
100% Recreational Trail Program Grant Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in loss of access to Craig Lake State Park rural public attractions and connection to regional/national trail system, resulting in loss of revenue or continued maintenance expenditures.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, STEPHENSON AND L'ANSE – State Police Posts UST Removals – Group 10
   File No. 071/11362.BDH - Index No. 67094
   Recommended Assignment: Otwell Mawby, P.C., Traverse City; $21,530.00

Purpose/Business Case
The purpose of this assignment is to provide professional engineering design and construction administration services to obtain contract documents for the removal of existing underground storage tanks (USTs) at the state police posts in Stephenson and L'Anse. The professional will serve as the Qualified Consultant per DEQ Requirements and will direct the field work by a specialized contractor.
Benefit
The State will benefit by having professionally prepared contract documents for the competitive construction bid process and contract administration services through construction.
Funding Source
100% Agency Operating Funds - VTS
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the indefinite-scope indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in the state not obtaining the documents required for the competitive bidding process.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, DOUGLAS – Village of Douglas Contamination Site – Data Evaluation and System Oversight
   File No. 761/12188.SAR - Index No. 44501
   Recommended Assignment: Weston Solutions, Inc., Okemos; $79,924.00

Purpose/Business Case
The purpose of this assignment is to provide for data evaluation and treatment system oversight services. Previous investigations have confirmed the presence of chlorinated hydrocarbon contamination in the groundwater. An air sparge/soil vapor extraction (AS/SVE) system was installed to reduce the site's contamination. A system evaluation is needed to optimize the performance of the system. The professional will conduct the sampling and evaluation and submit reports to the agency.
Benefit
The State will benefit by determining the effectiveness of the current remediation system.
Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 21 to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to protect public health, safety, welfare and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, TRAVERSE CITY - 4 Corners Site - Remedial Investigations
   File No. 761/11258.SAR - Index No. 44301
   That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $4,226.45

Purpose/Business Case

The purpose of this modification is to provide for additional remedial investigations including advancing 12 Vertical Profile Borings. The borings/sampling work is needed to delineate the groundwater contamination. The professional will incorporate the results of the sampling into the monitoring report and submit to the agency.

Benefit

The State will benefit by investigating and evaluating site contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to protect public health, safety, welfare and the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility - Unit B, Phase II Alterations - West Administration Building
   File No. 472/08363.RAN - Index No. 59110
   B and B Construction Services, LLC, St. Clair Shores; CCO No. 3, Increase $1,641.00

Purpose/Business Case

The purpose of this change order is to provide an additional exit sign necessary to bring the existing building into compliance with the current State Building Code.

Benefit

The State will benefit by bringing the existing building into compliance with the current life/safety requirements.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential life/safety issue for employees and inmates.

March 30, 2012

. . . . . .

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, HARTFORD – Rudell Real Estate Site – Excavation, Removal, and Disposal of Contaminated Soil and Site Restoration
   File No. 777/11066.SAR - Index No. 44501
   Low Responsive Bidder: Southwest Transport Company, Hartford; $103,690.00

Purpose/Business Case

The purpose of this contract is to provide demolition and contaminated soil removal services at this former leaking underground storage tank (LUST) site. The contractor will remove and dispose of asphalt paving and contaminated soil; pump out and dispose of groundwater seepage; supply, place and compact backfill; repave, and provide pavement striping.

Benefit

The State will benefit by having contaminated soil and groundwater removed from the site, and the site restored.

Funding

100% Refined Petroleum Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk

Failure to approve this contract could result in continued migration of contamination from the site endangering human health and the environment.

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, GIBRALTAR – Countywide Landfill Site – Leachate Disposal Services
   File No. 761/12132.SAR - Index No. 33400
   Low Responsive Bidder: Advanced Resource Recovery, LLC, Inkster; $168,200.00

Purpose/Business Case
The purpose of this contract is to pump, haul off site and dispose of leachate generated at the closed Countywide Landfill. The pumping activities are needed to maintain compliance with applicable Part 115, Solid Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, and eliminate the spread of the leachate contamination to the nearby ponds, creek and surrounding properties.
Benefit
The State will benefit by controlling the spread of environmental contamination and protecting public health, safety, welfare and the environment.
Funding Source
100% Part 115-Solid Waste Financial Assurance Bond
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in violating the environmental regulations and not protecting public health, safety, welfare and the environment.
Zip Code
48183

AWARD OF PROFESSIONAL SERVICES CONTRACT

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS DEPARTMENTS/LOCATIONS – Professional Materials Testing, Quality Control, and Geotechnical Engineering Services – Various Assignments – Various Projects
   File No. TBD per Assignment - Index No. TBD per Assignment
   Indefinite-Scope, Indefinite-Delivery Contract Numbers 00350, 00352, 00353, 00354, 00355, 00356, 00357, 00358, 00359,
   That approval is given for the award of nine (9) contracts for professional environmental services to: Wilcox Professional Services, McDowell & Associates, Coleman Engineering, Northwest Design Group, CTI, Testing Engineers & Consultants, PSI, Soil & Material Engineers, and Material Testing Consultants - Various Cities; $250,000.00 each

Purpose/Business Case

The purpose of these contracts is to obtain, on assignment, construction materials testing, quality control, and geotechnical investigation and engineering professional services on an as-needed basis. Testing of construction materials, especially concrete, asphalt, and masonry, is required at intervals in the construction process to ensure that the materials conform to the specifications and provide the qualities of strength, durability, or performance required. Testing of subsurface soils provides engineering data upon which design engineering is based. Third-party testing, quality control, and geotechnical engineering provides an unbiased and objective measure of construction quality.

These Indefinite-Scope Indefinite-Delivery (ISID) Materials Testing, Quality Control, and Geotechnical Engineering contracts will be used through future assignments to provide subsurface soils investigations, materials tests, construction quality inspections, and other tests and investigations necessary to provide design data and/or evaluate construction for the State of Michigan.

The contracts will be limited to four (4) years with a maximum cumulative fee of $250,000.00. No assignments are being made at this time.

Benefit

The State will benefit by obtaining professional investigation of site conditions and soil bearing capacities in order to provide adequate foundation and structural design, testing of materials used in construction, and evaluation of materials and construction quality against the specification requirements of construction projects.

Funding Source

Varies by individual assignment

Commitment

Individual assignments will be made on an as-needed basis with the total of all assignments not to exceed the approved limit. The contract billing rates and costs for certain tests are fixed based on a qualification based selection process.

Risk Assessment

Failure to award these contracts will result in the State's inability to obtain independent, third-party testing of subsurface soil conditions, materials quality, and compliance with specifications.

ASSIGNMENT TO PROFESSIONAL SERVICES CONRACTS

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, WESTLAND – Hail Investments Site – UST Removal
   File No. 761/12189.SAR - Index No. 44701
   Recommended Assignment: AECOM Technical Services, Inc., Lansing; $50,547.33

Purpose/Business Case

The purpose of this assignment is to provide for underground storage tank (UST) removal. Five abandoned USTs were discovered and two confirmed releases of petroleum products were reported to the agency at the site. The tanks have residual petroleum products. The professional will prepare specifications and provide construction oversight to remove the abandoned USTs and encountered contaminated soil.

Benefit

The State will benefit by removing sources of contamination to protect the public health, safety, welfare and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 21 to the indefinite-scope indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to protect the public health, safety, welfare and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF NATURAL RESOURCES, ST. CHARLES – Shiawassee State Game Area – Radial Gates Erosion Control Measures - Three Tubes Flow Control Structures
   File No. 751/08274.BDW - Index No. 86930
   That the contract for professional services with Williams & Works, Inc., Grand Rapids, be increased $29,700.00

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for structural evaluations, regulatory permit requirements and preliminary design of reconstructing the outflow control structure. The Three Tubes Flow Control Structure Improvements is the second part of the Radial Gates Erosion Control project. Analysis of the Radial Gates Flow Control Unit revealed it was insufficient to pass seasonal flood flows. Reinstallation of the Three Tubes Flow Control Structure will increase flood flow capacity and reduce the occurrences of overtopping of the emergency overflow spillway. The Federal Grant includes funding for the Radial Gates Erosion Control and Reinstallation of the Three Tubes Structure.

Benefit

The State will benefit by ensuring adequate design, acquiring necessary permits and satisfying the Federal (USFWS) grant requirements.

Funding Source

100% Great Lakes Fish and Wildlife Restoration Act Grant Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification would result in loss of Federal Grant Funds already committed to this project for design and construction.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, OSCODA - Bublitz Oil Full Service Site - Geophysical Survey and Sampling Services
   File No. 761/09205.SAR - Index No. 44601
   That the contract for professional services with AECOM Technical Services, Inc., Grand Rapids, be increased $175,012.45

Purpose/Business Case

The purpose of this modification is to provide remedial evaluation services. This modification is for a change in the scope of work. Upon reviewing and evaluating the results of samples collected from the site as part of the current scope of work, DEQ needed a pilot study to be performed. The pilot study will be used to evaluate the Oxygen Release Compound (ORC) technology for remediating the contamination at the site.

The professional will incorporate the results of the pilot study into the monitoring report and submit to the agency.

Benefit

The State will benefit by evaluating a treatment technology to protect public health, safety, welfare and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

03/30/12. Item below was originally on 04/17/12 agenda; due to fact amount is under 10K, I cut from 04/17/12 Agenda and pasted to Director's Agenda. In actuality, I cut and repasted back to Ad Bd Agenda and sent on approval path.

Phil Jeffery did approve 04/17/12 AD Bd Agenda and item was 761/12064.BDH was on that agenda. It was not on 03/30/12 Director's Agenda that was sent over.

I spoke to Bob Hall, DCD director and explained what happened, since it was approved, I received ok to process and correct Director's Agenda. - Watros

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, CARSON CITY – Former Crystal Oil Refinery Site – Install High Vacuum Multi-phase Extraction System
   File No. 761/12064.BDH - Index No. 44901

That the contract for professional services with AECOM Technical Services, Inc., Grand Rapids, be increased $8,425.00

Purpose/Business Case
The purpose of this modification is to provide for review and determination of adequacy of information derived from a pump test done at the jobsite 21 years ago. Pump test data is needed for supplemental features that are planned to be added to the existing high-vacuum multi-phase extraction system. If the existing pump test data is not adequate, the professional will propose a new pump test.
Benefit
The State will benefit by not having to perform a costly pump test if the data provided by the old test has the credibility to provide the needed information.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in increased overall project costs if the existing information is credible but ignored.

8. DEPARTMENT OF NATURAL RESOURCES, IONIA and KALAMAZOO - Ionia & Ft. Custer Recreation Areas – Entrance Road Repairs
File No. 777/11051.BDW - Index No. 56160-Ionia, 57090-Ft Custer
That the contract for professional services with Auburn Dalle, PLC, Lansing, be increased $9,400.00

Purpose/Business Case
The purpose of this modification is to provide additional design and construction oversight services for additional road repair scope. Project funding allows for additional road repairs.
Benefit
The State will benefit by having professionally prepared Bulletin documents for the construction contractor to provide change order pricing as well as construction oversight services.
Funding Source
100% Michigan Natural Resources Trust Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification would result in not having contract documents and construction oversight services to maximize the available funds.

REVISIONS TO CONSTRUCTION CONTRACTS

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – New Company Headquarters and Barracks
   File No. 511/08008.CAK - Index No. 11619
   Hallmark Construction, Inc, Traverse City; CCO No. 5, Increase $800.00

Purpose/Business Case
The purpose of this change order is to revise the lavatory strainers in the barracks buildings.
Benefit
The State will benefit by including strainers on the lavatory drains to help prevent drain lines from becoming clogged.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in higher maintenance costs due to drains clogging more frequently.

AGREEMENT FOR GEODATABASE MIGRATION

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Training Center Site – Geodatabase Migration
    File No. 511/121187.SAR - Index No. 21000

That the agreement between the State of Michigan and Huron Pines Resource Conservation and Development Area Council, Inc., Grayling, Michigan be approved for $7,678.00 to provide Enterprise Geodatabase migration and training services.

Purpose/Business Case
The purpose of this agreement is to provide assist the agency in migrating their mapping storehouse into the modern enterprise geodatabase environment. The agency wants to move from a file based geographic information system (GIS) mapping solution to a new relational database management system (RDBMS) based mapping solution. Huron Pines RC&D is a 501(c) (3) not-for-profit organization with experience in similar projects.
Benefit
The benefit of this project is to more efficiently and accurately store spatial data for natural resource management.

Funding Source
100% Federal - National Guard Bureau
Commitment
The cost for this agreement is fixed based on that which was negotiated with Huron Pines RC&D.
Risk Assessment
Failure to approve this agreement will result in not getting the assistance needed to install and implement the migration to the new database system.

Department of Technology, Management and Budget
Third Quarterly Report - Director Agenda Approvals

The following agendas have been approved by the Director, Department of Technology, Management and Budget, covering the period of July 1, 2011, through September 30, 2011, and are submitted in accordance with the State Administrative Board's resolution of December 16, 1997.

. . . . . .

Department of Technology, Management and Budget recommends the following items:

July 1, 2011

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUNISING – Superior Shell Site – Provide Professional Environmental Services to Restart Remediation System, Perform Well Sampling, Assess Source Area Soils, and Reporting
   File No. 761/11281.BDH - Index No. 44251

   Recommended Assignment: Mackinaw Environmental Technology, Inc., St. Ignace; $85,411.68

Purpose/Business Case
The purpose of this assignment is to restart the groundwater oxygen infusion system at this leaking underground storage tank (LUST) site. This contract includes a new extraction well, design, and installation of a new oxygen gas distribution system, and sampling. The professional will also perform bi-annual monitor well sampling, source area soil assessment, delineate limited soil removal, and provide the required data and report submittals, as required by DEQ.

Benefit
The State will benefit by having contamination removed.

Funding Source
100% Refined Petroleum Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 2 to the discretionary contract.

Risk Assessment
Failure to approve this assignment will result in the continued spread of contamination and possibly impact the soil of the neighbor to the north.

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHRISTMAS – Christmas Sports Enterprises – Provide Comprehensive Site Investigation and Reporting
   File No. 761/11282.BDH - Index No. 44251

Recommended Assignment: Mackinaw Environmental Technology, Inc., St. Ignace; $14,860.74

Purpose/Business Case

The purpose of this assignment is to provide a comprehensive site investigation at this leaking underground storage tank (LUST) site. This site was a repair shop for snowmobiles, ATVs, and similar vehicles. An underground storage tank was installed in 1987 and removed in 2006. A release was reported, but the soil and groundwater sampling have not shown consistent results. Numerous gasoline surface spills were noted during routine tank inspections. The investigation will include six deep soil borings and delineate any plume of contaminated groundwater or zone of contaminated soil.

Benefit

The State will benefit by having reliable information about contamination on this site.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in the spread of the existing contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Building – Exterior Wall Repair and Storage Build-Out
   File No. 071/10393.JNS - Index No. 44315

   That the contract for professional services with DLZ Michigan, Inc., Lansing, Michigan, be increased $3,223.08

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services. This modification will address unforeseen conditions associated with the removal of existing steel mullions, channels, and angle brackets embedded within the existing wall system, add a foundation wall in the area of existing stairway demolition, and assess soil bearing below the existing concrete floor to ensure adequate structural support for the anticipated storage area shelving.

Benefit

The State will benefit by completing the buildout, allowing Department of Treasury Records to be moved into this facility from currently leased space.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the professional services necessary to complete this project.

4. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, KALAMAZOO – Michigan Commission for the Blind Training Center – HVAC & Energy Upgrades and Renovation
   File No. 641/10191.BDW - Index No. 36401/36402

   That the contract for professional services with M.C. Smith Associates and Architectural Group, East Grand Rapids, be increased $32,356.82

Purpose/Business Case

The purpose of this modification is to provide additional bid documents, address unforeseen site conditions, and additional scope of work requested by the agency.

Benefit

The State will benefit by obtaining the required bid documents necessary to obtain contractor pricing of this work.

Funding Source:

35% Rehabilitation Services Administration Federal
26 % American Rehabilitation & Recovery Act (ARRA)
24% Private Grant
15% General Funds

Commitment

The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the bid documents necessary to obtain contractor pricing for this work.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, SOUTH HAVEN – Lakeside Quik Stop Site – Construction Administration Services for Excavation of Soil
   File No. 761/10224.SAR - Index No. 44501

   That the contract for professional services with DLZ Michigan, Inc., Kalamazoo, be increased $5,141.54

Purpose/Business Case

The purpose of this modification is to provide design and construction oversight services to correct the surface water drainage system at this leaking underground storage tank

(LUST) site by providing a new stormwater catch basin This modification shall extend the completion date to October 31, 2011.

Benefit

The State will benefit by correcting the unacceptable drainage condition at this site.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in continued drainage problems at this site.

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Allegan and Ottawa Plazas – Allegan and Ottawa Plaza Renovation 2010
   File No. 071/06079.JNS - Index No. 11720
   EVR, Inc., Haslett; CCO No. 7, Increase $3,130.71

Purpose/Business Case

The purpose of this change order is to add protection of DNR storage areas during concrete coring for new storm drains and snowmelt manifold boxes, to add additional concrete and reinforcement to the Allegan Plaza southwest stairs, and to delete ground penetrating radar testing of the Allegan Plaza.

Benefit

The State will benefit by protecting DNR's materials and equipment and addressing unknown field conditions.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC and/or as recommended by the PSC where costs provided by the Contractor were considered to be excessive. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential damage to DNR materials, equipment, and field conditions not being properly addressed.

July 8, 2011

. . . . . .

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING - Constitution Hall – Entrance Door Replacement –
   File No. 071/11147.SJU - Index No. 44118
   Low Responsive Bidder: Aaron Glass Co., Inc.; $78,085.00

Purpose/Business Case
The purpose of this contract is to replace the aluminum entrance doors at the three main building entry vestibules. The existing aluminum doors have severely corroded, creating unsafe conditions for employees and visitors at Constitution Hall.
Benefit
The State will benefit by correcting this safety issue.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued unsafe conditions at the three main building entrances.

2. DEPARTMENT OF TRANSPORTATION, ADRIAN – Adrian Garage – Remodel Entry
   File No. 591/07289.AGY - Index No.58508
   Low Responsive Bidder: Bender & Pociask Construction, Inc., Tecumseh; $32,265.00

Purpose/Business Case
The purpose of this contract is to renovate the existing entrance in order to bring it into compliance with accessibility codes.
Benefit
The State will benefit by providing barrier free access to the building.
Funding
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in continued non-accessibility.

3. DEPARTMENT OF TRANSPORTATION, LANSING – Fleet Garage – Engine Exhaust System
   File No. 591/11226.AGY - Index No.30125
   Low Responsive Bidder: Livingston Power Company, LLC, Howell; $57,500.00

Purpose/Business Case
The purpose of this contract is to replace the existing engine exhaust system, which requires constant maintenance and is not energy efficient.
Benefit
The State will benefit by reducing maintenance and energy costs.
Funding:
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in continued high maintenance costs and energy consumption.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, MILLERSBURG – Alice's Restaurant/Sheila's Cafe – Contaminated Soil Excavation and Removal
   File No. 761/10123.SAR - Index No. 44351
   Low Responsive Bidder: Environmental Excavating and Contracting, Inc., Alpena; $214,410.00

Purpose/Business Case
The purpose of this contract is to remove and dispose of 3,200 tons of contaminated soil and restore the site. The contamination is the result of an underground storage tank release.
Benefit
The State will benefit by removing contaminated soil, minimizing the spread and reducing the threat to the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving contaminated soil on site to spread.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, TRAVERSE CITY – Universal Car Wash II – Remedial Site Investigation
   File No. 761/11284.SAR - Index No. 44301
   Recommended Assignment: Wilcox Professional Services, LLC, Lansing; $87,301.74

Purpose/Business Case
The purpose of this assignment is to provide groundwater investigation and pilot study operation. The investigation is needed to delineate the nature and extent of groundwater contamination. The operation of Air Sparge/Soil Vapor Extraction pilot study is needed to mitigate soil and groundwater contamination and identify the most effective remediation technology. The professional will prepare reports to address the contamination and comply with environmental regulations.
Benefit
The State will benefit by effectively mitigating the risk of unacceptable exposures to contamination and comply with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eight to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate the environmental contamination and effectively mitigate unacceptable risks to human health and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF NATURAL RESOURCES, PRESQUE ISLE & CHEBOYGAN COUNTIES - Alpena to Cheboygan Trail – Design of Replacement and/or Repair of Three Trail Bridges
   File No. 751/10338.RAN - Index No. 73570

   That the contract for professional services with R. S. Scott Associates, Inc., Alpena; be increased $41,024.04

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for the replacement of the Ocqueoc River Bridge repairs to the Cheboygan and Swan River Bridges on the Alpena to Cheboygan Trail.
Benefit
The State will benefit by having professionally designed plans and specifications for bidding and construction.
Funding Source
100% Recreational Improvement Funds Grant
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this modification will result in the State not obtaining the documents required for the competitive bidding process.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, WINN – First Bank Site – Environmental Investigation and Free Product Recovery
   File No. 761/09090.SAR - Index No. 44601
   That the contract for professional services with Superior Environmental Corporation, Marne; be increased $18,134.92

Purpose/Business Case
The purpose of this modification is to investigate the vertical extent of contamination at this leaking underground storage tank site. This investigation will include development of bidding documents and construction oversight for the installation of new monitor wells, surveying to relate the location and depths of these new wells to the existing wells, obtaining groundwater samples, transporting samples to the state lab, and preparing a report of findings for DEQ.
Benefit
The State will benefit by knowing if future remediation efforts will require contaminant removal at depths significantly deeper than originally anticipated.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to investigate the environmental contamination and effectively mitigate unacceptable risks to human health and the environment.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, BATH – Ackel's Car Care Site – Free Product Recovery
   File No. 761/09337.SAR - Index No. 44801

   That the contract for professional services with PM Environmental, Inc., Lansing; be increased $10,599.70

Purpose/Business Case
The purpose of this modification is to provide additional quarterly, free product inspection events, groundwater sampling events, vacuum-enhanced free product recovery events, groundwater monitoring, and free product recovery status reports, and general administration of the project. This modification shall extend the final completion date to July 31, 2012.
Benefit
The State will benefit by having additional contamination removed from the site.
Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate the environmental contamination and effectively mitigate unacceptable risks to human health and the environment.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, CARO – Imlay City Gas & Oil Site – Remedial Investigation & Reporting
   File No. 761/10139.SAR - Index No. 44601

   That the contract for professional services with Superior Environmental Corp., Marne; be increased $42,035.81.

Purpose/Business Case

The purpose of this modification is to provide additional quarterly soil gas vapor sampling events, groundwater sampling events, free product monitoring and recovery events, and monitoring reports.

Benefit

The State will benefit by knowing if gasoline vapors exist under the building slab and having the ability to assess if natural attenuation is providing acceptable remediation at this site.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to investigate the environmental contamination and effectively mitigate unacceptable risks to human health and the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

10. DEPARTMENT OF EDUCATION, GREENVILLE – Camp Tuhsmeheta – Roof Replacements
    File No. 313/10291.RAN - Index No. 01520
    Allied Roofing & Siding Co., Grand Rapids; CCO No. 1, Increase $2,859.00

Purpose/Business Case

The purpose of this change order is to adjust unit price quantities to the actual quantities of roofing materials used and to provide painting of the White Pine Lodge exterior.

Benefit

The State will benefit by having an accurate accounting of the materials used on the project and prolonging the life of White Pine Lodge.

Funding Source

100% Camp Tuhsmeheta Gift Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not receiving proper credit from the contractor for materials that were not used and shortening the life of White Pine Lodge.

11. DEPARTMENT OF TRANSPORTATION, NILES - Niles Maintenance Garage – Interior Paint
    File No. 591/07328.AGY - Index No. 58508
    Dave Coles Decorators Inc., Sparta; CCO No. 1, Increase $7,385.00

Purpose/Business Case

The purpose of this change order is to paint additional rooms and flooring. The project budget allows for an increase in scope, and this work will reduce maintenance.

Benefit

The State will benefit by preserving the life of and maintaining the existing facility.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in continued high maintenance costs.

12. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North and Southbound Ramp Weigh-in-Motion, Static Deck & Speed Limit Signs
    File No. 591/10144.CAK - Index No. 61815
    Graham Construction Corp., Saginaw; CCO No. 6, Increase $28,506.45

Purpose/Business Case

The purpose of this change order is to make revisions to the new and existing concrete approaches and adjacent pavement, due to revised standards required by the scale equipment manufacturer, after the grades were already set; removal of outdated and abandoned speed limit signs; and change landscaping material from seeded topsoil to gravel.

Benefit

The State will benefit by installing new concrete approaches and adjacent pavement, level with the scale decks already in place, so the scale equipment provides accurate readings; reduced confusion for truck drivers by eliminating abandoned outdated signage; and reduced lawn maintenance.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential driver confusion, from leaving signs in place that no longer are used to direct traffic, additional lawn maintenance costs and inaccurate readings at the static scale equipment. Any slope on the concrete approaches can cause trucks and trailers to bounce enough to affect the scale readings.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, KALEVA – Red Barn Market Site – Air Sparge/Soil Vapor Extraction Treatment Site
File No. 761/08183.RRD - Index No. 44301
Nova Consultants, Inc., Novi; CCO No. 2, Increase $5,000.00

Purpose/Business Case

The purpose of this change order is to increase the allowance by $5,000.00 to allow for the installation of a vent fan at the building housing and for small repairs. The vent fan is needed for reliable summer operation.

Benefit

The State will benefit by having the remediation system operate more reliably for increased contaminant removal.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential down time of the remediation equipment, increasing the overall length of the project and possibly allowing for the spread of contamination when the system is not operating.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – MDOT C & T Building – Milling and Resurface Asphalt Pavement
   File No. 071/10493.RMP - Index No. 46540
   Low Responsive Bidder: Rieth-Riley Construction Company, Inc., Big Rapids; $216,300.00

Purpose/Business Case
The purpose of this contract is to resurface the existing asphalt parking lot at MDOT C & T Building and provide asphalt repair work at the VTS and Forensic Center parking lots. The parking lots have deteriorated, and are showing signs of significant cracking.
Benefit
The State will benefit by extending the life of the parking lots and reducing maintenance costs.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the continued deterioration of the parking lots, an increased risk to safety, potential damage to vehicles, and continued costly maintenance.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRASS LAKE – Camp Waterloo Site – Phase One Environmental Assessment
   File No. 761/11261.BDH - Index No. 28780

   Recommended Assignment: Soil and Materials Engineers, Inc., Lansing; $2,500.00

Purpose/Business Case
The purpose of this assignment is to provide Phase I Environmental Site Assessment. The results from this assessment will guide the remaining environmental remediation, demolition, and site restoration.
Benefit
The State will benefit by obtaining the information necessary to remediate and restore the site.
Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not obtaining the necessary information to remediate and restore the site.

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, STOCKBRIDGE – Miller Oil Site – Remedial Investigation
   File No. 761/11289.BDH - Index No. 44801

   Recommended Assignment: Mannik & Smith Group, Inc., Canton; $206,514.05

Purpose/Business Case

The purpose of this assignment is to provide a comprehensive investigation of the extent of a petroleum release at this former gasoline retailer. The professional shall identify potential risks to persons living nearby, remove free product, if any is found, and prepare a remedial investigation report for DEQ. Up to ten monitor wells will be installed so groundwater contamination can be assessed and monitored.

Benefit

The State will benefit by knowing the amount and extent of contamination at this site so that appropriate remedial action can follow.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 20 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in the migration and spread of the existing contamination.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, BRIGHTON – Residential Wells - Holly Road Site – Remediation System Oversight and Monitoring Services
   File No. 761/11290.SAR - Index No. 44801
   Recommended Assignment: Weston Solutions, Inc., Okemos; $75,310.00

Purpose/Business Case

The purpose of this assignment is to provide operation and maintenance (O&M) oversight of the groundwater pump, treatment, and discharge system. The professional will also provide soil gas and indoor air sampling, groundwater and surface water monitoring, and reporting to comply with environmental regulations. The site is

approximately 0.4 square miles in size and includes an elementary school, high school, residential area, and industrial park. The site, identified by the Agency as a site of environmental contamination, had a pump and treatment system installed last year and has been operating to remove contamination.

Benefit

The State will benefit by investigating and eliminating unacceptable risks to human health and the environment and complying with environmental regulations.

Funding Source

100% Strategic Water Quality Initiatives Fund

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number sixteen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to control and remove environmental hazards therefore increasing harm to the environment.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, CRYSTAL FALLS – Forest Park School District Site – Site Investigation and Risk Identification Services
   File No. 761/11291.SAR - Index No. 44251
   Recommended Assignment: Weston Solutions, Inc., Okemos; $27,887.00

Purpose/Business Case

The purpose of this assignment is to provide remedial investigation services. Previous investigations have confirmed the presence of dissolved phase petroleum contamination in the soil and groundwater in the area of the former Underground Storage Tank (UST) basin. Additional investigation is needed to delineate the nature and extent of contamination and identify and abate acute risks. The professional will prepare reports to address the contamination and comply with environmental regulations.

Benefit

The State will benefit by investigating and eliminating unacceptable risks to human health and the environment and complying with the environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seventeen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and abate the environmental contamination, resulting in noncompliance with environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center, Secondary Governmental Complex – New Cogeneration Project
   File No. 071/10222.DCS - Index No. 02034

   That the contract for professional services with GRP Engineering, Inc., Grand Rapids, be increased $7,548.00.

Purpose/Business Case
The purpose of this modification is to provide continued design and construction administrative services necessary to support the Cogeneration Project and interface with the construction design/build contractors. These additional services are necessary to resolve unforeseen existing building conditions with the pre-purchased equipment.
Benefit
The State will benefit by having the professional services needed to ensure the project and equipment meet the requirements of the original construction documents.
Funding Source
91% American Recovery and Reinvestment Act (ARRA) Funds
9% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the required professional assistance to review and approve specific cogeneration equipment and systems.

7. DEPARTMENT OF NATURAL RESOURCES, LAKE FENTON – Lake Fenton Boat Access Site – BAS Paving
   File No. 751/09194.CAK - Index No. 59690

   That the contract for professional services with Griggs Quaderer, Inc., Grand Blanc, be increased $3,989.46

Purpose/Business Case
The purpose of this modification is to provide revisions to the final design documents to incorporate changes resulting from comments by the Homeowner's Association at the public hearings.
Benefit

The State will benefit by having the support of the Lake's Homeowner's Association for the proposed parking lot and boat launch improvements.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in planned improvements not proceeding, continued deterioration of existing facilities, and overcrowded conditions that tie up traffic entering and leaving the site.

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – DTMB/Energy Center, Secondary Complex – Cogeneration Project, Early Equipment Procurement Package
   File No. 071/10222.DCS - Index No. 02034
   Graham Construction, Inc., Saginaw; CCO No. 4, Increase $6,561.00

Purpose/Business Case

The purpose of this change order is to provide additional pressure safety relief valves on the Heat Recovery Steam Generators (HRSG). The work includes reconfiguring the existing HRSG safety relief valves to a revised lower pressure setting and providing two (2) new steam system safety relief valves. This change is required to bring the overall steam system pressure in-line with the existing boiler feed water capacity, meet boiler codes, and provide overall steam system equipment protection.

Benefit

The State will benefit by properly installing the Cogeneration System construction components and meeting applicable State boiler code requirements.

Funding Source

91% American Recovery and Reinvestment Act (ARRA) Funds
9% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in operational issues and noncompliance with code requirements.

9. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE, Woodland Center Correctional Facility - Huron Center – Roof Replacement
   File No. 472/11027.RMP - Index No. 64060
   Quality Roofing, Inc., Ann Arbor; CCO No. 2, Increase $17,198.50

Purpose/Business Case
The purpose of this change order is to remove and replace an additional 25 roof drains, change existing roof slopes to eliminate water ponding, improve drainage, and adjust contract costs to match actual unit price work installed in field.
Benefit
The State will benefit by providing a complete new roof system with a full 20 year warranty.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the continued use of the old deteriorated roof drain, which causes ponding, potentially voiding the roof warranty.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer – Modifications to Battery Room - Bldg. 3650
    File No. 511/11026.AGY - Index No. 22000
    Bender & Pociask Construction, Inc., Tecumseh; CCO No. 2, Increase $630.00

Purpose/Business Case
The purpose of this change order is to provide additional surface preparation prior to painting and extend the completion date to July 20, 2011. This will provide a smooth paint finish and color match to the existing wall.
Benefit
The State will benefit by obtaining a complete wall painting effort meeting agency expectations.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a wall painting effort that will not meet the expectations of the agency.

. . . . . .

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF CORRECTIONS, DETROIT – Ryan Correctional Facility – Temperature Controls Replacement
   File No. 472/10083.RAN - Index No. 31700
   Low Responsive Bidder: Vertex Integration, LLC, Rockford; $173,725.00

Purpose/Business Case
The purpose of this contract is to replace outdated pneumatic temperature controls with electronic direct digital control temperature control devices in each of the seven (7) mechanical rooms on the prison campus.
Benefit
The State will benefit by having much more energy efficient and subsequently economical controls. Also, by doing this now, the conversion will be completed using federal funds and not State of Michigan funds.
Funding Source
100% American Recovery and Reinvestment Act Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in less economical temperature controls and the loss of Federal funds.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, BAY CITY – Bay City Armory – Replace Front Entrance
   File No. 511/11263.AGY - Index No. 13722/13922
   Low Responsive Bidder: MKC Group, Inc., Bay City; $26,974.00

Purpose/Business Case
The purpose of this contract is to remove the existing exterior steel personnel doors and interior vestibule doors, frames, and hardware, to install new aluminum door, frames, and hardware that are more energy efficient and secure.
Benefit
The State will benefit by lower energy costs, decreased maintenance costs, and a more secure exterior building envelope.
Funding Source
50% State Funds
50% Federal Funds

Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in higher maintenance and energy costs.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – Ralph A. MacMullan Conference Center – Classroom Building Addition
   File No. 751/10489.JAN - Index No. 99020
   Recommended Assignment: Soils and Materials Engineers, Inc., Grand Rapids; $21,000.00

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services for the construction of the classroom building addition and related site work.
Benefit
The State will benefit by having the assurance that the materials used to build the building have been tested for quality and strength as required by the contract.
Funding Source
100% Michigan National Resources Trust Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 2 to the indefinite-services, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in a compromised structure of the building and related site work.

4. DEPARTMENT OF NATURAL RESOURCES, BARAGA – Operations Service Center – Renovations for ADA Compliance
   File No. 751/11203.RAA - Index No. 25410
   Recommended Assignment: AECOM of Michigan, P.C., Marquette; $19,846.85

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for renovation of the facility to comply with ADA requirements, and to extend the ISID contract number 00261 with AECOM of Michigan, P.C by an amount of $19,846.85.
Benefit
The State will benefit by having the building in compliance with ADA requirements.
Funding Source
100% Agency Operating Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 4 to the indefinite-service, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in noncompliance with ADA requirements.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, LAKE LEELANAU – Ted's Standard Service Site – Remedial Investigation
   File No. 761/11288.BDH - Index No. 44301
   Recommended Assignment: Mannik & Smith Group, Inc., Canton; $54,641.50

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for an investigation of the extent of contamination at this former auto service station. A phase one environmental assessment revealed underground storage tank removals in 1957 and 1986; gasoline releases were reported in 1982 and 1998. The site had been managed by the Leelanau County Brownfield Redevelopment Authority, who had an incomplete investigation of the site soil and groundwater done in 2010. The professional shall determine the extent of contamination, install four monitor wells, and produce all required reports.
Benefit
The State will benefit by knowing the amount and extent of contamination, so appropriate remedial action can follow.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 19 to the indefinite-service, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment could result in the migration of contamination, posing a hazard to public health and the environment.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, ATTICA – P.T. Auto Sales Site – Remedial Investigation
   File No. 761/11296.BDH - Index No. 44801
   Recommended Assignment: Mannik & Smith Group, Inc., Canton; $74,315.42

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for an investigation of the extent of contamination at this former auto service station. When the underground storage tanks were removed in 2002, a gasoline release was reported. No further action was taken at that time. The professional shall

determine the extent of contamination, install three monitor wells, and produce all required reports.

Benefit

The State will benefit by knowing the amount and extent of contamination, so appropriate remedial action can follow.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 21 to the indefinite-service, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment could result in the migration of contamination that could be a hazard to public health and the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, OTTER LAKE – Church & Sons Gas Station – Remedial Investigation
   File No. 761/11297.BDH - Index No. 44801
   Recommended Assignment: Mannik & Smith Group, Inc., Canton; $85,424.50

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for an investigation to determine the extent of contamination. Up to 50 soil samples will be taken and up to 8 monitor wells will be installed. The professional shall produce all required reports.

Benefit

The State will benefit by knowing the amount and extent of contamination, so appropriate remedial action can follow.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 22 to the indefinite-service, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment could result in the migration of contamination posing a hazard to public health and the environment.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, LUDINGTON – Quick Lube Site – Remedial Investigation
   File No. 761/11305.BDH - Index No. 44301
   Recommended Assignment: Mannik & Smith Group, Inc., Canton; $59,935.75

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for a soil and groundwater investigation at this former car wash and filling station. The site had two underground storage tanks removed in 1989. Contamination was discovered in 1999 and free product was discovered in 2002. The professional shall determine the extent of contamination, perform a remedial investigation with projected cost estimates, and determine if acute risk abatement is. The professional shall perform the acute abatement activity if authorized to do so by DEQ.

Benefit

The State will benefit by knowing the amount and extent of contamination so appropriate remedial action, both short and long term, can follow.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 23 to the indefinite-service, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment could result in the migration of contamination posing a hazard to public health and the environment.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, GREGORY – Main Street Gregory Site – Remedial Investigation
   File No. 761/11306.SAR - Index No. 44801
   Recommended Assignment: AECOM Texhnical Services, Inc., Grand Rapids; $40,870.00

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for remedial investigation of soil and groundwater to determine the need for an additional extraction well. The professional will prepare investigation reports to comply with environmental regulations.

Benefit

The State will benefit by optimizing the performance of the remediation system, protecting the environment, and complying with environmental regulations.

Funding Source

100% Strategic Water Quality Initiatives Fund

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seven to the indefinite-service, indefinite-delivery contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to effectively abate the contamination and noncompliance with environmental regulations.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, DURAND – Frank's Services – Remedial Investigation
File No. 761/11307.SAR - Index No. 44801
Recommended Assignment: AECOM of Michigan, P.C. (Formerly STS Consultants, Ltd.), Lansing; $117,668.18

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for environmental investigation services. The site is currently an automobile service station. Two underground storage tanks (USTs) were removed from the site and four USTs were closed in place. The site's soil and groundwater have been contaminated. The professional will conduct groundwater sampling and analysis; install ten soil borings and ten (10) monitoring wells, to determine the nature and extent of contamination; conduct a soil gas survey; perform a focused feasibility study; and prepare required investigation reports.
Benefit
The State will benefit by knowing the amount and extent of contamination, protecting the environment, and complying with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 21 to the indefinite-service, indefinite-delivery contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to effectively assess the contamination and noncompliance with environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

11. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center, State Secondary Governmental Complex – Cogeneration Project
File No. 071/10222.DCS - Index No. 02034
That the contract for professional services with The Christman Company, Lansing, be increased $55,346.00.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for the replacement of a deteriorated and failed steam line support hanger, revision of steam system valve pressure ratings, installation of additional structural steel equipment supports, and provision of expanded separate boiler blow down piping

assoicated with the new Cogeneration System. These additional services are required to resolve critical unforeseen existing conditions and necessary scope changes in order to complete the planned Cogeneration Project.

Benefit

The State will benefit by having professionally prepared contract documents, code compliant solutions, and complete contract administration services through construction.

Funding Source

91% American Recovery and Reinvestment Act Funds
9% Agency Operating Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in continued steam operation with a failed piping support and not obtaining the required professional services to review and approve specific equipment and systems.

REVISIONS TO CONSTRUCTION CONTRACTS

12. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Building – Exterior Wall Repair and Storage Build-Out
File No. 071/10393.JNS - Index No. 44315
Daniels Building Company, Inc., Brighton; CCO No. 2, Incr. $3,583.00

Purpose/Business Case

The purpose of this change order is to address minor scope changes with tenant-requested additional duplex electrical outlets within the new records storage area and Owner-requested installation of a permanent access door to a utility tunnel. This change also includes removal of an unused gas feed back to the main and relocation of a door control unit.

Benefit

The State will benefit by completing additional storage build out to allow Department of Treasury records to be moved into this facility from currently leased space. This move and the elimination of lease expenses are estimated to provide an approximate three year return on the investment of construction build out costs.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential safety issues with a gas feed located where records management equipment could strike it, the door controller in an

unsafe locations, dangerous access to the utility tunnel, and inadequate electrical service requiring extension cord use.

13. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Metro Region Office – Parking Lot Expansion & Improvements Project - Phase II
File No. 591/08434.AGY - Index No. 30148
Nagle Paving Company, Inc., Novi; CCO No. 1, Incr. $7,600.00

Purpose/Business Case
The purpose of this change order is to furnish and install Class II aggregate material between the top of the sub-grade and the bottom of the asphalt pavement section. The sub-base requirement was inadvertently omitted from the original specifications.
Benefit
The State will benefit by having a proper sub-base on which to place the asphalt.
Funding Source
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in having an inadequate base on which to place the asphalt. This would cause higher maintenance costs and earlier failure of the parking lot system.

14. DEPARTMENT OF NATURAL RESOURCES, SILVER CITY – Porcupine Mountains – Roof Replacement
File No. 751/11278.RAA - Index No. 51270
Wuebben Construction, Dollar Bay; CCO No. 1, Incr. $3,558.60

Purpose/Business Case
The purpose of this change order is to provide two 18-inch lighting solar tubes as requested by the agency; required roof flashing, not shown on plan sheet; and a contract deduction for venting, field determined as not required.
Benefit
The State will benefit by providing additional natural lighting at the service desk and display area. Flashing at the air handling units will avoid future leaking. Removing unnecessary venting provides a cost reduction.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order may result in higher facility maintenance and accelerated deterioration of the structure.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Joint Forces Reserve Center (JFRC) – Replace Sidewalks
   File No. 511/11266.AGY - Index No. 13753/13953
   Low Responsive Bidder: Bender & Pociask Construction, Inc., Tecumseh; $47,200.00

Purpose/Business Case
The purpose of this contract is to install 730 linear feet of sidewalk along MLK Blvd. as well as additional sidewalk and stairway at the USPFO building. The current sidewalk does not span the entire frontage of MLK Blvd. and the new stairway will improve access to the building.
Benefit
The State will benefit by providing employees with sidewalks to access the various buildings and parking lots on the site as well as meeting the requirements for ADA accessibility.
Funding Source
50% State Funds
50% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in accessibility issues for employees and visitors.

2. DEPARTMENT OF TRANSPORTATION, NEWBERRY - Newberry Transportation Service Center – Construct Cold Storage Building
   File No. 591/07263.AGY - Index No. 58508
   Low Responsive Bidder: West Coast Builders, Hamilton; $49,991.00

Purpose/Business Case
The purpose of this contract is to construct a cold storage building to house survey equipment and testing supplies. This work will allow the equipment and supplies to be protected from the elements.

Benefit
The State will benefit by extending the useful life of the equipment and ensuring the quality of the testing supplies.
Funding
100%Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in equipment and supplies being exposed to the elements.

3. DEPARTMENT OF TRANSPORTATION, DETROIT - Lawndale Salt Shed – Fence Replacement
   File No. 591/07264.AGY - Index No. 58508
   Low Responsive Bidder: RMD Holdings/Nationwide Construction, Chesterfield; $49,756.00

Purpose/Business Case
The purpose of this contract is to remove and replace the existing fencing and gates to improve security for the new weigh station scheduled to be built on the site. The existing fence does not meet the security requirements of the new facility.
Benefit
The State will benefit by improved security and reduced vandalism.
Funding:
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in continued problems with vandalism and trespassing on the site.

4. DEPARTMENT OF TRANSPORTATION, NILES - Niles Maintenance Garage – Site Paving
   File No. 591/07302.AGY - Index No. 58508
   Low Responsive Bidder: Rieth-Riley Construction Company, Big Rapids; $74,787.00

Purpose/Business Case
The purpose of this contract is to replace deteriorated pavement on the site. Portions of the existing pavement have deteriorated and require costly maintenance.
Benefit
The State will benefit by improved site conditions and reduced maintenance costs.

Funding
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in further pavement deterioration and increasing maintenance costs.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHARLEVOIX – J. J.'s General Store Site – Soil Excavation and Site Restoration
   File No. 761/10101.SAR - Index No. 44351
   Low Responsive Bidder: ASI Environmental Technologies, Inc., Ludington; $174,836.00

Purpose/Business Case
The purpose of this contract is to remove and dispose of 750 tons of petroleum-contaminated soil and restore the site. The contamination is the result of a gasoline release.
Benefit
The State will benefit by removing contaminated soil; thereby minimizing its spread and significantly reducing the threat to the environment and human health.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving contaminated soil on site, risking its spread and continued threat to the environment and human health.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, NORTH ADAMS – North Adams Convenience Store Site - UST Removal
   File No. 777/11099.BDH - Index No. 44401
   Low Responsive Bidder: TSP Environmental, Livonia, $40,935.00

Purpose/Business Case
The purpose of this contract is to remove and dispose of the underground storage tanks and contaminated soil. The contractor will restore the site with clean backfill furnished and placed in layers as specified in the contract. The contractor will also formally close potable water well per Department of Community Health and Department of Environmental Quality standards.
Benefit
The State will benefit by removing a source of contamination and abating the environmental health hazards, protecting public health and the environment.

Funding Source
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving known contaminated soil on site, posing a substantial threat to public health, the environment, and violating environmental regulations.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS LOCATIONS – Design and Construction Division – Construction Strategy Consulting
   File No. (To Be Assigned) - Index No. (To Be Established)
   Indefinite-Scope, Indefinite-Delivery Contract Numbers 302, 303, 304, 305, and 306

   That approval is given for the award of five contracts for professional architectural and engineering services for construction strategy consulting services to:

   (1) Contracting Resources, Inc., Brighton, Michigan; (2) PMA Consultants, Inc., Ann Arbor, Michigan; (3) Partners in Architecture, Mt. Clemens, Michigan; (4) Scot Norris & Associates, Manchester, Michigan; (5) Spittler Strategic Services, Ann Arbor, Michigan.

Purpose/Business Case
The purpose of this contract is to obtain construction strategy consulting services on an as-needed basis to assist the Department of Technology, Management and Budget, (DTMB) Design and Construction Division (DCD) in claims analysis, documentation, and resolution of contract disputes, construction project strategies, cost estimating, and scheduling. These services will assist DTMB DCD staff by providing expert third-party analysis of contractor and consultant documents, arbitration, and advice to avoid costly formal disputes. For large or complex projects, the construction strategy consultant can also provide bidability or constructability review as a third-party check on the quality of the design professional's work.
Benefit
The State will benefit by obtaining independent third-party analysis, documentation and resolution of contract disputes, assisting the DTMB staff in preventing claims from arising or developing into costly lawsuits. Bidability and/or constructability review will provide a third-party check on the quality of bidding documents and will provide overall cost avoidance for change orders, delays, and contract conflicts during construction.
Funding Source

Will vary by project involved.

Commitment

Will vary by project involved.

Risk Assessment

Failure to approve this contract will divert DTMB DCD management and staff resources from project management to project crises. While uncommon, dispute claims and lawsuits divert resources and may require skills unavailable within state government.

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Mason Building – Cooling Tower Demolition
   File No. 071/11191.CAK - Index No. 44103
   Low Responsive Bidder: Wigen, Tincknell, Meyer & Associates, Saginaw; $47,942.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the removal of abandoned rooftop HVAC equipment and roof repair.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source

100% Agency Operating Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Mason Building – Facade Repairs
   File No. 071/11193.CAK - Index No. 44103
   Low Responsive Bidder: Wigen, Tincknell, Meyer & Associates, Saginaw; $33,490.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract document repairs to the façade necessary to eliminate water infiltration at window locations.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source

100% Agency Operating Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

10. DEPARTMENT OF CORRECTIONS, DETROIT – Ryan Correctional Facility – Roof Replacement on Building Nos. 100, 200, 300, 400, 500, 700, & 800
File No. 472/06073.JRC - Index No. 53191
That the contract for professional services with Professional Service Industries, Inc., Troy, be increased $550.00.

Purpose/Business Case

The purpose of this modification is to correct a clerical error in Modification #2 to the professional architectural/engineering services contract.

Benefit

The State will benefit by ensuring the Professional is properly compensated and the contract is closed reflecting the true final payment.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification was paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in incorrect financial information, showing a negative balance on the professional's contract.

11. DEPARTMENT OF NATURAL RESOURCES, HARRISON TOWNSHIP- Selfridge Boating Access Site – Site Expansion and Improvements
File No. 751/06331.MNB - Index No. 59590
That the contract for professional services with Northwest Design Group, Petoskey, be increased $22,892.29

Purpose/Business Case

The purpose of this modification is to provide additional engineering design and oversight services resulting from a time extension of 6 months to the construction contract.

Benefit

The State will benefit by having the professional service contractor continue administering the project through completion and ensuring the quality of the work.

Funding Source

100% Waterways Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the proper oversight and professional administration through project completion.

12. DEPARTMENT OF NATURAL RESOURCES, ST. CHARLES - Shiawassee State Game Area – Radial Gates Erosion Control Measures
File No. 751/08274.BDW - Index No. 86930

That the contract for professional services with Williams & Works, Inc., Grand Rapids, be increased $30,415.00

Purpose/Business Case

The purpose of this modification is to provide professional services for structural evaluations, regulatory requirements, and post construction performance monitoring grant compliance.

Benefit

The State will benefit by ensuring safety of construction activities, acquisition of necessary permits, and satisfying the Federal (USFWS) grant requirements.

Funding Source

75% Great Lakes Fish and Wildlife Restoration Act Grant
25% Restricted Game and Fish Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in loss of Federal Grant Funds committed to construction.

WITHDRAWAL AND REAWARD OF CONSTRUCTION CONTRACTS

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, LUPTON – Main Street Lupton Site – In-Situ Chemical Oxidation

File No. 761/10129.SAR - Index No. 44601
Low Responsive Bidder: Pearson Drilling Company, Lake City; $75,990.00

Purpose/Business Case
The purpose of this contract is to provide in-situ chemical oxidation injection treatment of the contaminated soil and groundwater at the site. A contract for this work was awarded on April 15, 2011 to the then low bidder Wilcox Professional Services, LLC (Wilcox) in the amount of $74,050.00. However, Wilcox was not able to secure a payment and performance bond. It is requested that the existing contract with Wilcox be rescinded, and a contract be awarded to the second low bidder Pearson Drilling Company to provide in-situ chemical oxidation.
Benefit
The State will benefit by abating the environmental hazard.
Funding Source
100% Refined Petroleum Funds

Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving known contaminated soil and groundwater on site posing a threat to public health, the environment, and violating environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, TAYLOR – Taylor Armory – Office Modifications
File No. 511/11123.AGY - Index No. 13786; 13986
Beal, Inc., Ann Arbor; CCO No. 1, Incr. $973.00

Purpose/Business Case
The purpose of this change order is to add two additional duplex receptacles for TV connections, add two empty junction boxes for TV cable to be reconnected and additional drywall on the existing wall in the new office.
Benefit
The State will benefit by completing the building's electrical and audio/visual systems.
Funding Source
50% Federal Funds
50% Agency Operating Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in incomplete audio/visual system.

15. DEPARTMENT OF ENVIRONMENTAL QUALITY, LAKELAND – Lakeland Montessori Site – Chemical Oxidation Injection
File No. 761/09159.SAR - Index No. 44801
Superior Environmental Corporation, Marne; CCO No. 2 and 3, Incr. $11,125.00

Purpose/Business Case

The purpose of this change order is to adjust the mobilization fee, the fee for chemicals needed for second injection event, the demobilization fee, to extend the date of substantial completion from September 5, 2010 to September 15, 2011, and extend the date of final completion from October 5, 2011 to September 30, 2011. These changes reflect the need for a second injection event since the results for the first event did not meet expectations.

Benefit

The State will benefit by providing additional contaminant reduction at this site.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in inadequate remediation at this site endangering public health and the environment.

August 5, 2011

. . . . . .

AWARD OF PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, SAULT STE. MARIE ARMORY – Sault Ste. Marie – Maintenance Shop Repairs
File No. 511/11121.RAA - Index No. 13914
Low Responsive Bidder: Hobbs and Black, Ann Arbor; $71,360.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for repairs to the existing maintenance shop.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

2. DEPARTMENT OF NATURAL RESOURCES, VARIOUS – Ortonville, Pontiac Lake, Rose Lake and Sharonville Shooting Ranges – Lead Reclamation/Abatement
   File No. 751/11175.SAR - Index No. 28354; 28355; 28353; 28356
   Low Responsive Bidder: Global Environmental Engineering, Inc., Elk City; $230,324.00

Purpose/Business Case

The purpose of this contract is to provide professional services to determine the best method for reclaiming lead bullets/fragments from the shot fall and berm areas of four of the Department of Natural Resources (DNR) shooting ranges: Ortonville; Pontiac Lake; Rose Lake; and Sharonville Shooting Ranges and restore the impacted areas to their original conditions. DNR plans to use the economic return of lead sold for recycling to cover/reduce the total cost of lead reclamation/abatement and therefore desires to authorize the work in phases. The total amount needed to provide professional services for lead reclamation/abatement at the four shooting ranges is $230,324.00. The professional will be authorized to use only $16,440.00 at this time to perform the study phase at the Pontiac Lake Shooting Range and to use the remaining amounts upon securing federal or shooting range program income funding and receiving the agency authorization. The project will consist of a three-year contract with one option year.

Benefit

The State will benefit by implementing environmental management plans to ensure environmentally sound shooting ranges for future generations.

Funding Source

100% Shooting Range Program Income

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this contract will result in not getting the professional assistance needed to ensure environmentally sound shooting ranges for future generations.

3. DEPARTMENT OF NATURAL RESOURCES, IONIA AND AUGUSTA – Ionia & Ft. Custer Recreation Areas – Entrance Road Repairs
   File No. 777/11051.BDW - Index Nos. 56160 and 57090
   Recommended Responsive Proposal: Auburn Dalle, PLC, Lansing; $64,000.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for entrance road repairs at both locations.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid and contract administration services through construction.
Funding Source
100% Michigan Natural Resources Trust Fund
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES, KALAMAZOO COUNTY – Trowbridge Dam – Erosion Control
   File No. 751/10367.BDW - Index No. 87715
   Recommended Assignment: Soils and Materials Engineers, Inc, Lansing; $4,300.00

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for investigation and study to correct structural erosion on the dam.
Benefit
The State will benefit by determining the best method of preventing further erosion of the dam and higher future repair costs.
Funding Source
100% Fish and Game Funds
Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 16 to the discretionary contract.

Risk Assessment

Failure to approve this contract will result in not getting the professional assistance needed to ensure the erosion problems are corrected. .

5. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON COUNTY – Wraco Dam – Emergency Inspection
   File No. 751/11252.BDW - Index No. 85960
   Recommended Assignment: Soil and Materials Engineers, Inc., Lansing; $1,425.00

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for emergency inspection and provide recommendations to avoid failure of the dam.

Benefit

The State will benefit by determining the best method of preventing failure of the dam.

Funding Source

100% Fish & Game Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 17 to the discretionary contract.

Risk Assessment

Failure to approve this contract will result in not getting the professional assistance needed to ensure the dam does not fail.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BATTLE CREEK – Logan's Gas & Deli Site – Remedial Investigation
   File No. 761/09335.SAR - Index No. 44501
   Recommended Assignment: AECOM Technical Services, Inc., Grand Rapids; $97,300.00

Purpose/Business Case

The purpose of this assignment is to provide remedial investigation including monitoring well installation, soil and groundwater monitoring, and to determine the effectiveness of Air Sparge/Soil Vapor Extraction remedy. The professional will prepare investigation reports to comply with environmental regulations.

Benefit

The State will benefit by optimizing the performance of the remediation system to protect the environment and comply with the environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eight to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site to comply with environmental regulations necessary to protect the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, NAUBINWAY – Naubinway Field Office – Closure Monitoring and Well Abandonment
   File No. 761/11324.SAR - Index No. 92614
   Recommended Assignment: Malcolm Pirnie of Michigan, Inc., Lansing; $34,971.00

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for monitoring closure and well abandonment. The professional will collect groundwater samples from 12 monitoring wells to verify cleanup standards and subsequently abandon 25 monitoring wells. Upon completion of the work, the site will achieve site closure under Part 213 of the 1994 P.A. 451. The professional will prepare reports to comply with environmental regulations.
Benefit
The State will benefit by closing the site and removing the site from the Leaking Underground Storage Tank (LUST) sites list.
Funding Source
100% State Sites Cleanup Program (SSCUP) Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number six to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance for closing the site and comply with the environmental regulations.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAND LEDGE – Parsons Chemical Works Site – Well Abandonment and Reporting
   File No. 761/11325.BDH - Index No. 44071
   Recommended Assignment: AECOM of Michigan, PC, Lansing; $36,003.31

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for recording the location of all monitoring wells using Global Positioning

Satellite (GPS) coordinates, the removal and logging of the removal effort for all monitor wells, and providing a report of this work to the agency.

Benefit

The State will benefit by having the GPS coordinates on file for all monitoring wells, a potential pathway for vertical contaminant migration eliminated, and completing a necessary step in the closure of this superfund site.

Funding Source

90% Federal Funds
10% Environmental Protection Bond

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 22 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in the vertical migration of contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, HARRISON TOWNSHIP – Selfridge Air National Guard Base – Five Michigan National Guard Base Vehicle Maintenance Shop Renovations (Eastern Michigan)
   File No. 511/10104.MNB - Index No. 26000
   That the contract for professional services with Partners in Architecture, Mount Clemens, be increased $61,854.49.

Purpose/Business Case

The purpose of this modification is to provide additional professional architectural/engineering services to modify the bid documents to include cold storage areas, lubrication station system, new water service, sewer line, existing power generator, increase the access drive and turning area pavement.

Benefit

The State will benefit by the bid documents including the changes necessary to ensure adequate vehicle and aircraft repair facilities.

Funding Source

100% Federal Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

10. DEPARTMENT OF NATURAL RESOURCES, COPPER HARBOR – Fort Wilkins State Park – Kamikaze and Fanny Hoe Trail
File No. 751/08114.RAA - Index No. 51220
That the contract for professional services with UP Engineers and Architects, Houghton, be increased $19,240.22.

Purpose/Business Case
The purpose of this modification is to increase the scope of the professional's services by including Phases 600 and 700 - Construction Administration Services.
Benefit
The State will benefit by having the professional service contractor continue administering the contract through completion and controlling the quality of the building contractor's work.
Funding Source
100 % Recreational Trail Program Funds
Commitment
The professional services contract modification will be paid on lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the construction administration necessary to ensure compliance with the contract documents.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, WETMORE – Midway Resort Site – Environmental Remediation Services
File No. 761/10073.SAR - Index No. 44251
That the contract for professional services with Wilcox Professional Services, LLC, Lansing, be increased $19,608.82.

Purpose/Business Case
The purpose of this modification is to provide for the engineering of an earth retention system to allow for the removal of contaminated soil. The professional shall then direct the excavation work in the field and document the effort.
Benefit
The State will benefit by having the contaminated soil removed, which will accelerate the remediation process, and ensure the integrity of nearby structures.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in damage to nearby structures if the excavation proceeds without the earth retention system.

REVISIONS TO CONSTRUCTION CONTRACTS

12. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, MARQUETTE – Jacobetti Home for Veterans – Shower Renovations and HVAC Upgrades
File No. 511/09345.RAA - Index No. 85000
Closner Construction and Sales, Marquette; CCO No. 1, Increase $33,911.56

Purpose/Business Case
The purpose of this change order is to provide rerouting of ductwork and new chilled water lines. These changes will reduce the impact on the facility operations during the renovations.
Benefit
The State will benefit by achieving adequate ventilation in the new shower rooms and avoid having to move residents from their rooms during construction.
Funding Source
100% Veteran Administration Grant
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in additional disruption of facility operations and displacement of residents during the construction.

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Center – New Simulation Equipment Building
File No. 511/09407.RAN - Index No. 21000
Ripke Construction Co., St. Helen; CCO No. 1, Increase, $1,024.47

Purpose/Business Case
The purpose of this change order is to add a 100-amp disconnect switch to Air Conditioning Unit 1 and a safety barrier along the mezzanine railing. These changes will ensure compliance with the life/safety building codes.
Benefit
The State will benefit by providing a code compliant/safe simulation training building.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential code and safety violations.

14. DEPARTMENT OF TRANSPORTATION, L'ANSE – L'Anse Maintenance Garage – Site Paving
File No. 591/10037.AGY - Index No. 30125
Payne & Dolan, Inc, Gladstone; CCO No. 1, Increase, $27,075.00

Purpose/Business Case
The purpose of this change order is to remove unsuitable soils, change the slope of the proposed paving, and remove and replace existing pavement. Unstable soil was found in an area to be paved; new will allow rain water to drain to an existing ditch.
Benefit
The State will benefit by ensuring the new pavement is placed on a suitable base, drainage is adequate, and existing site pavement, that has reached its service life, is replaced.
Funding Source
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment:
Failure to approve this change order will result in the potential premature failure of the new pavement.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Replace Boiler Building No. 3
File No. 511/11264.AGY - Index Nos. 13726/13926
Low Responsive Bidder: Ripman Construction Co., St. Helen; $70,880.25

Purpose/Business Case
The purpose of this contract is to replace the existing fire tube boiler with high efficiency condensing boilers, replace the eyewash station, install a unit heater, and paint the mechanical room walls. The existing boiler requires continuous maintenance and is energy inefficient.
Benefit
The State will benefit by reduced maintenance and energy costs.
Funding

50% Federal Funds
50% State Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk

Failure to approve this contract will result in continued costly maintenance and higher energy costs.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, VARIOUS – Michigan Army National Guard Maintenance Facilities and Training Sites – Oil/Water Separator and Floor Drainage System Cleanout
   File No. 511/11329.SAR - Index No. 22000
   Recommended Assignment: Environmental Consulting & Technology, Inc., Ann Arbor; $29,984.56

Purpose/Business Case

The purpose of this assignment is to provide oversight of the periodic removal of waste from various maintenance facilities. The professional will oversee the removal of waste extracted from oil/water separators and floor drainage systems at approximately 24 Michigan Army National Guard maintenance and/or training facilities.

Benefit

The State will benefit by ensuring compliance with the regulations for reclamation/disposal of non-hazardous liquids and solids.

Funding Source

100% National Guard Bureau Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number nine to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to ensure compliance with the regulations for reclamation/disposal of non-hazardous liquids and solids.

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, KALAMAZOO – Performance Paper, Inc. – Restoration Oversight
   File No. 761/10353.SAR - Index No. 44501
   Recommended Assignment: Environmental Consulting & Technology, Inc., Ann Arbor; $69,023.28

Purpose/Business Case
The purpose of this assignment is to provide restoration oversight of Portage Creek. The professional will provide oversight of channel restoration activities to ensure conformance with the project plans and specifications prepared by the Professional.
Benefit
The State will benefit by having quality control over the restoration activities.
Funding Source
100% Great Lakes Restoration Initiative Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eight to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to ensure conformance with the project plans and specifications in the channel restoration activities.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, DEXTER – Fred's Country Sunoco Site – Remedial Investigation
   File No. 761/11328.SAR - Index No. 44401
   Recommended Assignment: Environmental Consulting & Technology, Inc., Ann Arbor; $137,529.70

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation. The professional will determine the extent of free phase product, soil, and groundwater contamination and prepare specifications/bidding documents.
Benefit
The State will benefit from this assignment by having professionally prepared contract documents for the competitive bid process, and contract administration services through construction.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seven to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to effectively investigate and abate the environmental contamination.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHATHAM – Chatham Corners Store Site – Remedial Investigation
   File No. 761/11330.BDH - Index No. 44251

Recommended Assignment: Mannik & Smith Group, Canton; $84,529.94

Purpose/Business Case

The purpose of this assignment is to provide limited groundwater investigation to determine the extent of groundwater contamination, identify potential threats to the public, and determine the direction of any migration of contamination from the site. This site was a convenience store and a retailer of gasoline until contamination ruined the site's drinking water well in 2007. Four existing monitor wells will be inspected to determine if they can be used in this investigation. As many as ten additional monitor wells will be installed to enable the investigation to cover the entire site. Hydrologic studies will be performed to establish the groundwater migration direction and the permeability of the bedrock aquifer that underlies the site. The wells will be sampled and analytical results tabulated. This effort will be documented as a formal remedial investigation report for the agency.

Benefit

The State will benefit by having the hydrogeological conditions of this leaking underground storage tank site evaluated and the severity of the contamination quantified.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 24 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in additional migration of contamination from the site.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BATTLE CREEK – Helmer & I-94 – Interim Response
   File No. 761/11331.BDH - Index No. 44501
   Recommended Assignment: Mannik & Smith Group, Canton; $154,929.01

Purpose/Business Case

The purpose of this assignment is to provide environmental assessment to determine acute risk to the public, assess the current conditions at this leaking underground storage tank site, and removal of three existing underground storage tanks. The existing monitor wells will be inspected and new monitor wells will be installed, to supplement the existing, so a groundwater sampling network is established. The monitor wells will be sampled quarterly and the professional shall prepare and deliver the applicable reports. If free product is found, the professional shall perform free product recovery from the wells on a monthly basis. A report containing a focused feasibility study that evaluates remediation alternatives and recommends one of them for implementation is also required of the professional.

Benefit
The State will benefit by having the professional document the current condition of this site so that a remediation effort can follow.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 22 to the discretionary contract.
Risk Assessment
Failure to approve this assignment could result in additional migration of contamination from the site.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, CARO – Former Gagetown Gas & Oil Site – Environmental Services
   File No. 761/11332.BDH - Index No. 44601
   Recommended Assignment: Soil and Materials Engineers, Inc., Bay City; $58,335.00

Purpose/Business Case
The purpose of this assignment is to provide environmental assessment to determine current conditions at this leaking underground storage tank site. The Professional will perform soil borings, install up to eight monitor wells, sample the wells, use the static water levels in the wells to establish a groundwater contour flow diagram, sample the soil gas under the existing concrete slab, and remove free product from wells when present. The professional will prepare quarterly groundwater monitoring reports for one year.
Benefit
The State will benefit by having the current conditions of this leaking underground storage tank site evaluated. The findings will guide future remediation activity.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 20 to the discretionary contract.
Risk Assessment
Failure to approve this assignment could result in migration of contamination away from the site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE - Woodland Correctional Facility - Huron Centers Roof Replacement
File No. 472/11027.RMP - Index No. 64060

That the contract for professional services with David Milling, Inc, Ann Arbor, Michigan, be increased $1,620.00.

Purpose/Business Case
The purpose of this modification is to provide additional phase 600 services, including issuance of a bulletin for steel platform layout changes and to correct roof slope necessary to eliminate one roof drain and avoid water ponding.
Benefit
The State will benefit by receiving professionally prepared bulletin documents, issue the bulletin, and review cost estimated.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the necessary bulletin documents to correct these items.

9. DEPARTMENT OF NATURAL RESOURCES, ALLEGAN COUNTY - Otsego City and Otsego Township Dams - Dam Removal and River Restoration Design
File No. 751/11104.SAR - Index No. 87710

That the contract for professional services with URS Corporation, Southfield, be increased $37,210.56.

Purpose/Business Case
The purpose of this modification is to conduct a geotechnical investigation to support the engineering design for the Otsego City Dam removal. The additional services include advancing two 50-foot deep soil borings upstream from the dam to collect samples and determine the soil properties of the river bed to be used in the engineering design.
Benefit
The State will benefit by obtaining the information necessary to restore the Kalamazoo River and eliminating harm to fish and wildlife populations and their habitat.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in not obtaining the information necessary to complete this project.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, HARTFORD – Rudell Real Estate Site – Geotechnical Engineering
File No. 777/11066.SAR - Index No. 44501

That the contract for professional services with Gannett Fleming of Michigan, Inc., New Boston, be increased $27,145.67.

Purpose/Business Case
The purpose of this modification is to provide engineering of an earth retention system to allow for the removal of contaminated soil that is close to a natural gas utility line. This work shall include soil sampling, lab tests, and preparing a geotechnical design to be included as the design document for an addendum of a soil excavation contract. This modification shall extend the date of final completion to February 28, 2012.
Benefit
The State will benefit by having the contaminated soil on the site removed safely. The removal of soil will accelerate the remediation process and reduce project costs.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in damage to the natural gas utility line and nearby roadbed.

REVISIONS TO CONSTRUCTION CONTRACTS

11. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North and Southbound Ramp Weigh-in-Motion, Static Deck & Speed Limit Signs
File No. 591/10144.CAK - Index No. 61815
Graham Construction Corp., Saginaw; CCO No. 7, Incr. $15,326.18

Purpose/Business Case
The purpose of this change order is to remove and replace existing concrete pavement on the west side of the south approach at the south bound weigh station. This work will improve drainage and eliminate a trip hazard.
Benefit
The State will benefit by ensuring proper operation of the scale and site safety.

Funding Source
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in inadequate drainage at the new approach to the new scales and the continued safety hazard.

12. DEPARTMENT OF TRANSPORTATION, LINDEN – Linden Price Airport – New Terminal
File No. 591/11060.AGY - Index No. 74005
Bender & Pociask Construction, Inc, Tecumseh; CCO No. 1, Incr. $17,500.00

Purpose/Business Case
The purpose of this change order is to provide an 8" sewer line in lieu of a 6" line and add an additional manhole for future expansion. These were items requested by Genesee County Drain Commission and Fenton Township.
Benefit
The State will benefit by meeting the connection to the sewer system.
Funding Source
100% State Aeronautics Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the permit to connect to the local sewer system being denied.

AMENDMENT TO AGREEMENT FOR TRAINING AREA 5 MANEUVER TRAIL REPAIR

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Maneuver Trail Repair
File No. 511/11202.SAR - Index No. 22000

That the amendment to the agreement dated May 13, 2011 between the State of Michigan and Potawatomi RC&D Council, Inc., Calhoun County, Michigan be approved for $37,000.00 to provide for the repair of an eroded maneuver trail.

Purpose/Business Case
The purpose of this amendment is to provide additional erosion and sediment control activities for the repair of the maneuver trail near a high quality wetland area.
Benefit
The State will benefit from this amendment by compliance with the Soil Conservation Act.
Funding Source
100% Federal - National Guard Bureau Environmental Conservation Funds
Commitment
The total cost for this agreement is fixed based on that which was negotiated with Potawatomi RC&D.
Risk Assessment
Failure to approve this amendment will result in not getting the assistance needed to complete repair of the maneuver trail and prevent soil erosion.

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Hannah Building – Hannah Building 1st & 2nd Floor Renovations
   File No. 084/11214.JRC - Index No. 00277
   Low Responsive Bidder: EVR Incorporated, Haslett; $153,000.00

Purpose/Business Case
The purpose of this contract is to renovate the 1st and 2nd floors to provide additional office space allowing for the consolidation of Department of Education staff. The work includes all electrical, mechanical, plumbing, fire suppression, and fire alarm equipment associated with the construction of conference rooms, offices, and a storage/data recovery room.
Benefit
The State will benefit by cost savings associated with the consolidation of Department of Education staff from various locations into the Hannah Building.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this contract will result in not realizing the potential operational efficiencies associated with consolidation of staff into a single location.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge Armory – Construct Arms Vault
   File No. 511/11265.AGY - Index No. 13992
   Low Responsive Bidder: 44th Street Construction, LLC, Grand Rapids; $133,000.00

Purpose/Business Case
The purpose of this contract is to install a concrete vault for weapons storage. The Armory currently has 11 units assigned with only 4 vaults. The new vault will allow for weapon storage to be segregated by unit as required by regulations.
Benefit
The State will benefit by providing adequate weapon storage in accordance with Army regulations.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued accountability issues associated with weapons from each unit not being segregated.

3. DEPARTMENT OF NATURAL RESOURCES, BATH – Rose Lake Shooting Range – Shooting Range Improvements
   File No. 751/10306.BDW - Index No. 14410
   Low Responsive Bidder: Bender & Pociask Construction, Inc., Tecumseh; $95,030.00

Purpose/Business Case
The purpose of this contract is to construct a 10 yard shooting station as well as provide accessible routes to the target areas. This work is required to meet the needs of their customers and comply with the Americans with Disabilities Act.
Benefit
The State will benefit by providing shooting opportunities for short range targets and providing walkways to the target areas, complying with the Americans with Disabilities Act.
Funding Source
67.1% Michigan Natural Resources Trust Fund
32.9% Program Income
Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in loss of Trust Fund dollars and continued noncompliance with the Americans with Disabilities Act.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

4. DEPARTMENT OF NATURAL RESOURCES, PINCKNEY – Bruin Lake Campground – Campground Redevelopment Study
   File No. 751/11116.BDW - Index No. 58090
   Recommended Responsive Proposal: M. C. Smith Associates & Architectural Group, East Grand Rapids; $17,990.00

Purpose/Business Case

The purpose of this contract is to conduct investigations, prepare recommendations for redevelopment, address best use report, and correct storm water drainage problems.

Benefit

The State will benefit by early determination of best land use and accurate construction cost estimates for future funding needs.

Funding Source

100% Park Improvement Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in not obtaining the information necessary to address flooding problems.

5. DEPARTMENT OF NATURAL RESOURCES, VARIOUS – Hart-Montague Trail State Park – Trail Repaving and Widening Design
   File No. 751/11179.GAG - Index No. 56090
   Recommended Responsive Proposal: M.C. Smith Associates and Architectural Group, East Grand Rapids; $78,550.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural and engineering design services to obtain contract documents and an accurate construction estimate for widening, repaving, and improving the existing 22 mile long Hart-Montague recreational trail.

Benefit

The State will benefit by having professionally prepared contract documents for the competitive construction bid process. They will also prepare a detailed, accurate construction estimate for obtaining appropriate funding for construction.

Funding Source

100% Park Improvement Funds

Commitment

The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process and funding estimate.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center – Cooling Tower Installation
   File No. 084/11262.DCS - Index No. 43204
   Recommended Assignment: C2AE, Lansing; $7,711.07

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for the development and presentation of a preliminary design concerning the installation of a new cooling tower within the Secondary Governmental Complex, Energy Center. With the new cogeneration system under construction, additional cooling tower capacity is necessary to meet plant operations and complex chilled water requirements. This preliminary design will define and establish all principal structural/mechanical/electrical design elements and budgets.

Benefit

The State will benefit by having professionally prepared design documents for development of eventual construction documents for competitive proposals.

Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number six to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not providing the required cooling capacity to operate the new cogeneration system and meet chilled water requirements at the Secondary Complex.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, ROSCOMMON – Roscommon Toxaphene Storage Pit Site – Groundwater Sampling Services

File No. 761/11337.SAR - Index No. 92614
Recommended Assignment: MACTEC Engineering and Consulting of Michigan, Inc., Novi; $52,000.00

Purpose/Business Case
The purpose of this assignment is to provide groundwater sampling services. Contaminated soils with toxaphene, and buried drums of waste were removed from the site. However, groundwater continued to show levels of contamination above the cleanup criteria. The professional will conduct annual groundwater sampling for four years to verify that contamination levels have low risk to public health and the environment.
Benefit
The State will benefit by complying with environmental regulations.
Funding Source
100% State Sites Cleanup Program
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number twenty-one to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to comply with environmental regulations.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, EAST JORDAN – Arnold's Bait & Tackle Site – Remedial Investigation
File No. 761/11338.BDH - Index No. 44351
Recommended Assignment: Global Remediation Technologies, Inc., Traverse City; $62,180.67

Purpose/Business Case
The purpose of this assignment is to provide environmental assessment at this former retailer of gasoline. The scope of work includes determining the extent and magnitude of the contamination, and defining any acute risk to the public. The field work will include sampling of soil borings and monitoring wells. The effort will culminate with a remedial investigation report that will define the most appropriate remediation technologies.
Benefit
The State will benefit by having the current conditions of this leaking underground storage tank site evaluated. The findings will guide future remediation activity.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 5 to the discretionary contract.
Risk Assessment

Failure to approve this assignment could result in continued migration of contamination adversely impacting the environment.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, SKANEE – Arvon Twp School Bus Garage Site – Remedial Investigation
   File No. 761/11342.SAR - Index No. 44251
   Recommended Assignment: Weston Solutions, Inc., Okemos; $94,464.00

Purpose/Business Case
The purpose of this assignment is to provide remedial investigation services. Previous investigations have confirmed the presence of petroleum contamination in the soil and groundwater caused by leaking underground storage tanks. Additional investigation is needed to delineate the nature and extent of contamination and prepare specifications to remove and abate the acute risks. The professional will prepare reports and comply with environmental regulations.
Benefit
The State will benefit by investigating and eliminating unacceptable risk to human health and the environment, complying with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eighteen to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and abate the environmental contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

10. DEPARTMENT OF NATURAL RESOURCES, DETOUR – Detour State Harbor – Harbor Repair and Upgrades
    File No. 751/4081.RAA - Index No. 52230

    That the contract for professional services with United Design Associates be increased $34,873.96

Purpose/Business Case
The purpose of this modification is to provide modification of the gangway design to accommodate new Americans with Disabilities (ADA) Standards, resubmit project documents to United States Army Corp of Engineers (USCOE) and DEQ and revise all bidding documents.
Benefit
The State will benefit by complying with current state and federal code requirements.

Funding Source
100% Waterway Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in failure to design the project in accordance with applicable state and federal codes.

11. DEPARTMENT OF NATURAL RESOURCES, FORD RIVER – Ford River Boat Access Site – Parking Lot Improvements
File No. 751/9459.RAA - Index No. 52160

That the contract for professional services with Northwest Design Group be increased $1,737.99.

Purpose/Business Case
The purpose of this modification is to provide revisions to the bidding documents in order to accommodate a reduction in project funding.
Benefit
The State will benefit by providing bid documents which accommodate a project within the available project budget.
Funding Source
100% Waterway Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in delivery of bid documents in excess of the project budget which will delay the project indefinitely.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, WESTLAND - Feister Oil Company Site - Technical Support and Free Product Evaluation Services
File No. 761/09260.SAR - Index No. 48014

That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $35,000.00

Purpose/Business Case
The purpose of this modification is to provide oversight of the operation and maintenance activities (O&M) and performance monitoring. The site is a former bulk fuel storage facility with historic releases. The agency installed a remediation system to

cleanup the site. The professional will monitor the effectiveness of the implemented response activities and prepare reports complying with environmental regulations.

Benefit

The State will benefit by monitoring the effectiveness of the remediation system installed, protecting the environment, and complying with environmental regulations.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification may result in operating an ineffective remediation system.

REVISIONS TO CONSTRUCTION CONTRACTS

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, WEST MICHIGAN - Grand Ledge and Montague Armories – Maintenance Shop Repairs
    File No. 511/10340.MNB - Index No. 26000
    Bultsma Construction, Byron Center; CCO No. 3, Incr. $8,144.56

Purpose/Business Case

The purpose of this change order is to remove, replace, and relocate the exhaust hose reel and provide resinous flooring in the break room.

Benefit

The State will benefit by having the proper exhaust hose to ventilate the vehicle repair facility while vehicle's engines are running. The resinous flooring will provide for an anti-skid surface.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the mechanics not having the correct hose reel to vent the facility during vehicle maintenance and potential safety issues.

14. DEPARTMENT OF TRANSPORTATION, L'ANSE – L'anse Maintenance Garage – Site Paving
    File No. 591/10037.AGY - Index No. 30125
    Payne & Dolan, Inc, Gladstone; CCO No. 2, Increase, $2,150.00

Purpose/Business Case:
The purpose of this change order is to remove and replace unsuitable base material discovered during construction. This work will ensure the new pavement will be constructed on the proper base.
Benefit:
The State will benefit by reducing potential future maintenance and increasing the useful life of the pavement.
Funding Source:
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment:
Failure to approve this change order will result in potential premature failure of the new pavement.

15. DEPARTMENT OF ENVIRONMENTAL QUALITY, BELLAIRE – Butch's Tackle – Soil Excavation
    File No. 761/06007.SAR - Index No. 44351
    Elmer's Crane & Dozer, Inc., Traverse City; CCO No. 2, Decrease $26,633.08

Purpose/Business Case
The purpose of this change order is to adjust the contract quantities to match the actual site measured quantities and to extend the contract final completion date by 70 calendar days. Additional braces, piers, footings and sheet pile walls are also needed to protect the building on site.
Benefit
The State will benefit by protecting the existing building and decreasing the project cost.
Funding Source
100% Federal - ARRA LUST
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in damage to the integrity of the building structure and not realizing the reduction to the project cost.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, OWOSSO – Sav-U Station Site – Remedial Excavation
    File No. 777/11052.RRD - Index No. 44801
    Job Site Services, Inc., Bay City; CCO No. 1, Increase $15,000.00

Purpose/Business Case
The purpose of this change order is to establish an allowance to address differing site conditions anticipated during remediation.
Benefit
The State will benefit by being able to respond quickly to unknown site conditions which will allow for decreased costs and time needed to complete the work.
Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the DEQ Project Manager. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in potential increased cost to resolve differing site conditions as well as contract delays.

August 26, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Grand Tower Building – Electrical Trench Improvements and Switchgear Cleaning
   File No. 071/11299.JNS - Index No. 44120
   Low Responsive Bidder: Moore Trosper Construction Company, Holt; $43,900.00

Purpose/Business Case
The purpose of this contract is to provide repair and cleaning of the Grand Tower Building electrical cable bus trench between the building's primary switchgear/transformer and the building's secondary switchgear. Repairs will include the installation of raising the top elevation of the trench, adding a new galvanized floor door and replacing adjacent concrete paving to allow water to improve drainage. Work will also include cleaning of the 480 volt secondary switchgear after the cable bus trench has been repaired. Water currently runs into the existing cable bus trench damaging the building's main electrical bus and secondary switchgear.
Benefit
The State will benefit by providing a safe and dependable source of electrical power.
Funding Source
100% Agency Operating Funds

Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract could result in potential damage to the cable bus and/or the secondary switchgear leaving the building without power.

2. DEPARTMENT OF TRANSPORTATION, AUBURN HILLS – Auburn Hills Maintenance Garage – Sidewalk and Site Improvements
   File No. 591/07281.AGY - Index No. 58508
   Low Responsive Bidder: J B Contractors, Inc., Detroit; $33,451.00

Purpose/Business Case:
The purpose of this contract is to remove and replace existing concrete sidewalks. The existing sidewalks are tilted and uneven causing water to drain into the building and creating a tripping hazard.
Benefit:
The State will benefit by improved site conditions, reduced annual maintenance costs and eliminate potential personal injury from a slip or fall.
Funding:
100% Trunkline Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk:
Failure to approve this contract will result in further deterioration of the building from water damage and the potential for personal injury.

3. DEPARTMENT OF NATURAL RESOURCES, HONOR – Platte River State Fish Hatchery – Installation of UV Filtration System
   File No. 751/11276.JAG - Index No. 83510
   Low Responsive Bidder: Temperature Control, Inc. (TCI), Traverse City; $97,270.00

Purpose/Business Case:
The purpose of this contract is to provide for the installation of a new UV water filtration system to provide for the health of the salmon reared at the hatchery. The water source harbors the pathogen known to cause mass mortalities in young fish and can result in the need to destroy entire year classes of production fish.
Benefit:
The State will benefit by insuring the health of the State's investment in the salmon.
Funding:
100% Games and Fish Funds

Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk:
Failure to approve this contract could result in the loss of a year's production of salmon at the hatchery.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, HOLT – Clark Station #1995 – Remedial Investigation
   File No. 761/11339.BDH - Index No. 44801
   Recommended Assignment: Superior Environmental Corp., Marne; $178,198.00

Purpose/Business Case
The purpose of this assignment is to provide professional engineering services to determine the severity and extent of contamination at this leaking underground storage tank site. An earlier site investigation by the former owner was discontinued in 2003 and no remediation had ever taken place. This new investigation will include the installation of 26 new monitor wells, quarterly sampling of all monitor wells, quarterly monitoring reports, a facility assessment report, and a corrective action plan.
Benefit
The State will benefit by knowing the amount and extent of contamination so that appropriate remediation can follow.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 9 to the discretionary contract.
Risk Assessment
Failure to approve this assignment could result in the migration of contamination posing a hazard to public health and the environment.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, LANSING – State Road Services – Remedial Investigation
   File No. 761/11345.SAR - Index No. 44801
   Recommended Assignment: Global Remediation Technologies, Inc., Traverse City; $124,856.27

Purpose/Business Case
The purpose of this assignment is to provide remedial investigation to determine the extent of soil and groundwater contamination caused by leaking underground storage tanks. The professional will use the results of the investigation to develop a final

assessment report that includes a feasibility study and corrective action plan that describes appropriate remedial actions needed to address the contamination.

Benefit

The State will benefit by investigating and abating environmental contamination to protect the public and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number six to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not acquiring the professional assistance needed for investigation and abatement of the environmental contamination and compliance with environmental regulations.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, KALEVA – Red Barn Market – Remedial Investigation
   File No. 761/11346.BDH - Index No. 44301
   Recommended Assignment: The Mannik & Smith Group, Inc., Canton; $65,553.85

Purpose/Business Case

The purpose of this assignment is to provide environmental assessment at this former gasoline station. The scope of work includes determining the effectiveness of the current air sparging and soil vapor extraction remediation system. The professional shall also install a replacement monitor well for MW-9 destroyed by road construction, perform 40 soil borings to obtain soil samples, collect samples from all existing monitor wells on a semiannual basis for two years, sample nearby domestic water wells on a quarterly basis for two years, and provide reports of findings.

Benefit

The State will benefit by having the current conditions of this leaking underground storage tank site evaluated. The findings will guide the future operation of the remediation system.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 26 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in non-optimal operation of the existing remediation system causing an increase in costs and contract length.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission for the Blind Training Center – HVAC & Energy Upgrades and Renovation
   File No. 641/10191.BDW - Index No. 36402
   That the contract for professional services M.C. Smith Associates and Architectural Group, East Grand Rapids, Michigan, be increased $11,912.82

Purpose/Business Case:
The purpose of this modification is to provide additional professional services to obtain bulletin documents necessary to obtain contractor pricing for modifications to the kitchen exhaust systems, power supplies and alarms. This work is required to address code compliance issues raised by the State of Michigan Mechanical Inspector.
Benefit:
The State will benefit by obtaining the required bulletin documents necessary to obtain contractor pricing of this work.
Funding Source:
78.1% Rehabilitation Services Administration - Federal - $9,303.91
21.9% General Fund - $2,608.91
Commitment:
The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment:
Failure to approve this modification will result in the State not obtaining the bulletin documents necessary to obtain contractor pricing for this work.

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Allegan and Ottawa Parking Ramps – Way Finding Improvements
   File No. 071/09442.JNS - Index No. 44100
   Moore Trosper Construction Company, Holt, Michigan; CCO No. 1, Increase $12,098.56

Purpose/Business Case
The purpose of this change order is to furnish and install additional exit signage, pre-cast sign bases and posts, clearance bars, pavement marking for an ambulance stretcher route, as well as relocating some existing signage, clearance bars and pavement markings. This work will provide a safer and more user friendly driving, parking and walking experience for parking ramp users.
Benefit

The State will benefit by addressing signage and directional issues within the parking ramps.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not addressing existing deficiencies in the way finding system.

9. DEPARTMENT OF CORRECTIONS, YPSILANTI - Women's Huron Valley Correctional Facility - New Food Service Building
   File No. 472/04262.RAN - Index No. 53204
   E. L. Bailey & Company, Inc., Southfield; CCO No. 13, Increase $3,703.93

Purpose/Business Case

The purpose of this change order is to reduce building signage, change the type of sink in the maintenance room and add required handrails to the stairways leading to 3 offices. This work is required to address code compliance issues raised by the State Inspector.

Benefit

The State will benefit by ensuring the new Food Service Building is in compliance with all latest State Construction and Life Safety.

Funding Source

100% State Building Authority Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the project not receiving a Certificate of Occupancy

10. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Security Upgrades
    File No. 472/09177.EEW - Index No. 53299
    Reliance Building Company, Novi; CCO No. 4, Increase $1,170.00

Purpose/Business Case

The purpose of this change order is to compensate the contractor for service calls which were later determined to be the responsibility of the facility.

Benefit

The State will benefit by fully compensating the contractor for work done beyond the requirements of the contract.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the contractor not being fully compensated for the work performed on behalf of the State and could result in the contractor filing litigation against the State.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, SOUTH HAVEN – Lakeside Kwik Stop Site – Contaminated Soil Removal
File No. 761/10078.RRD - Index No. 44501
MacKenzie Environmental Services, Inc., Grand Ledge; CCO No. 3, Increase $5,616.72

Purpose/Business Case

The purpose of this change order is to install a storm water catch basin and a section of storm sewer. This change order will also extend the contract to September 30, 2011.

Benefit

The State will benefit by properly restoring the site by the addition of this storm water catch basin.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order would result in improper drainage conditions at the jobsite which would be in violation of a legal agreement made between landowner and DEQ.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, ALPENA – National Gypsum – Thunder Bay Reef Habitat Implementation
File No. 761/10214.SAR - Index No. 44351
Kokosing Const. Co. Inc., Durocher Marine Division, Cheboygan; CCO No. 1, Increase $35,442.60

Purpose/Business Case

The purpose of this change order is to provide an additional 1,400 tons of rip rap to provide fish spawning habitat in Thunder Bay. Habitat degradation is due to deposition of Cement Kiln Dust (CKD) from the National Gypsum facility which has eroded into the bay resulting in loss of habitat.

Benefit

The State will benefit by restoring the reefs and habitat in Thunder Bay.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in losing money from the current grant and not restoring the reefs and habitat in Thunder Bay.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, SAGINAW – Former National Plate Glass Site – Operation, Maintenance and Monitoring
File No. 761/10396.SAR - Index No. 44601
Conestoga-Rovers & Associates, Inc., Kalamazoo; CCO No. 2, Increase $19,740.96

Purpose/Business Case

The purpose of this change order is to provide operation and maintenance activities for the dewatering and discharge system. The site has been identified by the Agency as a site of environmental contamination. The system is needed to reduce the level and potential spreading of contamination at the site.

Benefit

The State will benefit by controlling the environmental contamination and reducing the threat to the environment and human health.

Funding Source

100% Strategic Water Quality Initiatives

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in stopping the dewatering system prior to complete remediation and risking the spread of contamination.

September 2, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, DETROIT – Detroit Light Guard Armory – Mechanical Alterations
   File No. 511/11300.AGY - Index No. 13782/13982
   Low Responsive Bidder: B&B Construction Services, LLC, St. Clair Shores; $120,000.00

Purpose/Business Case
The purpose of this contract is to install two new rooftop air handling units , construct a new office area including electrical circuits, ductwork and ceiling tiles, install new steam valves, piping, and steam coil, and replace the existing sump pump. This work is required to replace equipment that has been damaged by vandals as well as equipment that has exceeded its useful life.
Benefit
The State will benefit by reduced maintenance costs and increased energy efficiency.
Funding Source
50% Federal Funds
50% State Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued costly maintenance and high energy consumption.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING, USPFO - Paint Warehouse
   File No. 511/11315.AGY - Index No. 25500
   Low Responsive Bidder: B & J Painting, Inc., Lansing; $49,296.00

Purpose/Business Case:
The purpose of this contract is to paint the walls and the ceiling of the existing USPFO warehouse. This area currently has insufficient light-levels and the new paint will provide a more reflective wall surface.
Benefit:
The State will benefit by improved lighting within the warehouse.
Funding:
100 % Federal Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:
Failure to approve this contract will result in continued inadequate working conditions within the warehouse.

AWARD OF PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS DEPARTMENTS/LOCATIONS – Professional Environmental Services – Various Assignments – Various Projects
   File No. TBD per Assignment - Index No. TBD per Assignment
   Indefinite-Scope, Indefinite-Delivery Contract Numbers 307 through 334

   That approval is given for the award of 28 contracts for professional environmental services to: AECOM Technical Services, Inc.; AKT Peerless; Bureau Veritas; CDM Michigan Inc.; Coleman Engineering; Compliance Inc.; Environmental Consulting & Technologies; Fleis & Vandenbrink; Fishbeck, Thompson, Carr & Huber; Groundwater Environmental Services, Inc.; Global Environmental; Gosling Czubak; Gannett Fleming; Global Remediation Technologies, Inc.; Hamp Mathews; Inland Seas; MACTEC Engineering and Consulting of Michigan, Inc.; Mannik & Smith; NESA & Associates; Otwell Mawby; PM Environmental; Sagasser; Superior Environmental Corp.; Testing Engineers & Consultants, Inc.; TriMedia; URS Corporation Great Lakes; Weston Solutions; and Wilcox - Various Cities; $250,000.00 each

Purpose/Business Case
The purpose of this contract is to obtain, on assignment, services to respond to urgent/emergency and minor type environmental projects (construction cost less than $500,000.00) on an as needed basis. A number of contaminated sites have been identified in Michigan. Major steps in resolving the contamination problems at these sites are remedial investigations and subsequent feasibility study and remediation design. These Indefinite-Scope Indefinite-Delivery (ISID) Environmental Contracts will be used through future assignments to evaluate contaminated sites, conduct environmental investigations and/or provide feasibility studies/design services of the applicable remediation systems to remove the contamination from these sites. These services are needed to promote redevelopment and reuse of properties polluted with environmental contamination. The contracts will be limited to three (3) years with a one (1) year option with a maximum cumulative fee of $250,000.00. No assignments are being made at this time.

Benefit
The State will benefit by timely response to emergency/urgent and minor type projects. The investigation and cleanup activities are necessary to protect the environment.

Funding Source
Varies by individual assignment

Commitment
Individual assignments will be made on an as needed basis with the total of all assignments not to exceed the approved limit. The contract billing rates are fixed based on qualification-based selection process.
Risk Assessment
Failure to award these contracts will result in the State's inability to conduct investigation and cleanup activities at the sites of environmental contamination in a timely manner.

4. DEPARTMENT OF NATURAL RESOURCES, DOLLAR BAY – St Louis Creek - Culvert Repair
   File No. 751/10371.RAA - Index No. 74300
   Low Responsive Bidder: U.P. Engineers and Architects, Houghton; $28,127.78

Purpose/Business Case
The purpose of this contract is to provide professional architectural and engineering design services for the repair of the existing culvert based on the professional review of the existing conditions.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction. In addition, the professional will provide all hydrologic analysis and permitting.
Funding Source
100% Recreational Improvement Fund Grant
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, FLINT – Spartan Express Site – Remedial Investigation
   File No. 761/11358.SAR - Index No. 44801
   Recommended Assignment: Environmental Consulting & Technology, Inc., Ann Arbor; $82,353.61

Purpose/Business Case

The purpose of this assignment is to provide environmental investigation to determine the extent of free phase product, soil and groundwater contamination and prepare feasibility study to comply with the environmental regulations.

Benefit

The State will benefit by assessing the risk to the public, abating environmental contamination and protecting the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number ten to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the professional assistance needed to investigate and effectively abate the environmental contamination.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, PAW PAW – Production Rubber Products - Commercial Steel Industrial Site – Remedial Investigation
   File No. 761/10146.SAR - Index No. 44501
   Recommended Assignment: DLZ Michigan, Inc., Lansing; $24,870.06

Purpose/Business Case

The purpose of this assignment is to provide remedial investigation including collecting soil, groundwater & vapor samples to delineate the extent of the environmental contamination. The results will be used to assess the impact of the contamination on the residential neighborhood and evaluate abatement measures necessary to clean up the contamination.

Benefit

The State will benefit by evaluating potential risk to the public and appropriate abatement measures.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eighteen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to evaluate the risk to the public and the environmental abatement technologies necessary to protect the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF CORRECTIONS, JACKSON - G. Robert Cotton Correctional Facility – Replace Security Gates and Controls
   File No. 472/11054.RMP - Index No. 19150
   That the contract for professional services with Byce Consulting Engineers, Kalamazoo, Michigan, be increased $5,050.20

Purpose/Business Case
The purpose of this modification is to provide design and construction administration services to obtain bulletin documents for contractor pricing of modifications to the existing exterior store front and to replace the existing 36" door with a new 48" doors and controls.
Benefit
The State will benefit by having professionally prepared Bulletin documents for the construction contractor to provide change order pricing as well as direction for proposed changes in the work.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the documents required for the contractor pricing.

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, VARIOUS – Various Sites – Statewide Sampling and Compliance Services
   File No. 511/11234.SAR - Index No. 11400
   That the contract for professional services with AMEC E & I, Inc., Novi, be increased $92,000.00

Purpose/Business Case
The purpose of this modification is to provide services for investigating former underground storage tank locations at the Detroit Light Guard Armory, the Midland Armory, and the Dowagiac Armory. The professional will also provide services to update spill Containment Control and Countermeasures (SPCC) Plans, update Stormwater Pollution Prevention Plans (SWP3), and perform other tasks requested by the DMVA Project Manager.
Benefit

The State will benefit by evaluating potential risk to the public and appropriate abatement measures.

Funding Source

100% Federal Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the professional assistance needed to investigate and effectively abate the environmental contamination.

9. DEPARTMENT OF NATURAL RESOURCES, OCEQUEOC – Ocequeoc Falls – Trailhead Development Project and ADA Access Development
   File No. 751/05436.JAG - Index No. 75329
   That the contract for professional services with M. C. Smith Associates and Architectural Group, East Grand Rapids; be increased $8,216.00

Purpose/Business Case

The purpose of this modification is to provide quality control/material testing services for the onsite, full time construction administration services during the installation of the very complicated natural stone improvements. This work requires on site evaluation and direction from the PSC to ensure that the design intent is achieved. This project is a first time attempt by the DNR and the State to fill this type of need and will greatly benefit by the inclusion of these services.

Benefit

The State will benefit by having the professional service contractor administer the contract through completion and controlling the quality of the building contractor's work.

Funding Source

100% Recreation Trails Program Grant

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in a project component that does not function as intended.

10. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, NEPESSING LAKE – Nepessing Lake Boat Access Site – BAS Paving
    File No. 751/09195.CAK - Index No. 59610
    That the contract for professional services with Griggs Quaderer, Inc., Grand Blanc; be increased $2,674.90

Purpose/Business Case

The purpose of this modification is to provide revisions to the final design documents to bring them up to current requirements in preparation for competitive bidding. The project has been on hold for two years and just received funding.

Benefit

The State will benefit by updating bidding documents and cost estimate.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not obtaining updated documents for the competitive bidding process.

11. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROSCOMMON – South Higgins Lake State Park – Sanitary Sewer and Dump Station Improvements
    File No. 751/10372.JNS - Index No. 54100 and 99072
    That the contract for professional services with Wade Trim, Inc., Gaylord, Michigan, be increased $9,883.95

Purpose/Business Case

The purpose of this modification is to incorporate deductive alternates into the bid documents, determine quantity adjustments and revising cost estimates, provide additional coordination and review time during bid phase, coordinate with the low bidder after bid phase, confirm available water and sewer capacity for sanitary sewer and dump station improvements, perform additional coordination, review additional pay requests, perform additional construction staking and re-staking; attend and prepare minutes for additional progress meetings; and perform additional construction inspection associated with changes to final campground road paving.

Benefit

The State will benefit by having the professional service contractor continue administering the contract through completion and controlling the quality of the building contractor's work.

Funding Source

67 % Waterways Funds

33 % Land and Water Conservation Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification would result in the State not obtaining the necessary engineering services associated with the changes to the project.

12. DEPARTMENT OF NATURAL RESOURCES, VARIOUS - Ortonville, Pontiac Lake, Rose Lake and Sharonville Shooting Ranges - Lead Reclamation/Abatement
File No. 751/11175.SAR - Index No. 28354; 28355; 28353; 28356
That the contract for professional services with Global Environmental Engineering, Inc., Elk City, be increased $2,160.00

Purpose/Business Case
The purpose of this modification is to provide site plan and engineering drawing for the shot gun area at the Pontiac Lake Shooting Range. The agency was not able to locate a site plan for the area which is required to conduct the lead survey.
Benefit
The State will benefit by completing the lead survey and implement a lead reclamation/abatement plan.
Funding Source
100% Shooting Range Program Income
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in not completing the lead survey needed to implement a lead reclamation/abatement plan.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, ROGERS CITY – Radio Tavern Site – Remedial Investigation and Feasibility Study Services
File No. 761/10062.SAR - Index No. 44351
That the contract for professional services with Fleis & VandenBrink Engineering, Inc., Traverse City, be increased $7,703.64

Purpose/Business Case
The purpose of this modification is to cancel the design, construction, and operation of the remediation system originally started on this site and use the funds allocated to monitor the natural attenuation of contamination for the next four years. This modification will extend the date of completion to November 30, 2016.
Benefit
The State will benefit by reducing overall project costs.
Funding Source
100% Refined Petroleum Funds
Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification would result in increased project cost without the expected results.

14. DEPARTMENT OF ENVIRONMENTAL QUALITY, SAGINAW - National Plate Glass Site - O&M Oversight
File No. 761/10396.SAR - Index No. 44601
That the contract for professional services with Malcolm Pirnie, Inc., Lansing, be increased $104,791.00

Purpose/Business Case

The purpose of this modification is to provide additional operation and maintenance (O&M) oversight services. The site is a former glass and salt manufacturing facility. A remediation system was designed and installed at the site. The system includes sheet piles to contain contaminated groundwater, a riprap to support the wall and a dewatering system to prevent excessive groundwater from building up behind the walls. The professional will provide O&M oversight services for the dewatering system and prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by controlling the spread of contamination and ensuring compliance with the environmental regulations.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to continue the dewatering activities at the site.

REVISIONS TO CONSTRUCTION CONTRACTS

15. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Building – Exterior Wall Repair and Storage Build-Out
File No. 071/10393.JNS - Index No. 44315
Daniels Building Company, Inc., Brighton, MI; CCO No. 3, Increase $28,278.00

Purpose/Business Case

The purpose of this change order is to address field conditions discovered during demolition. A portion of the existing west wing wall was found to be unstable with numerous open voids and joints. This change order completely demolishes the

remaining portion of this wing wall and stabilizes remaining masonry at the northwest corner of Storage Room 100. In addition, demolition of the perimeter curb in new Storage Room 100 found sheet metal ductwork stubbed up within the removed perimeter curb resulting in duct openings needing to be removed and filled in with concrete and steel plate to assure that the weight of new shelving can be supported along these outer walls.

Benefit

The State will benefit by ensuring the structural integrity of the facility.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in a potential safety hazard.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, FENTON – Fisherman's Landing Site – Remedial Excavation
File No. 761/08327.SAR - Index No. 44801
Clean Harbors Environmental Services, Norwell; CCO No. 1, Decrease $60,870.14

Purpose/Business Case

The purpose of this change order is to adjust the contract quantities to match the actual site measured quantities. The change includes reducing several contract quantities and providing additional contract quantities such as air monitoring, removal of miscellaneous debris and placement of backfill material/topsoil.

Benefit

The State will benefit by receiving a credit and completing the abatement of the environmental health hazard to protect the public health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the project not receiving a credit.

CONTRACT CHANGE ORDER

17. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, JACKSON - CCO #2 for Lease #10735 approved by the State Administrative Board on June 6, 2006, between Commonwealth Commerce Group, Inc., as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of Licensing and Regulatory Affairs, as Lessee. This CCO provides for construction of a security wall with two service windows in the reception area, as requested by the Department of Licensing and Regulatory Affairs at a cost not-to-exceed $7,674.70. The space is located at 209 East Washington Avenue, Suite 200, Jackson, MI 49201.

Purpose/Business Case:
The purpose of this CCO is to erect a floor-to-ceiling security wall with two built-in service windows that will effectively separate the customer waiting area from work areas.
Benefit:
The construction of a boundary between the customer waiting area and staff work areas makes the work areas more secure and safe for staff.
Source of Funds:
100% Federal Funds
Commitment Level:
Present through April 30, 2016; however, this Lease contains a standard cancellation clause with 90 days notice.
Risk Assessment:
Non-approval of this CCO will hinder the Department from providing its staff with a safe and secure office environment.

September 9, 2011

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – Roscommon Operations Service Center – Construct Unheated Pole Barn
   File No. 751/10400.BDW - Index No. 85960
   Low Responsive Bidder: Hunter Construction, Alpena; $148,716.00

Purpose/Business Case
The purpose of this contract is to construct an unheated storage building to house many large and expensive pieces of equipment for the Wildlife Division. Weather takes a heavy toll on the equipment while it sits outside requiring additional maintenance costs.
Benefit
The State will benefit by providing weather protected storage for this equipment.
Funding Source
100% Game and Fish Funds

Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in increased maintenance and reduces useful life of this equipment.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF NATURAL RESOURCES, BAY CITY- Highway M-13, Pipe Repair
   File No. 751/11119.MNB - Index No. 86910
   Recommended Assignment: Nowak & Fraus Engineers, Pontiac; $4,982.00

Purpose/Business Case
The purpose of this assignment is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the repair of a leaking pipe under highway M-13.
Benefit
The State will benefit from this assignment by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
75% General Fund
25% Pittman Robertson Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, FREMONT – Wesco #14 – Remedial Design and Construction Oversight
   File No. 777/11357.SAR - Index No. 44901
   Recommended Assignment: Fishbeck, Thompson, Carr & Huber, Inc., Grand Rapids; $66,807.58

Purpose/Business Case
The purpose of this assignment is to provide remediation design specifications and construction oversight services to remove contaminated soil and restore the site. The professional will review and update the existing documents to reflect recent data collected by the agency.

Benefit
The State will benefit by removing contamination from the site to protect the environment and comply with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to comply with the environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES, HARRISVILLE – Harrisville State Park – Storage Building
   File No. 751/10198.BDW - Index No. 54220

   That the contract for professional services with R.S. Scott Associates, Alpena, be increased $3,700.00

Purpose/Business Case
The purpose of this modification is to provide survey and site redesign for a forty foot by one hundred foot storage building. This re-siting will reduce the cost of the required site work.
Benefit
The State will benefit by reducing the construction cost for this building.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in increased cost to the project.

REVISIONS TO CONSTRUCTION CONTRACTS

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, MARQUETTE – Jacobetti Home for Veterans – Shower Renovations and HVAC Upgrades
   File No. 511/09345.RAA - Index No. 85000
   Closner Construction and Sales, Marquette; CCO No. 2, Increase $13,702.54

Purpose/Business Case

The purpose of this change order is to modify existing power assisted door openers, and provide additional wall tile in the bath/shower rooms. Revisions to the door hardware required to comply with life safety codes necessitates upgrade of the door openers. The additional tile is required to transition the new tile to the existing tile and reduce maintenance.

Benefit

The State will benefit by meeting accessibility requirements and avoiding costly maintenance.

Funding Source

100% Veteran Administration Grant

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the facility not meeting current accessibility requirements and increased maintenance costs.

6. DEPARTMENT OF TRANSPORTATION, BRIGHTON – Brighton Maintenance Garage – Epoxy Floor Coating System
   File No. 591/07328.AGY - Index No. 58508
   MV Contracting, Inc., Southfield; CCO No. 1, Increase $3,025.00

Purpose/Business Case

The purpose of this change order is to provide an epoxy floor coating system for the existing safety walks and ramps. This work was alternate #1 in the bid documents and is being added now due to funding availability.

Benefit

The State will benefit by reduced maintenance costs and by providing a slip-resistant surface for the safety walkways and ramps.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor as an alternate with the original bid. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in higher maintenance costs and a greater potential for slip-and-fall injuries.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, WESTLAND – Feister Oil Company Bulk Storage Facility Site – Excavation, Dewatering, Backfill, Compaction/Disposal of Contaminated Soil
   File No. 761/08331.SAR - Index No. 44701

NESA & Associates, Inc., Warren; CCO No. 1, Increase $60,000.00

Purpose/Business Case
The purpose of this change order is to continue to operate the remediation system for five additional months. Contamination is still present and additional remediation is required.
Benefit
The State will benefit by the removal of additional contamination by running the remediation system for a longer period of time.
Funding Source
100% Strategic Water Quality Initiative
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order would result in leaving the remaining contamination in place which could result in the migration of contamination off the site.

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAND LEDGE – Bob's Marathon Site – Underground Storage Tank (UST) Removal
   File No. 777/11024.SAR - Index No. 44801
   MacKenzie Environmental Services, Inc., GRAND LEDGE; CCO No. 1, Increase $15,577.75

Purpose/Business Case
The purpose of this change order is to adjust the contract quantities to match the actual site measured quantities. Additional removal/replacement of contaminated soils and concrete/asphalt were needed during the removal of the underground storage tank.
Benefit
The State will benefit by reducing the threat of contamination to the environment and human health.
Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in leaving contaminated soils on site and therefore risking exacerbation of health hazard to the public.

. . . . . .

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MANAGEMENT AND BUDGET, Traverse City – State Office Building – Parking Lot Resurfacing Project
   File No. 071/09469.JAG - Index No. 44401
   Low Responsive Bidder: Elmer's Crane & Dozer, Inc., (Team Elmers), Traverse City; $55,782.00

Purpose/Business Case
The purpose of this contract is to provide for the resurfacing of the existing parking lots. Portions of the existing paving are in considerable disrepair and require removal and replacement to ensure proper storm water management. Portions of the paving require resurfacing and areas of concrete curbing have failed and require replacement.
Benefit
The State will benefit by resolving existing safety issues caused by failed areas of the parking lot and by establishing sound storm water management infrastructure to prevent soil erosion and environmental damage.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive quotations. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract could result in environmental damage, user safety issues and damage to vehicles that enter the parking lots.

2. DEPARTMENT OF CORRECTIONS, Jackson – G. Robert Cotton Correctional Facility – Replace Security Gates and Controls
   File No. 472/11054.RMP - Index No. 19150
   Low Responsive Bidder: Carrier Construction Company, Inc., Hickory Corners; $234,000.00

Purpose/Business Case
The purpose of this contract is to replace existing security gates and controls. The gates frequently break and require additional staff to secure entrance and maintain safety.
Benefit
The State will benefit by reduced maintenance costs and improved security.
Funding Source
100% Agency Operating Funds
Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued costly maintenance and security issues.

3. DEPARTMENT OF TRANSPORATION, DETROIT – Brush Street Garage – Electronic Security Gates
   File No. 591/07297.AGY – Index No. 58508
   Security Access Controls & Fence, LLC, Brighton; $44,647.00

Purpose/Business Case

The purpose of this contract is to remove and replace the existing gates and change the layout of the driveway to provide better access to the site and increase security.

Benefit

The State will benefit by improved site access and security.

Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued congestion at the site access and reduced security.

4. DEPARTMENT OF NATURAL RESOURCES, PARADISE – Tahquamenon Falls Gorge Trail – Upper Falls Stairway Replacement
   File No. 777/11048.RAA - Index No. 52130
   Low Responsive Bidder: Johnson Brothers, Munising; $83,560.00

Purpose/Business Case

The purpose of this contract is to construct a new access stairway to the Tahquamenon Falls Gorge Trail. The existing stairway and boardwalk footings have failed resulting in structural shifting and heaving. The project will allow for safe public viewing enhancing the visitor experience and value of the user fee.

Benefit

The State will benefit by increased access to scenic viewing area, enhancing public safety and state park revenue.

Funding Source

100% Natural Resource Trust Fund

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in reduced safety, access and user fees.

AWARD OF PROFESSIONAL SERVICES CONTRACT

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND RAPIDS – Grand Rapids Home for Veterans – Replace Main Entrance Drive-up Canopy
   File No. 511/11211.GAG - Index No. 64000
   Recommended Responsive Proposal: M.C. Smith Associates and Architectural Group, East Grand Rapids; $43,551.50

Purpose/Business Case
The purpose of this contract is to provide professional architectural and engineering design and construction administration services to obtain contract documents to remove the existing main entrance drive-up canopy and construct a larger canopy to properly provide for the residents' safety and coverage during inclement weather as well as a covered area accessible for buses, transport vans, ambulances, etc. to load/unload passengers.

Benefit
The State will benefit by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source
100% State Funds

Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process and funding estimate.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Building – Exterior Wall Repair and Storage Build-Out
   File No. 071/10393.JNS - Index No. 44315
   That the contract for professional services with DLZ Michigan, Inc., Lansing, Michigan, be increased $7,656.72

Purpose/Business Case
The purpose of this modification is to address the additional duration for construction due to unforeseen conditions requiring additional project meetings, coordination and multiple site inspections for punch list development and to provide a geotechnical

investigation of existing soils, to provide pavement recommendations and a bulletin for visitor parking lot improvements.

Benefit

The State will benefit by ensuring the project is completed in accordance with the contract documents allowing Department of Treasury Records to be moved into this facility eliminating lease expenses.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the professional not ensuring compliance with the contract documents and the State not receiving bulletin documents for the visitor parking area.

7. DEPARTMENT OF TECHNOLOGY MANAGEMENT & BUDGET- DETROIT - State Fairgrounds- Demolition of Three Buildings
   File No. 071/09257.SAR- Index No. 76500
   Recommended Assignment: Material Testing Consultants, Inc., Grand Rapids; $24,947.00

Purpose/Business Case

The purpose of this assignment is to provide environmental investigation, prepare contract documents and air testing during demolition to comply with environmental regulations during the demolition of three buildings.

Benefit

The State will benefit by minimizing health risk to workers and to the public and ensuring proper abatement during demolition.

Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 5 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to evaluate and abate potential health and safety risks to the public

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF HUMAN SERVICES, ESCANABA – Bay Pines Center – Installation of Closed Circuit Television System

File No. 431/09179.JNS - Index No. 53302
Mechanical Controls and Maintenance, Inc., Sterling Heights; CCO No. 5, Decrease $19,684.62

Purpose/Business Case
The purpose of this change order is to relocate State network equipment within the server room from an existing equipment rack to the new CCTV System equipment racks eliminating the need to relocate four existing 120 volt 20 amp circuits, and to assess thirty nine (39) days of liquidated damages due to the Contractor's failure to meet the Project Schedule.
Benefit
The State will benefit by the cost savings and by assessing liquidated damages.
Funding Source
100% State Building Authority Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC and/or as recommended by the PSC where credits provided by the Contractor and liquidated damages are being assessed due to the Contractor failing to meet project schedule. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the Contractor being paid for work that was not performed and will result in the Contractor not being assessed liquidated damages.

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Center – New Roof and Exterior Insulation System on Building #560
File No. 511/10321.RAN - Index No. 21000
Ripman Construction Co., St. Helen; CCO No. 1, Increase $10,625.54

Purpose/Business Case
The purpose of this change order is to improve the access to the building by replacing dilapidated stairs with a new stairway and landing area and improve the building's exterior lighting by replacing old, inadequate light fixtures. Project savings allowed the agency to request this work.
Benefit
The State will benefit by having a much safer entrance stairway and landing into the building and vastly improved lighting to the building.
Funding Source
100% Federal Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in continued health and safety issues in the building potentially causing harm to State's military and civilian personnel.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Install Emergency Alert System
File No. 511/10337.AGY – Index No. 22000
West Shore Services, Inc., Allendale; CCO No. 2, Increase $3,730.00

Purpose/Business Case

The purpose of this change order is to change the frequency of the radio signals to the remote siren locations. During final testing another signal was discovered on the same frequency necessitating this change.

Benefit

The State will benefit by having a dedicated frequency for this system.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the agency. The amount of the contract is within the authorized budget.

Risk

Failure to approve this change order will result in potential interference from another user of the frequency.

11. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Generator Set Phase 3
File No. 591/04003.JAN - Index No. 27000
Detroit Electrical Services, LLC, Detroit; CCO No. 4, Increase $2,317.22

Purpose/Business Case

The purpose of this change order is to cover the cost of an additional load bank test to the 60kw generator. DTE had placed a lock on the gas line which prevented the originally scheduled test.

Benefit

The State will benefit by having the ability to load test the 60kw generator.

Funding Source

100% Restricted Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the generator not being load tested.

12. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Integrated Transportation Campus – Phase 4 North Site
    File No. 591/04003.JAN - Index No. 27000
    B & B Construction Services, LLC, St. Clair Shores; CCO No. 2, Increase $5,482.34

Purpose/Business Case

The purpose of this change order is to furnish and install temporary security fencing at the north site adjacent to the Greyhound Building. This fencing is required to provide security during construction.

Benefit

The State will benefit by providing security during construction of the north site.

Funding Source

100% Restricted Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in reduced security for the occupants of the building.

13. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, COPPER HARBOR – Fort Wilkins State Park, Fanny Hooe Trail Pedestrian Bridge
    File No. 751/08114.RAA - Index No. 51220
    Danielson Contracting, Baraga; CCO No. 1, Increase $2,250.00

Purpose/Business Case

The purpose of this change order is to provide additional rip rap abutment protection, interpretive signs and footings. This work is required to reduce soil erosion and provide adequate directional signage for visitors. Due to insufficient on-site material for re-use, additional rip rap is required. Project savings allowed the agency to request the signage.

Benefit

The State will benefit by protecting the abutment from adjacent river water forces and providing visitor directional information.

Funding Source

100% Federal Trail Grant

Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in soil erosion which could undermine the bridge abutment foundation and limited visitor information.

14. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, COPPER HARBOR – Fort Wilkins State Park, Kamikaze Trail Pedestrian Bridge
File No. 751/08114.RAA - Index No. 51220
Danielson Contracting, Baraga; CCO No. 1, Increase $2,250.00

Purpose/Business Case
The purpose of this change order is to provide additional rip rap abutment protection and concrete flowable fill under footing. This work is required to reduce soil erosion. Due to insufficient on-site material for re-use, additional rip rap is required.
Benefit
The State will benefit by protecting the abutment from adjacent river water forces.
Funding Source
100% Federal Trail Grant
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in soil erosion which could undermine the bridge abutment foundation.

15. DEPARTMENT OF ENVIRONMENTAL QUALITY, REED CITY – Former Osceola Refinery Site – Air Sparge/Soil Vapor Extraction (AS/SVE) System Installation
File No. 761/09231.RRD - Index No. 44301
Nova Consultants, Inc., Novi; CCO No. 2, Increase $98,092.86

Purpose/Business Case
The purpose of this change order is to continue operation and maintenance (O&M) services of the soil vapor extraction/air sparge (SVE/AS) treatment system for an additional 14 months. A crude oil refinery operated at the site and has contaminated the soil. The site is bound by Hersey River to the east which is a designated trout stream. It's anticipated that the system will continue to operate until the site is cleaned up.
Benefit

The State will benefit by abating the environmental hazards and prevent the contamination from spreading.

Funding Source

100% Strategic Water Quality Initiative Fund

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in shutting down the remediation system, leaving known contaminated soil and groundwater on site that may pose substantial threat to public health and the environment.

AMENDMENT TO AGREEMENT FOR VEGETATION CLEARING

16. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Training Center Site – Vegetation Clearing
File No. 511/11180.SAR - Index No. 21000

That the amendment to the agreement dated April 8, 2011 between the State of Michigan and Huron Pines Resource Conservation and Development Area Council, Inc., Grayling, Michigan be approved for $80,000.00 to provide for vegetation clearing services.

Purpose/Business Case

The purpose of this amendment to the agreement is to provide additional vegetation removal and mulching at approximately 40 artillery firing points at Range 40. Huron Pines RC&D is a 501(c) (3) not-for-profit organization with experience in conservation and restoration projects. Numerous artillery firing points at Range 40 have become overgrown with small trees and shrubs.

Benefit

The benefit of this project is to meet standards for using the Range as artillery firing points.

Funding Source

100% Federal - National Guard Bureau Environmental Conservation Funds

Commitment

The total cost for this agreement is fixed based on that which was negotiated with Huron Pines RC&D.

Risk Assessment

Failure to approve this amendment will result in not getting the assistance needed to clear the overgrown vegetation and therefore not meeting the artillery firing points standards.

AGREEMENT FOR AVIAN RESEARCH

17. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Avian Research
File No. 511/11364.SAR - Index No. 22000

That the agreement between the State of Michigan and Potawatomi RC&D, Calhoun County, Michigan be approved for $56,104.40 to conduct research activities to assess the Cerulean Warbler and other avian populations on the property of Fort Custer Training Center.

Purpose/Business Case
The purpose of this agreement is to perform Cerulean Warbler color banding and relocation, Monitoring Avian Productivity and Survivorship (MAPS) bird banding, marshland surveys, Fall banding and stopover ecology study. The professional will prepare final reports and submit to the agency. Potawatomi is a 501(c) (3) not-for-profit organization with experience in avian research projects.

Benefit
The benefit of this project is to assess the bird species population and determine potential impacts on the forest ecosystem.

Funding Source
100% Federal - National Guard Bureau Environmental Conservation Funds

Commitment
The cost for this agreement is fixed based on that which was negotiated with Potawatomi RC&D.

Risk Assessment
Failure to approve this agreement results in not getting the professional assistance needed to conduct the avian research and study the population decline of bird species. If the research is not performed, best conservation practices to reverse declines will not be implemented.

CONTRACT CHANGE ORDER

18. DEPARTMENT OF CORRECTIONS, MUSKEGON - CCO #1 for Lease #6651 approved by the State Administrative Board on September 4, 2007, between Gettyridge Limited Partnership (subsequently succeeded by Kalamazoo Probation Enhancement Program) as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Corrections, as Lessee. This CCO provides for conversion of a conference room into office space at a cost not-to-exceed $7,441.50. The space is located at 985 E. Barney Ave., Muskegon, MI, 49444.

Purpose/Business Case:
The purpose of this CCO is to convert a ground floor conference room into two separate offices for use by parole/probation officers.

Benefit:

This CCO allows the agency to accommodate office space needs of new probation/parole officers hired to help manage increased parole and probation caseload.

Source of Funds:

100% General Fund

Commitment Level:

Present through 12-31-2021; however, this Lease contains a standard cancellation clause with 90 days notice.

Risk Assessment:

Non-approval of this CCO will hinder the Department from meeting with parolees and managing parole or probation conditions in a timely manner. No other suitable office space is available in the Leased premises.

19. DEPARTMENT OF COMMUNITY HEALTH, LANSING - CCO #4 for Lease #2432 approved by the State Administrative Board on November 7, 1995, between First Capital Lansing Properties Limited Partnership (subsequently assigned to Holiday Park Realty, LLC) as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Community Health (DCH), as Lessee. This CCO provides for professional installation of an electronic security system serving suites 1 and 2 at a cost not-to-exceed $2,009.98. The space is located at 6546 Mercantile Way, Lansing, MI 48911

Purpose/Business Case:

The purpose of this CCO is to add electronic security measures to help protect DCH's on-site pharmacological storage locker.

Benefit:

This CCO will allow DCH to secure its valuable evidence materials in storage more safely and securely.

Source of Funds:

100% Restricted Funds from Health Professions Regulatory Fees Fund

Commitment Level:

Present through January 31, 2012; however, this Lease contains a Standard cancellation clause with 60 days notice.

Risk Assessment:

Non-approval of this CCO will hinder the Department from storing its evidence materials in the most efficient and secure manner.

Zip Code:

48911

September 23, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – United States Property & Fiscal Office (RFSC, Bldg. 30) – Office Modifications, P & C Office
   File No. 511/11316.AGY - Index No. 25700
   Low Responsive Bidder:
   Laux Construction, LLC, 1535 Jessop Rd, Dansville, MI; $13,849.00

Purpose/Business Case
The purpose of this contract is to construct an office by installing two (2) walls and modifying electrical and mechanical systems. The Federal office standards require enclosed offices for field grade officers.

Benefit
The State will benefit by meeting federal requirements for field grade officers.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the continued noncompliance with the federal standards.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, CHEBOYGAN – Cheboygan Armory – Repair Storm Drainage/Sidewalks
   File No. 511/11341.AGY - Index No. 13705/13905
   Low Responsive Bidder: Marshall Pools & Excavating, Inc., Genesee; $45,779.00

Purpose/Business Case
The purpose of this contract is to remove and replace the sidewalk around this facility, correct drainage problems and provide accessible curb cuts. The current sidewalk is badly broken up, allows water to pond and does not have ADA access.
Benefit
The State will benefit by removing potential trip hazards, correcting drainage problems and providing accessibility.
Funding Source
50% Federal Funds
50% State Funds
Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in potential safety issues, continued ponding of water and inaccessibility.

3. DEPARTMENT OF TRANSPORTATION, NEWBERRY - Newberry Transportation Service Center – Exterior Painting and Window Replacement
   File No. 591/07295.AGY - Index No. 58508
   Low Responsive Bidder: West Coast Builders, Dorr; $42,854.00

Purpose/Business Case:

The purpose of this contract is to remove the existing inefficient windows and replace them with energy efficient windows and to paint the exterior wood portion of the building.

Benefit:

The State will benefit by lower energy cost and extended life of the wood portions of the building.

Funding:

100% Trunkline Funds

Commitment:

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:

Failure to approve this contract will result in continued costly heating and cooling bills and further deterioration of the wood.

4. DEPARTMENT OF TRANSPORTATION, JACKSON – Jackson Material & Testing Building – Lab Renovation
   File No. 591/11310.AGY - Index No.30125
   Low Responsive Bidder: EVR Inc., Haslett; $48,444.00

Purpose/Business Case:

The purpose of this contract is to renovate the existing survey office to provide additional lab space for concrete, bituminous, and aggregate testing. The existing lab area cannot handle the volume of testing required.

Benefit:

The State will benefit by meeting the expanded testing requirements from the Federal Highway Administration (FHWA).

Funding:

100% Trunkline Funds

Commitment:

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk:
Failure to approve this contract will result in not meeting the new FHWA testing requirements and not qualifying for federal funding.

5. DEPARTMENT OF TRANSPORTATION, ST. IGNACE, St. Ignace Maintenance Garage – Garage Insulation and Roof Membrane Improvements
   File No. 591/11327.AGY - Index No. 30125
   Low Responsive Bidder: Great Lakes Roofing & Insulation Systems, Inc., Sault Ste. Marie; $59,250.00

Purpose/Business Case:
The purpose of this contract is to remove the existing, deteriorating insulation and replace it with new roofing insulation. The existing insulation has deteriorated and lost its energy efficiency.
Benefit:
The State will benefit by reduced energy costs.
Funding:
100% Trunkline Funds
Commitment:
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk:
Failure to approve this contract will result in increased energy consumption and further deterioration of the existing roofing components.

AWARD OF PROFESSIONAL SERVICES CONTRACT

6. DEPARTMENT OF NATURAL RESOURCES, MACKINAC ISLAND – Spring Trail – Trail Upgrades
   File No. 751/11273.RAA - Index No. 72100
   Low Responsive Bidder: Wade Trim, Gaylord, MI; $24,855.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for surface and trail upgrades. The project will allow for safe public access enhancing the visitor experience and value of the user fee.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Natural Resources Trust Funds

Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF NATURAL RESOURCES, HARRISON TOWNSHIP – Selfridge Boat Access Site – Access Site Expansion and Improvements
   File No. 751/06331.MNB - Index No. 59590
   Recommended Assignment: Soil and Material Engineers, Inc, Lansing; $23,000.00

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services for removing and replacing the sheet piles and concrete shore anchors and parking at the Selfridge Boat Access site.
Benefit
The State will benefit by insuring all materials and methods used by the contractor meet the required specifications.
Funding Source
100% Waterway Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 21 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not having the assurance that the materials used in construction meet the required quality standards set by the contract documents.

8. DEPARTMENT OF NATURAL RESOURCES, LAPEER & HOLLY - Lapeer & Holly Recreation Areas – Cold Storage Buildings
   File No. 751/10366.BDW - Index No. 87940 - Lapeer, 87950 - Holly
   Recommended Assignment: CHMP, Inc., Grand Blanc; $14,618.50

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for two cold storage buildings.
Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source

Lapeer – 100% Fish & Game - Federal
Holly – 100% Program Income

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 4 to the discretionary contract.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, SUMNER – Pat's Service Site – Remedial Investigation
   File No. 761/12002.SAR - Index No. 44801
   Recommended Assignment: AECOM Technical Services, Inc., Grand Rapids; $33,950.00

Purpose/Business Case

The purpose of this assignment is to provide for remedial investigation including monitoring well installation and soil, vapor and groundwater sampling to delineate the extent of contamination. The site was previously operated as a gasoline station. The professional will prepare investigation reports to comply with the environmental regulations.

Benefit

The State will benefit by investigating environmental contamination and evaluating technologies to abate unacceptable risk to human health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number nine to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the environmental contamination at the site.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

10. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Murray D. VanWagoner Building - Asbestos Abatement for 1st and 2nd Floor Renovations
File No. 071/09436.FAR - Index No. 44106

That the contract for professional services with Materials Testing Consultants, Inc., Grand Rapids; be increased $8,399.00

Purpose/Business Case
The purpose of this modification is to provide for construction administration associated with the abatement and disposal of asbestos containing building materials from the 1st and 2nd floors of the VanWagoner Building that could potentially be disturbed by building renovations.
Benefit
The State will benefit by having construction administration services including full time industrial hygiene services that will monitor air quality and document abatement and disposal activities as asbestos containing building materials are being removed.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in the release of air borne asbestos to the contractor's workers, building occupants and the general public during the period of building renovation.

11. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE - Various Buildings, State Secondary Complex - Building Automation System HVAC Upgrades
File No. 071/10098.JNS - Index No. 02031

That the contract for professional services with Byce and Associates, Inc., Kalamazoo; be increased $4,598.90

Purpose/Business Case
The purpose of this modification is to provide a site survey and detailed review of existing Heat Recovery Systems on AHU-1, AHU-3 and AHU-4 at the MDOT Construction and Technology Building, provide a written report that summarizes the existing equipment conditions, system deficiencies, missing components, etc., to provide a budget analysis including estimated cost to restore these systems to an

operating condition, and to provide an energy analysis for the purpose of providing a simple payback calculation.

Benefit

This information is required for DTMB to make an informed decision on the best course of action to be taken with these current energy recovery systems.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in DTMB proceeding with the replacement of energy recovery systems at the MDOT Construction and Technology Building without knowing the condition of existing equipment, without reliable cost data for repair and/or replacement and without knowing if the energy savings pay back for repair and/or replacement would be beneficial to the State.

12. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center, State Secondary Governmental Complex – Cogeneration Project
File No. 071/10222.DCS - Index No. 85700

That the contract for professional services with The Christman Company, Lansing; be increased $6,561.00

Purpose/Business Case

The purpose of this modification is to provide for necessary labor and equipment to rig and off load the new cooling tower materials and components at the Secondary Governmental Complex, Energy Center. With the Cogeneration System under construction, additional cooling tower installation is necessary to meet complex chilled water requirements. This subject cooling tower was pre-purchased, will be delivered in eight (8) large sections, and unloading is not provided through the vendor.

Benefit

The State will benefit by having skilled and qualified construction labor professionally unload and store the required cooling tower equipment for future installation at the Energy Center.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in failure to receive and unload the newly purchased cooling tower equipment.

13. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – West Administration Building Alterations - Phase II
File No. 472/07014.EEW - Index No. 05350

That the contract for professional services with Jacobs Carter-Burgess, Bingham Farms; be decreased $46,014.50

Purpose/Business Case
The purpose of this modification is to provide for design and construction administration services for Phase II of the West Administration Building Alterations and to credit the State the cost for correcting errors in the showers in Housing Units 1-5.
Benefit
The State will benefit by having plans and specifications for the alterations as well as professional construction oversight for the West Administration Building Alterations. The State will also benefit by having the errors corrected at no cost to the State.
Funding Source
100% Agency Operating Funds (GF/GP)
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining construction administration for the additional work as well as not being reimbursed for the work necessary to correct the design errors.

14. DEPARTMENT OF NATURAL RESOURCES, WIXOM – Proud Lake Recreation Area Campground – Underground Well Tank Replacement
File No. 751/10282.BDW - Index No. 14410

That the contract for professional services with Nowak & Fraus Engineers, Pontiac; be increased $29,978.00

Purpose/Business Case
The purpose of this modification is to provide for the design of the removal of the existing water supply wells, tanks, structures, provide connection to the Municipal Water Supply System and improvements to the campground water distribution system.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Natural Resources Trust Funds

Commitment
The professional services contract modification (number 1.1) will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

15. DEPARTMENT OF NATURAL RESOURCES, LANSING – Michigan Historical Center – Archives Learning Center & Museum Education Space Renovation
File No. 751/10506.JAN - Index No. 28800

That the contract for professional services with HBC Contracting, Lansing; be increased $13,531.04

Purpose/Business Case
The purpose of this modification is to provide design/construction services for the modifications of the mechanical exhaust system at the relocated carpentry shop. This work is required to bring existing system up to current life safety standards.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

16. DEPARTMENT OF ENVIRONMENTAL QUALITY, PAW PAW - Commercial Steel Industrial Site - Bioremediation Pilot Study
File No. 761/10146.SAR - Index No. 44501

That the contract for professional services with DLZ Michigan, Inc., Lansing; be increased $1,676.86

Purpose/Business Case
The purpose of this modification is to provide well and stormwater outfall sampling. The samples will be analyzed for volatile organic compounds (VOCs), total and dissolved metals and total cyanide. The professional will incorporate the results of the sampling into the monitoring report and submit to the agency.
Benefit

The State will benefit by investigating and evaluating site contamination.

Funding Source

100% Strategic Water Quality Initiatives Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to investigate and evaluate environmental abatement technologies necessary to protect the environment.

17. DEPARTMENT OF ENVIRONMENTAL QUALITY, CASPIAN - Buck Mine Discharge Site - Inspection and Monitoring
File No. 761/10164.SAR - Index No. 44251

That the contract for professional services with Weston Solutions, Inc., Okemos; be increased $71,999.00

Purpose/Business Case

The purpose of this modification is to provide enhanced maintenance and monitoring of the interim response system. The interim remedial system utilizes three interconnected ponds to store and buffer acidic surface water before it reaches the wetland area and then ultimately the Iron River. The professional will perform repairs, maintenance and modification to enhance the performance of the system to ensure and document proper functioning.

Benefit

The State will benefit by ensuring protection of the environment and complying with the environmental regulations.

Funding Source

100% Strategic Water Quality Initiative Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to ensure proper functioning of the interim remedial system and to comply with the environmental regulations necessary to protect the environment.

18. DEPARTMENT OF ENVIRONMENTAL QUALITY, MILLINGTON – One Stop Party Store – Vapor Intrusion and Remedial Investigation
File No. 777/11061.SAR - Index No. 44601

That the contract for professional services with Superior Environmental Corp., Marne; be increased $135,535.68

Purpose/Business Case
The purpose of this modification is to provide continued investigation at this site. Evidence of two existing underground storage tanks was discovered in the previous study and their removal along with contaminated soil will be overseen and documented by this phase. A pilot scale study of treatment technologies will be performed to provide basic data for the remediation design to follow. The date of completion will be December 31, 2013.
Benefit
The State will benefit by ensuring protection of the environment and complying with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in higher overall remediation cost if tanks are not removed, could result in continued exposure of building occupants to gasoline vapors, and could result in continued discharge of contamination to the environment via the roadside ditch.

REVISIONS TO CONSTRUCTION CONTRACTS

19. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE - MDOT Construction & Technology Building – Resurface Parking Lot
File No. 071/10493.RMP - Index No. 44210
Reith-Riley Construction Company, Inc., Big Rapids; CCO No. 1, Increase $61,350.00

Purpose/Business Case
The purpose of this change order is to remove and replace 573 square yards of asphalt paving. The contractor discovered soft ground and high ground water at different areas of the parking lot.
Benefit
The State will benefit by preventing cracking, extending life as well as improve parking lot surface.
Funding Source
100 % Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by MDOT Engineers. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in existing sub surface problems being left in place resulting in potential cracking and reduced life span of the new paved parking lot surface.

20. DEPARTMENT OF CORRECTIONS, YPSILANTI - Women's Huron Valley Correctional Facility - New Food Service Building
File No. 472/04262.RAN - Index No. 53104
E. L. Bailey & Company, Inc., Southfield; CCO No. 14, Increase $1,291.66

Purpose/Business Case
The purpose of this change order is to eliminate the automatic door to the dry storage room and redo the door frame, eliminate installation of the ceiling fan guards in the dining room and increase the lighting levels in the hot food preparation room.
Benefit
The State will benefit by saving money on the entry door and ceiling fans and by providing the appropriate code required lighting levels in the hot food preparation area.
Funding Source
100% State Building Authority Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the State paying for unnecessary construction and not meeting the code required lighting levels.

21. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling – Install CIED Fencing
File No. 511/09061.AGY - Index No. 21000
B & B General Contracting, Oscoda; CCO No. 2, Increase $1,921.90

Purpose/Business Case
The purpose of this change order is to provide 200 feet of additional fencing to complete the perimeter security. The original contract was for fixed quantity for fencing and the amount was 200 feet short of completely enclosing secure project area.
Benefit
The State will benefit by having the new fence enclose the entire perimeter of the project site.
Funding Source
100% Agency Operating Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in lack of a secure perimeter.

22. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, FOREST MINERALS AND FIRE MANAGEMENT – Drummond Island – South Marblehead Road
    File No. 751/09456.RAA - Index No. 74200
    Y-11012, Drummond Island Yacht Haven; CCO No. 1, Increase $9,513.69

Purpose/Business Case

The purpose of this change order is to allow use of local aggregate approved by professional testing agency in lieu of the specified aggregate which would need to be ferried to the island at an increased cost.

Benefit

The State will benefit by using local aggregate for the roadway and avoid additional costs associated with trucking and ferry service to the island.

Funding Source

100% Restricted ORV Grant Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in additional costs and delays.

AGREEMENT FOR CULTURAL RESOURCE SURVEY

23. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, VARIOUS LOCATIONS – Various Facilities – Cultural Resource Survey
    File No. 511/11367.SAR - Index No. 11400

That the agreement between the State of Michigan and Potawatomi Resource Conservation and Development (RC&D) Council, Calhoun County, Michigan be approved for $10,900.00 to perform cultural resource survey on historic facilities.

Purpose/Business Case

The purpose of this agreement is to perform project management and oversight activities necessary to perform an above-ground National Register of state-owned

Historic Places pursuant to the requirements of the National Preservation Act of 1966 (NHPA). The professional will prepare final reports and submit to the agency. Potawatomi is a 501(c) (3) not-for-profit organization with experience in cultural resource surveys.

Benefit

The State will benefit by performing evaluation and protection of cultural and historic places.

Funding Source

100% Federal - National Guard Bureau Environmental Conservation Funds

Commitment

The cost for this agreement is fixed based on that which was negotiated with Potawatomi RC&D.

Risk Assessment

Failure to approve this agreement results in not getting the professional assistance needed to perform cultural resource surveys. If the surveys are not performed, protection of historic places will not be feasible.

AMENDMENT TO AGREEMENT FOR INTEGRATED TRAINING AREA MANAGEMENT

24. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Invasive Species Removal
File No. 511/11236.SAR - Index No. 22000

That the amendment to the agreement dated May 20, 2011 between the State of Michigan and Potawatomi RC&D Council, Inc., Calhoun County, Michigan be approved for $2,860.00 to provide training needed for invasive species removal and management.

Purpose/Business Case

The purpose of this amendment to the agreement is to provide training needed for invasive species removal and management. Potawatomi RC&D is a 501(c) (3) not-for-profit organization with experience in invasive species removal and management property projects.

Benefit

The State will benefit by combating invasive species and preserve native species on training lands.

Funding Source

100% Federal - National Guard Bureau Environmental Conservation Funds

Commitment

The total cost for this agreement is fixed based on that which was negotiated with Potawatomi RC&D.

Risk Assessment
Failure to approve this amendment will result in not getting the training needed to remove and manage invasive species. If the training is not provided, the ability of the agency to combat invasive species is hampered and native species may face extinction.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Murray D. VanWagoner Building –1st Floor West Restroom Upgrades
   File No. 071/11096.JRC - Index No. 44106
   Low Responsive Bidder: HBC Contracting, Lansing; $171,520.00

Purpose/Business Case
The purpose of this contract is to modify the existing toilet rooms, including demolition of block walls, construction of new walls, and upgrades to the electrical, mechanical, plumbing, and fire suppression systems. This work will bring the toilet rooms in compliance with current accessibility standards.
Benefit
The State will benefit by complying with current accessibility standards.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in noncompliance with accessibility standards and potential violation of the Americans with Disabilities Act (ADA).

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, TRAVERSE CITY, MANISTEE, REED CITY – State Police Post Sites Group 3 – Underground Storage Tank (UST) Removal and Disposal
   File No. 071/12006.BDH - Index No. 67094
   Low Responsive Bidder: Elmer's Crane and Dozer, Inc., Traverse City; $64,902.50

Purpose/Business Case
The purpose of this contract is to remove, transport, and dispose of the USTs, contaminated soil, and groundwater, as well as restore the site paving. Vehicle

Services is discontinuing fuel dispensing at these locations, and the USTs need to be removed.

Benefit

The State will benefit by not having the USTs abandoned, in place, creating a potential environmental hazard.

Funding Source

100% Agency Operating Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in abandoning the tanks, in place, creating a potential future source of contamination.

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, PETOSKEY, GAYLORD, CHEBOYGAN – State Police Post Sties Group 2 – Underground Storage Tank (UST) Removal and Disposal
   File No. 071/12007.BDH - Index No. 67094
   Low Responsive Bidder: Elmer's Crane and Dozer, Inc., Traverse City; $61,315.75

Purpose/Business Case

The purpose of this contract is to remove, transport, and dispose of the USTs, contaminated soil, and groundwater. Restoration of site paving at the Petoskey and Gaylord site and formal closure of the UST at Cheboygan is also included. Vehicle Services is discontinuing fuel dispensing at these locations, and the USTs need to be removed.

Benefit

The State will benefit by not having the USTs abandoned, in place, creating a potential environmental hazard.

Funding Source

100% Agency Operating Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in abandoning the tanks, in place, creating a potential future source of contamination.

4. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Install Heaters - Building No. 2790
   File No. 511/11313.AGY - Index No. 22000
   Low Responsive Bidder: DM Burr Mechanical, Flint; $12,004.00

Purpose/Business Case
The purpose of this contract is to install infra-red heat in the combative building to allow the training schedule to be expanded into spring and fall.
Benefit
The State will benefit by expanding the training schedule, allowing for the ability to train more soldiers throughout the year.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the continued limited training schedule.

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Install Heaters - Building No. 2452
   File No. 511/11314.AGY - Index No. 22000
   Low Responsive Bidder: DM Burr Mechanical, Flint; $9,980.00

Purpose/Business Case
The purpose of this contract is to install a new high efficiency, forced air, furnace. The existing furnace is only 80% efficient, has a bad heat exchanger, and requires costly maintenance.
Benefit
The State will benefit by increased efficiency and reduced maintenance costs.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in higher energy and maintenance costs.

6. DEPARTMENT OF NATURAL RESOURCES, HIGHLAND TOWNSHIP -Dodge Park No. 10 – Shelter Building Roofing
   File No.751/11349.MNB - Index No. 51023
   Low Responsive Bidder: Weatherproofing Technologies, Inc., East Grand Rapids; $13,984.68

Purpose/Business Case
The purpose of this contract is to remove and replace the existing shingled roofing and decking at the shelter building. The existing roof is beyond its useful life and requires costly maintenance.
Benefit

The State will benefit by extending the life of this facility.

Funding Source

100% Agency Operating Funds

Commitment

This contract is issued pursuant to the Urban Cooperation Act of 1967 (Act 7 of 1967) allowing the State to participate in joint cooperative agreements. The National Joint Powers Alliance (NJPA) has competitively bid this job order contract. The contract cost is fixed based on unit prices contained in the base job order contract. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued high maintenance costs, potential damage to the building structure, and its contents.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, FAIRVIEW – Don's Marathon Site – Construction & Installation of Air Sparge and Soil Vapor Extraction Wells
   File No. 761/08333.SAR - Index No. 44351
   Low Responsive Bidder: ASI Environmental Technologies, Inc., Ludington; $126,386.00

Purpose/Business Case

The purpose of this contract is to install an air sparging, soil vapor extraction (AS/SVE) system, and restore the site. The contractor will lease a trailer mounted treatment system to the State, connect it to the AS/SVE system, and maintain it for one year.

Benefit

The State will benefit by removing a source of contamination and abating the environmental health hazard, protecting public health and the environment.

Funding

100% Refined Petroleum Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk

Failure to approve this contract will result in leaving known contaminated soil on site with the potential of spreading and exacerbating the contamination at this location.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF ATTORNEY GENERAL, LANSING – G. Mennen Williams Building – 2nd and 6th Floor Renovations
   File No. 111/11326.JRC - Index No. 01510
   Recommended Assignment: Mayotte Group Architects, Lansing, MI; $15,199.98

Purpose/Business Case

The purpose of this assignment is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for the addition of six offices on the 6th floor, to accommodate attorneys.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source

100% General Fund

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 9 to the discretionary contract.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

9. DEPARTMENT OF NATURAL RESOURCES, LEROY – Fred Meijer White Pine Trail – Trail Construction from LeRoy to McKinley Road in Osceola County
   File No. 751/11133.RAN - Index No. 55010
   Recommended Assignment: M. C. Smith Associates and Architectural Group, Inc., East Grand Rapids, MI; $37,489.10

Purpose/Business Case

The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for approximately 1.5 miles of the paved multi-use trail.

Benefit

The State will benefit by having professionally designed construction documents and oversight throughout the construction process.

Funding Source

59% FHWA High Priority Project Funds
26% Agency Operating Funds
15% Friends of White Pine Trail Fund

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 8 to the discretionary contract.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

10. DEPARTMENT OF ENVIRONMENTAL QUALITY, SHERIDAN – A. N. Russell & Son, Inc. Site – Remedial Investigation
    File No. 761/12009.SAR - Index No. 44901

Recommended Assignment: AECOM Technical Services, Inc., Grand Rapids; $202,775.00

Purpose/Business Case

The purpose of this assignment is to provide for remedial investigation including monitoring well installation and soil, vapor and groundwater sampling to delineate the extent of contamination resulting from a confirmed gasoline release. Treatment systems consisting of free product recovery, pump and treat system, and soil vapor extraction system were installed to address free product, soil, and groundwater contamination. However, the extent of dissolved petroleum contamination has not been sufficiently defined. The professional will prepare investigation reports to comply with environmental regulations.

Benefit

The State will benefit by investigating environmental contamination and evaluating technologies to abate the unacceptable risk to human health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number ten to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the contamination and protect the environment.

11. DEPARTMENT OF ENVIRONMENTAL QUALITY, ZILWAUKEE – 805 South Westervelt Site – Remedial Investigation
File No. 761/12010.BDH - Index No. 44601
Recommended Assignment: Soil and Material Engineers, Inc., Bay City; $53,192.00

Purpose/Business Case

The purpose of this assignment is to provide an initial site assessment investigation and interim response activities. The initial assessment will include soil borings, to determine extent of contamination, and to provide information for interim response. After this is completed, the professional will install groundwater monitor wells and soil gas monitoring points, sampling them quarterly for one year. The professional shall take groundwater level measurements, to determine groundwater migration direction, and remove free product from the wells, if encountered.

Benefit

The State will benefit by having current conditions of this leaking underground storage tank site evaluated and most of the contaminated soil removed.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 22 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in continued migration of contamination, endangering public health and the environment.

12. DEPARTMENT OF ENVIRONMENTAL QUALITY, SOUTH HAVEN – Clark Store No. 1126 Site – Oversight of Contaminated Soil Excavation
    File No. 761/12011.BDH - Index No. 44501
    Recommended Assignment: Gannett Fleming of Michigan, Inc., Plymouth; $45,761.93

Purpose/Business Case

The purpose of this assignment is to provide bidding documents and excavation oversight of contaminated soils at this former gasoline retailer. The professional shall direct the excavation activity so that only significantly impacted soil is removed and obtain confirmation soil samples, as required by the agency, document the effort, and provide a summary report.

Benefit

The State will benefit by having the contaminated soil removed, allowing for immediate redevelopment of the site.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 14 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in continued migration of contamination, endangering public health and the environment.

13. DEPARTMENT OF ENVIRONMENTAL QUALITY, SUMNER – Welsons Grocery Site – Remedial Investigation
    File No. 761/12012.SAR - Index No. 44801
    Recommended Assignment: AECOM Technical Services, Inc., Grand Rapids; $31,300.00

Purpose/Business Case

The purpose of this assignment is to provide remedial investigation including soil, groundwater, and vapor intrusion sampling to delineate the extent of contamination

resulting from a confirmed UST release. The professional will prepare investigation reports to comply with environmental regulations.

Benefit

The State will benefit by investigating the environmental contamination and evaluate abatement technologies.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eleven to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and effectively abate the unacceptable risk to human health and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

14. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE - Various Buildings, State Secondary Complex - Building Automation System HVAC Upgrades
File No. 071/10098.JNS - Index No. 02031

That the contract for professional services with Byce and Associates, Inc., Kalamazoo, be increased $9,995.53

Purpose/Business Case

The purpose of this modification is to provide bulletin documents for contractor pricing to remove and replace the existing pneumatic humidifiers at the MDOT Construction and Technology Building, and for the addition of three (3) control valves on existing chilled water coils, at the Michigan State Police Training Academy.

Benefit

The State will benefit by having professionally prepared bulletin documents for the construction contractor to provide change order pricing, as well as direction for proposed changes in the work.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for contractor pricing of this work.

15. DEPARTMENT OF HUMAN SERVICES, Escanaba – Bay Pines Center – Installation of Closed Circuit Television System
File No. 431/09179.JNS - Index No. 53302

That the contract for professional services with Byce and Associates, Inc., Kalamazoo, be increased $11,485.49

Purpose/Business Case
The purpose of this modification is to provide for additional construction administration services due to construction delays beyond the originally scheduled completion date through no fault of the Professional. Additional Construction Administration Services are being required to assure work is being completed in accordance with the requirements of the contract documents.
Benefit
The State will benefit by having the professional service contractor continue administering the contract, through completion, and controlling the quality of the contractor's work.
Funding Source
100% State Building Authority Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the quality control services through completion of the project.

16. DEPARTMENT OF TRANSPORTATION, PONTIAC - Pontiac Transportation Terminal - New Rail and Bus Passenger Transportation Terminal Building
File No. 591/09209.RAN - Index No. 30125

That the contract for professional services with Mitchell & Mouat Architects, Inc., Ann Arbor, be increased $13,613.34

Purpose/Business Case
The purpose of this modification is to provide additional construction oversight. Issues with the contractor required more oversight than initially planned.
Benefit
The State will benefit by having the terminal building construction overseen and monitored throughout the duration of the project.
Funding Source
100% Comprehensive Transportation Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in the State not obtaining quality control services, through completion of the project.

REVISIONS TO CONSTRUCTION CONTRACTS

17. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Building – Exterior Wall Repair and Storage Build-Out
File No. 071/10393.JNS - Index No. 44315
Daniels Building Company, Inc., Brighton; CCO No. 4, Increase $60,361.00

Purpose/Business Case
The purpose of this change order is to repave the existing visitor's parking lot. Improvements would include removal of the existing, saturated, and poor quality subgrade materials, installation of drainage, a new sand sub-base and gravel base, new asphalt paving, as well as new concrete sidewalk, curb, and striping.
Benefit
The State will benefit by replacing the visitor's parking lot, which has deteriorated to a point where repairs are no longer feasible and where deterioration is creating a safety hazard to persons visiting this facility.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in leaving the visitor's parking lot beyond repair, presenting a potential hazard to visitors.

18. DEPARTMENT OF CORRECTIONS, YPSILANTI - Women's Huron Valley Correctional Facility - New Food Service Building
File No. 472/04262.RAN - Index No. 53204
E. L. Bailey & Company, Inc., Southfield; CCO No. 15, Incr. $3,043.98

Purpose/Business Case
The purpose of this change order is to replace the vacuum breaker on the food service hose reel with a continuous pressure spill resistant breaker and to provide electrical service to the steam condensate pumps. This work is required to ensure proper operation of the equipment.
Benefit
The State will benefit by having equipment that operates properly and serves the needs of the food service building.
Funding Source

100% State Building Authority Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the food service cleaning equipment and the steam condensate return being inoperable.

19. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, WYOMING, GRAND LEDGE, AND MONTAUGUE ARMORIES – Maintenance Shop Repairs – West Michigan
    File No. 511/10340.MNB - Index No. 26000
    Bultsma Construction, Byron Center; CCO No. 4, Increase $2,831.55

Purpose/Business Case

The purpose of this change order is to add new light fixtures, rewire the vehicle exhaust reel motor, repair a roof membrane, and repair a concrete step.

Benefit

The State will benefit by having added light in the break room, the new motor will be able to pull the exhaust reel more efficiently, reduced roof maintenance, and the concrete step will provide better safety conditions.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in having insufficient lighting in the break room, the exhaust reel will not be able to pull the pipe, and not repairing the roof will lead to future water leaks.

20. DEPARTMENT OF TRANSPORTATION, NILES – Niles Maintenance Garage – Site Paving
    File No. 591/07302.AGY - Index No. 58508
    Rieth-Riley Construction Company, Inc, Big Rapids; CCO No. 1, Increase $97,600.00

Purpose/Business Case

The purpose of this change order is to increase the amount of site pavement being removed and replaced, based on available funding. The original contract came in under budget, allowing for this increase.

Benefit

The State will benefit by using the available funds to replace more of the existing pavement that has reached its service life and currently requires increased, costly maintenance.

Funding Source:

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment:

Failure to approve this change order will result in available funds being lost, only a portion of the existing site paving to be replaced, and increased maintenance costs.

21. DEPARTMENT OF ENVIRONMENTAL QUALITY, LAKE ODESSA – Gene Carr Gas Station Site – Free Product Removal
File No. 761/10126.SAR - Index No. 44901
Valley City Environmental Services, Grand Rapids; CCO No. 1, Increase $27,530.00

Purpose/Business Case

The purpose of this change order is to provide continued vacuuming events for the removal and disposal of petroleum free product and contaminated groundwater. The site requires environmental abatement in order to comply with environmental regulations. Removal of the free product and heavily contaminated groundwater will control the spread of contamination.

Benefit

The State will benefit by abating the environmental hazards, protecting the environment and preventing the continued spreading of contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the spread of contamination, violating environmental regulations, and a substantial threat to the public health and environment.

CONTRACT CHANGE ORDER

22. DEPARTMENT OF TECHNOLOGY MANAGEMENT & BUDGET, LANSING - CCO No. 2 for Lease No. 11192 approved by the State Administrative Board on

September 5, 2006, between GTB Properties, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget as Lessee. This CCO provides for labor and materials to install two new electrical circuits at a cost not to exceed $913.00. The space is located at 5511 Enterprise Dr., Lansing, MI 48911.

Purpose/Business Case

The purpose of this CCO is to install two new electrical circuits plus related conduit running from the main electrical panel.

Benefit

This CCO allows the agency to increase the number of active computer workstations each technician can support, which will improve the ability to prepare computer systems for end users and maximize efficient use of staff time.

Funding Source

100% Restricted Funds (Inter-Departmental Grant)

Commitment

Present through December 31, 2016; however, this Lease contains a standard cancellation clause with 90 days notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from expanding computer servicing capacity as needed to keep up with end user computer needs.

A G E N D A

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

October 12, 2010 / October 19, 2010
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

Approval of the items on this agenda authorizing expenditures in the fiscal year beginning October 1, 2010 and ending on September 30, 2011 are contingent upon the enactment of appropriations for the fiscal year beginning October 1, 2010 and ending on September 30, 2011.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS SITE LOCATIONS - Various Buildings - Structural / Rooftop Fall Protection
   File No. 071/03420.JNS - Index Nos. 43000
   That the contract for professional services with LJB, Inc., Okemos, be increased $66,100.00 on a lump sum fee basis plus reimbursables, to provide assistance in the development of a facility wide fall protection policy and to provide fall protection equipment inspections at all DTMB owned and managed buildings, where fall restraint and fall arrest systems have been installed

Purpose/Business Case
The purpose of this modification is to provide assistance in the development and preparation of a facility wide fall protection policy and to provide professional architectural/engineering services to complete annual fall protection equipment inspections at all DTMB owned and managed buildings, where fall restraint and fall arrest systems have been installed.
Benefit
The State will benefit by having a written, facility wide fall protection policy and by having the existing fall restraint and fall arrest systems inspected, as required under the MIOSHA and International Window Cleaning Standards.
Funding Source
100% Building Occupancy Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in delays to DTMB's development of a comprehensive fall protection policy and will result in fall arrest and fall restraint systems not being inspected for compliance with MIOSHA and International Window Cleaning Fall Protection Standards.

Zip Code
Various

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, YPSILANTI AND MT. CLEMENS – Washtenaw Armory and Selfridge Air National Guard Bases - Michigan Maintenance Shops Repairs, Eastern Michigan
   File No. 511/10104.MNB – Index No. 26000
   That the contract for professional services with Partners in Architecture, Mount Clemens, be increased $140,971.80 on an hourly basis times a multiplier of 2.65 plus reimbursables, to provide engineering and architectural services.

Purpose/Business Case
The purpose of this modification is to provide additional professional services to separate the project into four bid packages in lieu of one. Work under this modification also includes design services for a new 4,300 sq. ft. service bay at the Washtenaw Armory, modifications to the main hanger ventilation, lighting, air, and water service systems at Selfridge Building No. 1416, and a new, environmentally controlled, storage building, as well as modifications to eye wash equipment, and the perimeter parking area.
Benefit
The State will benefit by having professionally prepared plans and specifications for the competitive construction bid process and contract administration services through construction.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursable. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining documents required for the competitive bidding process.
Zip Code
48197 and 48045

MODIFICATION TO PROJECT MANAGEMENT CONTRACTS

3. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE –Woodland Correctional Facility – Maxey Site Facility Transition
   File No. 472/09169.EEW - Index No. 53330
   That the contract for professional services with Clark Construction, Lansing, be increased $862,806.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, for modifications to the Heating, Ventilation, and Air Conditioning system at the Green Oaks Center, installation of a TSI-PRISM Tracking/ Man Down system at Green Oaks, installation of a new Site Sewage Lift Station, and additional professional construction management services to include increased construction and project management fees.

Purpose/Business Case
The purpose of this modification is to increase the efficiency of the HVAC system, to replace the old and unsafe site sewage lift station and to install a new student and staff Tracking and Man Down system. The cost also includes a corresponding increase in the construction and project management fees to oversee the construction.
Benefit
The State will benefit by reducing maintenance and energy costs, decreasing the potential of a lift station failure, and ensuring the W.J. Maxey Training School is in compliance with the latest Federal Department of Juvenile Justice Guidelines and Regulations for the housing of juvenile offenders.
Funding Source
91.9% SBA Funds (SFP–III)
8.1% Special Maintenance Funds (GF/GP)
Commitment
The contract cost is based on competitive bids taken by the Construction Manager. The amount of these changes is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the Department of Human Services having to continue to house the students in the Woodland Center, violating the Federal Department of Juvenile Justice Guidelines and Regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

4. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Health Care Package
   File No. 472/08363.EEW - Index No. 53309
   E & L Construction Group, Flint; CCO No. 5, Incr. $168,602.22

Purpose/Business Case
The purpose of this change order is to extend the contract Substantial Completion date from January 29, 2010, to November 19, 2010. The original contract was issued based on the facility being unoccupied; however, after the contract was awarded, DOC made the decision to move the female prisoners into the facility with the work in progress. This severely limited the contactor's access to buildings and areas were the work was to occur. Also included in this contract change order is the construction of three masonry walls, in lieu of the drywall partitions, shown on the original plans.
Benefit
The State will benefit by ensuring compliance with State Building Codes, and the American Correction Association Standards for health care in prisons that house females, as well as increasing the safety and the operational efficiency of the facility.
Funding Source
100% State Building Authority
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this change order will result in the facility not meeting the State's Building and Life/Safety Code, resulting in the Bureau of Construction Codes not issuing Occupancy Permits for those areas under renovation and not meeting the American Correction Association Standards for health care in prisons that house females.

Zip Code

48197

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge Armory Aviation Support Facility – Parking Improvements
   File No. 511/09172.AGY - Index No. 13992
   MacKenzie Env. Svcs, Inc./E.T. MacKenzie Co., Grand Ledge; CCO No. 4, Incr. $29,167.40

Purpose/Business Case

The purpose of this change order is to adjust contract unit price quantities to match actual site measured quantities, provide cold weather concrete additives, and the use of cold weather blankets to assure proper curing.

Benefit

The State will benefit by properly compensating the contractor for actual field quantities and having the concrete placed according to industry standards for cold weather work.

Funding Source

100% Federal Funds.

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in a parking lot that doesn't meet standards needed for military parking compounds.

48837

RECOMMENDATION FOR APPROVAL OF QUITCLAIM DEED THE CITY OF FENTON AND TOWNSHIP OF FENTON TO DISCHARGE AN INTEREST OF RECORD PURSUANT TO 1947 PA 31 §1, MCL 565.131

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, for property located in Genesee County, Michigan

Purpose/Business Case

The purpose of this recommendation is to correct the Genesee County Register of Deeds Records regarding property located in City of Fenton, County of Genesee, State of Michigan (Supervisor's Plat No. 15 Lot 11), in which records the State appears to have an interest. The DNRE, however, has no record of this property in its inventory. DNRE has concluded that the property was conveyed out by DNRE's predecessor before 1949 but the deed was never recorded. Neither the City of Fenton nor the

Township of Fenton can locate their records showing how their ownership was acquired, but both have been treating the property as jointly owned by them since at least 1967. They have requested that the State clear their title to the property.

The State Administrative Board has authority to discharge recorded claims of interest in land in favor of the State of Michigan in which the State claims no interest, and which no other State entity is authorized by law to discharge, pursuant to 1947 PA 31 § 1, MCL 565.131. Neither the DNRE nor any other State agency is authorized to issue a deed to clear title in this situation.

Benefit

The State will benefit by clearing title to property in which it has no interest. This will avoid confusion stemming from the public records as to the true parties of interest in the property.

Funding Source

N/A

Commitment

N/A

Risk Assessment

Failure to approve this conveyance will result in the perpetuation of incorrect information in the Genesee County Register of Deeds records and continued confusion to the public as to true parties of interest in the property.

RESOLUTIONS

7. Resolution of the State Administrative Board Approving a Construction and Completion Assurance Agreement, a Conveyance of Property and a Lease for the West Shore Community College Arts and Sciences Center/Remodeling and Additions

Legislative Background

Project	Public Act	Total Cost	SBA Share	College / University Share	GF/GP Share	Concurrent Resolution	Date Approved
West Shore CC Arts and Sciences Center	PA64 of 2009	$ 6,900,000	$ 3,499,800	$ 3,450,000	$ 200	SCR 46 of 2010	9/23/2010

Purpose/Business Case

The purpose of this resolution is to approve the form of the Construction and Completion Assurance Agreement between the State Building Authority, State of Michigan, and West Shore Community College, the conveyance of the facility to the Authority, and the form of the lease. The State Building Authority is the State's primary capital outlay funding mechanism for projects that would otherwise be paid for by the General Fund.

Benefit

The approval of this resolution will allow the State Building Authority to finance the Authority's share of the project with short-term commercial paper notes.

Funding Source/ Commitment Level & Zip Code

Short-term commercial paper notes will initially finance the Authority's share of the project through the acquisition/construction/renovation phase of the project. At completion, the short-term notes will be refinanced with long-term bonds, usually outstanding 15-17 years. The debt service on the bonds will be paid from the annual rental, appropriated annually from the General Fund. At this time, only a rental range has been determined. The annual rental will be within or below this range.

West Shore Community College Arts and Sciences Center/Remodeling and Additions
$237,000 - $309,000
Zip Code: 49454

Risk Assessment

Without approval of this resolution, the project cannot be bonded and cannot be conveyed to the SBA.

Description of Change

Professional services for:

Per request from DMVA, provide plans and specification for the following:
1.At Washtenaw National Guard Armory, add site planning to the HETS vehicles service area for proper circulation, new bay plan layout for a new 4300 SF service bay building.
2.At Selfridge AASF Building #1416, install new main hanger heating and ventilation system modification, retrofit current electrical services outlets to include code required GFI outlets, provide interior renovation for safety including overhead service doors, emergency and egress lighting per code, egress corridors and wall construction at second floor.
3.At Selfridge FMS 22 Building # 1492 provide plans for local infiltration and tempting to emergency eye wash, retrofit existing electrical outlets to comply with code, provide additional services and construction to include the deluge air system at the vehicle service area.

Include all details and phase breakdown as in Partners In Architecture, PLC proposal dated 6/30/2010.
Note: The project original RFP was one package inclusive of all 5 facilities. This modification will expand it into four packages to include the 3 facilities listed above.

NOTICE TO CONTRACTOR: A. This CONTRACT serves as official notice that the State of Michigan will enter into a contract for the service or work described below and performed under the conditions of the respective CONTRACT. The order will not become effective until such a contract is executed. (AUTHORITY: 1984 PA31). B. The order number, account number, and name must be referenced when submitting billings for or correspondence about this order. C. A request for payment for service or work, either partial or final, must be submitted on a Payment Request form (DMB-440). The payment request must be appropriately supported in sufficient detail to explain and justify the amount requested. D. A CONTRACT CHANGE ORDER (DMB-403) must be approved and processed before payment will be made in excess of the amount(s) indicated. *No payment can be processed without federal identification or social security numbers.

This Change Order: **0005**

Total number of CCOs: **5**

Description of Service or Work

Original Contract Amount		Previous CCOs	CCO #		This CCO	CCO #
$888,650.00	+	($16,436.14)	0001	+	$168,602.22	0005
		$39,626.28	0002			
		$21,608.83	0003			
		$83,572.05	0004			
		$128,371.02				

Full Change Order

1. Extending the Substantial Completion date from January 29, 2010 to November 19, 2010. (Incr. $162,008.02)
2. Addition of block walls in Bldg K; Rm's 101, 102 and 103 (Incr. $6,595.08)

Reason For Change

1. The contract was extended based on the change in contract conditions from a non occupied facility to an occupied facility. This limited the contractor's ability to schedule the work in an efficient and economical manner. Additional delays were the result of DOC changing the scope of the work which required redesigning the new dental area and the MSI Dental Lab.
2. Change drywall partitions to masonry walls.

Financial Notes

Extended General Conditions and changing the Substantial Completion date to November 19, 2010. Also adds a block wall in Bldg K.

ITEM #7

RESOLUTION OF THE STATE ADMINISTRATIVE BOARD APPROVING A CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT, A CONVEYANCE OF PROPERTY AND A LEASE FOR THE WEST SHORE COMMUNITY COLLEGE ARTS AND SCIENCES CENTER/ REMODELING AND ADDITIONS

A RESOLUTION of the State Administrative Board (i) approving (a) a form of construction and completion assurance agreement (the "Construction Agreement") among the State Building Authority (the "Authority"), the State of Michigan (the "State") and West Shore Community College, a Michigan constitutional body corporate (the "Educational Institution"), providing for the rights, duties and obligations of the Authority, the State and the Educational Institution, with respect to the West Shore Community College Arts and Sciences Center/Remodeling and Additions (the "Facility") during the construction, renovation and/or equipping of the Facility and prior to the conveyance of the Facility to the Authority, (b) the conveyance of the Facility to the Authority, and (c) a form of lease (the "Lease"), among the Authority, the State and the Educational Institution, for the purpose of leasing the Facility to the State and the Educational Institution, and (ii) providing for other related matters.

WHEREAS, the Authority has been incorporated under Act No. 183, Public Acts of Michigan, 1964, as amended ("Act 183"), for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963 (the "State Constitution"), or any of its agencies;

WHEREAS, the Educational Institution has been created pursuant to Sections 4 and 7 of Article 8 of the State Constitution;

WHEREAS, the State and the Educational Institution desire that the Authority finance the acquisition, construction, renovation and/or equipping of the Facility in consideration of (i) the State and the Educational Institution granting a license to the Authority to enter upon the site of the Facility (the "Site") in order to undertake such construction, renovation and/or equipping, (ii) the State or the Educational Institution undertaking on behalf of the Authority the oversight

of such construction, renovation and/or equipping and (iii) the State and the Educational Institution conveying the Facility to the Authority on or prior to the date of its completion, and the Authority is willing to provide such financing in consideration of the items described above;

WHEREAS, in accordance with the Construction Agreement, the State and the Educational Institution desire that the Authority acquire the Facility on or prior to the date of its completion and lease it to the State and the Educational Institution, and the Authority is willing to acquire the Facility and lease it to the State and the Educational Institution;

WHEREAS, (i) the Site is presently owned by the Educational Institution, (ii) the Facility will be constructed by the State or the Educational Institution, and (iii) it is intended that the Site be conveyed to the Authority by the Educational Institution, and that the Facility be conveyed by the Educational Institution to the Authority as acquired;

WHEREAS, Section 5 of Act 183 provides that the State and the Educational Institution may convey property to the Authority with the prior approval of, as applicable, the governing bodies of the Educational Institution, the State Administrative Board and the Legislature of the State by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House;

WHEREAS, the acquisition of the Facility by the Authority for lease to the State and the Educational Institution is necessary in order for the State and the Educational Institution to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the State Constitution and law, and the use of Act 183 to accomplish such acquisition represents the most practical means to that end at the lowest cost to the State and the Educational Institution;

WHEREAS, the Construction Agreement and the Lease have been prepared in substantially final form and are attached; and

WHEREAS, Section 7 of Act 183 provides that the Lease shall be approved by the State Administrative Board and by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House and, if a Lease is for an institution of higher education existing or created pursuant to Section 4, 5, 6 or 7 of Article 8 of the State

Constitution, then in addition, such Lease shall be approved by the institution of higher education and signed by its authorized officers;

NOW, THEREFORE, BE IT RESOLVED BY THE STATE ADMINISTRATIVE BOARD OF THE STATE OF MICHIGAN THAT:

1. The plans for the Facility, as filed with the State, are approved.

2. The form of the Construction Agreement is approved, and the Governor and Secretary of State of the State are authorized to execute and deliver the Construction Agreement for and on behalf of the State, with such changes and corrections which are not materially adverse to the State.

3. The conveyance to the Authority of the Site and the Facility, as constructed and acquired, is approved.

4. The form of the Lease is approved and, after the determination and approval of the annual true rental in accordance with Section 5 hereof, the Governor and Secretary of State of the State are authorized to execute and deliver the Lease for and on behalf of the State as provided by Act 183, with such changes and corrections which are not materially adverse to the State.

5. It is hereby determined that the economic or market value to the State of the Facility shall be within or below the range of $237,000 and $309,000 as shall reflect variations that may occur in the components upon which the appraisal of true rental was based, which amount shall be certified by the appraiser and thereafter approved by the State Administrative Board and the Authority as authorized by Act 183 and shall be payable each year of the Lease for a term not exceeding 40 years. Such amount shall be the annual true rental determined by the State Administrative Board by the appraisal made for the Facility for the State and the Authority by Integra Realty Resources-Detroit, using such commonly employed procedures as fairly determine the economic or market value of the Facility, without taking into account the right of the Educational Institution or the State to acquire title to the Facility without further payment upon termination of the corresponding Lease. The State further confirms its obligations to pay rent and perform the other duties and obligations specified in the Lease and that such obligations do not depend upon the passage of title to the Facility to the Educational Institution or the State

without consideration, and the State Administrative Board represents that it would approve the execution and delivery of the Lease even if title to the Facility would not pass upon termination of the Lease.

6. This Resolution shall be immediately effective.

APPROVED AND ADOPTED:

Date: October 19, 2010

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

October 12, 2010 / October 19, 2010
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS SITE LOCATIONS - Various Buildings - Structural / Rooftop Fall Protection
   File No. 071/03420.JNS - Index Nos. 43000
   That the contract for professional services with LJB, Inc., Okemos, be increased $66,100.00 on a lump sum fee basis plus reimbursables, to provide assistance in the development of a facility wide fall protection policy and to provide fall protection equipment inspections at all DTMB owned and managed buildings, where fall restraint and fall arrest systems have been installed

Purpose/Business Case
The purpose of this modification is to provide assistance in the development and preparation of a facility wide fall protection policy and to provide professional architectural/engineering services to complete annual fall protection equipment inspections at all DTMB owned and managed buildings, where fall restraint and fall arrest systems have been installed.
Benefit
The State will benefit by having a written, facility wide fall protection policy and by having the existing fall restraint and fall arrest systems inspected, as required under the MIOSHA and International Window Cleaning Standards.
Funding Source
100% Building Occupancy Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in delays to DTMB's development of a comprehensive fall protection policy and will result in fall arrest and fall restraint systems not being inspected for compliance with MIOSHA and International Window Cleaning Fall Protection Standards.
Zip Code
Various

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, YPSILANTI AND MT. CLEMENS – Washtenaw Armory and Selfridge Air National Guard Bases - Michigan Maintenance Shops Repairs, Eastern Michigan

File No. 511/10104.MNB – Index No. 26000
That the contract for professional services with Partners in Architecture, Mount Clemens, be increased $140,971.80 on an hourly basis times a multiplier of 2.65 plus reimbursables, to provide engineering and architectural services.

Purpose/Business Case
The purpose of this modification is to provide additional professional services to separate the project into four bid packages in lieu of one. Work under this modification also includes design services for a new 4,300 sq. ft. service bay at the Washtenaw Armory, modifications to the main hanger ventilation, lighting, air, and water service systems at Selfridge Building No. 1416, and a new, environmentally controlled, storage building, as well as modifications to eye wash equipment, and the perimeter parking area.
Benefit
The State will benefit by having professionally prepared plans and specifications for the competitive construction bid process and contract administration services through construction.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursable. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining documents required for the competitive bidding process.
Zip Code
48197 and 48045

MODIFICATION TO PROJECT MANAGEMENT CONTRACTS

3. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE –Woodland Correctional Facility – Maxey Site Facility Transition
File No. 472/09169.EEW - Index No. 53330
That the contract for professional services with Clark Construction, Lansing, be increased $862,806.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, for modifications to the Heating, Ventilation, and Air Conditioning system at the Green Oaks Center, installation of a TSI-PRISM Tracking/ Man Down system at Green Oaks, installation of a new Site Sewage Lift Station, and additional professional construction management services to include increased construction and project management fees.

Purpose/Business Case
The purpose of this modification is to increase the efficiency of the HVAC system, to replace the old and unsafe site sewage lift station and to install a new student and staff Tracking and Man Down system. The cost also includes a corresponding increase in the construction and project management fees to oversee the construction.

Benefit
The State will benefit by reducing maintenance and energy costs, decreasing the potential of a lift station failure, and ensuring the W.J. Maxey Training School is in compliance with the latest Federal Department of Juvenile Justice Guidelines and Regulations for the housing of juvenile offenders.
Funding Source
91.9% SBA Funds (SFP–III)
8.1% Special Maintenance Funds (GF/GP)
Commitment
The contract cost is based on competitive bids taken by the Construction Manager. The amount of these changes is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the Department of Human Services having to continue to house the students in the Woodland Center, violating the Federal Department of Juvenile Justice Guidelines and Regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

4. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Health Care Package
   File No. 472/08363.EEW - Index No. 53309
   E & L Construction Group, Flint; CCO No. 5, Incr. $168,602.22

Purpose/Business Case
The purpose of this change order is to extend the contract Substantial Completion date from January 29, 2010, to November 19, 2010. The original contract was issued based on the facility being unoccupied; however, after the contract was awarded, DOC made the decision to move the female prisoners into the facility with the work in progress. This severely limited the contactor's access to buildings and areas were the work was to occur. Also included in this contract change order is the construction of three masonry walls, in lieu of the drywall partitions, shown on the original plans.
Benefit
The State will benefit by ensuring compliance with State Building Codes, and the American Correction Association Standards for health care in prisons that house females, as well as increasing the safety and the operational efficiency of the facility.
Funding Source
100% State Building Authority
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the facility not meeting the State's Building and Life/Safety Code, resulting in the Bureau of Construction Codes not issuing Occupancy Permits for those areas under renovation and not meeting the American Correction Association Standards for health care in prisons that house females.
Zip Code
48197

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge Armory Aviation Support Facility – Parking Improvements
File No. 511/09172.AGY - Index No. 13992
MacKenzie Env. Svcs, Inc./E.T. MacKenzie Co., Grand Ledge; CCO No. 4, Incr. $29,167.40

Purpose/Business Case
The purpose of this change order is to adjust contract unit price quantities to match actual site measured quantities, provide cold weather concrete additives, and the use of cold weather blankets to assure proper curing.
Benefit
The State will benefit by properly compensating the contractor for actual field quantities and having the concrete placed according to industry standards for cold weather work.
Funding Source
100% Federal Funds.
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a parking lot that doesn't meet standards needed for military parking compounds.
Zip Code
48837

RECOMMENDATION FOR APPROVAL OF QUITCLAIM DEED THE CITY OF FENTON AND TOWNSHIP OF FENTON TO DISCHARGE AN INTEREST OF RECORD PURSUANT TO 1947 PA 31 §1, MCL 565.131

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, for property located in Genesee County, Michigan

Purpose/Business Case
The purpose of this recommendation is to correct the Genesee County Register of Deeds Records regarding property located in City of Fenton, County of Genesee, State of Michigan (Supervisor's Plat No. 15 Lot 11), in which records the State appears to have an interest. The DNRE, however, has no record of this property in its inventory. DNRE has concluded that the property was conveyed out by DNRE's predecessor before 1949 but the deed was never recorded. Neither the City of Fenton nor the Township of Fenton can locate their records showing how their ownership was acquired, but both have been treating the property as jointly owned by them since at least 1967. They have requested that the State clear their title to the property.

The State Administrative Board has authority to discharge recorded claims of interest in land in favor of the State of Michigan in which the State claims no interest, and which no other State entity is authorized by law to discharge, pursuant to 1947 PA 31 § 1, MCL

565.131. Neither the DNRE nor any other State agency is authorized to issue a deed to clear title in this situation.

Benefit

The State will benefit by clearing title to property in which it has no interest. This will avoid confusion stemming from the public records as to the true parties of interest in the property.

Funding Source

N/A

Commitment

N/A

Risk Assessment

Failure to approve this conveyance will result in the perpetuation of incorrect information in the Genesee County Register of Deeds records and continued confusion to the public as to true parties of interest in the property.

RESOLUTIONS

7. Resolution of the State Administrative Board Approving a Construction and Completion Assurance Agreement, a Conveyance of Property and a Lease for the West Shore Community College Arts and Sciences Center/Remodeling and Additions

Legislative Background

Project	Public Act	Total Cost	SBA Share	College / University Share	GF/GP Share	Concurrent Resolution	Date Approved
West Shore CC Arts and Sciences Center	PA64 of 2009	$ 6,900,000	$ 3,499,800	$ 3,450,000	$ 200	SCR 46 of 2010	9/23/2010

Purpose/Business Case

The purpose of this resolution is to approve the form of the Construction and Completion Assurance Agreement between the State Building Authority, State of Michigan, and West Shore Community College, the conveyance of the facility to the Authority, and the form of the lease. The State Building Authority is the State's primary capital outlay funding mechanism for projects that would otherwise be paid for by the General Fund.

Benefit

The approval of this resolution will allow the State Building Authority to finance the Authority's share of the project with short-term commercial paper notes.

Funding Source/ Commitment Level & Zip Code

Short-term commercial paper notes will initially finance the Authority's share of the project through the acquisition/construction/renovation phase of the project. At completion, the short-term notes will be refinanced with long-term bonds, usually outstanding 15-17 years. The debt service on the bonds will be paid from the annual

rental, appropriated annually from the General Fund. At this time, only a rental range has been determined. The annual rental will be within or below this range.
West Shore Community College Arts and Sciences Center/Remodeling and Additions
$237,000 - $309,000
Zip Code: 49454

Risk Assessment

Without approval of this resolution, the project cannot be bonded and cannot be conveyed to the SBA.

Description of Change

Professional services for:

Per request from DMVA, provide plans and specification for the following:
1.At Washtenaw National Guard Armory, add site planning to the HETS vehicles service area for proper circulation, new bay plan layout for a new 4300 SF service bay building.
2.At Selfridge AASF Building #1416, install new main hanger heating and ventilation system modification, retrofit current electrical services outlets to include code required GFI outlets, provide interior renovation for safety including overhead service doors, emergency and egress lighting per code, egress corridors and wall construction at second floor.
3.At Selfridge FMS 22 Building # 1492 provide plans for local infiltration and tempting to emergency eye wash, retrofit existing electrical outlets to comply with code, provide additional services and construction to include the deluge air system at the vehicle service area.

Include all details and phase breakdown as in Partners In Architecture, PLC proposal dated 6/30/2010.
Note: The project original RFP was one package inclusive of all 5 facilities. This modification will expand it into four packages to include the 3 facilities listed above.

Total number of CCOs: **5**

Description of Service or Work

Original Contract Amount		Previous CCOs	CCO #		This CCO	CCO #
$888,650.00	+	($16,436.14)	0001	+	$168,602.22	0005
		$39,626.28	0002			
		$21,608.83	0003			
		$83,572.05	0004			
		$128,371.02				

Full Change Order

1. Extending the Substantial Completion date from January 29, 2010 to November 19, 2010. (Incr. $162,008.02)
2. Addition of block walls in Bldg K; Rm's 101, 102 and 103 (Incr. $6,595.08)

Reason For Change

1. The contract was extended based on the change in contract conditions from a non occupied facility to an occupied facility. This limited the contractor's ability to schedule the work in an efficient and economical manner. Additional delays were the result of DOC changing the scope of the work which required redesigning the new dental area and the MSI Dental Lab.
2. Change drywall partitions to masonry walls.

Financial Notes

Extended General Conditions and changing the Substantial Completion date to November 19, 2010. Also adds a block wall in Bldg K.

ITEM #7

RESOLUTION OF THE STATE ADMINISTRATIVE BOARD APPROVING A CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT, A CONVEYANCE OF PROPERTY AND A LEASE FOR THE WEST SHORE COMMUNITY COLLEGE ARTS AND SCIENCES CENTER/ REMODELING AND ADDITIONS

A RESOLUTION of the State Administrative Board (i) approving (a) a form of construction and completion assurance agreement (the "Construction Agreement") among the State Building Authority (the "Authority"), the State of Michigan (the "State") and West Shore Community College, a Michigan constitutional body corporate (the "Educational Institution"), providing for the rights, duties and obligations of the Authority, the State and the Educational Institution, with respect to the West Shore Community College Arts and Sciences Center/Remodeling and Additions (the "Facility") during the construction, renovation and/or equipping of the Facility and prior to the conveyance of the Facility to the Authority, (b) the conveyance of the Facility to the Authority, and (c) a form of lease (the "Lease"), among the Authority, the State and the Educational Institution, for the purpose of leasing the Facility to the State and the Educational Institution, and (ii) providing for other related matters.

WHEREAS, the Authority has been incorporated under Act No. 183, Public Acts of Michigan, 1964, as amended ("Act 183"), for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963 (the "State Constitution"), or any of its agencies;

WHEREAS, the Educational Institution has been created pursuant to Sections 4 and 7 of Article 8 of the State Constitution;

WHEREAS, the State and the Educational Institution desire that the Authority finance the acquisition, construction, renovation and/or equipping of the Facility in consideration of (i) the State and the Educational Institution granting a license to the Authority to enter upon the site of the Facility (the "Site") in order to undertake such construction, renovation and/or equipping, (ii) the State or the Educational Institution undertaking on behalf of the Authority the oversight

of such construction, renovation and/or equipping and (iii) the State and the Educational Institution conveying the Facility to the Authority on or prior to the date of its completion, and the Authority is willing to provide such financing in consideration of the items described above;

WHEREAS, in accordance with the Construction Agreement, the State and the Educational Institution desire that the Authority acquire the Facility on or prior to the date of its completion and lease it to the State and the Educational Institution, and the Authority is willing to acquire the Facility and lease it to the State and the Educational Institution;

WHEREAS, (i) the Site is presently owned by the Educational Institution, (ii) the Facility will be constructed by the State or the Educational Institution, and (iii) it is intended that the Site be conveyed to the Authority by the Educational Institution, and that the Facility be conveyed by the Educational Institution to the Authority as acquired;

WHEREAS, Section 5 of Act 183 provides that the State and the Educational Institution may convey property to the Authority with the prior approval of, as applicable, the governing bodies of the Educational Institution, the State Administrative Board and the Legislature of the State by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House;

WHEREAS, the acquisition of the Facility by the Authority for lease to the State and the Educational Institution is necessary in order for the State and the Educational Institution to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the State Constitution and law, and the use of Act 183 to accomplish such acquisition represents the most practical means to that end at the lowest cost to the State and the Educational Institution;

WHEREAS, the Construction Agreement and the Lease have been prepared in substantially final form and are attached; and

WHEREAS, Section 7 of Act 183 provides that the Lease shall be approved by the State Administrative Board and by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House and, if a Lease is for an institution of higher education existing or created pursuant to Section 4, 5, 6 or 7 of Article 8 of the State

Constitution, then in addition, such Lease shall be approved by the institution of higher education and signed by its authorized officers;

NOW, THEREFORE, BE IT RESOLVED BY THE STATE ADMINISTRATIVE BOARD OF THE STATE OF MICHIGAN THAT:

1. The plans for the Facility, as filed with the State, are approved.

2. The form of the Construction Agreement is approved, and the Governor and Secretary of State of the State are authorized to execute and deliver the Construction Agreement for and on behalf of the State, with such changes and corrections which are not materially adverse to the State.

3. The conveyance to the Authority of the Site and the Facility, as constructed and acquired, is approved.

4. The form of the Lease is approved and, after the determination and approval of the annual true rental in accordance with Section 5 hereof, the Governor and Secretary of State of the State are authorized to execute and deliver the Lease for and on behalf of the State as provided by Act 183, with such changes and corrections which are not materially adverse to the State.

5. It is hereby determined that the economic or market value to the State of the Facility shall be within or below the range of $237,000 and $309,000 as shall reflect variations that may occur in the components upon which the appraisal of true rental was based, which amount shall be certified by the appraiser and thereafter approved by the State Administrative Board and the Authority as authorized by Act 183 and shall be payable each year of the Lease for a term not exceeding 40 years. Such amount shall be the annual true rental determined by the State Administrative Board by the appraisal made for the Facility for the State and the Authority by Integra Realty Resources-Detroit, using such commonly employed procedures as fairly determine the economic or market value of the Facility, without taking into account the right of the Educational Institution or the State to acquire title to the Facility without further payment upon termination of the corresponding Lease. The State further confirms its obligations to pay rent and perform the other duties and obligations specified in the Lease and that such obligations do not depend upon the passage of title to the Facility to the Educational Institution or the State

without consideration, and the State Administrative Board represents that it would approve the execution and delivery of the Lease even if title to the Facility would not pass upon termination of the Lease.

6. This Resolution shall be immediately effective.

APPROVED AND ADOPTED:

Date: October 19, 2010

LANSING 9694-5 444833v2

Department of Technology, Management and Budget
First Quarterly Report - Director Agenda Approvals

The following agendas have been approved by the Director, Department of Technology, Management and Budget, covering the period of October 1, 2010, through December 31, 2010, and are submitted in accordance with the State Administrative Board's resolution of December 16, 1997.

. . . . . .

Department of Technology, Management and Budget recommends the following items:

October 8, 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, PLAINWELL – Michigan Career and Technical Institute – Wastewater Pump Station Replacement
   File No. 641/08102.HRB - Index No. 31000
   Low Responsive Bidder: Mark Eggleston, LTD, Gobles; $99,900.00

Purpose/Business Case
The purpose of this contract is to construct a new submersible pump station for conveying wastewater to the wastewater treatment plant in Delton. The existing wastewater pumping station is beyond its useful life, requires costly maintenance, and risks possible breach into Pie Lake.
Benefit
The State will benefit by reducing maintenance costs and protecting the environment.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued costly maintenance and a potential breach of the existing wastewater pumping station.

2. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BAY CITY – Bay City State Recreation Area – Tobico Marsh Trail Improvements
   File No. 751/10405.AGY - Index No. 54270
   Low Responsive Bidder: MKC Group, Inc., Bay City; $109,890.00

Purpose/Business Case
The purpose of this contract is to pave the existing recreation trail. The existing trail is dirt, requiring constant maintenance, is susceptible to erosion, and does not meet ADA standards.
Benefit
The State will benefit by eliminating an on-going maintenance problem, reducing soil erosion and complying with ADA accessibility requirements.
Funding Source
60% Federal Funds
40% Recreation Improvement Grant Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized total project budget.
Risk Assessment
Failure to approve this project will result in continued maintenance and erosion issues as well as non-compliance with ADA standards.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lewis Cass Building – Steam Vault Repairs
   File No. 071/10218.RMP - Index No. 44101
   That Soil and Material Testing Engineers, Inc, Lansing, be authorized to use $4,000.00 on an hourly basis times a multiplier of 2.7 plus reimbursables, to provide engineering and testing services.

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services for soil density, asphalt, and concrete required for steam vault repair and water main capping.
Benefit
The State will benefit by receiving testing service to verify and maintain the quality of construction.
Funding Source
100% Building Occupancy Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 13 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not ensuring the materials provided are in compliance with the contract specifications.

4. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Invasive Species Control, Vegetation Monitoring, and Forestry Evaluation Services
   File No. 511/11012.SAR - Index No. 22000
   That DLZ Michigan, Inc., Lansing, be authorized to use $99,424.79 on a billing rate fee basis plus reimbursables, to provide invasive species control, vegetation monitoring, and forestry evaluation services.

Purpose/Business Case
The purpose of this assignment is to provide technical services to support the agency in their implementation of the ecological restoration and land management activities at the facility. The tasks defined for this work include performing invasive species studies, vegetation monitoring, timber harvest evaluation, forestry survey, and coordination activities with other integrated Natural Resource Management Plan (INRMP) partners and meeting presentations.
Benefit
The State will benefit by obtaining the necessary information to control invasive species and evaluate the forestry.
Funding Source
100% Federal Funding
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 10 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not receiving the professional assistance needed for the invasive species control, forestry evaluation, and ecological restoration at the facility.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROSCOMMON – South Higgins Lake State Park – Sanitary Sewer System and Dump Station Improvements
   File No. 751/10372.JNS - Index No. 95688
   That Wade Trim, Inc., Gaylord, be authorized to use $32,100.00 on an hourly basis plus reimbursables, to provide preliminary and final design services.

Purpose/Business Case
The purpose of this assignment is to provide preliminary and final design services for the sanitary sewer system and dump station improvements. This work includes replacement of piping, estimated to be 50 to 60 years old and beyond its expected life. South Higgins Lake State Park frequently experiences sewer line blockages, breakdowns of lift station pumps, and in one location, collapsed sewer line piping.
Benefit
The State will benefit by completing improvements to the existing South Higgins Lake sanitary sewer system.

Funding Source
100% Waterways Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number three to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in further failures of the sanitary sewer system, further shutdown of restroom facilities, and continued delays and traffic congestion at the dump stations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Allegan Plaza Renovation – Water Leak Repairs
   File No. 071/06079.JNS - Index No. 53200
   That the contract for professional services with Beckett and Raeder, Inc., Ann Arbor, be increased $27,386.70 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, to provide additional Phase 600 and 700 professional services.

Purpose/Business Case
The purpose of this modification is to provide additional construction administration services due to time extensions of the construction contract resulting in the Professional being required to attend additional progress and problem solving meetings and to perform additional on-site inspections.
Benefit
The State will benefit by having construction administration services associated with the various time extensions to the construction contract to assure that work being performed meets the requirements of the construction contract.
Funding Source
100% State Building Authority Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in a lack of professional oversight during the extension period.

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING - Hall of Justice - East Entry and Courtyard Reconstruction
   File No. 071/10180.SJU - Index No. 44119
   That the contract for professional services with Beckett & Raeder, Inc., Ann Arbor, be increased $23,936.70 on an hourly/direct payroll basis times a multiplier of 2.50 plus reimbursables, to provide design services for the reconstruction of the east entry and courtyard area of the Hall of Justice.

Purpose/Business Case
The purpose of this modification is to increase the scope of the professional's services by including phases 500, 600, and 700. The professional's previously completed phase 100 study discovered the cause of the east entry pavement block buckeling and heaving. These additional phases will provide the necessary construction documents as well as construction oversight and supervision in order to correct this problem.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Building Occupancy Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the necessary documents for the competitive bid process.

MODIFICATION TO PROJECT MANAGEMENT CONTRACTS

8. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE – Woodland Correctional Facility – Maxey Site Facility Transition
   File No. 472/09169.EEW - Index No. 53330
   That the contract for professional services with Clark Construction, Lansing, be increased $32,426.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, for additional professional Construction Management Services.

Purpose/Business Case
The purpose of this modification is to provide an increase in the Construction and Project Management fees required to install new control valves, a suction diffuser, gauges, water lines and pumps, and to remove previously unidentified asbestos in the basements of the Huron and the Green Oaks Centers as well as to replace the heat pump piping in the basement of the existing Green Oaks Administration Building. This work will increase efficiency of the new boilers, which convert the current high pressure steam system into new energy efficient hot water heating systems.
Benefit
The State will benefit by eliminating the requirement for 24 hours a day, 7 days a week supervision of the existing high pressure steam boilers.
Funding Source
100% State Building Authority Funds

Commitment
The contract cost is based on competitive bids taken by the Construction Manager. The amount of these changes are within the authorized budget.
Risk Assessment
Failure to approve this modification could result in the Department of Human Services having to continue to house the students in the Woodland Center, in violation of the Federal Department of Juvenile Justice Guidelines and Regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – General Services Building – HVAC Replacement
   File No. 071/09435.CAK - Index No. 11714
   Moore-Trosper Construction Company, Holt; CCO No. 4, Incr. $7,998.14

Purpose/Business Case
The purpose of this change order is to provide additional structural support for the new rooftop equipment, provide power to two VAV boxes in the print shop and to schedule electrical and power tie-ins for after hours, to limit disruption of the building operations.
Benefit
The State will benefit by having the roof structure reinforced to support the new equipment, providing power for maintenance work at VAV boxes, and having tie-in work done afterhours, limiting disruption of operations.
Funding Source
100% Building Occupancy Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in structural and code issues as well as disrupting building operations.

10. DEPARTMENT OF TRANSPORTATION, DAVISON – Davison Transportation Service Center – Hot Mix Asphalt (HMA) Site Paving & Improvements
    File No. 591/07282.AGY - Index No. 33008
    Nagle Paving Company, Novi; CCO No. 1, Incr. $4,011.00

Purpose/Business Case
The purpose of this change order is to install a new geo-grid beneath the aggregate base, in order to help stabilize the soil and prevent premature cracking of the new bituminous pavement. The adjacent soil, which can not be removed because of it's proximity to the property line, has a depth ranging from 5 to 20 feet and consist of peat, which is highly unstable.

Benefit
The State will benefit by not having to replace the bituminous pavement prematurely, due to potential lateral movement of the soil below and in the vicinity of the new work.
Funding Source
100% State Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in costly maintenance and premature replacement of the HMA pavement due to excessive cracking.

October 15, 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Grand Tower Building – Replace Fuel Tank
   File No. 071/08453.RMP - Index No. 44120
   Low Responsive Bidder: Oscar W. Larson Company, Clarkston; $36,800.00

Purpose/Business Case
The purpose of this contract is to replace the existing emergency generator's 150 gallon single-wall fuel tank with a 500 gallon double-wall fuel tank and the related piping. The fuel tank is showing signs of severe corrosion, increasing the risk of a leak. The tank does not have a containment system and does not meet current codes and regulations. The new fuel tank will provide extra running time for the emergency generator in the event of power outage.
Benefit
The State will benefit by replacing the older single-wall fuel tank with a larger capacity tank providing a containment system, meeting current standards, and mitigating any future environmental issue.
Funding Source
100% Building Occupancy Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in a potential environmental hazard to the site and the adjacent Grand River.

2. DEPARTMENT OF TRANSPORTATION, COLOMA – Coloma Maintenance Garage – Covered Storage
   File No. 591/07274.AGY - Index No. 58508
   Low Responsive Bidder: Boesch Builders, Sebewaing; $33,763.00

Purpose/Business Case
The purpose of this contract is to construct a covered storage addition on the existing salt storage building, to protect new aggregate, cold storage bins, and other equipment from the elements.
Benefit
The State will benefit by extending the useful life of the aggregate, cold storage bins and other equipment.
Funding Source
100% State Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in reduced life and potential damage to equipment and materials.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, WATERVLIET – Frederick's Auto Clinic Site – Monitoring and Well Abandonment File No. 777/11013.SAR - Index No. 44501
That Gannett Fleming of Michigan, Inc., New Boston, be authorized to use $59,205.22 on a billing rate fee basis plus reimbursables, to provide soil gas and groundwater monitoring and well abandonment services.

Purpose/Business Case
The purpose of this assignment is to provide soil gas investigation, groundwater monitoring/sampling, assessment of soil gas exposure pathway, and well abandonment services. Investigations have confirmed petroleum contamination in the site's soil and groundwater. The professional will prepare reports and recommendations for submission to the agency.
Benefit
The State will benefit by obtaining professionally prepared reports and recommendations, protection of the public and environment, and complying with environmental regulations.
Funding Source
100% Refined Petroleum Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seven to the discretionary contract.

Risk Assessment
Failure to approve this assignment will result in not having the professional assistance needed to ensure compliance with environmental regulations necessary to protect the public.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, GWINN – Joe & Sons Services Site – Limited Investigation and Remediation Services
File No. 777/11014.SAR - Index No. 44251
That Weston Solutions, Inc., Okemos, be authorized to use $70,160.00 on a billing rate fee basis plus reimbursables, to provide limited remedial investigation, end design and construction oversight services.

Purpose/Business Case
The purpose of this assignment is to provide remedial investigation and design/construction oversight services. The professional will install nested monitoring wells, prepare bid specifications for limited soil excavation, provide construction oversight and prepare and submit reports to comply with environmental regulations.
Benefit
The State will benefit by ensuring compliance with environmental regulations.
Funding Source
100% Refined Petroleum Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number twelve to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance necessary to protect the environment and comply with environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ONAWAY - Black Mountain Snowmobile Trail - Design of Snowmobile Trail Relocation
File No. 751/07322.RAN - Index No. 74400
That the contract for professional services with Gould Engineering, Inc, Flint, be increased $57,777.77 on an hourly/direct payroll basis times a multiplier of 2.61 plus reimbursables, to provide construction oversight services for relocation of the Black Mountain Snowmobile Trail.

Purpose/Business Case
The purpose of this modification is to add professional construction oversight services. The original contract was for trail design and site mitigation. Funds have now been identified for construction, and PSC oversight is required.
Benefit
The State will benefit by maintaining continuity between the design and construction.

Funding Source
100% Snowmobile Trail Improvement Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification would result in the State not obtaining the oversight services necessary to ensure compliance with the construction contract documents.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, UNIONVILLE - Fish Point Wildlife Area - Area D Pump Station Replacement
File No. 751/08411.RAN - Index No. 86970
That the contract for professional services with C2AE, Lansing, be increased $2,000.00 on an hourly/direct payroll basis times a multiplier of 2.70 plus reimbursables, to provide quality control/material testing services during construction of the Fish Point Area D Pump Station

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services for construction of the Fish Point Area D Pump Station.
Benefit
The State will benefit by ensuring the quality of materials placed during construction comply with the contract documents.
Funding Source
75% Pittman Robertson Federal Funds
25% State Game & Fish Protection Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification would result in the State not obtaining the oversight services necessary to ensure compliance with the construction contract documents.

7. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, REED CITY – Former Lowing's Auto Site – Remedial Investigation
File No. 761/10119.SAR - Index No. 44301
That the contract for professional services with The Mannik & Smith Group, Inc., Canton, be increased $18,210.10 on a billing rate basis plus reimbursables, to provide additional environmental investigation services.

Purpose/Business Case
The purpose of this modification is to provide additional environmental investigation services, including four quarterly monitoring well sampling events and abandonment of five monitoring wells. The site is a former gasoline/service station. Six underground storage tanks were removed in 1995, and it was discovered petroleum hydrocarbons

have impacted the site. The professional will prepare investigation reports to comply with environmental regulations

Benefit

The state will benefit by protecting the environment and complying with environmental regulations

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to investigate and abate the environmental contamination at the site, thus violating environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF COMMUNITY HEALTH, CARO – Caro Center – Heating System Decentralization
   File No. 391/09064.DCS - Index No. 40000
   Remer Plumbing & Heating, Inc., Saginaw; CCO No. 3, Incr. $21,172.03

Purpose/Business Case

The purpose of this change order is to relocate and modify three existing water mains to permit the required installation of new buried steam piping. These changes are necessary to respond and correct unforeseen field conditions discovered during excavation.

Benefit

The State will benefit by properly installing the required engineering and structural design elements of the new steam distribution system throughout the site.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in unsatisfactory water main service to the affected housing units.

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling – Area 600 Utilities
   File No. 511/09415.EEW - Index No. 21000
   Bonney Brothers, Beulah; CCO No. 4, Incr. $62,418.00

Purpose/Business Case
The purpose of this change order is to construct a new sanitary sewer in the 100 Area of the Camp Grayling Training Center, to support the construction of a new mess hall. The new sewer will replace the old, deteriorated, and undersized sanitary sewer currently providing service to the area.
Benefit
The State will benefit by providing the necessary sanitary sewer systems for the new facility.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to bulletins provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order would result in a negative impact on the Camp's capability to support the units that utilize the Camp, due to the undersized and deteriorating condition of the existing utilities.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING –
    Reserve Forces Service Center – Interior Improvements Phase 2
    File No. 511/10188.CAK - Index No. 13957
    HBC Contracting, Lansing; CCO No. 1, Incr. $32,228.23

Purpose/Business Case
The purpose of this change order is to upgrade the existing electrical service to the fire pump, fire stopping at wall penetrations, and new lighting in the pump room. This work is required as a result of the on-site DELEG building inspection.
Benefit
The State will benefit by bringing the existing service and pump room up to the current code.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not obtaining the certificate of occupancy from DELEG.

11. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, FLINT -
    Michigan Rehabilitation Services (MRS) – Office Expansion
    File No. 641/08349.SJU - Index No. 30906
    Graham Construction Corporation, Saginaw; CCO No. 2, Incr. $3,735.33

Purpose/Business Case
The purpose of this change order is to provide fire caulking at existing fire rated wall penetrations, install battery backup ballasts at existing light fixtures, as well as the removal of selected exit lights, in accordance with the building inspector's directive.
Benefit
The State will benefit by bringing the existing building up to current life safety standards and receiving Final Certificate of Occupancy.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in DELEG MRS not being able to occupy this newly renovated area.

12. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ONTONAGON – Porcupine Mountains Wilderness State Park - Presque Isle River Suspension Bridge Repairs
File No. 751/07056.RAA – Index No. 51110
MJO Contracting, Inc., Hancock; CCO No. 1, Incr. $282.45

Purpose/Business Case
The purpose of this change order is to provide painting of the bridge floor beams to provide long term structural integrity.
Benefit
The State will benefit by reduced maintenance and increased life of the bridge.
Funding Source
100% Parks and Recreation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in increased maintenance costs and accelerated deterioration of the structure.

CONTRACT CHANGE ORDER

13. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, ANN ARBOR - CCO #1 for Lease #7693 approved by the State Administrative Board on June 17, 2008, Item #5 between Robert Guenther, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Energy, Labor and Economic Growth, as Lessee. This CCO provides for remodeling the main customer interface area at the front of the office

at the leased premises, as requested by the Department at a cost not-to-exceed $5,280. The space is located at 3810 Packard, Suite 170, Ann Arbor, Michigan 48104.

Purpose/Business Case
The purpose of this CCO is to provide and install two new floor to ceiling walls, two service windows, an eight foot long countertop, electrical outlets, a solid core door with electric opener and remote control.
Benefit
This CCO allows DELEG to provide its staff at this location with greater physical security.
Funding Source
100% Federal Funds
Commitment Level
Present through November 30, 2012; however, this Lease contains a Standard cancellation clause with 90-days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from providing its staff at this location with greater physical security.

14. DEPARTMENT OF HUMAN SERVICES, GRAND RAPIDS - CCO #1 for Lease #11110 approved by the State Administrative Board on January 16, 2007, between Kent County, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services, as Lessee. This CCO provides for materials and labor to install an air conditioner unit in the snack shop, as requested by the Department at a cost not-to-exceed $7,460. The space is located at 121 Franklin Street, Grand Rapids, Michigan 49507

Purpose/Business Case
This CCO provides materials and labor to install an air conditioner in the Commission for the Blind snack shop. Electrical connection costs will be paid directly by Kent County as the Lessor. The Department of Energy, Labor & Economic Growth will pay for the air conditioner unit. The Department of Human Services leases this space and has made this request on behalf of the Department of Energy, Labor & Economic Growth.
Benefit
This CCO allows a more comfortable environment for customers and staff.
Funding Source
100% Restricted Funds (DELEG Index Code 38360 PCA 11324)
Commitment Level
Present through 5/31/2029; however, this Lease contains a Legislative cancellation clause with 180-days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from providing a comfortable environment for customers and staff by keeping temperatures below 78 degrees.

15. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, SAGINAW - CCO #1 for Lease #7415 approved by the State Administrative Board on February 20, 1990, between Park-West Associates, L.L.C., as Lessor, and the State of Michigan by the Department of Management and Budget for the Department of Energy, Labor and Economic Growth, as Lessee. This CCO provides for the redevelopment of an existing conference room to include an office, a waiting room and conference space for both State Office of Administrative Rules & Hearings (SOAHR) and the Unemployment Insurance Agency (UIA), as requested by the Department of Energy, Labor & Economic Growth at a cost not-to-exceed $29,495.00. The space is located at 614 Johnson Street, Saginaw, Michigan 48607

Purpose/Business Case
The purpose of this CCO is to create an office space for a new SOAHR judge and expand the waiting room. This also creates two separate conference rooms for use for both SOAHR and UIA.
Benefit
This CCO allows for a new office space to be built for a new SOAHR judge, expand the existing waiting room and create two conference rooms. These additions and changes would offer a better environment for the clients the Department services and offer a better use of space that fulfills the Department's current needs. These changes would also benefit both SOAHR and UIA. The Lease rate is within market value.
Funding Source
100% Federal Funds
Commitment Level
Present through November 30, 2014; however, this Lease contains a Standard cancellation clause with 90-days notice.
Risk Assessment
Non-approval of this CCO will keep the Department from providing office space for a SOAHR judge as well as impede customer service and employee caseloads.

October, 22 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TRANSPORTATION, KENT - Grand Rapids A & E Garage – Roof Replacement
   File No. 591/07269.AGY - Index No. 58508
   Low Responsive Bidder: McDonald Roofing & Sheet Metal, Jackson; $94,240.00

Purpose/Business Case
The purpose of this contract is to replace the existing roof system and add insulation at the Grand Rapids A & E Garage Building. The existing roof has surpassed its useful life and requires continuous maintenance to protect the structure and contents of the building.

Benefit
The State will benefit by preserving this facility, eliminating costly maintenance and reduce the amount of energy it requires to heat the main garage.
Funding
100% State Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in continued costly maintenance and increased energy costs.

2. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, CHIPPEWA COUNTY – Clear Lake, South Marblehead – Road Improvements
   File No. 751/09456.RAA - Index No. 74200
   Low Responsive Bidder: Drummond Island Yacht Haven, Drummond Island; $55,000.00

Purpose/Business Case
The purpose of this contract is to provide road improvements including drainage structures and surface grading, to comply with all American Association of State of Highway Transportation Officials (ASHTO), MDNRE, DOT, and ADA requirements at Clear Lake Marble Head Road on Drummond Island. The existing road is no longer accessible to normal traffic.
Benefit
The State will benefit by providing ASHTO, MDNRE, DOT, and ADA compliant access to recreation areas at Clear Lake Marble Head Road on Drummond Island.
Funding
100% Forest Management Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in loss of access to this remote state forest property for fire management services and state managed forestry activities.

3. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission For The Blind Training Center – Asbestos Abatement
   File No. 641/10398.BDW - Index No. 36402
   Low Responsive Bidder: Quality Environmental Services, Inc., Gladwin; $67,219.00

Purpose/Business Case
The purpose of this contract is to provide for the removal of asbestos containing materials prior to the start of the renovation contract. The professional has identified

asbestos in the ceiling, flooring, and other materials scheduled to be removed as part of the renovation.

Benefit

The State will benefit by removing hazardous materials, allowing the renovations to proceed.

Funding

78.7% Federal
21.3% GF-GP

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk

Failure to approve this contract could result in the renovation project being cancelled.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, HARRISVILLE – Harrisville State Park – Pole Barn Construction
   File No. 751/10198.BDW - Index No. 54180
   That R. S. Scott Associates, Inc., Alpena, be authorized to use $5,889.76 on an hourly basis times a multiplier of 2.7 plus reimbursables, to provide design services.

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for the construction of a pole barn storage building at the state park headquarters. This storage will be used for maintenance equipment and will protect state assets from both the elements and vandalism.

Benefit

The State will benefit by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source

100% Waterways Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number four to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the State not obtaining the necessary documents for competitive bidding.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, RAPID RIVER TOWNSHIP – Davis Country Corners Site – Performance Monitoring Services
   File No. 777/11021.SAR - Index No. 44301
   That DLZ Michigan, Inc., Lansing, be authorized to use $19,129.04 on a billing rate fee basis plus reimbursables, to provide professional oversight services.

Purpose/Business Case
The purpose of this assignment is to provide an additional twelve months oversight of operation and maintenance (O&M) for the air sparge/soil vapor extraction (AS/SVE) treatment system and perform groundwater sampling. The objective is to sparge the highly contaminated groundwater areas and treat the extracted vapor. The professional will prepare technical memoranda for the performance monitoring activities and recommendations for submission to the agency.
Benefit
The State will benefit by abating environmental contamination to protect the public health and environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number thirteen to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to oversee the remediation process currently operating to protect the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Williams, VanWagoner, and Austin Buildings – Switchgear and Motor Control Center Replacements
   File No. 071/05266.JNS - Index No. 53164
   That the contract for professional services with Orion Engineering Company, Inc., Jackson, be increased $10,230.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, to provide additional Phase 600 professional services.

Purpose/Business Case
The purpose of this modification is to investigate issues related to parts replacements of the refurbished breaker, the existing Austin Building Substation Room west wall cracks, power meter inconsistencies, and responding to a potential claim associated with Summit Contractor's termination of their Square D subcontract.

Benefit
The State will benefit by obtaining professional review of these issues and recommendations for resolution.
Funding Source
100% State Building Authority
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State potentially being overcharged for replacement parts, unknown safety issues associated with cracks in the masonry wall, continued inconsistencies in meter readings, and a possible claim from Square D against the General Contractor, Summit Contractors, and the State of Michigan.

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET – George W. Romney Building – Lower level HVAC Renovations
   File No. 071/09248.MNB - Index No. 44114
   That the contract for professional services with Century A & E, Grand Rapids, be increased $14,805.24 on an hourly basis times a multiplier of 2.50 plus reimbursables, to provide engineering and architectural services.

Purpose/Business Case
The purpose of this modification is to provide plans for the relocation of the condensing unit from the promenade level to the parking ramp and to provide the required heat relief system. This work is required to reduce noise levels at the press auditorium and simplify service to the unit.
Benefit
The State will benefit by obtaining the necessary bulletin documents for contractor pricing.
Funding Source
100% Building Occupancy Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursable. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining bulletin documents.

8. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission for the Blind Training Center – Facility Assessment
   File No. 641/09230.HRB - Index No. 36400
   That the contract for professional services with M.C. Smith Associates and Architectural Group, East Grand Rapids, be increased $1,445.43 on an hourly basis times a multiplier of 2.70 plus reimbursables, to provide additional professional services.

Purpose/Business Case
The purpose of this change order is to provide additional copies of the assessment report as requested by the agency.
Benefit
The State will benefit by having copies of the report available to appropriate agency management for decision making.
Funding Source
100% Michigan Rehabilitation Services Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in an inadequate number of assessment reports required for decision making.

9. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, HIGHLAND – Jenny Enterprises/Wine Basket Site – Remedial Investigation
   761/10122.SAR - Index No. 44701
   That the contract for professional services with Environmental Consulting and Technology, Inc., Lansing, be increased $39,992.37 on a billing rate basis plus reimbursables, to provide additional environmental investigation services.

Purpose/Business Case
The purpose of this modification is to provide evaluation of existing data, perform groundwater modeling, and conduct additional field studies as needed. The site is a leaking underground storage tank (LUST) site. A plume of gasoline contamination at a nearby property is complicating the delineation of the plume originating from the site. The professional will prepare investigative reports to comply with environmental regulations.
Benefit
The state will benefit by protecting the environment and complying with environmental regulations
Funding Source
100% Refined Petroleum Funds

Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to investigate and abate the environmental contamination at the site, complying with environmental regulations necessary to protect the environment.

10. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, NEWBERRY – Bob's Standard Site – O&M Oversight Services
761/10150.SAR - Index No. 44241
That the contract for professional services with DLZ of Michigan, Inc., Lansing, be increased $5,032.65 on a billing rate basis plus reimbursables, to provide soil sampling and analysis.

Purpose/Business Case
The purpose of this modification is to provide soil sampling and analysis services. The professional will sample vapors in two monitoring wells to evaluate the effectiveness of the recently completed ozone treatment of groundwater. The professional will prepare a sampling report to comply with environmental regulations.
Benefit
The state will benefit by maintaining the remediation system necessary to protect the environment and comply with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to evaluate the performance of the remediation system necessary to protect the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

11. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Allegan and Ottawa Plazas – Renovations 2010
File No. 071/06079.JNS - Index No. 44125
EVR, Incorporated, Haslett; CCO No. 1, Incr. $141,296.73

Purpose/Business Case
The purpose of this change order is to provide Victaulic fittings in lieu of welded connections for the steel piping and to repair areas of damaged storm line in the Allegan Plaza discovered during construction. Changing from welded to Victaulic piping will reduce labor costs for maintenance and provide for a properly functioning storm water system.

Benefit
The State will benefit by reducing maintenance costs on the piping for the snowmelt system, improving drainage, and eliminate ponding in the Allegan Plaza.
Funding Source
100% Building Occupancy Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in increased maintenance costs and continued drainage issues.

12. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET,
DIMONDALE – General Services Building – HVAC Replacement
File No. 071/09435.CAK - Index No. 11714
Moore-Trosper Construction Company, Holt; CCO No. 5, Incr. $9,006.06

Purpose/Business Case
The purpose of this change order is to replace an existing pressure relief valve that is old and in need of replacement. This work will be much easier to accomplish while the system is already under construction.
Benefit
The State will benefit by replacing the valve before it fails.
Funding Source
100% Lump Sum Special Maintenance Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential failure of the valve, causing disruption in facility operations.

13. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, NEGAUNEE
– Iron Industry Museum – Interpretive Trail
File No. 251/08116.BDW - Index No. 48265
Johnson Brothers Construction, Inc, Munising; CCO No. 1, Incr., $15,770.00

Purpose/Business Case
The purpose of this change order is to re-route a portion of the trail, add galvanizing to connectors and fasteners, and remove trees. This work will improve accessibility to the trail, appearance of the connections and timber framing by eliminating staining due to weathering, and removing trees, reducing the probability of structural damage.

Benefit
The State will benefit by improving accessibility, appearance and durability of the connections and framing, and reducing the potential for falling trees causing damage.
Funding Source
100% Restricted Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in increased cost of maintenance for the trail and limited accessible routes.

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, DOWAGIAC – Dowagiac Armory – Readiness Center Repairs
File No. 511/09018.CAK - Index Nos. 13755/13955
Beckering Advisor, Inc., Grand Rapids; CCO No. 4, Incr. $2,205.00

Purpose/Business Case
The purpose of this change order is to add temperature control devices and connect the existing mechanical devices to the controls system.
Benefit
The State will benefit by having an increased level of control of the HVAC systems, improving the comfort level and efficiency of the system.
Funding Source
85% Federal Funds
15% State Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in less energy efficiency and difficulty controlling the building's heating and cooling system.

15. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, PONTIAC – Pontiac Armory Site – Roof Replacement
File No. 511/10174.AGY - Index Nos. 13785/13985
Port Huron Roofing & Sheet Metal, Inc., Clyde Twp.; CCO No. 1, Incr. $3,001.00

Purpose/Business Case
The purpose of this change order is to replace the existing roof access hatch and roof penetration, remove and cap stack vents, secure existing roof ladder to the brick wall, and extend the contract completion date to October 29, 2010. These changes will reduce the potential of future roof damage and eliminate a safety hazard.

Benefit
The State will benefit by eliminating potential future damage and improving safety.
Funding Source
75% Federal Funds – Special Maintenance Fund – Sustainment, Restoration & Modernization
25% State Funds – Special Maintenance – General Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential future damage to the roof system and continued safety issues.

16. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, KALAMAZOO – Kalamazoo Armory Site – Replace Sewage Pumps
File No. 511/10175.AGY - Index Nos. 13759/13959
Engineered Comfort Systems, Inc., Taylor; CCO No. 1, Incr. $2,752.00

Purpose/Business Case
The purpose of this change order is to provide pumping of the existing septic tank prior to installing the new sewage pumps.
Benefit
The State will benefit by completing the installation of sewage pumps.
Funding Source
50% Federal Funds – Special Maintenance Fund – Sustainment, Restoration & Modernization
50% State Funds – Special Maintenance – General Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in inability to install the new sewage pumps.

17. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – MATES Mechanical Upgrades
File No. 511/10187.AGY - Index No. 21000
Ripman Construction Company, Inc., St. Helen; CCO No. 1, Incr. $3,307.50

Purpose/Business Case
The purpose of this change order is to flush the existing hot water heating circuit and connected equipment, rinse with a solution of tri-sodium phosphate, add chemical treatment, and restore fluid in circuit. The change is necessary to improve the efficiency of the system and protect the condensing boiler equipment.

Benefit
The State will benefit by improving the efficiency of the system and protect the condensing boiler equipment.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in premature damage to the new condensing boiler equipment.

18. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, Grayling – Camp Grayling Annual Training Site – Pole Storage Building
    File No. 511/10203.CAK - Index No. 21000
    Boesch Builders, Sebewaing; CCO No. 1, Incr. $18,967.22

Purpose/Business Case
The purpose of this change order is to add an interior door, finish interior drywall, install a thicker gauge of exterior siding, and install insulation in the building. The initial contract came in under budget allowing for these upgrades.
Benefit
The State will benefit by better interior circulation, improved interior and exterior wall finishes, and make it possible for the building to be heated at a later date.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in limiting the potential use of this facility and the loss of additional federal funds.

19. DEPARTMENT OF STATE POLICE, PETOSKEY – Various State Police Posts – Renovations and Upgrades
    File No. 551/06208.JAG - Index No. 53268
    Ripke Construction Company, St Helen; CCO No. 1, Incr. $24,861.96

Purpose/Business Case
The purpose of this change order is to provide additional structural framing, upgrade the existing electrical service, and replace finishes containing asbestos at the Petoskey State Police State Post. During construction it was discovered that the existing structural framing is inadequate, and the existing electrical service did not meet current

codes. In addition, asbestos containing materials were discovered, requiring abatement under a separate contract. As a result, the abated finishes require replacement.

Benefit

The State will benefit by correcting these field conditions and life safety issues.

Funding Source

100% State Building Authority Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not being able to complete the project in compliance with the applicable codes, standards, and life safety regulations.

20. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ONTONAGON COUNTY – Berland to Sidnaw Trail over the Baltimore River - Baltimore River Bridge Replacement File No. 751/05154.RAA – Index No. 74300
    Industrial Maintenance Services, Inc., Wells; CCO No. 3, Inc., $846.73

Purpose/Business Case

The purpose of this change order is to fill an existing gap under a structural column to provide proper support of the bridge and provide erosion protection to prevent undermining of the column foundations.

Benefit

The State will benefit by ensuring the structural integrity of the bridge.

Funding Source

100% Restricted Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the lack of structural support at the columns.

21. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ATLANTA – Pointe Bait Site – Soil Excavation
    File No. 761/09447.SAR - Index No. 44351
    Bierlein Companies, Inc., Midland; CCO No. 1, Incr., $75,000.00

Purpose/Business

Case The purpose of this change order is to establish an allowance for dewatering and installing soil retention systems. When the contractor started excavation, they encountered significant amount of groundwater. To continue excavation, they need to dewater the excavated area. but the available contingency is not sufficient to cover the

dewatering activities. This allowance will be used to cover the underway dewatering activities.

Benefit

The State will benefit by completing the soil excavation activities and cleaning up the contamination.

Funding Source

100% ARRA Federal Funds

Commitment

The change order costs are fixed actual unit costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not excavating the contaminated soils and therefore risking exacerbation of health hazard to the public.

October 29, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TRANSPORTATION, MARION – Marion Garage – Construct Covered Storage File No. 591/07274.AGY – Index No. 58508
   Recommended Contractor: Weatherproofing Technologies, Inc., East Grand Rapids, MI; $105,444.24

Purpose/Business Case

The purpose of this contract is to construct a covered storage addition on the existing salt storage building to protect new aggregate storage, cold storage bins, and other equipment from the elements.

Benefit

The State will benefit by protecting the aggregate and other stored materials from the elements and extending the useful life of the equipment.

Funding Source

100% State Trunkline Funds

Commitment

This contract is issued pursuant to the Urban Cooperation Act of 1967 (Act 7 of 1967) allowing the State to participate in joint cooperative agreements. The National Joint Powers Alliance (NJPA) has competitively bid this job order contract. The contract cost is fixed based on unit prices contained in the base job order contract. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in reduced life and potential damage to equipment and materials.

2. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Metro Region OfficeParking Lot Expansion and Improvements - Phase I
   File No. 591/08434.AGY - Index No. 30148
   Low Responsive Bidder: Stante Excavating Company, Inc., Wixom; $166,588.00

Purpose/Business Case
The purpose of this contract is to construct soil erosion controls, storm sewer, under-drain, and earthwork. This is the first of three phases to build additional parking at the Metro Region Office. The current parking lot is inadequate for both permanent and seasonal staff.
Benefit
The State will benefit by creating much needed parking space at the facility.
Funding Source
100% State Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued, inadequate parking.
Zip Code

3. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Metro Region Office – Parking Lot Expansion and Improvements - Phase II
   File No. 591/08434.AGY - Index No. 30148
   Low Responsive Bidder: Nagle Paving Company, Novi; $83,840.00

Purpose/Business Case
The purpose of this contract is to place aggregate, curb and gutter, asphalt paving, striping and back of curb grading. This is the second of three phases to build additional parking at the Metro Region Office. The current parking lot is inadequate for both permanent and seasonal staff.
Benefit
The State will benefit by creating much needed parking space at the facility.
Funding Source
State Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued, inadequate parking.

4. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Metro Region Office – Parking Lot Expansion and Improvements - Phase III
   File No. 591/08434.AGY - Index No. 30148
   Low Responsive Bidder: B & B Construction Services, LLC, St. Clair Shores; $210,000.00

Purpose/Business Case
The purpose of this contract is to install fencing, a vehicular and pedestrian gate, running conduit, lighting, final grading and restoration. This is the third of three phases to build additional parking at the Metro Region Office. The current parking lot is inadequate for permanent and seasonal staff.
Benefit
The State will benefit by creating much needed parking space at the facility.
Funding Source
100% State Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued, inadequate parking.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

5. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North and Southbound Ramp Weigh-In Motion System, Static Deck and Speed Limit Signs
   File No. 591/10144.CAK - Index No. 61815
   Recommended Responsive Proposal: Materials Testing Consultants, Grand Rapids; $2,700.00

Purpose/Business Case
The purpose of this contract is to obtaining professional quality control/testing services for soil bearing capacity and material strength.
Benefit
The State will benefit by having an independent testing company confirm adequate soil bearing pressure and that concrete meets contract specifications.
Funding Source
80% Federal Funds
20% Commercial Vehicle Enforcement Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the potential for unsatisfactory soil bearing and material installation affecting the operation of the sensitive scale equipment.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling MATES Facility – Treatment System O&M
   File No. 511/11023.SAR - Index No. 21000

That DLZ Michigan, Inc., Lansing, be authorized to use $17,682.02 on a billing rate fee basis plus reimbursables, to provide operation and maintenance of the groundwater gray water treatment system.

Purpose/Business Case
The purpose of this assignment is to provide operation and maintenance (O&M) of the groundwater gray water treatment system including weekly inspection/monitoring, sample collection, and laboratory analyses. The treatment system was installed to treat waste stream from the MATES facility. The facility is used to maintain/repair military vehicles. The professional will document the O&M activities and prepare reports to comply with environmental regulations.
Benefit
The State will benefit by assisting the agency in protecting the environment and complying with environmental regulations.
Funding Source
100% Federal Environmental Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number five to the discretionary contract.
Risk Assessment
Failure to approve this assignment would result in not getting the professional assistance needed to protect the environment and comply with the environmental regulations.

7. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, WEXFORD AND MANISTEE COUNTIES – Betsie Valley Trail – NBIS Inspection of Two Bridges
   File No. 751/10361.RAN - Index No. 73550
   That Northwest Design Group, Petoskey, be authorized to use $3,801.12 on an hourly basis plus reimbursables, to provide engineering services for the inspection of two former railroad bridges to determine their structural integrity following Federal Highway Administration National Bridge Inspection Standards.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for the structural inspection of three former railroad bridges on the former Ann Arbor Railroad, being converted to the Betsie Valley Trail.
Benefit
The State will benefit by having a professional inspection of the bridges, identifying any deficiencies. This will allow DNRE to assess any repairs needed prior to use.
Funding Source
100% Recreational Improvement Funds Grant

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number two to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the bridges not being inspected, which will result in the DNRE not being able to use the Betsie Valley Trail as desired.

8. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, GRAND LEDGE – Bob's Marathon Site – Removal of Leaking USTs File No. 777/11024.SAR - Index No. 44801
   That Malcolm Pirnie, Inc., Lansing, be authorized to use $69,984.00 on a billing rate fee basis, plus reimbursables, to provide specifications for the removal of leaking underground storage tanks at the site.

Purpose/Business Case
The purpose of this assignment is to provide construction bidding documents and oversight, as well as investigation and final project summary reports to comply with environmental regulations for the removal of leaking underground storage tanks. The site is a former gasoline dispensing and service station, and glass and salt manufacturing facility. Petroleum hydrocarbon contaminants were identified in the site's soil and groundwater.
Benefit
The State will benefit by receiving professionally prepared contract documents, project reports, and ensuring compliance with environmental regulations.
Funding Source
100% Refined Petroleum Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number five to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the documents required for the competitive bidding process and continued environmental site contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – General Services Building – HVAC Replacement
   File No. 071/09047.CAK - Index No. 44208
   That the contract for professional services with Byce & Associates, Inc., Kalamazoo, be increased $7,911.54 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, to provide additional design services.

Purpose/Business Case
The purpose of this modification is to provide design of a new pressure relief valve on the existing steam system and a new snow melt system for a portion of the existing roof. The existing valve is beyond its useful life and requires constant maintenance. The snow melt system will reduce roof loads, impacting structural requirements.
Benefit
The State will benefit by obtaining bulletin documents for contractor pricing of this necessary work.
Funding Source
100% BOC Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the bulletin documents.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, CADILLAC Cadillac Armory - Modifications
    File No. 511/07196.RAN - Index No. 13924
    That the contract for professional services with Byce & Associates, Inc., Kalamazoo, be increased $1,817.16 on an hourly/direct payroll basis times a multiplier of 2.50 plus reimbursables, to provide additional design services.

Purpose/Business Case
The purpose of this modification is to provide additional contract administration services to assure the project is completed correctly, resulting from scope changes and hidden field conditions.
Benefit
The State will benefit by having the PSC on site to inspect and assure the changes designed by the professional are installed as designed.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the PSC not reviewing the installation of the additional work.

11. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, MANISTEE – Manistee Armory Modifications - Design and Construction Oversight of Armory Modifications
    File No. 511/07197.RAN - Index No. 13911

That the contract for professional services with Byce & Associates, Inc., Kalamazoo, be increased $1,606.68 on an hourly/direct payroll basis times a multiplier of 2.50 plus reimbursables, to provide additional design oversight services for the Manistee Armory Modifications

Purpose/Business Case
The purpose of this modification is to provide additional contract administration services to assure the project is completed correctly, resulting from scope changes and hidden field conditions.
Benefit
The State will benefit by having the PSC on site to inspect and assure the changes designed by the professional are installed as designed.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the PSC not reviewing the installation of the additional work.

12. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission for The Blind Training Center – Asbestos Abatement
File No. 641/10191.BDW - Index No. 36400
That Materials Testing Consultants, Inc. Grand Rapids, be authorized to use $14,465.00 on a billing rate basis, plus reimbursables, to provide Architectural and Engineering Services.

Purpose/Business Case
The purpose of this modification is to provide oversight of the abatement contractor to ensure satisfactory completion of the required work.
Benefit
The State will benefit by ensuring the abatement will be done in accordance with the requirements of the Occupational Safety and Health Adminstration's Asbestos in the General Industry Standard.
Funding Source
50% Private Grant
35% Federal - Rehabilitation Services Administration
15% General Fund
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification assignment could result in loss of federal funding (American Rehabilitation and Recovery Act) and private grant funding and exposure of visitors, staff and contract workforce to levels of asbestos that exceed federal Guidelines.

13. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MACKINAW CITY – Straits State Harbor (formerly State Harbor of Refuge) – Harbor/Marina Development
File No. 751/02264.HRB - Index No. 99016
That the contract for professional services with United Design Associates, Inc., Cheboygan, be increased $43,949.84 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables, to provide design revisions requested by the agency and professional construction oversight services.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional professional design services for re-design of the proposed building to remove the second floor, assistance in providing sustainability features (Wind turbines, LEED, etc.), extension of USACE and DNRE permits, preparation of an open-house program, preparation of additional bidding documents, resolution of DELEG Construction Code issues and resolution of the tile/grout issue in the harbormaster building.
Benefit
The State will benefit by having the professional address the agency's operational and regulatory issues.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on a payroll basis times a multiplier of 2.7 plus reimbursables, the amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the operational and regulatory issues not being addressed.

14. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, EVART – Former Neal's Service Site – Delineate the Nature/Extent of the Petroleum Release from the Leaking USTs
File No. 761/10204.SAR - Index No. 44301
That the contract for professional services with The Mannik & Smith Group, Inc., Canton, be increased $139,520.71 on a billing rate basis, plus reimbursables, to provide additional environmental investigation and remediation services.

Purpose/Business Case
The purpose of this modification is to provide additional environmental investigation and remediation services to include nine quarterly monitoring well sampling events, installation of an interim response air sparge/soil vapor extraction (AS/SVE) system, provide operation and maintenance of the interim response system for one year, and perform decommissioning. The professional will prepare investigation and final project summary reports to comply with the environmental regulations.
Benefit
The State will benefit by protecting the environment and complying with environmental regulations
Funding Source
100% Refined Petroleum Fund
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to investigate and abate the environmental contamination compling with environmental regulations necessary to protecting the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

15. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, Lansing – Lewis Cass Building – 1st and 2nd Floor Renovations
File No. 071/06080.JRC - Index No. 44101
HBC Contracting, Lansing; CCO No. 13, Incr. $2,474.45

Purpose/Business Case
The purpose of this change order is to provide additional stone cutting at the granite steps and patching concrete areas at the entry door sills as a result of unforeseen construction conditions.
Benefit
The State will benefit by eliminating potential trip hazards.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in safety issues.

16. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Reserve Forces Service Center – Exterior Repairs
File No. 511/09417.CAK - Index No. 13957
Laux Construction, Inc., Dansville; CCO No. 8, Incr. $32,274.86

Purpose/Business Case
The purpose of this change order is to abate asbestos containing floor mastic, patching masonry columns and existing window heads, and add a urinal screen in the men's room. This work is required to abate asbestos containing materials prior to the renovation, provide fire stopping of the columns, repair windows, and add privacy in the men's room
Benefit
The State will benefit by removing the asbestos containing materials, meeting life safety codes, and providing privacy.
Funding Source
100% Federal Funding
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in safety issues for occupants due to hazardous materials being left in place, non-compliance with code for fire ratings which would result in not obtaining an occupancy permit, damage at the window heads, and lack of privacy in the men's room.

17. DEPARTMENT OF TRANSPORTATION, Detroit – Raymond & Rosa L. Parks Integrated Transportation Campus – Generator Set Phase 3
    File No. 591/04003.JAN - Index No. 27000
    Detroit Electrical Services, LLC, Detroit; CCO No. 1, Incr. $11,218.50

Purpose/Business Case
The purpose of this change order is to add two circuits and to purchase and install a temporary automatic transfer switch to operate the generator. The circuits are required to comply with electrical code and the transfer switch is required in order to occupy the facility while the long-lead time, permanent transfer switch is being manufactured.
Benefit
The State will benefit by complying with the electrical code and being able to occupy the facility sooner.
Funding Source
100% Restricted Funds
Commitment
The change order cost is a fixed cost provided by the contractor. The amount of this change order is within the original authorized project budget.
Risk Assessment
Failure to approve this change order would result in the inability to obtain the occupancy permit for the facility.

18. DEPARTMENT OF TRANSPORTATION, DETROIT – Detroit MITS Center – Replace HVAC Roof Top Units
    File No. 591/10207.AGY - Index No. 75600
    Engineered Construction LLC, Taylor ; CCO No. 1, Incr. , $1,440.00

Purpose/Business Case
The purpose of this change order is for the investigation of controls for the roof top units to ensure the units conserve energy and operate efficiently.
Benefit
The State will benefit by ensuring energy and operational efficiency.
Funding Source
100% State Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment:
Failure to approve this change order will result in additional energy and operational costs.

19. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, SILVER CITY – Porcupine Mountains State Park - Presque Isle Suspension Bridge Repairs
    File No. 751/07056.RAA - Index No. 51110
    MJO Contracting, Hancock, MI; CCO No. 2, Incr. $187.43

Purpose/Business Case
The purpose of this change order is to revise the existing approach stairs to match the new bridge and railing. This change will allow for safe public use and ensure code compliance of the stairway run.
Benefit
The State will benefit by providing safe public access to this area.
Funding Source
100% Parks and Recreation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the lack of safe access to the pedestrian bridge and a loss of access to the state managed recreation area.

November 5, 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF COMMUNITY HEALTH, YPSILANTI – Forensic Center - Platt Road Force Main Abandonment
   File No.391/10234.EEW - Index No.43700
   Low Responsive Bidder: Verdeterre Contracting, Inc., Canton; $33,695.00

Purpose/Business Case
The purpose of this contract is to provide construction services for the abandonment of the remaining portion of the old sewer force main from the old Ypsilanti Regional Psychiatric Hospital to the Pittsfield Township Sewer System. This work is required per the Right of Way (ROW) Use Permit for the installation of a new sewer connection to the new Center for Forensic Psychiatry.
Benefit
The State will benefit by finalizing all of the conditions of the permit and eliminating the potential for legal actions against the State for not completing all conditions of the original ROW permit.
Funding Source
100% Agency Operating Fund (GF-GP)
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this construction contract could result in the Washtenaw County Road Commission taking legal action against the State for not completing the work required by the ROW permit. The State could also be sued by the local residents if the force main leaks contaminated water onto their property or if the spill reaches the ground water.

2. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, CLIFFORD – Schaudt's Service Station Site – Building Demolition, Soil Removal/Treatment & Site Restoration
   File No. 761/10199.SAR - Index No. 44801
   Low Responsive Bidder: K & D Industries, Inc., Midland; $144,193.00

Purpose/Business Case
The purpose of this contract is to demolish the existing building, excavate and remove debris and petroleum impacted soil, and restore the site. The site is a former gasoline service station with three underground storage tanks (USTs). The USTs have been removed, but subsequent investigation identified petroleum contamination.
Benefit
The State will benefit by removing a source of contamination and abating the environmental health hazard, protecting public health and the environment.

Funding
100% Refined Petroleum Fund
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in leaving known contaminated soil on site that may pose substantial threat to public health and the environment, therefore violating environmental regulations.

3. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, PORT AUSTIN – Al's Market Site – Soil Removal Activities & Site Restoration
   File No. 761/10390.RRD - Index No. 44601
   Low Responsive Bidder: Kappen Tree Service, Cass City; $131,624.64

Purpose/Business Case
The purpose of this contract is to excavate and remove contaminated soil, apply oxygen release compounds (ORC), and restore the site. The site is a former convenience store and gasoline station with underground storage tanks (USTs). The USTs have been removed, but subsequent investigation identified petroleum contamination at the site.
Benefit
The State will benefit by removing a source of contamination and abating the environmental health hazard, protecting public health and the environment.
Funding
100% Refined Petroleum Fund
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in leaving known contaminated soil on site that may pose substantial threat to public health and the environment, therefore violating environmental regulations.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, WOODLAND – Village Of Woodland DPW Site – Well Installation & Orc Injection
   File No. 777/11029.AGY - Index No. 44901
   Low Responsive Bidder: Pearson Drilling Co., Lake City; $54,435.00

Purpose/Business Case
The purpose of this contract is to install wells using hollow stem augers (HSA) and the purchase and injection into the wells of RegenOx and ORC-A mixtures as part of an in-situ source area interim response at the site. The work will target heavily contaminated groundwater at the site.
Benefit
The State will benefit by remediating contamination and abating the environmental health hazard to protect public health and the environment.

Funding
100% Refined Petroleum Fund
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in leaving heavily contaminated groundwater on site to potentially spread, therefore violating environmental regulations.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROSCOMMON – Ralph A. MacMullan Conference Center – Classroom Building Addition
   File No. 751/10489.JAN - Index No. 99020
   Recommended Responsive Proposal: Design Plus, Grand Rapids; $53,500.00

Purpose/Business Case
The purpose of this contract is to provide architectural and engineering services for the expansion of the Classroom Building at the Ralph A. MacMullan Conference Center.
Benefit
The State will benefit by having professional prepared plans and specifications for the construction bidding process.
Funding Source
100% MNRTF Development Grant Fund
Commitment
The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in potentially inadequate use of space and construction bidding documents.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Austin Building – HVAC Study
   File No. 071/10394.JRC - Index No. 44107
   That Mayotte Group Architects, Lansing, be authorized to use $19,790.35 on a billing rate fee basis times a multiplier of 2.7 plus reimbursables, to provide architectural/engineering services.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for a 100 phase study of the Austin Building. The study will produce documents that serve as reference for future construction projects, specifically involving the mechanical and electrical systems. The extensive field work will identify all equipment

used and its current condition. These conditions will have plans for replacement to allow the interior space more flexibility when future renovations occur.

Benefit

The State will benefit by being able to make cost effective decisions when altering the interior of any space within the Austin building.

Funding Source

100% Agency Operating Fund

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number four to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the inability to make cost effective design decisions when constructing or modifying interior space.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Michigan State Police - St. Joseph Facility Phase I Renovations
   File No. 071/03480.SJU - Index No. 53311
   That the contract for professional services with Mayotte Group Architects, Lansing, be increased $37,564.82 on an hourly/direct payroll basis times a multiplier of 2.55 plus reimbursables, to provide additional phase 500, 600, and 700 design services.

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for the development of additional construction documents and additional construction follow-up services for the first phase relocation of Michigan State Police groups from their existing Harrison Road facility to the newly aquired St. Joseph Highway facility. These additional architectural/engineering services are the result of unforseen construction conditions discovered during the course of construction and required prior to building occupancy.

Benefit

The State will benefit by having professionally prepared contract documents and additional construction follow-up services provided to complete Phase I renovation work of this Project.

Funding Source

100% State Building Authority Fund

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not having construction documents and construction monitoring services provided to complete the project.

8. DEPARTMENT OF COMMUNITY HEALTH, CARO – Caro Center – Heating System Decentralization
   File No. 391/09064.DCS - Index No. 40000
   That the contract for professional services with DeClemente Siegel Design, Inc., Southfield, Michigan, be increased $26,843.00 on an hourly/direct payroll basis times a multiplier of 2.4 plus reimbursables, to provide continued architectual and engineering services to develop construction documents for the Heating System Decentralization, Caro Center.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional Phases 500, 600, and 700 to complete the Heating System Decentralization project. These additional services include revisions to the pipe routing minimizing the amount of asbestos abatement required and increasing the office and site construction phase activities due to an extended construction schedule.
Benefit
The State will benefit by reducing construction costs and providing the required professional supervision to ensure construction meets the contract documents.
Funding Source
100% Agency Operating Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not obtaining the professional assistance needed to review, implement, and verify the construction elements of this project.

REVISIONS TO CONSTRUCTION CONTRACTS

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lewis Cass Building – 1st and 2nd Floor Renovations
   File No. 071/06080.JRC - Index No. 44101
   HBC Contracting, Lansing; CCO No. 14, Incr. $9,680.45

Purpose/Business Case
The purpose of this change order is to delete office renovation work in select areas, the transfer of required abatement work under this contract to the State abatement contract, the deletion of duct cleaning, additional prep work for epoxy flooring and for east entry door renovations, as well as adding tamper proof switches to the building fire suppression system.
Benefit
The State will benefit by realizing cost savings in deleting portions of the work that no longer reflect agency program needs, correcting previously unknown building conditions, and addressing non-compliant building code issues.

Funding Source
100% Agency Operating Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in renovation work not aligned with agency program requirements and costs not properly reconciled with actual construction work.

10. DEPARTMENT OF TECHNOLOGY, MANAMGEMENT AND BUDGET, DIMONDALE – Energy Center And MSP Training Academy – Resurface Parking Lot
    File No. 071/09486.RMP - Index Nos. 43204/44202
    Rieth-Riley Construction Company, Inc., Big Rapids; CCO No. 1, Incr. $27,200.00

Purpose/Business Case
The purpose of this change order is to resurface additional parking lots and driveways at the MSP Training Academy before winter. Existing parking lots require resurfacing due to cracks, pot holes, and loose gravel.
Benefit
The State will benefit by reducing maintenance costs and improving parking lots and driveway conditions.
Funding Source
100% Building Occupancy Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a letter quote and review by DOT. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continued costly maintenance, further deterioration of the asphalt pavement, and unsafe driving condition.

11. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Health Care Package
    File No. 472/08363.EEW - Index No. 53309
    E & L Construction Group, Flint; CCO No. 6, Incr. $11,619.52

Purpose/Business Case
The purpose of this change order is to renovate Room 101 in the West Administration Building into a waiting room for Mental Health patients, install new exit lights in Bldg K, install new hardware on Door 131, and to install a gypsum board partition over the upper windows in the Quartermaster area of the MSI Building.

Benefit
The State will benefit by increasing the safety and the operational efficiency of the mental health clinic, ensuring the various buildings on the facility are in compliance with State Building Codes, and meet the American Correction Association Standards for health care in prisons that house females.
Funding Source
100% State Building Authority Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in the Bureau of Construction Codes not issuing Occupancy Permits for those areas under renovation.

12. DEPARTMENT OF CORRECTIONS, DETROIT – Ryan Correctional Facility – MSI Janitorial Line Relocation
    File No. 472/09203.EEW - Index No. 02550
    Bernco Inc., St. Clair Shores; CCO No. 5, Incr. $13,964.00

Purpose/Business Case
The purpose of this change order is to resolve a major safety issue concerning the classification of the Hazardous Material Storage room at the newly relocated Janitorial Process Factory in Building 600 at the Ryan Correctional Facility. The scope includes the installation of an explosion proof exhaust fan to ensure positive exhaust from the room should a spill occur. The facility manufacturing process requires the storage of a larger quantity of hazardous materials than previously planned.
Benefit to the State
The State will benefit by eliminating the safety issues concerning the potential of an explosion occurring due to a leak or spill within the Hazardous Material Storage room.
Funding Source
100% State Building Authority Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in DOC having to close this industrial function, requiring DOC to buy janitorial/cleaning materials on the open market.

13. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Video Security Monitoring Room
    File No. 472/09319.EEW - Index No. 29630
    KEO and Associates, Inc., Detroit; CCO No. 1, Incr. $5,948.50

Purpose/Business Case
The purpose of this change order is to change the design to include a second emergency exit from the Data Storage Room, add an auxiliary drain pan to the ceiling mounted ACU-1 unit, enclose a roof drain, change the brick used to enclose the overhead door opening, provide space for servicing valves in the hall way, and add 14 days to the Substantial Completion date. Continuous monitoring of operations within the prison will help alleviate the number of lawsuits being filed based on false testimony about staff to prisoner contact and abuse.
Benefit
The State will benefit by having a secure room for monitoring the daily movements and operations of the staff, prisoners and visitors on a 365/24/7 basis.
Funding Source
100% Agency Operating Fund - GF/GP
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a negative impact on the facility's ability to provide a secure environment for prisoners and staff.

14. DEPARTMENT OF CORRECTIONS, MARQUETTE - Branch Prison - Shingled Roof System at P-Dorm and Services Building
    File No. 472/10036.RAA – Index No. 54720
    Gundlach Champions, Iron Mountain; CCO No. 1 Incr. $17,872.26

Purpose/Business Case
The purpose of this change order is to remove existing deteriorated roofing on the Emergency Response Team building and replace with new shingles and ballasted EPDM.
Benefit
The State will benefit by conserving energy, reducing maintenance costs, and protecting valuable state property stored in the building.
Funding Source
100% Agency Operating Funds – GF/GP
Commitment Level
This price is fixed per bulletin
Risk Assessment
Failure to approve this change order will result in higher maintenance costs and continued deterioration of the wood decking.

15. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Training Center – New Company Headquarters and Barracks
    File No. 511/08008.EEW - Index No. 11619
    Hallmark Construction, Inc., Traverse City; CCO No 2, Incr. $59,389.15

Purpose/Business Case
The purpose of this change order is to revise the door hardware schedule, provide a compressor for the dry pipe fire suppression system, remove a portion of the wall above the arms vaults, improve drainage of the drain pans for the air handling units, install electrical disconnects for all kitchen equipment, and various small modifications to the design to improve operational efficiencies.
Benefit
The State will benefit by maximizing the use of Federal funds to construct and maintain the new structures as well as ensuring the structures are in compliance with the latest State Safety, Building, Health, and Energy Codes.
Funding Source
100% Federal Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in the facility not being issued the occupancy permit and maximizing the use of Federal funds designated for construction projects.

16. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Reserve Forces Service Center – Interior Improvements Phase II
    File No. 511/10188.CAK - Index No. 13957
    HBC Contracting, Lansing; CCO No. 2, Incr. $11,846.97

Purpose
The purpose of this change order is to revise exit routes between the first floor and the basement, provide new window treatments, install new break metal at window heads, patch the wall at elevator, provide signage and key access for fire department, install an alarm device, add soffit, and revise door hardware. These changes will improve exit routes, provide signage and afterhours access for the fire department, and revise door hardware, all of which are required by the Lansing Fire Marshall's field inspection.
Benefit
The State will benefit by improved safety and code compliance.
Funding Source
100% Agency Operating Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment Failure to approve this change order will result in the Occupancy Permit being denied.

17. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, SPARTA AND TRUFANT – Muskellunge Lake and Camp Lake – Reconstruct Two Existing Boat Access Sites
File No. 751/09458.AGY - Index No. 54000
Sandborn Construction, Inc., Portland; CCO No. 1, Incr. $2,900.00

Purpose/Business Case
The purpose of this change order is to remove four existing dead sugar maple trees and replace them with six new sugar maple trees. This work was originally included in the bid documents as an alternate but not accepted to allow funding for contingency items. With construction nearing completion and no unknown additional costs incurred, the agency would like to accept this scope change.
Benefit
The State will benefit by removing the dead and potentially dangerous trees, replacing them with a greater quantity of trees, strategically located.
Funding Source
100% Waterways
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in dead trees remaining on site, posing a threat to the public.

18. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, SOUTH HAVEN – Lakeside Kwik Stop Site – Contaminated Soil Removal
File No. 761/10078.RRD - Index No. 44501
Mackenzie Environmental Services, Inc., Grand Ledge; CCO No. 1, Incr., $50,000.00

Purpose/Business Case
The purpose of this change order is establish an allowance for repairs of the road, associated curbs and gutters, and to extend the contract completion date by eleven calendar days. As the contractor started installing sheet piles along the M-43 roadway, signs of road sub-base failure became apparent. The failure was unexpected and believed to be a result of the sub-base construction. The exact cost and extent of repair cannot be determined until the sub-base is exposed. However, the work must be completed before the asphalt plants close for the season.
Benefit
The State will benefit by completing the soil excavation, road repair activities, and cleaning up the site contamination.
Funding Source
100% Refined Petroleum Fund

Commitment
The change order costs are fixed actual unit costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not completing the excavation of the contaminated soils, therefore risking exacerbation of the health hazard to the public.
November 12, 2010

November 12, 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – MSP St. Joseph Facility – Phase I Renovations
   File No. 071/10043.SJU – Index No. 53311
   Low Responsive Bidder: Midstate Security, Inc. Grandville; $38,887.00

Purpose/Business Case
The purpose of this contract is to provide and install a closed circuit TV (CCTV) monitoring system to the newly renovated areas of the Michigan State Police, Lansing Township Annex (MSP/LTA) facility. This complex will house specialty law enforcement supplies, equipment, gear, and confiscated property that requires mandated 24/7 monitoring. This CCTV system will be monitored by the Michigan Intelligence & Operations Center (MIOC). To maintain the current systems operations, integrity, and continuity, this camera system is recommended to be awarded to Midstate Security Inc.
Benefit
The State will benefit by having a CCTV monitoring system installed at required buildings and rooms within the MSP/LTA complex.
Funding Source
100% State Building Authority Funds
Commitment
This contract cost is fixed based on the submitted quotation. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the inability to provide the mandated 24/7 monitoring of these functions.

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – MSP St. Joseph Facility – Phase I Renovations
   File No. 071/10043.SJU – Index No. 53311
   Low Responsive Bidder: Honeywell Building Solutions, Wixom; $79,430.00

Purpose/Business Case
The purpose of this contract is to provide and install an employee card access and security system to the newly renovated areas of the Michigan State Police, Lansing

Township Annex (MSP/LTA) facility. An employee card access and security monitoring system is required for the operation of this facility. This system will monitor and control personnel access onto the site as well as access to various building and rooms located on this site. This system will be monitored by the Michigan Intelligence & Operations Center (MIOC) located in the MSP Headquarters, which currently utilizes the DTMB managed Honeywell card access and security systems. To maintain the current systems operation, integrity, and continuity, this card access and security monitoring system is recommended to be awarded to Honeywell Building Solutions.

Benefit

The State will benefit by having a security card access and monitoring system installed at required buildings and rooms within the MSP/LTA complex.

Funding Source

100% State Building Authority Funds

Commitment

This contract cost is fixed based on the submitted quotation. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the complex not having the required security to facilitate the proposed operations.

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Install Emergency Alert System
   File No. 511/10337.AGY – Index No. 22000
   Low Responsive Bidder: MKC Group, Inc., Bay City; $134,987.00

Purpose/Business Case

The purpose of this contract is to install a post wide outside emergency alert system. The system will consist of five post mounted sirens, two control points, and all related electrical and communications work. Currently, the site does not have a security alert system to provide security alerts or a means for mass severe weather alerts and notifications.

Benefit

The State will benefit by being able to provide severe weather and security alerts.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in reduced safety and security on this site.

4. DEPARTMENT OF TRANSPORTATION, SAWYER – Sawyer Maintenance Garage – Remove And Replace Roofing
   File No. 591/07260.AGY - Index No. 58508
   Low Responsive Bidder: Thomas Brown and Son Roofing, Bay City; $111,000.00

Purpose/Business Case
The purpose of this contract is to construct covered storage, remove and replace roofing on the main garage, and provide insulation. The covered storage will provide protection from the weather for maintenance equipment. The existing roof is beyond its useful life and requires costly maintenance. The insulation will reduce energy consumption.
Benefit
The State will benefit by extending the useful life of the maintenance equipment, reduced maintenance costs, and increased energy efficiency.
Funding Source
100% State Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this contract will result in continued costly maintenance and increased energy consumption.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, WATERFORD – Emma Milner Property Site – Operation and Maintenance Services
   File No. 777/11030.SAR - Index No. 44701
   That DLZ Michigan, Inc., Lansing, be authorized to use $54,686.70 on a billing rate fee basis plus reimbursables, to provide oversight of O&M contractor services.

Purpose/Business Case
The purpose of this assignment is to provide fourteen months of operation and maintenance (O&M) oversight of the currently operating air sparge/soil vapor extraction (AS/SVE) treatment system and perform groundwater sampling. The objective is to sparge the highly contaminated groundwater areas and treat the extracted vapor. The professional will prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by abating environmental contamination to protect public health and the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number fourteen to the discretionary contract.

Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to oversee the remediation process currently in place to protect the environment.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MARENGO TWP – Baker Oil Site – Limited Investigation and Remediation Services
   File No. 777/11031.SAR - Index No. 44501
   That Weston Solutions, Inc., Okemos, be authorized to use $70,160.00 on a billing rate fee basis plus reimbursables, to provide limited remedial investigation, design, and construction oversight services.

Purpose/Business Case
The purpose of this assignment is to provide limited remedial investigation, design, and construction oversight services. The professional will install nested monitoring wells, prepare bid specifications for limited soil excavation, and provide construction oversight. The tentative remediation includes removing and disposing of petroleum contaminated source area soil and restoring the site. The professional will prepare and submit reports to comply with environmental regulations.
Benefit
The State will benefit by ensuring protection of the environment and complying with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number thirteen to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the environment and comply with environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center, Secondary Governmental Complex – New Cogeneration Project
   File No. 071/10222.DCS - Index No. 02034
   That the contract for professional services with GRP Engineering, Inc., Grand Rapids, be increased $13,856.00 on an hourly/direct payroll basis times a multiplier of 2.0 plus reimbursables, to provide professional engineering and architectual services.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for the development of the required air quality permit submission to the

Department of Natural Resources and Environment for their review and approval. In addition, professional services are required to review and approve shop drawings concerning the pre-purchase equipment assoicated with the Cogeneration Project.

Benefit

The State will benefit by having professionally prepared air quality permit documentation and ensurance that project equipment meet requirements of the contract documents.

Funding Source

91% ARRA
9% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the required professional assistance needed to submit the required air quality permit and review/approval of specific cogeneration equipment.

8. DEPARTMENT OF HUMAN SERVICES, ESCANABA – Bay Pines Center – Installation of Closed Circuit Television System
   File No. 431/09179.JNS - Index No. 53302
   That the contract for professional services with Byce and Associates, Inc., Kalamazoo, be increased $25,251.39 on a billing rate basis plus reimbursables, to provide additional design and construction administration services.

Purpose/Business Case

The purpose of this modification is to provide professional construction oversight services related to the extension of the construction contract and to provide design services necessary to add a second air conditioning system to the Bay Pines Center Server Room. This is necessary to maintain space temperatures as recommended by the Closed Ciruit Television System equipment supplier.

Benefit

The State will benefit by having professional oversight of the construction contractor and by providing bulletin documents for the additional required air conditioning unit.

Funding Source

100% State Building Authority Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not obtaining the necessary professional bulletin documents and construction contractor oversight.

9. DEPARTMENT OF CORRECTIONS, FREESOIL – Camp Sable – Wastewater Treatment Plant – Phase I
   File No. 472/03142.EEW - Index No. 28280

That the contract for professional services with Moore & Bruggink, Inc., Grand Rapids, be increased $33,623.20 on an hourly/direct payroll basis times a multiplier of 2.94 plus reimbursables, to provide professional engineering and testing services.

Purpose/Business Case
The purpose of this modification is to provide professional engineering and testing services to sample and test the groundwater in and around Camp Sable for potential contamination caused by the Camp's wastewater treatment facility, as requested by the Department of National Resources and Environment (DNRE)
Benefit
The State will benefit by having a professional firm, with qualified staff, perform the sampling and testing of the groundwater and to prepare the required reports.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in the Department of Corrections not meeting the Clean Water provisions of the Michigan Environmental Quality Act subjecting them to fines by the DNRE and lawsuits by the general public.

10. DEPARTMENT OF CORRECTIONS, ADRIAN - Gus Harrison Correctional Facility - Roadway and Fencing Consolidation
File No. 472/09482.RMP - Index No. 24590
That the contract for professional services with Soil and Material Testing Engineers, Inc., Plymouth, be increased $2,868.84 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables, to provide additional architectural/engineering services.

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services for additional soil compaction, asphalt, and concrete testing due to field conditions.
Benefit
The State will benefit by receiving professional material testing services to maintain quality control.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in the State not obtaining quality control/material testing services necessary to ensure compliance with the contract documents.

11. DEPARTMENT OF STATE POLICE, CAMBRIDGE JUNCTION Cambridge Weigh Station – New Static Deck
File No. 551/08399.CAK - Index No. 36215
That the contract for professional services with Soil and Materials Engineers, Inc., Lansing, be increased $3,100.00 on a lump sum fee basis plus reimbursables, to provide testing services

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services for soil bearing pressure and concrete strength.
Benefit
The State will benefit by confirming soil bearing pressure at the site and concrete material used is adequate to support loaded trucks.
Funding Source
100% State Trunkline Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining quality control/material testing services necessary to ensure compliance with the contract documents.

12. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, FLUSHING – Central Distributing Site – Groundwater Monitoring
File No. 761/10121.SAR - Index No. 44801
That the contract for professional services with Environmental Consulting & Technology, Inc., Lansing, be increased by $47,610.88 on a billing rate basis, plus reimbursables, to provide quarterly groundwater monitoring, sampling, and reporting.

Purpose/Business Case
The purpose of this modification is to continue quarterly groundwater monitoring, sampling, and reporting services and extend the contract completion date a total of 426 days. This site is a former automotive service station. The monitoring effort will include depth to groundwater measurements in monitor wells and river stage measurements for the Flint River which borders the site to the west. Reporting requirements will be as required to comply with environmental regulations.
Benefit
The state will benefit by monitoring the conditions at this site necessary to protect the environment and comply with environmental regulations.

Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not having monitoring data necessary to protect the environment and comply with environmental regulations.

13. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, CALHOUN COUNTY Enbridge Spill/Tamidge Creek/Kalamazoo River Site – Technical Support Services
    File No. 761/10403.SAR - Index No. 44501
    That the contract for professional services with Weston Solutions, Inc., Okemos, be increased $120,000.00 on a billing rate basis plus reimbursables, to provide additional technical support services.

Purpose/Business Case
The purpose of this modification is to provide additional technical support services for the ongoing Enbridge Oil Spill (EOS) in Marshall Township. The professional will provide additional field oversight assistance, sampling, data management, technical and regulatory reviews of Enbridge documents, and participation in EOS meetings. The professional will compile data, prepare, and submit activity reports to the agency.
Benefit
The State will benefit by ensuring protection of the environment and compliance with environmental regulations.
Funding Source
100% Cleanup and Redevelopment Fund
Commitment
The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to oversee the cleanup activities implemented to comply with environmental regulations and protect the environment.

14. DEPARTMENT OF AGRICULTURE, EAST LANSING – Geagley Laboratory – Motor Fuel Quality Facility HVAC Upgrades
    File No. 791/10286.RAN - Index No. 60413
    That the contract for professional services with Century A & E Corporation, Grand Rapids, be increased $70,800.70 on an hourly/direct payroll basis plus reimbursables, to provide additional design and construction contract administration services.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering design services and construction contract administration for upgrades to the Motor Fuel Quality Testing Laboratory.
Benefit
The State will benefit by having professionally prepared bidding documents and PSC construction oversight.
Funding Source
100% Motor Fuel Quality Gasoline Testing Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining documents necessary for the competitive bidding process.

REVISIONS TO CONSTRUCTION CONTRACTS

15. DEPARTMENT OF HUMAN SERVICES, ESCANABA – Bay Pines Detention Center – Install CCTV System
    File No. 431/09179.JNS - Index No. 53302
    Mechanical Controls & Maintenance Inc., Sterling Hts.; CCO No. 3, Incr. $5,547.27

Purpose/Business Case
The purpose of this change order is to provide four uninterrupted power supply units capable of providing adequate power during power outages in the server room. This work will ensure continued security in the event of a power outage.
Benefit
The State will benefit by providing proper power requirements to the camera security system servers allowing for uninterrupted service in the event of a power outage
Funding Source
100% State Building Authority Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor. The amount of the contract change is within the authorized budget.
Risk Assessment
Failure to approve this change will result in the inability to monitor security issues when the power service is interrupted.

16. DEPARTMENT OF CORRECTIONS, YPSILANTI – Huron Valley Women's Correctional Facility – Reception and Guidance Center (RGC) Renovations
    File No. 472/09076.EEW - Index No. 53297
    Bernco, St. Clair Shores; CCO No. 7, Incr. $607.00

Purpose/Business Case
The purpose of this change order is to fund the relocation of fire suppression pipe hangers in Housing Units 1 and 3 at the Women's Huron Valley Correctional Facility due to the conflicts with the ventilation ducts in the area of the elevators. This change order is the result of a negotiated settlement with the contractor.
Benefit
The State will benefit by ensuring the facility complies with the latest American Correctional Association (ACA) Guidelines concerning security in a women's detention facility and the State Fire Safety Code and avoiding further legal action.
Funding Source
100% State Building Authority
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential future litigation.

17. DEPARTMENT OF CORRECTIONS, MUSKEGON – West Shoreline Correctional Facility – Relocate Modular Unit
    File No. 472/10237.RMP - Index No. 04410
    DAV Carrier Group, LLC, Hickory Corners; CCO No. 1, Incr. $18,418.97

Purpose/Business Case
The purpose of this change order is to relocate four section modular units from Huron Valley Correctional Facility to Jackson Regional Facility. These units are no longer needed at Huron Valley and will provide required storage at Jackson Regional.
Benefit
The State will benefit by reusing these existing units and saving the cost of construction for the required storage at Jackson Regional.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to letter quote. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in additional costs.

18. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – CIED Roadway
    File No. 511/09060.AGY - Index No. 21000
    Graham Construction, Inc., Saginaw; CCO No. 1, Incr. $545.56

Purpose/Business Case
The purpose of this change order is to provide a topographical survey to be used in future development planning at this area of the camp.

Benefit
The State will benefit by having the survey completed for future development.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in the inability of the agency to implement future development.

19. DEPARTMENT OF TRANSPORTATION, PONTIAC – Pontiac Transportation Terminal – New Terminal Building
    File No. 591/09209.RAN - Index No. 30125
    B & B Construction Services, LLC, St. Clair Shores; CCO No. 1, Incr. $5,837.01

Purpose/Business Case
The purpose of this change order is to remove existing light poles, concrete piers, and excess excavated earth, which are potentially delaying the construction of the new terminal building.
Benefit
The State will benefit by these site issues being resolved and the contractor being able to proceed with construction of the terminal building.
Funding Source
100% Federal Comprehensive Transportation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the contractor being unable to proceed with construction of the New Terminal Building.

20. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, HOUGHTON - Gooseneck Creek - Bridge Replacement
    File No. 751/06282.RAA - Index No. 74300
    Industrial Maintenance Services, Inc.; CCO No. 1, Incr. $11,841.49

Purpose/Business Case
The purpose of this change order is to revise the bridge location, provide associated dredging as required to avoid interference with a previously unknown AT&T manhole and to extend the steel H-pile depths to meet required bearing capacities, as directed by the engineer.

Benefit
The State will benefit by avoiding interference with the existing fiber optic manhole and providing H piling splices to meet all current bridge design standards.
Funding Source
100% Restricted Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the greater costs of relocating the existing fiber optic cable, the lack of bearing capacity necessary to meet bridge erection standards, and the continued loss of access to the state managed trail system.

November 19, 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF COMMUNITY HEALTH, LANSING – State Laboratory – Laboratory 201 Electrical Upgrades
   File No. 391/11011.DCS - Index No. 76210
   Low Responsive Bidder: B & D Electric, Inc., Lansing; $14,460.00

Purpose/Business Case
The purpose of this contract is to provide and install new electrical circuits to support laboratory equipment and owner furnished UPS's within Laboratory 201. The work will include minor modifications to existing Electrical Room 202B with new wire, conduits, electrical transformer, and fused disconnects to complete the new service.
Benefit
The State will benefit by having a professionally installed, code compliant, electrical service upgrade within the State Laboratory.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the agency not having the required electrical service to support their testing requirements.

2. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, SHIAWASSEE – Shiawassee State Game Area – Radial Gates Erosion Control Measures
   File No. 751/08274.BDW – Index No. 86930
   Low Responsive Bidder: Porath Contractors, Inc., Houghton; $247,395.00

Purpose/Business Case
The purpose of this contract is to repair downstream erosion of the channel, which has jeopardized the structural integrity of the water level control structures.
Benefit
The State will benefit by protecting the structural integrity of the water level control structure and reducing erosion of the outlet channel.
Funding
100% State Game and Fish Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued erosion of the outlet channel and loss of structural support of the radial gate structure.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MEARS – Silver Lake State Park – Boat Access Site / Day Use Design Study
   File No. 751/10373.JAN - Index No. 56060
   Recommended Responsive Proposal: Beckett & Raeder, Inc., Ann Arbor; $12,800.00

Purpose/Business Case
The purpose of this contract is to provide architectural and engineering services for a design study of the day use area and schematic design of the proposed boat access site.
Benefit
The State will benefit by having professional prepared plans and specifications for the construction bidding process.
Funding Source
100% Park Improvement Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued inadequate resources for public use.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MIKADO – Mikado Total (Paragon Metal Works) Site – Investigation and Contamination Removal
   File No. 777/11045.SAR – Index No. 44351
   That AECOM of Michigan, PC, Lansing, be authorized to use $169,477.06 on a billing rate fee basis plus reimbursables, to provide limited investigation and oversee contamination removal activities.

Purpose/Business Case
The purpose of this assignment is to provide limited investigation and contamination removal. The professional will prepare bid specifications and oversee demolition of existing structures, excavation, and disposal of contaminated soil and groundwater.
Benefit
The State will benefit by ensuring protection of the environment and comply with environmental regulations.
Funding
100% Refined Petroleum Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eight to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the environment and comply with environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Williams, VanWagoner, and Austin Buildings – Secondary Breaker Overhaul and 480v Switchgear Refurbishment
   File No. 071/05266.JNS – Index No. 53164
   That the contract for professional services with Century A & E, Grand Rapids, be increased $20,165.00 on a billing rate fee basis plus reimbursables, to provide additional third party inspection services from Underwriter's Laboratory as a subcontract to Century A & E as required by the State of Michigan, Department of Energy, Labor and Economic Growth, Bureau of Construction Codes, Electrical Division.

Purpose/Business Case
The purpose of this modification is to provide for third party inspection of breaker overhauls and switchgear refurbishment through Underwriters Laboratory as required by the State of Michigan, Department of Energy, Labor and Economic Growth, Bureau of Construction Codes, Electrical Division for finalization of electrical permits and Certificates of Occupancy.
Benefit
The State will benefit by ensuring compliance with the State Electrical Code.
Funding Source
100% State Building Authority Fund
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in final permits and Certificates of Occupancy not being issued.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, OTSEGO – Otsego Dam And Trowbridge Dam – Safety Inspection
File No. 751/08346.HRB - Index No. 87710
That the contract for professional services with Soil and Materials Engineers, Inc., Lansing, be increased $1,200.00, on an hourly/direct payroll basis times a multiplier of 2.70 plus reimbursables, to assess continued deterioration of the dams.

Purpose/Business Case
The purpose of this modification is to provide architectural/engineering services to provide additional inspection at the dams to address recent changes in condition and identify methods for DNRE staff to collect rate of failure information for the Otsego Dam. DNRE plans to remove the dams, but cannot do so until the U.S. Environmental Protection Agency (USEPA) conducts sediment cleanup activities.
Benefit
The State will benefit by knowing the condition of the dams, being aware of potential emergency repairs, and assisting agency coordination of priorities for the USEPA sediment clean-up efforts.
Funding Source
100% DNRE Fish and Game Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not knowing rate of failure information of the dams and reduced data to support efforts to encourage EPA to move cleanup efforts higher up the priority list, at these segments of the river.

7. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, KALAMAZOO AND ALLEGAN COUNTIES – Kalamazoo River NRDA Site – Natural Resource Damage Assessment for the Kalamazoo River.
File No. 761/08184.SAR – Index No. 45865
That the contract for professional services with Stratus Consulting, Inc., Boulder, CO, be increased $77,796.90 on a billing rate fee basis plus reimbursables, to provide additional technical support services.

Purpose/Business Case
The purpose of this modification is to provide additional technical support services for the Enbridge Oil Spill (EOS). The agency needs the assistance of the professional to perform additional assessment of the river, settlement negotiations, and public outreach efforts for the site. The professional will compile data, prepare, and submit activity reports to the agency.
Benefit
The state will benefit by ensuring protection of the environment and comply with environmental regulations

Funding Source
100% Environmental Protection Bond Fund
Commitment
The professional services contract modification will be paid on a billing rate fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance for conducting natural resource damage assessment needed to comply with the environmental regulations and protect the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Removal and Replacement of Existing Earthen Berms
   File No. 511/09413.SAR – Index No. 44303
   L.D. Dosca Associates, Inc., Kalamazoo; CCO No. 1, Incr. $64,420.50

Purpose/Business Case
The purpose of this change order is to adjust the contract quantities to match the actual site measured quantities and extend the contract completion date by 156 calendar days. The contractor removed and replaced the existing earthen berms and disposed of contaminated soil. The contractor was required to segregate lead fragments from clean material and restore the berms. However, the soils did not contain lead in significant amounts available for recovery and recycling as anticipated, which affected the disposal costs.
Benefit
The State will benefit by removing source of contamination and abating the environmental health hazard to protect public health and the environment.
Funding Source
100% National Guard Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order would result in leaving contaminated soil on site, therefore violating environmental regulations.

9. DEPARTMENT OF TRANSPORTATION, L'ANSE - L'Anse Maintenance Garage - Renovations
   File No. 591/09210.RAA – Index Nos. 30125, 30148
   Yalmer Matilla Contracting, Houghton; CCO No. 7, Incr. $6,253.82

Purpose/Business Case
The purpose of this change order is to modify the electrical/mechanical system to provide proper power, equipment location, and door security for enhanced facility operations and reduce future maintenance and operational costs.
Benefit
The State will benefit by reduced maintenance costs and enhanced facility security.
Funding Source
100% State Trunkline Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in increased maintenance costs and reduced security.

10. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Southfield Bus Terminal – Toilet Room Renovation
    File No. 591/10132.AGY - Index No. 75600
    Above the Rest General Construction, Inc., Southfield; CCO No. 1, Incr. $485.00

Purpose/Business Case
The purpose of this change order is to remove and replace the existing, inoperable main water valve. During construction it was determined the valve did not operate properly and requires replacement.
Benefit
The State will benefit by having functional restrooms and control of the main water supply.
Funding Source
100% State Trunkline Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the facility not having an operable water shut-off valve.

11. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BAY CITY –Tobico Marsh Trail - Trail Improvements
    File No. 751/10404.AGY – Index No. 54270
    MKC Group, Inc., Bay City; CCO No. 1, Incr. $1,770.00

Purpose/Business Case
The purpose of this change order is to provide for an additional 5' x 80' of geotextile and riprap and extend the contract completion date from November 15 to November 30, 2010. The additional geotextile and riprap will provide for stability of the trail and help

prevent future animal damage to the embankment. The contract extension will provide adequate time required for the contractor to complete the extra required scope change.

Benefit

The State will benefit by controlling erosion and protecting the embankment from damage.

Funding Source

100% Restricted Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in continued erosion and damage to the embankment.

CONTRACT CHANGE ORDER

12. DEPARTMENT OF HUMAN SERVICES, WARREN - CCO #1 for Lease #2259 approved by the State Administrative Board on May 6, 1997, between Macomb County, as Lessor, and the State of Michigan by the Department of Management and Budget for the Department of Human Services, as Lessee. This CCO provides for architectural and engineering services, as requested by the Department of Human Services at a cost not-to-exceed $4,044. The space is located at 27650-27690 Van Dyke, Warren, Michigan 48093

Purpose/Business Case

The purpose of this CCO is to pay the County for the cost incurred to hire an architect and engineer to obtain costs for renovations.

Benefit

This CCO allows the Department to reimburse the Lessor for the expense to hire architectural services to estimate the cost of renovations.

Funding Source

55% General Purpose Fund
45% General Fund

Commitment Level

Present through July 31, 2018; however, this Lease contains a Standard cancellation clause with 90-days notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from honoring their commitment to pay for the architectural and engineering services.

13. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, LANSING - CCO #3 for Lease #7158 approved by the State Administrative Board on July 19, 1998, between Gentilozzi Real Estate & Management Company, subsequently assigned to Victor II Partnership, as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of

Energy, Labor and Economic Growth, as Lessee. This CCO provides for adding electrical receptacles, as requested by the Department of Energy, Labor and Economic Growth at a cost not-to-exceed $343.20. The space is located at 201 N. Washington Square, Lansing, MI 48933

Purpose/Business Case
The purpose of this CCO is to add three electrical receptacles to the Commission for the Blind, snack shop on the first floor of the Victor Building, allowing for electrical power to a new coffee brewer.
Benefit
This CCO allows the Commission for the Blind vendor to provide coffee services for meetings as well as individual consumption and will increase their profitability.
Funding Source
100% Federal Funds
Commitment Level
Present through January 31, 2020; however, this Lease contains a Legislative Restrictive cancellation clause with 180-days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from being able to provide electrical supply to their new coffee maker and from providing coffee service for meetings and individual consumption. It will also negatively impact the vendors profitability and inconvenience tenants of this building.

CORRECTIONS

14. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MARENGO TWP – Baker Oil Site – Limited Investigation and Remediation Services
File No. 777/11031.SAR - Index No. 44501
That Weston Solutions, Inc., Okemos, be authorized to use $142,147.00 on a billing rate fee basis plus reimbursables, to provide limited remedial investigation, design, and construction oversight services.

Purpose/Business Case
This change order was previously submitted and approved on November 12, 2010, for $70,160.00. The corrected amount is $142,147.00. The purpose of this assignment is to provide limited remedial investigation, design, and construction oversight services. The professional will install nested monitoring wells, prepare bid specifications for limited soil excavation, and provide construction oversight. The tentative remediation includes removing and disposing of petroleum contaminated source area soil and restoring the site. The professional will prepare and submit reports to comply with environmental regulations.
Benefit
The State will benefit by ensuring protection of the environment and complying with environmental regulations.
Funding Source
100% Refined Petroleum Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number thirteen to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the environment and comply with environmental regulations.

15. DEPARTMENT OF CORRECTIONS, MUSKEGON – West Shoreline Correctional Facility – Relocate Modular Unit
File No. 472/10237.RMP - Index No. 04410
DAV Carrier Group, LLC, Hickory Corners; CCO No. 1, Incr. $28,418.97

Purpose/Business Case
This change order was previously submitted and approved on November 12, 2010, for $18,418.97 the corrected amount is $28,418.97. The purpose of this change order is to relocate four section modular units from Huron Valley Correctional Facility to Jackson Regional Facility. These units are no longer needed at Huron Valley and will provide required storage at Jackson Regional.
Benefit
The State will benefit by reusing these existing units and saving the cost of construction for the required storage at Jackson Regional.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to letter quote. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in additional costs.

December 3, 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TRANSPORTATION, CLARE – Welcome Center – Install Insulation
File No. 591/10407.AGY - Index No. 30125
Low Responsive Bidder: Ripman Construction Company, Inc., St. Helen; $46,981.00.

Purpose/Business Case
The purpose of this contract is to install insulation in the attic space of the welcome center. This work will increase energy efficiency of the facility.
Benefit
The State will benefit by reduced operating costs.

Funding
100% Trunkline Fund
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in continued inefficiency and high energy costs.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET, FLINT - Flint State Office Building – Chiller Replacement
   File No. 071/10504.MNB - Index No. 11723
   Recommended Responsive Proposal: Engineering Applications EAI, LLC, East Lansing; $42,340.55

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design services necessary to obtain contract documents to replace the chiller and cooling tower. The existing equipment is beyond its useful life and does not operate efficiently.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process.
Funding
100% Building Occupancy Fund
Commitment
The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in not having professionally prepared plans necessary for bidding.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility - Food Service Additions and Renovations
   File No. 472/04262.EEW - Index No. 00273
   That the contract for professional services with Professional Services Industries, Inc, Plymouth, be increased $96,561.25 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, to provide additional quality control and testing services.

Purpose/Business Case
The purpose of this modification is to provide additional compaction testing for concrete flat work, installation of masonry walls, utility tunnels, overtime pay for work performed on weekends, and the cost for ground penetrating radar to verify the placement of rebar in masonry walls and columns in the kitchen area.
Benefit
The State will benefit by having quality control/testing services performed ensuring all construction meets the requirements of the contract documents and the State Building Code.
Funding Source
100% State Building Authority Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the state not ensuring the work complies with the contract documents.

4. DEPARTMENT OF CORRECTIONS, JACKSON – Egeler Reception and Guidance Center – South Perimeter Fence/Security Enhancements
   File No. 472/09133.EEW - Index No. 20130
   That the contract for professional services with Beckett & Raeder, Ann Arbor, be increased $1,444.40 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, for additional professional architectural and engineering services to handle scope changes as the result of unforeseen site conditions and agency requested changes.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services to develop a solution of securing the roof of cell block 4, preventing damage to existing underground utilities, and provide maintenance/accessibility space around manholes lying near or between the new fences.
Benefit
The State will benefit by having professionally prepared contract documents for competitive construction bids and contract administration services through final completion and turn over to the agency.
Funding Source
100% Agency Operating Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in the facility not meeting the latest security and safety standards for a Level V (High Security) facility.

5. DEPARTMENT OF CORRECTIONS, YPSILANTI – Huron Valley Women's Correctional Facility – Huron Valley Construction Testing Services
File No. 472/09147.EEW - Index No. 29630
That the contract for professional services with Professional Services Industries, Inc., Troy, be increased $9,196.38 on an hourly/direct payroll basis times a multiplier of 2.50 plus reimbursables, to provide professional testing and quality control services.

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services during construction of the MSI Factory including shallow foundation inspections, soil density, structural steel, masonry, and concrete strength testing.
Benefit
The State will benefit by having quality control/testing services performed to ensure all construction meets the requirements of the contract documents and the State Building Code.
Funding Source
100% Agency Operating Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the state not ensuring the work complies with contract documents.

6. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Infantry Squad Battle Course
File No. 511/09152.CAK - Index No. 21000
That the contract for professional services with Fleis & VandenBrink Engineering, Inc., Traverse City, be increased $15,354.60 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables, to provide additional design services.

Purpose/Business Case
The purpose of this modification is to provide additional field survey services to maintain the schedule which was delayed by unrelated logging operations, and the printing and plan review costs exceeding contract allowances.
Benefit
The State will benefit by maintaining the construction schedule, having adequate plans available for contractors, and meeting plan review obligations.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in increased costs and contract delays.

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, VARIOUS – Various Sites – Environmental Compliance Services
   File No. 511/09419.SAR - Index No. 22000
   That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $21,344.96 on a billing rate basis plus reimbursables, to provide response to MDNRE comments on closure documents submitted for the Lansing USPFO/CSMS facility.

Purpose/Business Case
The purpose of this modification is to provide environmental compliance services at the Lansing Complex Areas No. 2 and No. 3. The professional will prepare a restricted covenant for Area No. 2, prepare revised remedial action plans for Areas No. 2 and No. 3 for submission to the agency.
Benefit
The State will benefit by ensuring compliance with environmental regulations.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed for the restricted covenant necessary to comply with environmental regulations.

8. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission For The Blind Training Center – HVAC & Energy Upgrades And Renovation
   File No. 641/10191.BDW - Index Nos. 36401 and 36402
   That the contract for professional services with M.C. Smith Associates and Architectural Group, East Grand Rapids, be increased $41,619.70 on a billing rate basis, plus reimbursables, to provide architectural and engineering services.

Purpose/Business Case
The purpose of this modification is to increase the scope of the original contract to include design of lighting, electrical power, upgrade of the roof structure for new mechanical equipment, data cable, new security system, acoustic pickup systems, and associated construction oversight.
Benefit
The State will benefit by obtaining the required bid documents necessary to obtain contractor pricing of this work.
Funding Source
35% Federal Fund - Rehabilitation Services Administration
26% Federal Fund - American Rehabilitation & Recovery Act

24% Private Grant
15% General Fund

Commitment

The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the documents necessary for bidding.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, ROSEVILLE – Action Auto Site – Investigation and Free Product Recovery
   File No. 761/09263.SAR - Index No. 44701
   That the contract for professional services with Gannett Fleming of Michigan, Inc., New Boston, be increased $23,425.79 on a billing rate basis plus reimbursables, to provide additional subsurface investigation and conduct a feasibility study.

Purpose/Business Case

The purpose of this modification is to provide additional subsurface investigation and conduct a feasibility study. The professional will advance fifteen soil borings, install six temporary monitoring wells, collect soil and water samples, and prepare a feasibility study report. The additional work is needed to comply with the environmental regulations.

Benefit

The State will benefit by complying with regulations ensuring protection of the environment.

Funding Source

100% Refined Petroleum Fund

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional services needed to protect the environment and comply with regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

10. DEPARTMENT OF COLLEGES AND UNIVERITIES, ROSCOMMON – Kirtland Community College – Campus Wide Water Well System
    File No. 332/09028.HRB - Index No. 52484
    Ripman Construction Company, Inc, St. Helen; CCO No. 1, Incr. $20,142.68

Purpose/Business Case

The purpose of this change order is to install three (3) insertion valves into the existing main campus water distribution system.

Benefit
The State (Community College) will benefit by being able to isolate components of the water distribution system in the event of a problem, thereby limiting the number of buildings impacted by a shut-down.
Funding Source
50% State Building Authority Fund
50% Community College
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the necessity to shut down the entire campus' water distribution system in the event of a problem.

11. DEPARTMENT OF CORRECTIONS, ADRIAN – Gus Harrison Correctional Facility – Roadway And Fencing Consolidation
    File No. 472/09482.RMP - Index No. 24590
    Finish Line Construction, Carleton; CCO No. 2, Incr. $1,526.62

Purpose/Business Case
The purpose of this change order is to remove unsuitable soils and replace with aggregate and fabric, install additional concrete between road curb and sidewalk to reduce erosion, replace asphalt pavement to improve drainage, and install new watt stopper electrical relays. This work is required as a result of unknown field conditions.
Benefit
The State will benefit by correcting the sub grade for the new roads, improving storm drainage, and reducing the possibility of flooding.
Funding Source
100% Agency Operating Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the existing conditions remaining, compromising the structural integrity of the new road.

12. DEPARTMENT OF CORRECTIONS, ST. LOUIS – Mid Michigan Correctional Facility – Fire Protection Sprinkler Installation
    File No. 472/10075.RMP - Index No. 18010
    Kares Construction Company, Inc., Charlotte; CCO No. 2, Incr. $2,324.00

Purpose/Business Case
The purpose of this change order is to install a check valve ahead of the fire protection reduced pressure backflow preventor. The check valve and backflow preventor will lock in higher system pressure preventing the release of water into the facility.
Benefit
The State will benefit by improved health and safety.
Funding Source
100% Agency Operating Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the potential for the release of water into the facility creating health and safety issues.

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Reserve Forces Service Center – Interior Improvements Phase 2
    File No. 511/10188.CAK - Index No. 13957
    HBC Contracting, Lansing; CCO No. 3, Incr. $13,578.36

Purpose/Business Case
The purpose of this change order is to delete two doors, provide additional light fixtures, coordinate fixture layout with sprinkler heads, test existing material for asbestos, revise conduit size, cable tray locations, and signage, and add protective finish material below electric hand dryers. This work is required to eliminate conflicts between the layout of the sprinkler system and lighting/electrical cable trays, confirm existence of hazardous materials for safe removal, have new signage match existing, and lower maintenance costs by protecting wall finishes under hand dryers.
Benefit
The State will benefit by improved system operations, safety, and reduced maintenance costs.
Funding Source
100% Agency Operating Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in additional costs to install the sprinkler lines, maintenance costs, and potential safety issues.

14. DEPARTMENT OF STATE POLICE, POWERS – Powers Weigh Station – New Static Deck
    File No. 551/08402.CAK - Index No. 36281
    Alfredson Brothers Construction Co., Menominee; CCO No. 1, Incr. $26,256.31

Purpose/Business Case
The purpose of this change order is to add variable message signs to the project scope and repair existing foundation, countertops, and gutters. This work is required to improve operational efficiency and structural integrity of the facility.
Benefit
The State will benefit by improving operations and extending the life of the facility.
Funding Source
100% Trunkline Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in slow-downs in the weighing process, leading to traffic back-ups, and the continued deterioration of the building foundation.

15. DEPARTMENT OF TRANSPORTATION, BENTON HARBOR – Coloma Maintenance Garage – New Wash Bay
File No. 591/06324.AGY - Index No. 30125
Jarmco Corporation, St. Charles; CCO No. 1, Incr. $1,463.20

Purpose/Business Case
The purpose of this change order is to install exterior emergency lighting above the egress doors. This work will bring the means of egress up to code.
Benefit
The State will benefit by ensuring code compliance.
Funding Source
100% Trunkline Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the facility not obtaining a certificate of Occupancy from DELEG.

16. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, EAST LANSING – Rose Lake Field Office – Bituminous Surfacing
File No. 751/09534.AGY - Index No. 69230 Michigan Paving & Materials Company, Grand Rapids; CCO No. 1, Incr. $512.32

Purpose/Business Case
The purpose of this change order is to provide asphalt density testing and to add sixty (60) days to the substantial completion date. The testing is required to ensure the new paving meets the contract requirements and the extension is the result of a delay in the award of the contract.

Benefit
The State will benefit by ensuring the quality of the new parking lot paving as well as adjusting the completion date to correspond with the actual award date.
Funding Source
50% Forest Development Fund
50% Game & Fish Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the state not ensuring the work complies with contract documents and not allowing the contractor sufficient time to complete the project.

CONTRACT CHANGE ORDER

17. DEPARTMENT OF STATE, ROCHESTER HILLS - CCO No. 2 for Lease No. 7354 approved by the State Administrative Board on September 6, 2005, between Santia Family-Crooks Corner, LLC, as Lessor, and the State of Michigan by the Department of Management and Budget for the Department of State, as Lessee. This CCO provides for branch office renovations, as requested by the Department of State at a cost not-to-exceed $18,188.85. The space is located at 2250 Crooks Rd., Rochester Hills, MI 48309

Purpose/Business Case
The purpose of this CCO is to expand the lobby to alleviate overcrowding of customers waiting for service at this branch office.
Benefit
This CCO allows for an expansion of the lobby waiting area to accommodate the increased number of customers due to the consolidation of two branch offices.
Source of Funds
56.4% Transportation Administration Collection Funds
33.9% General Fund
4.1% Driver Fees
4.1% Parking Ticket Court Fines
1.2% Auto Repair Facilities Fees
0.3% Expedient Services Fees
Commitment Level
Present through December 31, 2020; however, this Lease contains a standard cancellation clause with 90-days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from providing services in compliance with the Michigan Vehicle Code, Act 300 of 1949, 257.205.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – MDOT Construction and Technology Building – Bituminous Laboratory HVAC Study and Upgrade
   File No. 071/10503.JNS - Index No. 44210
   That Byce and Associates, Inc., Kalamazoo, be authorized to use $78,264.08 on an hourly basis times a multiplier of 2.5 plus reimbursables, to provide study, preliminary and final design, and construction administration services.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for study, preliminary and final design, and construction administration services for upgrades to the Bituminous Laboratory HVAC System. The existing system is 35 years old, requires costly maintenance, and is not energy efficient.
Benefit
The State will benefit from this assignment by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Building Occupancy Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number three to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the necessary documents for the bid process.

2. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE – Woodland Correctional Facility – Huron Centers Roof Replacement
   File No. 472/11027.RMP - Index No. 64060
   That David Milling, Inc., Ann Arbor, be authorized to use $20,589.00 on a billing rate fee basis plus reimbursables, to provide architectural and engineering services for phase 500, 600, and 700.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services to prepare plans and specifications and construction administration services for the roof replacement. The existing roof is beyond its useful life and will require costly on-going maintenance.
Benefit
The State will benefit by receiving professionally prepared plans and specifications for the competitive bidding process.

Funding Source
100% Agency Operating Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the necessary documents for the bidding process.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING - Bioport Site - Underground Storage Tank Closure
   File No. 071/07080.SAR - Index No. 11718
   That the contract for professional services with ATC Associates, Inc, Novi, be increased $15,947.38 on an hourly/direct payroll basis times a multiplier of 2.66 plus reimbursables, to provide additional soil sampling, analyses, and construction oversight services

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional soil sampling, analyses, and construction oversight services due to unknown field conditions.
Benefit
The State will benefit by ensuring compliance with environmental regulations and protection of the environment.
Funding Source
100% Building Occupancy Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional services to complete the remediation needed for protection of the environment and compliance with environmental regulations.

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS CITIES – Various Facilities – Facility Condition Assessments
   File No. 071/09150.JNS - Index No. 43000
   That the contract for professional services with MACTEC Engineering and Consulting, Inc. Facility Lifecycle Group, Kennesaw, Georgia, be increased $47,037.00 on an hourly/direct payroll basis times a multiplier of 2.6 plus reimbursables, to provide migration of DTMB data and expantion of the software license and maintenance support agreement

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for migration of DTMB data from its MAXIMO database into Vertex and to expand the Vertex software license and maintenance support agreement to raise the limitation of the current 5.2 million square feet of data managed for DTMB buildings up to 6 million square feet effective, December 1, 2010, and up to 8 million square feet effective August 1, 2011.
Benefit
The State will benefit by having a readily accessible database, containing a comprehensive inventory and condition analysis of our State facilities, with software that will assist the DTMB Operations Division in budget planning.
Funding Source
100% Building Occupancy Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the Department of Technology, Management and Budget making decisions on the maintenance of buildings that may not represent the best use of operations dollars and may not provide the greatest return on investment.

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Lake Superior Hosting Center, Secretary of State Office Building – HVAC and Power Renovations
   File No. 084/07096.SJU - Index No. 85702
   That the contract for professional services with Engineering Applications EAI, LCC, East Lansing, be increased $36,544.31 on a billing rate basis plus reimbursables, to provide additional phase 500 and 700 professional services.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for changes and additions to the design that were the result of both unknown construction conditions and computer/server equipment changes during the course of construction. These changes will also result in the need to provide additional Phase 700 construction adminstration and field services by the design professional.
Benefit
The State will benefit by having professionally prepared construction documents and construction field and administrative services.
Funding Source
100% Agency Operating Fund
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in the State not have professionally prepared construction documents and construction field services.

6. DEPARTMENT OF COMMUNITY HEALTH, LANSING – State Laboratory – Newborn Screening Laboratory Remodel
   File No. 391/10012.DCS - Index No. 76220
   That the contract for professional services with Century A&E, Grand Rapids, be increased $10,350.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, to provide professional design services.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for the development of construction and bidding specification documents and drawings to modify the existing Biosafety Laboratory Suite 105 and Laboratory Suite 201 to meet new testing requirements.
Benefit
The State will benefit by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Agency Operating Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the necessary documents for the bid process.

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND RAPIDS – Grand Rapids Home for Veterans – Nurse Call System
   File No. 511/09444.CAK - Index No. 64000
   That the contract for professional services with Schley Architects, Inc., Kalamazoo, be increased $1,280.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables, to provide professional design services.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering design and construction administration services for the addition of bed exit jacks to the second, third, and fourth floor of the McLeish Building, as requested by the agency.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source
65% Federal VA Construction Grant
35% Agency - Income and Assessments
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the necessary documents for the bid process.

8. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, NORTH MUSKEGON – Muskegon State Park – Access to Recreation Phase 1
   File No. 751/07214.JAN - Index No. 56100
   That the contract for professional services with Progressive AE, Grand Rapids, be increased $8,357.66 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables, to provide additional design and construction observation services.

Purpose/Business Case
The purpose of this modification is to provide additional design and construction observation services for the redesign of the Lost Lake Overlook. It was determined the original proposed location had too steep of a slope and would not be able to obtain a DNRE permit.
Benefit
The State will benefit by meeting code requirements and allowing disabled citizens the opportunity for recreation.
Funding Source
100% Land and Water Conservation Fund
Commitment Level
The professional services contract modification will be an hourly contract paid on a payroll basis times a 2.7 multiplier plus authorized reimbursable expenses. The amount of the modification is within the authorized total project cost.

Risk Assessment
Failure to approve this modification would result in continued inaccessibility to the recreational activities being provided and noncompliance with the DNRE and Americans with Disability Guidelines.

9. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BROOKLYN – Walker Historic Tavern – Hewitt House Renovation
   File No. 751/09237.CAK - Index No. 48150
   That the contract for professional services with Quinn Evans Architects, Ann Arbor, be increased $16,752.56 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables, to provide Professional Design Services.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for plan revision to reflect the reduced scope of work and requirements of MDOT's Enhancement Grant program.
Benefit
The State will benefit by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Federal Grant
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the necessary documents for the bid process.

10. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MASON – Americhem Corporation Facility Site – Performing Bio-stimulation Pilot Test
File No. 761/10007.SAR - Index No. 44801
That the contract for professional services with Environmental Consulting & Technology, Inc., Ann Arbor, be increased $25,000.00 on a billing rate basis, plus reimbursables, to provide additional bio-stimulation pilot test services.

Purpose/Business Case
The purpose of this modification is to provide additional operation, maintenance and monitoring of the bio-stimulation feasibility pilot test through April 2011. The test is being performed for the enhancement of naturally occurring dechlorination of chlorinated ethenes in groundwater. The results of the test will be used to design a broad, diverse treatment process for the remediation of the site.
Benefit
The state will benefit by assessing the implementation of bio-stimulation technology to cleanup existing site contamination and protecting the environment.
Funding Source
100% Cleanup and Redevelopment Fund
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in implementing a failed remediation technology, and therefore noncompliance with the environmental regulations necessary to protect the public and the environment.

WITHDRAWL AND REAWARD OF PROFESSIONAL SERVICES

11. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS – Statewide Professional Study for Professional Services Contract
File No. 071/10206.IJH - Index No. 25016
Recommended Responsive Proposal PMA Consultants, LLC, Detroit; $140,000.00

Purpose/Business Case
The purpose of this contract is to obtain a new form contract for professional architectural and engineering services. The current form contract is over 15 years old and requires updating to include current technologies such as Building Information Modeling, web-based project communication, and electronic project advertisement. The current form contract also requires revision and updating to reflect increased emphasis on sustainable design. The originally recommended Professional Services Contractor, Navigant Consulting, Troy, Michigan, has declined to enter into the contract. PMA Consultants, LLC, was the second-highest ranked proposal. The Department of Technology, Management and Budget requests rescission of the award recommendation to Navigant Consulting and approval of award to PMA Consultants, LLC.

Benefit
The State will benefit by obtaining a modernized form contract that will allow streamlining of the contracting processes, increasing consultant accountability, and continuing a strong position for the State, in the administration of the contract.

Funding Source
100% Agency Operating Funds

Commitment
The contract cost is fixed based on a competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this contract will result in continuing to use an outdated and cumbersome contract, requiring excessive staff time to complete, and does not address current technologies in use in the industry.

REVISIONS TO CONSTRUCTION CONTRACTS

12. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Video Security Monitoring Room
File No. 472/09319.EEW - Index No. 29630
KEO and Associates, Inc., Detroit; CCO No. 2, Incr. $8,894.49

Purpose/Business Case
The purpose of this change order is to include additional Fire/Smoke Dampers, Emergency Exit Lights, battery backup on the Emergency lighting system, deletion of ceiling work in the Control Center, and additional outlets in the Viewing Room. This work will bring the video security monitoring room up to current code standards and

assist in monitoring of the daily movements and operations of the staff, prisoners, and visitors.

Benefit

The State will benefit by meeting current life safety code standards and reducing the potential for lawsuits being filed based on staff to prisoner contact and abuse.

Funding Source

100% Agency Operating Fund

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not meeting current life safety codes and having a negative impact on the facility's ability to provide a secure environment for the prisoners and staff at the only female prison in the State.

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND RAPIDS –
    Grand Rapids Home for Veterans – Nurse Call System
    File No. 511/09444.CAK - Index No. 64000
    Video Tech-Tronics, Comstock Park; CCO No. 1, Incr. $27,078.33

Purpose/Business Case

The purpose of this change order is to add bed exit jacks to the second, third and fourth floor of the McLeish Building.

Benefit

The State will benefit by increasing safety for building residents by allowing staff to be alerted if someone leaves their bed.

Funding Source

65% Federal VA Construction Grant
35% Agency - Income and Assessments

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in a lost opportunity to increase resident safety with Federal grant money.

14. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks
    Integrated Transportation Campus – Generator Set Phase 3
    File No. 591/04003.JAN - Index No. 27000
    Detroit Electrical Services, LLC., Detroit; CCO No. 3, Incr. $4,500.00

Purpose/Business Case
The purpose of this change order is to provide and install an 8" cast iron gas line to connect the line from the building to the newly installed gas meter adjacent to the generators. Meter location is at the city's discretion.
Benefit
The State will benefit by having a connection to the meter to operate the generators which are required by the life safety code.
Funding Source
100% Trunkline Fund
Commitment
The change order cost is a fixed cost provided by the contractor. The amount of this change order is within the original authorized project budget.
Risk Assessment
Failure to approve this change order will result in noncompliance with the electrical building code.

15. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, GRAYLING – Mason Tract Hiking & Skiing Pathway – Replace Two Bridges Over Thayer Creek
    File No. 751/04097.BDW - Index No. 75200
    Taurus Services, Elmira; CCO No. 1, Incr. $3,583.14

Purpose/Business Case
The purpose of this change order is to remove and replace the existing bridge approaches, increasing its width and stability.
Benefit
The State will benefit by providing a more stable approach and a consistent width for trail grooming and skiing.
Funding Source
100% Recreation Trails Program Grant
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in differential width of bridge approaches and difficulty in grooming operations.

TRAIL IMPROVEMENTS AGREEMENT

16. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, VAN BUREN COUNTY - Van Buren Trail and Kal Haven Trail - Engineering Services and Trail Improvements
    File No. 751/11056.AGY – Index No. 57120
    Van Buren County Road Commission, Lawrence; $186,000.00

Purpose/Business Case
The purpose of this agreement, with Van Buren County, is to provide construction drawings and cost estimates necessary to solicit bids for the proposed improvements to the Kal-Haven Trail. These safety improvements will be part of a federal grant administered by the County to resurface the entire trail. The work includes pavement, safety crossing signs, road crossing improvements, tree removal, and trimming.
Benefit
The State will benefit by allowing Van Buren County to operate this trail and handle the required maintenance
Funding Source
100% National Recreational Trail Fund
Commitment
A 25 year lease exists between the DNRE and Van Buren County to operate the Van Buren and Kal-Haven Trails; the lease allows Van Buren County to provide engineering services, maintenance, operation, improvement, and development of these two trailway facilities.
Risk Assessment
Failure to approve this agreement may jeopardize Federal funding for these trail improvements.

December 22, 2010

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF CORRECTIONS, LAPEER – Thumb Correctional Facility – ARRA Projects Exterior Lighting
   File No. 472/10308.EEW - Index No.34660
   Low Responsive Bidder: MKC Group, Inc., Bay City; $116,940.00

Purpose/Business Case
The purpose of this contract is to upgrade the exterior security lighting systems at the Thumb Correctional Facility. The work consists of replacing the exterior light fixtures along the perimeter security fence and in the parking lots with energy efficient florescent fixtures.
Benefits
The State will benefit by decreasing the cost and consumption of electrical energy, thereby, decreasing the carbon footprint of the facility.
Funding
99% Federal Fund
1% Agency Operating Fund
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract could result in the loss of Federal funding, which has been provided to decrease the operational cost and the energy consumption at this facility.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

2. DEPARTMENT OF STATE POLICE, MARQUETTE - Marquette Forensics Laboratory – 8th District Consolidation and Enhancement Initiative
   File No. 551/10364.RAA - Index No. 21780
   Recommended Responsive Proposal: UP Engineer and Architects, Houghton; $159,110.66

Purpose/Business Case
The purpose of this contract is to provide professional architectural and engineering services for Phases 400 through 700, development of contract documents to meet all facility space, Building Codes, Barrier Free, NFPA and Fire Code permitting requirements, and complete contract administration services. The project consists of renovating an existing state owned 29,000 square foot facility to accommodate MSP. 8th District Law Enforcement Operations, allowing for department consolidation of facility operations.

Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process and contract administration services through construction.

Funding Source
100% General Funds

Commitment
The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

3. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, PARADISE
   Tahquamenon Falls Gorge Trail – Upper Falls Stairway Replacement
   File No. 777/11048.RAA - Index No. 52130
   Recommended Responsive Proposal: Northwest Design Group, Petoskey; $34,082.65

Purpose/Business Case
The purpose of this contract is to provide professional architectural and engineering services for the design of a new access stairway to the Tahquamenon Falls Gorge Trail. The existing stairway and boardwalk footings have failed, resulting in structural shifting and heaving. The project will allow for safe public viewing, enhancing the visitor experience, and value of the user fee.

Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source
100% Restricted Fund
Commitment
The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lottery Building – Water Intrusion Study
   File No. 071/10501.JAN - Index No. 44113
   That M.C. Smith Associates & Architectural Group, Inc., Grand Rapids, be authorized to use $7,810.00 on a lump sum basis plus reimbursables, to provide a study to determine the source of the leakage problem and recommend a solution.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for a study to analyze the conditions of the building, determine short and long term repairs (including window replacement), associated costs, and recommend a solution.
Benefit
The State will benefit by having options and a recommendation on how to fix the exterior leakage problem.
Funding Source
100% Building Occupancy Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seven to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not having the necessary information to make a sound decision on fixing the leaks.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BEULAH – Crystal Lake Boat Access Site – Construct a New Boat Access Site
   File No. 751/02275.JAG - Index No. 54010
   That Soil and Materials Engineers, Inc., Traverse City, be authorized to use $40,000.00 on an hourly basis times a multiplier of 2.7 plus reimbursables, to provide Professional Engineering and Testing Services.

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services during the construction of a new boat access site. The work included in this contract includes the testing and quality control of soils, asphalt, and concrete components of the project.
Benefit
The State will benefit by insuring the work installed by the contractor meets the requirements of the contract.
Funding Source
100% Waterways Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract requirements.
Risk Assessment
Failure to approve this assignment would result in the State not ensuring the quality of the work is completed per the contract.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MILLINGTON – State Road Site (AKA One Stop Party Store) – Vapor Intrusion and Remedial Investigation
   File No. 777/11061.SAR - Index No. 44601
   That Superior Environmental Corp., Marne, be authorized to use $92,863.12 on a billing rate fee basis plus reimbursables, to provide environmental investigation services.

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation services.The professional will investigate vapor intrusion hazards, conduct soil and groundwater sampling, and evaluate options for source reduction of contamination due to leaking underground storage tanks (USTs). The professional will install five sub-slab vapor monitoring points, advance 27 shallow soil borings, install 15 monitoring wells, perform quarterly groundwater monitoring, and provide indoor air monitoring. The professional will also abate soil gas vapors, if found to cause an acute risk, and prepare technical memorandum and investigation reports to comply with environmental regulations.
Benefit
The State will benefit by investigating and eliminating unacceptable risks to human health and the environment and compling with environmental regulations.
Funding Source
100% Refined Petroleum Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number five to the discretionary contract.

Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and abate the contaminated vapor intrusion in order to comply with environmental regulations necessary to protect the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING - Lewis Cass building – Lobby, 1st and 2nd Floors Renovation
   File No. 071/06080.JRC - Index No. 44101
   That the contract for professional services with Mayotte Group Architects, Lansing, be increased $34,019.78 on a billing rate basis plus reimbursables, to provide additional phase 500, 600, and 700 level services associated with the revisions to the existing roof snow/ice melt system and the replacement of the building's air handling unit fan motors.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional 500, 600, and 700 phases of work associated with revisions to the existing roof snow melt system and replacement of the building air handling unit fans at the roof penthouse.
Benefit
The State will benefit by having professionally prepared construction documents available to obtain accurate pricing and provide construction direction to the contractor. In addition, construction oversight and administration services will be provided during construction.
Funding Source
100% Agency Operating Fund
Commitment The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in compromising the effectiveness of the existing roof snow melt system to the point where snow and ice build-up will become a safety hazard to employees and visitors of the building. Portions of the Lewis Cass Bulding will continue to be improperly heated and air-conditioned due to the undersized HVAC fan motor size.

8. DEPARTMENT OF TRANSPORTATION, L'ANSE - L'Anse Maintenance Garage - Renovations
   File No. 591/09210.RAA - Index No. 31025
   That the contract for professional services with Orchard, Hiltz, & McClement, Hancock, be increased $1,551.31 on an hourly/direct payroll basis times a multiplier of 2.6 plus reimbursables, to provide additional bid document reproduction reimbursement to maximize competitive bidding.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional bid document reproduction reimbursement to maximize competitive bidding.
Benefit
The State will benefit by maximized competitive bidding.
Funding Source
100% Trunkline Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in limited competition during the bidding process.

9. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MACKINAC ISLAND - Mackinac Island State Harbor – State Harbor Mooring Facility
   File No. 751/03303.RAA - Index No. 99049
   That the contract for professional services with United Design Associates, Cheboygan, be increased $22,400.14 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables, to provide additional architectural design and engineering design services and document reproduction costs.

Purpose/Business Case
The purpose of this modification is to provide additional architectural and engineering design services for the addition of a davit lift, investigation of project elements for compliance with the States Green Initiative program, to add a sanitary lift station as required by the City of Mackinac Island and to provide for additional document reproduction costs.
Benefit
The State will benefit by assuring adequate sanitary facilities and compliance with construction code requirements.
Funding Source
100% Waterways Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the inability to meet construction code requirements and possible public health and safety concerns.

10. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, DETOUR – Detour State Harbor of Refuge – Renovation and Improvements
File No. 751/04081.RAA - Index No. 52230
That the contract for professional services with United Design Associates, Cheboygan, be increased $65,963.67 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables, to provide additional architectural and engineering design services.

Purpose/Business Case
The purpose of this modification is to provide additional architectural and engineering design services to comply with revised joint COE\MDEQ permitting requirements, and to address revised DELEG construction code jurisdictional interpretations. Additionally, to provide the incorporation of States aquired property to the project plans and to resolve a property line boundary issue.
Benefit
The State will benefit by assuring compliance with COE\MDEQ permitting and DELEG construction code requirements.
Funding Source
100% Waterways Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in failure to comply with COE\MDEQ permitting and DELEG construction code requirements.

11. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, PARADISE - Tahquamenon Falls State Park – Two Hearted River State Campground Bridge Repairs
File No. 751/06329.RAA - Index No. 74700
That the contract for professional services with Northwest Design Group, Petoskey, be increased $6,581.84 on an hourly/direct payroll basis times a multiplier of 2.70 plus reimbursables, to provide additional detailed structural.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional detailed structural analysis of bridge connections and structural components to assure structural integrity of bridge renovations.
Benefit
The State will benefit by assuring structural integrity of the bridge to ensure the safety of staff and visitors.
Funding Source
100% Restricted Fund

Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not having the professional services required to adequately assess structural integrity of the bridge structure.

12. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, LAC LA BELLE - Lac La belle State Harbor – Dock Replacement
File No. 751/08115.RAA - Index No. 51230
That the contract for professional services with Northwest Design Group, Petoskey, be increased $7,740.69 on an hourly/direct payroll basis times a multiplier of 2.70 plus reimbursables, to provide Phase 700 architectural/ engineering and construction administration field services.

Purpose/Business Case
The purpose of this modification is to assure construction operations comply with the requirements of the contract documents.
Benefit
The State will benefit by the adequate inspection of construction work assuring compliance with the contract documents.
Funding Source
100% Waterways Fund
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in lack of adequate construction field service administration.

13. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ST. LOUIS, Gratiot County Landfill Site – Investigation and Monitoring Services
File No. 761/09138.SAR - Index No. 44061
That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $14,997.00 on a billing rate basis, plus reimbursables, to provide additional technical support services.

Purpose/Business Case
The purpose of this modification is to provide additional technical support services regarding the integrity of the landfill and slurry wall. The professional will conduct a Five-Year Type I review of the site remedy as required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) to evaluate the landfill cap and the slurry wall. The professional will compile data, prepare, and submit reports to the agency.

Benefit
The state will benefit by ensuring protection of the environment and complying with environmental regulations.
Funding Source
100% Federal Fund
Commitment
The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to comply with environmental regulations and protect the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

14. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – General Services Building – HVAC Replacement
File No. 071/09435.CAK - Index No. 11714
Moore-Trosper Construction Company, Holt; CCO No. 6, Incr. $9,343.56

Purpose/Business Case
The purpose of this change order is to replace damaged and missing pipe insulation that was removed during asbestos abatement, and patch openings in the existing metal wall panels.
Benefit
The State will benefit by achieving energy efficiency from proper pipe insulation and better temperature control in the building by maintaining separation of zones that have different heating/cooling requirements.
Funding Source
100% Building Occupancy Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in higher energy costs, condensation problems with pipe and fittings, leading to moisture damage, and difficulty in balancing the building's HVAC system.

15. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Murray D. VanWagoner Building – Limited Asbestos Abatement for 1st Floor Renovations
File No. 071/09436.FAR - Index No. 00274
Beal, Inc., Ann Arbor; CCO No. 2, Incr. $770.00

Purpose/Business Case
The purpose of this change order is to provide additional mobilization resulting from schedule changes with the renovation, additional window removal for discharge of air filtration devices, and additional floor tile mastic removal. In addition, this change order assesses Beal, Inc. with Liquidated Damages due to abatement activities exceeding the time allowed within their contract.
Benefit
The State will benefit by ensuring a safe environment for building occupants and for the Contractor to complete the renovation activities.
Funding Source
81.48% Building Occupancy Fund
18.52% Trunkline Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in asbestos containing materials remaining within the area of proposed renovation, creating a hazardous situation for building occupants.

16. DEPARTMENT OF MANAGEMENT AND BUDGET, LANSING – VanWagoner Building - Department of Transportation 1st and 2nd Floor Renovation
File No. 071/09436.FAR - Index No. 00274
KEO and Associates, Inc., Detroit; CCO No. 8, Incr. $9,851.22

Purpose/Business Case
The purpose of this change order is to remove the obsolete contactor in an existing electrical closet, add power to VAV boxes, add one exhaust fan, and repair the marble jambs and head at the vending machine opening in the Main Lobby. This damage was discovered after the aluminum storefront was removed.
Benefit
The State will benefit by addressing/correcting these existing, unforeseen conditions.
Funding Source
100% Agency Operating Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in higher energy costs due to the inability to maintain balanced heating/cooling air quality as well as not being able to complete the work on time.

17. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DETROIT-State Fair Ice Rink – Remove Hazards and Winterize

File No. 071/10096.AGY - Index No. 40113
Jansen Refrigeration Company, Inc., Warren; CCO No. 1, Incr. $31,500.00

Purpose/Business Case
The purpose of this change order is to replace the calcium chloride and water in the ice rink's ice making system with glycol and corrosion inhibitor. This is required to prepare for the closure of the rink and prevent corrosion of the piping system.
Benefit
The State will benefit by ensuring the piping will not burst due to cold weather and corrosion will be inhibited.
Funding Source
100% Agency Operating Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential environmental contamination and the risk of the pipes bursting.

18. DEPARTMENT OF HUMAN SERVICES, ESCANABA – Bay Pines Detention Center – Install CCTV System
File No. 431/ 09179.JNS- Index No. 53302
Contractor: MCMI, Sterling Heights; CCO No.4, ADD $15,773.06

Purpose/Business Case
The purpose of this change order is to provide one additional security camera in corridor B538, relocation of four existing 17 inch video monitors and associated circuitry, the installation of an 8 port KVM switch, and the installation of one floor mounted rack including the required circuitry, to properly support the 4 UPS units.
Benefit
The State will benefit by enhancing the security camera system viewing capabilities, the system power circuitry, and proper equipment support to utilize existing room space.
Funding Source
100% State Building Authority
Commitment
The change order costs are fixed actual costs provided by the construction contractor. The amount of the contract change is within the authorized budget and is to be deducted from the contract contingency.
Risk Assessment
Failure to approve this change will result in the inability to properly monitor detention center security.

19. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Renovate Building #112A
File No. 511/10183.AGY - Index No. 21000
Ripman Construction Company, Inc., St. Helen; CCO No. 1, Incr. $7,625.69

Purpose/Business Case
The purpose of this change order is to reconfigure the hot water heating system and extend the contract substantial completion date by 21 calendar days. The change is necessary for improving the efficiency of the system and reducing the energy consumption.
Benefit
The State will benefit by improving the efficiency of the heating system and reducing energy costs.
Funding Source
100% Federal Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continued use of the existing, inefficient heating system.

20. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Renovate Building #116
    File No. 511/10184.AGY - Index No. 21000
    Ripman Construction Company, Inc., St. Helen; CCO No. 1, Incr. $3,495.50

Purpose/Business Case
The purpose of this change order is to reconfigure the hot water heating system and extend the contract substantial completion date by 21 calendar days. The change is necessary for improving the efficiency of the system and reducing the energy consumption.
Benefit
The State will benefit by improving the efficiency of the heating system and reducing energy expenditure.
Funding Source
100% Federal Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continued use of the existing inefficient heating system.

21. DEPARTMENT OF TRANSPORTATION, DETROIT – Detroit MITS Center – Replace HVAC Roof Top Units
    File No. 591/10207.AGY - Index No. 75600
    Engineered Construction LLC, Taylor; CCO No. 2, Incr. $8,847.55

Purpose/Business Case
The purpose of this change order is to install access doors to the existing duct work so they can be disconnected from the existing roof units. This work is required in order to properly install the new roof units.
Benefit
The State will benefit by being able to complete the installation of the new roof units.
Funding Source
100% Trunkline Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not being able to remove the existing roof units.

22. DEPARTMENT OF TRANSPORTATION, PONTIAC – Pontiac Transportation Terminal – New Terminal Building
File No. 591/09209.RAN - Index No. 10237
B & B Construction Services, LLC, St. Claire Shores; CCO No. 2, Incr. $12,417.37

Purpose/Business Case
The purpose of this change order is to improve water pressure to the building and secure City permits to install the water service, install traffic rated electric hand holes, ensuring operation of existing street lights, and add an ADA required water cooler in the building.
Benefit
The State will benefit by having domestic water service in the building, operating street lights near the building, and a code required drinking fountain in the building.
Funding Source
100% Federal Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in construction of the New Terminal Building being stopped because domestic, potable water will not be available to the building.

23. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT,VARIOUS – Rose Lake, Plainwell, and Marquette Towers – Radio Tower Demolition
File No. 751/07341.HRB - Index No. 11000
Newkirk Electric Associates, Inc., Muskegon; CCO No. 3, Incr. $11,375.00

Purpose/Business Case
The purpose of this change order is to delete demolition of Tawas Point radio tower and add demolition of Seney radio tower #9150.
Benefit
The State will benefit by avoiding maintenance costs required by the Federal Aviation Administration for towers and by reducing the liability associated with the towers being an attractive nuisance.
Funding Source
47% Game and Fish Fund
29% Park Improvement Funds
24% Forest Management Forest Development Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continued maintenance costs and liability.

24. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT,
MARQUETTE – Chocolay Recreation Trail – Aggregate Surface Improvements
File No. 751/09364.RAA - Index No. 74140
Gerou Excavating, Munising; CCO No., Incr. $626.00

Purpose/Business Case
The purpose of this change order is to deduct unused portions of allowances, deduct unneeded aggregate fill materials, add structural aggregate subbase materials, walkway connectors, and an allowance for stormwater discharge permit costs.
Benefit
The State will benefit by improved performance of the finished trail, additional access for end-user convenience, and deleting unnecessary work from the contract.
Funding Source
100% Recreation Trails Program Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in unacceptable performance in portions of the trail and excess contract funds not returned to the State.

25. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, KALEVA –
Red Barn Market Site – Air Sparge/Soil Vapor Extraction Treatment System Installation
File No. 761/08183.RRD - Index No. 44301
Nova Consultants, Inc., Novi; CCO No. 1, Incr. $5,050.00

Purpose/Business Case
The purpose of this change order is to adjust the contract quantities to match the actual site measured quantities, provide additional 12 months of treatment system operation and maintenance (O&M), and extend the contract completion date 365 calendar days. The site is contaminated and requires cleanup activities. The change is needed to continue the cleanup activities at the site to comply with the environmental regulations.
Benefit
The State will benefit by continuing to remove contamination from the soil at this location, minimizing the spread of contamination and protecting the environment.
Funding Source
100% Refined Petroleum Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in the spread of contamination endangering public health and in violation of environmental regulations.

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, KALAMAZOO –
   Portage Creek – Toxic Substance Source Reduction
   File No. 761/10353.SAR - Index No. 44501
   Low Responsive Bidder: EVR, Inc., Williamston; $1,828,128.00

Purpose/Business Case
The purpose of this contract is to remove and dispose of 5,000 tons of contaminated soil, demolish and remove subsurface structures, relocate stream and restore the site. The site is located along Portage Creek and consists of 29 acres. The site is a former location of paper mills. All structures above grade have been removed but some foundations and substructures remain. Various environmental investigations were conducted at the site and confirmed contamination due to the paper mills operations.
Benefit
The State will benefit by removing sources of contamination and abating the environmental health hazard to protect the public health and the environment.
Funding Source
100% Federal Funds - Great Lakes Restoration
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving known contaminated soil on site that may pose substantial threat to public health and the environment and therefore violating environmental regulations.
Zip Code
49001

2. DEPARTMENT OF COLLEGES AND UNIVERSITIES, ROSCOMMON –
   Kirtland Community College – Campus Water Well System Upgrades
   File No. 332/09028.HRB - Index No. 52484
   Low Responsive Bidder: Robbert Construction,Inc., Lakeview, $408,994.00

Purpose/Business Case

The purpose of this contract is to furnish and install 20-hp well pumps (2-total) including 3" steel drop piping and pitless adapter; 420 LFT of 6" discharge piping and fittings; 440 SF well house including process piping, pressure tanks, chlorine feed system, flow meter, variable frequency drives and constant pressure pump control system; LF of 8" PVC water main including necessary valves, fire hydrant assembly and service lead; emergency generator; and associated site work.

Benefit

The State will benefit by having a compliant campus wide well and water system.

Funding Source

50% Kirtland Community College Funds
50% State Building Authority Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued non-compliance of the campus wide well and water system.

Zip Code

48653

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, MARQUETTE – JACOBETTI HOME FOR VETERANS - Bath, Shower Room, and HVAC Renovations
   File No. 511/09345.RAA - Index No. 85000
   Low Responsive Bidder: Closner Construction and Sales, Marquette; $269,200.00

Purpose/Business Case

The purpose of this contract is to renovate four existing bath/shower rooms, and replace an outdate DX cooling system with chilled water system. This work includes enlarging the bath/shower rooms, adding ventilation and replacing the energy inefficient mechanical system.

Benefit

The State will benefit by providing accessible bath/shower rooms and reducing maintenance and energy costs.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the continued use of out-dated bath/shower rooms and high maintenance/energy costs.

Zip Code

49855

AWARD OF DESIGN/CONSTRUCTION CONSULTING SERVICES CONTRACT

4. DEPARTMENT OF NATURAL RESOURCES, ALLEGAN COUNTY – Otsego City and Otsego Township Dams – Dam Removal and River Restoration Design
   File No. 751/11104.SAR - Index No. 87710
   Low Responsive Bidder: URS Corporation, Southfield; $283,000.00

Purpose/Business Case
The purpose of this contract is to provide design services for the Kalamazoo River Otsego City and Otsego Township Dams removal of polychlorinated biphenyls (PCB)-contaminated sediments which have accumulated behind the dams and associated river corridor restoration and provide technical advice to the agency to ensure compliance with the requirements of the Grant Award by the United States Environmental Protection Agency (EPA). Dam removal and the associated river corridor restoration are critical to eliminate impairments to fish and wildlife populations and their habitat.
Benefit
The State will benefit by restoring Kalamazoo River and eliminating harm to fish and wildlife populations and their habitat.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continuation of the damages to fish and wildlife populations and their habitat on the Kalamazoo River.
Zip Code
49078

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OFNATURAL RESOURCES, PORT AUSTIN BOAT ACCESS SITE - Port Austin – New Sea Wall and Parking Lot Repair
   File No. 751/04145.MNB - Index No. 59650
   That the contract for professional services with Northwest Design Group, Petoskey, be increased $122,193.02.

Purpose/Business Case
The purpose of this modification is to provide additional planning for the renovation of the main service pier and the boat fueling station, replace the existing toilet and maintenance building, deleting the wind generators and adding assistance with ASACE study of the bacteria movement within the harbor.

Benefit
The State will benefit by having plans for structurally sound service pier and fueling station, a modern ADA compliant energy efficient toilet/maintenance building and assistance with the Corp of Engineers study of existing lake currents and bacteria.
Funding Source

100% Waterways Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not having plans to renovate the deteriorated pier and toilet/mainatence buiding. In addition local community's concerns regarding the presence of bacteria will not be addressed.

LEASE FOR PRIVATE PROPERTY

6. DEPARTMENT OF HUMAN SERVICES, MIDLAND - Renewal of Lease No. 10237 with Rapanos Family, L.L.C., a Michigan Limited Liability Company, 1421 Washington Street, Midland, MI 48640, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services, as Lessee, for 20,500 square feet of office space and 4,000 square feet of storage space located at 1509 Washington Street, Midland, MI 48640. The Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for the office space beginning March 29, 2011, is $14.00 ($23,917 per month). This per square foot rate includes the annual rate of $1.00 for storage space, which is also included in subsequent renewal options. These rates do not include utilities and janitorial. This Lease contains two five-year renewals with an annual per square foot rental rate of $16.50 ($28,188 per month) and $17.50 (29,896 per month) respectively. This Lease contains a Standard cancellation clause with 120 days notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case

The Department of Human Services is satisfied with the current location and the overall condition of the building. The rental rate is well within market for comparable spaces and includes 4,000 square feet of storage space at a cost of $1.00 annually. The Lessor has been very responsive to any needs and has kept the property in good condition.

Benefit

Renewing at the current location allows the agency to remain at a location familiar to customers and save on moving costs. The Lessor has agreed to make some tenant improvements at no additional cost to the state, which will upgrade the space and make it a more enjoyable facilty for employees and customers alike.

Funding Source

55% GF/GP, 45% Federal

Commitment Level

Ten-year lease with two, five-year renewals; however, this Lease contains a standard cancellation clause with 120 days notice.

Risk Assessment

Non-approval of this Lease will hinder the Department from continuing to provide uninterrupted service.

Zip Code

48640

7. DEPARTMENT OF EDUCATION, FLINT - New Lease No. 11530 from June 1, 2012 through May 31, 2042, with Lurvey White Ventures 1, LLC, a Michigan Limited Liability Company, 503 South Saginaw Street, Suite 1500, Flint, MI 48502, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Education, as Lessee, for 115,966 square feet of school, office and dorm space including 17.5 acres of land located at the Michigan School for the Deaf Campus, Flint, MI. The Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for this space beginning June 1, 2012, or upon substantial completion, is $17.76 ($171,666 per month). Effective June 1, 2017, the annual per square foot rental rate increases 6% every five years through May 31, 2027. This rate does not include telecommunications. The initial twenty-year term of this Lease contains a legislative cancellation clause with 90 days notice. This Lease also contains one ten-year renewal option at $41,667 per month with a Standard cancellation clause with 90 days notice. The Attorney General has approved this Lease as to legal form. The property conveyance and this Lease were both approved through the enactment of Public Act 374 on December 22, 2010.

Purpose/Business Case

The purpose of this Lease is to obtain an updated school facility by selling surplus property and leasing back a portion of the facility after a new school building is constructed and portions of the existing facility are remodeled. The project will also eliminate dilapidated structures. There are no upfront costs in this Lease. It also includes a $700,000 allowance for furniture, technology, fixtures and equipment. Estimated time for completion for this project is 12 months from the effective date of the Lease. Under this Lease there are no payments until the buildings are available for occupancy. This Lease is cost neutral for the Department when compared to their FY 2010 operating budget of their existing facilities. The rental rate is within fair market rate.

Benefit

Approval of this Lease will provide the Michigan School for the Deaf with a new state of the art school facility that is concentrated and streamlined for the needs of the school while remaining in a location that is familiar to its students, faculty, and the deaf community. The new facility also offers the students better protection from the elements by housing all their primary daily activities under one roof. Currently, the students have to walk between numerous buildings for each activity. Approval will also allow the Department to stabilize the facility and operational costs for the next 30 years.

Funding Source

100% Federal Funds

Commitment Level

Twenty years; however, this Lease contains legislative new cancellation clause with 90 days notice and one Ten-year renewal option with a standard 90-day cancellation clause.

Risk Assessment

Non-approval of this Lease will hinder the Department from providing the students an environment that is safe and conducive to learning. Non-approval of this lease will also create fiscal uncertainty for the Department given the functional and physical obsolescence of their current facilities.

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, MARQUETTE – JACOBETTI HOME FOR VETERANS - Bath, Shower Room, and HVAC Renovations
   File No. 511/09345.RAA - Index No. 85000
   Low Responsive Bidder: Closner Construction and Sales, Marquette; $269,200.00

The amount stated above is for the base bid construction cost of $158,200.00, additive alternate no. 1 in the amount of $110,000.00 and additive alternate no. 2 in the amount of $1,000.00

Purpose/Business Case

The purpose of this contract is to renovate four existing bath/shower rooms, and replace an outdate DX cooling system with chilled water system. This work includes enlarging the bath/shower rooms, adding ventilation and replacing the energy inefficient mechanical system.

Benefit

The State will benefit by providing accessible bath/shower rooms and reducing maintenance and energy costs.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the continued use of out-dated bath/shower rooms and high maintenance/energy costs.

Zip Code
49855

AWARD OF PROFESSIONAL SERVICES CONTRACT

4. DEPARTMENT OF NATURAL RESOURCES, ALLEGAN COUNTY – Otsego City and Otsego Township Dams – Dam Removal and River Restoration Design
   File No. 751/11104.SAR - Index No. 87710
   Low Responsive Bidder: URS Corporation, Southfield; $283,000.00

Purpose/Business Case
The purpose of this contract is to provide design services for the Kalamazoo River Otsego City and Otsego Township Dams removal of polychlorinated biphenyls (PCB)-contaminated sediments which have accumulated behind the dams and associated river corridor restoration and provide technical advice to the agency to ensure compliance with the requirements of the Grant Award by the United States Environmental Protection Agency (EPA). Dam removal and the associated river corridor restoration are critical to eliminate impairments to fish and wildlife populations and their habitat.
Benefit
The State will benefit by restoring the Kalamazoo River and eliminating harm to fish and wildlife populations and their habitat.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continuation of the damages to fish and wildlife populations and their habitat on the Kalamazoo River.
Zip Code
49078

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF NATURAL RESOURCES, PORT AUSTIN BOAT ACCESS SITE - Port Austin – New Sea Wall and Parking Lot Repair
   File No. 751/04145.MNB - Index No. 59650
   That the contract for professional services with Northwest Design Group, Petoskey, be increased $122,193.02.

Purpose/Business Case
The purpose of this modification is to provide additional planning for the renovation of the main service pier and the boat fueling station, replace the existing toilet and maintenance building, delete the wind generators and add assistance with ASACE study of the bacteria movement within the harbor.

Benefit
The State will benefit by having plans for a structurally sound service pier and fueling station, a modern ADA compliant energy efficient toilet/maintenance building and assistance with the Corp of Engineers study of existing lake currents and bacteria.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not having plans to renovate the deteriorated pier and toilet/mainatence buiding. In addition local community's concerns regarding the presence of bacteria will not be addressed.

LEASE FOR PRIVATE PROPERTY

6. DEPARTMENT OF HUMAN SERVICES, MIDLAND - Renewal of Lease No. 10237 with Rapanos Family, L.L.C., a Michigan Limited Liability Company, 1421 Washington Street, Midland, MI 48640, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services, as Lessee, for 20,500 square feet of office space and 4,000 square feet of storage space located at 1509 Washington Street, Midland, MI 48640. The Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for the office space beginning March 29, 2011, is $14.00 ($23,917 per month). This per square foot rate includes the annual rate of $1.00 for storage space, which is also included in subsequent renewal options. These rates do not include utilities and janitorial. This Lease contains two five-year renewals with an annual per square foot rental rate of $16.50 ($28,188 per month) and $17.50 (29,896 per month) respectively. This Lease contains a Standard cancellation clause with 120 days notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case
The Department of Human Services is satisfied with the current location and the overall condition of the building. The rental rate is well within market for comparable spaces and includes 4,000 square feet of storage space at a cost of $1.00 annually. The Lessor has been very responsive to any needs and has kept the property in good condition.
Benefit
Renewing at the current location allows the agency to remain at a location familiar to customers and save on moving costs. The Lessor has agreed to make some tenant improvements at no additional cost to the state, which will upgrade the space and make it a more enjoyable facilty for employees and customers alike.
Funding Source
55% GF/GP, 45% Federal

Commitment Level
Ten-year lease with two, five-year renewals; however, this Lease contains a standard cancellation clause with 120 days notice.
Risk Assessment
Non-approval of this Lease will hinder the Department from continuing to provide uninterrupted service.
Zip Code
48640

7. DEPARTMENT OF EDUCATION, FLINT - New Lease No. 11530 from June 1, 2012 through May 31, 2042, with Lurvey White Ventures 1, LLC, a Michigan Limited Liability Company, 503 South Saginaw Street, Suite 1500, Flint, MI 48502, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Education, as Lessee, for 115,966 square feet of school, office and dorm space including 17.5 acres of land located at the Michigan School for the Deaf Campus, Flint, MI. The Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for this space beginning June 1, 2012, or upon substantial completion, is $17.76 ($171,666 per month). Effective June 1, 2017, the annual per square foot rental rate increases 6% every five years through May 31, 2027. This rate does not include telecommunications. The initial twenty-year term of this Lease contains a legislative cancellation clause with 90 days notice. This Lease also contains one ten-year renewal option at $41,667 per month with a Standard cancellation clause with 90 days notice. The Attorney General has approved this Lease as to legal form. The property conveyance and this Lease were both approved through the enactment of Public Act 374 on December 22, 2010.

Purpose/Business Case
The purpose of this Lease is to obtain an updated school facility by selling surplus property and leasing back a portion of the facility after a new school building is constructed and portions of the existing facility are remodeled. The project will also eliminate dilapidated structures. There are no upfront costs in this Lease. It also includes a $700,000 allowance for furniture, technology, fixtures and equipment. Estimated time for completion for this project is 12 months from the effective date of the Lease. Under this Lease there are no payments until the buildings are available for occupancy. This Lease is cost neutral for the Department when compared to their FY 2010 operating budget of their existing facilities. The rental rate is within fair market rate.
Benefit
Approval of this Lease will provide the Michigan School for the Deaf with a new state of the art school facility that is concentrated and streamlined for the needs of the school while remaining in a location that is familiar to its students, faculty, and the deaf community. The new facility also offers the students better protection from the elements by housing all their primary daily activities under one roof. Currently, the students have to walk between numerous buildings for each activity. Approval will also allow the Department to stabilize the facility and operational costs for the next 30 years.

Funding Source
100% Federal Funds
Commitment Level
Twenty years; however, this Lease contains legislative new cancellation clause with 90 days notice and one Ten-year renewal option with a standard 90-day cancellation clause.
Risk Assessment
Non-approval of this Lease will hinder the Department from providing the students an environment that is safe and conducive to learning. Non-approval of this lease will also create fiscal uncertainty for the Department given the functional and physical obsolescence of their current facilities.

Department of Technology, Management and Budget
Third Quarterly Report - Director Agenda Approvals

The following agendas have been approved by the Director, Department of Technology, Management and Budget, covering the period of April 1, 2011, through June 30, 2011, and are submitted in accordance with the State Administrative Board's resolution of December 16, 1997.

. . . . . .

Department of Technology, Management and Budget recommends the following items:

April 1, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Ottawa Building – Upper Level Mechanical/Fire Suppression Project
   File No. 071/10342.JRC - Index No. 46112

   Low Responsive Bidder: Griffiths Mechanical, Jonesville; $14,537.39

Purpose/Business Case
The purpose of this contract is to create a functional office area out of an existing closed print and copy center. Work includes connecting new duct work to the existing mechanical system and modifying the existing fire suppression system so the sprinkler heads are adjusted for the proposed office area.
Benefit
The State will benefit by using current vacant space to implement Building Operations new zone maintenance plan.
Funding Source
100% Agency Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in maintenance staff being spread over various locations, limiting their effectiveness.

2. DEPARTMENT OF EDUCATION, GREENVILLE – Camp Tuhsmeheta – Roof Replacements
   File No. 313/10291.RAN - Index No. 01520

   Low Responsive Bidder: Allied Roofing and Siding, Co., Grand Rapids; $32,500.00

Purpose/Business Case

The purpose of this contract is to provide roof replacements on three buildings and soffit /fascia repairs on another. The existing roofs and fascia/soffits are beyond their useful life, require costly maintenance, and need to be replaced.

Benefit

The State will benefit by reduced maintenance costs and extending the building's useful life.

Funding Source

100% Camp Tuhsmeheta Gift Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued leaking, costly maintenance, and damage to both the roof structure and interior of the buildings.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Van Wagoner Building – ADA Restroom Upgrades
   File No. 071/11096.JRC - Index No. 44106

   Recommended Responsive Proposal: The Design Forum, Grand Rapids; $14,750.00

Purpose/Business Case

The purpose of this contract is to provide professional architectural/engineering design and construction administration services to obtain contract documents for remodeling two restrooms to meet current codes and the ADA.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, GLADWIN – Winegars Trading Post – Remedial Investigation and Reporting

File No. 761/11176.BDH - Index No. 44601

Recommended Assignment: Superior Environmental Corporation, Marne; $85,960.52

Purpose/Business Case
The purpose of this assignment is to provide remedial investigation of this leaking underground storage tank (LUST) site. This site was a gasoline filling station. Two confirmed releases were filed for this site during the 1990's when three underground storage tanks (USTs) were removed. The professional will prepare a site specific health and safety plan, perform a geophysical survey of the site, investigate and document the extent of contamination, prepare bid specs for source removal, bid the work, oversee the excavation work, and document the effort.
Benefit
The State will benefit by documenting the extent of contamination on this site to prepare for future remediation.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 7 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in continued exacerbation of the contaminated condition of this site violating environmental regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Building – Exterior Wall Repair and Storage Build-Out
File No. 071/10393.JNS - Index No. 44315

That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $4,986.53

Purpose/Business Case
The purpose of this modification is to provide additional Phase 400, Preliminary Design Services to complete a structural investigation, material testing, and calculations to determine if the floor overhang within the old showroom can support anticipated long term storage shelving loads.
Benefit
The State will benefit by ensuring the existing structure will be able to support the proposed shelving loads.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this modification will result in not knowing the floor's capability of supporting the proposed added load.

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – New Food Service Building
   File No. 472/04262.RAN - Index No. 53204

   E. L. Bailey & Company, Inc., Southfield; CCO No.10, Incr. $5,765.16

Purpose/Business Case
The purpose of this change order is to respond to issues identified by the code inspector during construction including the vapor barrier above the ceiling, wall openings above doors, support system between the trusses and the concrete block wall, and installing ventilation louvers in the attic.
Benefit
The State will benefit by ensuring the new Food Service Building is in compliance with the latest State Construction and Life Safety Codes, as required by the Bureau of Construction Codes.
Funding Source
100% State Building Authority Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in the State Bureau of Construction Codes not issuing a Certificate of Occupancy for the new building.

7. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Video Security Monitoring Room
   File No. 472/09319.EEW - Index No. 29630

   KEO and Associates, Inc., Detroit; CCO No.3, Incr. $32,178.24

Purpose/Business Case
The purpose of this change order is to respond to issues identified by the electrical inspector and fire marshall during construction and compensate for winter conditions and additional general condition expenses incurred by the Contractor resulting from the State extending the contract time.
Benefit
The State will benefit by ensuring the facility is in compliance with the latest State Construction and Life Safety Codes and by avoiding litigation with the Contractor.
Funding Source
100% Agency Operating Funds GF/GP
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the State Bureau of Construction Codes not issuing a Certificate of Occupancy and could result in the contractor initiating a claim for additional costs associated with the change in conditions.

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Renovate Building #112A
   File No. 511/10183.AGY - Index No. 21000

   Ripman Construction Company, Inc., St. Helen; CCO No. 2, Incr. $3,381.00

Purpose/Business Case

The purpose of this change order is to convert the original specified doors and door hardware to a one-hour fire-rated assembly in accordance with the U465 Fire Resistance Rating.

Benefit

The State will benefit by meeting life safety codes.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order could result in the State Bureau of Construction Codes not issuing a Certificate of Occupancy for the building.

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Renovate Building #116
   File No. 511/10184.AGY - Index No. 21000

   Ripman Construction Company, Inc., St. Helen; CCO No. 2, Incr. $3,381.00

Purpose/Business Case

The purpose of this change order is to convert the original specified doors and door hardware to a one-hour fire-rated assembly in accordance with the U465 Fire Resistance Rating.

Benefit

The State will benefit by meeting the building and safety codes.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order could result in the State Bureau of Construction Codes not issuing a Certificate of Occupancy for the building.

10. DEPARTMENT OF TRANSPORTATION, PONTIAC – Pontiac Transportation Terminal – New Terminal Building
File No. 591/09209.RAN - Index No. 30125

B & B Construction Services, LLC, St. Claire Shores; CCO No. 5, Incr. $10,046.27

Purpose/Business Case
The purpose of this change order is to add insulation to the exterior walls, change the insulation type in the upper walls of the vestibule, add fiberglass reinforced paneling on two walls of the janitor's closet, install emergency backup lighting at the baggage room door, and compensate the contractor for additional surveying.
Benefit
The State will benefit by realizing energy savings throughout the life of the facility, saving the aesthetics of the glulam beams which would have otherwise been covered with sprayed on insulation, extending the integrity of the walls in the janitor's closet and by meeting code requirements for egress lighting.
Funding Source
100% Federal Comprehensive Transportation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in unnecessary energy loss, maintenance issues in the janitor's closet, and not receiving a Certificate of Occupancy related to the emergency lighting.

11. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Southfield Bus Terminal – Interior Renovation
File No. 591/10132.AGY - Index No. 75600

Above the Rest General Construction, Inc, Southfield; CCO No. 1, Incr. $5,078.00

Purpose/Business Case
The purpose of this change order is to add additional cement board in lobby area under the new tile floor where the original wood floor is present.
Benefit
The State will benefit by making new tile floor more durable and extending its useful life.
Funding Source
100% Trunkline Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the new tile floor being more susceptible to cracking.

April 8, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, TAYLOR – Taylor Armory – Office Modifications
   File No. 511/11123.AGY - Index No. 13786/13986

   Low Responsive Bidder: Beal, Inc., Ann Arbor; $21,575.00

Purpose/Business Case

The purpose of this contract is to construct walls and provide doors, electrical and communication work necessary to an office for secure communication with Army personnel in the field.

Benefit

The State will benefit by meeting federally mandated requirements for communication with troops in the field.

Funding Source

50% Federal Funds
50% Agency Operating Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in Armory personnel not having facilities to conduct secure communication.

2. DEPARTMENT OF TRANSPORTATION, HASTINGS – Hastings Maintenance Garage – Ceiling Insulation and Painting Project
   File No. 591/07328.AGY.R1 - Index No. 58508

   Low Responsive Bidder: Kost Contracting, Grand Ledge; $130,549.00

Purpose/Business Case

The purpose of this contract is to remove the existing ceiling system, perform water test on the existing roof and seal leaking areas as needed, install open-cell spray polyurethane foam insulation to the underside of the metal roof deck and paint the ceiling.

Benefit

The State will benefit by improved energy efficiency, increased light reflectability, and maintaining its investment.

Funding Source
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in higher energy costs, lower lighting levels and potential damage due to roof leaks

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, DOWAGIAC - Dave's Repair Site - Oversight of Remediation System Installation
File No. 761/10359.SAR - Index No. 44501

   That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $44,441.49.

Purpose/Business Case
The purpose of this modification is to provide oversight of remediation system operation and maintenance (O&M) activities. The remediation system consists of soil vapor extraction and air sparging. The professional will provide oversight services to ensure that the system is operating in accordance with the design intent. The professional will prepare reports for the O&M activities and progress reports and submit to the agency.
Benefit
The State will benefit by abating environmental contamination to protect the public health and the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to operate the remediation system necessary to protect the environment.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, DOWAGIAC - Herb's Auto Repair Site - Oversight of Remediation System Installation
File No. 761/10360.SAR - Index No. 44501

   That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $44,441.49.

Purpose/Business Case
The purpose of this modification is to provide oversight of remediation system operation and maintenance (O&M) activities. The remediation system consists of soil vapor extraction and air sparging. The professional will provide oversight services to ensure

that the system is operating in accordance with the design intent. The professional will prepare reports for the O&M activities and progress reports and submit to the agency.

Benefit

The State will benefit by abating environmental contamination to protect the public health and the environment.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to operate the remediation system necessary to protect the environment

REVISIONS TO CONSTRUCTION CONTRACTS

5. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Alterations-Conversion to Women's Facility
   File No. 472/08363.RAN - Index No. 53309

   E & L Construction Group, Inc., Flint; CCO No. 8, Incr. $45,686.21

Purpose/Business Case

The purpose of this change order is to provide additional exit signs, new door hardware to various corridor doors and provide extended general conditions. The signs and hardware are required to bring the existing building up to current life safety standards and the general conditions are the result of the additional time required to complete the contract.

Benefit

The State will benefit by meeting current life safety codes.

Funding Source

100% State Building Authority Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the certificate of occupancy not being issued and a potential claim for the extended general conditions.

6. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – New Company Headquarters and Barracks
   File No. 511/8008.CAK - Index No. 11619

   Hallmark Construction, Inc., Traverse City; CCO No. 4, Incr. $11,654.84

Purpose/Business Case
The purpose of this change order is to modify electrical wiring, delete soil delivery, repair the damaged parking lot and provide striping, modify seed mix, add soil erosion measures, modify door hardware, provide additional data outlets, modify sill details, add a breaker for HVAC, modify the frame colors and adjust the sign allowance to reflect actual costs.
Benefit
The State will benefit by ensuring all operational requirements are met and the maximum cost savings are realized.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in inadequate electrical service and data availability, unnecessary cost for shipping soil, unmarked parking potential soil erosion, inadequate security and the unused allowance remaining in the contract.

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge Armory Aviation Support Facility – Modify Access Control Panel
File No. 511/10185.AGY - Index No. 13992

   MacKenzie Env. Svcs, Inc./E.T. MacKenzie Co., Grand Ledge; CCO No. 2, Incr. $8,455.72

Purpose/Business Case
The purpose of this change order is to provide 350 lineal feet of fiber optic cable for phone/video system and upgrade the parking lot lighting.
Benefit
The State will benefit by having a complete video/phone system and working parking lot lights.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in an inadequate video/phone system and inadequate parking lot lights.

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Upgrade Communications - Phase 3
File No. 511/10283.AGY - Index No. 22000

   L.D. Docsa Associates, Inc., Kalamazoo; CCO No. 1, Incr. $20,548.05

Purpose/Business Case
The purpose of this change order is to install a communication vault north of Wayne Road including conduits and fiber strands as well as extend the contract completion date to June 3, 2011. These changes are needed to provide adequate space for existing and future communication lines.
Benefit
The State will benefit by having adequate space for the communication lines to function properly.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in an inadequate communication system.

AGREEMENT FOR VEGETATION CLEARING

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Training Center Site – Vegetation Clearing
File No. 511/11180.SAR - Index No. 21000

   That the agreement between the State of Michigan and Huron Pines Resource Conservation and Development Area Council, Inc., (Huron Pines R C & D) Grayling, be approved for $44,000.00.

Purpose/Business Case
The purpose of this agreement is to provide vegetation removal and mulching at approximately 40 artillery firing points at Range 40. Huron Pines RC&D is a 501(c)(3) not-for-profit organization with experience in conservation and restoration projects.
Benefit
The State will benefit by meeting the standards for range and artillery firing points.
Funding Source
100% Federal Funds - National Guard Bureau Environmental Conservation Funds
Commitment
The cost for this agreement is fixed based on that which was negotiated with Huron Pines RC&D.
Risk Assessment
Failure to approve this agreement will result in not getting the assistance needed to clear the overgrown vegetation and therefore not meeting the artillery firing point standards.

April 11, 2011

ASSIGNMENT

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, TRAVERSE CITY – Four Corners Site – Performance of Initial Response Actions

File No. 761/11149.BDH - Index No. 44301

Recommended Assignment: Wilcox Professional Services, LLC, Cadillac; $125,879.53

Purpose/Business Case
The purpose of this assignment is to provide for the initial response action to the four sites at 626, 627, 701, and 704 West Front Street. These four sites are historical leaking underground storage tank sites and are all located at the intersection of South Division and West Front Streets. The professional shall perform soil borings, sample soil, install, and develop eight multi-phase extraction wells per the specifications in the proposal. The professional shall oversee the trenching contractor and paving contractor who will link the eight wells with underground piping. During construction, the professional shall provide monthly progress reports to the MDEQ regional office project manager.

Benefit
The State will benefit by having remediation at this site reinitiated. Recent sampling of monitor wells has indicated contamination levels have increased and free gasoline product is present once again.

Funding Source
100% Refined Petroleum Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 4 to the discretionary contract.

Risk Assessment
Failure to approve this assignment will result in the continuing spread of contamination at this location, and therefore non-compliance with the environmental regulations. In addition, South Division Street (US 31) is scheduled for repaving this spring. Failure to connect the remediation systems on the four sites prior to this project would require later demolition of the new paving.

April 15, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, LUPTON – Main Street Lupton Site – In-Situ Chemical Oxidation
   File No. 761/10129.SAR - Index No. 44601

   Low Responsive Bidder: Wilcox Professional Services, LLC, Lansing; $74,050.00

Purpose/Business Case
The purpose of this contract is to provide in-situ chemical oxidation injection treatment of contaminated soil and groundwater at the site. The site is a former general store which sold gasoline and kerosene and had leaking underground storage tanks (USTs). Three USTs were removed from the site in 2003. The soil and groundwater have been impacted with petroleum hydrocarbons. This contract will provide four chemical oxidation injection events and restore the site.

Benefit
The State will benefit by abating the environmental hazards to protect the environment and prevent the contamination from spreading.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in leaving known contaminated soil and groundwater on site that may pose substantial threats to public health and the environment and therefore violating environmental regulations.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

2. DEPARTMENT OF NATURAL RESOURCES, HOLLAND – Holland State Park – Lake Macatawa Campground New Toilet/Shower Building
   File No. 751/11115.JAN - Index No. 57100

   Recommended Responsive Proposal: Design Plus, Inc., Grand Rapids; $48,000.00

Purpose/Business Case
The purpose of this contract is to provide professional architectural/engineering design and construction administration services to obtain contract documents to replace the existing 1960's building using the DNR standard toilet/shower building prototype.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Park Improvement Funds
Commitment
The contract cost is fixed based on competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING - Constitution Hall – Door Renovations
   File No. 071/11147.SJU - Index No. 44118
   Recommended Assignment: CHMP, Inc., Grand Blanc, $14,868.11

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering design services to obtain contract documents for replacement of the main entry doors at the employee/visitor entrances of Constitution Hall.

Benefit
The State will benefit from this assignment by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Agency Operating Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number three to the discretionary contract.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

4. DEPARTMENT OF NATURAL RESOURCES, LEXINGTON – Lexington State Boat Dock Parking – Parking Lot Repairs
   File No. 751/10388.RAN - Index No. 59570

   Recommended Assignment: Beckett & Raeder, Inc., Ann Arbor; $12,217.50

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for preliminary evaluation and schematic design of the Lexington State Boat Dock Parking Lot.
Benefit
The State will benefit by having a professional evaluation of the parking facilities from which to proceed with design and ultimately reconstruction of improvements to the parking lot.
Funding Source
100% Waterway Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number nine to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not having the necessary evaluation from which to proceed to design.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, PETOSKEY – Butch's Tackle and Marine Site – Trade Contractor Oversight Services
   File No. 761/09277.SAR - Index No. 44351

That the contract for professional services with AECOM Technical Services, Inc., Grand Rapids, be increased $13,203.41.

Purpose/Business Case
The purpose of this modification is to provide for the oversight of the trades contractor who will be underpinning a building foundation that is adjacent to the jobsite. Poor soil conditions require that the neighboring building be protected while excavation work is performed. This change order will also extend the date of completion to December 31, 2011.
Benefit
The State will benefit by preventing foundation damage to a neighboring building during the work.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in a risk of damage to a neighboring building which will expose the State of Michigan to damage claims.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, MILLERSBURG – Alice's Restaurant Site – Environmental Investigation and Remediation Services
File No. 761/10123.SAR - Index No. 44351

That the contract for professional services with Fleis & Vandenbrink Engineering, Inc., Traverse City, be increased $59,494.00.

Purpose/Business Case
The purpose of this modification is to provide additional environmental investigation and remediation services. The professional will provide design services for contamination source removal, delineation of off-site contamination and confirmatory sampling to evaluate contaminants concentrations and free product removal.
Benefit
The State will benefit by removing contamination from the site to protect the environment and comply with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to investigate and abate the environmental contamination at the site to comply with the environmental regulations necessary to protect the environment.

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, READING – Former Union 76 – Remedial Investigation

File No. 761/10149.SAR - Index No. 44401
That the contract for professional services with Superior Environmental Corp., Marne, be increased $18,132.78.

Purpose/Business Case
The purpose of this modification is to continue investigation at this site of gasoline contamination. The PSC will update the Site Specific Health and Safety Plan, facilitate access agreements from owners of neighboring land parcels, perform five free product recovery events, perform two groundwater and soil vapor monitoring events, perform one indoor air monitoring event, install five soil borings and convert two of them to monitor wells, provide monthly reports, and a draft summary report of findings. The completion date is extended from September 17, 2011 to December 31, 2011.
Benefit
The State will benefit by having knowledge of the extent of the plume of contamination and if vapors from the plume can endanger public health.
Funding Source
100% Refined Petroluem Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not having reliable knowledge to determine if vapors from the plume are a danger to human health.

REVISIONS TO CONSTRUCTION CONTRACTS

8. DEPARTMENT OF STATE POLICE, DIMONDALE – MSP Training Academy – Install Food Service Equipment
File No. 551/10374.RMP - Index No. 22010
Great Lakes Hotel Supply Company, Detroit; CCO No. 1, Incr. $7,545.61

Purpose/Business Case
The purpose of this change order is to upgrade the beverage counter top material to granite.
Benefit
The State will benefit by providing a more durable surface necessary for the heavy commercial use of cafeteria.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to letter quotation upon request of agency. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in a less durable surface.

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – New Dining Facility
   File No. 511/10350.CAK - Index No. 21000
   Ripman Construction Co. Inc., St. Helen; CCO No. 1, Incr. $72,367.72

Purpose/Business Case
The purpose of this change order is to provide additional exit signs, revise dishwasher drain pipe, steel reinforcing in columns and brick ledges, parking sub-base material, sewer and water connections, booster heater, metal door frames and hardware, roof deck and window trim, delete window testing, install electrical conduit for future parking lot, pave and stripe the parking area, and install site water valves for building shut-off.
Benefit
The State will benefit by improved life safety, operations and security.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential code violations, increased maintenance costs and reduced security.

10. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North and Southbound Ramp Weigh-in-Motion, Static Deck & Speed Limit Signs
    File No. 591/10144.CAK - Index No. 61815
    Graham Construction Corp., Saginaw; CCO No. 4, Incr. $53,377.00

Purpose/Business Case
The purpose of this change order is to replace additional existing concrete approach to the scale on the northbound side.
Benefit
The State will benefit by ensuring proper slope at the scales and extending the life of the equipment.
Funding Source
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in increased maintenance costs of existing concrete which is deteriorating and problems with proper alignment of approach slab with scale deck affecting scale accuracy.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, INDIAN RIVER – Club Road Property – Remedial Investigation and Interim Response
   File No. 761/11203.SAR - Index No. 44351
   Recommended Assignment: The Mannik & Smith Group, Inc., Canton; $182,244.75

Purpose/Business Case
The purpose of this assignment is to provide remedial investigation and interim response activities. The site is a former gasoline service station and automobile repair shop with five underground storage tanks (USTs). The USTs were removed in 1991. Previous investigations have confirmed the presence of free product and dissolved phase petroleum contamination in the groundwater. Additional investigation is needed to delineate the nature and extent of contamination and identify and abate acute risks.
Benefit
The State will benefit by effectively mitigating the risk for unacceptable exposures to contamination and complying with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number sixteen to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to effectively mitigate the hazard and protect the environment

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Record Building – Fire Alarm/Security System
   File No. 071/10179.RMP - Index No. 44315
   Recommended Assignment: C2AE, Lansing, Michigan; $22,116.59

Purpose/Business Case
The purpose of this assignment is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for security system installation at the Record Building located in Lansing.

Benefit

The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source

100% Building Occupancy Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 005 to the discretionary contract.

Risk Assessment

The State not obtaining the necessary documents for competitive bidding.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, BENTON HARBOR – Harbor Plating - Treatment System O&M Oversight
   File No. 777/11094.SAR - Index No. 44501
   That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $14,978.00.

Purpose/Business Case

The purpose of this modification is to provide additional oversight of the operation and maintenance (O&M) contractor for the currently operating treatment system. The site is an abandoned chrome and cadmium plating facility. A groundwater treatment system was installed to capture and treat groundwater flowing towards the nearby creeks. The professional will review technical reports, evaluate the performance of the system and provide O&M oversight services for six months. The professional will prepare reports to comply with the environmental regulations.

Benefit

The State will benefit by reducing the environmental and public health risk to protect the environment and comply with the environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to keep the site in compliance with the environmental regulations.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, REED CITY – Andy's Standard – Groundwater Monitoring
   File No. 761/10307.SAR - Index No. 44301

That the contract for professional services with The Mannik & Smith Group, Inc., Canton, be increased $54,533.10.

Purpose/Business Case
The purpose of this modification is to provide environmental investigation. Previous investigations have confirmed the presence of a dissolved phase petroleum groundwater plume at the site. A groundwater treatment system was installed to clean up the contamination. The professional will perform soil and groundwater investigation, conduct monthly inspections of the treatment system and prepare reports to comply with the environmental regulations.
Benefit
The State will benefit by knowing the extent of contamination to effectively mitigate the risk of unacceptable exposures to contamination and comply with the environmental regulations.
Funding Source
100% Refined Petroleum Funds.
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to investgate the environmental contamination and effectively mitigate unacceptable risks to human health and the environment.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, MASON – Americhem – Free Product Recovery System O & M Oversight
File No. 761/09308.RRD - Index No. 44801
That the contract for professional services with Weston Solutions of Michigan, Okemos, be increased $42,904.00.

Purpose/Business Case
The purpose of this modification is to extend the oversight of the remediation contractor by the professional and to authorize the professional to continue to provide required documentation to MDEQ and provide the required contract closeout activities at the end of the project. This change order will extend the contract from May 31, 2011 to May 31, 2012, a total of 366 days, and extend the closeout portion of the project from May 31, 2012 to August 31, 2012, a total of 92 days.
Benefit
The State will benefit by having the remediation systems run for one more year and then have the operation closed in accordance with acceptable practices established by the agency.
Funding Source
100% Refined Petroleum Funds.

Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the failure to complete this remediation project in violation of environmental regulations

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, KEEWEENAU COUNTY – Lac La Belle State Harbor – Dock Improvements
   File No. 751/08115.RAA - Index No. 51230
   Thomas J. Moyle Inc., Houghton; CCO No. 3, Incr. $22,493.00

Purpose/Business Case
The purpose of this change order is to adjust the base contract unit quantity amount to reflect actual unit quantities installed to meet the required bearing capacity.
Benefit
The State will benefit by obtaining the required bearing capacity to ensure the structural integrity of the pilings and dock.
Funding Source
100% Waterways
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not meeting the required contract bearing capacity for foundation piling resulting in inadequate and unsafe structural conditions of the dock.

7. DEPARTMENT OF CORRECTIONS, MUSKEGON – Westshore Line Correctional Facility – Relocate Modular Unit
   File No. 472/10237.RMP - Index No. 04410
   DAV Carrier Group, LLC, Hickory Corners; CCO No. 3, Incr. $32,177.00

Purpose/Business Case
The purpose of this change order is to provide modifications to the modular building and the administration building to comply with fire separation requirements. Contractor will install 5/8" type "X" drywall to the interior side of the wall exposed to the education building and the administration building.
Benefit

The State will benefit by providing fire rating construction necessary to comply with the State Building Code.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to letter quote. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the certificate of occupancy being denied.

AGREEMENT FOR TRAINING AREA 5 MANEUVER TRAIL REPAIR

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Maneuver Trail Repair
   File No. 511/11202.SAR - Index No. 22000

That the agreement between the State of Michigan and Potawatomi Resource Conservation and Development (RC&D) Council, Inc., Calhoun County, Michigan be approved for $60,000.00 to provide for the repair of an eroded maneuver trail.

Purpose/Business Case

The purpose of this agreement is to provide for repair of an eroded maneuver trail near a high quality wetland area to meet the standards of the natural resources conservation specifications. Potawatomi RC & D is a 501(c) (3) not-for-profit organization with experience in conservation and restoration projects. The erosion from the maneuver trail has impacted an adjacent wetland complex.

Benefit

The State will benefit by preventing further soil erosion and complying with the Soil Conservation Act of 1935.

Funding Source

100% Federal - National Guard Bureau Environmental Conservation Funds

Commitment

The cost for this agreement is fixed based on negotiations with the Potawatomi RC&D.

Risk Assessment

Failure to approve this agreement will result in not repairing the eroded maneuver trail and possible further soil erosion.

April 29, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, OWOSSO – Former Sav-U Gas Station – Remedial Excavation
   File No. 777/11052.RRD - Index No. 44801

Low Responsive Bidder: Job Site Services, Inc., Bay City; $178,250.00

Purpose/Business Case

The purpose of this contract is to demolish the existing building, remove identified contaminated soil from the site, apply oxygenate material, backfill the excavation with stockpiled/backfill soil, replace excavated asphalt/concrete and restore the site. The site is a former retail gasoline service station with three underground storage tanks (USTs). The USTs have been removed but subsequent investigation identified petroleum contamination at the site.

Benefit

The State will benefit by removing a source of contamination and abating the environmental health hazard.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in leaving known contaminated soil on site that may pose substantial threat to public health and the environment.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, COHOCTAH – The Pit Stop – Remedial Investigation
   File No. 761/11208.SAR - Index No. 44801
   Recommended Assignment: AECOM of Michigan, P.C. (Formerly STS Consultants, Ltd.), Lansing; $89,313.29

Purpose/Business Case

The purpose of this assignment is to provide environmental investigation services. The site is currently an active gasoline service station and convenience store. There are two active 8,000-gallon gasoline underground storage tanks (USTs) and two closed 1,000-gallon gasoline leaking USTs. The site's soil and groundwater have been contaminated. The professional will conduct groundwater sampling and analysis, install ten soil borings and six monitoring wells to determine the nature and extent of contamination, conduct soil gas survey, perform focused feasibility study and prepare investigation reports to comply with the environmental regulations.

Benefit

The State will benefit by protecting the environment and complying with the environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number twenty to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate and abate the environmental contamination at the site.

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, HIGHLAND – Jenny Enterprises/Wine Basket – Remedial Investigation
   File No. 761/11207.SAR - Index No. 44701
   Recommended Assignment: The Mannik & Smith Group, Inc., Canton; $55,919.35

Purpose/Business Case

The purpose of this assignment is to provide remedial investigation, feasibility study and pilot test activities. The site is a former dry cleaner and gasoline service station with confirmed release from underground storage tanks (USTs). Previous investigations have confirmed the presence of dissolved phase petroleum contamination in the groundwater. Approximately, 1,488 tons of highly impacted soils were removed. However, additional investigation is needed to delineate the nature and extent of contamination and identify the most effective remediation technology. The professional will prepare reports to address the contamination at the site and comply with the environmental regulations.

Benefit

The State will benefit by effectively mitigating the risk for unacceptable exposures to contamination and comply with the environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seventeen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to investigate the environmental contamination and effectively mitigate unacceptable risks to human health and the environment.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, KALAMAZOO – Moore's Millwood Service Site – Groundwater Investigation Activities
   File No. 761/11210.BDH - Index No. 44501
   Recommended Assignment: Gannett Fleming of Michigan, Inc., New Boston, $62,202.28

Purpose/Business Case

The purpose of this assignment is to provide groundwater investigation at this former leaking underground storage tank (UST) site. The professional will determine if the existing site contamination is a threat to the City of Kalamazoo municipal water supply northern well field. The professional will have new monitor wells installed and will have the damaged and obsolete monitor wells closed. In addition to taking groundwater samples from the wells to determine contaminant concentrations, the professional shall determine the direction of the groundwater plume and the velocity of the plume in the soil using piezometric measurements at the monitor wells.

Benefit

The State will benefit by knowing the status of the groundwater plume and whether it poses a threat to a City of Kalamazoo municipal water supply northern well field.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 12 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in the continuing spread of contamination at this location, endangering the quality of the City of Kalamazoo municipal water northern well field as well.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, PORTAGE – Bud's Auto Repair Site – Site Investigation and Contaminated Soil Abatement
   File No. 761/11209.BDH - Index No. 44501
   Recommended Assignment: Gannett Fleming of Michigan, New Boston; $81,098.50

Purpose/Business Case

The purpose of this assignment is to provide soil and groundwater investigation at this leaking underground storage tank (UST) site. This site has undergone UST removal and some remediation in the past. However, no remediation has taken place during the last seven years and the limits of the extent of contamination are no longer known. The professional shall obtain groundwater samples from eighteen existing monitor wells,

advance up to twenty four new soil borings and obtain two soil samples from each, using the analytical results to characterize the site. The professional shall write bid specifications to have the most contaminated soil removed, bid this work, oversee the work, and prepare a summary report for the DEQ.

Benefit

The State will benefit by having remediation at this site reinitiated.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 11 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the continuing existence of known contamination at this location.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE - Lake Superior Hosting Center, Secretary of State Office Building – HVAC and Power Renovations
   File No. 084/07096.SJU - Index No. 85702
   That the contract for professional services with Engineering Applications INC., (EAI), East Lansing, be increased $30,058.72.

Purpose/Business Case

The purpose of this modification is to provide for construction administration services assoociated with the Second Phase of the Computer Room Air Conditioning (CRAC) Unit Replacement Project at the Lake Superior Hosting Center. Additional services are the result of owner initiated changes involving the repositioning of CRAC units in server areas to improve air flow to the servers.

Benefit

The State will benefit by having professionally prepared construction bulletin documents as well as construction field and administrative services.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not having professionally prepared construction documents and construction field services.

7. DEPARTMENT OF NATURAL RESOURCES, LANSING – Michigan Historical Center – Archives Learning Center & Museum Education Space Renovation
   File No. 751/10506.JAN - Index No. 28800
   That the contract for professional services with HBC Contracting, Lansing, be increased $33,000.00.

Purpose/Business Case
The purpose of this modification is to provide for the relocation of the carpentry shop to allow for better utilization and efficiency of the available space.
Benefit
The State will benefit by having more efficient space for the educational programs provided.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in inefficient, underutilized space.

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lottery Building – Repair Water Leaks
   File No. 071/10501.JAN - Index No. 44113
   That the contract for professional services with M.C. Smith Associates & Architectural Group, Inc., East Grand Rapids, be increased $54,550.40.

Purpose/Business Case
The purpose of this modification is to provide final design and construction administration services for complete window replacement as recommended in the Phase 100 Study.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.
Funding Source
100% Building Occupancy Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

9. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North and Southbound Ramp Weigh-in-Motion, Static Deck & Speed Limit Signs
   File No. 591/10144.CAK - Index No. 61815
   That the contract for professional services with Materials Testing Consultants, Grand Rapids, be increased $6,904.50.

Purpose/Business Case
The purpose of this modification is to provide quality control/material testing services for soil bearing capacity and material strength.
Benefit
The State will benefit by ensuring soil bearing capacity and material strength for the additional scope of work.
Funding Source
20% State Commercial Vehicle Enforcement Funds, 80% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in concrete being installed without testing for confirmation that it meets specifications over untested sub-base, which could lead to slab and foundation failure.

REVISIONS TO CONSTRUCTION CONTRACTS

10. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – DTMB/Energy Center, Secondary Complex – Cogeneration Project, Early Equipment Procurement Package
    File No. 071/10222.DCS - Index No. 02034
    Graham Construction, Inc., Saginaw; CCO No. 2, Incr. $10,029.00

Purpose/Business Case
The purpose of this change order is to relocate and reposition the exhaust stacks by two feet, increase the height of the turbine exhaust stacks by an additional two feet, and revise the specified controller for the new standby electric generator. These changes are required to comply with the Department of Environmental Quality (DEQ), Air Quality Permit, for the Cogeneration Project.
Benefit

The State will benefit by properly installing the planned Cogeneration System construction components and meet the permit to install requirements as administered by DEQ.

Funding Source

91% ARRA and 9% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in non-compliance with the DEQ permit.

11. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Renovate Building #112A
File No. 511/10183.AGY - Index No. 21000
Ripman Construction Company, Inc., St. Helen; CCO No. 3, Incr. $650.00

Purpose/Business Case

The purpose of this change order is to remove the existing masonry chimney. The existing chimney is no longer required and the removal of the chimney will reduce possible water intrusion into the building.

Benefit

The State will benefit by eliminating the potential of water intrusion.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential costly maintenance to the building.

12. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, Grayling – Camp Grayling Annual Training Site – Renovate Building #116
File No. 511/10184.AGY - Index No. 21000
Ripman Construction Company, Inc., St. Helen; CCO No. 3, Incr. $650.00

Purpose/Business Case

The purpose of this change order is to remove the existing masonry chimney. The existing chimney is no longer required and the removal of the chimney will reduce possible water intrusion into the building.

Benefit

The State will benefit by eliminating the potential of water intrusion.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential costly maintenance to the building.

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling – Live Fire Shoot House
File No. 511/09360.CAK - Index No. 21000
Graham Construction Corp., Saginaw; CCO No. 3, Incr. $7,186.00

Purpose/Business Case

The purpose of this change order is to install a ceiling grid for camera equipment. This work was originally planned to be installed by a different contractor.

Benefit

The State will benefit by having the support structure in place to install cameras necessary for the military to use during training exercises.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in a training facility that does not meet the military's standards for training the use of live firearms.

14. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Asbestos Abatement – Michigan Commission for the Blind Training Center
File No. 641/10398.BDW - Index No. 36402
Quality Environmental Services, Gladwin; CCO No. 1, Incr. $13,726.00

Purpose/Business Case

The purpose of this change order is to provide for removal of additional asbestos, discovered as a result of the renovation contract.

Benefit

The State will benefit by removing all known asbestos materials in the interior of the building.

Funding Source

100% Federal Funds (Act 260 of P.A. 1976, Rehabilitation Services Fund)

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in asbestos remaining in the interior of the school and dormitories.

15. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, KALAMAZOO – Kalamazoo Armory Site – Armory Modification - Phase 2
File No. 511/10335.AGY - Index No. 13759, 13959
Beckering Advisor, Inc., Grand Rapids; CCO No. 2, Incr. $41,455.11

Purpose/Business Case

The purpose of this change order is to install additional electrical equipment to correct unsafe conditions and to install a wire mesh partition to increase the security of the storage room.

Benefit

The State will benefit by increasing the safety and security of the Armory.

Funding Source

16.34% Federal Funds
83.66% State Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in compromising the safety and security of the Armory.

16. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Reserve Forces Service Center – Interior Improvements Phase 2
File No. 511/10188.CAK - Index No. 13957
HBC Contracting, Lansing; CCO No. 5, Incr. $7,386.01

Purpose/Business Case

The purpose of this change order is to provide fire separation and alarm devices, power to the temperature control transformer bank, required signage at the fire pump, a

disconnect for the water heater, surface mount a fire alarm device, remove existing caulk from walls, provide a textured finish to existing exposed concrete ceiling and provide electrical power to modular furniture.

Benefit

The State will benefit by meeting code requirements and enhancing the operability of this facility.

Funding Source

100% Agency Funds (PA 112 of 2009)

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the inability to obtain occupancy permit due to code deficiencies and operational issues.

17. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MASON – Americhem – Free Product Recovery and Soil Vapor Extraction System Installation
File No. 761/7139.RRD - Index No. 44801
Job Site Services, Inc., Bay City; CCO No. 10, Incr. $167,068.00

Purpose/Business Case

The purpose of this change order is to increase the basic operation and maintenance of the system for an additional year, increase the number of sampling events of the exhaust from the scrubber, increase the number of sampling events of the wastewater discharge from the scrubber, increase the number of events whereby bulk and drummed recovered free product will be loaded, transported, and disposed at a recycling facility, increase the amount of water softener salt to be delivered, increase the number of alarm response visits, increase the provisional allowance by $10,000.00, increase the cash allowance by $54,000.00, shall obtain additional bonds and insurance required by contract. This change order will extend the project from July 7, 2011 to July 7, 2012, a total of 366 days.

Benefit

The State will benefit by the removal of contamination from the site, protecting the environment and public.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the failure to complete this remediation project.

18. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North and Southbound Ramp Weigh-in-Motion, Static Deck & Speed Limit Signs
File No. 591/10144.CAK - Index No. 61815
Graham Construction Corp., Saginaw; CCO No. 5, Incr. $18,829.00.

Purpose/Business Case
The purpose of this change order is to provide required connections between existing and new concrete, replace a concrete slab, and repair an existing vault. These items will address conditions discovered during the construction project.
Benefit
The State will benefit by installing proper installation of the scale resulting in a long service life.
Funding Source
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in operational issues and a reduced service life of the scale.

19. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, TRAVERSE CITY – Woodland Oil #175 – Installation of Soil Vapor Extraction System and O&M
File No. 761/9081.SAR - Index No. 44301
Nova Consultants, Inc., Novi; CCO No. 2, Incr. $8,200.00

Purpose/Business Case
The purpose of this change order is to provide for an additional year of operation and maintenance, reduce the quantity of non-hazardous soil disposal, reduce the current operation and maintenance fee by $100.00, reduce the amount of vapor phase activated carbon needed, reduce the owner's allowance by $4,300.00, increase the period of operation and maintenance by twelve months, and increase the number of quarterly groundwater sampling events by four. This change order will extend the project from May 19, 2011 to May 31, 2012, a total of 378 calendar days.
Benefit
The State will benefit by the continued removal of contamination from the site, protecting the environment and public.

Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the failure to complete this remediation project.

20. DEPARTMENT OF MILITARY & VETERANS AFFAIRS – WEST MICHIGAN – Grand Ledge, Wyoming & Montague Armories
File No. 511/10340.MNB - Index No. 26000
Bultsma Construction, Byron Center, Michigan; CCO No. 2, increase $48,336.36

Purpose/Business Case
The purpose of this change order is to allow for the installation of updated communication infrastructure including conduits, boxes, wirings, racks, panels at two armories; Grand Ledge and Wyoming. This will allow the maintenance mechanics to access current maintenance technology using their desk computers.
Benefit
The State will benefit by having a reliable updated communication infrastructure to be used by the maintenance staff at Grand Ledge and Wyoming Armories.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not having a reliable system of communication for the mechanics. Additional cost will be incurred by the mechanics due to the lack technology.

CONTRACT CHANGE ORDER

21. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS (LARA), ANN ARBOR –
CCO #1 for Lease #7693 approved by the State Administrative Board on June 17, 2008, between Robert F. Guenther, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for LARA, as Lessee. This CCO provides for renovation to increase the size of the customer waiting room and add security windows and walls to the

front desk customer intake area, as requested by LARA at a cost not-to-exceed $15,015. The space is located at 3810 Packard Rd., Ste. 170, Ann Arbor, Michigan 48104.

Purpose/Business Case:
The purpose of this CCO is to expand the size of the waiting room and to add security windows and walls to the front desk customer intake area.
Benefit:
This CCO allows LARA staff to be secure in their workplace by separating staff from clients prior to providing service and alleviates overcrowding among waiting customers.
Source of Funds:
100% Federal Funds
Commitment Level:
Present through 11/30/2012; however, this Lease contains a standard cancellation clause with 90 days notice.
Risk Assessment:
Non-approval of this CCO will hinder staff from having a secure office environment from which to conduct business and will hinder customers from having a sufficiently sized waiting room to comfortably accommodate them.
Zip Code:
48104

Department of Technology, Management and Budget
Second Quarterly Report - Director Agenda Approvals

The following agendas have been approved by the Director, Department of Technology, Management and Budget, covering the period of January 1, 2011, through March 31, 2011, and are submitted in accordance with the State Administrative Board's resolution of December 16, 1997.

. . . . . .

Department of Technology, Management and Budget recommends the following items:

January 7, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BATTLE CREEK – Logan's Gas and Deli Site – Soil Vapor Excavation & Air Sparge System
   File No. 761/09335.SAR

   Low Responsive Bidder: TriMedia Environmental and Engineering Services, Inc., Marquette; $96,180.00

Purpose/Business Case
The purpose of this contract is to operate a soil vapor extraction remediation system with air sparging for 760 days (2 years, 1 month). The scope of work also includes updating the operation and maintenance manual, obtaining and shipping water samples to the state analytical laboratory, providing all required written reports to MDNRE, and related project management functions.
Benefit
The State will benefit by removing a source of contamination and abating the environmental health hazard to protect the public health and environment.
Funding
100% Refined Petroleum Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in leaving known contaminated soil on site, exacerbating the contamination at this location, and therefore violating environmental regulations.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB Records Center Building – Exterior Wall Repair and Storage Build-Out
   File No. 071/10393.JNS

That DLZ Michigan, Inc., Lansing, be authorized to use $16,366.50 on an hourly basis times a multiplier of 2.7 plus reimbursables.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for preliminary and final design and construction administration services for the DTMB Records Center Building exterior wall repair and file storage build-out. This work will allow Department of Treasury Records to be moved into this facility from currently leased space as well as correcting water infiltration problems at the front wall.
Benefit
The State will benefit from this assignment by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction
Funding Source
100% Agency Operating Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seven to the discretionary contract.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process

3. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROSCOMMON – South Higgins Lake State Park – Camp Store Building Log Replacement and Roof Repair
   File No. 751/10344.JNS

   That M.C. Smith Associates and Architectural Group, East Grand Rapids, be authorized to use $9,218.60 on an hourly basis times a multiplier of 2.7 plus reimbursables.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural and/or engineering design and construction administration services to obtain contract documents for South Higgins Lake State Park camp store building log replacement and roof repair. This facility has suffered from water damage to the roof and numerous logs, compromising the structural integrity of the structure
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid, and contract administration services through construction.

Funding Source
100% Park Improvement Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 5 to the discretionary contract.
Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, HARTFORD – Rudell Real Estate Site – Environmental Investigation and Remediation Design Services
   File No. 777/11066.SAR

   That Gannett Fleming of Michigan, Inc., New Boston, be authorized to use $54,795.00 on a billing rate fee basis plus reimbursables.

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for environmental investigation and remediation design services. The professional will conduct limited geoprobe investigation to determine the extent of soil contamination, prepare bid specifications, oversee soil removal, and prepare reports, recommendations, and submit to the agency.
Benefit
The State will benefit by investigating and eliminating unacceptable risks to human health and the environment, complying with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eight to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to investigate and abate the environmental contamination in order to comply with environmental regulations necessary to protect the environment.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, FLINT – Action Auto #10 Site – Remedial Investigation
   File No. 777/11069.SAR

   That Environmental Consulting & Technology, Inc., Ann Arbor, be authorized to use $66,203.35 on a billing rate fee basis plus reimbursables.

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation services. The professional will perform remedial investigation activities required to evaluate indoor air volatile organic compound (VOC) risks, determine the nature and extent of soil and groundwater contamination, ascertain if free phase product is present from leaking underground storage tanks (USTs), and prepare investigation reports to comply with environmental regulations. Two confirmed releases were reported in 1989 and 2002. Subsequent investigation confirmed the impact of petroleum hydrocarbons.
Benefit
The State will benefit by investigating the extent of petroleum hydrocarbon contamination to abate the contamination and protect the environment.

Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number five to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the environment, investigate and abate the environmental contamination and comply with regulations.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, LAKE GEORGE – The Depot Site – Environmental Investigation and Remediation Design Services
File No. 777/11079.SAR

That Global Remediation Technologies, Inc., Traverse City, be authorized to use $60,601.52 on a billing rate fee basis plus reimbursables.

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation and remediation design services. The professional will conduct environmental investigation to determine the extent of soil and groundwater contamination, prepare bid specifications, oversee soil removal, and prepare reports and recommendations for agency submission.
Benefit
The State will benefit by investigating environmental contamination, implement abatement measures to protect the environment, and comply with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number three to the discretionary contract.

Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the environment, investigate and abate the environmental contamination and comply with regulations.

7. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, HOPE – Sportsmen's Landing Site – Environmental Investigation and Remediation Design Services
File No. 777/11080.SAR

That Global Remediation Technologies, Inc., Traverse City, be authorized to use $65,155.64 on a billing rate fee basis plus reimbursables.

Purpose/Business Case
The purpose of this assignment is to provide environmental investigation and remediation design services. The professional will perform a remedial investigation to determine the nature and extent of soil and groundwater contamination resulting from leaking underground storage tanks (USTs), develop bid specifications, and prepare investigation reports necessary to comply with environmental regulations.
Benefit
The State will benefit by investigating environmental contamination and implement abatement measures to protect the environment and comply with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number four to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to protect the environment, investigate and abate the environmental contamination and comply with regulations.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Hall of Justice – East Entry and Courtyard Reconstruction
File No. 071/10180.SJU

That the contract for professional services with Beckett & Raeder, Inc., Ann Arbor, be increased $3,453.85 on a billing rate basis plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional phase 500 work associated with correcting improper water drainage and paver heaving at the east courtyard areas of the Hall of Justice. The Hall of Justice East Plaza is heavily used by visiting school groups and the continued closure is a safety hazard and inconvenience.
Benefit
The State will benefit by eliminate existing unsafe tripping conditions as well as correct improper water drainage problems at the East Courtyard area of the Hall of Justice.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the continued closure of the East Plaza areas of the Hall of Justice due to improper water drainage and the heaving of existing courtyard pavers.

9. DEPARTMENT OF TRANSPORTATION, Detroit – Raymond and Rosa L. Parks Detroit Integrated Transportation Center - Building
File No. 591/04003.JAN

That the contract for professional services with Soils and Materials Engineers, Inc., Shelby Township, be increased $46,421.74 on an hourly rate, times a multiplier of 2.7 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide professional engineering and testing services for the adjacent parking lot and drives related to the Phase 4 Greyhound Site, and additional field, laboratory, and consulting services related to the Phase 2 removal and replacement of rejected sidewalks and.
Benefit
The State will benefit by having engineered concrete pavement and subgrade for the Greyhound and SMART buses at the adjacent north site and the assurance that the sidewalks and ramps have been built according to contract documents.
Funding Source
100% Trunkline Funds
Commitment
This contract modification will be paid on an hourly rate, times a multiplier of 2.7 plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract could result in the potential of substandard and early failure of concrete pavement for the buses, sidewalks, and ramps at both sites.

10. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, GRAYLING - Mason Tract Hiking & Skiing Pathway - Replace Two Bridges Over Thayer Creek
File No. 751/04097.BDW

That the contract for professional services with R.S. Scott Associates, Alpena, be increased $973.08, on an hourly/direct payroll basis times a multiplier of 2.70 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide architectural/engineering services for design and inspection of the replacement of two bridge approaches to the 16 foot long bridge.
Benefit
The State will benefit by obtaining the required bulletin pricing documents necessary to obtain contractor pricing of this work.
Funding Source
100% Recreation Trails Program Grant
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the bid documents necessary to obtain contractor pricing for this work.

11. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, JACKSON – State Prison of Southern Michigan Credit Union – Environmental Remedial Design Services
File No. 761/01068.JNS

That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased by $1,382.18 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide additional professional environmental services to complete the initial phase of the site closure plan.
Benefit
The state will benefit by assessing the environmental concerns to close this portion of the site and continue the effort to protect the environment and comply with the environmental regulations.
Funding Source
100% State Sites Clean Up Program Funds
Commitment
The professional services contract modification will be paid an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not completing the work plan which is necessary to protect the environment and comply with environmental regulations.

12. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BATTLE CREEK, Logan's Gas and Deli Site – Environmental Investigation and Mitigation Services
File No. 761/09335.SAR

That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $76,447.00 on a billing rate basis, plus reimbursables, to provide additional technical support services.

Purpose/Business Case
The purpose of this modification is to provide additional technical support services. The professional will provide oversight of construction and operation/maintenance (O&M) activities for two years. The professional will observe, document, and compile data in reports for submittal to the agency.
Benefit
The state will benefit by ensuring protection of the environment and complying with the environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this modification will result in not getting the professional assistance needed to comply with environmental regulations and protect the environment.

MODIFICATION TO PROJECT MANAGEMENT CONTRACTS

13. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE – Woodland Correctional Facility – Relocation/Renovation of Mental Health Program
File No. 472/09169.EEW

That the contract for professional services with Clark Construction, Lansing, be increased $253,985.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to increase the perimeter security of Huron Center which houses prisoners requiring mental health services and treatments. Installation of the stun fence will increase the ability of the facility to prevent escapes. The cost also includes a corresponding increase in the Design, Construction, General Conditions, and Project Management fees for overseeing the construction.
Benefit
The State will benefit by decreasing the potential of escapes from the Level 5 correctional facility.

Funding Source
100% Agency Operating Funds
Commitment
The contract cost will be based on competitive bids taken by the Construction Manager. The amounts of these changes are within the authorized budget.
Risk Assessment
Failure to approve this modification could result in a serious incident occurring involving the escape of a prisoner or prisoners with mental health issues

REVISIONS TO CONSTRUCTION CONTRACTS

14. DEPARTMENT OF TECHNOLOGY, MANAMGEMENT AND BUDGET, DIMONDALE – General Services Building – HVAC Replacement
File No. 071/09435.CAK

Moore-Trosper Construction Company, Holt; CCO No. 7, Incr. $4,999.50

Purpose/Business Case
The purpose of this change order is to provide air balance on AHU 5, 6, 7, 8. Balancing will ensure efficient and effective operation of the new systems.
Benefit
The State will benefit by providing efficient climate control.
Funding Source
100% Building Occupancy Funds
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the inefficient operation of the new system.

15. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BATTLE CREEK – Logan's Gas and Deli – Air Sparging and Soil Vapor Extraction System File No. 761/09334.RRD

    Job Site Services, Bay City; CCO No. 2, Incr., $20,927.60

Purpose/Business Case

The purpose of this change order is to adjust contract unit prices to match actual field quantities.

Benefit

The State will benefit by continuing to remove contamination from the soil, minimizing the spread of contamination and protecting the environment.

Funding Source

100% Environmental Protection Bond Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order could result in the potential spread of contamination to a nearby residential basement and violate environmental regulations.

CONTRACT CHANGE ORDER

16. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, Lansing - CCO No. 7 for Lease No.10521 approved by the State Administrative Board on July 19, 1998, between Victor II Partnership, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Energy, Labor and Economic Growth, as Lessee. This CCO provides for adding three electrical receptacles, as requested by the Department of Energy, Labor and Economic Growth at a cost not-to-exceed $374.40. The space is located at 201 N. Washington, Lansing, MI 48933

Purpose/Business Case

The purpose of this CCO is to add three duplex receptacles in the 2nd floor conference room which is utilized by the Regional office of the Commission for the Blind staff. Adding these electrical receptacles will eliminate the use of electrical power strips, thus eliminating trip hazards and will provide electrical power for electrical equipment used in this conference room.

Benefit

This CCO allows for safer and more convenient access to electrical power sources and eliminates trip hazards by removing the electrical power strips currently being utilized.

Source of Funds

100% Federal Funds

Commitment Level

Present through January 31, 2020; however, this Lease contains a Legislative Restrictive cancellation clause with 180 days notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from eliminating the trip hazard that currently exists in this conference room by the use of electical power strips.

January 14, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Alterations to Logistics Building 2690 (LOG)
   File No. 511/11025.AGY

   Low Responsive Bidder: Bender & Pociask Construction, Inc., Tecumseh; $32,500.00

Purpose/Business Case

The purpose of this contract is to modify the LOG building to include a new loading ramp, motorized overhead door operators, and provide interior access to existing hazardous material room.

Benefit

The State will benefit by allowing for multiple deck heights to properly load/unload incoming deliveries/pickups.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the continued limited delivery capabilities and the potential loss of federal funds.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Modifications to Battery Room
   File No. 511/11026.AGY

   Low Responsive Bidder: Bender & Pociask Construction, Inc., Tecumseh; $22,375.00

Purpose/Business Case

The purpose of this contract is to modify the Range Control existing Battery Room to provide proper ventilation and required safety equipment, including an eyewash station.

Benefit

The State will benefit by meeting current building codes and safety requirements for the Battery Room.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in potential safety violations and the loss of federal funds.

3. DEPARTMENT OF TRANSPORTATION, BRIGHTON – Brighton Maintenance Garage – Exhaust Fan Replacement and Exterior Painting
   File No. 591/07285.AGY

   Low Responsive Bidder: Jarmco Corporation, St. Charles; $27,400.00

Purpose/Business Case

The purpose of this contract is to replace the existing exhaust fans and paint the exterior wood and steel surfaces of the salt storage building. The exhaust fans are inefficient and require constant maintenance to remain operational.

Benefit

The State will benefit by providing proper ventilation and maintaining the exterior wood and steel surfaces of the building.

Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued costly maintenance of the ventilation system and the exterior wood and steel surfaces to be subjected to potential decay and corrosion.

4. DEPARTMENT OF TRANSPORTATION, SOUTHFIELD – Southfield Bus Terminal – Interior Renovation
   File No. 591/10132.AGY

   Low Responsive Bidder: Above the Rest General Construction, Southfield; $50,371.00

Purpose/Business Case

The purpose of this contract is to renovate the existing interior of the terminal waiting area, vestibules, ticket area, and office to bring them into compliance with accessibility requirements.

Benefit

The State will benefit by providing updated, accessible facilities.

Funding

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk

Failure to approve this contract will result in continued noncompliance with accessibility requirements.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, GREGORY – Main Street Gregory Site – Operation and Maintenance Services
   File No. 761/11095.BDH

   That AECOM Technical Services, Grand Rapids, be authorized to use $9,000.00 on a billing rate fee basis plus reimbursables

Purpose/Business Case

The purpose of this assignment is to provide operation and maintenance of the existing groundwater treatment system. The site is contaminated with trichloroethylene normally associated with dry cleaning operations. The professional will provide continued operation of the groundwater remediation system including report preparation to comply with environmental regulations.

Benefit

The State will benefit by controlling and reducing the spread of contamination.

Funding Source

100% Environmental Protection Bonds

Commitment

The contract cost is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number three to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in shutting down the treatment system, causing noncompliance with environmental regulations.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BENTON HARBOR – Harbor Plating Site – Treatment System O&M Oversight
   File No. 777/11094.SAR

   That MACTEC Engineering and Consulting of Michigan, Inc., Novi, be authorized to use $24,996.00 on a billing rate fee basis plus reimbursables.

Purpose/Business Case

The purpose of this assignment is to provide 16 months of oversight to the operation and maintenance (O&M) contractor for the current operating groundwater treatment system. The site is an abandoned chrome and cadmium plating facility. A groundwater treatment system was installed to capture and treat groundwater flowing towards the nearby creeks. The professional will review technical reports, evaluate the performance of the system, and provide O&M oversight services. The professional will also prepare reports to comply with environmental regulations.

Benefit

The State will benefit by reducing the environmental and public health risk and comply with environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number sixteen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to keep the site in compliance with the environmental regulations necessary to protect the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Secondary Complex – Waste Water Sampling for Mercury
   File No. 071/09083.TLO

   That the contract for professional services with Materials Testing Consultants, Inc., Grand Rapids, be increased $23,227.50 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables.

Purpose/Business Case

The purpose of this modification is to provide professional environmental sampling of waste water at the State Secondary Complex to comply with the Delta Township Waste Water Discharge Permit.

Benefit

The State will benefit by complying with the Delta Township Discharge Permit issued to the State of Michigan Secondary Complex.

Funding Source

100% Building Occupancy Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in noncompliance with the waste water discharge permit limits.

8. DEPARTMENT OF TECHNOLOGY MANAGEMENT AND BUDGET, LANSING – George W. Romney Building – Lower Level HVAC Renovations
   File No. 071/09248.MNB

   That the contract for professional services with Century A & E, Grand Rapids, be increased $13,851.30 on an hourly basis times a multiplier of 2.5 plus reimbursables.

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering design and construction administration services to obtain contract documents for the replacement of the failed HVAC equipment in the elevator room. Temporary measures have been implemented to keep the equipment cool and prevent the elevator equipment from failing.

Benefit

The State will benefit from this modification by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.

Funding Source

100% Building Occupancy Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursable. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not obtaining the necessary documents for the bid process.

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center, Secondary Governmental Complex – New Cogeneration Project
   File No. 071/10222.DCS

   That the contract for professional services with GRP Engineering, Inc., Grand Rapids, be increased $13,070.00 on an hourly/direct payroll basis times a multiplier of 2.0 plus reimbursables.

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services for continued detailed calculations concerning the required air quality permit, review of shop drawings for all pre-purchased equipment, investigation and evaluation of the original Central Energy Center operating floor strength, and attendance at construction progress meetings.

Benefit

The State will benefit by having professionally prepared air quality permit documentation and assurance that all project equipment meets the contract document requirements.

Funding Source

91% ARRA Funds
9% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the required professional assistance needed to complete the required air quality permit and review/approval of specific cogeneration project equipment.

10. DEPARTMENT OF CORRECTIONS, KINGSLEY – PUGSLEY CORRECTIONAL FACILITY – HVAC REPLACEMENT
File No. 472/07053.CAK

That the contract for professional services with Trinity Architecture and Management, LLC, Gaylord, be increased $168.82 on an hourly/direct payroll basis times a multiplier of 1.8 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide additional design work required to add a separate variable air volume mechanical unit to the Arsenal Room.
Benefit
The State will benefit by having properly engineered temperature control equipment in the Arsenal Room.
Funding Source
100% Agency Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in variable air volume mechanical unit not being installed in the Arsenal Room resulting in temperature control issues.

11. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ST. LOUIS, Gratiot County Landfill Site – Investigation and Monitoring Services
File No. 761/09138.SAR

That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $48,219.00 on a billing rate basis, plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide additional technical support services regarding the maintenance of the landfill and groundwater sampling. The professional will develop a landfill maintenance plan, provide landfill cover system maintenance and collect one round of groundwater samples for analysis of metals and volatile organic compounds (VOCs). The professional will also compile data, and prepare and submit reports to the agency.
Benefit
The state will benefit by ensuring protection of the environment and comply with environmental regulations.
Funding Source
100% Federal - Superfund Cooperative Agreement (Five Year Review Grant)
Commitment
The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional assistance needed to comply with environmental regulations and protect the environment.

REVISIONS TO CONSTRUCTION CONTRACTS

12. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – State Laboratory – Replace Roof Exhaust Dampers
File No. 071/09049.DCS

Engineered Construction, LLC, Taylor; CCO No. 1, Incr. $831.36

Purpose/Business Case
The purpose of this change order is to receive a credit for eliminating the installation of an access panel and provide for additional material and labor to relocate and reconnect the damper control actuators.
Benefit
The State will benefit by completing the planned exhaust damper replacements as required to provide a safe working environment.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in continued inefficient air exhaust control.

13. DEPARTMENT OF TRANSPORTATION, AUBURN HILLS – Auburn Hills Maintenance Garage – Roof and Insulation Replacement
File No. 591/10167.AGY

Port Huron Roofing and Sheet Metal, Clyde Township; CCO No. 1, Incr. $1,969.10

Purpose/Business Case
The purpose of this change order is to remove and dispose of an existing, inoperable roof top unit. The unit is no longer required.
Benefit
The State will benefit by removing this unit prior to the roof replacement, reducing roof penetrations and a potential, unnecessary source for future leaks.
Funding Source
100% Trunkline Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in a less efficient system with higher operating costs.

14. DEPARTMENT OF NATURAL RESOURCES – Tri-Centennial Park & Harbor, Phase II, Group B and C
File No. 751/01054.MNB

Anglin Civil Constructors, Novi; CCO No. 6, Incr. $3,841.54

Purpose/Business Case
The purpose of this change order is to fill a void at the seawall to stabilize the area.
Benefit
The State will benefit by having the seawall stabilized by adding a flowable fill concrete material.
Funding Source
100% Park Improvement Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in reduced structural integrity of the seawall and potential collapse.

15. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, WATERFORD – Closed Waterford Hills Sanitary Landfill – Leachate Pretreatment System Project
File No. 761/06201.RRD

Technical Service Professionals, L.L.C., Livonia; CCO No. 10, Incr. $99,769.74

Purpose/Business Case
The purpose of this change order is to provide one year of additional operation and maintenance to the existing remediation system.
Benefit
The State will benefit by continuing to remove contamination from the soil, minimizing the spread of leachate contamination, and protecting the environment from migration of landfill gas.
Funding Source
100% Environmental Protection Bond Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in shutting down the remediation system and therefore risking the spread of contamination, endangering public health and safety, and violating environmental regulations.

16. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MILFORD – Coe's Cleaners Site – Operation & Maintenance of Groundwater Pump and Treat System
File No. 761/09183.RRD

Nesa & Associates, Inc., Warren; CCO No. 1, Incr. $41,862.50

Purpose/Business Case
The purpose of this change order is to increase the number of air stripper cleaning events, operational support, reporting support, cash allowance for utility reimbursement, and the allowance for emergency and non-routine maintenance.
Benefit
The State will benefit by adjusting the contract to match actual site conditions and prevent the spread of contamination protecting the environment.
Funding Source
100% Environmental Protection Bonds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order could result in the spread of contamination, endangering public health and violating environmental regulations.

AGREEMENT FOR CERULEAN WARBLERS MAPS

17. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center Site – Cerulean Warbler Research
File No. 511/11086.SAR

That the agreement between the State of Michigan and Potawatomi RC&D, Calhoun County be approved for $45,490.00 to conduct research activities to assess the Cerulean Warbler population on the property of Fort Custer Training Center.

Purpose/Business Case
The purpose of this agreement is to perform tasks and activities necessary to complete the Cerulean Warbler banding and analysis, Monitoring Avian Productivity and Survivorship (MAPS), bird banding and Cerulean Warbler Silvicultural prescription. The professional will prepare final reports and submit to the agency. Potawatomi is a 501(c)(3) not-for-profit organization with experience in restoration and research projects.
Benefit
The State will benefit by having the necessary professional assistance to assess the bird species population and determine potential impacts on the forest ecosystem.
Funding Source
100% Federal - National Guard Bureau Environmental Conservation Funds
Commitment
The cost for this agreement is fixed based on negotiations with the Potawatomi RC&D.
Risk Assessment

Failure to approve this agreement results in not getting the professional assistance needed to study the population decline of the bird species. If the research is not performed, best conservation practices to reverse declines will not be implemented.

January 21, 2011

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING - Reserve Forces Service Center - Building Alterations
   File No. 511/09243.CAK

   That the contract for professional services with G.H. Forbes Associates Architects, Royal Oak, be increased $51,536.00 on an hourly/direct payroll basis times a multiplier of 2.5 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide construction administration field and office services for changes to the original scope of work.
Benefit
The State will benefit by professional services necessary to write and evaluate bulletins for abatement of unknown existing hazardous materials and additional requirements made in the field by the Lansing Fire Marshal and DELEG inspectors.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the project being halted due to hazardous materials and code issues.

REVISIONS TO CONSTRUCTION CONTRACTS

2. DEPARTMENT OF CORRECTIONS, YPSILANTI – Huron Valley Women's Correctional Facility – Alterations/Conversion to Women's Facility
   File No. 472/08363.RAN

   E & L Construction Group, Inc., Flint; CCO No. 7, Incr. $31,406.82

Purpose/Business Case
The purpose of this change order is to isolate the West Administration water system, install ADA required fixtures, add fire notification code required devices, and replace floor tile.
Benefit
The State will benefit by having code compliant devices necessary to meet ADA and NFPA requirements and will save money by having the flooring completed while the space is unoccupied.

Funding Source
100% State Building Authority Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in construction not meeting the required codes, thereby preventing the Facility from receiving a Certificate of Occupancy.

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND LEDGE – Grand Ledge Armory Aviation Support Facility – Modify Access Control Panel
File No. 511/10185.AGY

   MacKenzie Env. Svcs, Inc./E.T. MacKenzie Co., Grand Ledge; CCO No. 1, Incr. $8,686.55

Purpose/Business Case
The purpose of this change order is to adjust contract quantities to match actual site measured quantities, address issues with concrete sidewalk expansion, and provide protection to the lift gate.
Benefit
The State will benefit by providing a suitable concrete sub-base, minimizing the potential of uncontrolled concrete cracking, and protecting the lift gate from being damaged by vehicular traffic.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in an inferior concrete sub-base, which will contribute to soil erosion problems and early material failure, uncontrolled cracking in concrete sidewalks, causing a potential trip hazard, and possible damage to the lift gate.

4. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – MATES Mechanical Upgrades
File No. 511/10187.AGY

   Ripman Construction Company, Inc., St. Helen; CCO No. 2, Incr. $54,011.61

Purpose/Business Case
The purpose of this change order is to provide ventilation for the infrared unit heater intakes and exhausts, install offsets in supply air ductwork to avoid contact with the overhead crane, install keyed switch over-ride to operate the system manually when it is needed and to structurally reinforce steel trusses in Track and Wheeled Vehicle Maintenance Bays. These changes are necessary to eliminate fouling, improve the burner efficiency, reduce maintenance cost and prevent structural failure of trusses.

Benefit
The State will benefit by improving the efficiency of the system and preventing structural failure of trusses.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in inefficient operation of the unit heaters and potential structural failure.

5. DEPARTMENT OF MILITARY & VETERANS AFFAIRS, WEST MICHIGAN – Grand Ledge, Wyoming & Montague Armories
   File No. 511/10340.MNB

   Bultsma Construction, Byron Center; CCO No. 1, incr. $30,000.00

Purpose/Business Case
The purpose of this change order is to provide an owner-controlled contingency allowance to be used to respond to unforeseen field conditions without costly delays to the project. These conditions could include discovery of hazardous materials such as asbestos, responding to life/safety upgrades required for occupancy, and other conditions frequently encountered during renovation projects.
Benefit
The State will benefit by being able to respond immediately when unforeseen field conditions are encountered during demolition.

Funding Source
100% Federal Funds
Commitment
The change order costs are fixed. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential delays of contract completion and related increased costs.

6. DEPARTMENT OF TRANSPORTATION, PONTIAC – Pontiac Transportation Terminal – New Terminal Building
   File No. 591/09209.RAN

   B & B Construction Services, LLC, St. Clair Shores; CCO No. 3, Incr. $342.03

Purpose/Business Case
The purpose of this change order is to remove a water valve to comply with the City of Pontiac requirements, add ADA required signs, add electric circuits and change the gage of the roof and trim metal.

Benefit
The State will benefit by receiving a water meter from the City which will result in water service to the new building, meeting ADA interior signage and accessibility requirements and keeping the project on schedule.
Funding Source
100% Federal Comprehensive Transportation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in construction of the New Terminal Building being stopped due to availability issues with the 22 gage metal, and possible delay in receiving the Certificate of Occupancy.

January 28, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Allegan and Ottawa Parking Ramps – Way-Finding Improvements
   File No. 071/09442.JNS

   Low Responsive Bidder: Moore Trosper Construction Company, Holt; $139,000.00

Purpose/Business Case
The purpose of this contract is to furnish and install signage and way-finding improvements throughout the Allegan and Ottawa Parking Ramps including the removal of existing signs, fabrication, and installation of new signs, restriping and installing new pavement markings, installing new flashing traffic signals, and installing new illuminated exit lighting. This work was recommended in a recent study addressing safety and directional signage issues in the underground parking structures.
Benefit
The State will benefit by providing a safer and more user-friendly driving, parking, and walking experience for parking ramp users.
Funding Source
100% Building Occupancy Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued use of the existing elements that were found to be inadequate.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

2. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BATH – Rose Lake Shooting Range – Shooting Range Improvements

File No. 751/10306.BDW

Recommended Responsive Proposal: Williams & Works, Grand Rapids; $16,300.55

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services and obtain contract documents for needed pistol range addition, shotgun patterning range, and accessible (ADA) walkways.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding
100% Natural Resources Trust Funds
Commitment
The contract cost is fixed based on competitive proposals. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

AWARD OF DESIGN CONSTRUCTION CONSULTANT SERVICES

3. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, LANSING – Michigan Historical Center – Archives Learning Center & Museum Education Space Renovation
   File No. 751/10506.JAN

   Recommended Responsive Proposal: HBC Contracting, Lansing; $229,063.00

Purpose/Business Case
The purpose of this contract is to provide design and construction services necessary to renovate approximately 4,760 sq. ft. on the first floor of the existing building to accommodate new specialized educational programs. The current space is under-utilized and inefficient.
Benefit
The State will benefit by enhancing the educational experience for school children and the public.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the inability to incorporate the new specialized educational program.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, NORTH ADAMS – North Adams Convenience Store Site – Site Investigation and Reporting
   File No. 761/11099.BDH

   That Superior Environmental Corporation, Marne, be authorized to use $35,284.86 on a lump sum basis plus reimbursables.

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services necessary to assess the contamination on the site. This location was the site of two convenience stores both of which were destroyed (one by explosion and the other by fire). The site is vacant except for an abandoned remediation collection well, an abandoned drinking water well, underground storage tanks (USTs), and paving. The professional will perform a geodetic survey to establish property lines and rights-of-way, perform an electromagnetic induction survey, and a ground-penetrating radar survey, to prepare a plan for excavation and removal of all USTs, and take soil and groundwater samples prior to UST removal, to be analyzed at the State lab. The results will be used to locate and assess the severity of the contamination. The professional will prepare all reports required by MDNRE, prepare bid documents, and provide construction oversight as required.

Benefit

The State will benefit by controlling and reducing the spread of environmental contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number six to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the unabated, continued spread of existing contamination and leaving unregistered USTs in place, violating environmental regulations.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, FENNVILLE – Fennville Feed Supply Site – Quarterly Groundwater Monitoring, Possible Free Product Recovery, and Soil Gas Investigation Services
   File No. 777/11100.BDH

   That Gannett Fleming of Michigan, Inc., New Boston, be authorized to use $72,546.71 on a lump sum basis plus reimbursables.

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for continued remedial activity necessary to obtain an "approved partial closure". This site was a gasoline station with 5 identified leaking underground storage tanks (USTs). Four of five USTs were removed in May of 1995. The fifth was cleaned and filled with inert material, because removal would have jeopardized the structural integrity of the main building on the site. Site investigations, sampling, and remediation efforts have been ongoing since 1995. The district MDNRE office has requested an "approved partial closure". The professional will take monitor well samples, remove free product from monitor wells when encountered, and sample vapors in the soil under the main building, transport samples to the state lab, tabulate lab results, and interpret the trends. The professional will prepare reports to comply with environmental regulations.

Benefit

The State will benefit by having the severity of the contamination at this site assessed and limiting the spread of contamination.

Funding Source

100% Refined Petroluem Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eight to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the potential spread of contamination at this location and therefore noncompliance with the environmental regulations necessary to protect the environment.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, LANSING – Fresh Up Car Wash Site – Remedial Investigation
   File No. 777/11101.SAR

   That The Mannik & Smith Group, Inc., Canton, be authorized to use $208,142.05 on a billing rate fee basis plus reimbursables.

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for remedial investigations. The site is a former gasoline station with four underground storage tanks (USTs). Previous investigations have confirmed the presence of free product and dissolved phase petroleum groundwater plume at the site. Some of the free product has been recovered, but free product is still present at the site. The professional will delineate the nature and extent of contamination, identify and abate acute risks, and prepare reports to address the contamination at the site and compliance with environmental regulations.

Benefit

The State will benefit by effectively mitigating the risk for unacceptable exposures to contamination and complying with environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number fourteen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to effectively mitigate unacceptable risks to human health and environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Correctional Facility – Upgrade Lift Station
   File No. 472/04025.EEW

   That the contract for professional services with Stantec Consulting Engineers, Ann Arbor, be increased $82,260.53 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables.

Purpose/Business Case

The purpose of this modification is to provide design and construction services necessary for the installation of a sanitary screening washer/compactor unit on the bar screen in the new sewage lift station. By installing this unit the bar screen operating costs will be reduced and the potential of the facilities staff being exposed to the contaminated liquid will be greatly reduced.

Benefit

The State will benefit by reducing the weekly cost of disposal of the contaminated liquid generated in the sanitary sewer. The potential of the facilities staff being exposed to the contaminated liquid will also be greatly reduced.

Funding Source

100% State Building Authority Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification would result in a negative impact on the facilities operating budget by having to pay the higher weekly disposal cost. A secondary impact is the increased risk of the facility staff being exposed to contaminated sewage waste/liquids.

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Officer's Club Structural Design
   File No. 511/10354.CAK

   That the contract for professional services with Northwest Design Group, Inc., Petoskey, be increased $2,137.25 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables.

Purpose/Business Case

The purpose of this modification is to provide professional architectural/engineering services necessary to provide bulletin pricing documents to address additional structural and architectural issues identified during construction. This work includes addressing the structural condition of the second floor framing and deterioration at the existing dormers.

Benefit

The State will benefit by having professionally prepared Bulletin documents for the construction contractor to provide change order pricing as well as direction for proposed changes in the work.

Funding Source

100% Federal Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the necessary documents to receive contractor pricing.

REVISIONS TO CONSTRUCTION CONTRACTS

9. DEPARTMENT OF CORRECTIONS, ADRIAN – GUS HARRISON CORRECTIONAL FACILITY – Roadway and Fencing Consolidation
   File No. 472/09482.RMP

   Finish Line Construction, Carleton; CCO No. 3, Incr. $3,891.79

Purpose/Business Case

The purpose of this change order is to provide rubber expansion pads on the sloped concrete along the road way, install tenons (mounting brackets) on the light poles, and provide a nineteen day contract extension due to the delay in asphalt pavements and field conditions.

Benefit

The State will benefit by preventing excessive cracking/breaking of the sidewalks and curb, allowing proper installation of the light poles, and resolving a claim submitted by the contractor.

Funding Source

100% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a letter quote provided by the contractor and recommended by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential excess cracking of the sidewalk, improper installation of the light poles, and costly litigation of the claim.

CONTRACT CHANGE ORDER

10. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, LANSING - CCO No. 1 for Lease No. 2117 approved by the State Administrative Board on January 16, 2007, between Holiday Park Reality, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Energy, Labor and Economic Growth, as Lessee. This CCO provides for installation of a new electrical circuit and four electrical outlets, as requested by the Department of Energy, Labor and Economic Growth at a cost not-to-exceed $627. The space is located at 6545 Mercantile Way, Lansing, Michigan 48911

Purpose/Business Case

The purpose of this CCO is to provide for the installation of one new circuit and four electrical outlets in Suite 7A of the leased premises to facilitate State energy emergency plans.

Benefit

This CCO allows the Department to set up a dedicated energy emergency response and training area as required by ARRA (American Recovery and Reinvestment Act) Grant DE-OE0000084, entitled "Energy Assurance Planning - State of Michigan."

Funding Source

100% ARRA Funds

Commitment

Present through 12/31/2012; however, this Lease contains a Standard cancellation clause with 90-days notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from retaining awarded ARRA grant funds.

11. DEPARTMENT OF STATE, ROCHESTER HILLS - CCO No. 2 for Lease No. 7354 approved by the State Administrative Board on September 6, 2005, between Santia Family-Crooks Corner, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State, as Lessee. This CCO provides for branch office renovations, as requested by the Department of State at a cost not-to-exceed $18,188.85. The space is located at 2250 Crooks Rd., Rochester Hills, MI 48309

Purpose/Business Case

The purpose of this CCO is to expand the lobby to alleviate overcrowding of customers waiting for service at this branch office.

Benefit

This CCO allows for an expansion of the lobby waiting area to accommodate the increased number of customers due to the consolidation of two branch offices.

Funding Source

56.4% Transportation Administration Collection Funds
33.9% General Funds
4.1% Driver Fees
4.1% Parking Ticket Court Fines
1.2% Auto Repair Facilities Fees
0.3% Expedient Services Fees

Commitment

Present through December 31, 2020; however, this Lease contains a Standard cancellation clause with 90-days notice.

Risk Assessment

Non-approval of this CCO will hinder the Department from providing services in compliance with the Michigan Vehicle Code, Act 300 of 1949, 257.205.

February 4, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MARQUETTE – Marquette State Fish Hatchery – Emergency Reconstruction of Settling Pond Retaining Wall
   File No. 751/07071.JAG - Index No. 83340

   Low Responsive Bidder: Premeau Construction, Inc., Marquette; $22,877.00

Purpose/Business Case

The purpose of this contract is to provide for emergency reconstruction of the failing settling pond retaining wall.

Benefit

The State will benefit by allowing the facility to continue to function without risk to adjacent waterways, hatchery staff, fish stock, and the general public.

Funding Source

100% Agency Operating Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract could result in the existing wall failing, creating an environmental hazard as well as a life safety hazard.

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Install Emergency Alert System
   File No. 511/10337.AGY – Index No. 22000

   Low Responsive Bidder: West Shore Services, Inc., Allendale; $119,163.50

Purpose/Business Case

The purpose of this contract is to install an outside emergency alert system. The system will consist of five post mounted sirens and two control points.

Benefit

The State will benefit by both weather and security alerts. Currently, the site does not have a mass security alert system.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in not having an alert system for use in emergency situations.

3. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Combined Support Maintenance Shop (CSMS) – Replace Air Compressors - Mechanical/Boiler Room
   File No. 511/10401.AGY - Index No. 25600

   Low Responsive Bidder: Livingston Power Company, LLC, Howell; $78,750.00

Purpose/Business Case
The purpose of this contract is to replace the original air compressors, air dryer, and filters in the compressed air system, install a new rooftop exhaust fan, and modify the existing roof ventilators at the site.
Benefit
The State will benefit by having more efficient air compressors.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the shop not being able to complete their mission. This site must have compressed air, and the existing compressors are unreliable.

4. DEPARTMENT OF TRANSPORTATION, BRIGHTON – Brighton Maintenance Garage – Exterior Metal Wall Panel Installation Project
   File No. 591/07265.AGY - Index No. 58508

   Low Responsive Bidder: Boesch Builders, Sebewaing; $36,846.00

Purpose/Business Case
The purpose of this contract is to install metal wall panels on the exterior of the existing timber cold storage building. This work will extend the useful life of this facility.
Benefit
The State will benefit by preserving and maintaining the existing timber cold storage building.
Funding Source
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued costly maintenance and deterioration of the wood building.

5. DEPARTMENT OF TRANSPORTATION, MARION – Marion Maintenance Garage – Reconstruct Parking Lot Pavement
   File No. 591/07306.AGY - Index No. 58508

Low Responsive Bidder: D. J. McQuestion & Sons, Inc., Leroy; $162,151.50

Purpose/Business Case
The purpose of this contract is to replace the parking lot pavement. The existing pavement is beyond its useful life and requires frequent costly maintenance.
Benefit
The State will benefit by having a safer surface to operate on and reducing maintenance costs.
Funding Source
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in further deterioration of the parking lot surface, creating safety and operational issues.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

6. DEPARTMENT OF HUMAN SERVICES, ESCANABA – Bay Pines Center – Installation of Closed Circuit Television System
   File No. 431/09179.JNS - Index No. 53302

   That the contract for professional services with Byce and Associates, Inc., Kalamazoo, be increased $11,927.24 on a billing rate basis plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide additional construction administration services as a result of the extension of the construction schedule. These services will ensure that work is being completed in accordance with the requirements of the contract documents. This system provides added protection to staff and students through video and audio recordings allowing for review of any incidents between staff and students.
Benefit
The State will benefit by ensuring the installation of the CCTV System at Bay Pines Center complies with the contract documents.
Funding Source
100% State Building Authority Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in the system not being installed per the contract documents.

7. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, PLAINWELL - MCTI – Exterior Opening Replacement
   File No. 641/10005.CAK - Index No. 31000

That the contract for professional services with M.C. Smith Associates and Architectural Group, Inc., East Grand Rapids, be increased $16,434.20 on an hourly/direct payroll basis times a multiplier of 2.7 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide additional professional design and construction contract services and increase the scope of work for the exterior openings, building insulation, and hazardous material coordination.
Benefit
The State will benefit by having the construction documents revised and prepared to rebid.
Funding Source
100% ARRA Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the required documents for the competitive bidding process.

8. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MACKINAW CITY – Straits State Harbor (formerly State Harbor of Refuge) – Harbor/Marina Development
File No. 751/02264.HRB - Index No. 99016

That the contract for professional services with United Design Associates, Inc., Cheboygan, Michigan, be increased $44,294.63 on an hourly/direct payroll basis times a multiplier of 2.71 plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for professional design and construciton services for a rubble mound gap closure in the mooring basin.
Benefit
The State will benefit by eliminating wave action coming through the gap causing distortion of the floating dock system.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in continued movement of the floating dock system.

9. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROSCOMMON – South Higgins Lake State Park – Sanitary Sewer and Dump Station Improvements
File No. 751/10372.JNS - Index No. 54100

That the contract for professional services with Wade Trim, Inc., Gaylord, be increased $54,148.00 on an hourly/direct payroll basis plus reimbursables, to provide preliminary and final design phase services.

Purpose/Business Case
The purpose of this modification is to increase the scope of the professional's services by including additional contract phases. These services include preliminary and final design for the sanitary sewer system and dump station improvements including additional topographical survey work, confirming control points from the MDNRE Water System Replacement as-built drawings, plans and estimates for two (2) additional preliminary design plan review meetings, and additional final design services associated with the agency requested scope increase.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the required documents for the competitive bidding process.

10. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, FLINT– City of Flint Site – Interim Response
761/09184.BDH - Index No. 44801

That the contract for professional services with The Mannik and Smith Group, Inc., Canton, be increased by $36,054.72 on a billing rate basis, plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide additional investigative services for the leaking underground storage tank (USTs). These additional services were requested by MDNRE and reflect the response to discoveries made during the previous investigation. The professional shall perform additional quarterly monitoring events for up to two years and provide required reports to MDNRE to comply with environmental regulations. This change order shall also extend the date of final completion to March 31, 2013.
Benefit
The State will benefit by monitoring the conditions at this site necessary to protect the environment and comply with environmental regulations.

Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not having monitoring data necessary to protect the environment, resulting in noncompliance with environmental regulations.

11. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, FLINT– J&J Services Site – Remedial Investigation and Reporting
761/10058.SAR - Index No. 44801

That the contract for professional services with Superior Environmental, Inc., Marne, be increased $8,965.70 on a billing rate basis, plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide additional investigative services for this leaking underground storage tank (UST) site. The professional shall perform two additional quarterly monitoring events, repair two monitor wells, replace one monitor well, resurvey all monitor wells for vertical control, provide monthly reports required by MDNRE, and provide a summary report covering the last six quarterly monitoring reports to MDNRE. This change order shall also extend the date of final completion to August 31, 2011.
Benefit
The state will benefit by monitoring the conditions at this site necessary to protect the environment and comply with environmental regulations.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not having monitoring data necessary to protect the environment, resulting in noncompliance with environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

12. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, PONTIAC – Pontiac Armory Site – Roof Replacement
File No. 511/10174.AGY - Index Nos. 13785 and 13985

Port Huron Roofing and Sheet Metal, Inc., Clyde Twp.; CCO No. 2, Incr., $6,411.55

Purpose/Business Case
The purpose of this change order is to replace wet and deteriorated insulation and remove asbestos insulation around a roof drain. The additional work was discovered during the construction activities and is through no fault of the contractor.
Benefit

The State will benefit by increasing the energy efficiency for the building, ensuring the structural integrity of the new roof, and protecting the structure from weather damage.

Funding Source

75% Federal Funds
25% Agency Operating Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in installing the new roof over wet inefficient insulation, and the potential for losing federal matching funds.

13. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Reserve Forces Service Center – Interior Improvements Phase 2
    File No. 511/10188.CAK - Index No. 13957

    HBC Contracting, Lansing; CCO No. 4, Incr. $42,933.45

Purpose/Business Case

The purpose of this change order is to abate hazardous materials, provide additional finish work and electrical work required due to field conditions, and replace the existing walkway structure.

Benefit

The State will benefit by removing the hazardous material, addressing the previously unknown field conditions, and reducing maintenance costs of the existing sidewalk.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in hazardous materials being left in place, field conditions not being addressed, and costly maintenance of the sidewalk.

14. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Modify Supply Room
    File No. 511/10402.AGY - Index No. 22000

    Silver Star Contracting, Detroit; CCO No. 1, Incr. $1,496.07

Purpose/Business Case

The purpose of this change order is to install a new hollow metal viewing window with safety glass in the wall of the supply sergeant's office and extend the contract completion date by fifteen calendar days. The change is needed to control access to the supply area.

Benefit

The State will benefit by ensuring adequate control of the supply area.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the lack of adequate control of the supply area and potential loss of federal funds.

15. DEPARTMENT OF TRANSPORTATION, MT. PLEASANT – Mt. Pleasant Maintenance Garage – Salt Storage Building Addition
File No. 591/07291.AGY - Index No. 58508

J.R. Heineman & Sons Inc., Saginaw; CCO No. 1, Incr., $6,535.00

Purpose/Business Case

The purpose of this change order is to increase winter condition costs due to the contract schedule delay caused by MDOT.

Benefit

The State will benefit by allowing the construction to continue through the winter.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the delay of the construction completion until spring.

February 11, 2011

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF CORRECTIONS, IONIA – Michigan Reformatory – Deaerator Replacement
File No. 472/11009.DCS - Index No. 41660

Recommended Assignment: Progressive AE, Grand Rapids; $14,760.00

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for the development of a preliminary design to review and recommend the appropriate replacement of the existing boiler feedwater deaerator within Michigan Reformatory's power plant. A deaerator is a critical device that is used to remove air and other dissolved gases from the feedwater to steam-generating boilers. The existing deaerator has deteriorated over time, is beyond its useful life, and now requires replacement.

Benefit

The State will benefit by having professionally prepared documents to research, present, and provide the required code compliant equipment replacement.

Funding Source
100% Agency Operating Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in continued operation of the boiler plant without proper air removal, additional potential damage to the existing heating plant boilers, and increased maintenance costs.

2. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROSCOMMON – Roscommon Operations Service Center – Wildlife Division Storage Building
   File No. 751/10400.BDW - Index No. 85960

   Recommended Assignment: Kovacs Engineering, AuGres; $14,950.00

Purpose/Business Case
The purpose of this assignment is to provide professional architectural and/or engineering design, construction administration services, and contract documents for a cold storage building.
Benefit
The State will benefit by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Fish & Game Funds

Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one (1) to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in the State not obtaining the documents required for the competitive bidding process.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – DTMB/Various Buildings – Asbestos Building Inspections
   File No. 071/07115.JNS - Index No. 44101

   That the contract for professional services with Materials Testing Consultants, Inc., Grand Rapids, be increased $14,200.

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services for the additional required air monitoring associated with asbestos

abatement work at the 3rd, 4th, and 5th floor main stairwell areas of the Lewis Cass Building.

Benefit

The State will benefit by complying with mandated regulations requiring air monitoring to take place during the course of asbestos abatement work.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in noncompliance with legal requirements for air monitoring during asbestos abatement.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, CHASE – Chase General Store – Additional Remedial Site Investigation
   761/10316.SAR - Index No. 44301

   That the contract for professional services with Wilcox Professional Services, Inc., Cadillac, be increased $21,903.61.

Purpose/Business Case

The purpose of this modification is to provide additional operation of the soil vapor extraction system. The professional will provide monthly reports for this operating period as required by MDNRE. This change order will also extend the date of final completion to July 31, 2011.

Benefit

The state will benefit by reducing contamination at this site to protect the environment and comply with environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in leaving unacceptable levels of contamination at this location, and noncompliance with environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT. DETROIT – William G. Millikan Park (previously Tri Centennial) – Phase II, Group A .
   File No. 751/01054.MNB - Index No. 99082

   Anglin Civil Constructors, Novi; CCO No. 4, Incr. $ 13,534.78

Purpose/Business Case

The purpose of this change order is to provide and install an electric meter and an underground vault along Atwater Street for permanent power to the park, as required by DTE Energy.

Benefit

The State will benefit by having adequate permanent power from DTE Energy in lieu of the current temporary power.

Funding Source

100% Park Improvement Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not having permanent power to operate the pumps, light fixtures, and security cameras.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, KALAMAZOO COUNTY – Barton Lake Boating Access Site – Site Improvements File No. 751/08265.HRB - Index No. 57150

   Advanced Excavating, Inc., Jamestown, MI; CCO No. 2, Incr. $6,492.52

Purpose/Business Case

The purpose of this change order is to provide for restoration of damaged landscaping on adjacent property caused during construction and for the installation of speed bumps.

Benefit

The State will benefit by reparation of damage to neighbor's yard and provision for proper speed control at the site.

Funding Source

100% Restricted Funds - Waterways Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential litigation and unsafe conditions.

CONTRACT CHANGE ORDER

7. DEPARTMENT OF HUMAN SERVICES, ROGERS CITY- CCO No. 1 for Lease No. 7616 approved by the State Administrative Board on September 5, 2006, between John Vogelheim and Neil Vogelheim, as Lessors, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services, as Lessee. This CCO provides for teller-type glass panels to be installed at the customer service counter at a cost not-to-exceed $1,705. The space is located at 1242 W. Third Street, Rogers City, MI 49779.

Purpose/Business Case
The purpose of this CCO is to provide for the installation of teller-type glass panels and blinds at a lobby customer service counter operated by DHS staff.
Benefit
This CCO allows for increased security which will deter unauthorized entry and theft, especially during the staff's lunch hour when the customer service counter is closed.
Source of Funds
67.329% Federal Funds
32.671% General Fund
Commitment Level
Present through September 30, 2016; however, this Lease contains a standard cancellation clause with 90-days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from improving security at the customer service counter.

8. DEPARTMENT OF COMMUNITY HEALTH, LANSING - CCO No. 22 for Lease No. 11169 approved by the State Administrative Board on December 8, 2005, between Heart of the City Associates, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Community Health, as Lessee. This CCO provides for electrical work at a cost not-to-exceed $869. The space is located on the fifth floor of the Capital Commons Center at 400 S. Pine St., Lansing, MI 48933.

Purpose/Business Case
The purpose of this CCO is to provide electrical service to a redesigned work station.
Benefit:
The Enrollment Services Supervisor in the DCH Medical Services Administration, Customer Services Division is being relocated to be closer to direct report employees. The relocation will improve efficiency of the work unit and reduce noise and foot traffic in the work area. This CCO facilitates those objectives with proper electrical service.
Source of Funds
50% General Fund
50% Federal Funds
Commitment Level
Present through June 30, 2029; however, this Lease contains a Legislative cancellation clause with 60-days notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from relocating the Enrollment Services Supervisor's workstation, including needed access to electricity, in a safe and prudent manner.

9. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, SAGINAW - CCO No. 1 for Lease No. 11222 approved by the State Administrative Board on February 7, 2007, between Downtown Area Development, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Energy, Labor and Economic Growth, as Lessee. This CCO provides for conversion of a storage room into an office for the site manager at a cost not-to-exceed $1,265. The space is located at 999 S. Washington Avenue, Suite 3, Saginaw, MI 48601.

Purpose/Business Case
The purpose of this CCO is to convert storage room B-213 into an office for use by the Site Manager. Work includes installation of carpet, base board, HVAC venting and replacement of the existing door.
Benefit
This CCO allows the Remote Initial Claim Center (RICC) site manager in Saginaw to have an office suitable for the management duties of that position.
Source of Funds
100% Federal Funds
Commitment Level
Present through September 19, 2017, however, this Lease contains a Standard cancellation clause with 90-day notice.
Risk Assessment
Non-approval of this CCO will hinder the Department from providing the RICC site manager with an appropriate work station for the duties of that position. All other suitable work stations at the leased premises are occupied.

February 18, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TRANSPORTATION, BRIGHTON – Brighton Maintenance Garage – Heated Storage Building Renovations Project
   File No. 591/07269.AGY - Index No. 58508

   Low Responsive Bidder: Livingston Power Company, LLC, Howell; $48,120.00

Purpose/Business Case
The purpose of this contract is to replace damaged interior and exterior metal wall panels, paint interior and exterior undamaged metal wall panels, and insulate the ceiling and walls.
Benefit
The State will benefit by preserving and maintaining its investment of the existing storage building and decreasing energy costs.
Funding Source
100% Trunkline Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued deterioration and costly maintenance of the storage building. In addition, failure to install ceiling and wall insulation will result in continued higher energy costs.

2. DEPARTMENT OF TRANSPORTATION, LINDEN– Linden Price Airport – New Terminal Building
   File No. 591/11060.AGY - Index No. 74005

Low Responsive Bidder: Bender & Pociask Construction Inc., Tecumseh; $188,000.00

Purpose/Business Case
The purpose of this contract is to construct a new airport terminal to comply with the Aeronautics Commission General Rule for general utility airports, which includes restrooms, lounge, and pilot's planning area. Currently there is no terminal for the pilots and public to use.
Benefit
The State will benefit by complying with the MDOT, Aeronautics Commission General Rule requirements for a General Utility Airport (R259.244) which states that a general utility airport shall provide an administration building or terminal building that has sanitary facilities available to the public.
Funding
100% State Aeronautics Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk
Failure to approve this contract will result in noncompliance with the Aeronautics Commission requirements.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, HIGHLAND, COMMERCE TWP., AND WATERFORD - Highland, Proud Lake and Pontiac Lake Recreation Areas - Underground Well Tank Replacements
File No. 751/10282.BDW - Index No. 14410

   Recommended Assignment: Nowak & Fraus Engineers, Pontiac; $24,354.00

Purpose/Business Case
The purpose of this assignment is to provide study recommendations and contract documents for required upgrades to the water systems.
Benefit
The State will benefit by meeting the current regulatory requirements by removing unapproved buried pressure tanks.
Funding Source
100% Michigan Natural Resources Trust Fund
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in continued noncompliance with the current DNRE rules regulating campground water systems.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, CADILLAC – Auto Parts Center Site – Operation and Maintenance
File No. 777/11111.SAR - Index No. 44301

Recommended Assignment: Mannik & Smith Group, Inc., Canton; $80,633.24

Purpose/Business Case
The purpose of this assignment is to provide six months of operation and maintenance of the air sparging/soil vapor extraction (AS/SVE) system, decommissioning of the system, and six quarterly sampling events. The AS/SVE system was installed in 2009 but requires additional operation to further reduce contaminant concentrations to acceptable levels and comply with environmental regulations.
Benefit
The State will benefit by mitigating the risk for unacceptable exposures to contamination and comply with environmental regulations.
Funding Source
100% Refined Petroleum Fund.
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number fifteen to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to mitigate unacceptable risks to human health and the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF COMMUNITY COLLEGES AND UNIVERSITIES, ROSCOMMON – Kirtland Community College – Campus Water Well System Upgrades
   File No. 332/09028.HRB - Index No. 52484

   That the professional services contract with Wade Trim, Inc., Gaylord, be increased $49,900.00

Purpose/Business Case
The purpose of this change order is to add Phase 500 and 600 professional services for redesign of the system to meet DNRE permit requirements, to add water meters and insertion valves, to provide for additional bidding documents to address the three phase nature of the project, and to provide construction administration for the well house phase of the project.
Benefit
The State will benefit by complying with DNRE permit modifications, having necessary bidding documents, and construction oversight of the final project phase.
Funding Source
50% Kirtland Community College
50% State Building Authority Funds
Commitment
The professional services contract modification will be paid on a lump sum basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this change order will result in noncompliance with DNRE requirements, no bidding documents for contract 3, and no construction administration for contract 3.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MARQUETTE – Marquette State Fish Hatchery – Raceway End Closure Phase II - Emergency Retaining Wall Replacement
   File No. 751/07071.JAG - Index No. 83340

   That the contract for professional services with Integrated Designs, Inc., Marquette, be increased $2,408.78.

Purpose/Business Case
The purpose of this modification is to provide additional contract document production and construction administration, including quality control/material testing services for the emergency replacement of the failing existing retaining wall at the overflow raceways. The existing retaining walls are near failure; if they are not repaired or replaced, they will create a safety risk to staff and the public creating a serious operational problem.
Benefit
The State will benefit by providing a safe and functional component of the fish hatchery production system.
Funding Source
100% Fisheries Division Funding
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification could result in a loss of fish production capabilities and a safety risk to the staff and public.

7. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ATLANTA – Mary D's Site – GSI/Natural Attenuation
   File No. 761/09145.SAR - Index No. 44351

   That the contract for professional services with Compliance, Inc., Traverse City, be increased $14,592.00.

Purpose/Business Case
The purpose of this modification is to provide additional quarterly groundwater monitoring services. The additional services will include collection of eight quarters of groundwater samples from approximately 15 monitoring wells and preparation of summary reports.
Benefit
The State will benefit by monitoring the site contamination and implement the appropriate abatement measures to protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in not getting the professional services needed to monitor the site contamination causing noncompliance with environmental regulations.

8. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ATLANTA – Pointe Bait Site – Environmental Investigation and Remediation Services
   File No. 761/09447.SAR - Index No. 44351

   That the contract for professional services with Compliance, Inc., Traverse City, be increased $34,780.80.

Purpose/Business Case
The purpose of this modification is to provide additional quarterly groundwater monitoring services. The additional services will include collection of eight quarters of groundwater samples from approximately 33 monitoring wells and preparation of summary reports.
Benefit
The State will benefit by monitoring the site contamination and implement the appropriate abatement measures to protect the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not getting the professional services needed to monitor the site contamination causing noncompliance with the environmental regulations necessary to protect the environment.

9. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROMULUS – Northline Drum Site – Specifications Preparation and Construction Oversight Services
   File No. 761/10004.SAR - Index No. 44701

   That the contract for professional services with MACTEC Engineering and Consulting of Michigan, Inc., Novi, be increased $5,624.14.

Purpose/Business Case
The purpose of this modification is to provide additional construction oversight services. This Contract Change Order will close out this assignment.
Benefit
The State will benefit by completing the site restoration activities.
Funding Source
100% Environmental Protection Bond Funds

Commitment
The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in not closing the site and not completing the site restoration activities.

10. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MERRITT – Rinckey's Store – Remedial Investigation
761/10141.SAR - Index No. 44301

That the contract for professional services with The Mannik and Smith Group Inc., Canton, be increased $18,675.62.

Purpose/Business Case
The purpose of this modification is to provide additional investigation services for this leaking underground storage tank site. The professional will provide oversight of an excavation contractor, obtain verification samples from the open excavation, ship them to the State Analytical Laboratory, analyze the data generated, and prepare a report of findings for MDNRE. This change order shall also extend the date of final completion to June 30, 2012.
Benefit
The state will benefit by reducing contamination at this site to protect the environment and comply with environmental regulations.
Funding Source
100% Refined Petroleum Fund
Commitment
The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not having the data necessary to prove the excavation of all contaminated soil was successful, resulting in the site being in continued noncompliance with environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

11. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, Grayling – Camp Grayling Annual Training Site – MATES Mechanical Upgrades
File No. 511/10187.AGY - Index No. 21000

Ripman Construction Company, Inc., St. Helen; CCO No. 3, Incr. $2,415.00

Purpose/Business Case
The purpose of this change order is to install controller cards in existing Air Handling Unit No.1 and make connection to the Building Energy Management System (BEMS). The installation is needed to make the air handling unit compatible with the other units and be accessible through the BEMS, thus providing an energy savings.
Benefit

The State will benefit by improving system compatibility and realizing an energy savings.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in an incompatible air handling system and therefore wasted energy.

12. DEPARTMENT OF TRANSPORTATION, L'ANSE - L'Anse Maintenance Garage – Renovations
    File No. 591/09210.RAA – Index Nos. 30125 and 30148

    Yalmer Matilla Contracting Inc., Houghton; CCO No. 8, Incr. $20,532.68

Purpose/Business Case

This change order is required to provide revisions to enhance facility operations, comply with all ADA/DELEG requirements, and reduce future operating costs by replacing outdated fixtures with modern high energy efficient fixtures, bulbs, and controls.

Benefit

The State will benefit by reducing future operating and energy costs, providing a more secure facility, and complying with all ADA/DELEG code requirements.

Funding Source

100% Trunkline Funds

Commitment

This is a low bid lump sum general construction contract.

Risk Assessment

Failure to approve this contract change order will result in the lack of adequate energy efficient lighting levels, facility door security, and an increase in facility maintenance operations and costs.

13. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North and Southbound Ramp Weigh-in-Motion, Static Deck, and Speed Limit Signs
    File No. 591/10144.CAK - Index No. 61815

    Graham Construction Corp., Saginaw; CCO No. 2, Incr. $25,949.12

Purpose/Business Case

The purpose of this change order is to revise specified concrete reinforcement to comply with current MDOT standards. The reinforcement standards have changed, and the specified reinforcement is no longer available.

Benefit

The State will benefit by having the concrete reinforcement meet current MDOT standards.

Funding Source

100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the project not being able to proceed due to the unavailability of steel reinforcing.

14. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, TRUFANT AND GRATTAN – Lincoln and Big Pine Island Lakes – Reconstruct Two Existing Boat Access Sites
    File No. 751/10163.JAG - Index No. 56170

    CL Trucking & Excavating, LLC, Ionia; CCO No. 1, Incr. $10,381.86

Purpose/Business Case

The purpose of this change order is to remove saturated and unstable existing soils under a portion of the proposed new paving, install new geotextile fabric and aggregate road base, as well as additional soil erosion control fabric. This work is required to correct previously unknown existing field conditions allowing for successful paving of the parking area. This change order also provides for compliance with a request made by the Kent County Road Commission to correct unsafe noncompliant existing conditions at the curb cut, servicing the site. This work is required for public safety and reduced maintenance.

Benefit

The State will benefit by having a properly installed paving project that has a much greater useful life expectancy, reduced maintenance, as well as improved public safety at the site entrance.

Funding Source

100% Waterways Division Funding

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in not being able to pave the site in a manner that will withstand car/trailer boating traffic therefore, not be available for its intended purpose.

15. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, KALAMAZOO – McDonald's Crosstown Service Site – Operation And Maintenance
    File No. 761/09037.RRD - Index No. 44501

    DLZ Michigan, Inc., Lansing; CCO No. 2, Incr., $56,510.00

Purpose/Business Case

The purpose of this change order is to continue to provide operation and maintenance (O&M) services of the treatment system for a period of two years. The site is

contaminated and requires cleanup activities to comply with environmental regulations. It is anticipated the system will continue to operate until the site is cleaned up.

Benefit

The State will benefit by remediating a contaminated site and controlling the spread of groundwater contamination.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in leaving the contaminated materials on site, posing a substantial threat to public health and the environment.

February 25, 2011

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GRAND RAPIDS – Grand Rapids State Office Building – Renovation of the 3rd and 4th Floors for the Court of Appeals
   File No. 071/11108.JRC - Index No. 00277

   Recommended Responsive Proposal: Century A & E, Grand Rapids; $30,020.28

Purpose/Business Case

The purpose of this contract is to provide professional architectural/engineering design and construction administration services to obtain contract documents for the renovation of the third and fourth floors at the Grand Rapids State Office Building. This project will facilitate the move of the Court of Appeals judges out of lease space and into a State owned facility.

Benefit

The State will benefit by having professionally prepared contract documents for the competitive bidding process and construction administration services.

Funding Source

100% Agency Operating Funds

Commitment

The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the State not obtaining the documents required for the competitive bidding process, leaving the Court of Appeals to continue to operate in a leased facility.

2. DEPARTMENT OF CORRECTIONS, JACKSON – G. Robert Cotton Correctional Facility – Replace Security Gates and Controls

File No. 472/11054.RMP - Index No. 19150

Recommended Responsive Proposal: Byce and Associates, Kalamazoo; $26,254.48

Purpose/Business Case
The purpose of this contract is to provide professional architectural and engineering design and construction administration services for the replacement of the existing security gates and controls. The existing gates and controls require continuous costly maintenance and require additional staff to secure entrance and maintain safety.
Benefit
The State will benefit by receiving professionally prepared construction documents for the competitive bidding process.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued costly maintenance.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, PLAINWELL – Michigan Career and Technical Institute – Exterior Opening Replacement
File No. 641/10005.CAK - Index No. 31000

Recommended Assignment: Material Testing Consultants, Grand Rapids; $28,475.00

Purpose/Business Case
The purpose of this assignment is to provide professional quality control/material testing services for construction administration and on-site hygiene services for asbestos clean-up. This Assignment will require the Indefinite Scope Indefinite Delivery (ISID) contract limit to be increased by $1,247.59.

Benefit
The State will benefit by full time, on-site, monitoring of all environmental remediation activities.
Funding Source
100% ARRA Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 12 to the ISID contract.
Risk Assessment
Failure to approve this assignment will result in demolition of building components containing hazardous material taking place in occupied areas without on-site supervision and air monitoring.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, MOUNT CLEMENS – Selfridge Boating Access Site – Renovations
   File No. 751/6331.MNB - Index No. 59590

   That the contract for professional services with Northwest Design Group, Consulting Engineers, Petosky, be increased $5,783.13.

Purpose/Business Case
The purpose of this modification is to provide professional quality control/material testing services to sample and analyze the dredged material to determine an appropriate disposal location.
Benefit
The State will benefit by ensuring the dredged material will be taken to the proper landfill in compliance with environmental regulations.
Funding Source
100% Park Improvement Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification may result in the landfill rejecting the untested dredged material.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, WATERFORD – Dodge #4 State Park – BAS Circulation, Parking, & Accessibility
   File No. 751/09294.JAN - Index No. 59090

   That the contract for professional services with Beckett & Raeder, Inc., Ann Arbor, be increased $48,428.05.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for developing 'Concept G', as prepared by DNRE, with comparison to the day-use roadway modifications proposed previously by the consultant, both expanding the geographic scope and magnitude of the project. Additional work includes presentations, public meetings, rendering, and an expanded topographic survey, geotechnical study, and archeological phase 1 study.
Benefit
The State will benefit by having a comprehensive and thorough understanding of the site, in order to complete the design for the increased scope of the project.
Funding Source
100% Waterways Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this modification will result in not fully understanding the existing conditions of the site.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, KINROSS – Kincheloe AFB - EOD Site – Technical Support Services
   File No. 761/10134.SAR - Index No. 44251

   That the contract for professional services with AECOM Technical Services, Inc., Lansing, be increased $30,000.00.

Purpose/Business Case
The purpose of this modification is to provide continued support for document review and other tasks provided by the U.S. Army Corps of Engineer's contractors.
Benefit
The State will benefit by making sure that services being provided by U.S. Army Corps of Engineers is consistent with DNRE protocols and expectations.
Funding Source
100% Federal Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in activity at the former Kincheloe Air Force base continuing without any State oversight.

REVISIONS TO CONSTRUCTION CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, Lansing – Lewis Cass Building – 1st & 2nd Floor Renovations
   File No. 071/06080.JRC - Index No. 44101

   HBC Contracting, Lansing; CCO No. 2, Incr. $23,721.39

Purpose/Business Case
The purpose of this change order is to provide for the abatement of lead paint and asbestos material from ceiling areas located in the central stairwell at floors 3, 4, and 5 of the Lewis Cass Building. These materials pose a potential health risk to employees and visitors of this facility. Abatement work is currently taking place at floors 1 and 2.
Benefit
The State will benefit by having asbestos materials and lead paint properly abated, per federal and state laws, from the facility thus eliminating a potential health risk to both employees and visitors.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in employees and visitors being exposed to potential health risks. This agency will also be in violation of federal and state laws for not following mandated asbestos abatement procedures.

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – DTMB/Energy Center, Secondary Complex – Cogeneration Project, Early Equipment Procurement Package
File No. 071/10222.DCS - Index No. 02034

   Graham Construction, Inc., Saginaw; CCO No. 1, Incr. $5,324.40

Purpose/Business Case
The purpose of this change order is to increase the height of the turbine units exhaust stacks by an additional eight feet. This change is necessary to provide and install the Cogeneration Project in compliance with DNRE Air Quality Permit requirements.
Benefit
The State will benefit by properly installing the Cogeneration System components as required to meet the "Permit To Install" as issued by DNRE.
Funding Source
91% ARRA Funds
9% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in improper installation according to the required DNRE "Permit to Install" and future final DNRE Operating Permit approval.

9. DEPARTMENT OF CORRECTIONS, MUSKEGON – Westshore Line Correctional Facility – Relocate Modular Unit
File No. 472/10237.RMP - Index No. 04410

   DAV Carrier Group, LLC, Hickory Corners; CCO No. 2, Incr. $6,200.00

Purpose/Business Case
The purpose of this change order is to install a new 37.5 KVA pad transformer and fusible disconnect switch to supply power to the modular unit. Existing distribution panels do not have sufficient capacity to support the new unit.
Benefit
The State will benefit by providing electrical service to modular units, eliminating the potential for brown-outs to the existing building.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a letter quote. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order will result in inadequate power supply to the relocated modular unit.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Bldg. 418Q Renovations
File No. 511/09320.AGY - Index No. 21000

Ripke Construction Company, Inc., St. Helen; CCO No. 3, Incr. $3,215.52

Purpose/Business Case
The purpose of this change order is to install a boiler emergency stop, additional voice and data jacks, two 2 HP fan motors, and eliminate installing carpet on the first floor of the building. The use of the building will be used by the Soldier Readiness Processing (SRP) for deployment. The changes are needed to adapt the building for the new use and are required by the building and safety codes.
Benefit
The State will benefit by adapting the building for use by SRP for deployment and complying with building and safety codes.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in not obtaining the certificate of occupancy and the inability to use the building for its intended purpose.

11. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission for the Blind Training Center – Energy Upgrades & Renovation
File No. 641/10191.BDW - Index Nos. 36401 & 36402

Mavcon Services of Michigan, L.L.C., Kalamazoo; CCO No. 1, Incr., $170,000.00

Purpose/Business Case
The purpose of this change order is address field conditions discovered during the initial construction phase and to provide an owner's allowance in order to allow timely response to conditions discovered in the field.
Benefit
The State will benefit by reducing potential for contractors claims for added general conditions costs caused by a contract time extension.
Funding Source
79% Federal Funds
21% General Funds
Commitment
The change order costs are estimated contingency costs based on five percent of the original contract cost. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this change order could result in delays to the contractor's completion date and associated monetary claims for avoidable extended general conditions.

12. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, LAC LA BELLE HARBOR – Lac La Belle State Park – Dock Improvements
File No. 751/08115.RAA - Index No. 51230

Thomas J. Moyle Jr., Inc., Houghton; CCO No. 1, Incr. $6,337.96

Purpose/Business Case
The purpose of this change order is to provide for the removal of an existing concrete slab concealed during the design and bid period and installation of an embankment and rip rap. The concrete removal will allow for the proposed boat launch access construction. The embankment and rip rap will assure safe access, complying with the specified finish grade.
Benefit
The State will benefit by providing safe access to the state managed harbor and recreational waterway, improving boater safety and enhancing commerce.
Funding Source
100% Waterways Funds

Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the lack of access to the state managed harbor or potential relocation of proposed boat launch, resulting in greater final contract construction costs.

March 4, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF STATE POLICE, DIMONDALE – Training Academy – Replace Salad Bar and Beverage Counters In Cafeteria
File No. 551/10374.RMP - Index No. 22010

Low Responsive Bidder: Great Lakes Hotel Supply Company, Detroit; $66,958.00

Purpose/Business Case
The purpose of this contract is to provide and install a beverage counter and salad bar in the existing cafeteria. The existing salad bar and beverage counters are outdated and are not adequate to serve students and clients.
Benefit
The State will benefit by replacing outdated equipment to better serve student and client needs.

Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued use of the existing outdated equipment.

AWARD OF CONTRACT FOR PROFESSIONAL SERVICES

2. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – State Laboratory – New Elevator
   File No. 071/11028.RMP - Index No. 44308

   Recommended Responsive Proposal: Straub, Pettitt, Yaste Architects, Clawson; $35,641.99

Purpose/Business Case
The purpose of this contract is to provide professional architectural and/or engineering design and construction administration services to obtain the contract documents necessary to install a new elevator at the State Laboratory.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid process, and contract administration services through construction.
Funding Source
100% Building Occupancy Funds
Commitment
The contract cost is fixed based on the competitive selection process. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Plaza Fountain, Hanna & Ottawa Building – Demolition and Replacement of Water Fountain
   File No. 071/11062.SJU - Index No. 44125

   Recommended Assignment: Beckett & Raeder, Inc., Ann Arbor; $10,109.10

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering phase 100 design services to determine the feasibility of repairing, replacing, or removing the existing water fountain located at the lower court yard between the Hanna and Ottawa Buildings. This fountain has been inoperative for a number of years, and

there is a concern that the structural integrity has been compromised, presenting a potential safety hazard to the public. This study also will assess the mechanical, plumbing, and electrical systems of this fountain and provide construction cost estimates to repair, replace or remove the fountain.

Benefit

The State will benefit by having an engineering evaluation of the fountain's structural, mechanical, plumbing, and electrical systems and completed design and cost options necessary to determine the feasibility of removing, replacing, or renovating the existing plaza fountain.

Funding Source

100% Agency Operating Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 7 to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in the inability to make an informed decision on this issue.

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, EAST LANSING – Old Michigan State Police Headquarters – UST Removal
   File No. 071/11065.BDH - Index No. 67094

   Recommended Assignment: PM Environmental, Inc., Lansing; $14,805.00

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for the removal, transport, and disposal of the underground storage tank (UST) at the former State Police Headquarters. The professional will provide all sampling, analytical testing, and written deliverables required under Act 451 of 1994, Part 211 at a minimum, and Parts 201 and/or 213 if applicable. The professional will oversee and supervise the contractor, who will provide demolition, excavation, disposal, and site restoration services.

Benefit

The State will benefit by eliminating a potential source of contamination and complete a step required to return the property to Michigan State University.

Funding Source

100% Internal Service Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number one to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in contamination of the site, causing unnecessary, additional environmental clean-up costs to be incurred and the violation of environmental regulations.

5. DEPARTMENT OF TRANSPORTATION, DETROIT – Raymond & Rosa L. Parks Detroit Integrated Transportation Campus – Integrated Security Management System
   File No. 591/04003.JAN - Index No. 27000

   Recommended Assignment: C2AE, Lansing; $17,237.22

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for an integrated security management system, including card access, intercom, and video surveillance.
Benefit
The State will benefit by having a managed security system for the new facility.
Funding Source
100% Restricted Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 3 to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in potential security issues.

6. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, WHITE LAKE – Highland Recreation Area – Highland Regional Trail Connection
   File No. 751/11040.RAN - Index No. 59120

   Recommended Assignment: Nowak & Fraus Engineers, Pontiac; $29,896.00

Purpose/Business Case
The purpose of this assignment is to provide professional architectural/engineering services for evaluating and recommending the trail location and completing bidding documents for the multi-use trail.
Benefit
The State will benefit from this contract by having professionally prepared contract documents for the competitive construction bid.
Funding Source
100% Recreation Improvement Grant
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 2 to the discretionary contract.
Risk Assessment
Failure to approve this contract will result in the State not obtaining the necessary documents for competitive bidding.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Lake Superior Hosting Center, Secretary of State Office Building – HVAC and Power Renovations
   File No. 084/07096.SJU

That the contract for professional services with Engineering Applications EAI, LCC, East Lansing, be increased $64,922.63 on a billing rate basis plus reimbursables.

Purpose/Business Case
The purpose of this modification is to provide phase 500 and 700 professional services to obtain contract documents for the Second Phase of the CRAC Air Conditioning Unit Replacement Project at the Lake Surpeior Hosting Center. This project will also encompass the installation of a 1000Kw standby electrical generator, roof replacement for the LSHC and interior floor plan modifications to support the CRAC unit replacement.
Benefit
The State will benefit by having professionally prepared construction documents as well as construction field and administrative services provided for this phase of the CRAC Unit Replacement Project at LSHC.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not having professionally prepared construction documents and construction field services provided.

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – General Services Building – HVAC Replacement
File No. 071/09047.CAK - Index No. 11714

That the contract for professional services with Byce & Associates, Inc., Kalamazoo, be increased $10,334.70.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services to trouble shoot air pressure and balance problems within the HVAC equipment and provide construction administration services for reinforcement of the existing roof structure, which was found to be inadequate.
Benefit
The State will benefit by having the information to correct HVAC air balance problems and provide construction administration services.
Funding Source
100% Special Maintenance Building Occupancy Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the State not obtaining the necessary bulletin pricing documents.

9. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BEAVER ISLAND - Dockside Market Site - Monitoring, Operation, and Maintenance Services
File No. 761/10052.SAR - Index No. 44351

That the contract for professional services with The Mannik & Smith Group, Inc., Canton, be increased $35,276.33.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for additional system operation of the air sparge/soil vapor extraction (AS/SVE) system and system decommissioning services. The professional will conduct additional emergency repairs and decommission the AS/SVE system.
Benefit
The State will benefit by cleaning up the site and protecting the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in shutting down the remediation system, potentially violating environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

10. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – General Services Building – HVAC Replacement
File No. 071/09435.CAK - Index No. 11714

Moore-Trosper Construction Company, Holt; CCO No. 9, Incr. $19,389.27

Purpose/Business Case
The purpose of this change order is to provide temporary heat for the continued operation of the building while structural repairs/upgrades to the roof are completed.
Benefit
The State will benefit by maintaining heat and humidity control in the printing area so critical business operations can continue during the structural reinforcement work.
Funding Source
100% Special Maintenance Building Occupancy Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in disruptions in mailings, check printing, and other critical business operations.

11. DEPARTMENT OF TRANSPORTATION, PONTIAC – Pontiac Transportation Terminal – New Terminal Building
File No. 591/09209.RAN - Index No. 10237

B & B Construction Services, LLC, St. Claire Shores; CCO No. 3, Incr. $17,217.59

Purpose/Business Case
The purpose of this change order is to change lobby seating from hardwood to stainless steel, removal and replacement of poor soils within the new building foot print, carpentry changes to conceal electrical conduits and wiring, power for motion detectors in the restrooms, and conduit for future security wiring.
Benefit
The State will benefit by realizing a savings on the lobby seats, having a solid building foundation, concealing otherwise unsightly conduits and wiring, meeting code requirements for motion detectors in the restrooms and having the security cabling conduit in place for future security cabling.
Funding Source
100% Federal Comprehensive Transportation Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the building being placed on unstable soil, having unsightly electrical conduits and wiring hanging from otherwise aesthetically designed glulam beams and ceiling, spending unnecessary funds for more expensive seating, and not meeting lighting code requirements.

12. DEPARTMENT OF TRANSPORTATION, MONROE – Monroe Weigh Station – Replace North And Southbound Ramp Weigh-In-Motion, Static Deck, and Speed Limit Signs
File No. 591/10144.CAK - Index No. 61815

Graham Construction Corp., Saginaw; CCO No. 3, Incr. $79,794.00

Purpose/Business Case
The purpose of this change order is to provide speed signs on both north and southbound sides, providing better traffic control.
Benefit
The State will benefit by reducing back-ups due to the high volume of traffic at this weigh station.
Funding Source
100% Trunkline Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in potential traffic back-ups, on the interstate, leading to safety concerns at the weigh station.

13. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BRIGHTON – Residential Wells - Holly Road Site – Remediation
File No. 761/08283.RRD - Index No. 44801

TriMedia Environmental and Engineering, LLC, Houghton; CCO No. 3, Incr. $58,420.00

Purpose/Business Case

The purpose of this change order is to provide two years of operation and maintenance of the remediation system and extend the contract for 730 calendar days. It is anticipated the remediation will continue to operate until the site is cleaned up.

Benefit

The State will benefit by continuing the operation of the remediation system to clean up contamination and protect the environment.

Funding Source

100% Environmental Protection Bond

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the spread of contamination, violating environmental regulations.

March 11, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TRANSPORTATION, BRIGHTON – Brighton Maintenance Garage – Damaged EIFS Repair/Replacement and Exterior Painting Project
File No. 591/07259.AGY.R1 - Index No. 58508

Low Responsive Bidder: Shively-Bouma, Inc., Jackson; $44,000.00

Purpose/Business Case

The purpose of this contract is to repair/replace the existing damaged exterior siding and paint the exterior surfaces. The existing siding system also serves as the building insulation and has been damaged over time.

Benefit

The State will benefit by reduced maintenance and energy costs.

Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued deterioration of the exterior siding and higher energy costs.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, VARIOUS – Non-Department of Defense Owned, Non-Operational Defense Sites – Technical Support Services
   File No. 777/11136.SAR - Index No. 44061

   Recommended Assignment: AECOM of Michigan, P.C. (Formerly STS Consultants, Ltd.), Lansing; $89,999.35

Purpose/Business Case

The purpose of this assignment is to provide management services for 16 sites identified in the Defense State Memorandum of Agreement (DSMOA) processes. The sites are: Alma Armory Small Arms Range; Camp Black Rifle Range; Carpenter Dam Rifle Range; Cheboygan Rifle Range; Flat Rock Training Area; Grand Haven Rifle Range; Grosse Pointe Rifle Range; Hickory Shade Farm Rifle Range; Ishpeming Silver Lake Basin Range; Island Lake Rifle Range; Kearsley Park Training Site; Kingsford-Merriman Range; Manistee Rifle Range; Manistique Rifle Range; Orchard Beach State Park Artillery Range; and National Mine Biathlon Range. The services include professional environmental oversight, report and document review, and development and maintenance of a Geographic Information System (GIS) to track each of the sites during the investigation activities.

Benefit

The State will benefit by receiving management services to assess the existing contamination, in order to protect the environment and comply with environmental regulations.

Funding Source

100% Federal Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number 19 to the discretionary contract.

Risk Assessment

Failure to approve this assignment could result in misrepresentation of the environmental conditions at the various sites and noncompliance with the environmental regulations necessary to protect the environment.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF CORRECTIONS, WHITMORE LAKE - Woodland Correctional Facility - Huron Centers Roof Replacement
   File No. 472/11027.RMP - Index No. 64060

That the contract for professional services with David Milling, Inc, Ann Arbor, be increased $2,400.00.

Purpose/Business Case
The purpose of this modification is to provide for increased phase 500 and 700 services, including addendum documents for two roof hatches, associated steel platforms with guardrails at the existing roof mounted HVAC units, and to bring the units up to current mechanical codes.
Benefit
The State will benefit by including this work in the bidding process.
Funding Source
100% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in this required work not being included in the bidding documents.

4. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, ROSCOMMON – Ralph A. MacMullan Conference Center – Classroom Building Addition
   File No. 751/10489.JAN - Index No. 99020

   That the contract for professional services with Design Plus, Grand Rapids, be increased $13,500.00.

Purpose/Business Case
The purpose of this modification is to increase the original scope of work in order to incorporate the design changes requested by the agency. These changes better meet both the current and future functional and operational needs of the agency.
Benefit
The State will benefit by having design documents that better meet the operational needs of the facility and allow for more economical, future expansion.
Funding Source
100% MNRTF Development Grant Funds
Commitment
The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in inadequate and inefficient space for RAM Center customers.

5. DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENT, BURTON – Sunshine Foods #119 – Interim Response Services
   File No. 761/09202.SAR - Index No. 44801

   That the contract for professional services with Mannik and Smith Group, Inc., Canton, be increased $37,805.70.

Purpose/Business Case
The purpose of this modification is to provide for the installation of up to four monitor wells, continued sampling at this site for an additional year, and preparation of reports to document the sampling effort.
Benefit
The State will benefit by having additional information on the contamination at this site in order to control its migration, and eventually remove it.
Funding Source
100% Refined Petroleum Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in noncompliance with environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, LANSING – Reserve Forces Support Center – Install Fencing
   File No. 511/09412.AGY - Index No. 13957

   Nationwide Construction Group, Chesterfield; CCO No. 2, Incr. $1,450.00

Purpose/Business Case
The purpose of this change order is to inspect, repair, and program existing arm gates at the South entrance. The existing arm gates at this location have routinely failed. The change is needed for the arm gates to work correctly with the new vertical lift gate.
Benefit
The State will benefit by enhancing the operation and security at the facility.
Funding Source
100% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in operation and security issues at the facility.

7. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Center – Paving Upgrades
   File No. 511/09429.RAN - Index No. 21000

   Rieth-Riley Construction Company, Inc., Prudenville; CCO No. 2, Incr. $929.21

Purpose/Business Case
The purpose of this change order is to adjust estimated quantities of drainage piping and paving to match actually quantities used.
Benefit

The State will benefit by adjusting the contract to reflect actual quantities of installed material, based on provided unit pricing, allowing the contract to be closed.

Funding Source

100% ARRA Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order could result in the contractor taking legal action against the State.

8. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Site – Pole Storage Building
   File No. 511/10203.CAK - Index No. 21000

   Boesch Builders, Sebewaing; CCO No. 2, Incr. $37,640.31

Purpose/Business Case

The purpose of this change order is to install a well to provide drinking water for the soldiers and add two additional pole facilities, one at Range 8 and one at the Tank Range.

Benefit

The State will benefit by providing safe drinking water for soldiers' use and covered storage to protect State and Federal equipment and materials from the elements and/or theft.

Funding Source

100% Federal Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the need to transport water for the soldiers and potential damage and/or theft of equipment and materials.

9. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, KINGSFORD – Kingsford Armory – Chimney Repairs
   File No. 511/10334.AGY - Index Nos. 13910 and 13710

   IMS Contracting, Wells; CCO No. 1, Incr. $12,294.13

Purpose/Business Case

The purpose of this change order is to provide additional height to the brick chimney. The additional chimney height will provide the required draft to meet the mechanical code requirements.

Benefit

The State will benefit by providing adequate chimney height to provide required chimney draft and meet the mechanical code requirements.

Funding Source
50% Sustainment, Restoration and Maintenance Funds
50% Federal Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in lack of proper chimney draft and the inability to meet mechanical code requirements.

10. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, KALAMAZOO – Kalamazoo Armory – Modifications Phase II
File No. 511/10335.AGY - Index Nos. 13799/13959

Beckering Advisor, Inc., Grand Rapids; CCO No. 1, Incr. $15,086.95

Purpose/Business Case
The purpose of this change order is to remove pine trees near building entrance, an existing built-in exhaust fan, and patch the wall opening; replace a sidewalk section, a broken sewer line, and three motor starters; add a grease trap in the kitchen, and door closers.
Benefit
The State will benefit by enhanced security, safety, energy efficiency, and operation of the facility.
Funding Source
50% Sustainment, Restoration and Maintenance Funds
50% Federal Funds

Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in potential damage to the facility and increased maintenance and energy costs.

March 18, 2011

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, WYOMING – Wyoming Armory – Replace Fire Alarm System
File No. 511/11085.AGY – Index Nos. 13767 & 13967

Low Responsive Bidder: Video Tech Tronics, Inc., Comstock Park; $37,835.00

Purpose/Business Case

The purpose of this contract is to remove all existing fire alarm components and install a new digital, addressable, fire alarm system. The work also includes the removal and replacement of three electric service panels, with associated wiring, and masonry repair. The existing system is obsolete.

Benefit

The State will benefit by providing a fire alarm system that meets current life safety codes.

Funding Source

75% Federal Funds
25% State Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in the continued use of the existing outdated fire alarm system.

2. DEPARTMENT OF TRANSPORTATION, CADILLAC – Cadillac Special Crews – New Bridge Crane
   File No. 591/07277.AGY - Index No. 58508

   Low Responsive Bidder: Cadillac Fabrication, Inc., Cadillac; $28,242.00

Purpose/Business Case

The purpose of this contract is to supply and install a new 2-ton bridge crane in the special crews facility.

Benefit

The State will benefit by providing a safe way to load and outfit MDOT trucks and to assist workers in the fabrication area.

Funding Source

100% Trunkline Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk

Failure to approve this contract will result in less efficient operations and additional worker hazards.

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, OWOSSO – Former Magnetek Property Site – Environmental Sampling and Monitoring Services
   File No. 761/11144.SAR - Index No. 44801

   Recommended Assignment: MACTEC Engineering and Consulting of Michigan, Inc., Novi; $104,452.00

Purpose/Business Case

The purpose of this assignment is to provide professional architectural/engineering services for environmental sampling and monitoring. The professional will conduct soil,

gas, and groundwater sampling, to verify the effectiveness of implementing thermal remediation treatment of environmental contamination.

Benefit

The State will benefit by reducing the environmental and public health risks and complying with environmental regulations.

Funding Source

100% Environmental Protection Bond Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number seventeen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to evaluate the thermal remediation system.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

4. DEPARTMENT OF ENERGY, LABOR AND ECONOMIC GROWTH, KALAMAZOO – Michigan Commission for the Blind Training Center – HVAC & Energy Upgrades and Building Renovations
   File No. 641/10191.BDW - Index No. 36402

   That the contract for professional services with M.C. Smith Associates and Architectural Group, East Grand Rapids, be increased $ 8,959.85.

Purpose/Business Case

The purpose of this modification is to provide additional professional scope of services including replacement of the sanitary sewer line, redesign of staff kitchen, new casework, and coordination for auditory pickup system.

Benefit

The State will benefit by obtaining the required bid documents necessary to obtain contractor pricing for the work and coordination with on-going improvements.

Funding Source

79% Federal Rehabilitation Services Administration
21% General Funds

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the State not obtaining the bid documents necessary for contractor pricing.

5. DEPARTMENT OF NATURAL RESOURCES, HURON COUNTY – Filion Road Boat Access Site - Site Renovations
   File No. 751/10194.MNB - Index No. 59630

   That the contract for professional services with Hamilton Anderson Associates, Detroit, be increased $1,567.08.

Purpose/Business Case

The purpose of this modification is to provide professional quality control/material testing services for researching and identifying a disposal site for the dredged material.

Benefit

The State will benefit by complying with environmental regulations to ensure the dredged material will be disposed of at the proper location.

Funding Source

100% Waterways Funds

Commitment

The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in not identifying a disposal site appropriate for the type of dredged material and not complying with environmental regulations.

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, CHARLEVOIX – J.J.'s General Store – Environmental Investigation and Feasibility Study 761/10101.SAR - Index No. 44351

   That the contract for professional services with Wilcox Professional Services, Inc., Cadillac, be increased $10,336.86.

Purpose/Business Case

The purpose of this modification is to provide additional investigation services for this leaking underground storage tank site. These additional services were requested by the Michigan Department of Environmental Quality (MDEQ). The professional shall provide a review of existing information, prepare bid specifications for interim corrective action, bid the work, assist trade contractor during design, oversee site work, and collect soil samples. This change order shall also extend the date of final completion to October 31, 2011.

Benefit

The state will benefit by reducing contamination at this site, protecting the environment, and complying with environmental regulations.

Funding Source

100% Refined Petroleum Funds

Commitment

The professional services contract modification will be paid on billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in the spread of contamination and noncompliance with environmental regulations.

REVISIONS TO CONSTRUCTION CONTRACTS

7. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING - George W. Romney Building – Lower Level HVAC Renovations File No. 071/09248.MNB - Index No. 44144

   Laux Construction, LLC, Dansville; CCO No. 1, Incr. $50,377.05

Purpose/Business Case
The purpose of this change order is to replace the existing 30-year old cooling equipment at the elevator room and associated code upgrades. The equipment is beyond its useful service life and requires costly maintenance.
Benefit
The State will benefit by providing the proper cooling to the elevator room ensuring uninterrupted elevator service and compliance with the building code.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the potential shutdown of the elevators adversely impacting building occupants.

8. DEPARTMENT OF NATURAL RESOURCES, LAC LA BELLE – Lac La Belle State Park – Harbor Dock Improvements
   File No. 751/08115.RAA - Index No. 51230

   Thomas J. Moyle, Jr., Inc. Houghton; CCO No. 2, Incr. $541.13

Purpose/Business Case
The purpose of this change order is to provide additional temporary fencing along the west site perimeter, enhancing public and worker safety during winter construction operations. This negotiated settlement is in response to the contractors "Notice of Claim" letter.
Benefit
The State will benefit by providing additional measures to enhance safety during construction operations. This negotiated settlement reduced the contractor claim from $2,141.20 to $541.13.
Funding Source
100% Waterways Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order may result in a lack of adequate safety barriers to protect both the public and workers during winter marina construction, as well as potential legal action.

9. DEPARTMENT OF ENVIRONMENTAL QUALITY, CLINTON TWP. – Montgomery Ward Site – Excavation and Dewatering Remedy
   File No. 761/10015.SAR - Index No. 44701

   Terra Contracting, LLC, Kalamazoo; CCO No. 2, Incr. $4,395.78

Purpose/Business Case

The purpose of this change order is to inspect existing sewer lines, adjacent to the excavation, documenting their location and current condition.

Benefit

The State will benefit by making sure sewers are adequately protected from damage, during site excavation, and dewatering activities.

Funding Source

100% ARRA Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in damage to the sewers requiring their replacement at additional cost to the State.

March 25, 2011

ASSIGNMENT TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF ENVIRONMENTAL QUALITY, CALHOUN COUNTY – Enbridge Spill/Talmadge Creek/Kalamazoo River Site – Habitat Restoration Support Services
   File No. 761/11148.SAR - Index No. 44501

   Recommended Assignment: MACTEC Engineering and Consulting of Michigan, Inc., Novi; $100,000.00

Purpose/Business Case

The purpose of this assignment is to provide services for habitat restoration support. In July 2010, a pipeline ruptured and released an estimated 819,000 gallons of oil to Talmadge Creek and Kalamazoo River. The United States Environmental Protection Agency (EPA) and the agency implemented emergency abatement measures to control the spill and have entered into enforceable orders with Enbridge. The professional will provide technical support to oversee ecological and natural resource restoration to ensure Enbridge is properly documenting damages and using proper wetland and stream restoration techniques.

Benefit

The State will benefit by ensuring adequate habitat restoration in the areas of the oil spill.

Funding Source

100% Cleanup and Redevelopment Funds

Commitment

The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number eighteen to the discretionary contract.

Risk Assessment

Failure to approve this assignment will result in not getting the professional assistance needed to oversee the habitat restoration activities, implemented by the responsible party.

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, SUMNER – KD's Country Store Site – Groundwater Evaluation/Well Abandonment
   File No. 761/11168.SAR - Index No. 44801

   Recommended Assignment: Weston Solutions, Inc., Okemos; $22,590.00

Purpose/Business Case
The purpose of this assignment is to provide groundwater evaluation and well abandonment services. The site is a leaking underground storage tank (LUST) site. Investigation activities were conducted at the site to delineate the extent of the petroleum contamination. A total of 41 groundwater monitoring wells were installed at the site. The professional will provide aquifer testing, monitor well sampling, data review, groundwater evaluation, well abandonment, and report preparation.
Benefit
The State will benefit by evaluating the extent of contamination and protecting the environment.
Funding Source
100% Refined Petroleum Funds
Commitment
The contract is fixed based on competitive proposals. The amount of the contract is within the authorized budget. This is assignment number two to the discretionary contract.
Risk Assessment
Failure to approve this assignment will result in not getting the professional assistance needed to evaluate the extent of the environmental contamination.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS CITIES – Various Buildings – Asbestos Building Inspections
   File No. 071/07115.JNS - Index No. 44200

   That the contract for professional services with Materials Testing Consultants, Inc., Grand Rapids, be increased $26,276.00.

Purpose/Business Case
The purpose of this modification is to provide professional architectural/engineering services for completion of surveys of the State of Michigan Secondary Governmental Complex State Police Training Academy and Vehicle and Travel Services Buildings including detailed inspection, sampling, analysis, and report preparation documenting the presence, quantity, and location of asbestos containing building materials. This

information is needed by the HVAC building automation system controls upgrades contractor to safely complete their contract work.

Benefit

The State will benefit by ensuring the HVAC building automation system controls upgrades contract can safely proceed as scheduled.

Funding Source

100% Agency Operating Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in a lack of documentation on the presence of asbestos containing building materials within the Secondary Governmental Complex, State Police Training Academy and Vehicle and Travel Services Buildings.

4. DEPARTMENT OF NATURAL RESOURCES, ROSCOMMON – South Higgins Lake State Park – Sanitary Sewer and Dump Station Improvements
   File No. 751/10372.JNS - Index Nos. 54100 and 99072

   That the contract for professional services with Wade Trim, Inc., Gaylord, be increased $5,400.00.

Purpose/Business Case

The purpose of this modification is to provide construction staking to facilitate the MDNR Construction Crew with clearing, grubbing, excavation, gravel placement, and compaction prior to the general contractor completing sanitary sewer and dump station replacements.

Benefit

The State will benefit by allowing MDNR to self perform the clearing, grubbing, excavation, gravel placement, and compaction, thereby saving costs.

Funding Source

67% Waterways Funds
33% Land and Water Conservation Funds

Commitment

The professional services contract modification will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification will result in this work being performed by the contractor at an additional cost to the State.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, PETOSKEY – Little Traverse Bay CKD Release – Technical Support Services
   File No. 761/09216.SAR - Index No. 44351

   That the contract for professional services with DLZ Michigan, Inc., Lansing, be increased $14,992.35.

Purpose/Business Case
The purpose of this modification is to provide continued legal agreement technical assistance, data management, and effectiveness monitoring for the ongoing remediation project at the Bay Harbor Site. The completion date of remediation has been extended to December 31, 2011.
Benefit
The State will benefit by receiving weekly monitoring reports, from the professional, enabling the DEQ project manager to closely monitor progress.
Funding Source
100% Environmental Protection Bond
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in not having up-to-date knowledge of site conditions and not knowing if remedial progress is being made.

MODIFICATION TO PROJECT MANAGEMENT CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center, State Secondary Governmental Complex – Cogeneration Project
   File No. 071/10222.DCS - Index No. 02034

   That the contract for professional services with The Christman Company, Lansing, be increased $47,359.00.

Purpose/Business Case
The purpose of this modification is to provide a chiller and back-up electrical generator to be temporarily installed at the Secondary Governmental Complex, Operations Center, Information Technology Applications Hosting Center. The Hosting Center serves as the cental location for many of the State's critical information technology data functions and business applications throughout the State. Chilled water and electrical services are required to be temporarily disconnected to support the Secondary Complex, Cogeneration Project.
Benefit
The State will benefit by having continued critical information functions from the Hosting Center during the scheduled temporary power outage.
Funding Source
91% ARRA Funds
9% Agency Operating Funds
Commitment
The professional services contract modification will be paid on a lump sum fee basis plus reimbursables. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this modification will result in the Hosting Center being out of service and not being able to perform critical information functions during portions of the project.

REVISIONS TO CONSTRUCTION CONTRACTS

7. DEPARTMENT OF ENVIRONMENTAL QUALTIY, WOODLAND – Main Street – Well Installation and ORC Injection
   File No. 777/11029.AGY - Index No. 44901

   Pearson Drilling, Lake City; CCO No. 1, Incr. $15,274.65

Purpose/Business Case
The purpose of this change order is to address significantly differing subsurface conditions, provide performance and payment bonds, injections of a remediation enhancement chemical at six wells, and injection of a different remediation enhancement chemical at one well.
Benefit
The State will benefit by increasing the rate of natural attenuation of the levels of pollutants by adding chemicals, which should shorten the time required to finish the project.
Funding Source
100% Refined Petroleum Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in limited progress being made on the project, thus failing to protect the environment.

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

May 10, 2011 / May 17, 2011
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GRAND RAPIDS – Michigan Court of Appeals – Office Move
   File No. 071/11108.JRC - Index No. 41101
   Low Responsive Bidder: Owen-Ames-Kimball Company, Grand Rapids, $379,295.00

Purpose/Business Case
The purpose of this contract is to provide build-out of office space to allow the Michigan Court of Appeals to relocate from leased space into existing vacant space in the Grand Rapids State Office Building.
Benefit
The State will benefit by eliminating the cost of the lease.
Funding Source
100% Special Maintenance Funds
Commitment
The contract cost is fixed based on competitive bids.
Risk Assessment
Failure to approve this build-out will result in the Court of Appeals remaining in leased space while vacant space exists in the state owned building.
Zip Code
49525

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Center – Water System Improvements
   File No. 511/11137.RAN - Index No. 21000
   Low Responsive Bidder: Ripman Construction Company, Inc., St. Helen; $696,415.00

Purpose/Business Case
The purpose of this contract is to replace old and undersized water mains along Howe Road and Third Street and to construct a potable water booster pumping station at Camp Grayling.

Benefit

The State will benefit by providing the Camp Grayling Training facility with the necessary water distribution system improvements which are vital for proper training of the State's military personnel.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued inadequate water supply to support the training facilities.

Zip Code

49738

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, MASON - Americhem Corporation Facility Site - Performing Biostimulation Pilot Test
   File No. 761/10007.SAR - Index No. 44801
   That the contract for professional services with Environmental Consulting & Technology, Inc., Ann Arbor, be increased $249,846.31.

Purpose/Business Case

The purpose of this modification is to provide for the design and construction of the biostimulation feasibility pilot test system expansion including additional operation, maintenance and monitoring of the pilot test through April 2012. The test is being performed for the enhancement of naturally occurring dechlorination of the groundwater. The results of the test will be used to design a broad, diverse treatment process for the remediation of the site.

Benefit

The State will benefit by assessing the implementation of biostimulation technology to cleanup existing site contamination and protecting the environment.

Funding Source

100% Cleanup and Redevelopment Funds (CRF)

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in not having adequate information to determine the best method for remediating this site.

Zip Code

CONTRACT CHANGE ORDERS

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lewis Cass Building – 1st & 2nd Floor Renovations
   File No. 071/06080.JRC - Index No. 44101
   HBC Contracting, Lansing; CCO No. 17, Incr. $10,559.05

Purpose/Business Case
The purpose of this change order is to remove and replace the existing interior handrails at the north building entrance. The existing handrails are in poor physical condition and do not meet the current Americans with Disabilities Act (ADA) requirements.
Benefit
The State will benefit by having a new handrail system installed that will be ADA compliant and will match the newly installed handrail systems at the east and west building entrances.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in having a handrail system that is not in compliance to ADA requirements and in poor condition creating potential safety concerns.

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUSKEGON – Zephyr Naph Sol Refinery Site – Installation and Operation of Free Product Collection System
   File No. 761/98333.AGY - Index No. 44901
   Superior Environmental, Inc., Marne; CCO No. 20, Incr. $77,366.15

Purpose/Business Case
The purpose of this change order is to add to the funding of this project so that the existing contract can be extended three additional months to enable the newly bid contract to be put in place at the end of this three month extension. This change order shall provide additional static water level and free product measurements [Increase $38,400.00], shall provide testing and certification of the system operation as required by the NPDES permit [Increase $9,697.80], shall provide one granulated activated carbon changeout [Increase $12,358.75], shall provide 40 events of backwashing all vessels of the activated carbon system [Increase $8,009.60], and shall provide 40 events of replacing bag filter elements [Increase $8,900.00],. This change order will extend the project from March 31, 2011 to June 30, 2011, a total of 91 days.
Benefit
The State will benefit by having the remediation system operated during this interim period, protecting the enviroment and the public.
Funding Source
100% Environmental Protection Bond
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in exacerbation of the existing contamination endangering the environment and in violation of the regulations.

49444

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BALDWIN – Wash King Laundry Site – O &M Groundwater and Soil Vapor Extraction Treatment System
   File No. 761/06037.RRD - Index No. 44081
   Lakeshore Environmental, Inc., Grand Haven, CCO No. 8, Incr. $246,000.00

Purpose/Business Case

The purpose of this change order is to extend the contract completion date by one year to provide additional operation and maintenance (O&M) services of the groundwater treatment and soil vapor extraction (SVE) systems and remedial action optimization as required by the United States Environmental Protection Agency (USEPA).

Benefit

The State will benefit by improving the effectiveness of the recovery system in abating the environmental hazards.

Funding Source

90% Federal-Environmental Protection Funds
10% State-Environmental Protection Bonds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in shutting down the remediation system prior to remediation being completed.

Zip Code

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, MASON – Americhem – Free Product Recovery and Soil Vapor Extraction System Installation
   File No. 761/07139.RRD - Index No. 44801
   Job Site Services, Inc., Bay City; CCO No. 10, Incr. $167,068.00

Purpose/Business Case

The purpose of this change order is to extend the contract completion date by one year to provide additional operation and maintenance (O&M) services, increase the number of sampling events of the exhaust from the scrubber, increase the number of sampling events of the wastewater discharge from the scrubber, increase the number of events whereby bulk and drummed recovered free product will be loaded, transported, and disposed at a recycling facility, increase the amount of water softener salt to be delivered, increase the number of alarm response visits, increase the provisional

allowance by $10,000.00, increase the cash allowance by $54,000.00, obtain additional bonds and insurance required by contract, This change order will extend the project from July 7, 2011 to July 7, 2012, a total of 366 days.

Benefit

The State will benefit by the removal of contamination from the site.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the system being shut down prior to full remediation of the site.

LEASE FOR STATE OWNED PROPERTY

8. DEPARTMENT OF STATE POIICE – New Lease #11544 effective January 1, 2001, through December 31, 2021, with The Mackinac County Road Commission, a governmental unit, 706 North State Street, Saint Ignace, Michigan 49781, as Lessee, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State Police as Lessor, for 3,500 square feet of office space located at 706 North State Street, Saint Ignace, Michigan 49781. The annual rental rate for this Lease is One and 00/100 Dollar ($1.00 per year). This Lease contains a standard cancellation clause with ninety (90) days advance notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:

This Lease eliminates a longstanding tenant-at-will scenario by providing a modern lease agreement.

Benefit:

This Lease allows the State to assign all facility maintenance and repair costs for the leased premises to the Lessee for the next ten years.

Funding Source:

Income to the State

Commitment Level:

Ten years; however, this Lease contains a standard cancellation clause with ninety (90) days advance notice.

Risk Assessment:

Non-approval of this lease will hinder the Department from replacing the current tenant-at-will scenario with a modern Lease. Without a lease in place, the occupant could relocate - leaving the state with sudden maintenance and repair responsibilities for the leased premises.

49781

RECOMMENDATION TO GRANT EASEMENT

9. THE DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET (DTMB), recommends the grant of a utility easement to The Detroit Edison Company, a Michigan corporation, located at One Energy Plaza, Detroit, Michigan 48226, over lands commonly known as the Hawthorn Center, for consideration of $1.00. The Department of the Attorney General has approved the easement agreement as to legal form.

Legislative Background:

1984 PA 431, as amended, authorizes the State Administrative Board to grant easements. The Detroit Edison Company (DTE Energy) utility easement is described as follows:

> Pole Line Easement: A 12 foot wide pole line easement in part of the Northeast ¼ of Section 12, Town 1 South, Range 8 East, Northville Township, Wayne County, Michigan. Described by its centerline as: Commencing at the East ¼ corner of said Section 12, thence South 86°48'28" West 60.09 feet along the East-West ¼ line of said Section 12 to the West line of Haggerty Road (120 feet wide), thence along said West line of Haggerty Road (120 feet wide), North 0°00'12" East 56.19 feet to the Point of Beginning; thence South 87°03'44" West 143.24 feet to a point here after known as Point "A" and the Point of Ending.
> Anchor Slot Easement: A 12 foot anchor slot easement described by its centerline as: Beginning at the above mentioned Point "A"; thence South 87°03'44" West 35.00 feet to the Point of Ending.

Purpose/Business Case

The proposed easement is approximately 12 feet wide and 178 feet long located along the southern boundary of the Hawthorn Center commencing at Haggerty Road. It will allow DTE Energy a right-of-way to the existing electrical poles, which solely services the Hawthorn Center.

Benefit

The approval of this recommendation will allow DTE Energy access to their existing electrical poles for maintenance, repair, upgrades etc.

Funding Source/Commitment Level

N/A

Risk Assessment

Failure to approve this easement would hinder DTE Energy from maintaining and upgrading the electrical lines servicing the Hawthorn Center.

CONVEYANCE OF SURPLUS STATE REAL PROPERTY

10. THE DEPARTMENTS OF TECHNOLOGY, MANAGEMENT & BUDGET (DTMB) AND EDUCATION (MDE), recommend the conveyance of surplus state real property commonly known as the School for the Deaf and described below, located in City of Flint, County of Genesee, Michigan (the "Property") to Lurvey

White Ventures 1, LLC (Purchaser) for consideration of One Million, Three Hundred Thousand Dollars ($1,300,000.00). The Purchaser will also reimburse the State for requested costs necessary to prepare the property for conveyance. The Office of the Attorney General has approved the quitclaim deed as to legal form.

Legislative Background:

2010 Public Act 374 (the "Act") authorizes the State Administrative Board to convey the following property, located in the City of Flint, County of Genesee, Michigan, containing 109.9 acres, more or less, and more particularly described as follows:

Flint School for the Deaf - Main Campus:

A parcel of land located in Sections 8 and 9 of Indian Reservation of 11 Sections at The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of Section 24, Town 7 North, Range 6 East, City of Flint, Genesee County, Michigan; thence North 89°32'40" East along the South line of said Section 24 a distance of 946.72 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 5,249.20 feet to the Northeast corner of The Plat of Woodcroft No. 1 as recorded in Liber 8, Pages 34-36 of Genesee County Records; thence South 21°28'40" East (recorded South 20°37'00" East) along the Easterly line of said Woodcroft No. 1 a distance of 50.78 feet to the Southerly right of way line of Miller Road; thence North 58°29'55" East along the Southerly right of way line of Miller Road (recorded as North 58°51'00" East) a distance of 304.66 feet to the Easterly right of way line of Hammerberg Road and the point of beginning of this description; thence South 21°35'20" East along the Easterly line of Hammerberg Road (recorded South 21°07'00" East) a distance of 1150.36 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81'; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North

03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence North 21°32'22" West along said Westerly line a distance of 394.56 feet to a point on the Southerly right of way line of Court Street; thence South 58°28'55" West along the Southerly right of way line of Court Street (recorded South 58°50'00" West) a distance of 430.63; thence North 89°53'35" West along the Southerly line of Court Street (recorded North 89°32'30" West) a distance of 827.56 feet; thence South 51°15'25" West along the Southerly right of way line of Miller Road (recorded South 51°36'30" West) a distance of 144.67 feet; thence on a curve to the left along the Southerly right of way line of Miller Road a distance of 318.36 feet, said curve having a central angle of 31°03'37", a radius of 587.27 feet a chord of 314.48 feet bearing South 35°43'40" West (recorded South 36°04'45" West); thence South 20°11'55" West along the Southerly right of way line of Miller Road a distance of 244.83 feet (recorded South 20°33'00" West 244.83 feet); thence on a curve to the right along the Southerly right of way line of Miller Road a distance of 459.42 feet, said curve having a central angle of 38°18'00", a radius of 687.27 feet, a chord of 450.91 feet bearing South 39°20'55" West (recorded South 39°42'00" West); thence South 58°29'55" West a distance of 807.72 feet (recorded South 58°51'00" West) to the point of beginning of this description. Parcel contains 68.67 acres of land, more or less.

Happy Hollow Property:

A parcel of land located in Section 24, Town 7 North, Range 6 East, and partly in Sections 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of said Section 24; thence North 89°32'40" East along the South line of said Section 24 a distance of 1,684.47 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 4,172.06 feet to a point on the Northerly right of way line of Limited Access Highway I-69 at the intersection of the Easterly Right of Way line of Hammerberg Road and the point of beginning of this description; thence North 21°28'00" West along the Easterly line of Hammerberg Road a distance of 122.00 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81 feet; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50 feet; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a

distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence South 21°32'20" East along said Westerly line a distance of 206.27 feet to a point on the Northerly bank of Swartz Creek; said point being 10 feet from the water's edge and 35 feet Northerly of the centerline of said creek; thence on an intermediate traverse line along the water's edge of said Swartz Creek South 15°46'40" West a distance of 135.65 feet to a point 19 feet from the water's edge and 44 feet Westerly of the centerline of said creek; thence continuing on an intermediate traverse line South 49°04'20" East a distance of 114.55 feet to a point 9 feet from the water's edge and 34 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°03'00" East a distance of 102.31 feet to a point 20 feet from the water's edge and 45 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 12°03'20" East a distance of 182.96 feet to a point 7 feet from the water's edge and 32 feet from the centerline of said Swart Creek; thence continuing on an intermediate traverse line South 14°25'30" West a distance of 122.84 feet to a point 18 feet from the water's edge and 43 feet from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 57°01'55" West a distance of 39.82 feet to a point 19 feet from the water's edge and 44 feet Northerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°10'20" West a distance of 63.88 feet to a point 15 feet from the water's edge and 40 feet Northerly from the centerline of said Swartz Creek and the end of the intermediate traverse line along the creek; thence South 21°12'45" East along the Westerly line of

the Michigan Department of Transportation drainage right of way a distance of 560.00 feet to the Northerly right of way of Highway I-69; thence South 68°47'15" West along the Northerly right of way line of said highway I-69 a distance of 610.97 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 534.91 feet; thence South 21°28'05" East continuing along the Northerly right of way line of said highway I-69 a distance of 40.29 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 50.36 feet; thence North 21°28'05" West continuing along the Northerly right of way line of said highway I-69 a distance of 113.31 feet; thence South 68°31'55" West continuing along the Northerly right of way line of said highway I-69 a distance of 1539.58 feet to the point of beginning of this description; said parcel to include all land between the intermediate traverse line and the thread of the stream of the creek and is subject to the correlative rights of the other riparian owners and the public trust in these waters; said parcel containing more or less 41.244 acres to the intermediate traverse line.

The property description is approximate and is subject to adjustment as the State Administrative Board or Attorney General considers necessary by survey or other legal description.

Sale of the Property includes all surplus, salvage and scrap located on the Property and within the buildings, except for items expressly identified in the superintendent's house by the Department of Natural Resources, Michigan Historical Center.

Section 6 of the Act requires that the Property be first offered to Lurvey White Ventures 1, LLC and is contingent upon them entering into lease number 11530 with the state, providing a new and renovated school for the deaf, on approximately 17.5 acres of the property. The state shall not reserve oil, gas, or mineral rights to the Property; however, if the purchaser or any grantee or any successor develops any oil, gas, or minerals, they shall pay the state 50% of the gross revenue generated from the development.

The net revenue received from the sale of the Property must be used first to retire any outstanding debt financed by the State Building Authority for the residential facility on the property and reimburse any money that was financed by the State Building Authority for special maintenance projects on the site. Any funds remaining shall be deposited to the General Fund.

Purpose/Business Case

The conveyance satisfies the criteria set forth in 2010 Public Act 374. That Act authorizes the conveyance of property commonly known as the School for the Deaf located at 1667 Miller Road, Flint, Michigan. The property contains approximately 15 buildings on a 109.9 +/- acre parcel.

Benefit

This conveyance allows the State to end its ownership obligation for property and buildings in serious disrepair and exhibiting functional obsolescence, while entering into a lease (#11530) for an updated school facility for deaf students on a portion of the same property.

Risk Assessment
Failure to approve this sale would preclude the opportunity for the State to end its ownership obligation for the subject surplus property and enter into the lease for a new and renovated school for the deaf.

ITEM 9

EASEMENT IN GROSS

THIS GRANT is made on _____, 2011, between the STATE OF MICHIGAN, by its Department of Technology, Management and Budget, whose address is 320 South Walnut Street, Lansing, Michigan 48933 (Grantor), to The Detroit Edison Company, a Michigan corporation, whose address is One Energy Plaza, Detroit, MI 48226 (Grantee).

Grantor, acting by authority of MCL 18.1221(5) and the approval of the State Administrative Board, in consideration of One Dollar and No Cents ($1.00) and other valuable consideration, grants to Grantee a non-exclusive easement for the purpose of a right-of-way to construct, reconstruct, modify, add to, repair, replace, inspect, operate and maintain overhead utility facilities consisting of poles, guys, anchors, wires, transformers and accessories solely servicing the Department of Community Health, Hawthorn Center (Easement) on land (Land) that is under the jurisdiction of the Department of Community Health, located in Northville Township, Wayne County, Michigan.

The Easement is described as follows:

Pole Line Easement: A 12 foot wide pole line easement in part of the Northeast ¼ of Section 12, Town 1 South, Range 8 East, Northville Township, Wayne County, Michigan. Described by its centerline as: Commencing at the East ¼ corner of said Section 12, thence South 86°48'28" West 60.09 feet along the East-West ¼ line of said Section 12 to the West line of Haggerty Road (120 feet wide), thence along said West line of Haggerty Road (120 feet wide), North 0°00'12" East 56.19 feet to the Point of Beginning; thence South 87°03'44" West 143.24 feet to a point here after known as Point "A" and the Point of Ending.

Anchor Slot Easement: A 12 foot anchor slot easement described by its centerline as: Beginning at the above mentioned Point "A"; thence South 87°03'44" West 35.00 feet to the Point of Ending.

The Easement is granted subject to the following terms and conditions, which Grantee agrees to comply with:

1. Grantee must notify the Director of the Design and Construction Division, Facilities Administration, Department of Technology, Management and Budget, 530 West Allegan Street, Lansing, MI 48933 before commencing any construction, alteration, maintenance, or entry upon the Easement, and provide copies of engineering or architectural drawings to the Design and Construction Division before and after the completion of construction or alteration.

2. Grantor reserves the right to relocate the Easement at its sole expense unless relocation would interfere with the purpose of the Easement.

3. Grantee must obtain the prior written approval of Grantor to relocate the Easement. If there is no legal description, Grantee must obtain the prior written approval of Grantor to relocate the Easement from the location where Grantee initially located it. Grantee agrees that any relocation approved by Grantor must be completed at Grantee's sole expense.

4. Grantee accepts the Easement subject to all existing easements, permits, licenses, leases and other rights.

5. Grantee must maintain the Easement and its appurtenances in good repair, take reasonable precautions to prevent any damage to Grantor's property arising from Grantee's use of, or access to, the Easement, and must repair, replace, or fully compensate Grantor for any damages to Grantor's property, wherever situated, arising from the use of, or access to, the Easement by Grantee or its employees, agents, and contractors.

6. Following construction, maintenance or other operations on the Easement, Grantee must promptly and completely restore the landscaping over and adjacent to the Easement.

7. Grantee, at its sole expense and at no expense to Grantor, must modify the Easement as necessary in order for the Easement to comply with all laws, ordinances, and regulations.

8. Grantor may use the Land in any manner that Grantor sees fit, provided Grantor's use and enjoyment does not unreasonably interfere with the permitted purposes of the Easement.

9. The rights granted are not exclusive, and Grantor may grant other rights and easements in the Land, provided that such other rights and easements do not unreasonably interfere with the permitted purposes of the Easement.

10. Grantee agrees to indemnify and hold Grantor, its departments, agencies, boards, commissions, officers, agents and employees harmless from all claims, demands, actions, or liability for property damage, personal injury, or death sustained by any person arising in any manner out of Grantee's use of the Easement or from any act or omission of Grantee in exercising its rights under this grant.

11. If the Grantee discontinues using the Easement for the purpose described on Page 1 for one (1) year, the Easement terminates. Upon request of Grantor, Grantee must execute and deliver to Grantor or its successor, a release of the Easement in recordable form. Furthermore, Grantee, at its sole expense, must promptly remove all property, facilities, and equipment, from

the former easement in a good and workmanlike manner and promptly and fully restore Grantor's property as nearly as possible to the condition at the time of the grant. Property, facilities and equipment includes, but is not limited to, roads, pipelines, transmission lines, poles, buildings, towers and any other structures put in place by Grantee in connection with the Easement. Grantor, at its sole option, may keep any improvements made by Grantee in connection with the grant at no cost to Grantor.

12. The Easement is governed by and will be construed in accordance with the laws of the State of Michigan.

13. Grantee must record the Easement with the Register of Deeds and provide Grantor with a copy of the Easement after recording it.

ITEM 10

QUITCLAIM DEED

The State of Michigan, by the State Administrative Board, Grantor, whose address is Department of Technology, Management and Budget, P.O. Box 30026, Lansing, Michigan 48909, by authority of MCL 18.1101 et seq. and 2010 PA 374 and by the approval of the State Administrative Board on _____, 2011, for One Million Three Hundred Thousand and No/100 Dollars ($1,300,000.00), paid by **Lurvey White Ventures 1, LLC**, Grantee, a Michigan limited liability company, whose address is 503 South Saginaw Street, Flint, Michigan 48502-1851, quitclaims to Grantee the following described real property (Property) in the City of Flint, County of Genessee, State of Michigan:

See Attachment A for Legal Description

subject to all easements, encumbrances, and restrictions of record, if any.

The Property shall be used exclusively for education or education-related purposes. In the event the Property is not used exclusively for education or education-related purposes by Grantee or any other person or entity in possession of the Property or any portion thereof, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

The Property shall be developed according to specifications and drawings approved by the Michigan School for the Deaf (School for the Deaf) and the Michigan Department of Technology, Management and Budget (DTMB) no later than December 22, 2011. If by December 22, 2011 Grantee fails to submit: 1) specifications and drawings acceptable to the School for the Deaf and DTMB; and 2) proof to DTMB of Grantee's financial ability to complete the approved development of the Property, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

The Property shall be developed according to the specifications and drawings approved by the School for the Deaf and DTMB no later than December 22, 2013. If by December 22, 2013 the development is not completed, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

If Grantor reenters and repossesses the Property, Grantor shall not be liable to reimburse any party for any improvements on the Property.

If Grantee or any successor disputes Grantor's exercise of its right of reentry and fails to promptly deliver title and possession of the property to Grantor, the Attorney General, on behalf of Grantor, may bring an action to quite title to, and regain possession of, the Property.

Grantor reserves to the State of Michigan an undivided fifty percent interest (50%) in and to all royalties payable to the Grantee, or any successor or assignee, including any lessee, under every oil and gas lease, mineral lease, or any other agreement authorizing the removal or extraction of any oil, gas, coal, or other minerals or mineral products, including both metallic and nonmetallic minerals, from the Property. The Grantee, successors, assignees, or lessees shall remit payment of the State of Michigan's fifty percent (50%) interest in royalties by a check payable to: "State of Michigan" and sent to the Director of the Real Estate Division, Department of Technology, Management & Budget, P.O. Box 30026, Lansing, Michigan 48909. The State of Michigan has the right to audit all relevant records of any grantee, successor, assignee, or lessee to determine compliance with this reservation.

Grantor reserves to the State of Michigan all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines, or other relics lying on, within, or under the Property with power to the State of Michigan and all others acting under its authority to enter the Property for any purpose related to exploring, excavating, and taking away the aboriginal antiquities.

The Property may be located within the vicinity of farm land or a farm operation. Generally accepted agricultural and management practices which may generate noise, dust, odors, and other associated conditions may be used and are protected by the Michigan Right To Farm Act, MCL 286.471 et seq.

The terms of this conveyance apply to the administrators, successors, and assigns of the parties.

ATTACHMENT A

Legal Description

A parcel of land located in Sections 8 and 9 of Indian Reservation of 11 Sections at The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of Section 24, Town 7 North, Range 6 East, City of Flint, Genesee County, Michigan; thence North 89°32'40" East along the South line of said Section 24 a distance of 946.72 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 5,249.20 feet to the Northeast corner of The Plat of Woodcroft No. 1 as recorded in Liber 8, Pages 34-36 of Genesee County Records; thence South 21°28'40" East (recorded South 20°37'00" East) along the Easterly line of said Woodcroft No. 1 a distance of 50.78 feet to the Southerly right of way line of Miller Road; thence North 58°29'55" East along the Southerly right of way line of Miller Road (recorded as North 58°51'00" East) a distance of 304.66 feet to the Easterly right of way line of Hammerberg Road and the point of beginning of this description; thence South 21°35'20" East along the Easterly line of Hammerberg Road (recorded South 21°07'00" East) a distance of 1150.36 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81'; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence North 21°32'22" West along said Westerly line a distance of 394.56 feet to a point on the Southerly right of way line of Court Street; thence South 58°28'55" West along the Southerly right of way line of Court Street (recorded South 58°50'00" West) a distance of 430.63; thence North 89°53'35" West along the Southerly line of Court Street (recorded North 89°32'30" West) a distance of 827.56 feet; thence South 51°15'25" West along the Southerly right of way line of Miller Road (recorded South 51°36'30" West) a distance of 144.67 feet; thence on a curve to the left along the Southerly right of way line of Miller Road a distance of 318.36 feet, said curve having a central angle of 31°03'37", a radius of 587.27 feet a chord of 314.48 feet bearing South 35°43'40" West (recorded South 36°04'45" West); thence South 20°11'55" West along the Southerly right of way line of Miller Road a distance of 244.83 feet (recorded South 20°33'00" West 244.83 feet); thence on a curve to the right along the Southerly right of way line of Miller Road a distance of 459.42 feet, said curve having a central angle of 38°18'00", a radius of 687.27 feet, a chord of 450.91 feet bearing

South 39°20'55" West (recorded South 39°42'00" West); thence South 58°29'55" West a distance of 807.72 feet (recorded South 58°51'00" West) to the point of beginning of this description. Parcel contains 68.67 acres of land, more or less.

Happy Hollow Property Description:

A parcel of land located in Section 24, Town 7 North, Range 6 East, and partly in Sections 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of said Section 24; thence North 89°32'40" East along the South line of said Section 24 a distance of 1,684.47 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 4,172.06 feet to a point on the Northerly right of way line of Limited Access Highway I-69 at the intersection of the Easterly Right of Way line of Hammerberg Road and the point of beginning of this description; thence North 21°28'00" West along the Easterly line of Hammerberg Road a distance of 122.00 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81 feet; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50 feet; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence South 21°32'20" East along said Westerly line a distance of 206.27 feet to a point on the Northerly bank of Swartz Creek; said point being 10 feet from the water's edge and 35 feet Northerly of the centerline of said creek; thence on an intermediate traverse line along the water's edge of said Swartz Creek South 15°46'40" West a distance of 135.65 feet to a point 19 feet from the water's edge and 44 feet Westerly of the centerline of said creek; thence continuing on an intermediate traverse line South 49°04'20" East a distance of 114.55 feet to a point 9 feet from the water's edge and 34 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°03'00" East a distance of 102.31 feet to a point 20 feet from the water's edge and 45 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 12°03'20" East a distance of 182.96 feet to a point 7 feet from the water's edge and 32 feet from the centerline of said Swart Creek; thence continuing on an intermediate traverse line South 14°25'30" West a distance of 122.84 feet to a point 18 feet from the water's edge and 43 feet from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 57°01'55" West a distance of 39.82 feet to a point 19 feet from the water's edge and 44 feet Northerly from the

centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°10'20" West a distance of 63.88 feet to a point 15 feet from the water's edge and 40 feet Northerly from the centerline of said Swartz Creek and the end of the intermediate traverse line along the creek; thence South 21°12'45" East along the Westerly line of the Michigan Department of Transportation drainage right of way a distance of 560.00 feet to the Northerly right of way of Highway I-69; thence South 68°47'15" West along the Northerly right of way line of said highway I-69 a distance of 610.97 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 534.91 feet; thence South 21°28'05" East continuing along the Northerly right of way line of said highway I-69 a distance of 40.29 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 50.36 feet; thence North 21°28'05" West continuing along the Northerly right of way line of said highway I-69 a distance of 113.31 feet; thence South 68°31'55" West continuing along the Northerly right of way line of said highway I-69 a distance of 1539.58 feet to the point of beginning of this description; said parcel to include all land between the intermediate traverse line and the thread of the stream of the creek and is subject to the correlative rights of the other riparian owners and the public trust in these waters; said parcel containing more or less 41.244 acres to the intermediate traverse line.

ITEM 11

AFFIDAVIT OF JURISDICTIONAL TRANSFER OF LAND FROM THE MICHIGAN DEPARTMENT OF NATURAL RESOURCES TO THE MICHIGAN LAND BANK FAST TRACK AUTHORITY PURSUANT TO 2003 PA 258

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GRAND RAPIDS – Michigan Court of Appeals – Office Move
   File No. 071/11108.JRC - Index No. 41101
   Low Responsive Bidder: Owen-Ames-Kimball Company, Grand Rapids, $379,295.00

Purpose/Business Case
The purpose of this contract is to provide build-out of office space to allow the Michigan Court of Appeals to relocate from leased space into existing vacant space in the Grand Rapids State Office Building.
Benefit
The State will benefit by eliminating the cost of the lease.
Funding Source
100% Special Maintenance Funds
Commitment
The contract cost is fixed based on competitive bids.
Risk Assessment
Failure to approve this build-out will result in the Court of Appeals remaining in leased space while vacant space exists in the state owned building.
Zip Code
49525

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Center – Water System Improvements
   File No. 511/11137.RAN - Index No. 21000
   Low Responsive Bidder: Ripman Construction Company, Inc., St. Helen; $696,415.00

Purpose/Business Case
The purpose of this contract is to replace old and undersized water mains along Howe Road and Third Street and to construct a potable water booster pumping station at Camp Grayling.

Benefit

The State will benefit by providing the Camp Grayling Training facility with the necessary water distribution system improvements which are vital for proper training of the State's military personnel.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued inadequate water supply to support the training facilities.

Zip Code

49738

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, MASON - Americhem Corporation Facility Site - Performing Biostimulation Pilot Test
   File No. 761/10007.SAR - Index No. 44801
   That the contract for professional services with Environmental Consulting & Technology, Inc., Ann Arbor, be increased $249,846.31.

Purpose/Business Case

The purpose of this modification is to provide for the design and construction of the biostimulation feasibility pilot test system expansion including additional operation, maintenance and monitoring of the pilot test through April 2012. The test is being performed for the enhancement of naturally occurring dechlorination of the groundwater. The results of the test will be used to design a broad, diverse treatment process for the remediation of the site.

Benefit

The State will benefit by assessing the implementation of biostimulation technology to cleanup existing site contamination and protecting the environment.

Funding Source

100% Cleanup and Redevelopment Funds (CRF)

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in not having adequate information to determine the best method for remediating this site.

48854

CONTRACT CHANGE ORDERS

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lewis Cass Building – 1st & 2nd Floor Renovations
   File No. 071/06080.JRC - Index No. 44101
   HBC Contracting, Lansing; CCO No. 17, Incr. $10,559.05

Purpose/Business Case
The purpose of this change order is to remove and replace the existing interior handrails at the north building entrance. The existing handrails are in poor physical condition and do not meet the current Americans with Disabilities Act (ADA) requirements.
Benefit
The State will benefit by having a new handrail system installed that will be ADA compliant and will match the newly installed handrail systems at the east and west building entrances.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in having a handrail system that is not in compliance to ADA requirements and in poor condition creating potential safety concerns.
Zip Code
48933

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUSKEGON – Zephyr Naph Sol Refinery Site – Installation and Operation of Free Product Collection System
   File No. 761/98333.AGY - Index No. 44901
   Superior Environmental, Inc., Marne; CCO No. 20, Incr. $77,366.15

Purpose/Business Case
The purpose of this change order is to add to the funding of this project so that the existing contract can be extended three additional months to enable the newly bid contract to be put in place at the end of this three month extension. This change order shall provide additional static water level and free product measurements [Increase $38,400.00], shall provide testing and certification of the system operation as required by the NPDES permit [Increase $9,697.80], shall provide one granulated activated carbon changeout [Increase $12,358.75], shall provide 40 events of backwashing all vessels of the activated carbon system [Increase $8,009.60], and shall provide 40 events of replacing bag filter elements [Increase $8,900.00],. This change order will extend the project from March 31, 2011 to June 30, 2011, a total of 91 days.
Benefit
The State will benefit by having the remediation system operated during this interim period, protecting the environment and the public.
Funding Source
100% Environmental Protection Bond
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in exacerbation of the existing contamination endangering the environment and in violation of the regulations.

Zip Code

49444

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BALDWIN – Wash King Laundry Site – O &M Groundwater and Soil Vapor Extraction Treatment System
   File No. 761/06037.RRD - Index No. 44081
   Lakeshore Environmental, Inc., Grand Haven, CCO No. 8, Incr. $246,000.00

Purpose/Business Case

The purpose of this change order is to extend the contract completion date by one year to provide additional operation and maintenance (O&M) services of the groundwater treatment and soil vapor extraction (SVE) systems and remedial action optimization as required by the United States Environmental Protection Agency (USEPA).

Benefit

The State will benefit by improving the effectiveness of the recovery system in abating the environmental hazards.

Funding Source

90% Federal-Environmental Protection Funds
10% State-Environmental Protection Bonds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in shutting down the remediation system prior to remediation being completed.

Zip Code

49304

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, MASON – Americhem – Free Product Recovery and Soil Vapor Extraction System Installation
   File No. 761/07139.RRD - Index No. 44801
   Job Site Services, Inc., Bay City; CCO No. 10, Incr. $167,068.00

Purpose/Business Case

The purpose of this change order is to extend the contract completion date by one year to provide additional operation and maintenance (O&M) services, increase the number of sampling events of the exhaust from the scrubber, increase the number of sampling events of the wastewater discharge from the scrubber, increase the number of events whereby bulk and drummed recovered free product will be loaded, transported, and disposed at a recycling facility, increase the amount of water softener salt to be delivered, increase the number of alarm response visits, increase the provisional

allowance by $10,000.00, increase the cash allowance by $54,000.00, obtain additional bonds and insurance required by contract, This change order will extend the project from July 7, 2011 to July 7, 2012, a total of 366 days.

Benefit

The State will benefit by the removal of contamination from the site.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the system being shut down prior to full remediation of the site.

48854

LEASE FOR STATE OWNED PROPERTY

8. DEPARTMENT OF STATE POLICE – New Lease #11544 effective January 1, 2001, through December 31, 2021, with The Mackinac County Road Commission, a governmental unit, 706 North State Street, Saint Ignace, Michigan 49781, as Lessee, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State Police as Lessor, for 3,500 square feet of office space located at 706 North State Street, Saint Ignace, Michigan 49781. The annual rental rate for this Lease is One and 00/100 Dollar ($1.00 per year). This Lease contains a standard cancellation clause with ninety (90) days advance notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:

This Lease eliminates a longstanding tenant-at-will scenario by providing a modern lease agreement.

Benefit:

This Lease allows the State to assign all facility maintenance and repair costs for the leased premises to the Lessee for the next ten years.

Funding Source:

Income to the State

Commitment Level:

Ten years; however, this Lease contains a standard cancellation clause with ninety (90) days advance notice.

Risk Assessment:

Non-approval of this lease will hinder the Department from replacing the current tenant-at-will scenario with a modern Lease. Without a lease in place, the occupant could relocate - leaving the state with sudden maintenance and repair responsibilities for the leased premises.

49781

RECOMMENDATION TO GRANT EASEMENT

9. THE DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET (DTMB), recommends the grant of a utility easement to The Detroit Edison Company, a Michigan corporation, located at One Energy Plaza, Detroit, Michigan 48226, over lands commonly known as the Hawthorn Center, for consideration of $1.00. The Department of the Attorney General has approved the easement agreement as to legal form.

Legislative Background:

1984 PA 431, as amended, authorizes the State Administrative Board to grant easements. The Detroit Edison Company (DTE Energy) utility easement is described as follows:

> Pole Line Easement: A 12 foot wide pole line easement in part of the Northeast ¼ of Section 12, Town 1 South, Range 8 East, Northville Township, Wayne County, Michigan. Described by its centerline as: Commencing at the East ¼ corner of said Section 12, thence South 86°48'28" West 60.09 feet along the East-West ¼ line of said Section 12 to the West line of Haggerty Road (120 feet wide), thence along said West line of Haggerty Road (120 feet wide), North 0°00'12" East 56.19 feet to the Point of Beginning; thence South 87°03'44" West 143.24 feet to a point here after known as Point "A" and the Point of Ending.
> Anchor Slot Easement: A 12 foot anchor slot easement described by its centerline as: Beginning at the above mentioned Point "A"; thence South 87°03'44" West 35.00 feet to the Point of Ending.

Purpose/Business Case

The proposed easement is approximately 12 feet wide and 178 feet long located along the southern boundary of the Hawthorn Center commencing at Haggerty Road. It will allow DTE Energy a right-of-way to the existing electrical poles, which solely services the Hawthorn Center.

Benefit

The approval of this recommendation will allow DTE Energy access to their existing electrical poles for maintenance, repair, upgrades etc.

Funding Source/Commitment Level

N/A

Risk Assessment

Failure to approve this easement would hinder DTE Energy from maintaining and upgrading the electrical lines servicing the Hawthorn Center.

CONVEYANCE OF SURPLUS STATE REAL PROPERTY

10. THE DEPARTMENTS OF TECHNOLOGY, MANAGEMENT & BUDGET (DTMB) AND EDUCATION (MDE), recommend the conveyance of surplus state real property commonly known as the School for the Deaf and described below, located in City of Flint, County of Genesee, Michigan (the "Property") to Lurvey

White Ventures 1, LLC (Purchaser) for consideration of One Million, Three Hundred Thousand Dollars ($1,300,000.00). The Purchaser will also reimburse the State for requested costs necessary to prepare the property for conveyance. The Office of the Attorney General has approved the quitclaim deed as to legal form.

Legislative Background:

2010 Public Act 374 (the "Act") authorizes the State Administrative Board to convey the following property, located in the City of Flint, County of Genesee, Michigan, containing 109.9 acres, more or less, and more particularly described as follows:

Flint School for the Deaf - Main Campus:

A parcel of land located in Sections 8 and 9 of Indian Reservation of 11 Sections at The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of Section 24, Town 7 North, Range 6 East, City of Flint, Genesee County, Michigan; thence North 89°32'40" East along the South line of said Section 24 a distance of 946.72 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 5,249.20 feet to the Northeast corner of The Plat of Woodcroft No. 1 as recorded in Liber 8, Pages 34-36 of Genesee County Records; thence South 21°28'40" East (recorded South 20°37'00" East) along the Easterly line of said Woodcroft No. 1 a distance of 50.78 feet to the Southerly right of way line of Miller Road; thence North 58°29'55" East along the Southerly right of way line of Miller Road (recorded as North 58°51'00" East) a distance of 304.66 feet to the Easterly right of way line of Hammerberg Road and the point of beginning of this description; thence South 21°35'20" East along the Easterly line of Hammerberg Road (recorded South 21°07'00" East) a distance of 1150.36 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81'; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North

03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence North 21°32'22" West along said Westerly line a distance of 394.56 feet to a point on the Southerly right of way line of Court Street; thence South 58°28'55" West along the Southerly right of way line of Court Street (recorded South 58°50'00" West) a distance of 430.63; thence North 89°53'35" West along the Southerly line of Court Street (recorded North 89°32'30" West) a distance of 827.56 feet; thence South 51°15'25" West along the Southerly right of way line of Miller Road (recorded South 51°36'30" West) a distance of 144.67 feet; thence on a curve to the left along the Southerly right of way line of Miller Road a distance of 318.36 feet, said curve having a central angle of 31°03'37", a radius of 587.27 feet a chord of 314.48 feet bearing South 35°43'40" West (recorded South 36°04'45" West); thence South 20°11'55" West along the Southerly right of way line of Miller Road a distance of 244.83 feet (recorded South 20°33'00" West 244.83 feet); thence on a curve to the right along the Southerly right of way line of Miller Road a distance of 459.42 feet, said curve having a central angle of 38°18'00", a radius of 687.27 feet, a chord of 450.91 feet bearing South 39°20'55" West (recorded South 39°42'00" West); thence South 58°29'55" West a distance of 807.72 feet (recorded South 58°51'00" West) to the point of beginning of this description. Parcel contains 68.67 acres of land, more or less.

Happy Hollow Property:

A parcel of land located in Section 24, Town 7 North, Range 6 East, and partly in Sections 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of said Section 24; thence North 89°32'40" East along the South line of said Section 24 a distance of 1,684.47 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 4,172.06 feet to a point on the Northerly right of way line of Limited Access Highway I-69 at the intersection of the Easterly Right of Way line of Hammerberg Road and the point of beginning of this description; thence North 21°28'00" West along the Easterly line of Hammerberg Road a distance of 122.00 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81 feet; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50 feet; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a

distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence South 21°32'20" East along said Westerly line a distance of 206.27 feet to a point on the Northerly bank of Swartz Creek; said point being 10 feet from the water's edge and 35 feet Northerly of the centerline of said creek; thence on an intermediate traverse line along the water's edge of said Swartz Creek South 15°46'40" West a distance of 135.65 feet to a point 19 feet from the water's edge and 44 feet Westerly of the centerline of said creek; thence continuing on an intermediate traverse line South 49°04'20" East a distance of 114.55 feet to a point 9 feet from the water's edge and 34 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°03'00" East a distance of 102.31 feet to a point 20 feet from the water's edge and 45 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 12°03'20" East a distance of 182.96 feet to a point 7 feet from the water's edge and 32 feet from the centerline of said Swart Creek; thence continuing on an intermediate traverse line South 14°25'30" West a distance of 122.84 feet to a point 18 feet from the water's edge and 43 feet from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 57°01'55" West a distance of 39.82 feet to a point 19 feet from the water's edge and 44 feet Northerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°10'20" West a distance of 63.88 feet to a point 15 feet from the water's edge and 40 feet Northerly from the centerline of said Swartz Creek and the end of the intermediate traverse line along the creek; thence South 21°12'45" East along the Westerly line of

the Michigan Department of Transportation drainage right of way a distance of 560.00 feet to the Northerly right of way of Highway I-69; thence South 68°47'15" West along the Northerly right of way line of said highway I-69 a distance of 610.97 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 534.91 feet; thence South 21°28'05" East continuing along the Northerly right of way line of said highway I-69 a distance of 40.29 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 50.36 feet; thence North 21°28'05" West continuing along the Northerly right of way line of said highway I-69 a distance of 113.31 feet; thence South 68°31'55" West continuing along the Northerly right of way line of said highway I-69 a distance of 1539.58 feet to the point of beginning of this description; said parcel to include all land between the intermediate traverse line and the thread of the stream of the creek and is subject to the correlative rights of the other riparian owners and the public trust in these waters; said parcel containing more or less 41.244 acres to the intermediate traverse line.

The property description is approximate and is subject to adjustment as the State Administrative Board or Attorney General considers necessary by survey or other legal description.

Sale of the Property includes all surplus, salvage and scrap located on the Property and within the buildings, except for items expressly identified in the superintendent's house by the Department of Natural Resources, Michigan Historical Center.

Section 6 of the Act requires that the Property be first offered to Lurvey White Ventures 1, LLC and is contingent upon them entering into lease number 11530 with the state, providing a new and renovated school for the deaf, on approximately 17.5 acres of the property. The state shall not reserve oil, gas, or mineral rights to the Property; however, if the purchaser or any grantee or any successor develops any oil, gas, or minerals, they shall pay the state 50% of the gross revenue generated from the development.

The net revenue received from the sale of the Property must be used first to retire any outstanding debt financed by the State Building Authority for the residential facility on the property and reimburse any money that was financed by the State Building Authority for special maintenance projects on the site. Any funds remaining shall be deposited to the General Fund.

Purpose/Business Case

The conveyance satisfies the criteria set forth in 2010 Public Act 374. That Act authorizes the conveyance of property commonly known as the School for the Deaf located at 1667 Miller Road, Flint, Michigan. The property contains approximately 15 buildings on a 109.9 +/- acre parcel.

Benefit

This conveyance allows the State to end its ownership obligation for property and buildings in serious disrepair and exhibiting functional obsolescence, while entering into a lease (#11530) for an updated school facility for deaf students on a portion of the same property.

Risk Assessment
Failure to approve this sale would preclude the opportunity for the State to end its ownership obligation for the subject surplus property and enter into the lease for a new and renovated school for the deaf.

Zip Code
48503

JURISDICTIONAL AFFIDAVIT

11. DEPARTMENT OF NATURAL RESOURCES – That the following property be transferred, under authority of Section 20 of the Land Bank Fast Track Act, Act 258 of the Public Acts of 2003, MCL 124.770, to the MICHIGAN LAND BANK FAST TRACK AUTHORITY, a Michigan public body corporate and politic, Grantee, whose address is Michigan Land Bank Fast Track Authority, 7150 Harris Drive, Lansing, Michigan 48909. Further, the transfer shall be by jurisdictional affidavit.

The transferred land is located in Oakland County, City of Pontiac, Michigan and the description is on file with the State Administrative Board.

ITEM 9

EASEMENT IN GROSS

THIS GRANT is made on _____, 2011, between the STATE OF MICHIGAN, by its Department of Technology, Management and Budget, whose address is 320 South Walnut Street, Lansing, Michigan 48933 (Grantor), to The Detroit Edison Company, a Michigan corporation, whose address is One Energy Plaza, Detroit, MI 48226 (Grantee).

Grantor, acting by authority of MCL 18.1221(5) and the approval of the State Administrative Board, in consideration of One Dollar and No Cents ($1.00) and other valuable consideration, grants to Grantee a non-exclusive easement for the purpose of a right-of-way to construct, reconstruct, modify, add to, repair, replace, inspect, operate and maintain overhead utility facilities consisting of poles, guys, anchors, wires, transformers and accessories solely servicing the Department of Community Health, Hawthorn Center (Easement) on land (Land) that is under the jurisdiction of the Department of Community Health, located in Northville Township, Wayne County, Michigan.

The Easement is described as follows:

Pole Line Easement: A 12 foot wide pole line easement in part of the Northeast ¼ of Section 12, Town 1 South, Range 8 East, Northville Township, Wayne County, Michigan. Described by its centerline as: Commencing at the East ¼ corner of said Section 12, thence South 86°48'28" West 60.09 feet along the East-West ¼ line of said Section 12 to the West line of Haggerty Road (120 feet wide), thence along said West line of Haggerty Road (120 feet wide), North 0°00'12" East 56.19 feet to the Point of Beginning; thence South 87°03'44" West 143.24 feet to a point here after known as Point "A" and the Point of Ending.

Anchor Slot Easement: A 12 foot anchor slot easement described by its centerline as: Beginning at the above mentioned Point "A"; thence South 87°03'44" West 35.00 feet to the Point of Ending.

The Easement is granted subject to the following terms and conditions, which Grantee agrees to comply with:

1. Grantee must notify the Director of the Design and Construction Division, Facilities Administration, Department of Technology, Management and Budget, 530 West Allegan Street, Lansing, MI 48933 before commencing any construction, alteration, maintenance, or entry upon the Easement, and provide copies of engineering or architectural drawings to the Design and Construction Division before and after the completion of construction or alteration.

2. Grantor reserves the right to relocate the Easement at its sole expense unless relocation would interfere with the purpose of the Easement.

3. Grantee must obtain the prior written approval of Grantor to relocate the Easement. If there is no legal description, Grantee must obtain the prior written approval of Grantor to relocate the Easement from the location where Grantee initially located it. Grantee agrees that any relocation approved by Grantor must be completed at Grantee's sole expense.

4. Grantee accepts the Easement subject to all existing easements, permits, licenses, leases and other rights.

5. Grantee must maintain the Easement and its appurtenances in good repair, take reasonable precautions to prevent any damage to Grantor's property arising from Grantee's use of, or access to, the Easement, and must repair, replace, or fully compensate Grantor for any damages to Grantor's property, wherever situated, arising from the use of, or access to, the Easement by Grantee or its employees, agents, and contractors.

6. Following construction, maintenance or other operations on the Easement, Grantee must promptly and completely restore the landscaping over and adjacent to the Easement.

7. Grantee, at its sole expense and at no expense to Grantor, must modify the Easement as necessary in order for the Easement to comply with all laws, ordinances, and regulations.

8. Grantor may use the Land in any manner that Grantor sees fit, provided Grantor's use and enjoyment does not unreasonably interfere with the permitted purposes of the Easement.

9. The rights granted are not exclusive, and Grantor may grant other rights and easements in the Land, provided that such other rights and easements do not unreasonably interfere with the permitted purposes of the Easement.

10. Grantee agrees to indemnify and hold Grantor, its departments, agencies, boards, commissions, officers, agents and employees harmless from all claims, demands, actions, or liability for property damage, personal injury, or death sustained by any person arising in any manner out of Grantee's use of the Easement or from any act or omission of Grantee in exercising its rights under this grant.

11. If the Grantee discontinues using the Easement for the purpose described on Page 1 for one (1) year, the Easement terminates. Upon request of Grantor, Grantee must execute and deliver to Grantor or its successor, a release of the Easement in recordable form. Furthermore, Grantee, at its sole expense, must promptly remove all property, facilities, and equipment, from

the former easement in a good and workmanlike manner and promptly and fully restore Grantor's property as nearly as possible to the condition at the time of the grant. Property, facilities and equipment includes, but is not limited to, roads, pipelines, transmission lines, poles, buildings, towers and any other structures put in place by Grantee in connection with the Easement. Grantor, at its sole option, may keep any improvements made by Grantee in connection with the grant at no cost to Grantor.

12. The Easement is governed by and will be construed in accordance with the laws of the State of Michigan.

13. Grantee must record the Easement with the Register of Deeds and provide Grantor with a copy of the Easement after recording it.

ITEM 10

QUITCLAIM DEED

The State of Michigan, by the State Administrative Board, Grantor, whose address is Department of Technology, Management and Budget, P.O. Box 30026, Lansing, Michigan 48909, by authority of MCL 18.1101 et seq. and 2010 PA 374 and by the approval of the State Administrative Board on _____, 2011, for One Million Three Hundred Thousand and No/100 Dollars ($1,300,000.00), paid by **Lurvey White Ventures 1, LLC**, Grantee, a Michigan limited liability company, whose address is 503 South Saginaw Street, Flint, Michigan 48502-1851, quitclaims to Grantee the following described real property (Property) in the City of Flint, County of Genessee, State of Michigan:

See Attachment A for Legal Description

subject to all easements, encumbrances, and restrictions of record, if any.

The Property shall be used exclusively for education or education-related purposes. In the event the Property is not used exclusively for education or education-related purposes by Grantee or any other person or entity in possession of the Property or any portion thereof, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

The Property shall be developed according to specifications and drawings approved by the Michigan School for the Deaf (School for the Deaf) and the Michigan Department of Technology, Management and Budget (DTMB) no later than December 22, 2011. If by December 22, 2011 Grantee fails to submit: 1) specifications and drawings acceptable to the School for the Deaf and DTMB; and 2) proof to DTMB of Grantee's financial ability to complete the approved development of the Property, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

The Property shall be developed according to the specifications and drawings approved by the School for the Deaf and DTMB no later than December 22, 2013. If by December 22, 2013 the development is not completed, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

If Grantor reenters and repossesses the Property, Grantor shall not be liable to reimburse any party for any improvements on the Property.

If Grantee or any successor disputes Grantor's exercise of its right of reentry and fails to promptly deliver title and possession of the property to Grantor, the Attorney General, on behalf of Grantor, may bring an action to quite title to, and regain possession of, the Property.

Grantor reserves to the State of Michigan an undivided fifty percent interest (50%) in and to all royalties payable to the Grantee, or any successor or assignee, including any lessee, under every oil and gas lease, mineral lease, or any other agreement authorizing the removal or extraction of any oil, gas, coal, or other minerals or mineral products, including both metallic and nonmetallic minerals, from the Property. The Grantee, successors, assignees, or lessees shall remit payment of the State of Michigan's fifty percent (50%) interest in royalties by a check payable to: "State of Michigan" and sent to the Director of the Real Estate Division, Department of Technology, Management & Budget, P.O. Box 30026, Lansing, Michigan 48909. The State of Michigan has the right to audit all relevant records of any grantee, successor, assignee, or lessee to determine compliance with this reservation.

Grantor reserves to the State of Michigan all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines, or other relics lying on, within, or under the Property with power to the State of Michigan and all others acting under its authority to enter the Property for any purpose related to exploring, excavating, and taking away the aboriginal antiquities.

The Property may be located within the vicinity of farm land or a farm operation. Generally accepted agricultural and management practices which may generate noise, dust, odors, and other associated conditions may be used and are protected by the Michigan Right To Farm Act, MCL 286.471 et seq.

The terms of this conveyance apply to the administrators, successors, and assigns of the parties.

thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence North 21°32'22" West along said Westerly line a distance of 394.56 feet to a point on the Southerly right of way line of Court Street; thence South 58°28'55" West along the Southerly right of way line of Court Street (recorded South 58°50'00" West) a distance of 430.63; thence North 89°53'35" West along the Southerly line of Court Street (recorded North 89°32'30" West) a distance of 827.56 feet; thence South 51°15'25" West along the Southerly right of way line of Miller Road (recorded South 51°36'30" West) a distance of 144.67 feet; thence on a curve to the left along the Southerly right of way line of Miller Road a distance of 318.36 feet, said curve having a central angle of 31°03'37", a radius of 587.27 feet a chord of 314.48 feet bearing South 35°43'40" West (recorded South 36°04'45" West); thence South 20°11'55" West along the Southerly right of way line of Miller Road a distance of 244.83 feet (recorded South 20°33'00" West 244.83 feet); thence on a curve to the right along the Southerly right of way line of Miller Road a distance of 459.42 feet, said curve having a central angle of 38°18'00", a radius of 687.27 feet, a chord of 450.91 feet bearing

South 39°20'55" West (recorded South 39°42'00" West); thence South 58°29'55" West a distance of 807.72 feet (recorded South 58°51'00" West) to the point of beginning of this description. Parcel contains 68.67 acres of land, more or less.

Happy Hollow Property Description:

A parcel of land located in Section 24, Town 7 North, Range 6 East, and partly in Sections 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of said Section 24; thence North 89°32'40" East along the South line of said Section 24 a distance of 1,684.47 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 4,172.06 feet to a point on the Northerly right of way line of Limited Access Highway I-69 at the intersection of the Easterly Right of Way line of Hammerberg Road and the point of beginning of this description; thence North 21°28'00" West along the Easterly line of Hammerberg Road a distance of 122.00 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81 feet; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50 feet; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

May 10, 2011 / May 17, 2011
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GRAND RAPIDS – Michigan Court of Appeals – Office Move
   File No. 071/11108.JRC - Index No. 41101
   Low Responsive Bidder: Owen-Ames-Kimball Company, Grand Rapids, $379,295.00

Purpose/Business Case
The purpose of this contract is to provide build-out of office space to allow the Michigan Court of Appeals to relocate from leased space into existing vacant space in the Grand Rapids State Office Building.
Benefit
The State will benefit by eliminating the cost of the lease.
Funding Source
100% Special Maintenance Funds
Commitment
The contract cost is fixed based on competitive bids.
Risk Assessment
Failure to approve this build-out will result in the Court of Appeals remaining in leased space while vacant space exists in the state owned building.
Zip Code
49525

2. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAYLING – Camp Grayling Annual Training Center – Water System Improvements
   File No. 511/11137.RAN - Index No. 21000
   Low Responsive Bidder: Ripman Construction Company, Inc., St. Helen; $696,415.00

Purpose/Business Case
The purpose of this contract is to replace old and undersized water mains along Howe Road and Third Street and to construct a potable water booster pumping station at Camp Grayling.

Benefit

The State will benefit by providing the Camp Grayling Training facility with the necessary water distribution system improvements which are vital for proper training of the State's military personnel.

Funding Source

100% Federal Funds

Commitment

The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this contract will result in continued inadequate water supply to support the training facilities.

Zip Code

49738

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, MASON - Americhem Corporation Facility Site - Performing Biostimulation Pilot Test
   File No. 761/10007.SAR - Index No. 44801
   That the contract for professional services with Environmental Consulting & Technology, Inc., Ann Arbor, be increased $249,846.31.

Purpose/Business Case

The purpose of this modification is to provide for the design and construction of the biostimulation feasibility pilot test system expansion including additional operation, maintenance and monitoring of the pilot test through April 2012. The test is being performed for the enhancement of naturally occurring dechlorination of the groundwater. The results of the test will be used to design a broad, diverse treatment process for the remediation of the site.

Benefit

The State will benefit by assessing the implementation of biostimulation technology to cleanup existing site contamination and protecting the environment.

Funding Source

100% Cleanup and Redevelopment Funds (CRF)

Commitment

The professional services contract modification will be paid on a billing rate basis plus reimbursables. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this modification could result in not having adequate information to determine the best method for remediating this site.

Zip Code

48854

CONTRACT CHANGE ORDERS

4. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lewis Cass Building – 1st & 2nd Floor Renovations
   File No. 071/06080.JRC - Index No. 44101
   HBC Contracting, Lansing; CCO No. 17, Incr. $10,559.05

Purpose/Business Case
The purpose of this change order is to remove and replace the existing interior handrails at the north building entrance. The existing handrails are in poor physical condition and do not meet the current Americans with Disabilities Act (ADA) requirements.
Benefit
The State will benefit by having a new handrail system installed that will be ADA compliant and will match the newly installed handrail systems at the east and west building entrances.
Funding Source
100% Agency Operating Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in having a handrail system that is not in compliance to ADA requirements and in poor condition creating potential safety concerns.
Zip Code
48933

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUSKEGON – Zephyr Naph Sol Refinery Site – Installation and Operation of Free Product Collection System
   File No. 761/98333.AGY - Index No. 44901
   Superior Environmental, Inc., Marne; CCO No. 20, Incr. $77,366.15

Purpose/Business Case
The purpose of this change order is to add to the funding of this project so that the existing contract can be extended three additional months to enable the newly bid contract to be put in place at the end of this three month extension. This change order shall provide additional static water level and free product measurements [Increase $38,400.00], shall provide testing and certification of the system operation as required by the NPDES permit [Increase $9,697.80], shall provide one granulated activated carbon changeout [Increase $12,358.75], shall provide 40 events of backwashing all vessels of the activated carbon system [Increase $8,009.60], and shall provide 40 events of replacing bag filter elements [Increase $8,900.00],. This change order will extend the project from March 31, 2011 to June 30, 2011, a total of 91 days.
Benefit
The State will benefit by having the remediation system operated during this interim period, protecting the environment and the public.
Funding Source
100% Environmental Protection Bond
Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in exacerbation of the existing contamination endangering the environment and in violation of the regulations.

Zip Code

49444

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, BALDWIN – Wash King Laundry Site – O &M Groundwater and Soil Vapor Extraction Treatment System
   File No. 761/06037.RRD - Index No. 44081
   Lakeshore Environmental, Inc., Grand Haven, CCO No. 8, Incr. $246,000.00

Purpose/Business Case

The purpose of this change order is to extend the contract completion date by one year to provide additional operation and maintenance (O&M) services of the groundwater treatment and soil vapor extraction (SVE) systems and remedial action optimization as required by the United States Environmental Protection Agency (USEPA).

Benefit

The State will benefit by improving the effectiveness of the recovery system in abating the environmental hazards.

Funding Source

90% Federal-Environmental Protection Funds
10% State-Environmental Protection Bonds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order may result in shutting down the remediation system prior to remediation being completed.

Zip Code

49304

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, MASON – Americhem – Free Product Recovery and Soil Vapor Extraction System Installation
   File No. 761/07139.RRD - Index No. 44801
   Job Site Services, Inc., Bay City; CCO No. 10, Incr. $167,068.00

Purpose/Business Case

The purpose of this change order is to extend the contract completion date by one year to provide additional operation and maintenance (O&M) services, increase the number of sampling events of the exhaust from the scrubber, increase the number of sampling events of the wastewater discharge from the scrubber, increase the number of events whereby bulk and drummed recovered free product will be loaded, transported, and disposed at a recycling facility, increase the amount of water softener salt to be delivered, increase the number of alarm response visits, increase the provisional

allowance by $10,000.00, increase the cash allowance by $54,000.00, obtain additional bonds and insurance required by contract, This change order will extend the project from July 7, 2011 to July 7, 2012, a total of 366 days.

Benefit

The State will benefit by the removal of contamination from the site.

Funding Source

100% Refined Petroleum Funds

Commitment

The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment

Failure to approve this change order will result in the system being shut down prior to full remediation of the site.

48854

LEASE FOR STATE OWNED PROPERTY

8. DEPARTMENT OF STATE POLICE – New Lease #11544 effective January 1, 2001, through December 31, 2021, with The Mackinac County Road Commission, a governmental unit, 706 North State Street, Saint Ignace, Michigan 49781, as Lessee, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State Police as Lessor, for 3,500 square feet of office space located at 706 North State Street, Saint Ignace, Michigan 49781. The annual rental rate for this Lease is One and 00/100 Dollar ($1.00 per year). This Lease contains a standard cancellation clause with ninety (90) days advance notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:

This Lease eliminates a longstanding tenant-at-will scenario by providing a modern lease agreement.

Benefit:

This Lease allows the State to assign all facility maintenance and repair costs for the leased premises to the Lessee for the next ten years.

Funding Source:

Income to the State

Commitment Level:

Ten years; however, this Lease contains a standard cancellation clause with ninety (90) days advance notice.

Risk Assessment:

Non-approval of this lease will hinder the Department from replacing the current tenant-at-will scenario with a modern Lease. Without a lease in place, the occupant could relocate - leaving the state with sudden maintenance and repair responsibilities for the leased premises.

49781

RECOMMENDATION TO GRANT EASEMENT

9. THE DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET (DTMB), recommends the grant of a utility easement to The Detroit Edison Company, a Michigan corporation, located at One Energy Plaza, Detroit, Michigan 48226, over lands commonly known as the Hawthorn Center, for consideration of $1.00. The Department of the Attorney General has approved the easement agreement as to legal form.

Legislative Background:

1984 PA 431, as amended, authorizes the State Administrative Board to grant easements. The Detroit Edison Company (DTE Energy) utility easement is described as follows:

> Pole Line Easement: A 12 foot wide pole line easement in part of the Northeast ¼ of Section 12, Town 1 South, Range 8 East, Northville Township, Wayne County, Michigan. Described by its centerline as: Commencing at the East ¼ corner of said Section 12, thence South 86°48'28" West 60.09 feet along the East-West ¼ line of said Section 12 to the West line of Haggerty Road (120 feet wide), thence along said West line of Haggerty Road (120 feet wide), North 0°00'12" East 56.19 feet to the Point of Beginning; thence South 87°03'44" West 143.24 feet to a point here after known as Point "A" and the Point of Ending.
> Anchor Slot Easement: A 12 foot anchor slot easement described by its centerline as: Beginning at the above mentioned Point "A"; thence South 87°03'44" West 35.00 feet to the Point of Ending.

Purpose/Business Case

The proposed easement is approximately 12 feet wide and 178 feet long located along the southern boundary of the Hawthorn Center commencing at Haggerty Road. It will allow DTE Energy a right-of-way to the existing electrical poles, which solely services the Hawthorn Center.

Benefit

The approval of this recommendation will allow DTE Energy access to their existing electrical poles for maintenance, repair, upgrades etc.

Funding Source/Commitment Level

N/A

Risk Assessment

Failure to approve this easement would hinder DTE Energy from maintaining and upgrading the electrical lines servicing the Hawthorn Center.

Zip Code

48167

CONVEYANCE OF SURPLUS STATE REAL PROPERTY

10. THE DEPARTMENTS OF TECHNOLOGY, MANAGEMENT & BUDGET (DTMB) AND EDUCATION (MDE), recommend the conveyance of surplus state real property commonly known as the School for the Deaf and described below, located in City of Flint, County of Genesee, Michigan (the "Property") to Lurvey

White Ventures 1, LLC (Purchaser) for consideration of One Million, Three Hundred Thousand Dollars ($1,300,000.00). The Purchaser will also reimburse the State for requested costs necessary to prepare the property for conveyance. The Office of the Attorney General has approved the quitclaim deed as to legal form.

Legislative Background:

2010 Public Act 374 (the "Act") authorizes the State Administrative Board to convey the following property, located in the City of Flint, County of Genesee, Michigan, containing 109.9 acres, more or less, and more particularly described as follows:

Flint School for the Deaf - Main Campus:

A parcel of land located in Sections 8 and 9 of Indian Reservation of 11 Sections at The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of Section 24, Town 7 North, Range 6 East, City of Flint, Genesee County, Michigan; thence North 89°32'40" East along the South line of said Section 24 a distance of 946.72 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 5,249.20 feet to the Northeast corner of The Plat of Woodcroft No. 1 as recorded in Liber 8, Pages 34-36 of Genesee County Records; thence South 21°28'40" East (recorded South 20°37'00" East) along the Easterly line of said Woodcroft No. 1 a distance of 50.78 feet to the Southerly right of way line of Miller Road; thence North 58°29'55" East along the Southerly right of way line of Miller Road (recorded as North 58°51'00" East) a distance of 304.66 feet to the Easterly right of way line of Hammerberg Road and the point of beginning of this description; thence South 21°35'20" East along the Easterly line of Hammerberg Road (recorded South 21°07'00" East) a distance of 1150.36 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81'; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North

03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence North 21°32'22" West along said Westerly line a distance of 394.56 feet to a point on the Southerly right of way line of Court Street; thence South 58°28'55" West along the Southerly right of way line of Court Street (recorded South 58°50'00" West) a distance of 430.63; thence North 89°53'35" West along the Southerly line of Court Street (recorded North 89°32'30" West) a distance of 827.56 feet; thence South 51°15'25" West along the Southerly right of way line of Miller Road (recorded South 51°36'30" West) a distance of 144.67 feet; thence on a curve to the left along the Southerly right of way line of Miller Road a distance of 318.36 feet, said curve having a central angle of 31°03'37", a radius of 587.27 feet a chord of 314.48 feet bearing South 35°43'40" West (recorded South 36°04'45" West); thence South 20°11'55" West along the Southerly right of way line of Miller Road a distance of 244.83 feet (recorded South 20°33'00" West 244.83 feet); thence on a curve to the right along the Southerly right of way line of Miller Road a distance of 459.42 feet, said curve having a central angle of 38°18'00", a radius of 687.27 feet, a chord of 450.91 feet bearing South 39°20'55" West (recorded South 39°42'00" West); thence South 58°29'55" West a distance of 807.72 feet (recorded South 58°51'00" West) to the point of beginning of this description. Parcel contains 68.67 acres of land, more or less.

Happy Hollow Property:

A parcel of land located in Section 24, Town 7 North, Range 6 East, and partly in Sections 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of said Section 24; thence North 89°32'40" East along the South line of said Section 24 a distance of 1,684.47 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 4,172.06 feet to a point on the Northerly right of way line of Limited Access Highway I-69 at the intersection of the Easterly Right of Way line of Hammerberg Road and the point of beginning of this description; thence North 21°28'00" West along the Easterly line of Hammerberg Road a distance of 122.00 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81 feet; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50 feet; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a

distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence South 21°32'20" East along said Westerly line a distance of 206.27 feet to a point on the Northerly bank of Swartz Creek; said point being 10 feet from the water's edge and 35 feet Northerly of the centerline of said creek; thence on an intermediate traverse line along the water's edge of said Swartz Creek South 15°46'40" West a distance of 135.65 feet to a point 19 feet from the water's edge and 44 feet Westerly of the centerline of said creek; thence continuing on an intermediate traverse line South 49°04'20" East a distance of 114.55 feet to a point 9 feet from the water's edge and 34 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°03'00" East a distance of 102.31 feet to a point 20 feet from the water's edge and 45 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 12°03'20" East a distance of 182.96 feet to a point 7 feet from the water's edge and 32 feet from the centerline of said Swart Creek; thence continuing on an intermediate traverse line South 14°25'30" West a distance of 122.84 feet to a point 18 feet from the water's edge and 43 feet from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 57°01'55" West a distance of 39.82 feet to a point 19 feet from the water's edge and 44 feet Northerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°10'20" West a distance of 63.88 feet to a point 15 feet from the water's edge and 40 feet Northerly from the centerline of said Swartz Creek and the end of the intermediate traverse line along the creek; thence South 21°12'45" East along the Westerly line of

the Michigan Department of Transportation drainage right of way a distance of 560.00 feet to the Northerly right of way of Highway I-69; thence South 68°47'15" West along the Northerly right of way line of said highway I-69 a distance of 610.97 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 534.91 feet; thence South 21°28'05" East continuing along the Northerly right of way line of said highway I-69 a distance of 40.29 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 50.36 feet; thence North 21°28'05" West continuing along the Northerly right of way line of said highway I-69 a distance of 113.31 feet; thence South 68°31'55" West continuing along the Northerly right of way line of said highway I-69 a distance of 1539.58 feet to the point of beginning of this description; said parcel to include all land between the intermediate traverse line and the thread of the stream of the creek and is subject to the correlative rights of the other riparian owners and the public trust in these waters; said parcel containing more or less 41.244 acres to the intermediate traverse line.

The property description is approximate and is subject to adjustment as the State Administrative Board or Attorney General considers necessary by survey or other legal description.

Sale of the Property includes all surplus, salvage and scrap located on the Property and within the buildings, except for items expressly identified in the superintendent's house by the Department of Natural Resources, Michigan Historical Center.

Section 6 of the Act requires that the Property be first offered to Lurvey White Ventures 1, LLC and is contingent upon them entering into lease number 11530 with the state, providing a new and renovated school for the deaf, on approximately 17.5 acres of the property. The state shall not reserve oil, gas, or mineral rights to the Property; however, if the purchaser or any grantee or any successor develops any oil, gas, or minerals, they shall pay the state 50% of the gross revenue generated from the development.

The net revenue received from the sale of the Property must be used first to retire any outstanding debt financed by the State Building Authority for the residential facility on the property and reimburse any money that was financed by the State Building Authority for special maintenance projects on the site. Any funds remaining shall be deposited to the General Fund.

Purpose/Business Case

The conveyance satisfies the criteria set forth in 2010 Public Act 374. That Act authorizes the conveyance of property commonly known as the School for the Deaf located at 1667 Miller Road, Flint, Michigan. The property contains approximately 15 buildings on a 109.9 +/- acre parcel.

Benefit

This conveyance allows the State to end its ownership obligation for property and buildings in serious disrepair and exhibiting functional obsolescence, while entering into a lease (#11530) for an updated school facility for deaf students on a portion of the same property.

Risk Assessment
Failure to approve this sale would preclude the opportunity for the State to end its ownership obligation for the subject surplus property and enter into the lease for a new and renovated school for the deaf.

Zip Code
48503

JURISDICTIONAL AFFIDAVIT

11. DEPARTMENT OF NATURAL RESOURCES – That the following property be transferred, under authority of Section 20 of the Land Bank Fast Track Act, Act 258 of the Public Acts of 2003, MCL 124.770, to the MICHIGAN LAND BANK FAST TRACK AUTHORITY, a Michigan public body corporate and politic, Grantee, whose address is Michigan Land Bank Fast Track Authority, 7150 Harris Drive, Lansing, Michigan 48909. Further, the transfer shall be by jurisdictional affidavit.

The transferred land is located in Oakland County, City of Pontiac, Michigan and the description is on file with the State Administrative Board.

ITEM 9

EASEMENT IN GROSS

THIS GRANT is made on _____, 2011, between the STATE OF MICHIGAN, by its Department of Technology, Management and Budget, whose address is 320 South Walnut Street, Lansing, Michigan 48933 (Grantor), to The Detroit Edison Company, a Michigan corporation, whose address is One Energy Plaza, Detroit, MI 48226 (Grantee).

Grantor, acting by authority of MCL 18.1221(5) and the approval of the State Administrative Board, in consideration of One Dollar and No Cents ($1.00) and other valuable consideration, grants to Grantee a non-exclusive easement for the purpose of a right-of-way to construct, reconstruct, modify, add to, repair, replace, inspect, operate and maintain overhead utility facilities consisting of poles, guys, anchors, wires, transformers and accessories solely servicing the Department of Community Health, Hawthorn Center (Easement) on land (Land) that is under the jurisdiction of the Department of Community Health, located in Northville Township, Wayne County, Michigan.

The Easement is described as follows:

Pole Line Easement: A 12 foot wide pole line easement in part of the Northeast ¼ of Section 12, Town 1 South, Range 8 East, Northville Township, Wayne County, Michigan. Described by its centerline as: Commencing at the East ¼ corner of said Section 12, thence South 86°48'28" West 60.09 feet along the East-West ¼ line of said Section 12 to the West line of Haggerty Road (120 feet wide), thence along said West line of Haggerty Road (120 feet wide), North 0°00'12" East 56.19 feet to the Point of Beginning; thence South 87°03'44" West 143.24 feet to a point here after known as Point "A" and the Point of Ending.

Anchor Slot Easement: A 12 foot anchor slot easement described by its centerline as: Beginning at the above mentioned Point "A"; thence South 87°03'44" West 35.00 feet to the Point of Ending.

The Easement is granted subject to the following terms and conditions, which Grantee agrees to comply with:

1. Grantee must notify the Director of the Design and Construction Division, Facilities Administration, Department of Technology, Management and Budget, 530 West Allegan Street, Lansing, MI 48933 before commencing any construction, alteration, maintenance, or entry upon the Easement, and provide copies of engineering or architectural drawings to the Design and Construction Division before and after the completion of construction or alteration.

2. Grantor reserves the right to relocate the Easement at its sole expense unless relocation would interfere with the purpose of the Easement.

3. Grantee must obtain the prior written approval of Grantor to relocate the Easement. If there is no legal description, Grantee must obtain the prior written approval of Grantor to relocate the Easement from the location where Grantee initially located it. Grantee agrees that any relocation approved by Grantor must be completed at Grantee's sole expense.

4. Grantee accepts the Easement subject to all existing easements, permits, licenses, leases and other rights.

5. Grantee must maintain the Easement and its appurtenances in good repair, take reasonable precautions to prevent any damage to Grantor's property arising from Grantee's use of, or access to, the Easement, and must repair, replace, or fully compensate Grantor for any damages to Grantor's property, wherever situated, arising from the use of, or access to, the Easement by Grantee or its employees, agents, and contractors.

6. Following construction, maintenance or other operations on the Easement, Grantee must promptly and completely restore the landscaping over and adjacent to the Easement.

7. Grantee, at its sole expense and at no expense to Grantor, must modify the Easement as necessary in order for the Easement to comply with all laws, ordinances, and regulations.

8. Grantor may use the Land in any manner that Grantor sees fit, provided Grantor's use and enjoyment does not unreasonably interfere with the permitted purposes of the Easement.

9. The rights granted are not exclusive, and Grantor may grant other rights and easements in the Land, provided that such other rights and easements do not unreasonably interfere with the permitted purposes of the Easement.

10. Grantee agrees to indemnify and hold Grantor, its departments, agencies, boards, commissions, officers, agents and employees harmless from all claims, demands, actions, or liability for property damage, personal injury, or death sustained by any person arising in any manner out of Grantee's use of the Easement or from any act or omission of Grantee in exercising its rights under this grant.

11. If the Grantee discontinues using the Easement for the purpose described on Page 1 for one (1) year, the Easement terminates. Upon request of Grantor, Grantee must execute and deliver to Grantor or its successor, a release of the Easement in recordable form. Furthermore, Grantee, at its sole expense, must promptly remove all property, facilities, and equipment, from

the former easement in a good and workmanlike manner and promptly and fully restore Grantor's property as nearly as possible to the condition at the time of the grant. Property, facilities and equipment includes, but is not limited to, roads, pipelines, transmission lines, poles, buildings, towers and any other structures put in place by Grantee in connection with the Easement. Grantor, at its sole option, may keep any improvements made by Grantee in connection with the grant at no cost to Grantor.

12. The Easement is governed by and will be construed in accordance with the laws of the State of Michigan.

13. Grantee must record the Easement with the Register of Deeds and provide Grantor with a copy of the Easement after recording it.

ITEM 10

QUITCLAIM DEED

The State of Michigan, by the State Administrative Board, Grantor, whose address is Department of Technology, Management and Budget, P.O. Box 30026, Lansing, Michigan 48909, by authority of MCL 18.1101 *et seq.* and 2010 PA 374 and by the approval of the State Administrative Board on _____, 2011, for One Million Three Hundred Thousand and No/100 Dollars ($1,300,000.00), paid by **Lurvey White Ventures 1, LLC**, Grantee, a Michigan limited liability company, whose address is 503 South Saginaw Street, Flint, Michigan 48502-1851, quitclaims to Grantee the following described real property (Property) in the City of Flint, County of Genessee, State of Michigan:

See Attachment A for Legal Description

subject to all easements, encumbrances, and restrictions of record, if any.

The Property shall be used exclusively for education or education-related purposes. In the event the Property is not used exclusively for education or education-related purposes by Grantee or any other person or entity in possession of the Property or any portion thereof, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

The Property shall be developed according to specifications and drawings approved by the Michigan School for the Deaf (School for the Deaf) and the Michigan Department of Technology, Management and Budget (DTMB) no later than December 22, 2011. If by December 22, 2011 Grantee fails to submit: 1) specifications and drawings acceptable to the School for the Deaf and DTMB; and 2) proof to DTMB of Grantee's financial ability to complete the approved development of the Property, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

The Property shall be developed according to the specifications and drawings approved by the School for the Deaf and DTMB no later than December 22, 2013. If by December 22, 2013 the development is not completed, Grantor may reenter and repossess the Property, terminating Grantee's or any successor's estate.

If Grantor reenters and repossesses the Property, Grantor shall not be liable to reimburse any party for any improvements on the Property.

If Grantee or any successor disputes Grantor's exercise of its right of reentry and fails to promptly deliver title and possession of the property to Grantor, the Attorney General, on behalf of Grantor, may bring an action to quite title to, and regain possession of, the Property.

Grantor reserves to the State of Michigan an undivided fifty percent interest (50%) in and to all royalties payable to the Grantee, or any successor or assignee, including any lessee, under every oil and gas lease, mineral lease, or any other agreement authorizing the removal or extraction of any oil, gas, coal, or other minerals or mineral products, including both metallic and nonmetallic minerals, from the Property. The Grantee, successors, assignees, or lessees shall remit payment of the State of Michigan's fifty percent (50%) interest in royalties by a check payable to: "State of Michigan" and sent to the Director of the Real Estate Division, Department of Technology, Management & Budget, P.O. Box 30026, Lansing, Michigan 48909. The State of Michigan has the right to audit all relevant records of any grantee, successor, assignee, or lessee to determine compliance with this reservation.

Grantor reserves to the State of Michigan all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines, or other relics lying on, within, or under the Property with power to the State of Michigan and all others acting under its authority to enter the Property for any purpose related to exploring, excavating, and taking away the aboriginal antiquities.

The Property may be located within the vicinity of farm land or a farm operation. Generally accepted agricultural and management practices which may generate noise, dust, odors, and other associated conditions may be used and are protected by the Michigan Right To Farm Act, MCL 286.471 *et seq.*

The terms of this conveyance apply to the administrators, successors, and assigns of the parties.

thence on a curve to the left along the Southerly right of way line of Miller Road a distance of 318.36 feet, said curve having a central angle of 31°03'37", a radius of 587.27 feet a chord of 314.48 feet bearing South 35°43'40" West (recorded South 36°04'45" West); thence South 20°11'55" West along the Southerly right of way line of Miller Road a distance of 244.83 feet (recorded South 20°33'00" West 244.83 feet); thence on a curve to the right along the Southerly right of way line of Miller Road a distance of 459.42 feet, said curve having a central angle of 38°18'00", a radius of 687.27 feet, a chord of 450.91 feet bearing

South 39°20'55" West (recorded South 39°42'00" West); thence South 58°29'55" West a distance of 807.72 feet (recorded South 58°51'00" West) to the point of beginning of this description. Parcel contains 68.67 acres of land, more or less.

Happy Hollow Property Description:

A parcel of land located in Section 24, Town 7 North, Range 6 East, and partly in Sections 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, City of Flint, Genesee County, Michigan; the surveyed boundary being described as Commencing at the Southwest corner of said Section 24; thence North 89°32'40" East along the South line of said Section 24 a distance of 1,684.47 feet; thence North 00°27'20" West perpendicular to the South line of said Section 24 a distance of 4,172.06 feet to a point on the Northerly right of way line of Limited Access Highway I-69 at the intersection of the Easterly Right of Way line of Hammerberg Road and the point of beginning of this description; thence North 21°28'00" West along the Easterly line of Hammerberg Road a distance of 122.00 feet; thence North 58°19'10" East a distance of 980.29 feet; thence North 50°35'15" East a distance of 217.02 feet; thence North 83°13'45" East a distance of 16.81 feet; thence North 02°55'00" West a distance of 21.62 feet; thence North 12°38'30" West a distance of 54.56 feet; thence North 22°32'00 West a distance of 144.46 feet; thence North 00°57'35" East a distance of 65.50 feet; thence North 09°38'00" East a distance of 64.53 feet; thence North 12°15'20" East a distance of 38.60 feet; thence on a non-tangent curve to the right a distance of 71.75 feet, said curve having a central angle of 20°33'14", a radius of 200.00 feet, a chord of 71.36 feet bearing North 22°19'20" East; thence North 38°38'05" East a distance of 128.98 feet; thence North 45°27'15" East a distance of 91.14 feet; thence North 53°20'00" East a distance of 116.37 feet; thence North 21°12'15" East a distance of 46.87 feet; thence North 46°13'40" East a distance of 161.79 feet; thence North 82°23'50" East a distance of 95.46 feet; thence South 69°44'00" East a distance of 82.39 feet; thence South 49°58'35" East a distance of 117.53 feet; thence North 73°41'15" East a distance of 104.52 feet; thence South 67°27'45" East a distance of 58.44 feet; thence on a non-tangent curve to the left a distance of 72.42 feet, said curve having a central angle of 23°42'32", a radius of 175.00 feet, a chord of 71.90 feet bearing South 80°57'30" East; thence North 87°47'40" East a distance of 28.22 feet; thence North 52°53'30" East a distance of 75.71 feet; thence on a non-tangent curve to the left a distance of 129.04 feet, said curve having a central angle of 49°17'21", a radius of 150.00 feet, a chord of 125.10 feet bearing North 28°51'20" East; thence North 07°13'25" East a distance of 92.16 feet; thence North 01°22'00" East a distance of 22.55 feet; thence North 03°00'45" West a distance of 88.50 feet; thence North 07°43'45" East a distance of 66.36 feet; thence North 25°24'15" West a distance of 44.43 feet; thence on a non-tangent curve to the right a distance of 69.55 feet, said curve having a central angle of 49°48'33", a radius of 80.00 feet, a chord of 67.38 feet bearing North 22°31'00" East; thence South 72°39'00" East a distance of 53.51 feet; thence North 43°01'10" East a distance of 42.54 feet; thence North 20°45'40" East a distance of 44.59 feet; thence North 09°05'35" East a distance of 35.35 feet; thence North 21°02'35" East a distance of 63.16 feet; thence North 29°01'30" East a distance of 18.38 feet; thence North 17°03'10" East a distance of 25.95 feet; thence North 22°18'55" East a distance of 67.21 feet; thence North 28°24'35" East a distance of 66.38 feet; thence North 45°31'25" East a distance of 62.69 feet to a point on the Westerly line of the Fenton and Bishop's Plat of Outlots as recorded in Liber 14, Page 38 of Plats, Genesee County Records; thence South 21°32'20" East along said Westerly line a distance of 206.27 feet to a point on the Northerly bank of Swartz Creek; said point being 10 feet from the water's edge and 35 feet Northerly of the centerline of said creek; thence on an intermediate traverse line along the water's edge of said Swartz Creek South 15°46'40" West a distance of 135.65 feet to a point 19 feet from the water's edge and 44 feet Westerly of the centerline of said creek; thence continuing on an intermediate traverse line South 49°04'20" East a distance of 114.55 feet to a point 9 feet from the water's edge and 34 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°03'00" East a distance of 102.31 feet to a point 20 feet from the water's edge and 45 feet Westerly from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 12°03'20" East a distance of 182.96 feet to a point 7 feet from the water's edge and 32 feet from the centerline of said Swart Creek; thence continuing on an intermediate traverse line South 14°25'30" West a distance of 122.84 feet to a point 18 feet from the water's edge and 43 feet from the centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 57°01'55" West a distance of 39.82 feet to a point 19 feet from the water's edge and 44 feet Northerly from the

centerline of said Swartz Creek; thence continuing on an intermediate traverse line South 23°10'20" West a distance of 63.88 feet to a point 15 feet from the water's edge and 40 feet Northerly from the centerline of said Swartz Creek and the end of the intermediate traverse line along the creek; thence South 21°12'45" East along the Westerly line of the Michigan Department of Transportation drainage right of way a distance of 560.00 feet to the Northerly right of way of Highway I-69; thence South 68°47'15" West along the Northerly right of way line of said highway I-69 a distance of 610.97 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 534.91 feet; thence South 21°28'05" East continuing along the Northerly right of way line of said highway I-69 a distance of 40.29 feet; thence South 61°41'12" West continuing along the Northerly right of way line of said highway I-69 a distance of 50.36 feet; thence North 21°28'05" West continuing along the Northerly right of way line of said highway I-69 a distance of 113.31 feet; thence South 68°31'55" West continuing along the Northerly right of way line of said highway I-69 a distance of 1539.58 feet to the point of beginning of this description; said parcel to include all land between the intermediate traverse line and the thread of the stream of the creek and is subject to the correlative rights of the other riparian owners and the public trust in these waters; said parcel containing more or less 41.244 acres to the intermediate traverse line.

ITEM 11

AFFIDAVIT OF JURISDICTIONAL TRANSFER OF LAND FROM THE MICHIGAN DEPARTMENT OF NATURAL RESOURCES TO THE MICHIGAN LAND BANK FAST TRACK AUTHORITY PURSUANT TO 2003 PA 258

Doc. No. 515002

The State Administrative Board, as authorized by 2003 PA 258 transfers jurisdiction, possession and control of certain tax reverted state owned land, previously under the jurisdiction, possession and control of the Michigan Department of Natural Resources to the Michigan Land Bank Fast Track Authority on this _____ day of _____, 201__.

The transferred land is located in Oakland County, Michigan and described in attached Exhibit A, page 1.

The information above is true and complete to the best of my knowledge.

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

May 31, 2011 / June 7, 2011
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, AUGUSTA – Fort Custer Training Center – Install Bituminous Paving
   File No. 511/11171.AGY - Index No. 22000
   Low Responsive Bidder: Rieth-Riley Construction Co., Inc., Kalamazoo; $976,594.00

Purpose/Business Case
The purpose of this contract includes all clearing and grubbing, earthwork, drainage, demolition, milling, crushing, reshaping, paving, signage, pavement marking, and restoration required to install new Hot Mix Asphalt Paving for approximately 9,700 ft of 24' wide roadway, and 3,000 ft of 30" wide roadway.
Benefit
The State will benefit by eliminating costly maintenance and extending the life of the road system.
Funding Source
100% Federal Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued high maintenance costs.
Zip Code
49012

2. DEPARTMENT OF AGRICULTURE, EAST LANSING – Geagley Laboratory – Motor Fuels Quality Facility HVAC Upgrades
   File No. 641/10286.RAN - Index No. 60410 & 60290
   Low Responsive Bidder: EVR, Inc., Williamston; $796,725.00

Purpose/Business Case
The purpose of this contract is to renovate the existing HVAC system in the Motor Fuels Quality Testing Facility including new ductwork, ventilation equipment and air handling equipment. The current cooling system is inadequate, often requiring the lab to be shut down during hot summer afternoons, and the ventilation system is old and barely adequate to relieve the fumes generated during fuel testing operations.

Benefit
The State will benefit by having a facility that operates efficiently.
Funding Source
100% Motor Fuel Quality Testing Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in health and safety issues for the staff whose work environment includes potentially hazardous fumes.
Zip Code
48823

3. DEPARTMENT OF NATURAL RESOURCES, Ocqueoc – Ocqueoc Falls Day Use Area – Reconstruct Parking Area and ADA Access Route to Falls
   File No. 751/05436.JAG - Index No. 75329
   Low Responsive Bidder: Ripman Construction Co., Inc.., St. Helen, Michigan: $501,417.00

Purpose/Business Case
The purpose of this contract is to provide for the construction of an ADA compliant access route to the waterfalls area and to provide additional parking and ADA toilets.
Benefit
The State will benefit by reduced site staffing and maintenance costs, improved public safety and accessibility to the largest water fall in the Lower Peninsula. Currently many visitors are forced to park on the county road due to limited parking and there is no accessible route to the falls area for the disabled.
Funding Source
100% Agency Operating Funds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in continued public use of unsafe parking along the county road, limited access and higher site maintenance and staffing costs.

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUSKEGON – Zephyr Naph Sol Refinery – Operation and Maintenance
   File No. 777/11109.BDH - Index No. 44901
   Low Responsive Bidder: Superior Environmental Corp, Marne; $251,230.00

Purpose/Business Case
The purpose of this contract is to continue to operate and maintain the existing groundwater remediation system at this site for an additional year beginning July 1, 2011. This location is the site of an oil refinery that operated here from the 1920's to 1968. The existing remediation system has operated for approximately ten years. The contractor will operate the system at the direction of the staff at the DEQ Grand Rapids regional office.

Benefit
The State will benefit by the continued removal of contaminated groundwater and free product from this site, protecting the nearby groundwater and protecting nearby surface water from oil contamination.
Funding Source
100% Environmental Protection Bonds
Commitment
The contract cost is fixed based on competitive bids. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this contract will result in exacerbation of the pollution at this site and possibly endanger the quality of groundwater and surface water in the vicinity.
Zip Code
49433

CONTRACT CHANGE ORDERS

5. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Allegan and Ottawa Plazas – Allegan and Ottawa Plaza Renovation 2010
   File No. 071/06079.JNS - Index No. 11720/44125/53200
   EVR, Inc., Haslett, MI; CCO No. 5, Incr. $69,836.14

Purpose/Business Case
The purpose of this change order is to replace hand rails at the entrances to the VanWagoner, Williams and Austin Buildings as required to comply with current Building Code requirements. To avoid possible damage to snowmelt tubing, handrails need to be installed concurrently with step replacement and snowmelt installation so that snowmelt tubing can be routed around those.
Benefit
The State will benefit by bringing the handrails into compliance with safety standards
Funding Source
65% Lump Sum- Special Maintenance Funds
26% Building Occupancy Funds
9% State Building Authority Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the continued use of the existing hand rails and replacement at a later date could potentially damage the snow melt system.
Zip Code
48933

6. DEPARTMENT OF CORRECTIONS, YPSILANTI – Women's Huron Valley Corrections Facility – Drop Ship Warehouse Addition
   File No. 472/09123.RAN - Index No. 53295

Anderson Morris Construction, LLC, Grosse Ile; CCO No. 6, Incr. $71,724.39

Purpose/Business Case
The purpose of this change order is to remove poor soils found during foundation excavation, install isolation valves on the facility's water system and correct non-compliant code issues relative to the access between the existing Drop Ship Building and the new addition.
Benefit
The State will benefit by having a building sitting on a firm foundation, being able to isolate the water system to the Drop Ship Building without having to shut the water off to the entire campus and having code compliant walkway and hand railings.
Funding Source
100% State Building Authority Funds
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment
Failure to approve this change order will result in the building addition being placed on an unsafe foundation and non-issuance of a Certificate of Occupancy.
Zip Code
48197

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, GRAYLING – Grayling Field Office – Operation and Maintenance for a Water Treatment System
File No. 761/95367.AGY - Index No. 29600
Lakeshore Environmental, Inc., Grand Haven; CCO No. 13, Incr. $15,000.00

Purpose/Business Case
The purpose of this change order is to provide for an additional year of operation and maintenance of the groundwater remediation system. This modification shall also provide for a deed restrictive closure and decommissioning of all monitoring wells and the remediation system. This change order will extend the project completion date from December 31, 2010 to March 31, 2012, a total of 456 calendar days.
Benefit
The State will benefit by the completion of the removal of contamination from the site, protecting the environment and public and to release the real property for redevelopment by the County of Crawford for their demonstration fish hatchery and stream ecology center.

Funding Source
100% State Sites Clean-Up Program Fund
Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.
Risk Assessment

Failure to approve this change order will result in the failure to complete this remediation project.

Zip Code
48647

8. DEPARTMENT OF ENVIRONMENTAL QUALITY, MUSKEGON – Zephyr Naph Sol Refinery Site – Installation and Operation of Free Product Collection System
   File No. 761/98333.AGY - Index No. 44901
   Superior Environmental, Inc., Marne; CCO No. 20, Incr. $77,366.15

Purpose/Business Case
The purpose of this change order is to extend the existing operations for an additional three months to enable the newly bid contract to be put in place. This change order will provide additional static water level and free product measurements, provide testing and certification of the system operation as required by the NPDES permit, provide one granulated activated carbon changeout, provide 40 events of backwashing all vessels of the activated carbon system, and provide 40 events of replacing bag filter elements. This change order will extend the project from March 31, 2011 to June 30, 2011, a total of 91 days.

Benefit
The State will benefit by having the remediation system operated during this interim period, protecting the environment and the public.

Funding Source
100% Environmental Protection Bond

Commitment
The change order costs are fixed actual costs provided by the construction contractor in response to a bulletin provided by the PSC. The amount of the contract is within the authorized budget.

Risk Assessment
Failure to approve this change order may result in exacerbation of the existing contamination endangering the environment and in violation of the regulations.

49444

LEASE FOR PRIVATE PROPERTY

9. DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET, DETROIT
   New Lease #11553 with the Michigan Strategic Fund (MSF), 300 N. Washington Square, 3rd Floor, Lansing, Michigan 48913, as Lessor, and the State of Michigan, Department of Technology, Management & Budget, as Lessee, for 1,339,680 square feet located at 3044 West Grand Blvd., Detroit, Michigan 48202 (Cadillac Place Building). The Lease is effective upon obtaining State Administrative Board approval, required signatures, and the

successful financing and acquisition of the building by the MSF. The annual rental and lease term will be based upon the true interest cost of the bonds at time of issuance. Currently the proposed rent is $7.8 million annually for the first two years, $10.3 million for the third year and increases approximately 2.5% each year thereafter to 2032. The rate does not include utilities, operating or maintenance costs. These costs will be slightly lower than the current lease due to savings on property taxes. Lease does not contain a cancellation clause. Title to the facilities can be obtained at the end of the lease for $1 or earlier if rent is prepaid or the outstanding MSF obligations are paid. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:
The Cadillac Place Building was the former General Motors World Headquarters. The renovation of the building was one of the nation's largest historic renovation projects. The renovation was financed through the issuance of certificates of participation (COPs) issued by a special purpose entity in 2000. The COPs were refinanced in 2004 to generate lease savings to the State. The current lease (#10785), with New Center Development, Inc. as lessor, has an annual rental of $10.1 million until 2031. Operating expenses are an additional $8.25 per sq. foot which includes utilities, management fees and property taxes.

Benefit:
Approval of this lease will provide uninterrupted service to the current tenants. It will also avoid the September 2011 tender date of the outstanding PUT bonds.

Funding Source:
36.7% GF/GP, 30% Restricted, and 33.3% Federal

Commitment Level:
At current market rates, the lease will expire on September 1, 2032. At that time, the State will obtain title to the property for $1. The building can be purchased before the lease expiration by pre-paying rent or refinancing the outstanding debt of the MSF.

Risk Assessment:
Non-approval of this Lease will hinder the Department and its tenants from continuing uninterrupted service at this location. Without refinancing, outstanding debt from the 2004 issuance will come due in September 2011 at interest rates much higher than anticipated.

Zip Code:
48202

RECOMMENDATION TO GRANT QUIT CLAIM DEED

10. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET (DTMB), recommends the grant of a quitclaim deed to Marquette County, 234 W. Baraga Avenue, Marquette, Michigan 49855. The Department of the Attorney General has approved the quit claim deed as to legal form.

Legislative Background

MCL 565.131 authorizes the State Administrative Board to discharge liens, mortgages and other claims of interest in land on record in favor of the State, in which the State

has no interest, and which are not authorized by law to be discharged by any other agency of the State.

The land in question is described as follows:

Commencing at the West Quarter Corner of Section 2, T45N-R25W, which is a Marquette County Survey monument as recorded in Liber R1, Page 211 at the Marquette County Register of Deeds, thence S89°49'18"E, 1975.04 feet along the East-West Quarter Line of said Section 2 to a set 5/8 inch capped iron which is the Point of the Beginning.
Thence S00°26'00"W, 1319.07 feet to a set 5/8 inch capped iron on the South Sixteenth Line of said Section 2, thence S89°48'33"E, 657.70 feet to the Center-South Sixteenth Corner of said Section 2 which is a set 5/8 inch capped iron, thence continuing along said South Sixteenth Line S89°51'50"E, 1985.94 feet to a set 5/8 inch capped iron, then N00°21'04"E, 1317.93 feet to a set 5/8 inch capped iron on the said East-West Quarter Line, thence N89°49'37"W, 223.77 feet along said East-West Quarter Line to a found capped iron with P.S. Number 24589, thence S34°33'12"W, 1541.87 feet (S34°33'21"W, 1541.87 feet {R32}) to a set 5/8 inch capped iron, thence N85°46'30"W, 943.98 feet (N85°46'21"W, 943.98 feet {R32}) to a set 5/8 inch capped iron, thence N04°12'02"E, 1208.80 feet (N04°12'11"E, 1208.80 feet {R32}) to a found 5/8 inch capped iron with P.S. Number 24589 on said East-West Quarter Line, thence N89°49'37"W, 32.24 feet (N89°49'28"W, 32.34 feet {R32}) to a found two inch aluminum capped iron with P.S. Number 39091 which is the Center Quarter Corner of said Section 2, thence N89°49'18"W, 658.35 feet along said East-West Quarter Line to the Point of the Beginning. Said parcel contains 41.67 acres, more or less.

Purpose/Business Case

In September 1993, upon announcement of the closure of KI Sawyer Air Force Base, the State Legislature enacted PA 159 of 1993 creating a Conversion Authority to assist the Federal Government in returning the Air Force property to civilian use. In 1996, the Department of Natural Resources conveyed the property to the Conversion Authority. When the Conversion Authority was dissolved in 1998, all the assets and property of the authority were to be transferred to Marquette County. However, the State is still listed as owner of record. To achieve a clean chain of title, the State Administrative Board should quitclaim the State's interest in the property to Marquette County.

Benefit

The approval of this recommendation will transfer property in which the State has no interest and correct the records at Marquette County Registrar of Deeds.

Funding Source/Commitment Level

N/A

Risk Assessment

Failure to approve this quit claim deed will cause an unclear title on this property.

Zip Code

49855

CONVEYANCE OF SURPLUS STATE REAL PROPERTY

11. THE DEPARTMENTS OF TECHNOLOGY, MANAGEMENT & BUDGET (DTMB) AND HUMAN SERVICES (DHS), recommend the conveyance of surplus state real property described below, located in Adrian, Michigan (the "Property") to the City of Adrian, County of Lenawee, State of Michigan for consideration of One Dollar ($1). The City of Adrian will also reimburse the State for costs associated with preparing the property for sale. The office of the Attorney General has approved the quitclaim deed as to legal form.

Legislative Background

2010 Public Act 373 (the "Act") authorizes the State Administrative Board to convey the following property, located in the City Adrian, County of Lenawee, Michigan, containing 55.25 acres, more or less, and more particularly described as follows:

Adrian Training School Main Campus:

A parcel of land in the SE ¼ of Section 26, T6S, R3E, Lenawee County, Michigan, and more specifically described as: Commencing at the E ¼ corner of said Section 26; thence S00°54'25"E 330.19 feet, on the east line of said Section 26 to the point of beginning of this description; thence N88°58'07"W 1221.10 feet, on the southerly line of Curtis Road to the southeasterly right of way line of the Norfolk and Western Railroad; thence S32°31'16"W 185.48 feet, on said Railroad right of way to the west line of the E ½ of the SE ¼ of said Section 26; thence S01°09'15"E 1818.22 feet on said west line; thence S88°29'11"E 1063.28 feet, to the westerly right of way line of Michigan Highway M-52; thence 417.75 feet, on the arc of a curve to the left whose central angle is 17°18'53" with a radius of 1382.39 feet and a long chord bearing and distance of N22°06'43"E, 416.16 feet; thence WEST 183.01 feet; thence NORTH 360.00 feet; thence EAST 220.68 feet, to the westerly right of way line of M-52; thence N00°29'05"W 587.15 feet, on said westerly right of way; thence 342.78 feet, on the arc of a curve to the right (on said westerly right of way) whose central angle is 13°14'55" with a radius of 1482.39 feet and a long chord bearing and distance of N06°08'23"E 342.01 feet to the easterly line of said Section 26, thence N00°54'25"W 307.65 feet on said section line to the point of beginning. The above described parcel contains 55.25 acres, more or less. Subject to and together with any restrictions, right-of-ways or easements of record, if any.

The property description is approximate and is subject to adjustment as the State Administrative Board or Attorney General considers necessary by survey or other legal description. The conveyance includes numerous vacant buildings and all surplus, salvage, and scrap property or equipment not identified by DHS as of the date of the Act.

Section 13(5) of the Act requires that the Property be first offered to the City of Adrian for less than fair market value. The state shall not reserve oil, gas, or mineral rights to the Property; however, if the purchaser or any grantee or any successor develops any oil, gas, or minerals, they shall pay the state ½ of the gross revenue generated from the development.

The net revenue received from the sale of the Property must be distributed as follows: 100% General Fund.

Purpose/Business Case

The conveyance satisfies the criteria set forth in 2010 P.A. 208. That Act authorizes the conveyance of property commonly known as the Adrian Training School, 2300 North Adrian Highway, Adrian, Michigan. The property contains approximately 20 buildings on a 55 +/- acre parcel.

Benefit

This conveyance allows the State to end its ownership obligations for the subject surplus property, while providing an opportunity for the City of Adrian to place the property back into productive reuse.

Risk Assessment

Failure to approve this sale would preclude the opportunity for the State to end its ownership obligations for the subject surplus property.

Zip Code

LICENSE AGREEMENT

12. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET (DTMB), for the Michigan Public Safety Communications System (MPSCS), recommends that the State Administrative Board, under authority of the Management and Budget Act, 1984 PA 431, MCL 18.1221, grant a non-proprietary, non-exclusive, revocable, co-location license (License) to Berrien County, a MPSCS member (Licensee), for the installation, operation, and maintenance of Licensee owned fire-paging telecommunications equipment on MPSCS Tower Sites 5304, 5402, and 5404 located in Berrien County, Michigan, in accordance with the terms of the MPSCS Co-location License Agreement between the parties.

Purpose:

Since the MPSCS does not provide fire-paging services to its members, DTMB desires to facilitate this service to Licensee as an additional benefit of MPSCS membership.

Benefit:

The MPSCS will benefit from Berrien County's continued support and membership in the MPSCS in the provision of public safety communications throughout the State.

Funding Source:

Not Applicable

Commitment Level:

Not Applicable

Risk Assessment:

Non-approval of this License will prevent Berrien County from being able to provide fire-paging communications and may prevent its continued membership in the MPSCS.

Zip Code:

49120, 49022, and 49125

RESOLUTIONS

13. A Resolution of the State Administrative Board approving the Conveyance of Property for the Department of Education, Michigan School for the Deaf and Blind

Purpose/Business Case
The State Building Authority is the State's primary capital outlay funding mechanism for projects that would otherwise be paid for by the General Fund. The Michigan School for the Deaf and Blind Residence Hall (as it was formally titled) was originally financed by the Authority and leased to the State of Michigan in 2000. PA 374 of 2010 allows the State of Michigan to sell the School for the Deaf property in Flint with a lease back of a new and renovated school on a portion of the same site. The Residence Hall is a part of the School for the Deaf campus.

Benefit
The approval of this resolution will allow the State Building Authority to convey the Facility to the State of Michigan. This will allow the State to proceed with the conveyance of the whole School for the Deaf campus.

Funding Source/Commitment Level
Proceeds from the sale of the School for the Deaf campus will fund the retirement of the bonds associated with the Residence Hall.

Risk Assessment
If this resolution is not approved, the property will be retained by the State Building Authority and not reconveyed back to the State of Michigan. As a result the Residence Hall, currently titled to the Authority, will not be included in the sale of the School for the Deaf campus.

Zip Code
48503

14. Resolution of the State Administrative Board approving the Construction and Completion Assurance Agreements, Conveyances of Property and Leases for Certain Facilities

Purpose/Business Case

The purpose of this resolution is to approve the form of the Construction and Completion Assurance Agreements between the State Building Authority, State of Michigan, and certain facilities, the conveyance of the facility to the Authority, and the form of the leases.

The State Building Authority is the State's primary capital outlay funding mechanism for projects that would otherwise be paid for by the General Fund.

Benefit

The approval of this resolution will allow the State Building Authority to finance the Authority's share of the projects with short-term commercial paper notes.

Funding Source/ Commitment Level & Zip Code

Short-term commercial paper notes will initially finance the Authority's share of the projects through the acquisition/construction/renovation phase of the projects. At completion, the short-term notes will be refinanced with long-term bonds, usually outstanding 15-17 years. The debt service on the bonds will be paid from the annual rental, appropriated annually from the General Fund. At this time, only a rental range has been determined. The annual rental will be within or below this range.

Purpose/Business Case

The purpose of this resolution is to approve the conveyance of property, authorizing the leases between the State Building Authority and the State of Michigan, or by and among the Authority, State, and Educational Institution, and approving the annual rental.

The State Building Authority is the State's primary capital outlay funding mechanism for projects that would otherwise be paid for by the General Fund.

Benefit

The approval of this resolution will allow the State Building Authority to finance the Authority's share of the project with long-term bonds.

Funding Source/ Commitment Level

A number of these projects are currently financed with the short-term notes which will be refinanced with long-term bonds, usually outstanding 15-17 years. The debt service on the bonds will be paid from the annual rental, appropriated annually from the General Fund. The annual rent for these projects will be as follows.

attached revised detail 1/SR203,

(3.) As per the EVR quotation dated April 19, 2011 and as per the Carl Walker, Inc. Bulletin #3 (Issued February 24, 2011), Item #3 and Detail 1/SR205 – Austin Building North Stairs (Reissued Detail 1/SR205), provide all labor, material, equipment and supervision necessary to remove and dispose of existing stair rails (3 existing rails), provide 6 new rails to match existing rails at VanWagoner Building North Stairs with contractor verifying all dimensions in the field prior to new rail fabrication, and install 6 new rails as shown on attached revised detail 1/SR205,

(4.) As per the EVR quotation dated April 19, 2011 and as per the Carl Walker, Inc. Bulletin #3 (Issued February 24, 2011), Item #4 and Detail 3/SR205 – Austin Building South Stairs (Reissued Detail 3/SR205), provide all labor, material, equipment and supervision necessary to remove and salvage existing stair rails (3 existing rails), provide 3 new rails to match existing rails with contractor verifying all dimensions in the field prior to new rail fabrication, and install 3 existing rails and 3 new rails as shown on attached revised detail 3/SR205,

(5.) As per the EVR quotation dated April 19, 2011 and as per the Carl Walker, Inc. Bulletin #3 (Issued February 24, 2011), Item #5 and Detail 2/SR202 – Williams Building South Stairs (Reissued Detail 2/SR202), provide all labor, material, equipment and supervision necessary to remove and salvage existing stair rails (3 existing rails), provide 3 new rails to match existing rails with contractor verifying all dimensions in the field prior to new rail fabrication, and install 3 existing rails and 3 new rails as shown on attached revised detail 2/SR202,

(6.) Increase the contract amount to cover costs associated with Items 1 through 5 above (Increase $69,836.14), and

(7.) Complete this work with no extension in Contract Time with the date of Substantial Completion for Phases 1 and 2 (except landscaping) remaining June 30, 2011, the date of Substantial Completion for all remaining work remaining October 21, 2011 and the date of Final Completion for the entire project remaining November 18, 2011.

as described in the engineer's recommendation dated April 26, 2011.

Reason For Change

(Items 1 through 7) represent design omissions where the Professional failed to address the need to add railing at the VanWagoner, Austin and Williams Building entrances to meet existing building code requirements.

		$6,738.87	0003			
		$38,967.00	0004			
		$26,243.13	0005			
		$135,641.00				

Full Change Order

Increase the contract amount $71,724.39 in accordance with contractor quotations dated december 14 and 16, 2010, January 8 and February 1, 2011 to provide (1) removal of unforeseen and buried asphalt asphalt (Incr. $346.92); (2) relocate anchor bolts (Incr.$1,234.12); (3) increase door lintel to accommodate larger CMU (Incr. $100.35); (4) undercut poor subsoils and replace with 21AA (Incr. $14,526.25); (5) watermain revision including cut-in sleeves and valves (Incr. $37,385.19); (6) top course of asphalt (Incr. $1,643.30); (7) code compliant accessible ropute between old and new sections of building (Incr. $4,624.19); (8) modifications to handrails (Incr. $11,864.07)

Reason For Change

(1)-(4) field conditions, these are related to the poor soils, the extent of which was not known until actual excavation was begun. Overexcavation required moving the building slightly which affected door frrames and CMU thicknesses; (5) field condition, site as-built showed isolation valves on the site, but none actually existed which required the live-insertion of valves to alleviate the necessity of shutting down the entire campus water system; (6) field condition, initially top course of asphalt was to be placed undwer another contract, but was change to to be completed on this project for safety reasons; (7) & (8) design error, route and

ITEM 11

QUITCLAIM DEED

THE STATE OF MICHIGAN, by the **STATE ADMINISTRATIVE BOARD**, Grantor, whose address is Department of Technology, Management and Budget, P.O. Box 30026, Lansing, Michigan 48909, by authority of MCL 18.1101 *et seq.*, and 2110 PA 373 for One Dollar and no cents ($1.00), paid by the City of Adrian, Grantee, a Michigan municipal corporation, whose address is 135 E. Maumee Street, Adrian, MI 49221, quitclaims to Grantee the following described real Property (Property) in the City of Adrian, County of Lenawee, State of Michigan:

See Attachment A for Legal Description

Subject to all easements, encumbrances, and restrictions of record, if any, and including the following:

(a) The Property shall be used exclusively for public purposes and if any fee, term, or condition for the use of the Property is imposed on members of the public, or if any of those fees, terms, or conditions are waived for use of this Property, all members of the public shall be subject to the same fees, terms, conditions, and waivers.

(b) In the event of an activity inconsistent with Section (a), above, the State may reenter and repossess the Property, terminating the Grantee's or any successor's estate in the Property.

(c) If the Grantee or successor disputes the State's exercise of its right of reentry and fails to promptly deliver possession of the Property to the State, the Attorney General, on behalf of the State, may bring an action to quiet title to, and regain possession of, the Property.

(d) If the State reenters and repossess the Property, the State shall not be liable to reimburse any party for any improvements made on the Property.

(e) Grantee shall reimburse the State for all cost necessary to prepare the Property for conveyance.

(f) If Grantee intends to convey the Property within 10 years after conveyance from the State, the Grantee shall provide written notice to the Department of Technology, Management and Budget (DTMB) at the above address—Attn: Director, Real Estate Division—of its intent to offer the Property for sale. Grantor reserves to the State the right of first purchase to the Property, for One Dollar and no cents ($1.00). within 90 days after the notice. If the State repurchases the Property, the State shall not be liable to any party for improvements to, or liens placed on, the Property. If the State waives its first refusal right, Grantee shall pay the State 40% of the difference between the sale price of the conveyance from the State and the sale price of the Grantee's subsequent sale or sales to a third party.

(g) Grantor reserves to the State an undivided 50% interest in and to all royalties payable to the Grantee, or any successor or assignee, including any lessee, under every oil and gas lease, mineral lease, or any other agreement authorizing the removal or extraction of any oil, gas, coal, or other minerals or mineral products, including both metallic and nonmetallic minerals, from the Property. The Grantee, successors, assignees, or lessees shall remit payment of the State's 50% interest in royalties by a check payable to: "State of Michigan" and sent to the Director of the Real Estate Division, Department of Technology, Management and Budget, P.O. Box 30026, Lansing, Michigan 48909. The State has the right to audit all relevant records of any Grantee, successor, assignee, or lessee to determine compliance with this reservation.

(H) Grantor reserves to the State of Michigan all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines, or other relics lying on, within, or under the Property with power to the State and all others acting under its authority to enter the Property for any purpose related to exploring, excavating, and taking away the aboriginal antiquities.

The Property may be located within the vicinity of farm land or a farm operation. Generally accepted agricultural and management practices which may generate noise, dust, odors, and other associated conditions may be used and are protected by the Michigan Right To Farm Act, MCL 286.471 *et seq.*

The terms of this conveyance apply to the administrators, successors, and assigns of the parties.

A parcel of land in Sections 8 and 9 of INDIAN RESERVATION OF 11 SECTIONS AT NEAR THE GRAND TRAVERSE ON FLINT RIVER, more particularly described as commencing at the Southwest corner of Section 24, Township 7 North, Range 6 East, thence North 89 degrees 32 minutes 40 seconds East 946.72 feet, on the South line of said Section 24; thence North 00 degrees 27 minutes 20 seconds West 5249.20 feet, to the Northeast corner of the Plat of Woodcroft No. 1; thence South 21 degrees 28 minutes 40 seconds East 50.78 feet, on the Easterly line of Woodcroft Plat to the Southerly right of way line of Miller Road; thence North 58 degrees 29 minutes 55 seconds East 1112.38 feet, on said right of way; thence 459.42 feet, on the arc of a curve to the left with a central angle of 38 degrees 18 minutes 00 seconds, a radius of 687.27 feet, and a long chord bearing and distance of North 39 degrees 20 minutes 55 seconds East 450.91 feet, on said Miller Road right of way; thence North 20 degrees 11 minutes 55 seconds East 244.83 feet, on said Miller Road right of way; thence 318.36 feet, on the arc of a curve to the right with a central angle of 31 degrees 03 minutes 37 seconds, a radius of 587.27 feet, and a long chord bearing and distance of North 35 degrees 43 minutes 40 seconds East 314.48 feet, on said Miller Road right of way; thence North 51 degrees 15 minutes 25 seconds East 144.67 feet, on said Miller Road right of way to the Southerly right of way line of Court Street; thence South 89 degrees 53 minutes 35 seconds East 724.12 feet, on said Court Street right of way; thence South 17 degrees 03 minutes 30 seconds East 189.64 feet; thence South 00 degrees 08 minutes 30 seconds East 225.08 feet; thence South 05 degrees 11 minutes 37 seconds West 111.75 feet; thence South 23 degrees 55 minutes 09 seconds West 133.03 feet; thence South 44 degrees 26 minutes 59 seconds East 112.67 feet, to the point of beginning of this description; thence North 80 degrees 54 minutes 00 seconds East 292.06 feet; thence South 03 degrees 00 minutes 45 seconds East 88.50 feet; thence South 01 degrees 22 minutes 00 seconds West 22.55 feet; thence South 07 degrees 13 minutes 25 seconds West 92.16 feet; thence 129.04 feet on the arc of a curve to the right with a central angle of 49 degrees 17 minutes 26 seconds, a radius of 150.00 feet, and a long chord bearing and distance of South 28 degrees 51 minutes 20 seconds West 125.10 feet; thence South 52 degrees 53 minutes 30 seconds West 75.71 feet; thence South 87 degrees 47 minutes 40 seconds West 28.22 feet; thence 72.42 feet on the arc of a curve to the right with a central angle of 23 degrees 42 minutes 33 seconds, a radius of 175.00 feet, and a long chord bearing and distance of North 80 degrees 57 minutes 30 seconds West 71.90 feet; thence North 67 degrees 27 minutes 45 seconds West 58.44 feet; thence South 73 degrees 41 minutes 15 seconds West 104.52 feet; thence North 49 degrees 58 minutes 35 seconds West 117.53 feet; thence North 23 degrees 45 minutes 00 seconds East 137.10 feet; thence North 50 degrees 06 minutes 50 seconds East 166.97 feet, to a point of ending.

EXHIBIT B

Easement Description

Michigan School for the Deaf

Situated in the City of Flint, County of Genesee, State of Michigan, to-wit:

A parcel of land in Section 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, and more particularly described as commencing at the Southwest corner of Section 24, Township 7 North, Range 6 East, thence North 89 degrees 32 minutes 40 seconds East 946.72 feet, on the South line of said Section 24; thence North 00 degrees 27 minutes 20 seconds West 5249.20 feet, to the Northeast corner of The Plat of Woodcroft No. 1, thence South 21 degrees 28 minutes 40 seconds East 50.78 feet, on the Easterly line of said Woodcroft Plat to the Southerly right of line of Miller Road; thence North 58 degrees 29 minutes 55 seconds East 1112.38 feet, on said right of way; thence 459.42 feet, on the arc of a curve to the left with a central angle of 38 degrees 18 minutes 00 seconds, a radius of 687.27 feet, and a long chord bearing and distance of North 39 degrees 20 minutes 55 seconds East 450.91 feet, on said Miller Road right of way; thence North 20 degrees 11 minutes 55 seconds East 244.83 feet, on said Miller Road right of way; thence 318.36 feet, on the arc of a curve to the right with a central angle of 31 degrees 03 minutes 37 seconds, a radius of 587.27 feet, and a long chord bearing and distance of North 35 degrees 43 minutes 40 seconds East 314.48 feet, on said Miller Road right of way; thence North 51 degrees 15 minutes 25 seconds East 144.67 feet, on said Miller Road right of way to the Southerly right of way line of Court Street; thence South 89 degrees 53 minutes 35 seconds East 708.42 feet, on said Court Street right of way to the point of beginning and centerline of a 30.00 foot wide strip of land; thence South 17 degrees 03 minutes 30 seconds East 192.04 feet; thence South 00 degrees 08 minutes 30 seconds East 222.15 feet; thence South 05 degrees 11 minutes 37 seconds West 108.58 feet; thence South 23 degrees 55 minutes 09 seconds West 140.74 feet; thence South 44 degrees 26 minutes 59 seconds East 121.66 feet, to a point of ending. The sidelines of this easement shall be shortened or lengthened to close on themselves, the Southerly right of way of Court Street and/or the Northerly line of the bonded parent parcel.

QUITCLAIM DEED

Michigan Department of Education
Michigan School for the Deaf and Blind
2000 Variable Rate Revenue Notes

THIS QUITCLAIM DEED is made as of _____, 2011 between the STATE BUILDING AUTHORITY (the "Authority"), a public body corporate and politic, organized and existing under the authority of 1964 PA 183, as amended (the "Act"), whose address is Lewis Cass Building, 320 S. Walnut, Lansing, Michigan, Grantor, and the STATE OF MICHIGAN, whose address is Capitol Building, Lansing, Michigan, Grantee;

The Authority, as authorized by the Act, acquired the premises described on Exhibit A and the easement described in Exhibit B for the purpose of leasing the premises, including facilities constructed thereon, to the State of Michigan (the "State") (the premises and the facilities together are the "Facilities"), and the Authority leased the Facilities to the State pursuant to a lease dated as of August 1, 1999 (the "Lease").

Under the terms of the Lease, the Authority agreed to convey title to the Facilities to the State upon request by the State after certain conditions specified in the Lease have occurred.

All conditions precedent, as established by the Lease, to conveyance of title to the Facilities by the Authority to the State have occurred and the State has requested that the Authority convey title to the Facilities to the State.

NOW THEREFORE, the STATE BUILDING AUTHORITY QUITCLAIMS to the STATE OF MICHIGAN the premises described on attached Exhibit A, together with all right, title and interest of the Authority in and to the premises; together with all the easements of record, tenements, hereditaments and appurtenances belonging or appertaining thereto for the use of the State for the sum of One ($1.00) Dollar, the receipt of which is acknowledged, and the assumption by the State of all monetary obligations and legal responsibilities for the operation and maintenance of the Facilities.

This property may be located within the vicinity of farmland or a farm operation. Generally accepted agricultural and management practices which may generate noise, dust, odors, and other associated conditions may be used and are protected by the Michigan Right to Farm Act. MCL 560.109(4).

This deed is not given in connection with the sale of a parcel of land. Therefore, the rights to division under Section 108 of the Land Division Act, Act No. 288 of the Public Acts of 1967 is not applicable.

THIS INSTRUMENT IS EXEMPT FROM COUNTY AND STATE REAL ESTATE TAX PURSUANT TO MCL 207.505(h)(i) AND MCL 207.526(h)(i), RESPECTIVELY.

IN WITNESS WHEREOF, the State Building Authority, by its Executive Director, and the State of Michigan, by its Governor and Secretary of State, have executed this instrument as of the date written above.

A RESOLUTION OF THE STATE ADMINISTRATIVE BOARD APPROVING THE CONVEYANCE OF PROPERTY FOR THE DEPARTMENT OF EDUCATION, MICHIGAN SCHOOL FOR THE DEAF AND BLIND

WHEREAS, the State Building Authority (the "Authority"), a statutory body corporate created under provisions of 1964 PA 183, as amended, is authorized to acquire, construct, furnish, equip, own, improve, enlarge, operate, mortgage and maintain buildings, necessary parking structures or lots and facilities and sites therefor for use by the State or any of its agencies; and

WHEREAS, the Authority has previously acquired the Department of Education, Michigan School for the Deaf and Blind Residential Facilities and the site upon which it was constructed (the Michigan School for the Deaf and Blind Residential Facilities, and the site together are the "Facilities") and the Authority leased the Facilities to the State of Michigan (the "State") pursuant to a lease dated August 1, 1999 (the "Lease"); and

WHEREAS, under the terms of the Lease, the Authority agreed to convey title to the Facilities to the State upon request by the State after the Bonds which financed the Facilities (the "Bonds" as defined in the Lease) and any additional bonds or other obligations as provided in the Lease are paid in full or provision for the payment thereof is made as provided in the Lease for consideration of One Dollar ($1.00) and the assumption by the State of all monetary obligations and legal responsibilities for the operation and maintenance of the Facilities; and

WHEREAS, provision for the payment thereof has been made and all conditions established by the Lease as conditions precedent to conveyance of title to the Facilities by the Authority to the State have occurred.

NOW, THEREFORE, BE IT RESOLVED BY THE STATE ADMINISTRATIVE BOARD OF THE STATE OF MICHIGAN THAT:

1. The State hereby requests that the Authority convey title to the Facilities by Quitclaim Deed to the State.

2. The consideration for the conveyance of the Facilities shall be one ($1.00) Dollar and the assumption by the State of all monetary obligations and legal responsibilities for the operation and maintenance of the Facilities.

3. The conveyance of the Facilities pursuant to the terms and conditions set forth above is approved, and the Governor and Secretary of State are authorized to execute any documents to accomplish the conveyance in such form as may be requested by the Authority and approved by the Department of Attorney General.

4. All resolutions and orders or parts thereof in conflict with this resolution are, to the extent of such conflict, repealed.

5. This resolution shall be effective immediately upon its adoption.

EXHIBIT A

Legal Description

Michigan School for the Deaf

EXHIBIT B

Easement Description

Michigan School for the Deaf

Situated in the City of Flint, County of Genesee, State of Michigan, to-wit:

A parcel of land in Section 8 and 9 of Indian Reservation of 11 Sections at near The Grand Traverse on Flint River, and more particularly described as commencing at the Southwest corner of Section 24, Township 7 North, Range 6 East, thence North 89 degrees 32 minutes 40 seconds East 946.72 feet, on the South line of said Section 24; thence North 00 degrees 27 minutes 20 seconds West 5249.20 feet, to the Northeast corner of The Plat of Woodcroft No. 1, thence South 21 degrees 28 minutes 40 seconds East 50.78 feet, on the Easterly line of said Woodcroft Plat to the Southerly right of line of Miller Road; thence North 58 degrees 29 minutes 55 seconds East 1112.38 feet, on said right of way; thence 459.42 feet, on the arc of a curve to the left with a central angle of 38 degrees 18 minutes 00 seconds, a radius of 687.27 feet, and a long chord bearing and distance of North 39 degrees 20 minutes 55 seconds East 450.91 feet, on said Miller Road right of way; thence North 20 degrees 11 minutes 55 seconds East 244.83 feet, on said Miller Road right of way; thence 318.36 feet, on the arc of a curve to the right with a central angle of 31 degrees 03 minutes 37 seconds, a radius of 587.27 feet, and a long chord bearing and distance of North 35 degrees 43 minutes 40 seconds East 314.48 feet, on said Miller Road right of way; thence North 51 degrees 15 minutes 25 seconds East 144.67 feet, on said Miller Road right of way to the Southerly right of way line of Court Street; thence South 89 degrees 53 minutes 35 seconds East 708.42 feet, on said Court Street right of way to the point of beginning and centerline of a 30.00 foot wide strip of land; thence South 17 degrees 03 minutes 30 seconds East 192.04 feet; thence South 00 degrees 08 minutes 30 seconds East 222.15 feet; thence South 05 degrees 11 minutes 37 seconds West 108.58 feet; thence South 23 degrees 55 minutes 09 seconds West 140.74 feet; thence South 44 degrees 26 minutes 59 seconds East 121.66 feet, to a point of ending. The sidelines of this easement shall be shortened or lengthened to close on themselves, the Southerly right of way of Court Street and/or the Northerly line of the bonded parent parcel.

QUITCLAIM DEED

Michigan Department of Education
Michigan School for the Deaf and Blind
2000 Variable Rate Revenue Notes

THIS QUITCLAIM DEED is made as of _____, 2011 between the STATE BUILDING AUTHORITY (the "Authority"), a public body corporate and politic, organized and existing under the authority of 1964 PA 183, as amended (the "Act"), whose address is Lewis Cass Building, 320 S. Walnut, Lansing, Michigan, Grantor, and the STATE OF MICHIGAN, whose address is Capitol Building, Lansing, Michigan, Grantee;

The Authority, as authorized by the Act, acquired the premises described on Exhibit A and the easement described in Exhibit B for the purpose of leasing the premises, including facilities constructed thereon, to the State of Michigan (the "State") (the premises and the facilities together are the "Facilities"), and the Authority leased the Facilities to the State pursuant to a lease dated as of August 1, 1999 (the "Lease").

Under the terms of the Lease, the Authority agreed to convey title to the Facilities to the State upon request by the State after certain conditions specified in the Lease have occurred.

All conditions precedent, as established by the Lease, to conveyance of title to the Facilities by the Authority to the State have occurred and the State has requested that the Authority convey title to the Facilities to the State.

NOW THEREFORE, the STATE BUILDING AUTHORITY QUITCLAIMS to the STATE OF MICHIGAN the premises described on attached Exhibit A, together with all right, title and interest of the Authority in and to the premises; together with all the easements of record, tenements, hereditaments and appurtenances belonging or appertaining thereto for the use of the State for the sum of One ($1.00) Dollar, the receipt of which is acknowledged, and the assumption by the State of all monetary obligations and legal responsibilities for the operation and maintenance of the Facilities.

This property may be located within the vicinity of farmland or a farm operation. Generally accepted agricultural and management practices which may generate noise, dust, odors, and other associated conditions may be used and are protected by the Michigan Right to Farm Act. MCL 560.109(4).

This deed is not given in connection with the sale of a parcel of land. Therefore, the rights to division under Section 108 of the Land Division Act, Act No. 288 of the Public Acts of 1967 is not applicable.

THIS INSTRUMENT IS EXEMPT FROM COUNTY AND STATE REAL ESTATE TAX PURSUANT TO MCL 207.505(h)(i) AND MCL 207.526(h)(i), RESPECTIVELY.

IN WITNESS WHEREOF, the State Building Authority, by its Executive Director, and the State of Michigan, by its Governor and Secretary of State, have executed this instrument as of the date written above.

CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT

This CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT is made between the State of Michigan and the State Building Authority and is effective as of _____1, 2011.

DEFINITIONS

In addition to the words and terms defined elsewhere in this Agreement, the following words and terms shall have the following meanings unless the context or use indicates a different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act" means Act No. 183, Public Acts of Michigan, 1964, as amended, MCL 830.411 to 830.425.

"Agent" means State Street Bank and Trust Company, as agent, or any successor agent for the Bank, or if there shall be no Agent, then Agent shall mean the Bank.

"Agreement" means this Construction and Completion Assurance Agreement between the Authority and the State relating to the construction of the Facility.

"Architect" means Professional Services Industries, 1000 N. Opdyke Road, Suite C, Auburn Hills, MI 48326.

"Architect Agreement" means the agreement with the Architect regarding the construction of the Facility.

"Authority" means the State Building Authority created under the Act or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bank" means the bank or banks which issue the Letter of Credit or any other credit facility providing notes , initially State Street Bank and Trust Company, a Massachusetts trust company, and U.S. Bank National Association, a national banking association, and its or their successors or assigns.

"Board" means the State Administrative Board of the State.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which are secured in whole or in part by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" means the certificate of the Architect that the Facility or a portion thereof is available for tenantability given consistent with Section 16.

"Code" means the Internal Revenue Code of 1986, as amended.

"Completion Account" means the separate sub account or account established within the Acquisition Account for the Facility.

"Construction Company" means E.L. Bailey & Company, 23555 Northwestern Hwy., Suite 202, Southfield, MI 48075.

"Contract" means the construction contract entered into for construction of the Facility.

"Contract Completion Date" means July 31, 2011, the date construction on the Facility is to be completed.

"Draw Down Schedule" means the estimated monthly cash flow schedule of the payment of the Authority's Facility Cost.

"Facility" means the Site, all real property interests appurtenant thereto and all buildings, structures, and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described in the attached Exhibit B, but shall not include the State's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Inspecting Architect or Engineer" means an architect or engineer licensed and in good standing in the State of Michigan, who acts as the Authority's agent in reviewing the progress of construction of the Facility and making certifications in connection with Requisition Certificates and performing the other tasks and duties considered appropriate by the Authority. A form of the Inspecting Architect or Engineer's certificate is attached to this Agreement as Exhibit D.

"Lease" means the lease agreement between the Authority and the State as amended or supplemented, a form of which is attached to this Agreement as Exhibit A.

"Legislature Approval" means the concurrent resolution of the Legislature approving (i) the conveyance of the Site to the Authority, (ii) the form of Lease pursuant to which the State will lease the Site and the Facility from the Authority, and (iii) a range of true rental based upon an appraisal letter.

"Letter of Credit" means the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

"Notes" means the obligations issued by the Authority under the Trust Indenture or any subsequent trust indenture providing funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the State of Michigan with the Authority, and approved by the Authority in accordance with this Construction Agreement.

"Reimbursement Agreement" means the Reimbursement Agreement, or any other Reimbursement Agreement entered into by the Authority in connection with the issuance of Notes.

"Requisition Certificate" means the certificate signed by an authorized official of the State authorizing the Authority and the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to this Construction Agreement and the Trust Indenture. A form of the Requisition Certificate is attached to this Agreement as Exhibit C.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of the Bonds. The term also includes any master indenture, indenture, or supplemental indenture, as amended from time to time, entered into by the Authority in connection with the Bonds.

"Site" means the real property described in Exhibit B attached to this Agreement.

"State" means the State of Michigan.

"Total Facility Cost" means (a) the obligations of the State or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the Construction Period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority dated March 4, 1992, and the certificate of the Executive Director of the Authority dated October 3, 2008, authorizing the reimbursement of such advances or otherwise permitted under the Code.

"Trustee" means a bank having trust powers or a trust company currently designated as trustee for the Notes in the Trust Indenture. Upon issuance of the Bonds, all funds held by the Trustee related to the Project shall be transferred to the trustee for the Bonds and, thereafter, all references in this Agreement to the Trustee shall be to the trustee for the Bonds.

"Trust Indenture" means the Trust Indenture, between the Authority and the Trustee, as amended or supplemented, entered into in connection with the issuance of Notes.

RECITALS

A. The State has determined that it is necessary and desirable to acquire, renovate, equip and/or construct the Facility on the Site, which is owned by the State, to carry out governmental functions and to provide necessary services to the people of the State, as mandated or permitted by Constitution and law. Use of the Act to accomplish those purposes is the most practical means to that end at the lowest cost to the State.

B. The State has requested that the Authority finance the acquisition, renovation, construction and/or equipping of the Facility on the Site and the Authority has agreed to issue the Notes, a portion of the proceeds of which will be used to acquire, renovate, equip, and/or construct the Facility in consideration of the State granting a license to the Authority to enter upon the Site and undertake the acquisition, renovation, equipping and construction, the State's agreement to undertake, on behalf of the Authority, the oversight of the acquisition, renovation, equipping and construction, and the State's agreement to convey, upon or prior to completion of the Facility, the Site and the Facility, to the Authority and to lease, together with the State, the Site and the Facility from the Authority at a true rental determined in accordance with the Act.

C. The Authority proposes to issue its Notes under the Trust Indenture, which shall establish the Acquisition Account and the procedures for disbursements from the Acquisition Account.

D. The Notes shall be secured by the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

E. The Legislature, the Board, and the Authority, have each approved the conveyance of the Site to the Authority, the form of Lease, and a range of true rental based upon an appraisal letter. The execution and delivery of this Agreement has been approved by the Board and the Authority.

NOW, THEREFORE, in consideration of the mutual rights and obligations set forth in this Agreement, and other good and valuable consideration the receipt and sufficiency of which is acknowledged by the parties, the State and the Authority agree as follows:

SECTION 1. Financing of Construction. The Authority shall acquire, renovate, equip, and/or construct the Facility in accordance with the Plans with the revisions as may be properly approved pursuant to Section 3 of this Agreement. The State represents that the acquisition, renovation, equipping and construction can be completed in accordance with the Plans at a Total Facility Cost of $5,755,000. The Authority agrees to use its best efforts to issue the Notes, over time, in an aggregate amount sufficient to produce available proceeds designated for the Authority's Facility Cost of $5,744,800. The State represents that it has or will have available, including any amounts which have been set forth in an appropriation act, an amount equal to the difference between the Authority's Facility Cost and the Total Facility Cost.

The amount of proceeds of the Notes to be issued on any date which will be used to pay the Authority's Facility Cost, shall be based upon the aggregate amount required and the times at which amounts are required as certified by the State in the Draw Down Schedule. The Executive

Director may rely on the accuracy of the Draw Down Schedule in determining the amount of Note proceeds to be allocated to the Authority's Facility Cost at any given time. The State may revise the Draw Down Schedule by written notice to the Executive Director and the revised Draw Down Schedule shall be effective with respect to any Notes issued more than 10 days after the Executive Director's receipt thereof.

SECTION 2. Grant of License and Designation of the State to Construct on Behalf of the Authority. The State grants a license to the Authority to construct the Facility on the Site and agree that the Authority shall have such rights of ingress and egress on and across the Site as are necessary to construct and use the Facility in connection with its construction. The State shall not revoke this grant while this Agreement is in effect.

The State shall act on behalf of the Authority to oversee the acquisition, renovation, equipping and/or construction of the Facility. The State shall undertake all responsibility for and, except as expressly set forth below with respect to payment, all liability in connection with bidding for and selecting contractors and managing and overseeing the construction process. The State shall have the Facility acquired, renovated, equipped, and/or constructed in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost.

The Authority's sole liability in connection with any contracts for construction entered into with respect to the Facility shall be payment for acquisition, renovation, design, equipping, and/or construction costs to the extent set forth in Section 4 of this Agreement and shall in no event exceed the Authority's Facility Cost. Construction contracts shall meet the requirements of Section 5 of this Agreement.

If the State, prior to completing the Facility as provided in this Agreement, ceases work on the Facility and fails to resume the work within 10 days after written notice from the Authority or the Trustee to the State, and the State identifying the cessation of work (except where such cessation in work is caused by causes beyond the State's reasonable control, including, but not limited to, labor disputes, fire, unusual delay in transportation or unavoidable casualties) and requesting the work on the Facility be resumed, fails to complete the Facility in substantial accordance with the Plans, or makes changes in the Plans without first securing written approval when required by Section 3 of this Agreement, or if the Authority determines the State is not using its best efforts to complete the Facility in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost, then the Authority may revoke its designation of the State to construct the Facility and may have the Facility completed substantially according to the Plans and may proceed in so doing with the Trustee or an assignee. In completing the Facility, the Authority shall have all necessary powers, including but not limited to the following:

(a) to use any available funds in the Acquisition Account in the manner called for by the Plans and to present draw requests to provide for the deposit of additional funds in the Acquisition Account for such purposes,

(b) to make changes and corrections in the Plans as shall be necessary or desirable to complete the Facility in the manner contemplated by the Plans, or as provided in Section 3 of this Agreement if the amount available for completion of the

Facility is not sufficient to complete the construction and acquisition of the Facility in accordance with the Plans,

(c) to employ such contractors, subcontractors, agents, architects, and inspectors as shall be required for such purposes,

(d) to pay, settle or compromise all existing bills and claims which may be liens against the Site, or as may be necessary or desirable for the completion of the Facility, or for clearance of title,

(e) to execute all applications and certificates in the name of the State which may be required by this Agreement or any construction contract,

(f) to prosecute and defend in the name of the State all actions or proceedings in connection with the construction of the Facility and to take such action and require such performance and payment bonds and the builders' risk insurance specified in Section 5 of this Agreement, and

(g) to take any actions as the Authority considers necessary in the exercise of its sole discretion to complete the Facility in the manner contemplated by the Plans and this Agreement.

The foregoing rights and remedies shall be supplemental to, and shall not preclude, the exercise by the Authority or the Trustee of any rights or remedies otherwise provided by law.

SECTION 3. Revisions to Plans. The State may make any modifications of the Plans and modifications to the Facility, so long as the modifications in the Plans or to the Facility do not, in the written opinion of the Architect, materially alter the size, scope or function of the Facility, together with any previous modifications in the Plans or to the Facility, extend the completion date beyond the Contract Completion Date, cause the estimated cost of design and construction of the Facility to exceed the amount of the Total Facility Cost approved by this Agreement, materially affect the structural integrity and utility of the structures, impair the usefulness or character of the Facility, or violate the requirements of any licensing authority and do not, in the written opinion of an authorized officer of the State, decrease the rental value of the Facility. Any other modifications in the Plans or to the Facility shall not be made without the prior approval of the Authority, the Agent, and the contractors' sureties (if required by any surety bond).

No modifications to the Plans or the Facility shall be made unless (i) there shall be on deposit with the Authority adequate moneys available therefore, (ii) the State shall have deposited in the Acquisition Account adequate moneys to pay any additional costs resulting therefrom, or (iii) if authorized by the Legislature, the Board, and the Authority, this Agreement shall have been amended to evidence the Authority's agreement to increase the Authority's Facility Cost to an amount which, together with moneys, if any, described in (i) and (ii), are adequate therefore. All revisions of the Plans, all change orders with respect thereto and the opinion of the Architect and the authorized officer of the State referred to above shall be filed with the Agent and the Executive Director of the Authority.

SECTION 4. Payment of Design and Construction Costs. The Authority shall authorize the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to the provisions of this Agreement, upon receipt of a Requisition Certificate signed by an authorized official of the State, as applicable, approved by the Authority, stating with respect to each payment to be made: (i) the Requisition Certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such Requisition Certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account and has not been the basis of any previous payment, (vi) that the cost of the portion of the Facility covered by such Requisition Certificate is not less than the amount to be paid thereunder, (vii) that the State is not in default under this Agreement and that nothing has occurred to the knowledge of the State which prevents the performance of the State's obligations under this Agreement, and (viii) that after the payment of the requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of additional Notes and funds to be provided by the State, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

The State shall also provide the Authority, the Bank, and the Trustee with (i) sworn statements and, if appropriate, waivers of lien (satisfactory in form and substance to the Authority) by contractors, subcontractors and for materialmen on the Facility and endorsements to the title insurance policy, if any has been provided pursuant to this Agreement, showing coverage by an amount not less than the moneys which have been expended by the Authority for the Facility, including the disbursement being requested and (ii) an itemization of the Authority's Facility Cost in sufficient detail to evidence incurring of such cost for the payment of which application has been or is then being made. The State shall permit the Authority, the Bank, and the Trustee, upon request, to inspect the records of the State relating to the Total Facility Cost and the Authority's Facility Cost.

SECTION 5. Requirements for Construction Contracts. The State shall enter into construction contracts for the Facility, executed copies of which shall be filed with the Authority. The State represents and covenants that the Facility can be completed within the Total Facility Cost and that there is or will be available an amount of funds, which together with the Authority's Facility Cost, is sufficient to pay the Total Facility Cost. As evidence of the sufficiency of the construction contracts, the State shall furnish the Authority, the State, the Agent, and Trustee, at the time of execution of this Agreement, with the following:

(a) a detailed breakdown, certified by the Architect, itemizing by major category, of all costs necessary and sufficient for the completion of the Facility as a tenantable space,

(b) copies of performance and payment bonds written by a surety company satisfactory to the Executive Director of the Authority, payable to the State, the Authority, and the Trustee as their interests may appear, assuring completion of the Facility and payment of all contracts and claims for acquisition, construction, installation, renovation and equipping of the Facility or a certificate in form and substance

satisfactory to the Executive Director of the Authority evidencing the existence of the performance and payment bonds, as the Executive Director of the Authority shall direct,

(c) the Draw Down Schedule,

(d) a copy of a builder's risk insurance policy or policies issued by a financially responsible insurer fully qualified under the laws of the State to provide such insurance, insuring all contractors, the State and its departments, boards, commissions, officers and employees, the Authority, the Bank, and the Trustee in form and amount satisfactory to the Architect and the Executive Director of the Authority or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing such insurance, as the Executive Director of the Authority shall direct, and

(e) a certificate of the State certifying that funds, other than the proceeds of the Notes or other Authority funds, equal to the difference between the Total Facility Cost and the Authority's Facility Cost (i) are currently available and being held for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans, or if not currently available, identifying the sources of funds and the times at which such funds are expected to be available or (ii) have previously been expended for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans.

The State shall not consent to any amendments to any of the construction contracts, whether by change order or otherwise, or take any action or fail to take any action which increases the Authority's Facility Cost or the Total Facility Cost or materially alters the scope, character, or function of the Facility, decreases the rental value of the Facility, or extends the Contract Completion Date without the prior written approval of the Authority and the Agent.

The State will supply, as reasonably requested by the Authority, the State, or the Agent, copies of any monthly progress reports as are received by the State from the Architect or any contractor with respect to construction of the Facility.

SECTION 6. Additional Construction Commencement Requirements. Prior to the commencement of construction, the State shall supply to the Authority and the State:

(a) a title insurance commitment in favor of the Authority and the State issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for its intended purposes or materially detract from its value,

(b) a survey of the site, certified to the Authority and the State, consistent with the title commitment and showing, at a minimum, the location of all proposed improvements and the status of the property in terms of the 100 year flood plain as designated by the Army Corps of Engineers or Michigan Department of Natural Resources,

(c) evidence satisfactory to the Authority and the State of no unacceptable environmental contamination at the Site,

(d) evidence satisfactory to the Authority and the State of all governmental permits, if any, necessary for the construction of the Facility,

(e) executed copies of the Contract and Architect Agreement, and

(f) an opinion of counsel to the State that this Agreement, the Contract, and the Architect Agreement are the valid and binding obligations of the State.

SECTION 7. Assignment of Contract and Architect Agreement.

(a) The State represents and warrants to the Authority that:

(1) it has not assigned, transferred, or delivered and covenants that it will not assign, transfer, or deliver, so long as this Agreement shall remain in effect, any of the State's right, title or interest to the Contract and the Architect Agreement to anyone other than the Authority, its successors or assigns,

(2) its right, title and interest under the Contract and the Architect Agreement are not currently subject to any liens, encumbrances, or security interests,

(3) the Contract and the Architect Agreement are in all respects in full force and effect and enforceable in accordance with their respective terms except as enforcement may be limited by applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws affecting the rights of creditors generally, and

(4) it is not in default under the Contract or the Architect Agreement and is not aware of any other default under the Contract or the Architect Agreement as of the date of this Agreement.

(b) The State assigns, transfers, and delivers to the Authority, as collateral security for the performance of its obligations under this Agreement or the Lease, all of the State's right, title and interest under the Contract and the Architect Agreement.

(c) Upon default by the State in the performance of any obligation under this Agreement or the Lease to file any claim, take any action or institute any proceeding which the Authority considers necessary or advisable in connection with the Contract or the Architect Agreement, the State appoints the Authority as its true and lawful attorney, coupled with an interest, to act in the name and stead of the State. Such appointment shall not be effective until after 30 days prior written notice to the State during which time the State shall have the opportunity to cure any such default unless the default shall be the result of the State abandoning construction or ceasing work on the Facility in which case notice thereof shall be given in accordance with Section 2 of this Agreement.

(d) Notwithstanding anything to the contrary in this Agreement, until the Authority elects to exercise its right, title and interest under the Contract and/or the Architect Agreement:

(1) the Authority shall not be obligated to give any directions, make any demands, give any notices of nonperformance, protest or notices of protest in connection with any obligation that constitutes an obligation of the State secured hereunder and the State shall remain solely liable under the Contract and the Architect Agreement and the State shall perform all of the State's obligations thereunder in accordance with their terms and provisions, and

(2) the Authority shall have no obligation or liability under the Contract or the Architect Agreement by reason of, or arising out of, this Agreement, nor shall the Authority be obligated in any manner to fulfill any obligations of the State under the Contract or the Architect Agreement.

(e) The obligations of the State under the Contract and the Architect Agreement may be performed by the Authority or its nominee after 30 days from the date of written notice to the State except after the abandonment of construction or cessation of work on the Facility by the State in which case the notice period shall be 10 days without releasing the State therefrom and without resulting in any assumption of the Contract or the Architect Agreement by the Authority.

(f) The State authorizes and directs the Construction Company and the Architect to perform the terms and conditions of the Contract and the Architect Agreement, respectively, and to complete the performance thereunder for the benefit of the Authority in the event of the State's default under this Agreement or under the Lease or upon the Authority's election to exercise the State's obligations under the Contract or the Architect Agreement.

SECTION 8. Insurance. Upon execution of this Agreement and thereafter as the construction of the Facility permits, the State shall keep the Facility insured against all of the following, provided that the State shall not be required to carry a particular type of insurance as set forth below during any time period that such insurance is not available in the insurance market of the United States:

(a) "All risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement Authority's Facility Cost with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds, or additional insureds and loss payees: the Agent, the Authority and its officers, agents and employees, the State and its officers, agents and employees, and the Trustee, as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority and used as provided in the Trust Indenture. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Agent, and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or nonrenewed or substantially reduced as to coverage without thirty days prior written notice to the Authority, the Agent, the Trustee, and the State. The policies of insurance described in the above subparagraphs may contain additional deductible and coinsurance features, but only if the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the State. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or a self-insurance pool in which the State is a participant; provided that such self-insurance program or pool will provide the full coverage required for the Facility. The State shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Agreement by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 27 or other form acceptable to the Authority or other funding satisfactory to the Authority, the Trustee, and the Agent.

In the event the State fails to secure or maintain the insurance as required in this Agreement, the Authority may, but shall not be obligated to, secure the insurance. Upon demand of the Authority, the State shall pay the cost of that insurance.

The Authority waives any claim of liability against the State its officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or its officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State waives any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its trustees, officers, agents or employees, to the extent that the amount of such loss or damage is covered by

insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the State or the Authority under this Agreement or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against the State or its officers, agents or employees, or the Authority or its officers, trustee, agents or employees, or the State is waived.

SECTION 9. Inspecting Architect or Engineer. The Authority may, at its option, obtain the services of an Inspecting Architect or Engineer. It is agreed that the Authority assumes no obligation to the State with respect to the acts or omissions of the Inspecting Architect or Engineer or with respect to any negligence or defect in the design or construction of the Project. All fees, costs and expenses of the Inspecting Architect or Engineer shall be a Total Facility Cost to the extent of budgeted costs and any costs in excess of that amount shall be paid by the State.

SECTION 10. Conveyance of Site to Authority. Prior to the earlier of:

(a) the date of delivery of the Bonds to provide long-term financing of the Authority's Facility Cost,

(b) the date the Architect files a Certificate of Tenantability,

(c) 15 days prior to the third anniversary of Legislative Approval of the Lease,

(d) 30 days prior to the Stated Termination Date of the Letter of Credit, as defined in the Letter of Credit,

(e) 15 Business Days (as defined in the Trust Indenture) prior to the date on which all outstanding principal of and interest on the Notes is expected to be paid in full by a draw on the Letter of Credit and refunding Notes under the Trust Indenture are not to be issued, or

(f) 15 days following the date of receipt of notice by the Trustee from the Agent of an Event of Default under the Reimbursement Agreement instructing the Trustee to accelerate the Notes,

the State shall execute and deliver to the Authority a quitclaim deed conveying the State's interest in the Site to the Authority. The State shall also at that time deliver a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

SECTION 11. Personal Property Components of the Facility. Upon the execution of this Agreement and from time to time during the construction period, the State, to the extent that it holds title to any portion of the Facility, shall execute and deliver to the Authority such bills of sale or other instruments of transfer as may be necessary to vest title to the Facility (but not to the Site) in the Authority, subject only to the encumbrances and reservations permitted in this Agreement, so that, upon completion of the Facility, the Authority shall be the owner of the Facility.

SECTION 12. Agreement to Lease. Upon the transfer of title to the Site from the State to the Authority, the Authority shall lease the Facility to the State and the State shall lease the Facility from the Authority at a true rental determined in accordance with the Act pursuant to the Lease.

SECTION 13. Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Agreement:

(a) If the total or partial destruction occurs as a result of any act or omission on the part of the State or any of its agents or employees (whether negligent or otherwise), the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources), replace or repair the Facility to the state of construction immediately prior to the destruction to the reasonable satisfaction of the Authority, and this Agreement shall remain in effect and the State shall be entitled to receive all insurance payments; provided, however, if there are at the time the insurance proceeds become available, outstanding Obligations (as defined in the Reimbursement Agreement) related to the Facility or if an Event of Default has occurred and is continuing under the Reimbursement Agreement, the Agent may direct the use of insurance proceeds to the payment of those Obligations and the State shall be relieved of its responsibility to replace or repair the Facility.

(b) If the total or partial destruction of the Facility occurs for causes not described in Section 13(a), and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State that it has sufficient funds (from insurance proceeds or other sources including additional issuances of Notes) available to repair or replace the Facility to the state of construction immediately prior to the destruction, and, unless otherwise consented to by the Agent, that there are other funds legally available and deposited in the Note Fund which will be sufficient to pay any Obligations related to the Facility which are outstanding at the time of the demonstration of sufficient funds, the State may repair or replace the Facility if the estimated "true rental" after such repair or replacement shall not be less than the estimated "true rental" prior to the destruction. If the Facility is to be repaired or replaced, the Authority shall pay to the State the cost of repair or replacement of the Facility in the amount incurred by the State for the repair or replacement of the Facility and this Agreement shall remain in effect; provided, however, under no circumstances will the amount paid to the State for repair or replacement exceed the amount of the insurance proceeds together with additional issuances of Notes, if any. Notwithstanding the foregoing, the Authority shall not elect to repair or replace the Facility (i) if Notes are outstanding with respect to the Facility and if based upon an Architect's certificate, the Facility will not become tenantable on or prior to the Expiration Date (as defined in the Letter of Credit) unless the Agent is satisfied that the Authority nonetheless reasonably expects to have funds available to reimburse the Bank on or prior to the Expiration Date all as further provided in the Reimbursement Agreement or (ii) if an Event of Default has occurred and is continuing under the Reimbursement Agreement.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility and meet the prior obligation set forth in Section 13(b), then this Agreement may be terminated by either the State or the Authority upon thirty days

written notice to the other parties, in which event all insurance proceeds shall be applied as provided in the Trust Indenture.

(d) Insurance proceeds paid to the Authority as provided in Section 13(b), are to be used for the repair or replacement of the Facility by the State. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Trust Indenture. If surplus funds remain after application of insurance proceeds as provided in the Trust Indenture, that surplus shall be paid to the State to be credited to its General Fund or otherwise as agreed to by the State.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority, the Agent, and the State. (State approval shall be evidenced by the approval of the Board and by a concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each house.)

SECTION 14. Tax Covenant. If the Notes or the Bonds are issued as obligations the interest on which is excluded from gross income for federal income tax purposes under the Code, the State will, to the extent permitted by law, take all actions within its control and shall not fail to take any action as may be necessary to maintain the exclusion of the interest on the Notes or Bonds from gross income for federal income tax purposes under the Code, and shall not use the Facility in any manner which would cause the Notes or the Bonds to be Private Activity Bonds (as defined in the Code).

SECTION 15. Assignment of Rights. Upon the issuance of the Notes, the Authority shall, pursuant to the Trust Indenture, assign its rights in, including rights to enforce this Agreement, and pledge any money receivable under this Agreement (other than certain insurance payments to be paid to the Authority under Section 8 of this Agreement), if any, to the Trustee as security for the payment of certain obligations of the Authority under the Trust Indenture to the Noteholders and the Bank. The Authority also assigns its rights to enforce this Agreement directly against the State to the Bank in the event that there has been a final draw on the Letter of Credit to pay principal of and interest on the Notes allocable to the Facility and those Notes are not to be refunded and there remain Obligations relating to the Facility owing to the Bank to the extent of such remaining Obligations. The State consents to such assignments and to any further assignments to a trustee with respect to any obligations of the Authority issued to refund or refinance the Notes.

SECTION 16. Termination. Except as set forth below with respect to rights of the Bank, this Agreement shall terminate upon receipt by the State and the Authority of the Certificate of Tenantability for the Facility pursuant to the Lease. This Agreement shall be effective as to rights of the Bank for such time as Obligations are owing to the Bank and so long as the Bank has not wrongfully dishonored its obligations under the Letter of Credit.

WHEREOF, the State Building Authority, and the State of Michigan have each executed this Agreement by their duly authorized officers.

LEASE

THIS LEASE is entered into as of _____, 20__ between the STATE BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 183, Public Acts of Michigan, 1964, as amended, and the STATE OF MICHIGAN.

P R E M I S E S:

WHEREAS, the Authority was established under Act 183 for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963, or any of its agencies;

WHEREAS, the State desires that the Authority acquire the Facility, including the Site, and lease the Facility to the State;

WHEREAS, the Facility has been constructed and the Site and the Facility have been conveyed to the Authority by the State as provided by Act 183;

WHEREAS, the acquisition of the Facility by the Authority for use by and lease to the State will permit the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the Constitution and law, and the use of Act 183 to accomplish the acquisition represents the most practical means to that end at the lowest cost to the State; and

WHEREAS, the execution and delivery of this Lease has been validly authorized by the State Administrative Board of the State, by the Legislature of the State by concurrent resolution concurred in by a majority of the members elected to and serving in each house and by the Board of Trustees of the Authority;

NOW, THEREFORE, in consideration of the premises and of the covenants and undertakings of this Lease, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1 Definitions. In addition to the words and terms elsewhere defined in this Lease, the following words and terms as used in this Lease and the preambles hereto shall have the following meanings unless the context or use indicates another or different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act 183" means Act No. 183, Public Acts of Michigan, 1964, as amended, being Sections 830.411 to 830.425, inclusive, of Michigan Compiled Laws.

"Authority" means the State Building Authority created under Act 183 or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Address" means State Building Authority, Lewis Cass Building, 320 South Walnut, 1st Floor, Lansing, Michigan 48933.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which were secured in whole, or in part, by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" shall mean the certificate rendered pursuant to Section 2.5 hereof, which when filed, will trigger commencement of rental payments in accordance with Section 3.3 hereof.

["Construction Agreement" shall mean the Construction and Completion Assurance Agreement between the Authority and the State relating to construction of the Facility.]

"Facility" means the Site, all real property interests appurtenant thereto, and all buildings, structures and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described on in Exhibit A attached hereto and hereby made a part hereof, but shall not include trade fixtures related to energy conservation and security enhancement, the State's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Improvements to the Facility" means such additions, improvements or replacements of or to the Facility as provided by Section 4.5.

"Lease" means this lease agreement between the Authority and the State, as amended or supplemented as provided in Section 6.3.

"Notes" means the obligations issued by the Authority under the Trust Indenture to provide funds, among other purposes, to pay the Authority's Facility Cost.

["Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the State with the Authority and approved by the Authority, in accordance with the Construction Agreement.]

"Rental" means the rental required to be paid to the Authority by the State pursuant to Section 3.3, which shall be not more than the "true rental" for the Facility as determined by the State Administrative Board pursuant to Act 183, the rental being not greater than the economic or market value to the State of the Facility over and above the estimated expenses of operation, maintenance and repair of the Facility, not taking into account the right of the State to acquire title to the Facility as provided in Section 6.12 upon termination of this Lease.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of Authority Debt. The term also includes the Trust Indenture or any master indenture, indenture and supplemental indenture, as amended from time to time, entered into by the Authority in connection with Authority Debt.

"Site" means the real property described in Exhibit B attached hereto.

"State" means the State of Michigan. The Department of Technology, Management and Budget shall be responsible for administering the terms of this Lease on behalf of the State.

"State's Address" means State of Michigan, Department of Technology, Management and Budget, Lewis Cass Building, 2nd Floor, Box 30026, Lansing, Michigan 48909, Attention: Director.

"Total Facility Cost" means (a) obligations of the State or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the construction period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992, the certificate of the Deputy Executive Director of the Authority dated July 28, 2005 and the certificate of the Executive Director of the Authority dated October 3, 2008 authorizing the reimbursement of such advances or otherwise permitted under the Internal Revenue Code of 1986, as amended.

"Trustee" means a bank having trust powers or a trust company to be designated in the Resolution of the Authority, or any successor trustee at the time serving as such under the Resolution.

"Trustee's Address" means the address of the Trustee as indicated in the Trust Indenture.

"Trust Indenture" means the trust indenture, master indenture and supplemental indenture, as amended from time to time, entered into in connection with the issuance of Authority Debt.

ARTICLE II

ACQUISITION AND COMPLETION OF FACILITY

Section 2.1 [Plans and] Authority's Facility Cost. The Authority's Facility Cost in the amount set forth on page A-2 in Exhibit A [and the Plans] have been approved by the Authority and the State in accordance with applicable law. The Authority's acquisition of the Facility shall be financed by issuing Authority Debt. That portion of the proceeds of such Authority Debt which will be used to pay the Authority's Facility Cost shall be deposited in the Acquisition Account. The amount of such proceeds shall not exceed the amount of the Authority's Facility Cost except as otherwise provided for herein. If the proceeds from the initial issuance of Authority Debt to pay the Authority's Facility Cost are less than the corresponding amount set forth on page A-2 in Exhibit A, the Authority may issue additional Authority Debt at a later date or dates to pay the remaining portion of the Authority's Facility Cost so long as the aggregate amount of proceeds of all Authority Debt which then have been or will be used to pay the Authority's Facility Cost does not exceed the corresponding amount set forth on page A-2 in Exhibit A.

Section 2.2 Sale and Conveyance of Facility to Authority. The State has executed and delivered to the Authority a quitclaim deed conveying and vesting in the Authority the State's interest in the title to the Site, and the State has executed and delivered to the Authority a bill of sale conveying and vesting in the Authority the Facility as acquired, constructed and installed by the State.

Prior to or contemporaneously with the execution of this Lease, the State shall deliver a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, each of which shall be subject only to the encumbrances and reservations which are acceptable to the Authority and which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

Contemporaneously with the delivery of this Lease, the Authority shall, pursuant to the Resolution, assign its rights in, and pledge any moneys receivable under this Lease other than indemnity and certain of the insurance payments to be paid to the Authority under Sections 4.2,

4.3 and 4.5 of this Lease, if any, to the Trustee as security for the payment of certain obligations of the Authority. The State hereby consents to such assignment. The Authority shall reserve the right to enforce in its own name and for its own benefit, certain of the obligations of the State to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease.

Section 2.3 Price and Manner of Payment by Authority for Facility. The Authority shall pay to the State as the purchase price for the Facility the amount paid or incurred by the State for the Authority's Facility Cost, but the total amount paid by the Authority for the Facility shall not exceed the amount approved by Section 2.1. The purchase price for the Facility shall be paid on behalf of the Authority by the Trustee to the State from time to time from moneys in the Acquisition Account upon presentation of the requisition certificates (which shall constitute covenants of the State to the Authority and the Trustee). The State shall convey the Site to the Authority without cost to the Authority.

Section 2.4 Disbursements From Acquisition Account. The Authority in the Resolution has authorized the Trustee to make payments from the Acquisition Account to pay the Authority's Facility Cost subject to this Lease, upon receipt of a requisition certificate signed by an authorized official of the State and approved by the Authority stating with respect to each payment to be made: (i) the requisition certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such requisition certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account, and has not been the basis of any previous payment, (vi) that the cost to the State of the portion of the Facility covered by the requisition certificate is not less than the amount to be paid to the State thereunder, (vii) that all bills of sale necessary to vest title to the portion of the Facility covered by the requisition certificate in the Authority have been executed and delivered or assigned by the State to the Authority, (viii) that the State is not in default under this Lease and that nothing has occurred to the knowledge of the State which prevents the performance of the State's obligations under this Lease, and (ix) that after the payment of such requisition the amount on deposit in the Acquisition Account together with other moneys to be available, including anticipated proceeds, if any, from the issuance of additional Authority Debt, will be sufficient to acquire the Facility.

[The State shall also provide the Authority and the Trustee with the information identified in the Construction Agreement.] The State shall permit the Authority and the Trustee, upon request, to inspect the records of the State relating to the Authority's Facility Cost.

Section 2.5 Certificate of Tenantability and Certificate of Partial Tenantability. The completion date of the entire Facility and the payment of the entire Total Facility Cost shall be evidenced to the Trustee, the Authority and the State by the Certificate of Tenantability signed by the Architect or by the Office of Facilities of the Department of Technology, Management and Budget of the State to the effect that, except for any Total Facility Cost not then due and payable, or the liability for payment of which is being disputed by the State, construction of the Facility has been completed [in accordance with the Plans] and the entire Total Facility Cost has

been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Upon filing of the Certificate of Tenantability, the State shall occupy the entire Facility for the purpose specified.

If a portion of the Facility is completed prior to the completion date of the entire Facility, such partial completion shall be evidenced to the Trustee, the Authority and the State by the Certificate of Partial Tenantability filed by the Architect setting forth that the portion of the Facility indicated is complete and tenantable, that said portion has been completed in accordance with the plans and the square footage of the Facility. If different portions of the Facility from time to time are completed, the Architect may execute and deliver from time to time several Certificates of Partial Tenantability conforming to the requirements set forth in this section. Upon filing of the Certificate of Partial Tenantability, the State shall be deemed to have occupied the portion of the Facility described in such certificate.

Section 2.6 Name of the Facility. The name of the Facility shall be designated by the State.

ARTICLE III

LEASE OF FACILITY

Section 3.1 Term of This Lease. The term of this Lease shall commence on the date of its execution and shall continue for the period, not to exceed thirty-five (35) years, unless sooner terminated as herein provided.

Section 3.2 Lease of Facility. In consideration of the Rental and other terms of this Lease, the Authority leases the Facility to the State, and the State leases the Facility from the Authority for the term of this Lease.

Section 3.3 Rental. The State shall pay to the Authority for the use of the Facility during the term of this Lease, Rental in the annual amounts set forth in Exhibit C hereto, which amounts shall be certified by the appraiser and approved by the State Administrative Board and the Authority as authorized by Act 183 payable monthly on an annualized basis (except as hereinafter provided) on or before the first day of each month prior to the termination of this Lease.

The full Rental shall commence on the first day of the first month following the date of the filing of the Certificate of Tenantability, but not earlier than the dated date of this Lease.

When a Certificate of Partial Tenantability is filed and until a Certificate of Tenantability is filed, the State shall pay to the Authority for the use of a portion of the Facility monthly in equal amounts (except as hereinafter provided) a portion of the full Rental described above. The partial rental amount shall be computed by multiplying the percentage computed by dividing the

gross square footage that is tenantable as described in all Certificates of Partial Tenantability then filed by the total gross square footage of the Facility times the full amount of the Rental.

The Executive Director of the Authority shall notify the State Administrative Board of failure to complete the Facility in the event that the Facility is not completed within six months of the Contract Completion Date, or prior thereto if the Authority and the State (acting through the Department of Technology, Management and Budget) shall so agree, and the State Administrative Board shall promptly thereafter designate an appraiser. The appraiser shall determine on a functional basis the percentage of completion of the Facility as of the date that such appraisal is made and shall report such percentage to the Authority, the State and the Trustee. The State shall pay to the Authority for use of a portion of the Facility, monthly in equal amounts on an annualized basis (except as hereinafter provided) a portion of the full Rental computed by multiplying the percentage reported by the appraiser times the full amount of the Rental set forth above, the first of such partial Rentals to commence on the first day of the first month following the date of the filing of the appraiser's report. If after payment of a partial Rental under the circumstances above described, further Certificates of Partial Tenantability are filed, the appraiser shall recalculate the percentage of completion each time and shall file with the Authority, the State and the Trustee a report setting forth the revised percentage and such revised percentage shall be the basis for computation from time to time of the partial Rental until the Certificate of Tenantability is filed.

The first monthly Rental payment or partial Rental payment in each case shall be paid on the last day of the month in which the Certificate of Tenantability or the Certificate of Partial Tenantability, as the case may be, is filed and shall be in an amount equal to the annual Rental calculated as above provided divided by 365 and multiplied by the number of days between the date of filing the Certificate of Tenantability or the Certificate of Partial Tenantability and the date on which the next Rental payment or partial Rental payment is due.

The State consents to payment of the Rental or partial Rental directly to the Trustee as provided in the Resolution.

If for any reason other than because of any act or omission of the State or any of its agents or employees (whether negligent or otherwise) the Facility becomes untenantable or partially untenantable, no Rental, or partial Rental only, shall be paid for the period the Facility is untenantable or partially untenantable, and the Rental payments shall be adjusted accordingly by the mutual agreement of the parties hereto; provided, however, that if the Facility is totally or partially destroyed, the provisions of Section 4.4 hereof shall apply in lieu of the provision of this paragraph. For purposes of this Lease the Facility shall not be deemed wholly untenantable if the Facility or any portion thereof can be used by the State for any lawful governmental purpose.

The Governor of the State shall, consistent with Act 183, include in the annual executive budget of the State for each year during the term of this Lease an amount sufficient to pay the Rental required to be paid in such year by the State to the Authority or its assignee. The State is hereby contractually obligated to provide each year adequate appropriations in order to pay the Rental when due, the Rental being an ordinary annual expense and contract obligation of the

State. This provision shall not be deemed a waiver of the State's governmental immunity or its right to invoke or waive governmental immunity.

ARTICLE IV

OPERATION, MAINTENANCE AND INSURANCE OF FACILITY

Section 4.1 Operation of Facility. The State intends to use the Facility as described in Exhibit A hereto, but the State may use the Facility for any lawful governmental purpose. The State may locate and use any of its own personal property in the furtherance of such purpose in or on the Facility and such personal property shall remain the property of the State and shall not become part of the Facility and shall not be subject to this Lease. If the personal property of the State so located in or on the Facility cannot be readily distinguished from the real and personal property comprising the Facility by reference to page A-1 in Exhibit A or other records of the Authority, then such personal property of the State shall remain identified as property of the State by tags or other symbols attached thereto or otherwise clearly associated therewith, and any such items of personal property not so identified shall be presumed to be part of the Facility, but such presumption shall not be conclusive.

The State shall pay all costs and expenses incurred in the operation of the Facility, or arising in connection therewith, including, but not limited to all governmental charges or taxes (or payments in lieu of taxes), if any, levied on the Facility or the operation thereof, and all charges for utility services supplied to, or used in the operation of, the Facility and all charges for insurance required by this Lease. Insofar as it may be lawfully done, the Authority shall be free from all costs, expenses and obligations of operation and maintenance of the Facility, except as otherwise expressly provided herein, and free from all taxes, assessments and other governmental charges, and that this Lease shall be a "net lease" and the State shall pay the Rental throughout the term of this Lease.

Section 4.2 Maintenance and Repair of the Facility. The State shall not cause or permit any waste, damage or injury to the Facility. During the term of this Lease, the State shall, at its own expense, keep the Facility in good condition and repair (reasonable wear and tear and damage by act of God, fire, or other causes beyond the control of the State excepted).

Section 4.3 Insurance. From the date hereof, the State shall, at its own expense, keep the Facility insured against all of the following provided that the State shall not be required to carry a particular type of insurance as set forth during any time period that such insurance is not available in the insurance market of the United States:

(a) "All Risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement cost of the Facility with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Loss of rental, under a rental value insurance policy, resulting from any of the hazards described in subparagraphs (a) and (b) in an amount not less than 300% of the then full annual Rental fixed by this Lease, including all Rental agreed to be paid by the State hereunder, or, in the event of reconstruction of all or any portion of the Facility pursuant to Section 4.4, such greater or lesser amount as shall be necessary to assure Rental payments during the reconstruction period.

(d) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds or additional insureds and loss payees, the Authority and its trustees, officers, agents and employees, the State and its officers, agents or employees (except with respect to the commercial general liability insurance policy described in subsection 4.3(d) above) and the Trustee as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority, and used as provided in Section 4.4 hereof or in the Resolution. All rental insurance proceeds shall be payable to the Authority and applied as provided in the Resolution. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or non-renewed or substantially reduced as to coverage without thirty days' prior written notice to the Authority, the Trustee and the State. The policies of insurance described in the above subparagraphs (a), (b) and (d) may contain additional deductible and coinsurance features, but only if the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the State. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance

program of the State or a self-insurance pool in which the State is a participant; provided that such self-insurance program or pool will provide the full coverage required herein for the Facility. The State shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Lease by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 25-S or other form acceptable to the Authority or other funding satisfactory to the Authority and the Trustee.

Upon the filing of a Certificate of Tenantability or a Certificate of Partial Tenantability and annually thereafter on January 1st of each year the State will file with the Authority a certificate signed by an authorized officer which shall state that the insurance required by this Section 4.3 is in full force and effect.

In the event the State fails to maintain the insurance as required herein, the Authority or the Trustee may secure such insurance.

The Authority hereby waives any claim of liability against the State and its officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or its officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State hereby waives any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the State or the Authority under this Lease or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against either the State or its officers, agents or employees or the Authority or its officers, trustees, agents or employees is waived.

Section 4.4 Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Lease:

(a) If such total or partial destruction occurs as a result of any act or omission on the part of the State or any of its agents or employees (whether negligent or otherwise), the State shall, at its sole expense (from insurance proceeds or other sources), replace or repair the Facility to the reasonable satisfaction of the Authority, and this Lease shall remain in effect and no reduction or abatement of the Rental shall be permitted the State, and the State shall be entitled to receive all insurance payments.

(b) If the total or partial destruction of the Facility occurs for causes not described in clause (a) of this Section 4.4, and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State that it has sufficient funds (from insurance proceeds or other sources) available to repair or replace the

Facility within the period for which the rental value insurance described in Section 4.3(c) is actually then in force, the State may repair or replace the Facility if the estimated "true rental" after such repair or replacement determined in the same manner that "true rental" was determined in the original instance shall not be less than the Rental prior to such destruction and if it is estimated that through the insurance described in Section 4.3(c), together with any other funds legally available therefor, there will be sufficient moneys available to the Authority during any period that the Rental may be suspended or reduced because of such destruction to fully offset the amount of the loss of Rental and to pay the principal and interest requirements on outstanding Authority Debt and any other obligations of the Authority secured by the Rental coming due. If the Facility is to be repaired or replaced the Authority shall pay to the State the cost of repair or replacement of the Facility in the amount incurred by the State for the repair or replacement of the Facility, and this Lease shall remain in effect, but the Rental shall be equitably adjusted by the mutual agreement of the parties according to the extent and time of the loss of the use of the Facility by the State.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility, then this Lease may be terminated by either the State or the Authority upon thirty days' written notice to the other parties, and all Rental of the State shall cease from the date of such termination, in which event all insurance proceeds shall be applied as provided in the Resolution. If the Facility is partially destroyed, but the remaining Facility is usable by the State, then the Rental shall be reduced, if necessary, to reflect the "true rental" of the remaining Facility, the annual amounts of such "true rental" of the remaining Facility to be determined in the same manner that "true rental" was determined in the original instance.

(d) Insurance proceeds shall be paid to the Authority and used as provided in Section 4.4(b), for the repair or replacement of the Facility by the State. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Resolution. In the event surplus funds remain after application of insurance proceeds as provided in the Resolution, then such surplus shall be paid to the State to be credited to its General Fund.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority and the State (State approval shall be evidenced by the approval of the State Administrative Board and by a concurrent resolution of the legislature concurred in by a majority of the members elected to and serving in each house).

Section 4.5 Improvements to the Facility. The State may make any Improvements to the Facility as it deems necessary or desirable, provided that (a) all Improvements to the Facility constituting real property, (other than trade fixtures related to energy conservation and security enhancement) shall become the property of the Authority and subject to this Lease immediately upon the placement thereof in the Facility, and (b) the State shall indemnify the Authority and its trustees, officers, agents and employees, from any and all losses, damages, liabilities or claims

arising from or in connection with the making of such Improvements to the Facility by the State to the extent permitted by law.

At the request of the State, the Authority may, but shall not be required to, acquire or construct Improvements to the Facility. In such event, this Lease shall be supplemented to increase the annual amounts of Rental payable hereunder so long as such amounts do not exceed the "true rental" value of the Facility after acquisition of the Improvements to the Facility as determined and approved pursuant to Sections 1(e) and 7 of Act 183.

If requested by the State, the Authority shall grant an easement for construction purposes on the Site to the State in form and substance satisfactory to the Attorney General of the State.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

Section 5.1 Events of Default. The term "Events of Default" shall mean, whenever used in this Lease, any one or more of the following events:

(a) Failure to pay the Rentals required to be paid under Section 3.3 at the times specified therein.

(b) Failure by the State to observe and perform any covenant or obligation in this Lease for a period of thirty days after written notice specifying such failure and requesting that it be remedied is given to the State by the Authority or the Trustee; provided, however, that if such Default shall be such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the State within such period and diligently pursued until the Default is corrected.

[(c) An event of default under the Construction Agreement.]

The term "Default" shall mean Default by the State in the performance or observance of any of the covenants or obligations in this Lease, exclusive of any period of grace required to constitute an Event of Default.

Section 5.2 Remedies. Upon the occurrence of an Event of Default, the Authority or its assignees, and the Trustee shall be entitled to use and exercise any and all remedies provided by law to correct such Default, including, but not limited to, the remedies provided in Act 183.

ARTICLE VI

MISCELLANEOUS

Section 6.1 Assignment of Lease. The State (with the consent of the Authority) may at any time make any assignment of its interest under this Lease for a use not prohibited by Act 183, provided, however, that (a) the State shall remain liable for all Rental and other obligations of the State under this Lease and (b) no assignment shall be made which would cause the interest on Authority Debt to become included in gross income for federal or State income tax purposes.

Section 6.2 Entry. The Authority, through its officers, agents, or employees, shall have the right at reasonable times of entering the Facility for the purpose of inspecting the Facility to determine compliance with this Lease.

Section 6.3 Amendment to Lease. No amendment to this Lease shall be effective unless the amendment is in writing and is executed by the duly authorized officers of the Authority and the State and all requirements of Act 183 are satisfied.

Section 6.4 Personal Liability. The covenants and obligations made, assumed by or imposed upon the State or the Authority in this Lease are those of the State or the Authority and not of any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority in his or her individual capacity and no recourse shall be had for the payment of the Rental or any other moneys required to be paid by this Lease or for the performance of any other obligation required of the State or the Authority under this Lease against any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or any person executing or attesting to this Lease or the Resolution.

Section 6.5 Notices. All notices, certificates or other communications under this Lease shall be sufficiently given when mailed by registered or certified mail, postage prepaid, return receipt requested, addressed to the Authority, the State or the Trustee, as the case may be, at the Authority's Address, the State's Address or the Trustee's Address, respectively. A duplicate copy of each such notice, certificate or other communication given hereunder to the Authority, the State or the Trustee shall also be given to the others.

The Authority, the State and the Trustee may by written notice designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Section 6.6 Entire Agreement. This Lease contains all agreements between the parties with respect to the Facility, and there are no other representations, warranties, promises, agreements or understandings, oral, written or inferred, between the parties, unless reference is made thereto herein.

Section 6.7 Severability. If any clause, provision or section of this Lease shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or

unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

Section 6.8 Execution in Counterparts. This Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

Section 6.9 Captions. The captions or headings in this Lease are for convenience only and in no way define, limit the scope or intent of any provision of this Lease.

Section 6.10 Applicable Law. This Lease shall be governed in all respects, whether as to validity, construction, performance or otherwise, by the laws of the State.

Section 6.11 Quiet Enjoyment. The Authority covenants that the State upon compliance with the terms of this Lease, shall peacefully and quietly have and hold and enjoy the Facility for the term herein provided, subject to any and all rights of the Authority or its assignees under this Lease.

Section 6.12 Title. After Authority Debt and any additional Authority Debt authorized as provided in the Resolution and any and all other obligations of the Authority which pledge for their payment the Rental, are paid in full or provision for the payment thereof is made as provided in the Resolution or proceedings authorizing any such other obligations of the Authority, and upon request by the State, the Authority shall convey title of the Facility to the State for consideration of $1.00 and the State's assumption of all monetary obligations and legal responsibilities for the operation and maintenance of the Facility. The Authority and the State hereby specifically agree that the obligations of the State to pay the Rental and perform the other duties and obligations of each specified in this Lease do not depend upon the conveyance of the title to the Facility to the State as herein provided and each warrants and represents that this Lease would be executed and delivered by each of them even if title would not pass, it being understood that the passage of title is merely incidental to this Lease and that the Rental is not greater than the economic or market value to the State for the use of the Facility over and above estimated expenses of operation, maintenance and repair of the Facility, not taking into account passage of title to the Facility as provided in this Section.

Section 6.13 Binding Effect. This Lease shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

Section 6.14 Declaration of Governmental Function. The Authority and the State in accordance with Act 183, declare the acquisition of the Facility is intended to serve an essential governmental function and nothing herein is to be construed to conclude a contrary intent.

Section 6.15 Tax Covenant. The State covenants and agrees that to the extent permitted by law, it shall take all actions within its control and that it shall not fail to take any action as may be necessary to provide for and maintain the exclusion of the interest on the Authority Debt from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as

amended (the "Code"), and that it shall not use the Facility in any manner which would cause the Authority Debt to be Private Activity Bonds (as defined in the Code); provided, however, that this Section shall not be effective with respect to the Authority Debt, the interest on which is determined by the Authority as of the date of their issuance to be not excludable from gross income for federal income tax purposes under the Code.

Section 6.16 Construction of Lease. For all purposes this document and the transaction created hereby shall be construed as a true lease, and is not intended to create "state indebtedness" as that term is used in Section 12 of Article 9 of the Michigan Constitution of 1963. Any provisions contained herein which at any time shall be held by a court of competent jurisdiction to cause this Lease to constitute an "evidence of state indebtedness" pursuant to Section 12 of Article 9 of the Michigan Constitution of 1963, shall be deemed invalid subject to the right of the State or the Authority to timely appeal such holding. Nothing in this Lease shall be construed as requiring or obligating the Authority to issue or sell Authority Debt.

IN WITNESS WHEREOF, the STATE BUILDING AUTHORITY and the STATE OF MICHIGAN executed this Lease by its duly authorized officers the day and year first above written.

Project Description

Michigan Department of Technology, Management and Budget
State Facility Preservation Projects-Phase III
Group N
Huron Valley Food Service Building

The Group N Huron Valley Food Service Building, located at the Women's Huron Valley Correctional Facility, is a new 23,142 square foot single-story building with loading dock. The new building will be used for all meal preparation and dining for the inmates at the Women's Huron Valley Correctional Facility. The building includes several walk-in refrigerators and freezers, a dry produce storage area, all new kitchen appliances, a food preparation area and a large dining room. The attic space houses the various electrical, mechanical and plumbing distribution lines. The exterior is composed of concrete block and metal siding.

REQUISITION CERTIFICATE

TO: U.S. Bank National Association, as Trustee

FROM: State of Michigan

SUBJECT: Construction and Completion Assurance Agreement dated _____ (the "Construction Agreement")

This represents Requisition Certificate No. ____ in the total amount of $_____ to pay the Cost of the Facility detailed in the schedule attached.

The undersigned certifies that:

1. The expenditures for which moneys are requisitioned hereby represent proper charges against the Acquisition Account have not been included in a previous requisition and have been properly recorded on the State's books.

2. The moneys requisitioned hereby are not greater than those necessary to meet obligations due and payable or to reimburse the Obligor for its funds actually advanced for the Cost of the Facility.

3. The State is not in default under the Construction Agreement and nothing has occurred to the knowledge of the State that would prevent the performance of its obligations under the Construction Agreement.

4. After the payment of this requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of additional Notes and funds to be provided by the State, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

5. Delivered herewith are the items required to be delivered under the Construction Agreement.

6. Please wire funds to _____

ARCHITECT'S CERTIFICATE

The undersigned Architect certifies that it has reviewed this Requisition Certificate and that:

1. To the best knowledge of the undersigned, the Requisition Certificate is true, correct and complete in all material respects.

2. On the basis of an on-site inspection:

(a) The materials delivered to the site have been or are reasonably expected to be incorporated into the Project.

(b) The total amount of this Requisition Certificate and all prior Requisition Certificates is reasonable in relationship to the work performed and materials delivered to date.

(c) There have been no changes to the plans and specifications that have not been approved by the Authority except those identified in the Schedule attached to this Requisition Certificate, which individually and in the aggregate do not adversely affect the value of the Project; the last approved change order is No. ___ dated _____.

CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT

This CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT is made among the State of Michigan, Eastern Michigan University, a Michigan constitutional body corporate, acting through its Board of Regents and the State Building Authority and is effective as of ___1, 2011.

DEFINITIONS

In addition to the words and terms defined elsewhere in this Agreement, the following words and terms shall have the following meanings unless the context or use indicates a different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act" means Act No. 183, Public Acts of Michigan, 1964, as amended, MCL 830.411 to 830.425.

"Agent" means State Street Bank and Trust Company, as agent, or any successor agent for the Bank, or if there shall be no Agent, then Agent shall mean the Bank.

"Agreement" means this Construction and Completion Assurance Agreement among the Authority, the State, and the Educational Institution relating to the construction of the Facility.

"Architect" means SHW Group, 2338 Coolidge, Suite 100, Berkley, MI 48072.

"Architect Agreement" means the Educational Institution's agreement with the Architect regarding the construction of the Facility.

"Authority" means the State Building Authority created under the Act or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bank" means the bank or banks which issue the Letter of Credit or any other credit facility providing notes, initially State Street Bank and Trust Company, a Massachusetts trust company and U.S. Bank National Association, a national banking association, and its or their successors or assigns.

"Board" means the State Administrative Board of the State.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which are secured in whole or in part by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" means the certificate of the Architect that the Facility or a portion thereof is available for tenantability given consistent with Section 18.

"Code" means the Internal Revenue Code of 1986, as amended.

"Completion Account" means the separate subaccount or account established within the Acquisition Account for the Facility.

"Construction Company" means Walbridge Aldinger, 613 Abbott Street, Detroit, MI 48226-2521.

"Contract" means the construction contract entered into by the Educational Institution for construction of the Facility.

"Contract Completion Date" means August 31, 2011, the date construction on the Facility is to be completed.

"Draw Down Schedule" means the estimated monthly cash flow schedule of the payment of the Authority's Facility Cost.

"Educational Institution" Eastern Michigan University, created and maintained pursuant to Section 4, Article 8 of the Michigan Constitution of 1963, or any body or entity succeeding to its rights and duties.

"Facility" means the Site, all real property interests appurtenant thereto and all buildings, structures, and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described in the attached Exhibit B, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Inspecting Architect or Engineer" means an architect or engineer licensed and in good standing in the State of Michigan, who acts as the Authority's agent in reviewing the progress of construction of the Facility and making certifications in connection with Requisition Certificates and performing the other tasks and duties considered appropriate by the Authority. A form of the Inspecting Architect or Engineer's certificate is attached to this Agreement as Exhibit D.

"Lease" means the lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented, a form of which is attached to this Agreement as Exhibit A.

"Legislature Approval" means the concurrent resolution of the Legislature approving (i) the conveyance of the Site to the Authority, (ii) the form of Lease pursuant to which the Educational Institution and the State will lease the Site and the Facility from the Authority, and (iii) a range of true rental based upon an appraisal letter.

"Letter of Credit" means the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

"Notes" means the obligations issued by the Authority under the Trust Indenture or any subsequent trust indenture providing funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority, and approved by the Authority in accordance with this Agreement.

"Reimbursement Agreement" means the Reimbursement Agreement, between the Authority and the Bank relating to the Letter of Credit, or any other reimbursement agreement entered into by the Authority in connection with the issuance of Notes.

"Requisition Certificate" means the certificate signed by an authorized official of the State or Educational Institution authorizing the Authority and the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to this Agreement and the Trust Indenture. A form of the Requisition Certificate is attached to this Agreement as Exhibit C.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of the Bonds. The term also includes any master indenture, indenture, or supplemental indenture, as amended from time to time, entered into by the Authority in connection with the Bonds.

"Site" means the real property described in Exhibit B attached to this Agreement.

"State" means the State of Michigan.

"Total Facility Cost" means (a) the obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the Construction Period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse

the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992, and the certificate of the Executive Director of the Authority dated July 20, 2009, authorizing the reimbursement of such advances or otherwise permitted under the Code.

"Trustee" means a bank having trust powers or a trust company currently designated as trustee for the Notes in the Trust Indenture. Upon issuance of the Bonds, all funds held by the Trustee related to the Project shall be transferred to the trustee for the Bonds and, thereafter, all references in this Agreement to the Trustee shall be to the trustee for the Bonds.

"Trust Indenture" means the Trust Indenture, between the Authority and the Trustee, as amended or supplemented, entered into in connection with the issuance of Notes.

RECITALS

A. The Educational Institution has determined that it is necessary and desirable to acquire, renovate, equip and/or construct the Facility on the Site, which is owned by the Educational Institution, to carry out governmental functions and to provide necessary services to the people of the State, as mandated or permitted by Constitution and law. Use of the Act to accomplish those purposes is the most practical means to that end at the lowest cost to the State and the Educational Institution.

B. The State and the Educational Institution have requested that the Authority finance the acquisition, renovation, construction and/or equipping of the Facility on the Site and the Authority has agreed to issue the Notes, a portion of the proceeds of which will be used to acquire, renovate, equip, and/or construct the Facility in consideration of the Educational Institution and the State granting a license to the Authority to enter upon the Site and undertake the acquisition, renovation, equipping and construction, the Educational Institution's agreement to undertake, on behalf of the Authority, the oversight of the acquisition, renovation, equipping and construction, and the Educational Institution's agreement to convey, upon or prior to completion of the Facility, the Site and the Facility, to the Authority and to lease, together with the State, the Site and the Facility from the Authority at a true rental determined in accordance with the Act.

C. The Authority proposes to issue its Notes under the Trust Indenture, which shall establish the Acquisition Account and the procedures for disbursements from the Acquisition Account.

D. The Notes shall be secured by the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

E. The Legislature, the Board, the Authority, and the Educational Institution have each approved the conveyance of the Site to the Authority, the form of Lease, and a range of true rental based upon an appraisal letter. The execution and delivery of this Agreement has been approved by the Board, the Educational Institution, and the Authority.

NOW, THEREFORE, in consideration of the mutual rights and obligations set forth in this Agreement, and other good and valuable consideration the receipt and sufficiency of which is acknowledged by the parties, the Educational Institution, the State, and the Authority agree as follows:

SECTION 1. Financing of Construction. The Authority shall acquire, renovate, equip, and/or construct the Facility in accordance with the Plans with the revisions as may be properly approved pursuant to Section 3 of this Agreement. The Educational Institution and the State represent that the acquisition, renovation, equipping and construction can be completed in accordance with the Plans at a Total Facility Cost of $42,000,000. The Authority agrees to use its best efforts to issue the Notes, over time, in an aggregate amount sufficient to produce available proceeds designated for the Authority's Facility Cost of $31,499,800. The Educational Institution represents that it has or will have available, including any amounts which have been set forth in an appropriation act, an amount equal to the difference between the Authority's Facility Cost and the Total Facility Cost.

The amount of proceeds of the Notes to be issued on any date which will be used to pay the Authority's Facility Cost, shall be based upon the aggregate amount required and the times at which amounts are required as certified by the Educational Institution in the Draw Down Schedule. The Executive Director may rely on the accuracy of the Draw Down Schedule in determining the amount of Note proceeds to be allocated to the Authority's Facility Cost at any given time. The Educational Institution may revise the Draw Down Schedule by written notice to the Executive Director and the revised Draw Down Schedule shall be effective with respect to any Notes issued more than 10 days after the Executive Director's receipt thereof.

SECTION 2. Grant of License and Designation of Educational Institution to Construct on Behalf of the Authority. The State and the Educational Institution grant a license to the Authority to construct the Facility on the Site and agree that the Authority shall have such rights of ingress and egress on and across the Site as are necessary to construct and use the Facility in connection with its construction. Neither the State nor the Educational Institution shall revoke this grant while this Agreement is in effect.

The Educational Institution shall act on behalf of the Authority to oversee the acquisition, renovation, equipping and/or construction of the Facility. The Educational Institution shall undertake all responsibility for and, except as expressly set forth below with respect to payment, all liability in connection with bidding for and selecting contractors and managing and overseeing the construction process. The Educational Institution shall have the Facility acquired, renovated, equipped, and/or constructed in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost.

The Authority's sole liability in connection with any contracts for construction entered into with respect to the Facility shall be payment for acquisition, renovation, design, equipping, and/or construction costs to the extent set forth in Section 4 of this Agreement and shall in no event exceed the Authority's Facility Cost. Construction contracts shall meet the requirements of Section 5 of this Agreement.

If the Educational Institution, prior to completing the Facility as provided in this Agreement, ceases work on the Facility and fails to resume the work within 10 days after written notice from the Authority or the Trustee to the State and the Educational Institution identifying the cessation of work (except where such cessation in work is caused by causes beyond the Educational Institution's reasonable control, including, but not limited to, labor disputes, fire, unusual delay in transportation or unavoidable casualties) and requesting the work on the Facility be resumed, fails to complete the Facility in substantial accordance with the Plans, or makes changes in the Plans without first securing written approval when required by Section 3 of this Agreement, or if the Authority determines the Educational Institution is not using its best efforts to complete the Facility in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost, then the Authority may revoke its designation of the Educational Institution to construct the Facility and may have the Facility completed substantially according to the Plans and may proceed in so doing with the Trustee or an assignee. In completing the Facility, the Authority shall have all necessary powers, including but not limited to the following:

(a) to use any available funds in the Acquisition Account in the manner called for by the Plans and to present draw requests to provide for the deposit of additional funds in the Acquisition Account for such purposes,

(b) to make changes and corrections in the Plans as shall be necessary or desirable to complete the Facility in the manner contemplated by the Plans, or as provided in Section 3 of this Agreement if the amount available for completion of the Facility is not sufficient to complete the construction and acquisition of the Facility in accordance with the Plans,

(c) to employ such contractors, subcontractors, agents, architects, and inspectors as shall be required for such purposes,

(d) to pay, settle or compromise all existing bills and claims which may be liens against the Site, or as may be necessary or desirable for the completion of the Facility, or for clearance of title,

(e) to execute all applications and certificates in the name of the State or the Educational Institution which may be required by this Agreement or any construction contract,

(f) to prosecute and defend in the name of the State or the Educational Institution all actions or proceedings in connection with the construction of the Facility and to take such action and require such performance and payment bonds and the builders' risk insurance specified in Section 5 of this Agreement, and

(g) to take any actions as the Authority considers necessary in the exercise of its sole discretion to complete the Facility in the manner contemplated by the Plans and this Agreement.

The foregoing rights and remedies shall be supplemental to, and shall not preclude, the exercise by the Authority or the Trustee of any rights or remedies otherwise provided by law.

SECTION 3. Revisions to Plans. The Educational Institution and the State may make any modifications of the Plans and modifications to the Facility, so long as the modifications in the Plans or to the Facility do not, in the written opinion of the Architect, materially alter the size, scope or function of the Facility, together with any previous modifications in the Plans or to the Facility, extend the completion date beyond the Contract Completion Date, cause the estimated cost of design and construction of the Facility to exceed the amount of the Total Facility Cost approved by this Agreement, materially affect the structural integrity and utility of the structures, impair the usefulness or character of the Facility, or violate the requirements of any licensing authority and do not, in the written opinion of an authorized officer of the State or the Educational Institution, decrease the rental value of the Facility. Any other modifications in the Plans or to the Facility shall not be made without the prior approval of the Authority, the Agent, and the contractors' sureties (if required by any surety bond).

No modifications to the Plans or the Facility shall be made unless (i) there shall be on deposit with the Authority adequate moneys available therefor, (ii) the Educational Institution shall have deposited in the Acquisition Account adequate moneys to pay any additional costs resulting therefrom, or (iii) if authorized by the Legislature, the Board, and the Authority, this Agreement shall have been amended to evidence the Authority's agreement to increase the Authority's Facility Cost to an amount which, together with moneys, if any, described in (i) and (ii), are adequate therefor. All revisions of the Plans, all change orders with respect thereto and the opinion of the Architect and the authorized officer of the State or the Educational Institution referred to above shall be filed with the Agent and the Executive Director of the Authority.

SECTION 4. Payment of Design and Construction Costs. The Authority shall authorize the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to the provisions of this Agreement and the Trust Indenture, upon receipt of a Requisition Certificate signed by an authorized official of the State or Educational Institution, as applicable, approved by the Authority, stating with respect to each payment to be made: (i) the Requisition Certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such Requisition Certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account and has not been the basis of any previous payment, (vi) that the cost of the portion of the Facility covered by such Requisition Certificate is not less than the amount to be paid thereunder, (vii) that neither the State nor the Educational Institution is in default under this Agreement and that nothing has occurred to the knowledge of the Educational Institution or the State which prevents the performance of the State's or the Educational Institution's obligations under this Agreement, and (viii) that after the payment of the requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of

additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

The State or the Educational Institution, as applicable, shall also provide the Authority, the Bank, and the Trustee with (i) sworn statements and, if appropriate, waivers of lien (satisfactory in form and substance to the Authority) by contractors, subcontractors and for materialmen on the Facility and endorsements to the title insurance policy, if any has been provided pursuant to this Agreement, showing coverage by an amount not less than the moneys which have been expended by the Authority for the Facility, including the disbursement being requested and (ii) an itemization of the Authority's Facility Cost in sufficient detail to evidence incurring of such cost for the payment of which application has been or is then being made. The State and the Educational Institution shall permit the Authority, the Bank and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Total Facility Cost and the Authority's Facility Cost.

SECTION 5. Requirements for Construction Contracts. The Educational Institution shall enter into construction contracts for the Facility, executed copies of which shall be filed with the Authority. The Educational Institution represents and covenants that the Facility can be completed within the Total Facility Cost and that there is or will be available an amount of funds, which together with the Authority's Facility Cost, is sufficient to pay the Total Facility Cost. As evidence of the sufficiency of the construction contracts, the Educational Institution shall furnish the Authority, the State, the Agent, and Trustee, at the time of execution of this Agreement with the following:

(a) a detailed breakdown, certified by the Architect, itemizing by major category, of all costs necessary and sufficient for the completion of the Facility as a tenantable space,

(b) copies of performance and payment bonds written by a surety company satisfactory to the Executive Director of the Authority, payable to the Educational Institution, the State, the Authority, and the Trustee as their interests may appear, assuring completion of the Facility and payment of all contracts and claims for acquisition, construction, installation, renovation and equipping of the Facility or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing the existence of the performance and payment bonds, as the Executive Director of the Authority shall direct,

(c) the Draw Down Schedule,

(d) a copy of a builder's risk insurance policy or policies issued by a financially responsible insurer fully qualified under the laws of the State to provide such insurance, insuring all contractors, the State and its departments, boards, commissions, officers and employees, the Authority, the Bank, and the Trustee in form and amount satisfactory to the Architect and the Executive Director of the Authority or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing such insurance, as the Executive Director of the Authority shall direct, and

(e) a certificate of the Educational Institution certifying that funds, other than the proceeds of the Notes or other Authority funds, equal to the difference between the Total Facility Cost and the Authority's Facility Cost (i) are currently available and being held for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans, or if not currently available, identifying the sources of funds and the times at which such funds are expected to be available or (ii) have previously been expended for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans.

The Educational Institution shall not consent to any amendments to any of the construction contracts, whether by change order or otherwise, or take any action or fail to take any action which increases the Authority's Facility Cost or the Total Facility Cost or materially alters the scope, character, or function of the Facility, decreases the rental value of the Facility, or extends the Contract Completion Date without the prior written approval of the Authority and the Agent.

The Educational Institution will supply, as reasonably requested by the Authority, the State, or the Agent, copies of any monthly progress reports as are received by the Educational Institution from the Architect or any contractor with respect to construction of the Facility.

SECTION 6. Additional Construction Commencement Requirements. Prior to the commencement of construction, the Educational Institution shall supply to the Authority and the State:

(a) a title insurance commitment in favor of the Authority and the State issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for its intended purposes or materially detract from its value,

(b) a survey of the site, certified to the Authority and the State, consistent with the title commitment and showing, at a minimum, the location of all proposed improvements and the status of the property in terms of the 100 year flood plain as designated by the Army Corps of Engineers or Michigan Department of Natural Resources and Environment,

(c) evidence satisfactory to the Authority and the State of no unacceptable environmental contamination at the Site,

(d) evidence satisfactory to the Authority and the State of all governmental permits, if any, necessary for the construction of the Facility,

(e) executed copies of the Contract and Architect Agreement, and

(f) an opinion of counsel to the Educational Institution that this Agreement, the Contract, and the Architect Agreement are the valid and binding obligations of the Educational Institution.

SECTION 7. Assignment of Contract and Architect Agreement.

(a) The Educational Institution represents and warrants to the Authority that:

(1) it has not assigned, transferred, or delivered and covenants that it will not assign, transfer, or deliver, so long as this Agreement shall remain in effect, any of the Educational Institution's right, title or interest to the Contract and the Architect Agreement to anyone other than the Authority, its successors or assigns,

(2) its right, title and interest under the Contract and the Architect Agreement are not currently subject to any liens, encumbrances, or security interests,

(3) the Contract and the Architect Agreement are in all respects in full force and effect and enforceable in accordance with their respective terms except as enforcement may be limited by applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws affecting the rights of creditors generally, and

(4) it is not in default under the Contract or the Architect Agreement and is not aware of any other default under the Contract or the Architect Agreement as of the date of this Agreement.

(b) The Educational Institution assigns, transfers, and delivers to the Authority, as collateral security for the performance of its obligations under this Agreement or the Lease, all of the Educational Institution's right, title and interest under the Contract and the Architect Agreement.

(c) Upon default by the Educational Institution in the performance of any obligation under this Agreement or the Lease to file any claim, take any action or institute any proceeding which the Authority considers necessary or advisable in connection with the Contract or the Architect Agreement, the Educational Institution appoints the Authority as its true and lawful attorney, coupled with an interest, to act in the name and stead of the Educational Institution. Such appointment shall not be effective until after 30 days prior written notice to the Educational Institution during which time the Educational Institution shall have the opportunity to cure any such default unless the default shall be the result of the Educational Institution abandoning construction or ceasing work on the Facility in which case notice thereof shall be given in accordance with Section 2 of this Agreement.

(d) Notwithstanding anything to the contrary in this Agreement, until the Authority elects to exercise its right, title and interest under the Contract and/or the Architect Agreement:

(1) the Authority shall not be obligated to give any directions, make any demands, give any notices of nonperformance, protest or notices of protest in connection with any obligation that constitutes an obligation of the Educational Institution secured hereunder and the Educational Institution shall remain solely liable, except as specifically provided in Section 2 with respect to payment by the Authority, under the Contract and the Architect Agreement and

the Educational Institution shall perform all of the Educational Institution's obligations thereunder in accordance with their terms and provisions, and

(2) except as specifically provided in Section 2 with respect to payment by the Authority, the Authority shall have no obligation or liability under the Contract or the Architect Agreement by reason of, or arising out of, this Agreement, nor shall the Authority be obligated in any manner to fulfill any obligations of the Educational Institution under the Contract or the Architect Agreement.

(e) The obligations of the Educational Institution under the Contract and the Architect Agreement may be performed by the Authority or its nominee after 30 days from the date of written notice to the Educational Institution except after the abandonment of construction or cessation of work on the Facility by the Educational Institution in which case the notice period shall be 10 days without releasing the Educational Institution therefrom and without resulting in any assumption of the Contract or the Architect Agreement by the Authority.

(f) The Educational Institution authorizes and directs the Construction Company and the Architect to perform the terms and conditions of the Contract and the Architect Agreement, respectively, and to complete the performance thereunder for the benefit of the Authority in the event of the Educational Institution's default under this Agreement or under the Lease or upon the Authority's election to exercise the Educational Institution's obligations under the Contract or the Architect Agreement.

SECTION 8. Completion Account.

(a) The Authority in the Trust Indenture shall provide for the establishment of the Completion Account.

(b) In the event either (i) any Requisition Certificate specifies a contract completion date later than 90 days after the Contract Completion Date or (ii) the Inspecting Architect or Engineer or a nationally recognized construction consultant or firm of consultants certifies to the Authority, the Educational Institution and the Trustee that the Facility cannot be completed within the available funds and/or cannot be completed within 90 days after the Contract Completion Date, then effective as of the date of such Requisition Certificate or the date of the Inspecting Architect's or Engineer's or consultant's certificate:

(1) the Trustee shall disburse only the following amounts approved in any Requisition Certificate:

Delay from Contract Completion Date	Amount to be Disbursed
90 days to 180 days	90%
More than 180 days	80%

(2) the remaining amount due under such Requisition Certificate shall be deposited by the Trustee in the Completion Account; and

(3) money in the Completion Account shall be disbursed only as provided in the Trust Indenture or this Agreement.

(c) In the event that the Educational Institution disputes the certificate of the Inspecting Architect or Engineer or consultant, the Educational Institution shall notify the Authority of the dispute in writing. Upon receipt of the notice, the Authority and the Educational Institution shall in good faith seek to agree within 10 days upon an independent consultant, who shall be retained at the expense of the Educational Institution. The independent consultant shall, within 20 days after retention, certify to the Educational Institution and the Authority a completion date for the Facility. Upon receipt of such certification, the Educational Institution shall notify the Trustee of the new completion date. In the event that the Authority and the Educational Institution cannot agree on the independent consultant within 10 days or the consultant, if retained, does not provide a new completion date within 20 days, the completion date established by the Inspecting Architect or Engineer or the consultant shall be the Contract Completion Date for this Agreement.

(d) The Educational Institution shall pay, from its own funds, the Authority's Facility Cost equal to any amounts deposited in the Completion Account pursuant to this Section.

(e) If the construction and acquisition of the Facility is subsequently recertified to be on, or ahead of, the original schedule for completion, in the same form as the delay in completion was certified, then effective with such certificate no further payments shall be made to the Completion Account pursuant to this Section. Notwithstanding that recertification, the moneys in the Completion Account shall not be disbursed to the Educational Institution except as provided in this Agreement and the Trust Indenture.

(f) The Executive Director of the Authority and an authorized officer of the Educational Institution may agree, with the consent of the Agent, to reduce the amounts to be deposited in the Completion Account. The Authority shall give notice of such agreement to the Trustee. Nothing herein shall require the Authority to agree with the Educational Institution to reduce any such deposit.

(g) In the event the Facility is completed and a Certificate of Tenantability is issued prior to the issuance of Bonds, the Trustee shall, within 60 days of the issuance of the Certificate of Tenantability, disburse to the Educational Institution all of the moneys then in the Completion Account; provided, however, that such disbursement shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such disbursement shall be deposited as directed by the Authority.

(h) The Trustee shall make disbursements from the Completion Account to the Bank only if there has been an event of default under the Reimbursement Agreement and obligations are owing to the Bank under the Reimbursement Agreement and there is no other source of payment to the Bank authorized therefor under the Trust Indenture.

(i) In the event the Certificate of Tenantability is not issued before the Bonds are issued, the Trustee is directed, and the Educational Institution agrees, that the Trustee shall transfer on a monthly basis by the first of the following month, to the extent moneys are available therefor, moneys in the Completion Account to the account established for paying principal and interest on the Bonds equal to the aggregate of (1) a fraction of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the first maturity date of the Bonds equal to one divided by the number of months from the Bonds' issuance date to the Bonds' first maturity date, and thereafter, if necessary, one-twelfth of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the next succeeding maturity date thereof and (2) the interest that will accrue during such month on the outstanding principal amount of Bonds related to the Authority's Facility Cost. The aggregate amount of such transfer shall be used to pay interest and principal on the Authority Debt and shall be reduced by the rental under the Lease, if any, paid for such month for Partial Tenantability of the Facility and by the amount of any capitalized interest available under the Resolution to pay interest on the amount of the Bonds related to Authority Facility Cost.

(j) Money transferred by the Trustee to pay interest on the Authority Debt shall no longer be available for payment to the Educational Institution for the Authority's Facility Cost, and the Authority and the State shall be under no obligation to pay such portions of the Authority's Facility Cost. When a Certificate of Tenantability is issued for the Facility, any remaining moneys in the Completion Account shall be transferred by the Trustee within 60 days to the Educational Institution; provided, however, that such transfer shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such transfer shall be deposited as directed by the Authority.

SECTION 9. Insurance. Upon execution of this Agreement and thereafter as the construction of the Facility permits, the Educational Institution shall keep the Facility insured against all of the following, provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth below during any time period that such insurance is not available in the insurance market of the United States:

(a) "All risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement Total Facility Cost with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds: the Agent, the Authority and its officers, agents and employees, the Educational Institution, the State and its officers, agents and employees, and the Trustee, as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority and used as provided in the Trust Indenture. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution, the Agent, and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or nonrenewed or substantially reduced as to coverage without thirty days prior written notice to the Authority, the Agent, the Trustee, the Educational Institution and the State. The policies of insurance described in the above subparagraphs may contain additional deductible and coinsurance features, but only if the Educational Institution or the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self-insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Agreement by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 27 or other form acceptable to the Authority or evidence of other funding satisfactory to the Authority, the Trustee, and the Agent.

In the event the Educational Institution fails to secure or maintain the insurance as required in this Agreement, the Authority may, but shall not be obligated to, secure the insurance. Upon demand of the Authority, the Educational Institution shall pay the cost of that insurance.

The Authority waives any claim of liability against the State and the Educational Institution and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution of their officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its trustees, officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Agreement or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against the State or its officers, agents or employees, or the Authority or its officers, trustee, agents or employees, or the Educational Institution is waived.

SECTION 10. Inspecting Architect or Engineer. The Authority may, at its option, obtain the services of an Inspecting Architect or Engineer. It is agreed that the Authority assumes no obligation to the Educational Institution or the State with respect to the acts or omissions of the Inspecting Architect or Engineer or with respect to any negligence or defect in the design or construction of the Project. All fees, costs and expenses of the Inspecting Architect or Engineer shall be a Total Facility Cost to the extent of budgeted costs and any costs in excess of that amount shall be paid by the Educational Institution.

SECTION 11. Conveyance of Site to Authority. Prior to the earlier of:

(a) the date of delivery of the Bonds to provide long-term financing of the Authority's Facility Cost,

(b) the date the Architect files a Certificate of Tenantability,

(c) 15 days prior to the third anniversary of Legislative Approval of the Lease,

(d) 30 days prior to the Stated Termination Date of the Letter of Credit, as defined in the Letter of Credit,

(e) 15 Business Days (as defined in the Trust Indenture) prior to the date on which all outstanding principal of and interest on the Notes is expected to be paid in full by a draw on the Letter of Credit and refunding Notes under the Trust Indenture are not to be issued, or

(f) 15 days following the date of receipt of notice by the Trustee from the Agent of an Event of Default under the Reimbursement Agreement instructing the Trustee to accelerate the Notes,

the Educational Institution shall execute and deliver a warranty deed conveying the Educational Institution's interest in the Site to the Authority. The Educational Institution shall also at that time deliver a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

SECTION 12. Personal Property Components of the Facility. Upon the execution of this Agreement and from time to time during the construction period, the Educational Institution and the State, to the extent that it holds title to any portion of the Facility, shall execute and deliver to the Authority such bills of sale or other instruments of transfer as may be necessary to vest title to the Facility (but not to the Site) in the Authority, subject only to the encumbrances and reservations permitted in this Agreement, so that, upon completion of the Facility, the Authority shall be the owner of the Facility.

SECTION 13. Agreement to Lease. Upon the transfer of title to the Site from the Educational Institution to the Authority, the Authority shall lease the Facility to the State and the Educational Institution and the State and the Educational Institution shall lease the Facility from the Authority at a true rental determined in accordance with the Act pursuant to the Lease.

SECTION 14. Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Agreement:

(a) If the total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources), replace or repair the Facility to the state of construction immediately prior to the destruction to the reasonable satisfaction of the Authority, and this Agreement shall remain in effect and the State or the Educational Institution shall be entitled to receive all insurance payments; provided, however, if there are at the time the insurance proceeds become available outstanding Obligations (as defined in the Reimbursement Agreement) related to the Facility or if an Event of Default has occurred and is continuing under the Reimbursement Agreement, the Agent may direct the use of insurance proceeds to the payment of those Obligations and the State or the Educational Institution shall be relieved of its responsibility to replace or repair the Facility.

(b) If the total or partial destruction of the Facility occurs for causes not described in Section 14(a), and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State and the Educational Institution that it has sufficient funds (from insurance proceeds or other sources including additional issuances of Notes) available to repair or replace the Facility to the state of construction immediately prior to the destruction, and, unless otherwise consented to by the Agent, that there are other funds legally available and deposited in the Note Fund which will be sufficient to pay any Obligations related to the Facility which are outstanding at the time of the demonstration of sufficient funds, the State or the Educational Institution may repair or replace

the Facility if the estimated "true rental" after such repair or replacement shall not be less than the estimated "true rental" prior to the destruction. If the Facility is to be repaired or replaced, the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the Facility and this Agreement shall remain in effect; provided, however, under no circumstances will the amount paid to the State or the Educational Institution for repair or replacement exceed the amount of the insurance proceeds together with additional issuances of Notes, if any. Notwithstanding the foregoing, the Authority shall not elect to repair or replace the Facility (i) if Notes are outstanding with respect to the Facility and if based upon an Architect's certificate, the Facility will not become tenantable on or prior to the Expiration Date (as defined in the Letter of Credit) unless the Agent is satisfied that the Authority nonetheless reasonably expects to have funds available to reimburse the Bank on or prior to the Expiration Date all as further provided in the Reimbursement Agreement or (ii) if an Event of Default has occurred and is continuing under the Reimbursement Agreement.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility and meet the prior obligation set forth in Section 14(b), then this Agreement may be terminated by either the State, the Educational Institution or the Authority upon thirty days written notice to the other parties, in which event all insurance proceeds shall be applied as provided in the Trust Indenture.

(d) Insurance proceeds paid to the Authority as provided in Section 14(b), are to be used for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Trust Indenture. If surplus funds remain after application of insurance proceeds as provided in the Trust Indenture, that surplus shall be paid to the State to be credited to its General Fund or otherwise as agreed to by the State and the Educational Institution.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority, the Agent and the State. (State approval shall be evidenced by the approval of the Board and by a concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each house.)

SECTION 15. Tax Covenant. If the Notes or the Bonds are issued as obligations the interest on which is excluded from gross income for federal income tax purposes under the Code, the State and the Educational Institution will, to the extent permitted by law, each shall take all actions within its control and shall not fail to take any action as may be necessary to maintain the exclusion of the interest on the Notes or Bonds from gross income for federal income tax purposes under the Code, and neither shall use the Facility in any manner which would cause the Notes or the Bonds to be Private Activity Bonds (as defined in the Code).

SECTION 16. Assignment of Rights. Upon the issuance of the Notes, the Authority shall, pursuant to the Trust Indenture, assign its rights in, including rights to enforce this Agreement, and pledge any money receivable under this Agreement (other than certain insurance payments to be paid to the Authority under Section 9 of this Agreement), if any, to the Trustee as security for the payment of certain obligations of the Authority under the Trust Indenture to the Noteholders and the Bank. The Authority also assigns its rights to enforce this Agreement directly against the State and/or the Educational Institution to the Bank in the event that there has been a final draw on the Letter of Credit to pay principal of and interest on the Notes allocable to the Facility and those Notes are not to be refunded and there remain Obligations relating to the Facility owing to the Bank to the extent of such remaining Obligations. The Educational Institution and the State consent to such assignments and to any further assignments to a trustee with respect to any obligations of the Authority issued to refund or refinance the Notes.

SECTION 17. Indemnification. The Educational Institution shall indemnify and hold the Authority and its officers, agents, or employees harmless from any and all liability, loss, damage or expense which they may incur under or by reason of this Agreement, the Contract, or the Architect Agreement, or for any action taken by the Authority under this Agreement, or by reason or in defense of any and all claims and demands whatsoever which may be asserted against the Authority arising out of this Agreement, the Contract, or the Architect Agreement to the extent permitted by law. Should the Authority or its officers, agents, or employees incur any such liability, loss, damage or expense, the amount thereof (including reasonable attorneys' fees) shall be paid by the Educational Institution immediately upon demand. The Educational Institution shall not, however, be required to indemnify the Authority or its officers, agents, or employees for their acts of gross negligence or willful misconduct.

SECTION 18. Termination. Except as set forth below with respect to rights of the Bank, this Agreement shall terminate upon receipt by the State, the Educational Institution, and the Authority of the Certificate of Tenantability for the Facility pursuant to the Lease. This Agreement shall be effective as to rights of the Bank for such time as Obligations are owing to the Bank and so long as the Bank has not wrongfully dishonored its obligations under the Letter of Credit.

IN WITNESS WHEREOF, the State Building Authority, Eastern Michigan University and the State of Michigan have each executed this Agreement by their duly authorized officers.

LEASE

THIS LEASE is entered into as of _____, 20__ among the STATE BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 183, Public Acts of Michigan, 1964, as amended, the STATE OF MICHIGAN, and EASTERN MICHIGAN UNIVERSITY, acting by its Board of Regents, a Michigan constitutional body corporate (hereinafter, the "Educational Institution").

P R E M I S E S:

WHEREAS, the Authority was established under Act 183 for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963, or any of its agencies;

WHEREAS, the Educational Institution has been created and is maintained pursuant to Sections 4 of Article 8 of the Michigan Constitution of 1963;

[WHEREAS, the Facility has been constructed and the Site and the Facility have been conveyed to the Authority by the Educational Institution as provided by Act 183;]

[WHEREAS, the Site is presently owned by the Educational Institution and the Facility is now under construction by the Educational Institution and it is the intent of the parties to have the Site conveyed to the Authority and the Facility conveyed to the Authority as acquired;]

WHEREAS, the acquisition of the Facility by the Authority for use by and lease to the State and the Educational Institution will permit the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the Constitution and law, and the use of Act 183 to accomplish the acquisition represents the most practical means to that end at the lowest cost to the State and the Educational Institution; and

WHEREAS, the execution and delivery of this Lease has been validly authorized by the State Administrative Board of the State, by the Legislature of the State by concurrent resolution concurred in by a majority of the members elected to and serving in each house, by the Board of Regents of the Educational Institution, and by the Board of Trustees of the Authority;

NOW, THEREFORE, in consideration of the premises and of the covenants and undertakings of this Lease, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1 Definitions. In addition to the words and terms elsewhere defined in this Lease, the following words and terms as used in this Lease and the preambles hereto shall have the following meanings unless the context or use indicates another or different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act 183" means Act No. 183, Public Acts of Michigan, 1964, as amended, being Sections 830.411 to 830.425, inclusive, of Michigan Compiled Laws.

["Agent" means State Street Bank and Trust Company, as agent, or any successor agent for the Bank, or if there shall be no Agent, then Agent shall mean the Bank.]

["Alternate Credit Facility" means a Credit Facility issued as the successor to the Letter of Credit as provided in the Trust Indenture. Such Credit Facility may be an insurance policy.]

"Authority" means the State Building Authority created under Act 183 or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Address" means State Building Authority, Lewis Cass Building, 320 South Walnut, 1st Floor, Lansing, Michigan 48933.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

["Bank" means the bank or banks which issue the Credit Facility, initially State Street Bank and Trust Company, a Massachusetts trust company and U.S. Bank National Association, a national banking association, and its or their successors or assigns.]

["Bank's Address" means One Lincoln Street, SFC/5, Boston, Massachusetts 02111-2900, Attention: Timothy L. Batler, the address for the Agent.]

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which were secured in whole, or in part, by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" shall mean the certificate rendered pursuant to Section 2.5 hereof, which when filed, will trigger commencement of rental payments in accordance with Section 3.3 hereof.

"Construction Agreement" shall mean the Construction and Completion Assurance Agreement among the Authority, the State and the Educational Institution relating to the construction of the Facility.

["Credit Facility" means the Letter of Credit issued by the Bank or any Alternate Credit Facility.]

"Educational Institution" means Eastern Michigan University, created and maintained pursuant to Sections 4 and 6 of Article 8 of the Michigan Constitution of 1963 or any body or entity succeeding to its rights and duties.

"Educational Institution's Address" means Eastern Michigan University, Ypsilanti, Michigan 48197, Attention: President.

"Facility" means the Site, all real property interests appurtenant thereto, and all buildings, structures and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described on page A-1 in Exhibit A attached hereto, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Improvements to the Facility" means such additions, improvements or replacements of or to the Facility as provided by Section 4.5.

"Lease" means this lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented as provided in Section 6.3.

["Letter of Credit" means the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.]

"Notes" means the obligations issued by the Authority under the Trust Indenture to provide funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority and approved by the Authority, in accordance with the Construction Agreement.

["Reimbursement Agreement" means the Reimbursement Agreement dated as of October 1, 2010, between the Authority and the Bank, as amended or supplemented, relating to the Letter of Credit or any other reimbursement agreement entered into by the Authority in connection with the issuance of the Notes.]

"Rental" means the rental required to be paid to the Authority by the State pursuant to Section 3.3, which shall be not more than the "true rental" for the Facility as determined by the State Administrative Board pursuant to Act 183, the rental being not greater than the economic

or market value to the State and the Educational Institution of the Facility over and above the estimated expenses of operation, maintenance and repair of the Facility, not taking into account the right of the Educational Institution to acquire title to the Facility as provided in Section 6.12 upon termination of this Lease.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of Authority Debt. The term also includes the Trust Indenture or any master indenture, indenture and supplemental indenture, as amended from time to time, entered into by the Authority in connection with Authority Debt.

"Site" means the real property described in Exhibit B attached hereto.

"State" means the State of Michigan. The Department of Technology, Management and Budget shall be responsible for administering the terms of this Lease on behalf of the State.

"State's Address" means State of Michigan, Department of Technology, Management and Budget, Lewis Cass Building, 2nd Floor, Box 30026, Lansing, Michigan 48909, Attention: Director.

"Total Facility Cost" means (a) obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the construction period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992 and the certificate of the Executive Director of the Authority dated July 20, 2009 authorizing the reimbursement of such advances or otherwise permitted under the Internal Revenue Code of 1986, as amended.

"Trustee" means a bank having trust powers or a trust company to be designated in the Resolution of the Authority, or any successor trustee at the time serving as such under the Resolution.

"Trustee's Address" means the address of the Trustee as indicated in the Trust Indenture.

"Trust Indenture" means the trust indenture, master indenture and supplemental indenture, as amended from time to time, entered into in connection with the issuance of Authority Debt.

ARTICLE II

ACQUISITION AND COMPLETION OF FACILITY

Section 2.1 Plans and Authority's Facility Cost. The Authority's Facility Cost in the amount set forth on page A-2 in Exhibit A and the Plans have been approved by the Authority, the Educational Institution and the State in accordance with applicable law. The Authority's acquisition of the Facility shall be financed by issuing Authority Debt. That portion of the proceeds of such Authority Debt which will be used to pay the Authority's Facility Cost shall be deposited in the Acquisition Account. The amount of such proceeds shall not exceed the amount of the Authority's Facility Cost except as otherwise provided for herein. If the proceeds from the initial issuance of Authority Debt to pay the Authority's Facility Cost are less than the corresponding amount set forth on page A-2 in Exhibit A, the Authority may issue additional Authority Debt at a later date or dates to pay the remaining portion of the Authority's Facility Cost so long as the aggregate amount of proceeds of all Authority Debt which then have been or will be used to pay the Authority's Facility Cost does not exceed the corresponding amount set forth on page A-2 in Exhibit A.

Section 2.2 Sale and Conveyance of Facility to Authority. The Educational Institution has executed and delivered to the Authority a warranty deed, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof, conveying and vesting in the Authority the Educational Institution's interest in the title to the Site, and the Educational Institution has executed and delivered to the Authority a bill of sale conveying and vesting in the Authority the Facility as acquired, constructed and installed by the Educational Institution.

Prior to or contemporaneously with the execution of this Lease, the Educational Institution shall deliver with the warranty deed a commitment for issuance of a title insurance policy acceptable to the Authority and as soon as practicable thereafter a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, each of which shall be subject only to the encumbrances and reservations which are acceptable to the Authority and which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

Contemporaneously with the delivery of this Lease, the Authority shall, pursuant to the Resolution, assign its rights in, and pledge any moneys receivable under this Lease other than indemnity and certain of the insurance payments to be paid to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease, if any, to the Trustee [(and secondarily to the Agent and the Bank)] as security for the payment of certain obligations of the Authority. The State and the Educational

Institution hereby consent to such assignment. The Authority shall reserve the right to enforce in its own name and for its own benefit, certain of the obligations of the State and the Educational Institution to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease.

Section 2.3 Price and Manner of Payment by Authority for Facility. The Authority shall pay to the State or the Educational Institution, as the case may be, as the purchase price for the Facility the amount paid or incurred by the State or the Educational Institution, as the case may be, for the Authority's Facility Cost, but the total amount paid by the Authority for the Facility shall not exceed the amount approved by Section 2.1. The purchase price for the Facility shall be paid on behalf of the Authority by the Trustee to the Educational Institution or the State from time to time from moneys in the Acquisition Account upon presentation of the requisition certificates (which shall constitute covenants of the Educational Institution or the State to the Authority and the Trustee). The Educational Institution shall convey the Site to the Authority without cost to the Authority.

Section 2.4 Disbursements From Acquisition Account. The Authority in the Resolution has authorized the Trustee to make payments from the Acquisition Account to pay the Authority's Facility Cost subject to this Lease, upon receipt of a requisition certificate signed by an authorized official of the Educational Institution or the State and approved by the Authority stating with respect to each payment to be made: (i) the requisition certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such requisition certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account, and has not been the basis of any previous payment, (vi) that the cost to the Educational Institution or the State of the portion of the Facility covered by the requisition certificate is not less than the amount to be paid to the Educational Institution or the State thereunder, (vii) that all bills of sale necessary to vest title to the portion of the Facility covered by the requisition certificate in the Authority have been executed and delivered or assigned by the Educational Institution or the State to the Authority, (viii) that neither the Educational Institution nor the State is in default under this Lease and that nothing has occurred to the knowledge of the State or the Educational Institution which prevents the performance of the Educational Institution's or the State's obligations under this Lease, and (ix) that after the payment of such requisition the amount on deposit in the Acquisition Account together with other moneys to be available, including anticipated proceeds, if any, from the issuance of additional Authority Debt, will be sufficient to acquire the Facility.

The Educational Institution shall also provide the Authority and the Trustee with the information identified in the Construction Agreement. The State and the Educational Institution shall permit the Authority, [the Agent] and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Authority's Facility Cost.

Section 2.5 Certificate of Tenantability and Certificate of Partial Tenantability. The completion date of the entire Facility and the payment of the entire Total Facility Cost shall be evidenced to the Trustee, the Authority, [the Agent,] the State and the Educational Institution by

the Certificate of Tenantability signed by the Architect or by an appropriate official of the Educational Institution to the effect that, except for any Total Facility Cost not then due and payable, or the liability for payment of which is being disputed by the Educational Institution, construction of the Facility has been completed in accordance with the Plans and the entire Total Facility Cost has been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Upon filing of the Certificate of Tenantability, the Educational Institution shall occupy the entire Facility for the purpose specified.

If a portion of the Facility is completed prior to the completion date of the entire Facility, such partial completion shall be evidenced to the Trustee, the Authority, [the Agent,] the State and the Educational Institution by the Certificate of Partial Tenantability filed by the Architect or by an appropriate official of the Educational Institution setting forth that the portion of the Facility indicated is complete and tenantable, that said portion has been completed in accordance with the plans and the square footage of the Facility. If different portions of the Facility from time to time are completed, the Architect may execute and deliver from time to time several Certificates of Partial Tenantability conforming to the requirements set forth in this section. Upon filing of the Certificate of Partial Tenantability, the Educational Institution shall be deemed to have occupied the portion of the Facility described in such certificate.

Section 2.6 Name of the Facility. The name of the Facility shall be designated by the Educational Institution.

ARTICLE III

LEASE OF FACILITY

Section 3.1 Term of This Lease. The term of this Lease shall commence on the date of its execution and shall continue for the period, not to exceed forty (40) years, corresponding to the time component contained in the Rental which shall be fixed within the range as set forth in Section 3.3 of this Lease which shall be certified by the appraiser and thereafter approved by the State Administrative Board and the Authority as authorized by Act 183.

Section 3.2 Lease of Facility. In consideration of the Rental and other terms of this Lease, the Authority leases the Facility to the State and the Educational Institution and the State and the Educational Institution lease the Facility from the Authority for the term of this Lease.

Section 3.3 Rental. The State shall pay to the Authority for and on behalf of the Educational Institution for the use of the Facility during the term of this Lease, Rental in the annual amounts set forth in Exhibit C hereto, which amounts shall be certified by the appraiser and approved by the State Administrative Board and the Authority as authorized by Act 183 payable monthly on an annualized basis (except as hereinafter provided) on or before the first day of each month prior to the termination of this Lease.

The full Rental shall commence on the first day of the first month following the date of the filing of the Certificate of Tenantability, but not earlier than the dated date of this Lease.

When a Certificate of Partial Tenantability is filed and until a Certificate of Tenantability is filed, the State shall pay to the Authority for and on behalf of the Educational Institution for the use of a portion of the Facility monthly in equal amounts (except as hereinafter provided) a portion of the full Rental described above. The partial rental amount shall be computed by multiplying the percentage computed by dividing the gross square footage that is tenantable as described in all Certificates of Partial Tenantability then filed by the total gross square footage of the Facility times the full amount of the Rental.

The Executive Director of the Authority shall notify the State Administrative Board of failure to complete the Facility in the event that the Facility is not completed within six months of the Contract Completion Date, or prior thereto if the Authority, the Educational Institution and the State (acting through the Department of Technology, Management and Budget) shall so agree, and the State Administrative Board shall promptly thereafter designate an appraiser. The appraiser shall determine on a functional basis the percentage of completion of the Facility as of the date that such appraisal is made and shall report such percentage to the Authority, the State, the Educational Institution, the Trustee [and the Agent]. The State shall pay to the Authority, for and on behalf of the Educational Institution, for use of a portion of the Facility, monthly in equal amounts on an annualized basis (except as hereinafter provided) a portion of the full Rental computed by multiplying the percentage reported by the appraiser times the full amount of the Rental set forth above, the first of such partial Rentals to commence on the first day of the first month following the date of the filing of the appraiser's report. If after payment of a partial Rental under the circumstances above described, further Certificates of Partial Tenantability are filed, the appraiser shall recalculate the percentage of completion each time and shall file with the Authority, the State, the Educational Institution, the Trustee [and the Agent] a report setting forth the revised percentage and such revised percentage shall be the basis for computation from time to time of the partial Rental until the Certificate of Tenantability is filed.

The first monthly Rental payment or partial Rental payment in each case shall be paid on the last day of the month in which the Certificate of Tenantability or the Certificate of Partial Tenantability, as the case may be, is filed and shall be in an amount equal to the annual Rental calculated as above provided divided by 365 and multiplied by the number of days between the date of filing the Certificate of Tenantability or the Certificate of Partial Tenantability and the date on which the next Rental payment or partial Rental payment is due.

The Educational Institution consents to payment of the Rental or partial Rental on behalf of the Educational Institution by the State directly to the Trustee as provided in the Resolution.

If for any reason other than because of any act or omission of the State, the Educational Institution, or any of their agents or employees (whether negligent or otherwise) the Facility becomes untenantable or partially untenantable, no Rental, or partial Rental only, shall be paid for the period the Facility is untenantable or partially untenantable, and the Rental payments

shall be adjusted accordingly by the mutual agreement of the parties hereto; provided, however, that if the Facility is totally or partially destroyed, the provisions of Section 4.4 hereof shall apply in lieu of the provision of this paragraph. For purposes of this Lease the Facility shall not be deemed wholly untenantable if the Facility or any portion thereof can be used by the Educational Institution or the State for any lawful governmental purpose.

The Governor of the State shall, consistent with Act 183, include in the annual executive budget of the State for each year during the term of this Lease an amount sufficient to pay the Rental required to be paid in such year by the State on behalf of the Educational Institution, to the Authority or its assignee. The State is hereby contractually obligated to provide each year adequate appropriations in order to pay the Rental when due, the Rental being an ordinary annual expense and contract obligation of the State. This provision shall not be deemed a waiver of the State's governmental immunity or its right to invoke or waive governmental immunity.

ARTICLE IV

OPERATION, MAINTENANCE AND INSURANCE OF FACILITY

Section 4.1 Operation of Facility. During the term of this Lease, the Educational Institution agrees to use the Facility for a lawful governmental purpose. The State and the Educational Institution may locate and use any of their own personal property in the furtherance of such purpose in or on the Facility and such personal property shall remain the property of the State or the Educational Institution and shall not become part of the Facility and shall not be subject to this Lease. If the personal property of the State or the Educational Institution so located in or on the Facility cannot be readily distinguished from the real and personal property comprising the Facility by reference to page A-1 in Exhibit A or other records of the Authority, then such personal property of the State or the Educational Institution shall remain identified as property of the State or the Educational Institution by tags or other symbols attached thereto or otherwise clearly associated therewith, and any such items of personal property not so identified shall be presumed to be part of the Facility, but such presumption shall not be conclusive.

The Educational Institution shall pay all costs and expenses incurred in the operation of the Facility, or arising in connection therewith, including, but not limited to all governmental charges or taxes (or payments in lieu of taxes), if any, levied on the Facility or the operation thereof, and all charges for utility services supplied to, or used in the operation of, the Facility and all charges for insurance required by this Lease. Insofar as it may be lawfully done, the Authority shall be free from all costs, expenses and obligations of operation and maintenance of the Facility, except as otherwise expressly provided herein, and free from all taxes, assessments and other governmental charges, and that this Lease shall be a "net lease," and the State on behalf of the Educational Institution shall pay the Rental throughout the term of this Lease.

Section 4.2 Maintenance and Repair of the Facility. The Educational Institution shall not cause or permit any waste, damage or injury to the Facility. During the term of this Lease, the Educational Institution shall, at its own expense, keep the Facility in good condition and

repair (reasonable wear and tear and damage by act of God, fire, or other causes beyond the control of the Educational Institution excepted). The Educational Institution shall indemnify the Authority, its members, officers, agents or employees, against all costs, liabilities, losses, damages, suits, fines, penalties, claims and demands, including reasonable counsel fees, arising out of the Educational Institution's failure to comply with the foregoing covenant to the extent permitted by law.

Section 4.3 Insurance. From the date hereof, the Educational Institution shall, at its own expense, keep the Facility insured against all of the following provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth during any time period that such insurance is not available in the insurance market of the United States:

(a) "All Risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement cost of the Facility with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Loss of rental, under a rental value insurance policy, resulting from any of the hazards described in subparagraphs (a) and (b) in an amount not less than 300% of the then full annual Rental fixed by this Lease, including all Rental agreed to be paid by the State hereunder, or, in the event of reconstruction of all or any portion of the Facility pursuant to Section 4.4, such greater or lesser amount as shall be necessary to assure Rental payments during the reconstruction period.

(d) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds or additional insureds and loss payees, the Authority and its trustees, officers, agents and employees, the Educational Institution, the State and its officers, agents or employees, [the Agent and the Bank (except with respect to the commercial general liability insurance policy described in subsection 4.3(d) above)] and the Trustee as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority, and used as provided in Section 4.4 hereof or in the Resolution. All rental insurance proceeds

shall be payable to the Authority and applied as provided in the Resolution. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or non-renewed or substantially reduced as to coverage without thirty days' prior written notice to the Authority, the Trustee, the Educational Institution, the State [and the Agent]. The policies of insurance described in the above subparagraphs (a), (b) and (d) may contain additional deductible and coinsurance features, but only if the State or the Educational Institution has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required herein for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Lease by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 27 or other form acceptable to the Authority or other funding satisfactory to the Authority, the Trustee [and the Agent].

Upon the filing of a Certificate of Tenantability or a Certificate of Partial Tenantability and annually thereafter on January 1st of each year the Educational Institution will file with the Authority a certificate signed by an authorized officer which shall state that the insurance required by this Section 4.3 is in full force and effect.

In the event the Educational Institution fails to maintain the insurance as required herein, the Authority or the Trustee may secure such insurance. The Educational Institution agrees to reimburse the Authority or the Trustee for the cost of any such insurance.

The Authority hereby waives any claim of liability against the State and the Educational Institution, and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution or their officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution hereby waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect

thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Lease or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against either the State or its officers, agents or employees, the Authority or its officers, trustees, agents or employees, or the Educational Institution is waived.

Section 4.4 Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Lease:

(a) If such total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources, including payment by the Educational Institution), replace or repair the Facility to the reasonable satisfaction of the Authority, and this Lease shall remain in effect and no reduction or abatement of the Rental shall be permitted the Educational Institution or the State acting on behalf of the Educational Institution, and the Educational Institution or the State shall be entitled to receive all insurance payments; [provided, however, if at the time the insurance proceeds become available, an Event of Default (as defined in the Reimbursement Agreement) has occurred and is continuing under the Reimbursement Agreement, the Agent may direct the use of insurance proceeds to the payment of outstanding Obligations (as defined in the Reimbursement Agreement) related to the Facility and the State or the Educational Institution shall be relieved of its responsibility to replace or repair the Facility].

(b) If the total or partial destruction of the Facility occurs for causes not described in clause (a) of this Section 4.4, and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the Educational Institution [and the Agent] that it has sufficient funds (from insurance proceeds or other sources including payments by the Educational Institution) available to repair or replace the Facility within the period for which the rental value insurance described in Section 4.3(c) is actually then in force, the State or Educational Institution may repair or replace the Facility if the estimated "true rental" after such repair or replacement determined in the same manner that "true rental" was determined in the original instance shall not be less than the Rental prior to such destruction and if it is estimated that through the insurance described in Section 4.3(c), together with any other funds legally available therefor, [including, without limitation, amounts available to be drawn under or derived from the Letter of Credit,] there will be sufficient moneys available to the Authority during any period that the Rental may be suspended or reduced because of such destruction to fully offset the amount of the loss of Rental and to pay the principal and interest requirements on outstanding Authority Debt and any other obligations of the Authority secured by the Rental coming due. If the Facility is to be repaired or replaced the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the

Facility, and this Lease shall remain in effect, but the Rental shall be equitably adjusted by the mutual agreement of the parties according to the extent and time of the loss of the use of the Facility by the Educational Institution. [Notwithstanding the foregoing, the Authority shall not elect to repair or replace the Facility (i) if Authority Debt secured by the Letter of Credit are outstanding with respect to the Facility and if based upon an Architect's certificate, the Facility will not become tenantable on or prior to the Expiration Date (as defined in the Letter of Credit) unless the Agent is satisfied that the Authority nonetheless reasonably expects to have funds available to reimburse the Agent on or prior to the Expiration Date all as further provided in the Reimbursement Agreement or (ii) if an Event of Default has occurred and is continuing under the Reimbursement Agreement.]

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility, then this Lease may be terminated by either the State, the Educational Institution or the Authority upon thirty days' written notice to the other parties, and all Rental of the State on behalf of the Educational Institution hereunder shall cease from the date of such termination, in which event all insurance proceeds shall be applied as provided in the Resolution. If the Facility is partially destroyed, but the remaining Facility is usable by the State or the Educational Institution, then the Rental shall be reduced, if necessary, to reflect the "true rental" of the remaining Facility, the annual amounts of such "true rental" of the remaining Facility to be determined in the same manner that "true rental" was determined in the original instance.

(d) Insurance proceeds shall be paid to the Authority and used as provided in Section 4.4(b), for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Resolution. In the event surplus funds remain after application of insurance proceeds as provided in the Resolution, then such surplus shall be paid to the State to be credited to its General Fund.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority, the State [and the Agent] (State approval shall be evidenced by the approval of the State Administrative Board and by a concurrent resolution of the legislature concurred in by a majority of the members elected to and serving in each house).

Section 4.5 Improvements to the Facility. The Educational Institution may make any Improvements to the Facility as it deems necessary or desirable, provided that (a) all Improvements to the Facility constituting real property shall become the property of the Authority and subject to this Lease immediately upon the placement thereof in the Facility, and (b) the Educational Institution shall indemnify the Authority and its trustees, officers, agents and employees, from any and all losses, damages, liabilities or claims arising from or in connection with the making of such Improvements to the Facility by the Educational Institution to the extent permitted by law.

At the request of the State or the Educational Institution, the Authority may, but shall not be required to, acquire or construct Improvements to the Facility. In such event, this Lease shall be supplemented to increase the annual amounts of Rental payable hereunder so long as such amounts do not exceed the "true rental" value of the Facility after acquisition of the Improvements to the Facility as determined and approved pursuant to Sections 1(e) and 7 of Act 183.

If requested by the Educational Institution, the Authority shall grant an easement for construction purposes on the Site to the Educational Institution in form and substance satisfactory to the Attorney General of the State.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

Section 5.1 Events of Default. The term "Events of Default" shall mean, whenever used in this Lease, any one or more of the following events:

(a) Failure to pay the Rentals required to be paid under Section 3.3 at the times specified therein.

(b) Failure by the State or the Educational Institution to observe and perform any of their respective covenants, or obligations in this Lease for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied, given to the State and the Educational Institution by the Authority or the Trustee; provided, however, that if such Default shall be such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the State on behalf of the Educational Institution or the Educational Institution within such period and diligently pursued until the Default is corrected.

(c) An event of default under the Construction Agreement.

The term "Default" shall mean Default by the State or the Educational Institution in the performance or observance of any of their respective covenants or obligations in this Lease, exclusive of any period of grace required to constitute an Event of Default.

Section 5.2 Remedies. Upon the occurrence of an Event of Default, the Authority or its assignees, [the Bank acting through the Agent to the extent it is or is deemed to be a holder of Authority Debt] and the Trustee shall be entitled to use and exercise any and all remedies provided by law to correct such Default, including, but not limited to, the remedies provided in Act 183.

ARTICLE VI

MISCELLANEOUS

Section 6.1 Assignment of Lease. The Educational Institution (with the consent of the Authority and the State) and the State (with the consent of the Authority) may at any time make any assignment of their interest under this Lease for a use not prohibited by Act 183, provided, however, that (a) the State shall remain liable for all Rental and other obligations of the State under this Lease, (b) the Educational Institution shall remain primarily liable for its obligations under this Lease and (c) no assignment shall be made which would cause the interest on Authority Debt to become included in gross income for federal or State income tax purposes.

Section 6.2 Entry. The Authority, through its officers, agents, or employees, shall have the right at reasonable times of entering the Facility for the purpose of inspecting the Facility to determine compliance with this Lease.

Section 6.3 Amendment to Lease. No amendment to this Lease shall be effective unless the amendment is in writing and is executed by the duly authorized officers of the Authority, the State and the Educational Institution and all requirements of Act 183 are satisfied.

Section 6.4 Personal Liability. The covenants and obligations made, assumed by or imposed upon the State, the Authority or the Educational Institution in this Lease are those of the State, the Authority or the Educational Institution and not of any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution in his or her individual capacity and no recourse shall be had for the payment of the Rental or any other moneys required to be paid by this Lease or for the performance of any other obligation required of the State, the Educational Institution, or the Authority under this Lease against any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution or any person executing or attesting to this Lease or the Resolution.

Section 6.5 Notices. All notices, certificates or other communications under this Lease shall be sufficiently given when mailed by registered or certified mail, postage prepaid, return receipt requested, addressed to the Authority, the State, the Educational Institution, the Trustee [or the Agent], as the case may be, at the Authority's Address, the State's Address, the Educational Institution's Address, the Trustee's Address [or the Bank's Address], respectively. A duplicate copy of each such notice, certificate or other communication given hereunder to the Authority, the State, the Educational Institution, the Trustee [or the Agent] shall also be given to the others.

The Authority, the State, the Educational Institution, the Trustee [and the Agent] may by written notice designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Any notice given to the Educational Institution under this Lease shall also be given to the State if the Educational Institution's interest in the construction contract is assigned in accordance with this Lease.

Section 6.6 Entire Agreement. This Lease contains all agreements between the parties with respect to the Facility, and there are no other representations, warranties, promises, agreements or understandings, oral, written or inferred, between the parties, unless reference is made thereto herein.

Section 6.7 Severability. If any clause, provision or section of this Lease shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

Section 6.8 Execution in Counterparts. This Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

Section 6.9 Captions. The captions or headings in this Lease are for convenience only and in no way define, limit the scope or intent of any provision of this Lease.

Section 6.10 Applicable Law. This Lease shall be governed in all respects, whether as to validity, construction, performance or otherwise, by the laws of the State.

Section 6.11 Quiet Enjoyment. The Authority covenants that the State and the Educational Institution, upon compliance with the terms of this Lease, shall peacefully and quietly have and hold and enjoy the Facility for the term herein provided, subject to any and all rights of the Authority or its assignees under this Lease.

Section 6.12 Title. After Authority Debt and any additional Authority Debt authorized as provided in the Resolution and any and all other obligations of the Authority which pledge for their payment the Rental, are paid in full or provision for the payment thereof is made as provided in the Resolution or proceedings authorizing any such other obligations of the Authority, and upon request by the Educational Institution, the Authority shall convey title of the Facility to the Educational Institution for consideration of $1.00 and the Educational Institution's assumption of all monetary obligations and legal responsibilities for the operation and maintenance of the Facility. The Authority, the State and the Educational Institution hereby specifically agree that the obligations of the State to pay the Rental and perform the other duties and obligations of each specified in this Lease do not depend upon the conveyance of the title to the Facility to the Educational Institution as herein provided and each warrants and represents that this Lease would be executed and delivered by each of them even if title would not pass, it being understood that the passage of title is merely incidental to this Lease and that the Rental is not greater than the economic or market value to the State and the Educational Institution for the use of the Facility over and above estimated expenses of operation, maintenance and repair of the Facility, not taking into account passage of title to the Facility as provided in this Section.

Section 6.13 Binding Effect. This Lease shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

Section 6.14 Declaration of Governmental Function. The Authority, the State and the Educational Institution, in accordance with Act 183, hereby specifically declare the acquisition of the Facility is intended to serve an essential governmental function and nothing herein is to be construed to conclude a contrary intent.

Section 6.15 Tax Covenant. The State and the Educational Institution covenant and agree that to the extent permitted by law, they shall each take all actions within their control and that they shall not fail to take any action as may be necessary to provide for and maintain the exclusion of the interest on the Authority Debt from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and that they shall not use the Facility in any manner which would cause the Authority Debt to be Private Activity Bonds (as defined in the Code); provided, however, that this Section shall not be effective with respect to the Authority Debt, the interest on which is determined by the Authority as of the date of their issuance to be not excludable from gross income for federal income tax purposes under the Code.

[Section 6.16 References to the Bank. Any reference to the Bank in this Lease shall be effective only if the Credit Facility is then in effect and the Bank has not wrongfully dishonored its obligations thereunder or if any of the Authority's obligations to the Bank under the Reimbursement Agreement then remain outstanding.]

Section 6.17 Construction of Lease. For all purposes this document and the transaction created hereby shall be construed as a true lease, and is not intended to create "state indebtedness" as that term is used in Section 12 of Article 9 of the Michigan Constitution of 1963. Any provisions contained herein which at any time shall be held by a court of competent jurisdiction to cause this Lease to constitute an "evidence of state indebtedness" pursuant to Section 12 of Article 9 of the Michigan Constitution of 1963, shall be deemed invalid subject to the right of the State, the Educational Institution or the Authority to timely appeal such holding. Nothing in this Lease shall be construed as a surrender by the Educational Institution of any of its rights, prerogatives or independence under Section 4 of Article 8 of the Michigan Constitution of 1963. Nothing in this Lease shall be construed as requiring or obligating the Authority to issue or sell Authority Debt.

IN WITNESS WHEREOF, the STATE BUILDING AUTHORITY, the STATE OF MICHIGAN, and EASTERN MICHIGAN UNIVERSITY, by its Board of Regents, have executed this Lease by its duly authorized officers the day and year first above written.

Project Description

Eastern Michigan University
Pray-Harrold Hall Renovations

Pray-Harrold Hall is a 40 year old building, located on the campus of Eastern Michigan University in Ypsilanti, Michigan, consisting of seven floors plus a mechanical penthouse, totaling approximately 235,800 gross square feet. The project will upgrade and modernize the building to meet current barrier free and life safety code requirements. The project will provide renovation of the campus data center, upgrades to the mechanical and electrical systems, installation of life safety/security measures, replacement of roofs, windows, curtain wall systems, exterior doors and barrier free accessibility throughout the building.

Project Costs

Eastern Michigan University
Pray-Harrold Hall Renovations

Categories of Costs	State Building Authority's Cost of Facility	State Appropriations	Other	Total Facility Cost
1. The Structure, Services and Site Improvements (general, mechanical, electrical, and fixed equipment)	$29,554,600	$0	$6,500,000	$36,054,600
2. Furnishings and Equipment (furniture, movable equipment, etc., not considered a part of the structure nor requiring fixed mechanical and/or electrical services)	$1,880,000	0	0	1,880,000
3. Professional Services and Supervision (architectural fees, engineering services, and construction inspection)	65,200	200	4,000,000	4,065,400
TOTAL ESTIMATED PROJECT COST	$31,499,800	$200	$10,500,000	$42,000,000

REQUISITION CERTIFICATE

TO: U.S. Bank National Association, as Trustee

FROM: Eastern Michigan University (the "Educational Institution")

SUBJECT: Construction and Completion Assurance Agreement dated ___1, 2011 (the "Construction Agreement")

This represents Requisition Certificate No. ____ in the total amount of $_____ to pay the Cost of the Facility detailed in the schedule attached.

The undersigned certifies that:

1. The expenditures for which moneys are requisitioned hereby represent proper charges against the Acquisition Account have not been included in a previous requisition and have been properly recorded on the Educational Institution's books.

2. The moneys requisitioned hereby are not greater than those necessary to meet obligations due and payable or to reimburse the Obligor for its funds actually advanced for the Cost of the Facility.

3. The Educational Institution is not in default under the Construction Agreement and nothing has occurred to the knowledge of the Educational Institution that would prevent the performance of its obligations under the Construction Agreement.

4. After the payment of this requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

5. Delivered herewith are the items required to be delivered under the Construction Agreement.

6. Please wire funds to _____

_____.

Capitalized terms used in this certificate have the meanings given them in the Construction Agreement.

EXHIBIT D

ARCHITECT'S CERTIFICATE

The undersigned Architect certifies that it has reviewed this Requisition Certificate and that:

1. To the best knowledge of the undersigned, the Requisition Certificate is true, correct and complete in all material respects.

2. On the basis of an on-site inspection:

(a) The materials delivered to the site have been or are reasonably expected to be incorporated into the Project.

(b) The total amount of this Requisition Certificate and all prior Requisition Certificates is reasonable in relationship to the work performed and materials delivered to date.

(c) There have been no changes to the plans and specifications that have not been approved by the Authority except those identified in the Schedule attached to this Requisition Certificate, which individually and in the aggregate do not adversely affect the value of the Project; the last approved change order is No. ___ dated _____.

(d) The Budget continues to accurately represent the cost of each item set forth therein as well as the total cost of the Project.

CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT

This CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT is made among the State of Michigan, Kirtland Community College, a Michigan constitutional body corporate, acting through its Board of Trustees and the State Building Authority and is effective as of _____1, 2011

DEFINITIONS

In addition to the words and terms defined elsewhere in this Agreement, the following words and terms shall have the following meanings unless the context or use indicates a different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act" means Act No. 183, Public Acts of Michigan, 1964, as amended, MCL 830.411 to 830.425.

"Agent" means State Street Bank and Trust Company, as agent, or any successor agent for the Bank, or if there shall be no Agent, then Agent shall mean the Bank.

"Agreement" means this Construction and Completion Assurance Agreement among the Authority, the State, and the Educational Institution relating to the construction of the Facility.

"Architect" means Wade-Trim, Inc., 271 W. McCoy Road, P.O. Box 618, Gaylord, MI 49735.

"Architect Agreement" means the Educational Institution's agreement with the Architect regarding the construction of the Facility.

"Authority" means the State Building Authority created under the Act or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bank" means the bank or banks which issue the Letter of Credit or any other credit facility providing notes, initially State Street Bank and Trust Company, a Massachusetts trust company and U.S. Bank National Association, a national banking association, and its or their successors or assigns.

"Board" means the State Administrative Board of the State.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which are secured in whole or in part by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" means the certificate of the Architect that the Facility or a portion thereof is available for tenantability given consistent with Section 18.

"Code" means the Internal Revenue Code of 1986, as amended.

"Completion Account" means the separate subaccount or account established within the Acquisition Account for the Facility.

"Construction Company" means
Ed Birkmeier Well Drilling, Ltd., 9471 Genesee St., P.O. Box 324, New Lothrup, MI 48460;
Ripman Construction Company, Inc., 2026 S. Maple Valley Rd., St. Helen, MI 48656;
Robert Construction, Inc., P.O. Box 199, Lakeview, MI 48850.

"Contract" means the construction contract entered into by the Educational Institution for construction of the Facility.

"Contract Completion Date" means July 31, 2011, the date construction on the Facility is to be completed.

"Draw Down Schedule" means the estimated monthly cash flow schedule of the payment of the Authority's Facility Cost.

"Educational Institution" Kirtland Community College, created and maintained pursuant to Section 7 of Article 8 of the Michigan Constitution of 1963, or any body or entity succeeding to its rights and duties.

"Facility" means the Site, all real property interests appurtenant thereto and all buildings, structures, and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described in the attached Exhibit B, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Inspecting Architect or Engineer" means an architect or engineer licensed and in good standing in the State of Michigan, who acts as the Authority's agent in reviewing the progress of construction of the Facility and making certifications in connection with Requisition Certificates and performing the other tasks and duties considered appropriate by the Authority. A form of the Inspecting Architect or Engineer's certificate is attached to this Agreement as Exhibit D.

"Lease" means the lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented, a form of which is attached to this Agreement as Exhibit A.

"Legislature Approval" means the concurrent resolution of the Legislature approving (i) the conveyance of the Site to the Authority, (ii) the form of Lease pursuant to which the Educational Institution and the State will lease the Site and the Facility from the Authority, and (iii) a range of true rental based upon an appraisal letter.

"Letter of Credit" means the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

"Notes" means the obligations issued by the Authority under the Trust Indenture or any subsequent trust indenture providing funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority, and approved by the Authority in accordance with this Agreement.

"Reimbursement Agreement" means the Reimbursement Agreement, between the Authority and the Bank relating to the Letter of Credit, or any other reimbursement agreement entered into by the Authority in connection with the issuance of Notes.

"Requisition Certificate" means the certificate signed by an authorized official of the State or Educational Institution authorizing the Authority and the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to this Agreement and the Trust Indenture. A form of the Requisition Certificate is attached to this Agreement as Exhibit C.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of the Bonds. The term also includes any master indenture, indenture, or supplemental indenture, as amended from time to time, entered into by the Authority in connection with the Bonds.

"Site" means the real property described in Exhibit B attached to this Agreement.

"State" means the State of Michigan.

"Total Facility Cost" means (a) the obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the Construction Period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals,

surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992, and the certificate of the Executive Director of the Authority dated October 3, 2008, authorizing the reimbursement of such advances or otherwise permitted under the Code.

"Trustee" means a bank having trust powers or a trust company currently designated as trustee for the Notes in the Trust Indenture. Upon issuance of the Bonds, all funds held by the Trustee related to the Project shall be transferred to the trustee for the Bonds and, thereafter, all references in this Agreement to the Trustee shall be to the trustee for the Bonds.

"Trust Indenture" means the Trust Indenture, between the Authority and the Trustee, as amended or supplemented, entered into in connection with the issuance of Notes.

RECITALS

A. The Educational Institution has determined that it is necessary and desirable to acquire, renovate, equip and/or construct the Facility on the Site, which is owned by the Educational Institution, to carry out governmental functions and to provide necessary services to the people of the State, as mandated or permitted by Constitution and law. Use of the Act to accomplish those purposes is the most practical means to that end at the lowest cost to the State and the Educational Institution.

B. The State and the Educational Institution have requested that the Authority finance the acquisition, renovation, construction and/or equipping of the Facility on the Site and the Authority has agreed to issue the Notes, a portion of the proceeds of which will be used to acquire, renovate, equip, and/or construct the Facility in consideration of the Educational Institution and the State granting a license to the Authority to enter upon the Site and undertake the acquisition, renovation, equipping and construction, the Educational Institution's agreement to undertake, on behalf of the Authority, the oversight of the acquisition, renovation, equipping and construction, and the Educational Institution's agreement to convey, upon or prior to completion of the Facility, the Site and the Facility, to the Authority and to lease, together with the State, the Site and the Facility from the Authority at a true rental determined in accordance with the Act.

C. The Authority proposes to issue its Notes under the Trust Indenture, which shall establish the Acquisition Account and the procedures for disbursements from the Acquisition Account.

D. The Notes shall be secured by the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

E. The Legislature, the Board, the Authority, and the Educational Institution have each approved the conveyance of the Site to the Authority, the form of Lease, and a range of true rental based upon an appraisal letter. The execution and delivery of this Agreement has been approved by the Board, the Educational Institution, and the Authority.

NOW, THEREFORE, in consideration of the mutual rights and obligations set forth in this Agreement, and other good and valuable consideration the receipt and sufficiency of which is acknowledged by the parties, the Educational Institution, the State, and the Authority agree as follows:

SECTION 1. Financing of Construction. The Authority shall acquire, renovate, equip, and/or construct the Facility in accordance with the Plans with the revisions as may be properly approved pursuant to Section 3 of this Agreement. The Educational Institution and the State represent that the acquisition, renovation, equipping and construction can be completed in accordance with the Plans at a Total Facility Cost of $1,005,000. The Authority agrees to use its best efforts to issue the Notes, over time, in an aggregate amount sufficient to produce available proceeds designated for the Authority's Facility Cost of $502,400. The Educational Institution represents that it has or will have available, including any amounts which have been set forth in an appropriation act, an amount equal to the difference between the Authority's Facility Cost and the Total Facility Cost.

The amount of proceeds of the Notes to be issued on any date which will be used to pay the Authority's Facility Cost, shall be based upon the aggregate amount required and the times at which amounts are required as certified by the Educational Institution in the Draw Down Schedule. The Executive Director may rely on the accuracy of the Draw Down Schedule in determining the amount of Note proceeds to be allocated to the Authority's Facility Cost at any given time. The Educational Institution may revise the Draw Down Schedule by written notice to the Executive Director and the revised Draw Down Schedule shall be effective with respect to any Notes issued more than 10 days after the Executive Director's receipt thereof.

SECTION 2. Grant of License and Designation of Educational Institution to Construct on Behalf of the Authority. The State and the Educational Institution grant a license to the Authority to construct the Facility on the Site and agree that the Authority shall have such rights of ingress and egress on and across the Site as are necessary to construct and use the Facility in connection with its construction. Neither the State nor the Educational Institution shall revoke this grant while this Agreement is in effect.

The Educational Institution shall act on behalf of the Authority to oversee the acquisition, renovation, equipping and/or construction of the Facility. The Educational Institution shall undertake all responsibility for and, except as expressly set forth below with respect to payment, all liability in connection with bidding for and selecting contractors and managing and overseeing the construction process. The Educational Institution shall have the Facility acquired, renovated, equipped, and/or constructed in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost.

The Authority's sole liability in connection with any contracts for construction entered into with respect to the Facility shall be payment for acquisition, renovation, design, equipping, and/or construction costs to the extent set forth in Section 4 of this Agreement and shall in no event exceed the Authority's Facility Cost. Construction contracts shall meet the requirements of Section 5 of this Agreement.

If the Educational Institution, prior to completing the Facility as provided in this Agreement, ceases work on the Facility and fails to resume the work within 10 days after written notice from the Authority or the Trustee to the State and the Educational Institution identifying the cessation of work (except where such cessation in work is caused by causes beyond the Educational Institution's reasonable control, including, but not limited to, labor disputes, fire, unusual delay in transportation or unavoidable casualties) and requesting the work on the Facility be resumed, fails to complete the Facility in substantial accordance with the Plans, or makes changes in the Plans without first securing written approval when required by Section 3 of this Agreement, or if the Authority determines the Educational Institution is not using its best efforts to complete the Facility in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost, then the Authority may revoke its designation of the Educational Institution to construct the Facility and may have the Facility completed substantially according to the Plans and may proceed in so doing with the Trustee or an assignee. In completing the Facility, the Authority shall have all necessary powers, including but not limited to the following:

(a) to use any available funds in the Acquisition Account in the manner called for by the Plans and to present draw requests to provide for the deposit of additional funds in the Acquisition Account for such purposes,

(b) to make changes and corrections in the Plans as shall be necessary or desirable to complete the Facility in the manner contemplated by the Plans, or as provided in Section 3 of this Agreement if the amount available for completion of the Facility is not sufficient to complete the construction and acquisition of the Facility in accordance with the Plans,

(c) to employ such contractors, subcontractors, agents, architects, and inspectors as shall be required for such purposes,

(d) to pay, settle or compromise all existing bills and claims which may be liens against the Site, or as may be necessary or desirable for the completion of the Facility, or for clearance of title,

(e) to execute all applications and certificates in the name of the State or the Educational Institution which may be required by this Agreement or any construction contract,

(f) to prosecute and defend in the name of the State or the Educational Institution all actions or proceedings in connection with the construction of the Facility and to take such action and require such performance and payment bonds and the builders' risk insurance specified in Section 5 of this Agreement, and

(g) to take any actions as the Authority considers necessary in the exercise of its sole discretion to complete the Facility in the manner contemplated by the Plans and this Agreement.

The foregoing rights and remedies shall be supplemental to, and shall not preclude, the exercise by the Authority or the Trustee of any rights or remedies otherwise provided by law.

SECTION 3. Revisions to Plans. The Educational Institution and the State may make any modifications of the Plans and modifications to the Facility, so long as the modifications in the Plans or to the Facility do not, in the written opinion of the Architect, materially alter the size, scope or function of the Facility, together with any previous modifications in the Plans or to the Facility, extend the completion date beyond the Contract Completion Date, cause the estimated cost of design and construction of the Facility to exceed the amount of the Total Facility Cost approved by this Agreement, materially affect the structural integrity and utility of the structures, impair the usefulness or character of the Facility, or violate the requirements of any licensing authority and do not, in the written opinion of an authorized officer of the State or the Educational Institution, decrease the rental value of the Facility. Any other modifications in the Plans or to the Facility shall not be made without the prior approval of the Authority, the Agent, and the contractors' sureties (if required by any surety bond).

No modifications to the Plans or the Facility shall be made unless (i) there shall be on deposit with the Authority adequate moneys available therefor, (ii) the Educational Institution shall have deposited in the Acquisition Account adequate moneys to pay any additional costs resulting therefrom, or (iii) if authorized by the Legislature, the Board, and the Authority, this Agreement shall have been amended to evidence the Authority's agreement to increase the Authority's Facility Cost to an amount which, together with moneys, if any, described in (i) and (ii), are adequate therefor. All revisions of the Plans, all change orders with respect thereto and the opinion of the Architect and the authorized officer of the State or the Educational Institution referred to above shall be filed with the Agent and the Executive Director of the Authority.

SECTION 4. Payment of Design and Construction Costs. The Authority shall authorize the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to the provisions of this Agreement and the Trust Indenture, upon receipt of a Requisition Certificate signed by an authorized official of the State or Educational Institution, as applicable, approved by the Authority, stating with respect to each payment to be made: (i) the Requisition Certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such Requisition Certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account and has not been the basis of any previous payment, (vi) that the cost of the portion of the Facility covered by such Requisition Certificate is not less than the amount to be paid thereunder, (vii) that neither the State nor the Educational Institution is in default under this Agreement and that nothing has occurred to the knowledge of the Educational Institution or the State which prevents the performance of the State's or the Educational Institution's obligations under this Agreement, and (viii) that after the payment of the requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of

additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

The State or the Educational Institution, as applicable, shall also provide the Authority, the Bank, and the Trustee with (i) sworn statements and, if appropriate, waivers of lien (satisfactory in form and substance to the Authority) by contractors, subcontractors and for materialmen on the Facility and endorsements to the title insurance policy, if any has been provided pursuant to this Agreement, showing coverage by an amount not less than the moneys which have been expended by the Authority for the Facility, including the disbursement being requested and (ii) an itemization of the Authority's Facility Cost in sufficient detail to evidence incurring of such cost for the payment of which application has been or is then being made. The State and the Educational Institution shall permit the Authority, the Bank and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Total Facility Cost and the Authority's Facility Cost.

SECTION 5. Requirements for Construction Contracts. The Educational Institution shall enter into construction contracts for the Facility, executed copies of which shall be filed with the Authority. The Educational Institution represents and covenants that the Facility can be completed within the Total Facility Cost and that there is or will be available an amount of funds, which together with the Authority's Facility Cost, is sufficient to pay the Total Facility Cost. As evidence of the sufficiency of the construction contracts, the Educational Institution shall furnish the Authority, the State, the Agent, and Trustee, at the time of execution of this Agreement with the following:

(a) a detailed breakdown, certified by the Architect, itemizing by major category, of all costs necessary and sufficient for the completion of the Facility as a tenantable space,

(b) copies of performance and payment bonds written by a surety company satisfactory to the Executive Director of the Authority, payable to the Educational Institution, the State, the Authority, and the Trustee as their interests may appear, assuring completion of the Facility and payment of all contracts and claims for acquisition, construction, installation, renovation and equipping of the Facility or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing the existence of the performance and payment bonds, as the Executive Director of the Authority shall direct,

(c) the Draw Down Schedule,

(d) a copy of a builder's risk insurance policy or policies issued by a financially responsible insurer fully qualified under the laws of the State to provide such insurance, insuring all contractors, the State and its departments, boards, commissions, officers and employees, the Authority, the Bank, and the Trustee in form and amount satisfactory to the Architect and the Executive Director of the Authority or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing such insurance, as the Executive Director of the Authority shall direct, and

(e) a certificate of the Educational Institution certifying that funds, other than the proceeds of the Notes or other Authority funds, equal to the difference between the Total Facility Cost and the Authority's Facility Cost (i) are currently available and being held for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans, or if not currently available, identifying the sources of funds and the times at which such funds are expected to be available or (ii) have previously been expended for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans.

The Educational Institution shall not consent to any amendments to any of the construction contracts, whether by change order or otherwise, or take any action or fail to take any action which increases the Authority's Facility Cost or the Total Facility Cost or materially alters the scope, character, or function of the Facility, decreases the rental value of the Facility, or extends the Contract Completion Date without the prior written approval of the Authority and the Agent.

The Educational Institution will supply, as reasonably requested by the Authority, the State, or the Agent, copies of any monthly progress reports as are received by the Educational Institution from the Architect or any contractor with respect to construction of the Facility.

SECTION 6. Additional Construction Commencement Requirements. Prior to the commencement of construction, the Educational Institution shall supply to the Authority and the State:

(a) a title insurance commitment in favor of the Authority and the State issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for its intended purposes or materially detract from its value,

(b) a survey of the site, certified to the Authority and the State, consistent with the title commitment and showing, at a minimum, the location of all proposed improvements and the status of the property in terms of the 100 year flood plain as designated by the Army Corps of Engineers or Michigan Department of Natural Resources and Environment,

(c) evidence satisfactory to the Authority and the State of no unacceptable environmental contamination at the Site,

(d) evidence satisfactory to the Authority and the State of all governmental permits, if any, necessary for the construction of the Facility,

(e) executed copies of the Contract and Architect Agreement, and

(f) an opinion of counsel to the Educational Institution that this Agreement, the Contract, and the Architect Agreement are the valid and binding obligations of the Educational Institution.

SECTION 7. Assignment of Contract and Architect Agreement.

(a) The Educational Institution represents and warrants to the Authority that:

(1) it has not assigned, transferred, or delivered and covenants that it will not assign, transfer, or deliver, so long as this Agreement shall remain in effect, any of the Educational Institution's right, title or interest to the Contract and the Architect Agreement to anyone other than the Authority, its successors or assigns,

(2) its right, title and interest under the Contract and the Architect Agreement are not currently subject to any liens, encumbrances, or security interests,

(3) the Contract and the Architect Agreement are in all respects in full force and effect and enforceable in accordance with their respective terms except as enforcement may be limited by applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws affecting the rights of creditors generally, and

(4) it is not in default under the Contract or the Architect Agreement and is not aware of any other default under the Contract or the Architect Agreement as of the date of this Agreement.

(b) The Educational Institution assigns, transfers, and delivers to the Authority, as collateral security for the performance of its obligations under this Agreement or the Lease, all of the Educational Institution's right, title and interest under the Contract and the Architect Agreement.

(c) Upon default by the Educational Institution in the performance of any obligation under this Agreement or the Lease to file any claim, take any action or institute any proceeding which the Authority considers necessary or advisable in connection with the Contract or the Architect Agreement, the Educational Institution appoints the Authority as its true and lawful attorney, coupled with an interest, to act in the name and stead of the Educational Institution. Such appointment shall not be effective until after 30 days prior written notice to the Educational Institution during which time the Educational Institution shall have the opportunity to cure any such default unless the default shall be the result of the Educational Institution abandoning construction or ceasing work on the Facility in which case notice thereof shall be given in accordance with Section 2 of this Agreement.

(d) Notwithstanding anything to the contrary in this Agreement, until the Authority elects to exercise its right, title and interest under the Contract and/or the Architect Agreement:

(1) the Authority shall not be obligated to give any directions, make any demands, give any notices of nonperformance, protest or notices of protest in connection with any obligation that constitutes an obligation of the Educational Institution secured hereunder and the Educational Institution shall remain solely liable, except as specifically provided in Section 2 with respect to payment by the Authority, under the Contract and the Architect Agreement and the Educational Institution shall perform all of the Educational Institution's obligations thereunder in accordance with their terms and provisions, and

(2) except as specifically provided in Section 2 with respect to payment by the Authority, the Authority shall have no obligation or liability under the Contract or the Architect Agreement by reason of, or arising out of, this Agreement, nor shall the Authority be obligated in any manner to fulfill any obligations of the Educational Institution under the Contract or the Architect Agreement.

(e) The obligations of the Educational Institution under the Contract and the Architect Agreement may be performed by the Authority or its nominee after 30 days from the date of written notice to the Educational Institution except after the abandonment of construction or cessation of work on the Facility by the Educational Institution in which case the notice period shall be 10 days without releasing the Educational Institution therefrom and without resulting in any assumption of the Contract or the Architect Agreement by the Authority.

(f) The Educational Institution authorizes and directs the Construction Company and the Architect to perform the terms and conditions of the Contract and the Architect Agreement, respectively, and to complete the performance thereunder for the benefit of the Authority in the event of the Educational Institution's default under this Agreement or under the Lease or upon the Authority's election to exercise the Educational Institution's obligations under the Contract or the Architect Agreement.

SECTION 8. Completion Account.

(a) The Authority in the Trust Indenture shall provide for the establishment of the Completion Account.

(b) In the event either (i) any Requisition Certificate specifies a contract completion date later than 90 days after the Contract Completion Date or (ii) the Inspecting Architect or Engineer or a nationally recognized construction consultant or firm of consultants certifies to the Authority, the Educational Institution and the Trustee that the Facility cannot be completed within the available funds and/or cannot be completed within 90 days after the Contract Completion Date, then effective as of the date of such Requisition Certificate or the date of the Inspecting Architect's or Engineer's or consultant's certificate:

(1) the Trustee shall disburse only the following amounts approved in any Requisition Certificate:

Delay from Contract Completion Date	Amount to be Disbursed
90 days to 180 days	90%
More than 180 days	80%

(2) the remaining amount due under such Requisition Certificate shall be deposited by the Trustee in the Completion Account; and

(3) money in the Completion Account shall be disbursed only as provided in the Trust Indenture or this Agreement.

(c) In the event that the Educational Institution disputes the certificate of the Inspecting Architect or Engineer or consultant, the Educational Institution shall notify the Authority of the dispute in writing. Upon receipt of the notice, the Authority and the Educational Institution shall in good faith seek to agree within 10 days upon an independent consultant, who shall be retained at the expense of the Educational Institution. The independent consultant shall, within 20 days after retention, certify to the Educational Institution and the Authority a completion date for the Facility. Upon receipt of such certification, the Educational Institution shall notify the Trustee of the new completion date. In the event that the Authority and the Educational Institution cannot agree on the independent consultant within 10 days or the consultant, if retained, does not provide a new completion date within 20 days, the completion date established by the Inspecting Architect or Engineer or the consultant shall be the Contract Completion Date for this Agreement.

(d) The Educational Institution shall pay, from its own funds, the Authority's Facility Cost equal to any amounts deposited in the Completion Account pursuant to this Section.

(e) If the construction and acquisition of the Facility is subsequently recertified to be on, or ahead of, the original schedule for completion, in the same form as the delay in completion was certified, then effective with such certificate no further payments shall be made to the Completion Account pursuant to this Section. Notwithstanding that recertification, the moneys in the Completion Account shall not be disbursed to the Educational Institution except as provided in this Agreement and the Trust Indenture.

(f) The Executive Director of the Authority and an authorized officer of the Educational Institution may agree, with the consent of the Agent, to reduce the amounts to be deposited in the Completion Account. The Authority shall give notice of such agreement to the Trustee. Nothing herein shall require the Authority to agree with the Educational Institution to reduce any such deposit.

(g) In the event the Facility is completed and a Certificate of Tenantability is issued prior to the issuance of Bonds, the Trustee shall, within 60 days of the issuance of the Certificate of Tenantability, disburse to the Educational Institution all of the moneys then in the Completion Account; provided, however, that such disbursement shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such disbursement shall be deposited as directed by the Authority.

(h) The Trustee shall make disbursements from the Completion Account to the Bank only if there has been an event of default under the Reimbursement Agreement and obligations are owing to the Bank under the Reimbursement Agreement and there is no other source of payment to the Bank authorized therefor under the Trust Indenture.

(i) In the event the Certificate of Tenantability is not issued before the Bonds are issued, the Trustee is directed, and the Educational Institution agrees, that the Trustee shall transfer on a monthly basis by the first of the following month, to the extent moneys are available therefor, moneys in the Completion Account to the account established for paying principal and interest on the Bonds equal to the aggregate of (1) a fraction of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the first maturity date of the Bonds equal to one divided by the number of months from the Bonds' issuance date to the Bonds' first maturity date, and thereafter, if necessary, one-twelfth of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the next succeeding maturity date thereof and (2) the interest that will accrue during such month on the outstanding principal amount of Bonds related to the Authority's Facility Cost. The aggregate amount of such transfer shall be used to pay interest and principal on the Authority Debt and shall be reduced by the rental under the Lease, if any, paid for such month for Partial Tenantability of the Facility and by the amount of any capitalized interest available under the Resolution to pay interest on the amount of the Bonds related to Authority Facility Cost.

(j) Money transferred by the Trustee to pay interest on the Authority Debt shall no longer be available for payment to the Educational Institution for the Authority's Facility Cost, and the Authority and the State shall be under no obligation to pay such portions of the Authority's Facility Cost. When a Certificate of Tenantability is issued for the Facility, any remaining moneys in the Completion Account shall be transferred by the Trustee within 60 days to the Educational Institution; provided, however, that such transfer shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such transfer shall be deposited as directed by the Authority.

SECTION 9. Insurance. Upon execution of this Agreement and thereafter as the construction of the Facility permits, the Educational Institution shall keep the Facility insured against all of the following, provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth below during any time period that such insurance is not available in the insurance market of the United States:

(a) "All risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement Total Facility Cost with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds: the Agent, the Authority and its officers, agents and employees, the Educational Institution, the State and its officers, agents and employees, and the Trustee, as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority and used as provided in the Trust Indenture. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution, the Agent, and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or nonrenewed or substantially reduced as to coverage without thirty days prior written notice to the Authority, the Agent, the Trustee, the Educational Institution and the State. The policies of insurance described in the above subparagraphs may contain additional deductible and coinsurance features, but only if the Educational Institution or the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self-insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Agreement by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 27 or other form acceptable to the Authority or evidence of other funding satisfactory to the Authority, the Trustee, and the Agent.

In the event the Educational Institution fails to secure or maintain the insurance as required in this Agreement, the Authority may, but shall not be obligated to, secure the insurance. Upon demand of the Authority, the Educational Institution shall pay the cost of that insurance.

The Authority waives any claim of liability against the State and the Educational Institution and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution of their officers, agents or

employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its trustees, officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Agreement or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against the State or its officers, agents or employees, or the Authority or its officers, trustee, agents or employees, or the Educational Institution is waived.

SECTION 10. Inspecting Architect or Engineer. The Authority may, at its option, obtain the services of an Inspecting Architect or Engineer. It is agreed that the Authority assumes no obligation to the Educational Institution or the State with respect to the acts or omissions of the Inspecting Architect or Engineer or with respect to any negligence or defect in the design or construction of the Project. All fees, costs and expenses of the Inspecting Architect or Engineer shall be a Total Facility Cost to the extent of budgeted costs and any costs in excess of that amount shall be paid by the Educational Institution.

SECTION 11. Conveyance of Site to Authority. Prior to the earlier of:

(a) the date of delivery of the Bonds to provide long-term financing of the Authority's Facility Cost,

(b) the date the Architect files a Certificate of Tenantability,

(c) 15 days prior to the third anniversary of Legislative Approval of the Lease,

(d) 30 days prior to the Stated Termination Date of the Letter of Credit, as defined in the Letter of Credit,

(e) 15 Business Days (as defined in the Trust Indenture) prior to the date on which all outstanding principal of and interest on the Notes is expected to be paid in full by a draw on the Letter of Credit and refunding Notes under the Trust Indenture are not to be issued, or

(f) 15 days following the date of receipt of notice by the Trustee from the Agent of an Event of Default under the Reimbursement Agreement instructing the Trustee to accelerate the Notes,

the Educational Institution shall execute and deliver a warranty deed conveying the Educational Institution's interest in the Site to the Authority. The Educational Institution shall also at that time deliver a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, which shall be subject only to

the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

SECTION 12. Personal Property Components of the Facility. Upon the execution of this Agreement and from time to time during the construction period, the Educational Institution and the State, to the extent that it holds title to any portion of the Facility, shall execute and deliver to the Authority such bills of sale or other instruments of transfer as may be necessary to vest title to the Facility (but not to the Site) in the Authority, subject only to the encumbrances and reservations permitted in this Agreement, so that, upon completion of the Facility, the Authority shall be the owner of the Facility.

SECTION 13. Agreement to Lease. Upon the transfer of title to the Site from the Educational Institution to the Authority, the Authority shall lease the Facility to the State and the Educational Institution and the State and the Educational Institution shall lease the Facility from the Authority at a true rental determined in accordance with the Act pursuant to the Lease.

SECTION 14. Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Agreement:

(a) If the total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources), replace or repair the Facility to the state of construction immediately prior to the destruction to the reasonable satisfaction of the Authority, and this Agreement shall remain in effect and the State or the Educational Institution shall be entitled to receive all insurance payments; provided, however, if there are at the time the insurance proceeds become available outstanding Obligations (as defined in the Reimbursement Agreement) related to the Facility or if an Event of Default has occurred and is continuing under the Reimbursement Agreement, the Agent may direct the use of insurance proceeds to the payment of those Obligations and the State or the Educational Institution shall be relieved of its responsibility to replace or repair the Facility.

(b) If the total or partial destruction of the Facility occurs for causes not described in Section 14(a), and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State and the Educational Institution that it has sufficient funds (from insurance proceeds or other sources including additional issuances of Notes) available to repair or replace the Facility to the state of construction immediately prior to the destruction, and, unless otherwise consented to by the Agent, that there are other funds legally available and deposited in the Note Fund which will be sufficient to pay any Obligations related to the Facility which are outstanding at the time of the demonstration of sufficient funds, the State or the Educational Institution may repair or replace the Facility if the estimated "true rental" after such repair or replacement shall not be less than the estimated "true rental" prior to the destruction. If the Facility is to be repaired or replaced, the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the Facility and this Agreement shall remain in effect; provided,

however, under no circumstances will the amount paid to the State or the Educational Institution for repair or replacement exceed the amount of the insurance proceeds together with additional issuances of Notes, if any. Notwithstanding the foregoing, the Authority shall not elect to repair or replace the Facility (i) if Notes are outstanding with respect to the Facility and if based upon an Architect's certificate, the Facility will not become tenantable on or prior to the Expiration Date (as defined in the Letter of Credit) unless the Agent is satisfied that the Authority nonetheless reasonably expects to have funds available to reimburse the Bank on or prior to the Expiration Date all as further provided in the Reimbursement Agreement or (ii) if an Event of Default has occurred and is continuing under the Reimbursement Agreement.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility and meet the prior obligation set forth in Section 14(b), then this Agreement may be terminated by either the State, the Educational Institution or the Authority upon thirty days written notice to the other parties, in which event all insurance proceeds shall be applied as provided in the Trust Indenture.

(d) Insurance proceeds paid to the Authority as provided in Section 14(b), are to be used for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Trust Indenture. If surplus funds remain after application of insurance proceeds as provided in the Trust Indenture, that surplus shall be paid to the State to be credited to its General Fund or otherwise as agreed to by the State and the Educational Institution.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority, the Agent and the State. (State approval shall be evidenced by the approval of the Board and by a concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each house.)

SECTION 15. Tax Covenant. If the Notes or the Bonds are issued as obligations the interest on which is excluded from gross income for federal income tax purposes under the Code, the State and the Educational Institution will, to the extent permitted by law, each shall take all actions within its control and shall not fail to take any action as may be necessary to maintain the exclusion of the interest on the Notes or Bonds from gross income for federal income tax purposes under the Code, and neither shall use the Facility in any manner which would cause the Notes or the Bonds to be Private Activity Bonds (as defined in the Code).

SECTION 16. Assignment of Rights. Upon the issuance of the Notes, the Authority shall, pursuant to the Trust Indenture, assign its rights in, including rights to enforce this Agreement, and pledge any money receivable under this Agreement (other than certain insurance payments to be paid to the Authority under Section 9 of this Agreement), if any, to the Trustee as security for the payment of certain obligations of the Authority under the Trust Indenture to the Noteholders and the Bank. The Authority also assigns its rights to enforce this Agreement directly against the State and/or the Educational Institution to the Bank in the event that there has been a final draw on the Letter of Credit to pay principal of and interest on the Notes allocable to the Facility and those Notes are not to be refunded and there remain Obligations relating to the Facility owing to the Bank to the extent of such remaining Obligations. The Educational Institution and the State consent to such assignments and to any further assignments to a trustee with respect to any obligations of the Authority issued to refund or refinance the Notes.

SECTION 17. Indemnification. This section shall be applicable to the extent permitted by law. This section shall be permitted to the extent permitted by law. The Educational Institution shall indemnify and hold the Authority and its officers, agents, or employees harmless from any and all liability, loss, damage or expense which they may incur under or by reason of this Agreement, the Contract, or the Architect Agreement, or for any action taken by the Authority under this Agreement, or by reason or in defense of any and all claims and demands whatsoever which may be asserted against the Authority arising out of this Agreement, the Contract, or the Architect Agreement to the extent permitted by law. Should the Authority or its officers, agents, or employees incur any such liability, loss, damage or expense, the amount thereof (including reasonable attorneys' fees) shall be paid by the Educational Institution immediately upon demand. The Educational Institution shall not, however, be required to indemnify the Authority or its officers, agents, or employees for their acts of gross negligence or willful misconduct.

SECTION 18. Termination. Except as set forth below with respect to rights of the Bank, this Agreement shall terminate upon receipt by the State, the Educational Institution, and the Authority of the Certificate of Tenantability for the Facility pursuant to the Lease. This Agreement shall be effective as to rights of the Bank for such time as Obligations are owing to the Bank and so long as the Bank has not wrongfully dishonored its obligations under the Letter of Credit.

IN WITNESS WHEREOF, the State Building Authority, Kirtland Community College and the State of Michigan have each executed this Agreement by their duly authorized officers.

LEASE

THIS LEASE is entered into as of _____, 20__ among the STATE BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 183, Public Acts of Michigan, 1964, as amended, the STATE OF MICHIGAN, and KIRTLAND COMMUNITY COLLEGE, acting by its Board of Trustees, a Michigan constitutional body corporate (hereinafter, the "Educational Institution").

P R E M I S E S:

WHEREAS, the Authority was established under Act 183 for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963, or any of its agencies;

WHEREAS, the Educational Institution has been created and is maintained pursuant to Sections 4 and 7 of Article 8 of the Michigan Constitution of 1963;

WHEREAS, the Facility has been constructed and the Site and the Facility have been conveyed to the Authority by the Educational Institution as provided by Act 183;

WHEREAS, the acquisition of the Facility by the Authority for use by and lease to the State and the Educational Institution will permit the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the Constitution and law, and the use of Act 183 to accomplish the acquisition represents the most practical means to that end at the lowest cost to the State and the Educational Institution; and

WHEREAS, the execution and delivery of this Lease has been validly authorized by the State Administrative Board of the State, by the Legislature of the State by concurrent resolution concurred in by a majority of the members elected to and serving in each house, by the Board of Trustees of the Educational Institution, and by the Board of Trustees of the Authority;

NOW, THEREFORE, in consideration of the premises and of the covenants and undertakings of this Lease, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1 Definitions. In addition to the words and terms elsewhere defined in this Lease, the following words and terms as used in this Lease and the preambles hereto shall have the following meanings unless the context or use indicates another or different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act 183" means Act No. 183, Public Acts of Michigan, 1964, as amended, being Sections 830.411 to 830.425, inclusive, of Michigan Compiled Laws.

"Authority" means the State Building Authority created under Act 183 or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Address" means State Building Authority, Lewis Cass Building, 320 South Walnut, 1st Floor, Lansing, Michigan 48933.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which were secured in whole, or in part, by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" shall mean the certificate rendered pursuant to Section 2.5 hereof, which when filed, will trigger commencement of rental payments in accordance with Section 3.3 hereof.

"Construction Agreement" shall mean the Construction and Completion Assurance Agreement among the Authority, the State and the Educational Institution relating to the construction of the Facility.

"Educational Institution" means Kirtland Community College, created and maintained pursuant to Sections 4 and 7 of Article 8 of the Michigan Constitution of 1963 or any body or entity succeeding to its rights and duties.

"Educational Institution's Address" means Kirtland Community College, 10775 N. Saint Helen Road, Roscommon, Michigan 48653, Attention: President.

"Facility" means the Site, all real property interests appurtenant thereto, and all buildings, structures and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described on page A-1 in Exhibit A attached hereto, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Improvements to the Facility" means such additions, improvements or replacements of or to the Facility as provided by Section 4.5.

"Lease" means this lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented as provided in Section 6.3.

"Notes" means the obligations issued by the Authority under the Trust Indenture to provide funds, among other purposes, to pay the Authority's Facility Cost.

["Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority and approved by the Authority, in accordance with the Construction Agreement.]

"Rental" means the rental required to be paid to the Authority by the State pursuant to Section 3.3, which shall be not more than the "true rental" for the Facility as determined by the State Administrative Board pursuant to Act 183, the rental being not greater than the economic or market value to the State and the Educational Institution of the Facility over and above the estimated expenses of operation, maintenance and repair of the Facility, not taking into account the right of the Educational Institution to acquire title to the Facility as provided in Section 6.12 upon termination of this Lease.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of Authority Debt. The term also includes the Trust Indenture or any master indenture, indenture and supplemental indenture, as amended from time to time, entered into by the Authority in connection with Authority Debt.

"Site" means the real property described in Exhibit B attached hereto.

"State" means the State of Michigan. The Department of Technology, Management and Budget shall be responsible for administering the terms of this Lease on behalf of the State.

"State's Address" means State of Michigan, Department of Technology, Management and Budget, Lewis Cass Building, 2nd Floor, Box 30026, Lansing, Michigan 48909, Attention: Director.

"Total Facility Cost" means (a) obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees;

(c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the construction period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992 and the certificate of the Executive Director of the Authority dated October 3, 2008 authorizing the reimbursement of such advances or otherwise permitted under the Internal Revenue Code of 1986, as amended.

"Trustee" means a bank having trust powers or a trust company to be designated in the Resolution of the Authority, or any successor trustee at the time serving as such under the Resolution.

"Trustee's Address" means the address of the Trustee as indicated in the Trust Indenture.

"Trust Indenture" means the trust indenture, master indenture and supplemental indenture, as amended from time to time, entered into in connection with the issuance of Authority Debt.

ARTICLE II

ACQUISITION AND COMPLETION OF FACILITY

Section 2.1 [Plans and] Authority's Facility Cost. The Authority's Facility Cost in the amount set forth on page A-2 in Exhibit A [and the Plans] have been approved by the Authority, the Educational Institution and the State in accordance with applicable law. The Authority's acquisition of the Facility shall be financed by issuing Authority Debt. That portion of the proceeds of such Authority Debt which will be used to pay the Authority's Facility Cost shall be deposited in the Acquisition Account. The amount of such proceeds shall not exceed the amount of the Authority's Facility Cost except as otherwise provided for herein. If the proceeds from the initial issuance of Authority Debt to pay the Authority's Facility Cost are less than the corresponding amount set forth on page A-2 in Exhibit A, the Authority may issue additional Authority Debt at a later date or dates to pay the remaining portion of the Authority's Facility Cost so long as the aggregate amount of proceeds of all Authority Debt which then have been or will be used to pay the Authority's Facility Cost does not exceed the corresponding amount set forth on page A-2 in Exhibit A.

Section 2.2 Sale and Conveyance of Facility to Authority. The Educational Institution has executed and delivered to the Authority a warranty deed, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof, conveying and vesting in the Authority the Educational Institution's interest in the title to the Site, and the Educational Institution has executed and delivered to the Authority a bill of sale conveying and vesting in the Authority the Facility as acquired, constructed and installed by the Educational Institution.

Prior to or contemporaneously with the execution of this Lease, the Educational Institution shall deliver with the warranty deed a commitment for issuance of a title insurance policy acceptable to the Authority and as soon as practicable thereafter a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, each of which shall be subject only to the encumbrances and reservations which are acceptable to the Authority and which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

Contemporaneously with the delivery of this Lease, the Authority shall, pursuant to the Resolution, assign its rights in, and pledge any moneys receivable under this Lease other than indemnity and certain of the insurance payments to be paid to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease, if any, to the Trustee as security for the payment of certain obligations of the Authority. The State and the Educational Institution hereby consent to such assignment. The Authority shall reserve the right to enforce in its own name and for its own benefit, certain of the obligations of the State and the Educational Institution to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease.

Section 2.3 Price and Manner of Payment by Authority for Facility. The Authority shall pay to the State or the Educational Institution, as the case may be, as the purchase price for the Facility the amount paid or incurred by the State or the Educational Institution, as the case may be, for the Authority's Facility Cost, but the total amount paid by the Authority for the Facility shall not exceed the amount approved by Section 2.1. The purchase price for the Facility shall be paid on behalf of the Authority by the Trustee to the Educational Institution or the State from time to time from moneys in the Acquisition Account upon presentation of the requisition certificates (which shall constitute covenants of the Educational Institution or the State to the Authority and the Trustee). The Educational Institution shall convey the Site to the Authority without cost to the Authority.

Section 2.4 Disbursements From Acquisition Account. The Authority in the Resolution has authorized the Trustee to make payments from the Acquisition Account to pay the Authority's Facility Cost subject to this Lease, upon receipt of a requisition certificate signed by an authorized official of the Educational Institution or the State and approved by the Authority stating with respect to each payment to be made: (i) the requisition certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such requisition certificate and a statement that the payment is being made for a cost or expense properly chargeable to the

Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account, and has not been the basis of any previous payment, (vi) that the cost to the Educational Institution or the State of the portion of the Facility covered by the requisition certificate is not less than the amount to be paid to the Educational Institution or the State thereunder, (vii) that all bills of sale necessary to vest title to the portion of the Facility covered by the requisition certificate in the Authority have been executed and delivered or assigned by the Educational Institution or the State to the Authority, (viii) that neither the Educational Institution nor the State is in default under this Lease and that nothing has occurred to the knowledge of the State or the Educational Institution which prevents the performance of the Educational Institution's or the State's obligations under this Lease, and (ix) that after the payment of such requisition the amount on deposit in the Acquisition Account together with other moneys to be available, including anticipated proceeds, if any, from the issuance of additional Authority Debt, will be sufficient to acquire the Facility.

[The Educational Institution shall also provide the Authority and the Trustee with the information identified in the Construction Agreement.] The State and the Educational Institution shall permit the Authority and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Authority's Facility Cost.

Section 2.5 Certificate of Tenantability and Certificate of Partial Tenantability. The completion date of the entire Facility and the payment of the entire Total Facility Cost shall be evidenced to the Trustee, the Authority, the State and the Educational Institution by the Certificate of Tenantability signed by the Architect or by an appropriate official of the Educational Institution to the effect that, except for any Total Facility Cost not then due and payable, or the liability for payment of which is being disputed by the Educational Institution, construction of the Facility has been completed [in accordance with the Plans] and the entire Total Facility Cost has been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Upon filing of the Certificate of Tenantability, the Educational Institution shall occupy the entire Facility for the purpose specified.

If a portion of the Facility is completed prior to the completion date of the entire Facility, such partial completion shall be evidenced to the Trustee, the Authority, the State and the Educational Institution by the Certificate of Partial Tenantability filed by the Architect or by an appropriate official of the Educational Institution setting forth that the portion of the Facility indicated is complete and tenantable, that said portion has been completed in accordance with the plans and the square footage of the Facility. If different portions of the Facility from time to time are completed, the Architect may execute and deliver from time to time several Certificates of Partial Tenantability conforming to the requirements set forth in this section. Upon filing of the Certificate of Partial Tenantability, the Educational Institution shall be deemed to have occupied the portion of the Facility described in such certificate.

Section 2.6 Name of the Facility. The name of the Facility shall be designated by the Educational Institution.

ARTICLE III

LEASE OF FACILITY

Section 3.1 Term of This Lease. The term of this Lease shall commence on the date of its execution and shall continue for the period, not to exceed twenty (20) years, unless sooner terminated as herein provided.

Section 3.2 Lease of Facility. In consideration of the Rental and other terms of this Lease, the Authority leases the Facility to the State and the Educational Institution and the State and the Educational Institution lease the Facility from the Authority for the term of this Lease.

Section 3.3 Rental. The State shall pay to the Authority for and on behalf of the Educational Institution for the use of the Facility during the term of this Lease, Rental in the annual amounts set forth in Exhibit C hereto, which amounts shall be certified by the appraiser and approved by the State Administrative Board and the Authority as authorized by Act 183 payable monthly on an annualized basis (except as hereinafter provided) on or before the first day of each month prior to the termination of this Lease.

The full Rental shall commence on the first day of the first month following the date of the filing of the Certificate of Tenantability, but not earlier than the dated date of this Lease.

When a Certificate of Partial Tenantability is filed and until a Certificate of Tenantability is filed, the State shall pay to the Authority for and on behalf of the Educational Institution for the use of a portion of the Facility monthly in equal amounts (except as hereinafter provided) a portion of the full Rental described above. The partial rental amount shall be computed by multiplying the percentage computed by dividing the gross square footage that is tenantable as described in all Certificates of Partial Tenantability then filed by the total gross square footage of the Facility times the full amount of the Rental.

The Executive Director of the Authority shall notify the State Administrative Board of failure to complete the Facility in the event that the Facility is not completed within six months of the Contract Completion Date, or prior thereto if the Authority, the Educational Institution and the State (acting through the Department of Technology, Management and Budget) shall so agree, and the State Administrative Board shall promptly thereafter designate an appraiser. The appraiser shall determine on a functional basis the percentage of completion of the Facility as of the date that such appraisal is made and shall report such percentage to the Authority, the State, the Educational Institution and the Trustee. The State shall pay to the Authority, for and on behalf of the Educational Institution, for use of a portion of the Facility, monthly in equal amounts on an annualized basis (except as hereinafter provided) a portion of the full Rental computed by multiplying the percentage reported by the appraiser times the full amount of the Rental set forth above, the first of such partial Rentals to commence on the first day of the first month following the date of the filing of the appraiser's report. If after payment of a partial

Rental under the circumstances above described, further Certificates of Partial Tenantability are filed, the appraiser shall recalculate the percentage of completion each time and shall file with the Authority, the State, the Educational Institution and the Trustee a report setting forth the revised percentage and such revised percentage shall be the basis for computation from time to time of the partial Rental until the Certificate of Tenantability is filed.

The first monthly Rental payment or partial Rental payment in each case shall be paid on the last day of the month in which the Certificate of Tenantability or the Certificate of Partial Tenantability, as the case may be, is filed and shall be in an amount equal to the annual Rental calculated as above provided divided by 365 and multiplied by the number of days between the date of filing the Certificate of Tenantability or the Certificate of Partial Tenantability and the date on which the next Rental payment or partial Rental payment is due.

The Educational Institution consents to payment of the Rental or partial Rental on behalf of the Educational Institution by the State directly to the Trustee as provided in the Resolution.

If for any reason other than because of any act or omission of the State, the Educational Institution, or any of their agents or employees (whether negligent or otherwise) the Facility becomes untenantable or partially untenantable, no Rental, or partial Rental only, shall be paid for the period the Facility is untenantable or partially untenantable, and the Rental payments shall be adjusted accordingly by the mutual agreement of the parties hereto; provided, however, that if the Facility is totally or partially destroyed, the provisions of Section 4.4 hereof shall apply in lieu of the provision of this paragraph. For purposes of this Lease the Facility shall not be deemed wholly untenantable if the Facility or any portion thereof can be used by the Educational Institution or the State for any lawful governmental purpose.

The Governor of the State shall, consistent with Act 183, include in the annual executive budget of the State for each year during the term of this Lease an amount sufficient to pay the Rental required to be paid in such year by the State on behalf of the Educational Institution, to the Authority or its assignee. The State is hereby contractually obligated to provide each year adequate appropriations in order to pay the Rental when due, the Rental being an ordinary annual expense and contract obligation of the State. This provision shall not be deemed a waiver of the State's governmental immunity or its right to invoke or waive governmental immunity.

ARTICLE IV

OPERATION, MAINTENANCE AND INSURANCE OF FACILITY

Section 4.1 Operation of Facility. During the term of this Lease, the Educational Institution agrees to use the Facility for a lawful governmental purpose. The State and the Educational Institution may locate and use any of their own personal property in the furtherance of such purpose in or on the Facility and such personal property shall remain the property of the State or the Educational Institution and shall not become part of the Facility and shall not be subject to this Lease. If the personal property of the State or the Educational Institution so

located in or on the Facility cannot be readily distinguished from the real and personal property comprising the Facility by reference to page A-1 in Exhibit A or other records of the Authority, then such personal property of the State or the Educational Institution shall remain identified as property of the State or the Educational Institution by tags or other symbols attached thereto or otherwise clearly associated therewith, and any such items of personal property not so identified shall be presumed to be part of the Facility, but such presumption shall not be conclusive.

The Educational Institution shall pay all costs and expenses incurred in the operation of the Facility, or arising in connection therewith, including, but not limited to all governmental charges or taxes (or payments in lieu of taxes), if any, levied on the Facility or the operation thereof, and all charges for utility services supplied to, or used in the operation of, the Facility and all charges for insurance required by this Lease. Insofar as it may be lawfully done, the Authority shall be free from all costs, expenses and obligations of operation and maintenance of the Facility, except as otherwise expressly provided herein, and free from all taxes, assessments and other governmental charges, and that this Lease shall be a "net lease," and the State on behalf of the Educational Institution shall pay the Rental throughout the term of this Lease.

Section 4.2 Maintenance and Repair of the Facility. The Educational Institution shall not cause or permit any waste, damage or injury to the Facility. During the term of this Lease, the Educational Institution shall, at its own expense, keep the Facility in good condition and repair (reasonable wear and tear and damage by act of God, fire, or other causes beyond the control of the Educational Institution excepted). The Educational Institution shall indemnify the Authority, its members, officers, agents or employees, against all costs, liabilities, losses, damages, suits, fines, penalties, claims and demands, including reasonable counsel fees, arising out of the Educational Institution's failure to comply with the foregoing covenant to the extent permitted by law.

Section 4.3 Insurance. From the date hereof, the Educational Institution shall, at its own expense, keep the Facility insured against all of the following provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth during any time period that such insurance is not available in the insurance market of the United States:

(a) "All Risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement cost of the Facility with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Loss of rental, under a rental value insurance policy, resulting from any of the hazards described in subparagraphs (a) and (b) in an amount not less than 300% of the then full annual Rental fixed by this Lease, including all Rental agreed to be paid by the State hereunder, or, in the event of reconstruction of all or any portion of the Facility pursuant to

Section 4.4, such greater or lesser amount as shall be necessary to assure Rental payments during the reconstruction period.

(d) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds or additional insureds and loss payees, the Authority and its trustees, officers, agents and employees, the Educational Institution, the State and its officers, agents or employees and the Trustee as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority, and used as provided in Section 4.4 hereof or in the Resolution. All rental insurance proceeds shall be payable to the Authority and applied as provided in the Resolution. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or non-renewed or substantially reduced as to coverage without thirty days' prior written notice to the Authority, the Trustee, the Educational Institution and the State. The policies of insurance described in the above subparagraphs (a), (b) and (d) may contain additional deductible and coinsurance features, but only if the State or the Educational Institution has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required herein for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Lease by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 25-S or other form acceptable to the Authority or other funding satisfactory to the Authority and the Trustee.

Upon the filing of a Certificate of Tenantability or a Certificate of Partial Tenantability and annually thereafter on January 1st of each year the Educational Institution will file with the Authority a certificate signed by an authorized officer which shall state that the insurance required by this Section 4.3 is in full force and effect.

In the event the Educational Institution fails to maintain the insurance as required herein, the Authority or the Trustee may secure such insurance. The Educational Institution agrees to reimburse the Authority or the Trustee for the cost of any such insurance.

The Authority hereby waives any claim of liability against the State and the Educational Institution, and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution or their officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution hereby waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Lease or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against either the State or its officers, agents or employees, the Authority or its officers, trustees, agents or employees, or the Educational Institution is waived.

Section 4.4 Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Lease:

(a) If such total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources, including payment by the Educational Institution), replace or repair the Facility to the reasonable satisfaction of the Authority, and this Lease shall remain in effect and no reduction or abatement of the Rental shall be permitted the Educational Institution or the State acting on behalf of the Educational Institution, and the Educational Institution or the State shall be entitled to receive all insurance payments.

(b) If the total or partial destruction of the Facility occurs for causes not described in clause (a) of this Section 4.4, and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the Educational Institution that it has sufficient funds (from insurance proceeds or other sources including payments by the Educational Institution) available to repair or replace the Facility

within the period for which the rental value insurance described in Section 4.3(c) is actually then in force, the State or Educational Institution may repair or replace the Facility if the estimated "true rental" after such repair or replacement determined in the same manner that "true rental" was determined in the original instance shall not be less than the Rental prior to such destruction and if it is estimated that through the insurance described in Section 4.3(c), together with any other funds legally available therefor, there will be sufficient moneys available to the Authority during any period that the Rental may be suspended or reduced because of such destruction to fully offset the amount of the loss of Rental and to pay the principal and interest requirements on outstanding Authority Debt and any other obligations of the Authority secured by the Rental coming due. If the Facility is to be repaired or replaced the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the Facility, and this Lease shall remain in effect, but the Rental shall be equitably adjusted by the mutual agreement of the parties according to the extent and time of the loss of the use of the Facility by the Educational Institution.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility, then this Lease may be terminated by either the State, the Educational Institution or the Authority upon thirty days' written notice to the other parties, and all Rental of the State on behalf of the Educational Institution hereunder shall cease from the date of such termination, in which event all insurance proceeds shall be applied as provided in the Resolution. If the Facility is partially destroyed, but the remaining Facility is usable by the State or the Educational Institution, then the Rental shall be reduced, if necessary, to reflect the "true rental" of the remaining Facility, the annual amounts of such "true rental" of the remaining Facility to be determined in the same manner that "true rental" was determined in the original instance.

(d) Insurance proceeds shall be paid to the Authority and used as provided in Section 4.4(b), for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Resolution. In the event surplus funds remain after application of insurance proceeds as provided in the Resolution, then such surplus shall be paid to the State to be credited to its General Fund.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority and the State (State approval shall be evidenced by the approval of the State Administrative Board and by a concurrent resolution of the legislature concurred in by a majority of the members elected to and serving in each house).

Section 4.5 Improvements to the Facility. The Educational Institution may make any Improvements to the Facility as it deems necessary or desirable, provided that (a) all Improvements to the Facility constituting real property shall become the property of the

Authority and subject to this Lease immediately upon the placement thereof in the Facility, and (b) the Educational Institution shall indemnify the Authority and its trustees, officers, agents and employees, from any and all losses, damages, liabilities or claims arising from or in connection with the making of such Improvements to the Facility by the Educational Institution to the extent permitted by law.

At the request of the State or the Educational Institution, the Authority may, but shall not be required to, acquire or construct Improvements to the Facility. In such event, this Lease shall be supplemented to increase the annual amounts of Rental payable hereunder so long as such amounts do not exceed the "true rental" value of the Facility after acquisition of the Improvements to the Facility as determined and approved pursuant to Sections 1(e) and 7 of Act 183.

If requested by the Educational Institution, the Authority shall grant an easement for construction purposes on the Site to the Educational Institution in form and substance satisfactory to the Attorney General of the State.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

Section 5.1 Events of Default. The term "Events of Default" shall mean, whenever used in this Lease, any one or more of the following events:

(a) Failure to pay the Rentals required to be paid under Section 3.3 at the times specified therein.

(b) Failure by the State or the Educational Institution to observe and perform any of their respective covenants, or obligations in this Lease for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied, given to the State and the Educational Institution by the Authority or the Trustee; provided, however, that if such Default shall be such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the State on behalf of the Educational Institution or the Educational Institution within such period and diligently pursued until the Default is corrected.

[(c) An event of default under the Construction Agreement.]

The term "Default" shall mean Default by the State or the Educational Institution in the performance or observance of any of their respective covenants or obligations in this Lease, exclusive of any period of grace required to constitute an Event of Default.

Section 5.2 Remedies. Upon the occurrence of an Event of Default, the Authority or its assignees, and the Trustee shall be entitled to use and exercise any and all remedies provided by law to correct such Default, including, but not limited to, the remedies provided in Act 183.

ARTICLE VI

MISCELLANEOUS

Section 6.1 Assignment of Lease. The Educational Institution (with the consent of the Authority and the State) and the State (with the consent of the Authority) may at any time make any assignment of their interest under this Lease for a use not prohibited by Act 183, provided, however, that (a) the State shall remain liable for all Rental and other obligations of the State under this Lease, (b) the Educational Institution shall remain primarily liable for its obligations under this Lease and (c) no assignment shall be made which would cause the interest on Authority Debt to become included in gross income for federal or State income tax purposes.

Section 6.2 Entry. The Authority, through its officers, agents, or employees, shall have the right at reasonable times of entering the Facility for the purpose of inspecting the Facility to determine compliance with this Lease.

Section 6.3 Amendment to Lease. No amendment to this Lease shall be effective unless the amendment is in writing and is executed by the duly authorized officers of the Authority, the State and the Educational Institution and all requirements of Act 183 are satisfied.

Section 6.4 Personal Liability. The covenants and obligations made, assumed by or imposed upon the State, the Authority or the Educational Institution in this Lease are those of the State, the Authority or the Educational Institution and not of any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution in his or her individual capacity and no recourse shall be had for the payment of the Rental or any other moneys required to be paid by this Lease or for the performance of any other obligation required of the State, the Educational Institution, or the Authority under this Lease against any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution or any person executing or attesting to this Lease or the Resolution.

Section 6.5 Notices. All notices, certificates or other communications under this Lease shall be sufficiently given when mailed by registered or certified mail, postage prepaid, return receipt requested, addressed to the Authority, the State, the Educational Institution or the Trustee, as the case may be, at the Authority's Address, the State's Address, the Educational Institution's Address or the Trustee's Address, respectively. A duplicate copy of each such notice, certificate or other communication given hereunder to the Authority, the State, the Educational Institution or the Trustee shall also be given to the others.

The Authority, the State, the Educational Institution and the Trustee may by written notice designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Any notice given to the Educational Institution under this Lease shall also be given to the State if the Educational Institution's interest in the construction contract is assigned in accordance with this Lease.

Section 6.6 Entire Agreement. This Lease contains all agreements between the parties with respect to the Facility, and there are no other representations, warranties, promises, agreements or understandings, oral, written or inferred, between the parties, unless reference is made thereto herein.

Section 6.7 Severability. If any clause, provision or section of this Lease shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

Section 6.8 Execution in Counterparts. This Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

Section 6.9 Captions. The captions or headings in this Lease are for convenience only and in no way define, limit the scope or intent of any provision of this Lease.

Section 6.10 Applicable Law. This Lease shall be governed in all respects, whether as to validity, construction, performance or otherwise, by the laws of the State.

Section 6.11 Quiet Enjoyment. The Authority covenants that the State and the Educational Institution, upon compliance with the terms of this Lease, shall peacefully and quietly have and hold and enjoy the Facility for the term herein provided, subject to any and all rights of the Authority or its assignees under this Lease.

Section 6.12 Title. After Authority Debt and any additional Authority Debt authorized as provided in the Resolution and any and all other obligations of the Authority which pledge for their payment the Rental, are paid in full or provision for the payment thereof is made as provided in the Resolution or proceedings authorizing any such other obligations of the Authority, and upon request by the Educational Institution, the Authority shall convey title of the Facility to the Educational Institution for consideration of $1.00 and the Educational Institution's assumption of all monetary obligations and legal responsibilities for the operation and maintenance of the Facility. The Authority, the State and the Educational Institution hereby specifically agree that the obligations of the State to pay the Rental and perform the other duties and obligations of each specified in this Lease do not depend upon the conveyance of the title to the Facility to the Educational Institution as herein provided and each warrants and represents that this Lease would be executed and delivered by each of them even if title would not pass, it

being understood that the passage of title is merely incidental to this Lease and that the Rental is not greater than the economic or market value to the State and the Educational Institution for the use of the Facility over and above estimated expenses of operation, maintenance and repair of the Facility, not taking into account passage of title to the Facility as provided in this Section.

Section 6.13 Binding Effect. This Lease shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

Section 6.14 Declaration of Governmental Function. The Authority, the State and the Educational Institution, in accordance with Act 183, hereby specifically declare the acquisition of the Facility is intended to serve an essential governmental function and nothing herein is to be construed to conclude a contrary intent.

Section 6.15 Tax Covenant. The State and the Educational Institution covenant and agree that to the extent permitted by law, they shall each take all actions within their control and that they shall not fail to take any action as may be necessary to provide for and maintain the exclusion of the interest on the Authority Debt from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and that they shall not use the Facility in any manner which would cause the Authority Debt to be Private Activity Bonds (as defined in the Code); provided, however, that this Section shall not be effective with respect to the Authority Debt, the interest on which is determined by the Authority as of the date of their issuance to be not excludable from gross income for federal income tax purposes under the Code.

Section 6.16 Construction of Lease. For all purposes this document and the transaction created hereby shall be construed as a true lease, and is not intended to create "state indebtedness" as that term is used in Section 12 of Article 9 of the Michigan Constitution of 1963. Any provisions contained herein which at any time shall be held by a court of competent jurisdiction to cause this Lease to constitute an "evidence of state indebtedness" pursuant to Section 12 of Article 9 of the Michigan Constitution of 1963, shall be deemed invalid subject to the right of the State, the Educational Institution or the Authority to timely appeal such holding. Nothing in this Lease shall be construed as a surrender by the Educational Institution of any of its rights, prerogatives or independence under Sections 4 and 7 of Article 8 of the Michigan Constitution of 1963. Nothing in this Lease shall be construed as requiring or obligating the Authority to issue or sell Authority Debt.

IN WITNESS WHEREOF, the STATE BUILDING AUTHORITY, the STATE OF MICHIGAN, and KIRTLAND COMMUNITY COLLEGE, by its Board of Trustees, have executed this Lease by its duly authorized officers the day and year first above written.

Project Description

Kirtland Community College
Well Water System Upgrade

The Kirtland Community College Well Water System Upgrade will replace the existing Type I and Type II Systems as required by the Department of Environmental Quality. As a result, three test wells and an underground water distribution system will be installed to connect the new wells to the existing campus facilities. A 320 square foot well house will be constructed to house pressure tanks and related plumbing.

Project Costs

Kirtland Community College
Well Water System Upgrade

Categories of Costs	State Building Authority's Cost of Facility	State Appropriations	Other	Total Facility Cost
1. The Structure, Services and Site Improvements (general, mechanical, electrical, and fixed equipment)	$407,100	$100	$407,100	$814,300
2. Furnishings and Equipment (furniture, movable equipment, etc., not considered a part of the structure nor requiring fixed mechanical and/or electrical services)	0	0	0	0
3. Professional Services and Supervision (architectural fees, engineering services, and construction inspection)	95,300	0	95,400	190,700
TOTAL ESTIMATED PROJECT COST	$502,400	$100	$502,500	$1,005,000

EXHIBIT B

Legal Description

Kirtland Community College
Well Water System Upgrade

A parcel of land situated in the Northeast one-quarter of Section 10, Town 24 North, Range 1 West, Au Sable Township, Roscommon County, Michigan, being more particularly described as commencing at the East one-quarter corner of Section 10, thence N00°04'45"W along the East Section line, 698.94 feet to the point of beginning; thence S89°55'15"W 573.76 feet; thence 282.07 feet along a curve to the left whose radius is 1080.00 feet, whose chord bearing and distance is N38°02'26"E 281.27 feet; thence N89°55'15"E 400.13 feet to the East Section line; thence S00°04'45"E along the East Section line, 221.28 feet to the point of beginning; which legal description may be modified to conform to the as built survey upon completion of the project and may also be modified to encompass walkways, driveways, loading docks, access easements, parking areas, and other similar appurtenances provided that the overall footprint of the facility building does not vary more than 300 feet in any direction from the legal description set out above.

REQUISITION CERTIFICATE

TO: U.S. Bank National Association, as Trustee

FROM: Kirtland Community College (the "Educational Institution")

SUBJECT: Construction and Completion Assurance Agreement dated _____, 2011 (the "Construction Agreement")

This represents Requisition Certificate No. ____ in the total amount of $_____ to pay the Cost of the Facility detailed in the schedule attached.

The undersigned certifies that:

1. The expenditures for which moneys are requisitioned hereby represent proper charges against the Acquisition Account have not been included in a previous requisition and have been properly recorded on the Educational Institution's books.

2. The moneys requisitioned hereby are not greater than those necessary to meet obligations due and payable or to reimburse the Obligor for its funds actually advanced for the Cost of the Facility.

3. The Educational Institution is not in default under the Construction Agreement and nothing has occurred to the knowledge of the Educational Institution that would prevent the performance of its obligations under the Construction Agreement.

4. After the payment of this requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

5. Delivered herewith are the items required to be delivered under the Construction Agreement.

6. Please wire funds to _____

EXHIBIT D

ARCHITECT'S CERTIFICATE

The undersigned Architect certifies that it has reviewed this Requisition Certificate and that:

1. To the best knowledge of the undersigned, the Requisition Certificate is true, correct and complete in all material respects.

2. On the basis of an on-site inspection:

(a) The materials delivered to the site have been or are reasonably expected to be incorporated into the Project.

(b) The total amount of this Requisition Certificate and all prior Requisition Certificates is reasonable in relationship to the work performed and materials delivered to date.

(c) There have been no changes to the plans and specifications that have not been approved by the Authority except those identified in the Schedule attached to this Requisition Certificate, which individually and in the aggregate do not adversely affect the value of the Project; the last approved change order is No.____ dated _____.

(d) The Budget continues to accurately represent the cost of each item set forth therein as well as the total cost of the Project.

CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT

This CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT is made among the State of Michigan, Michigan Technological University, a Michigan constitutional body corporate, acting through its Board of Control and the State Building Authority and is effective as of ___1, 2011.

DEFINITIONS

In addition to the words and terms defined elsewhere in this Agreement, the following words and terms shall have the following meanings unless the context or use indicates a different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act" means Act No. 183, Public Acts of Michigan, 1964, as amended, MCL 830.411 to 830.425.

"Agent" means State Street Bank and Trust Company, as agent, or any successor agent for the Bank, or if there shall be no Agent, then Agent shall mean the Bank.

"Agreement" means this Construction and Completion Assurance Agreement among the Authority, the State, and the Educational Institution relating to the construction of the Facility.

"Architect" means Fishbeck, Thompson, Carr & Huber, Inc., 1515 Arboretum Drive, SE, Grand Rapids, MI 49546.

"Architect Agreement" means the Educational Institution's agreement with the Architect regarding the construction of the Facility.

"Authority" means the State Building Authority created under the Act or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bank" means the bank or banks which issue the Letter of Credit or any other credit facility providing notes, initially State Street Bank and Trust Company, a Massachusetts trust company and U.S. Bank National Association, a national banking association, and its or their successors or assigns.

"Board" means the State Administrative Board of the State.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which are secured in whole or in part by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" means the certificate of the Architect that the Facility or a portion thereof is available for tenantability given consistent with Section 18.

"Code" means the Internal Revenue Code of 1986, as amended.

"Completion Account" means the separate subaccount or account established within the Acquisition Account for the Facility.

"Construction Company" means Granger Construction Company, 6267 Aurelius Rd., P.O. Box 22187, Lansing, MI 48909.

"Contract" means the construction contract entered into by the Educational Institution for construction of the Facility.

"Contract Completion Date" means April 15, 2012, the date construction on the Facility is to be completed.

"Draw Down Schedule" means the estimated monthly cash flow schedule of the payment of the Authority's Facility Cost.

"Educational Institution" Michigan Technological University, created and maintained pursuant to Sections 4 and 6 Article 8 of the Michigan Constitution of 1963, or any body or entity succeeding to its rights and duties.

"Facility" means the Site, all real property interests appurtenant thereto and all buildings, structures, and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described in the attached Exhibit B, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Inspecting Architect or Engineer" means an architect or engineer licensed and in good standing in the State of Michigan, who acts as the Authority's agent in reviewing the progress of construction of the Facility and making certifications in connection with Requisition Certificates and performing the other tasks and duties considered appropriate by the Authority. A form of the Inspecting Architect or Engineer's certificate is attached to this Agreement as Exhibit D.

"Lease" means the lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented, a form of which is attached to this Agreement as Exhibit A.

"Legislature Approval" means the concurrent resolution of the Legislature approving (i) the conveyance of the Site to the Authority, (ii) the form of Lease pursuant to which the Educational Institution and the State will lease the Site and the Facility from the Authority, and (iii) a range of true rental based upon an appraisal letter.

"Letter of Credit" means the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

"Notes" means the obligations issued by the Authority under the Trust Indenture or any subsequent trust indenture providing funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority, and approved by the Authority in accordance with this Agreement.

"Reimbursement Agreement" means the Reimbursement Agreement, between the Authority and the Bank relating to the Letter of Credit, or any other reimbursement agreement entered into by the Authority in connection with the issuance of Notes.

"Requisition Certificate" means the certificate signed by an authorized official of the State or Educational Institution authorizing the Authority and the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to this Agreement and the Trust Indenture. A form of the Requisition Certificate is attached to this Agreement as Exhibit C.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of the Bonds. The term also includes any master indenture, indenture, or supplemental indenture, as amended from time to time, entered into by the Authority in connection with the Bonds.

"Site" means the real property described in Exhibit B attached to this Agreement.

"State" means the State of Michigan.

"Total Facility Cost" means (a) the obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the Construction Period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse

the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992, and the certificate of the Executive Director of the Authority dated April 1, 2010, authorizing the reimbursement of such advances or otherwise permitted under the Code.

"Trustee" means a bank having trust powers or a trust company currently designated as trustee for the Notes in the Trust Indenture. Upon issuance of the Bonds, all funds held by the Trustee related to the Project shall be transferred to the trustee for the Bonds and, thereafter, all references in this Agreement to the Trustee shall be to the trustee for the Bonds.

"Trust Indenture" means the Trust Indenture, between the Authority and the Trustee, as amended or supplemented, entered into in connection with the issuance of Notes.

RECITALS

A. The Educational Institution has determined that it is necessary and desirable to acquire, renovate, equip and/or construct the Facility on the Site, which is owned by the Educational Institution, to carry out governmental functions and to provide necessary services to the people of the State, as mandated or permitted by Constitution and law. Use of the Act to accomplish those purposes is the most practical means to that end at the lowest cost to the State and the Educational Institution.

B. The State and the Educational Institution have requested that the Authority finance the acquisition, renovation, construction and/or equipping of the Facility on the Site and the Authority has agreed to issue the Notes, a portion of the proceeds of which will be used to acquire, renovate, equip, and/or construct the Facility in consideration of the Educational Institution and the State granting a license to the Authority to enter upon the Site and undertake the acquisition, renovation, equipping and construction, the Educational Institution's agreement to undertake, on behalf of the Authority, the oversight of the acquisition, renovation, equipping and construction, and the Educational Institution's agreement to convey, upon or prior to completion of the Facility, the Site and the Facility, to the Authority and to lease, together with the State, the Site and the Facility from the Authority at a true rental determined in accordance with the Act.

C. The Authority proposes to issue its Notes under the Trust Indenture, which shall establish the Acquisition Account and the procedures for disbursements from the Acquisition Account.

D. The Notes shall be secured by the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

E. The Legislature, the Board, the Authority, and the Educational Institution have each approved the conveyance of the Site to the Authority, the form of Lease, and a range of true rental based upon an appraisal letter. The execution and delivery of this Agreement has been approved by the Board, the Educational Institution, and the Authority.

NOW, THEREFORE, in consideration of the mutual rights and obligations set forth in this Agreement, and other good and valuable consideration the receipt and sufficiency of which is acknowledged by the parties, the Educational Institution, the State, and the Authority agree as follows:

SECTION 1. Financing of Construction. The Authority shall acquire, renovate, equip, and/or construct the Facility in accordance with the Plans with the revisions as may be properly approved pursuant to Section 3 of this Agreement. The Educational Institution and the State represent that the acquisition, renovation, equipping and construction can be completed in accordance with the Plans at a Total Facility Cost of $25,337,000. The Authority agrees to use its best efforts to issue the Notes, over time, in an aggregate amount sufficient to produce available proceeds designated for the Authority's Facility Cost of $18,749,800. The Educational Institution represents that it has or will have available, including any amounts which have been set forth in an appropriation act, an amount equal to the difference between the Authority's Facility Cost and the Total Facility Cost.

The amount of proceeds of the Notes to be issued on any date which will be used to pay the Authority's Facility Cost, shall be based upon the aggregate amount required and the times at which amounts are required as certified by the Educational Institution in the Draw Down Schedule. The Executive Director may rely on the accuracy of the Draw Down Schedule in determining the amount of Note proceeds to be allocated to the Authority's Facility Cost at any given time. The Educational Institution may revise the Draw Down Schedule by written notice to the Executive Director and the revised Draw Down Schedule shall be effective with respect to any Notes issued more than 10 days after the Executive Director's receipt thereof.

SECTION 2. Grant of License and Designation of Educational Institution to Construct on Behalf of the Authority. The State and the Educational Institution grant a license to the Authority to construct the Facility on the Site and agree that the Authority shall have such rights of ingress and egress on and across the Site as are necessary to construct and use the Facility in connection with its construction. Neither the State nor the Educational Institution shall revoke this grant while this Agreement is in effect.

The Educational Institution shall act on behalf of the Authority to oversee the acquisition, renovation, equipping and/or construction of the Facility. The Educational Institution shall undertake all responsibility for and, except as expressly set forth below with respect to payment, all liability in connection with bidding for and selecting contractors and managing and overseeing the construction process. The Educational Institution shall have the Facility acquired, renovated, equipped, and/or constructed in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost.

The Authority's sole liability in connection with any contracts for construction entered into with respect to the Facility shall be payment for acquisition, renovation, design, equipping, and/or construction costs to the extent set forth in Section 4 of this Agreement and shall in no event exceed the Authority's Facility Cost. Construction contracts shall meet the requirements of Section 5 of this Agreement.

If the Educational Institution, prior to completing the Facility as provided in this Agreement, ceases work on the Facility and fails to resume the work within 10 days after written notice from the Authority or the Trustee to the State and the Educational Institution identifying the cessation of work (except where such cessation in work is caused by causes beyond the Educational Institution's reasonable control, including, but not limited to, labor disputes, fire, unusual delay in transportation or unavoidable casualties) and requesting the work on the Facility be resumed, fails to complete the Facility in substantial accordance with the Plans, or makes changes in the Plans without first securing written approval when required by Section 3 of this Agreement, or if the Authority determines the Educational Institution is not using its best efforts to complete the Facility in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost, then the Authority may revoke its designation of the Educational Institution to construct the Facility and may have the Facility completed substantially according to the Plans and may proceed in so doing with the Trustee or an assignee. In completing the Facility, the Authority shall have all necessary powers, including but not limited to the following:

(a) to use any available funds in the Acquisition Account in the manner called for by the Plans and to present draw requests to provide for the deposit of additional funds in the Acquisition Account for such purposes,

(b) to make changes and corrections in the Plans as shall be necessary or desirable to complete the Facility in the manner contemplated by the Plans, or as provided in Section 3 of this Agreement if the amount available for completion of the Facility is not sufficient to complete the construction and acquisition of the Facility in accordance with the Plans,

(c) to employ such contractors, subcontractors, agents, architects, and inspectors as shall be required for such purposes,

(d) to pay, settle or compromise all existing bills and claims which may be liens against the Site, or as may be necessary or desirable for the completion of the Facility, or for clearance of title,

(e) to execute all applications and certificates in the name of the State or the Educational Institution which may be required by this Agreement or any construction contract,

(f) to prosecute and defend in the name of the State or the Educational Institution all actions or proceedings in connection with the construction of the Facility and to take such action and require such performance and payment bonds and the builders' risk insurance specified in Section 5 of this Agreement, and

(g) to take any actions as the Authority considers necessary in the exercise of its sole discretion to complete the Facility in the manner contemplated by the Plans and this Agreement.

The foregoing rights and remedies shall be supplemental to, and shall not preclude, the exercise by the Authority or the Trustee of any rights or remedies otherwise provided by law.

SECTION 3. Revisions to Plans. The Educational Institution and the State may make any modifications of the Plans and modifications to the Facility, so long as the modifications in the Plans or to the Facility do not, in the written opinion of the Architect, materially alter the size, scope or function of the Facility, together with any previous modifications in the Plans or to the Facility, extend the completion date beyond the Contract Completion Date, cause the estimated cost of design and construction of the Facility to exceed the amount of the Total Facility Cost approved by this Agreement, materially affect the structural integrity and utility of the structures, impair the usefulness or character of the Facility, or violate the requirements of any licensing authority and do not, in the written opinion of an authorized officer of the State or the Educational Institution, decrease the rental value of the Facility. Any other modifications in the Plans or to the Facility shall not be made without the prior approval of the Authority, the Agent, and the contractors' sureties (if required by any surety bond).

No modifications to the Plans or the Facility shall be made unless (i) there shall be on deposit with the Authority adequate moneys available therefor, (ii) the Educational Institution shall have deposited in the Acquisition Account adequate moneys to pay any additional costs resulting therefrom, or (iii) if authorized by the Legislature, the Board, and the Authority, this Agreement shall have been amended to evidence the Authority's agreement to increase the Authority's Facility Cost to an amount which, together with moneys, if any, described in (i) and (ii), are adequate therefor. All revisions of the Plans, all change orders with respect thereto and the opinion of the Architect and the authorized officer of the State or the Educational Institution referred to above shall be filed with the Agent and the Executive Director of the Authority.

SECTION 4. Payment of Design and Construction Costs. The Authority shall authorize the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to the provisions of this Agreement and the Trust Indenture, upon receipt of a Requisition Certificate signed by an authorized official of the State or Educational Institution, as applicable, approved by the Authority, stating with respect to each payment to be made: (i) the Requisition Certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such Requisition Certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account and has not been the basis of any previous payment, (vi) that the cost of the portion of the Facility covered by such Requisition Certificate is not less than the amount to be paid thereunder, (vii) that neither the State nor the Educational Institution is in default under this Agreement and that nothing has occurred to the knowledge of the Educational Institution or the State which prevents the performance of the State's or the Educational Institution's obligations under this Agreement, and (viii) that after the payment of the requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of

additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

The State or the Educational Institution, as applicable, shall also provide the Authority, the Bank, and the Trustee with (i) sworn statements and, if appropriate, waivers of lien (satisfactory in form and substance to the Authority) by contractors, subcontractors and for materialmen on the Facility and endorsements to the title insurance policy, if any has been provided pursuant to this Agreement, showing coverage by an amount not less than the moneys which have been expended by the Authority for the Facility, including the disbursement being requested and (ii) an itemization of the Authority's Facility Cost in sufficient detail to evidence incurring of such cost for the payment of which application has been or is then being made. The State and the Educational Institution shall permit the Authority, the Bank and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Total Facility Cost and the Authority's Facility Cost.

SECTION 5. Requirements for Construction Contracts. The Educational Institution shall enter into construction contracts for the Facility, executed copies of which shall be filed with the Authority. The Educational Institution represents and covenants that the Facility can be completed within the Total Facility Cost and that there is or will be available an amount of funds, which together with the Authority's Facility Cost, is sufficient to pay the Total Facility Cost. As evidence of the sufficiency of the construction contracts, the Educational Institution shall furnish the Authority, the State, the Agent, and Trustee, at the time of execution of this Agreement with the following:

(a) a detailed breakdown, certified by the Architect, itemizing by major category, of all costs necessary and sufficient for the completion of the Facility as a tenantable space,

(b) copies of performance and payment bonds written by a surety company satisfactory to the Executive Director of the Authority, payable to the Educational Institution, the State, the Authority, and the Trustee as their interests may appear, assuring completion of the Facility and payment of all contracts and claims for acquisition, construction, installation, renovation and equipping of the Facility or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing the existence of the performance and payment bonds, as the Executive Director of the Authority shall direct,

(c) the Draw Down Schedule,

(d) a copy of a builder's risk insurance policy or policies issued by a financially responsible insurer fully qualified under the laws of the State to provide such insurance, insuring all contractors, the State and its departments, boards, commissions, officers and employees, the Authority, the Bank, and the Trustee in form and amount satisfactory to the Architect and the Executive Director of the Authority or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing such insurance, as the Executive Director of the Authority shall direct, and

(e) a certificate of the Educational Institution certifying that funds, other than the proceeds of the Notes or other Authority funds, equal to the difference between the Total Facility Cost and the Authority's Facility Cost (i) are currently available and being held for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans, or if not currently available, identifying the sources of funds and the times at which such funds are expected to be available or (ii) have previously been expended for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans.

The Educational Institution shall not consent to any amendments to any of the construction contracts, whether by change order or otherwise, or take any action or fail to take any action which increases the Authority's Facility Cost or the Total Facility Cost or materially alters the scope, character, or function of the Facility, decreases the rental value of the Facility, or extends the Contract Completion Date without the prior written approval of the Authority and the Agent.

The Educational Institution will supply, as reasonably requested by the Authority, the State, or the Agent, copies of any monthly progress reports as are received by the Educational Institution from the Architect or any contractor with respect to construction of the Facility.

SECTION 6. Additional Construction Commencement Requirements. Prior to the commencement of construction, the Educational Institution shall supply to the Authority and the State:

(a) a title insurance commitment in favor of the Authority and the State issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for its intended purposes or materially detract from its value,

(b) a survey of the site, certified to the Authority and the State, consistent with the title commitment and showing, at a minimum, the location of all proposed improvements and the status of the property in terms of the 100 year flood plain as designated by the Army Corps of Engineers or Michigan Department of Natural Resources and Environment,

(c) evidence satisfactory to the Authority and the State of no unacceptable environmental contamination at the Site,

(d) evidence satisfactory to the Authority and the State of all governmental permits, if any, necessary for the construction of the Facility,

(e) executed copies of the Contract and Architect Agreement, and

(f) an opinion of counsel to the Educational Institution that this Agreement, the Contract, and the Architect Agreement are the valid and binding obligations of the Educational Institution.

SECTION 7. Assignment of Contract and Architect Agreement.

(a) The Educational Institution represents and warrants to the Authority that:

(1) it has not assigned, transferred, or delivered and covenants that it will not assign, transfer, or deliver, so long as this Agreement shall remain in effect, any of the Educational Institution's right, title or interest to the Contract and the Architect Agreement to anyone other than the Authority, its successors or assigns,

(2) its right, title and interest under the Contract and the Architect Agreement are not currently subject to any liens, encumbrances, or security interests,

(3) the Contract and the Architect Agreement are in all respects in full force and effect and enforceable in accordance with their respective terms except as enforcement may be limited by applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws affecting the rights of creditors generally, and

(4) it is not in default under the Contract or the Architect Agreement and is not aware of any other default under the Contract or the Architect Agreement as of the date of this Agreement.

(b) The Educational Institution assigns, transfers, and delivers to the Authority, as collateral security for the performance of its obligations under this Agreement or the Lease, all of the Educational Institution's right, title and interest under the Contract and the Architect Agreement.

(c) Upon default by the Educational Institution in the performance of any obligation under this Agreement or the Lease to file any claim, take any action or institute any proceeding which the Authority considers necessary or advisable in connection with the Contract or the Architect Agreement, the Educational Institution appoints the Authority as its true and lawful attorney, coupled with an interest, to act in the name and stead of the Educational Institution. Such appointment shall not be effective until after 30 days prior written notice to the Educational Institution during which time the Educational Institution shall have the opportunity to cure any such default unless the default shall be the result of the Educational Institution abandoning construction or ceasing work on the Facility in which case notice thereof shall be given in accordance with Section 2 of this Agreement.

(d) Notwithstanding anything to the contrary in this Agreement, until the Authority elects to exercise its right, title and interest under the Contract and/or the Architect Agreement:

(1) the Authority shall not be obligated to give any directions, make any demands, give any notices of nonperformance, protest or notices of protest in connection with any obligation that constitutes an obligation of the Educational Institution secured hereunder and the Educational Institution shall remain solely liable, except as specifically provided in Section 2 with respect to payment by the Authority, under the Contract and the Architect Agreement and

the Educational Institution shall perform all of the Educational Institution's obligations thereunder in accordance with their terms and provisions, and

(2) except as specifically provided in Section 2 with respect to payment by the Authority, the Authority shall have no obligation or liability under the Contract or the Architect Agreement by reason of, or arising out of, this Agreement, nor shall the Authority be obligated in any manner to fulfill any obligations of the Educational Institution under the Contract or the Architect Agreement.

(e) The obligations of the Educational Institution under the Contract and the Architect Agreement may be performed by the Authority or its nominee after 30 days from the date of written notice to the Educational Institution except after the abandonment of construction or cessation of work on the Facility by the Educational Institution in which case the notice period shall be 10 days without releasing the Educational Institution therefrom and without resulting in any assumption of the Contract or the Architect Agreement by the Authority.

(f) The Educational Institution authorizes and directs the Construction Company and the Architect to perform the terms and conditions of the Contract and the Architect Agreement, respectively, and to complete the performance thereunder for the benefit of the Authority in the event of the Educational Institution's default under this Agreement or under the Lease or upon the Authority's election to exercise the Educational Institution's obligations under the Contract or the Architect Agreement.

SECTION 8. Completion Account.

(a) The Authority in the Trust Indenture shall provide for the establishment of the Completion Account.

(b) In the event either (i) any Requisition Certificate specifies a contract completion date later than 90 days after the Contract Completion Date or (ii) the Inspecting Architect or Engineer or a nationally recognized construction consultant or firm of consultants certifies to the Authority, the Educational Institution and the Trustee that the Facility cannot be completed within the available funds and/or cannot be completed within 90 days after the Contract Completion Date, then effective as of the date of such Requisition Certificate or the date of the Inspecting Architect's or Engineer's or consultant's certificate:

(1) the Trustee shall disburse only the following amounts approved in any Requisition Certificate:

Delay from Contract Completion Date	Amount to be Disbursed
90 days to 180 days	90%
More than 180 days	80%

(2) the remaining amount due under such Requisition Certificate shall be deposited by the Trustee in the Completion Account; and

(3) money in the Completion Account shall be disbursed only as provided in the Trust Indenture or this Agreement.

(c) In the event that the Educational Institution disputes the certificate of the Inspecting Architect or Engineer or consultant, the Educational Institution shall notify the Authority of the dispute in writing. Upon receipt of the notice, the Authority and the Educational Institution shall in good faith seek to agree within 10 days upon an independent consultant, who shall be retained at the expense of the Educational Institution. The independent consultant shall, within 20 days after retention, certify to the Educational Institution and the Authority a completion date for the Facility. Upon receipt of such certification, the Educational Institution shall notify the Trustee of the new completion date. In the event that the Authority and the Educational Institution cannot agree on the independent consultant within 10 days or the consultant, if retained, does not provide a new completion date within 20 days, the completion date established by the Inspecting Architect or Engineer or the consultant shall be the Contract Completion Date for this Agreement.

(d) The Educational Institution shall pay, from its own funds, the Authority's Facility Cost equal to any amounts deposited in the Completion Account pursuant to this Section.

(e) If the construction and acquisition of the Facility is subsequently recertified to be on, or ahead of, the original schedule for completion, in the same form as the delay in completion was certified, then effective with such certificate no further payments shall be made to the Completion Account pursuant to this Section. Notwithstanding that recertification, the moneys in the Completion Account shall not be disbursed to the Educational Institution except as provided in this Agreement and the Trust Indenture.

(f) The Executive Director of the Authority and an authorized officer of the Educational Institution may agree, with the consent of the Agent, to reduce the amounts to be deposited in the Completion Account. The Authority shall give notice of such agreement to the Trustee. Nothing herein shall require the Authority to agree with the Educational Institution to reduce any such deposit.

(g) In the event the Facility is completed and a Certificate of Tenantability is issued prior to the issuance of Bonds, the Trustee shall, within 60 days of the issuance of the Certificate of Tenantability, disburse to the Educational Institution all of the moneys then in the Completion Account; provided, however, that such disbursement shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such disbursement shall be deposited as directed by the Authority.

(h) The Trustee shall make disbursements from the Completion Account to the Bank only if there has been an event of default under the Reimbursement Agreement and obligations are owing to the Bank under the Reimbursement Agreement and there is no other source of payment to the Bank authorized therefor under the Trust Indenture.

(i) In the event the Certificate of Tenantability is not issued before the Bonds are issued, the Trustee is directed, and the Educational Institution agrees, that the Trustee shall transfer on a monthly basis by the first of the following month, to the extent moneys are available therefor, moneys in the Completion Account to the account established for paying principal and interest on the Bonds equal to the aggregate of (1) a fraction of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the first maturity date of the Bonds equal to one divided by the number of months from the Bonds' issuance date to the Bonds' first maturity date, and thereafter, if necessary, one-twelfth of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the next succeeding maturity date thereof and (2) the interest that will accrue during such month on the outstanding principal amount of Bonds related to the Authority's Facility Cost. The aggregate amount of such transfer shall be used to pay interest and principal on the Authority Debt and shall be reduced by the rental under the Lease, if any, paid for such month for Partial Tenantability of the Facility and by the amount of any capitalized interest available under the Resolution to pay interest on the amount of the Bonds related to Authority Facility Cost.

(j) Money transferred by the Trustee to pay interest on the Authority Debt shall no longer be available for payment to the Educational Institution for the Authority's Facility Cost, and the Authority and the State shall be under no obligation to pay such portions of the Authority's Facility Cost. When a Certificate of Tenantability is issued for the Facility, any remaining moneys in the Completion Account shall be transferred by the Trustee within 60 days to the Educational Institution; provided, however, that such transfer shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such transfer shall be deposited as directed by the Authority.

SECTION 9. Insurance. Upon execution of this Agreement and thereafter as the construction of the Facility permits, the Educational Institution shall keep the Facility insured against all of the following, provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth below during any time period that such insurance is not available in the insurance market of the United States:

(a) "All risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement Total Facility Cost with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds: the Agent, the Authority and its officers, agents and employees, the Educational Institution, the State and its officers, agents and employees, and the Trustee, as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority and used as provided in the Trust Indenture. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution, the Agent, and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or nonrenewed or substantially reduced as to coverage without thirty days prior written notice to the Authority, the Agent, the Trustee, the Educational Institution and the State. The policies of insurance described in the above subparagraphs may contain additional deductible and coinsurance features, but only if the Educational Institution or the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self-insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Agreement by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 27 or other form acceptable to the Authority or evidence of other funding satisfactory to the Authority, the Trustee, and the Agent.

In the event the Educational Institution fails to secure or maintain the insurance as required in this Agreement, the Authority may, but shall not be obligated to, secure the insurance. Upon demand of the Authority, the Educational Institution shall pay the cost of that insurance.

The Authority waives any claim of liability against the State and the Educational Institution and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution of their officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its trustees, officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Agreement or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against the State or its officers, agents or employees, or the Authority or its officers, trustee, agents or employees, or the Educational Institution is waived.

SECTION 10. Inspecting Architect or Engineer. The Authority may, at its option, obtain the services of an Inspecting Architect or Engineer. It is agreed that the Authority assumes no obligation to the Educational Institution or the State with respect to the acts or omissions of the Inspecting Architect or Engineer or with respect to any negligence or defect in the design or construction of the Project. All fees, costs and expenses of the Inspecting Architect or Engineer shall be a Total Facility Cost to the extent of budgeted costs and any costs in excess of that amount shall be paid by the Educational Institution.

SECTION 11. Conveyance of Site to Authority. Prior to the earlier of:

(a) the date of delivery of the Bonds to provide long-term financing of the Authority's Facility Cost,

(b) the date the Architect files a Certificate of Tenantability,

(c) 15 days prior to the third anniversary of Legislative Approval of the Lease,

(d) 30 days prior to the Stated Termination Date of the Letter of Credit, as defined in the Letter of Credit,

(e) 15 Business Days (as defined in the Trust Indenture) prior to the date on which all outstanding principal of and interest on the Notes is expected to be paid in full by a draw on the Letter of Credit and refunding Notes under the Trust Indenture are not to be issued, or

(f) 15 days following the date of receipt of notice by the Trustee from the Agent of an Event of Default under the Reimbursement Agreement instructing the Trustee to accelerate the Notes,

the Educational Institution shall execute and deliver a warranty deed conveying the Educational Institution's interest in the Site to the Authority. The Educational Institution shall also at that time deliver a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

SECTION 12. Personal Property Components of the Facility. Upon the execution of this Agreement and from time to time during the construction period, the Educational Institution and the State, to the extent that it holds title to any portion of the Facility, shall execute and deliver to the Authority such bills of sale or other instruments of transfer as may be necessary to vest title to the Facility (but not to the Site) in the Authority, subject only to the encumbrances and reservations permitted in this Agreement, so that, upon completion of the Facility, the Authority shall be the owner of the Facility.

SECTION 13. Agreement to Lease. Upon the transfer of title to the Site from the Educational Institution to the Authority, the Authority shall lease the Facility to the State and the Educational Institution and the State and the Educational Institution shall lease the Facility from the Authority at a true rental determined in accordance with the Act pursuant to the Lease.

SECTION 14. Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Agreement:

(a) If the total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources), replace or repair the Facility to the state of construction immediately prior to the destruction to the reasonable satisfaction of the Authority, and this Agreement shall remain in effect and the State or the Educational Institution shall be entitled to receive all insurance payments; provided, however, if there are at the time the insurance proceeds become available outstanding Obligations (as defined in the Reimbursement Agreement) related to the Facility or if an Event of Default has occurred and is continuing under the Reimbursement Agreement, the Agent may direct the use of insurance proceeds to the payment of those Obligations and the State or the Educational Institution shall be relieved of its responsibility to replace or repair the Facility.

(b) If the total or partial destruction of the Facility occurs for causes not described in Section 14(a), and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State and the Educational Institution that it has sufficient funds (from insurance proceeds or other sources including additional issuances of Notes) available to repair or replace the Facility to the state of construction immediately prior to the destruction, and, unless otherwise consented to by the Agent, that there are other funds legally available and deposited in the Note Fund which will be sufficient to pay any Obligations related to the Facility which are outstanding at the time of the demonstration of sufficient funds, the State or the Educational Institution may repair or replace

the Facility if the estimated "true rental" after such repair or replacement shall not be less than the estimated "true rental" prior to the destruction. If the Facility is to be repaired or replaced, the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the Facility and this Agreement shall remain in effect; provided, however, under no circumstances will the amount paid to the State or the Educational Institution for repair or replacement exceed the amount of the insurance proceeds together with additional issuances of Notes, if any. Notwithstanding the foregoing, the Authority shall not elect to repair or replace the Facility (i) if Notes are outstanding with respect to the Facility and if based upon an Architect's certificate, the Facility will not become tenantable on or prior to the Expiration Date (as defined in the Letter of Credit) unless the Agent is satisfied that the Authority nonetheless reasonably expects to have funds available to reimburse the Bank on or prior to the Expiration Date all as further provided in the Reimbursement Agreement or (ii) if an Event of Default has occurred and is continuing under the Reimbursement Agreement.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility and meet the prior obligation set forth in Section 14(b), then this Agreement may be terminated by either the State, the Educational Institution or the Authority upon thirty days written notice to the other parties, in which event all insurance proceeds shall be applied as provided in the Trust Indenture.

(d) Insurance proceeds paid to the Authority as provided in Section 14(b), are to be used for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Trust Indenture. If surplus funds remain after application of insurance proceeds as provided in the Trust Indenture, that surplus shall be paid to the State to be credited to its General Fund or otherwise as agreed to by the State and the Educational Institution.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority, the Agent and the State. (State approval shall be evidenced by the approval of the Board and by a concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each house.)

SECTION 15. Tax Covenant. If the Notes or the Bonds are issued as obligations the interest on which is excluded from gross income for federal income tax purposes under the Code, the State and the Educational Institution will, to the extent permitted by law, each shall take all actions within its control and shall not fail to take any action as may be necessary to maintain the exclusion of the interest on the Notes or Bonds from gross income for federal income tax purposes under the Code, and neither shall use the Facility in any manner which would cause the Notes or the Bonds to be Private Activity Bonds (as defined in the Code).

SECTION 16. Assignment of Rights. Upon the issuance of the Notes, the Authority shall, pursuant to the Trust Indenture, assign its rights in, including rights to enforce this Agreement, and pledge any money receivable under this Agreement (other than certain insurance payments to be paid to the Authority under Section 9 of this Agreement), if any, to the Trustee as security for the payment of certain obligations of the Authority under the Trust Indenture to the Noteholders and the Bank. The Authority also assigns its rights to enforce this Agreement directly against the State and/or the Educational Institution to the Bank in the event that there has been a final draw on the Letter of Credit to pay principal of and interest on the Notes allocable to the Facility and those Notes are not to be refunded and there remain Obligations relating to the Facility owing to the Bank to the extent of such remaining Obligations. The Educational Institution and the State consent to such assignments and to any further assignments to a trustee with respect to any obligations of the Authority issued to refund or refinance the Notes.

SECTION 17. Indemnification. The Educational Institution shall indemnify and hold the Authority and its officers, agents, or employees harmless from any and all liability, loss, damage or expense which they may incur under or by reason of this Agreement, the Contract, or the Architect Agreement, or for any action taken by the Authority under this Agreement, or by reason or in defense of any and all claims and demands whatsoever which may be asserted against the Authority arising out of this Agreement, the Contract, or the Architect Agreement to the extent permitted by law. Should the Authority or its officers, agents, or employees incur any such liability, loss, damage or expense, the amount thereof (including reasonable attorneys' fees) shall be paid by the Educational Institution immediately upon demand. The Educational Institution shall not, however, be required to indemnify the Authority or its officers, agents, or employees for their acts of gross negligence or willful misconduct.

SECTION 18. Termination. Except as set forth below with respect to rights of the Bank, this Agreement shall terminate upon receipt by the State, the Educational Institution, and the Authority of the Certificate of Tenantability for the Facility pursuant to the Lease. This Agreement shall be effective as to rights of the Bank for such time as Obligations are owing to the Bank and so long as the Bank has not wrongfully dishonored its obligations under the Letter of Credit.

IN WITNESS WHEREOF, the State Building Authority, Michigan Technological University and the State of Michigan have each executed this Agreement by their duly authorized officers.

LEASE

THIS LEASE is entered into as of _____, 20__ among the STATE BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 183, Public Acts of Michigan, 1964, as amended, the STATE OF MICHIGAN, and MICHIGAN TECHNOLOGICAL UNIVERSITY, acting by its Board of Control, a Michigan constitutional body corporate (hereinafter, the "Educational Institution").

P R E M I S E S:

WHEREAS, the Authority was established under Act 183 for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963, or any of its agencies;

WHEREAS, the Educational Institution has been created and is maintained pursuant to Sections 4 and 6 of Article 8 of the Michigan Constitution of 1963;

WHEREAS, the Facility has been constructed and the Site and the Facility have been conveyed to the Authority by the Educational Institution as provided by Act 183;

WHEREAS, the acquisition of the Facility by the Authority for use by and lease to the State and the Educational Institution will permit the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the Constitution and law, and the use of Act 183 to accomplish the acquisition represents the most practical means to that end at the lowest cost to the State and the Educational Institution; and

WHEREAS, the execution and delivery of this Lease has been validly authorized by the State Administrative Board of the State, by the Legislature of the State by concurrent resolution concurred in by a majority of the members elected to and serving in each house, by the Board of Control of the Educational Institution, and by the Board of Trustees of the Authority;

NOW, THEREFORE, in consideration of the premises and of the covenants and undertakings of this Lease, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1 Definitions. In addition to the words and terms elsewhere defined in this Lease, the following words and terms as used in this Lease and the preambles hereto shall have the following meanings unless the context or use indicates another or different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act 183" means Act No. 183, Public Acts of Michigan, 1964, as amended, being Sections 830.411 to 830.425, inclusive, of Michigan Compiled Laws.

"Authority" means the State Building Authority created under Act 183 or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Address" means State Building Authority, Lewis Cass Building, 320 South Walnut, 1st Floor, Lansing, Michigan 48933.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which were secured in whole, or in part, by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" shall mean the certificate rendered pursuant to Section 2.5 hereof, which when filed, will trigger commencement of rental payments in accordance with Section 3.3 hereof.

"Construction Agreement" shall mean the Construction and Completion Assurance Agreement among the Authority, the State and the Educational Institution relating to the construction of the Facility.

"Educational Institution" means Michigan Technological University, created and maintained pursuant to Sections 4 and 6 of Article 8 of the Michigan Constitution of 1963 or any body or entity succeeding to its rights and duties.

"Educational Institution's Address" means Michigan Technological University, 1400 Townsend Drive, Houghton, Michigan 49931, Attention: President.

"Facility" means the Site, all real property interests appurtenant thereto, and all buildings, structures and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described on page A-1 in Exhibit A attached hereto, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Improvements to the Facility" means such additions, improvements or replacements of or to the Facility as provided by Section 4.5.

"Lease" means this lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented as provided in Section 6.3.

"Notes" means the obligations issued by the Authority under the Trust Indenture to provide funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority and approved by the Authority, in accordance with the Construction Agreement.

"Rental" means the rental required to be paid to the Authority by the State pursuant to Section 3.3, which shall be not more than the "true rental" for the Facility as determined by the State Administrative Board pursuant to Act 183, the rental being not greater than the economic or market value to the State and the Educational Institution of the Facility over and above the estimated expenses of operation, maintenance and repair of the Facility, not taking into account the right of the Educational Institution to acquire title to the Facility as provided in Section 6.12 upon termination of this Lease.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of Authority Debt. The term also includes the Trust Indenture or any master indenture, indenture and supplemental indenture, as amended from time to time, entered into by the Authority in connection with Authority Debt.

"Site" means the real property described in Exhibit B attached hereto.

"State" means the State of Michigan. The Department of Technology, Management and Budget shall be responsible for administering the terms of this Lease on behalf of the State.

"State's Address" means State of Michigan, Department of Technology, Management and Budget, Lewis Cass Building, 2nd Floor, Box 30026, Lansing, Michigan 48909, Attention: Director.

"Total Facility Cost" means (a) obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees;

(c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the construction period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992 and the certificate of the Executive Director of the Authority dated April 1, 2010 authorizing the reimbursement of such advances or otherwise permitted under the Internal Revenue Code of 1986, as amended.

"Trustee" means a bank having trust powers or a trust company to be designated in the Resolution of the Authority, or any successor trustee at the time serving as such under the Resolution.

"Trustee's Address" means the address of the Trustee as indicated in the Trust Indenture.

"Trust Indenture" means the trust indenture, master indenture and supplemental indenture, as amended from time to time, entered into in connection with the issuance of Authority Debt.

ARTICLE II

ACQUISITION AND COMPLETION OF FACILITY

Section 2.1 Plans and Authority's Facility Cost. The Authority's Facility Cost in the amount set forth on page A-2 in Exhibit A and the Plans have been approved by the Authority, the Educational Institution and the State in accordance with applicable law. The Authority's acquisition of the Facility shall be financed by issuing Authority Debt. That portion of the proceeds of such Authority Debt which will be used to pay the Authority's Facility Cost shall be deposited in the Acquisition Account. The amount of such proceeds shall not exceed the amount of the Authority's Facility Cost except as otherwise provided for herein. If the proceeds from the initial issuance of Authority Debt to pay the Authority's Facility Cost are less than the corresponding amount set forth on page A-2 in Exhibit A, the Authority may issue additional Authority Debt at a later date or dates to pay the remaining portion of the Authority's Facility Cost so long as the aggregate amount of proceeds of all Authority Debt which then have been or will be used to pay the Authority's Facility Cost does not exceed the corresponding amount set forth on page A-2 in Exhibit A.

Section 2.2 Sale and Conveyance of Facility to Authority. The Educational Institution has executed and delivered to the Authority a warranty deed, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof, conveying and vesting in the Authority the Educational Institution's interest in the title to the Site, and the Educational Institution has executed and delivered to the Authority a bill of sale conveying and vesting in the Authority the Facility as acquired, constructed and installed by the Educational Institution.

Prior to or contemporaneously with the execution of this Lease, the Educational Institution shall deliver with the warranty deed a commitment for issuance of a title insurance policy acceptable to the Authority and as soon as practicable thereafter a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, each of which shall be subject only to the encumbrances and reservations which are acceptable to the Authority and which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

Contemporaneously with the delivery of this Lease, the Authority shall, pursuant to the Resolution, assign its rights in, and pledge any moneys receivable under this Lease other than indemnity and certain of the insurance payments to be paid to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease, if any, to the Trustee as security for the payment of certain obligations of the Authority. The State and the Educational Institution hereby consent to such assignment. The Authority shall reserve the right to enforce in its own name and for its own benefit, certain of the obligations of the State and the Educational Institution to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease.

Section 2.3 Price and Manner of Payment by Authority for Facility. The Authority shall pay to the State or the Educational Institution, as the case may be, as the purchase price for the Facility the amount paid or incurred by the State or the Educational Institution, as the case may be, for the Authority's Facility Cost, but the total amount paid by the Authority for the Facility shall not exceed the amount approved by Section 2.1. The purchase price for the Facility shall be paid on behalf of the Authority by the Trustee to the Educational Institution or the State from time to time from moneys in the Acquisition Account upon presentation of the requisition certificates (which shall constitute covenants of the Educational Institution or the State to the Authority and the Trustee). The Educational Institution shall convey the Site to the Authority without cost to the Authority.

Section 2.4 Disbursements From Acquisition Account. The Authority in the Resolution has authorized the Trustee to make payments from the Acquisition Account to pay the Authority's Facility Cost subject to this Lease, upon receipt of a requisition certificate signed by an authorized official of the Educational Institution or the State and approved by the Authority stating with respect to each payment to be made: (i) the requisition certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such requisition certificate and a statement that the payment is being made for a cost or expense properly chargeable to the

Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account, and has not been the basis of any previous payment, (vi) that the cost to the Educational Institution or the State of the portion of the Facility covered by the requisition certificate is not less than the amount to be paid to the Educational Institution or the State thereunder, (vii) that all bills of sale necessary to vest title to the portion of the Facility covered by the requisition certificate in the Authority have been executed and delivered or assigned by the Educational Institution or the State to the Authority, (viii) that neither the Educational Institution nor the State is in default under this Lease and that nothing has occurred to the knowledge of the State or the Educational Institution which prevents the performance of the Educational Institution's or the State's obligations under this Lease, and (ix) that after the payment of such requisition the amount on deposit in the Acquisition Account together with other moneys to be available, including anticipated proceeds, if any, from the issuance of additional Authority Debt, will be sufficient to acquire the Facility.

The Educational Institution shall also provide the Authority and the Trustee with the information identified in the Construction Agreement. The State and the Educational Institution shall permit the Authority and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Authority's Facility Cost.

Section 2.5 Certificate of Tenantability and Certificate of Partial Tenantability. The completion date of the entire Facility and the payment of the entire Total Facility Cost shall be evidenced to the Trustee, the Authority, the State and the Educational Institution by the Certificate of Tenantability signed by the Architect or by an appropriate official of the Educational Institution to the effect that, except for any Total Facility Cost not then due and payable, or the liability for payment of which is being disputed by the Educational Institution, construction of the Facility has been completed in accordance with the Plans and the entire Total Facility Cost has been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Upon filing of the Certificate of Tenantability, the Educational Institution shall occupy the entire Facility for the purpose specified.

If a portion of the Facility is completed prior to the completion date of the entire Facility, such partial completion shall be evidenced to the Trustee, the Authority, the State and the Educational Institution by the Certificate of Partial Tenantability filed by the Architect or by an appropriate official of the Educational Institution setting forth that the portion of the Facility indicated is complete and tenantable, that said portion has been completed in accordance with the plans and the square footage of the Facility. If different portions of the Facility from time to time are completed, the Architect may execute and deliver from time to time several Certificates of Partial Tenantability conforming to the requirements set forth in this section. Upon filing of the Certificate of Partial Tenantability, the Educational Institution shall be deemed to have occupied the portion of the Facility described in such certificate.

Section 2.6 Name of the Facility. The name of the Facility shall be designated by the Educational Institution.

ARTICLE III

LEASE OF FACILITY

Section 3.1 Term of This Lease. The term of this Lease shall commence on the date of its execution and shall continue for the period, not to exceed thirty-five (35) years, unless sooner terminated as herein provided.

Section 3.2 Lease of Facility. In consideration of the Rental and other terms of this Lease, the Authority leases the Facility to the State and the Educational Institution and the State and the Educational Institution lease the Facility from the Authority for the term of this Lease.

Section 3.3 Rental. The State shall pay to the Authority for and on behalf of the Educational Institution for the use of the Facility during the term of this Lease, Rental in the annual amounts set forth in Exhibit C hereto, which amounts shall be certified by the appraiser and approved by the State Administrative Board and the Authority as authorized by Act 183 payable monthly on an annualized basis (except as hereinafter provided) on or before the first day of each month prior to the termination of this Lease.

The full Rental shall commence on the first day of the first month following the date of the filing of the Certificate of Tenantability, but not earlier than the dated date of this Lease.

When a Certificate of Partial Tenantability is filed and until a Certificate of Tenantability is filed, the State shall pay to the Authority for and on behalf of the Educational Institution for the use of a portion of the Facility monthly in equal amounts (except as hereinafter provided) a portion of the full Rental described above. The partial rental amount shall be computed by multiplying the percentage computed by dividing the gross square footage that is tenantable as described in all Certificates of Partial Tenantability then filed by the total gross square footage of the Facility times the full amount of the Rental.

The Executive Director of the Authority shall notify the State Administrative Board of failure to complete the Facility in the event that the Facility is not completed within six months of the Contract Completion Date, or prior thereto if the Authority, the Educational Institution and the State (acting through the Department of Technology, Management and Budget) shall so agree, and the State Administrative Board shall promptly thereafter designate an appraiser. The appraiser shall determine on a functional basis the percentage of completion of the Facility as of the date that such appraisal is made and shall report such percentage to the Authority, the State, the Educational Institution and the Trustee. The State shall pay to the Authority, for and on behalf of the Educational Institution, for use of a portion of the Facility, monthly in equal amounts on an annualized basis (except as hereinafter provided) a portion of the full Rental computed by multiplying the percentage reported by the appraiser times the full amount of the Rental set forth above, the first of such partial Rentals to commence on the first day of the first month following the date of the filing of the appraiser's report. If after payment of a partial

Rental under the circumstances above described, further Certificates of Partial Tenantability are filed, the appraiser shall recalculate the percentage of completion each time and shall file with the Authority, the State, the Educational Institution and the Trustee a report setting forth the revised percentage and such revised percentage shall be the basis for computation from time to time of the partial Rental until the Certificate of Tenantability is filed.

The first monthly Rental payment or partial Rental payment in each case shall be paid on the last day of the month in which the Certificate of Tenantability or the Certificate of Partial Tenantability, as the case may be, is filed and shall be in an amount equal to the annual Rental calculated as above provided divided by 365 and multiplied by the number of days between the date of filing the Certificate of Tenantability or the Certificate of Partial Tenantability and the date on which the next Rental payment or partial Rental payment is due.

The Educational Institution consents to payment of the Rental or partial Rental on behalf of the Educational Institution by the State directly to the Trustee as provided in the Resolution.

If for any reason other than because of any act or omission of the State, the Educational Institution, or any of their agents or employees (whether negligent or otherwise) the Facility becomes untenantable or partially untenantable, no Rental, or partial Rental only, shall be paid for the period the Facility is untenantable or partially untenantable, and the Rental payments shall be adjusted accordingly by the mutual agreement of the parties hereto; provided, however, that if the Facility is totally or partially destroyed, the provisions of Section 4.4 hereof shall apply in lieu of the provision of this paragraph. For purposes of this Lease the Facility shall not be deemed wholly untenantable if the Facility or any portion thereof can be used by the Educational Institution or the State for any lawful governmental purpose.

The Governor of the State shall, consistent with Act 183, include in the annual executive budget of the State for each year during the term of this Lease an amount sufficient to pay the Rental required to be paid in such year by the State on behalf of the Educational Institution, to the Authority or its assignee. The State is hereby contractually obligated to provide each year adequate appropriations in order to pay the Rental when due, the Rental being an ordinary annual expense and contract obligation of the State. This provision shall not be deemed a waiver of the State's governmental immunity or its right to invoke or waive governmental immunity.

ARTICLE IV

OPERATION, MAINTENANCE AND INSURANCE OF FACILITY

Section 4.1 Operation of Facility. During the term of this Lease, the Educational Institution agrees to use the Facility for a lawful governmental purpose. The State and the Educational Institution may locate and use any of their own personal property in the furtherance of such purpose in or on the Facility and such personal property shall remain the property of the State or the Educational Institution and shall not become part of the Facility and shall not be subject to this Lease. If the personal property of the State or the Educational Institution so

located in or on the Facility cannot be readily distinguished from the real and personal property comprising the Facility by reference to page A-1 in Exhibit A or other records of the Authority, then such personal property of the State or the Educational Institution shall remain identified as property of the State or the Educational Institution by tags or other symbols attached thereto or otherwise clearly associated therewith, and any such items of personal property not so identified shall be presumed to be part of the Facility, but such presumption shall not be conclusive.

The Educational Institution shall pay all costs and expenses incurred in the operation of the Facility, or arising in connection therewith, including, but not limited to all governmental charges or taxes (or payments in lieu of taxes), if any, levied on the Facility or the operation thereof, and all charges for utility services supplied to, or used in the operation of, the Facility and all charges for insurance required by this Lease. Insofar as it may be lawfully done, the Authority shall be free from all costs, expenses and obligations of operation and maintenance of the Facility, except as otherwise expressly provided herein, and free from all taxes, assessments and other governmental charges, and that this Lease shall be a "net lease," and the State on behalf of the Educational Institution shall pay the Rental throughout the term of this Lease.

Section 4.2 Maintenance and Repair of the Facility. The Educational Institution shall not cause or permit any waste, damage or injury to the Facility. During the term of this Lease, the Educational Institution shall, at its own expense, keep the Facility in good condition and repair (reasonable wear and tear and damage by act of God, fire, or other causes beyond the control of the Educational Institution excepted). The Educational Institution shall indemnify the Authority, its members, officers, agents or employees, against all costs, liabilities, losses, damages, suits, fines, penalties, claims and demands, including reasonable counsel fees, arising out of the Educational Institution's failure to comply with the foregoing covenant to the extent permitted by law.

Section 4.3 Insurance. From the date hereof, the Educational Institution shall, at its own expense, keep the Facility insured against all of the following provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth during any time period that such insurance is not available in the insurance market of the United States:

(a) "All Risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement cost of the Facility with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Loss of rental, under a rental value insurance policy, resulting from any of the hazards described in subparagraphs (a) and (b) in an amount not less than 300% of the then full annual Rental fixed by this Lease, including all Rental agreed to be paid by the State hereunder, or, in the event of reconstruction of all or any portion of the Facility pursuant to

Section 4.4, such greater or lesser amount as shall be necessary to assure Rental payments during the reconstruction period.

(d) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds or additional insureds and loss payees, the Authority and its trustees, officers, agents and employees, the Educational Institution, the State and its officers, agents or employees and the Trustee as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority, and used as provided in Section 4.4 hereof or in the Resolution. All rental insurance proceeds shall be payable to the Authority and applied as provided in the Resolution. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or non-renewed or substantially reduced as to coverage without thirty days' prior written notice to the Authority, the Trustee, the Educational Institution and the State. The policies of insurance described in the above subparagraphs (a), (b) and (d) may contain additional deductible and coinsurance features, but only if the State or the Educational Institution has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required herein for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Lease by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 25-S or other form acceptable to the Authority or other funding satisfactory to the Authority and the Trustee.

Upon the filing of a Certificate of Tenantability or a Certificate of Partial Tenantability and annually thereafter on January 1st of each year the Educational Institution will file with the Authority a certificate signed by an authorized officer which shall state that the insurance required by this Section 4.3 is in full force and effect.

In the event the Educational Institution fails to maintain the insurance as required herein, the Authority or the Trustee may secure such insurance. The Educational Institution agrees to reimburse the Authority or the Trustee for the cost of any such insurance.

The Authority hereby waives any claim of liability against the State and the Educational Institution, and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution or their officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution hereby waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Lease or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against either the State or its officers, agents or employees, the Authority or its officers, trustees, agents or employees, or the Educational Institution is waived.

Section 4.4 Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Lease:

(a) If such total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources, including payment by the Educational Institution), replace or repair the Facility to the reasonable satisfaction of the Authority, and this Lease shall remain in effect and no reduction or abatement of the Rental shall be permitted the Educational Institution or the State acting on behalf of the Educational Institution, and the Educational Institution or the State shall be entitled to receive all insurance payments.

(b) If the total or partial destruction of the Facility occurs for causes not described in clause (a) of this Section 4.4, and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the Educational Institution that it has sufficient funds (from insurance proceeds or other sources including payments by the Educational Institution) available to repair or replace the Facility

within the period for which the rental value insurance described in Section 4.3(c) is actually then in force, the State or Educational Institution may repair or replace the Facility if the estimated "true rental" after such repair or replacement determined in the same manner that "true rental" was determined in the original instance shall not be less than the Rental prior to such destruction and if it is estimated that through the insurance described in Section 4.3(c), together with any other funds legally available therefor, there will be sufficient moneys available to the Authority during any period that the Rental may be suspended or reduced because of such destruction to fully offset the amount of the loss of Rental and to pay the principal and interest requirements on outstanding Authority Debt and any other obligations of the Authority secured by the Rental coming due. If the Facility is to be repaired or replaced the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the Facility, and this Lease shall remain in effect, but the Rental shall be equitably adjusted by the mutual agreement of the parties according to the extent and time of the loss of the use of the Facility by the Educational Institution.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility, then this Lease may be terminated by either the State, the Educational Institution or the Authority upon thirty days' written notice to the other parties, and all Rental of the State on behalf of the Educational Institution hereunder shall cease from the date of such termination, in which event all insurance proceeds shall be applied as provided in the Resolution. If the Facility is partially destroyed, but the remaining Facility is usable by the State or the Educational Institution, then the Rental shall be reduced, if necessary, to reflect the "true rental" of the remaining Facility, the annual amounts of such "true rental" of the remaining Facility to be determined in the same manner that "true rental" was determined in the original instance.

(d) Insurance proceeds shall be paid to the Authority and used as provided in Section 4.4(b), for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Resolution. In the event surplus funds remain after application of insurance proceeds as provided in the Resolution, then such surplus shall be paid to the State to be credited to its General Fund.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority and the State (State approval shall be evidenced by the approval of the State Administrative Board and by a concurrent resolution of the legislature concurred in by a majority of the members elected to and serving in each house).

Section 4.5 Improvements to the Facility. The Educational Institution may make any Improvements to the Facility as it deems necessary or desirable, provided that (a) all Improvements to the Facility constituting real property shall become the property of the

Authority and subject to this Lease immediately upon the placement thereof in the Facility, and (b) the Educational Institution shall indemnify the Authority and its trustees, officers, agents and employees, from any and all losses, damages, liabilities or claims arising from or in connection with the making of such Improvements to the Facility by the Educational Institution to the extent permitted by law.

At the request of the State or the Educational Institution, the Authority may, but shall not be required to, acquire or construct Improvements to the Facility. In such event, this Lease shall be supplemented to increase the annual amounts of Rental payable hereunder so long as such amounts do not exceed the "true rental" value of the Facility after acquisition of the Improvements to the Facility as determined and approved pursuant to Sections 1(e) and 7 of Act 183.

If requested by the Educational Institution, the Authority shall grant an easement for construction purposes on the Site to the Educational Institution in form and substance satisfactory to the Attorney General of the State.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

Section 5.1 Events of Default. The term "Events of Default" shall mean, whenever used in this Lease, any one or more of the following events:

(a) Failure to pay the Rentals required to be paid under Section 3.3 at the times specified therein.

(b) Failure by the State or the Educational Institution to observe and perform any of their respective covenants, or obligations in this Lease for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied, given to the State and the Educational Institution by the Authority or the Trustee; provided, however, that if such Default shall be such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the State on behalf of the Educational Institution or the Educational Institution within such period and diligently pursued until the Default is corrected.

(c) An event of default under the Construction Agreement.

The term "Default" shall mean Default by the State or the Educational Institution in the performance or observance of any of their respective covenants or obligations in this Lease, exclusive of any period of grace required to constitute an Event of Default.

Section 5.2 Remedies. Upon the occurrence of an Event of Default, the Authority or its assignees, and the Trustee shall be entitled to use and exercise any and all remedies provided by law to correct such Default, including, but not limited to, the remedies provided in Act 183.

ARTICLE VI

MISCELLANEOUS

Section 6.1 Assignment of Lease. The Educational Institution (with the consent of the Authority and the State) and the State (with the consent of the Authority) may at any time make any assignment of their interest under this Lease for a use not prohibited by Act 183, provided, however, that (a) the State shall remain liable for all Rental and other obligations of the State under this Lease, (b) the Educational Institution shall remain primarily liable for its obligations under this Lease and (c) no assignment shall be made which would cause the interest on Authority Debt to become included in gross income for federal or State income tax purposes.

Section 6.2 Entry. The Authority, through its officers, agents, or employees, shall have the right at reasonable times of entering the Facility for the purpose of inspecting the Facility to determine compliance with this Lease.

Section 6.3 Amendment to Lease. No amendment to this Lease shall be effective unless the amendment is in writing and is executed by the duly authorized officers of the Authority, the State and the Educational Institution and all requirements of Act 183 are satisfied.

Section 6.4 Personal Liability. The covenants and obligations made, assumed by or imposed upon the State, the Authority or the Educational Institution in this Lease are those of the State, the Authority or the Educational Institution and not of any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution in his or her individual capacity and no recourse shall be had for the payment of the Rental or any other moneys required to be paid by this Lease or for the performance of any other obligation required of the State, the Educational Institution, or the Authority under this Lease against any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution or any person executing or attesting to this Lease or the Resolution.

Section 6.5 Notices. All notices, certificates or other communications under this Lease shall be sufficiently given when mailed by registered or certified mail, postage prepaid, return receipt requested, addressed to the Authority, the State, the Educational Institution or the Trustee, as the case may be, at the Authority's Address, the State's Address, the Educational Institution's Address or the Trustee's Address, respectively. A duplicate copy of each such notice, certificate or other communication given hereunder to the Authority, the State, the Educational Institution or the Trustee shall also be given to the others.

The Authority, the State, the Educational Institution and the Trustee may by written notice designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Any notice given to the Educational Institution under this Lease shall also be given to the State if the Educational Institution's interest in the construction contract is assigned in accordance with this Lease.

Section 6.6 Entire Agreement. This Lease contains all agreements between the parties with respect to the Facility, and there are no other representations, warranties, promises, agreements or understandings, oral, written or inferred, between the parties, unless reference is made thereto herein.

Section 6.7 Severability. If any clause, provision or section of this Lease shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

Section 6.8 Execution in Counterparts. This Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

Section 6.9 Captions. The captions or headings in this Lease are for convenience only and in no way define, limit the scope or intent of any provision of this Lease.

Section 6.10 Applicable Law. This Lease shall be governed in all respects, whether as to validity, construction, performance or otherwise, by the laws of the State.

Section 6.11 Quiet Enjoyment. The Authority covenants that the State and the Educational Institution, upon compliance with the terms of this Lease, shall peacefully and quietly have and hold and enjoy the Facility for the term herein provided, subject to any and all rights of the Authority or its assignees under this Lease.

Section 6.12 Title. After Authority Debt and any additional Authority Debt authorized as provided in the Resolution and any and all other obligations of the Authority which pledge for their payment the Rental, are paid in full or provision for the payment thereof is made as provided in the Resolution or proceedings authorizing any such other obligations of the Authority, and upon request by the Educational Institution, the Authority shall convey title of the Facility to the Educational Institution for consideration of $1.00 and the Educational Institution's assumption of all monetary obligations and legal responsibilities for the operation and maintenance of the Facility. The Authority, the State and the Educational Institution hereby specifically agree that the obligations of the State to pay the Rental and perform the other duties and obligations of each specified in this Lease do not depend upon the conveyance of the title to the Facility to the Educational Institution as herein provided and each warrants and represents that this Lease would be executed and delivered by each of them even if title would not pass, it

being understood that the passage of title is merely incidental to this Lease and that the Rental is not greater than the economic or market value to the State and the Educational Institution for the use of the Facility over and above estimated expenses of operation, maintenance and repair of the Facility, not taking into account passage of title to the Facility as provided in this Section.

Section 6.13 Binding Effect. This Lease shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

Section 6.14 Declaration of Governmental Function. The Authority, the State and the Educational Institution, in accordance with Act 183, hereby specifically declare the acquisition of the Facility is intended to serve an essential governmental function and nothing herein is to be construed to conclude a contrary intent.

Section 6.15 Tax Covenant. The State and the Educational Institution covenant and agree that to the extent permitted by law, they shall each take all actions within their control and that they shall not fail to take any action as may be necessary to provide for and maintain the exclusion of the interest on the Authority Debt from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and that they shall not use the Facility in any manner which would cause the Authority Debt to be Private Activity Bonds (as defined in the Code); provided, however, that this Section shall not be effective with respect to the Authority Debt, the interest on which is determined by the Authority as of the date of their issuance to be not excludable from gross income for federal income tax purposes under the Code.

Section 6.16 Construction of Lease. For all purposes this document and the transaction created hereby shall be construed as a true lease, and is not intended to create "state indebtedness" as that term is used in Section 12 of Article 9 of the Michigan Constitution of 1963. Any provisions contained herein which at any time shall be held by a court of competent jurisdiction to cause this Lease to constitute an "evidence of state indebtedness" pursuant to Section 12 of Article 9 of the Michigan Constitution of 1963, shall be deemed invalid subject to the right of the State, the Educational Institution or the Authority to timely appeal such holding. Nothing in this Lease shall be construed as a surrender by the Educational Institution of any of its rights, prerogatives or independence under Sections 4 and 6 of Article 8 of the Michigan Constitution of 1963. Nothing in this Lease shall be construed as requiring or obligating the Authority to issue or sell Authority Debt.

IN WITNESS WHEREOF, the STATE BUILDING AUTHORITY, the STATE OF MICHIGAN, and MICHIGAN TECHNOLOGICAL UNIVERSITY, by its Board of Control, have executed this Lease by its duly authorized officers the day and year first above written.

EXHIBIT A

Project Description

Michigan Technological University
Great Lakes Research Center

The Michigan Technological University Great Lakes Research Center is a three-story, 55,000 square foot research facility on the shore of Portage Lake in Houghton, Michigan. The facility will house several different types of research laboratories focusing on freshwater biological and aquatic research. The building is steel-framed with a combination of masonry, glass, and insulated metal siding. The Educational Institution's two research vessels will be housed at the facility with dockage and a small boathouse for repair and maintenance.

Project Costs

Michigan Technological University
Great Lakes Research Center

Categories of Costs	State Building Authority's Cost of Facility	State Appropriations	Other	Total Facility Cost
1. The Structure, Services and Site Improvements (general, mechanical, electrical, and fixed equipment)	$18,749,800	$200	$1,656,600	$20,406,600
2. Furnishings and Equipment (furniture, movable equipment, etc., not considered a part of the structure nor requiring fixed mechanical and/or electrical services)	0	0	1,958,595	1,958,595
3. Professional Services and Supervision (architectural fees, engineering services, and construction inspection)	0	0	2,971,805	2,971,805
TOTAL ESTIMATED PROJECT COST	$18,749,800	$200	$6,587,000	$25,337,000

REQUISITION CERTIFICATE

TO: U.S. Bank National Association, as Trustee

FROM: Michigan Technological University (the "Educational Institution")

SUBJECT: Construction and Completion Assurance Agreement dated _____, 2011 (the "Construction Agreement")

This represents Requisition Certificate No. ____ in the total amount of $_____ to pay the Cost of the Facility detailed in the schedule attached.

The undersigned certifies that:

1. The expenditures for which moneys are requisitioned hereby represent proper charges against the Acquisition Account have not been included in a previous requisition and have been properly recorded on the Educational Institution's books.

2. The moneys requisitioned hereby are not greater than those necessary to meet obligations due and payable or to reimburse the Obligor for its funds actually advanced for the Cost of the Facility.

3. The Educational Institution is not in default under the Construction Agreement and nothing has occurred to the knowledge of the Educational Institution that would prevent the performance of its obligations under the Construction Agreement.

4. After the payment of this requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

5. Delivered herewith are the items required to be delivered under the Construction Agreement.

6. Please wire funds to _____

_____.

Capitalized terms used in this certificate have the meanings given them in the Construction Agreement.

EXHIBIT D

ARCHITECT'S CERTIFICATE

The undersigned Architect certifies that it has reviewed this Requisition Certificate and that:

1. To the best knowledge of the undersigned, the Requisition Certificate is true, correct and complete in all material respects.

2. On the basis of an on-site inspection:

(a) The materials delivered to the site have been or are reasonably expected to be incorporated into the Project.

(b) The total amount of this Requisition Certificate and all prior Requisition Certificates is reasonable in relationship to the work performed and materials delivered to date.

(c) There have been no changes to the plans and specifications that have not been approved by the Authority except those identified in the Schedule attached to this Requisition Certificate, which individually and in the aggregate do not adversely affect the value of the Project; the last approved change order is No. ___ dated _____.

(d) The Budget continues to accurately represent the cost of each item set forth therein as well as the total cost of the Project.

CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT

This CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENT is made among the State of Michigan, Oakland University, a Michigan constitutional body corporate, acting through its Board of Trustees and the State Building Authority and is effective as of ___ 1, 2011.

DEFINITIONS

In addition to the words and terms defined elsewhere in this Agreement, the following words and terms shall have the following meanings unless the context or use indicates a different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act" means Act No. 183, Public Acts of Michigan, 1964, as amended, MCL 830.411 to 830.425.

"Agent" means State Street Bank and Trust Company, as agent, or any successor agent for the Bank, or if there shall be no Agent, then Agent shall mean the Bank.

"Agreement" means this Construction and Completion Assurance Agreement among the Authority, the State, and the Educational Institution relating to the construction of the Facility.

"Architect" means Smith Group, 500 Griswold St., Suite 1700, Detroit, MI 48226.

"Architect Agreement" means the Educational Institution's agreement with the Architect regarding the construction of the Facility.

"Authority" means the State Building Authority created under the Act or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bank" means the bank or banks which issue the Letter of Credit or any other credit facility providing notes, initially State Street Bank and Trust Company, a Massachusetts trust company and U.S. Bank National Association, a national banking association, and its or their successors or assigns.

"Board" means the State Administrative Board of the State.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which are secured in whole or in part by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" means the certificate of the Architect that the Facility or a portion thereof is available for tenantability given consistent with Section 18.

"Code" means the Internal Revenue Code of 1986, as amended.

"Completion Account" means the separate subaccount or account established within the Acquisition Account for the Facility.

"Construction Company" means The Christman Company, 38701 Seven Mile Rd., Suite 435, Livonia, MI 48152

"Contract" means the construction contract entered into by the Educational Institution for construction of the Facility.

"Contract Completion Date" means May 31, 2012, the date construction on the Facility is to be completed.

"Draw Down Schedule" means the estimated monthly cash flow schedule of the payment of the Authority's Facility Cost.

"Educational Institution" Oakland University, created and maintained pursuant to Sections 4 and 6 Article 8 of the Michigan Constitution of 1963, or any body or entity succeeding to its rights and duties.

"Facility" means the Site, all real property interests appurtenant thereto and all buildings, structures, and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described in the attached Exhibit B, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Inspecting Architect or Engineer" means an architect or engineer licensed and in good standing in the State of Michigan, who acts as the Authority's agent in reviewing the progress of construction of the Facility and making certifications in connection with Requisition Certificates and performing the other tasks and duties considered appropriate by the Authority. A form of the Inspecting Architect or Engineer's certificate is attached to this Agreement as Exhibit D.

"Lease" means the lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented, a form of which is attached to this Agreement as Exhibit A.

"Legislature Approval" means the concurrent resolution of the Legislature approving (i) the conveyance of the Site to the Authority, (ii) the form of Lease pursuant to which the Educational Institution and the State will lease the Site and the Facility from the Authority, and (iii) a range of true rental based upon an appraisal letter.

"Letter of Credit" means the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

"Notes" means the obligations issued by the Authority under the Trust Indenture or any subsequent trust indenture providing funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority, and approved by the Authority in accordance with this Agreement.

"Reimbursement Agreement" means the Reimbursement Agreement, between the Authority and the Bank relating to the Letter of Credit, or any other reimbursement agreement entered into by the Authority in connection with the issuance of Notes.

"Requisition Certificate" means the certificate signed by an authorized official of the State or Educational Institution authorizing the Authority and the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to this Agreement and the Trust Indenture. A form of the Requisition Certificate is attached to this Agreement as Exhibit C.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of the Bonds. The term also includes any master indenture, indenture, or supplemental indenture, as amended from time to time, entered into by the Authority in connection with the Bonds.

"Site" means the real property described in Exhibit B attached to this Agreement.

"State" means the State of Michigan.

"Total Facility Cost" means (a) the obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the Construction Period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse

the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992, and the certificate of the Executive Director of the Authority dated April 1, 2010, authorizing the reimbursement of such advances or otherwise permitted under the Code.

"Trustee" means a bank having trust powers or a trust company currently designated as trustee for the Notes in the Trust Indenture. Upon issuance of the Bonds, all funds held by the Trustee related to the Project shall be transferred to the trustee for the Bonds and, thereafter, all references in this Agreement to the Trustee shall be to the trustee for the Bonds.

"Trust Indenture" means the Trust Indenture, between the Authority and the Trustee, as amended or supplemented, entered into in connection with the issuance of Notes.

RECITALS

A. The Educational Institution has determined that it is necessary and desirable to acquire, renovate, equip and/or construct the Facility on the Site, which is owned by the Educational Institution, to carry out governmental functions and to provide necessary services to the people of the State, as mandated or permitted by Constitution and law. Use of the Act to accomplish those purposes is the most practical means to that end at the lowest cost to the State and the Educational Institution.

B. The State and the Educational Institution have requested that the Authority finance the acquisition, renovation, construction and/or equipping of the Facility on the Site and the Authority has agreed to issue the Notes, a portion of the proceeds of which will be used to acquire, renovate, equip, and/or construct the Facility in consideration of the Educational Institution and the State granting a license to the Authority to enter upon the Site and undertake the acquisition, renovation, equipping and construction, the Educational Institution's agreement to undertake, on behalf of the Authority, the oversight of the acquisition, renovation, equipping and construction, and the Educational Institution's agreement to convey, upon or prior to completion of the Facility, the Site and the Facility, to the Authority and to lease, together with the State, the Site and the Facility from the Authority at a true rental determined in accordance with the Act.

C. The Authority proposes to issue its Notes under the Trust Indenture, which shall establish the Acquisition Account and the procedures for disbursements from the Acquisition Account.

D. The Notes shall be secured by the Letter of Credit issued by the Bank pursuant to the Reimbursement Agreement.

E. The Legislature, the Board, the Authority, and the Educational Institution have each approved the conveyance of the Site to the Authority, the form of Lease, and a range of true rental based upon an appraisal letter. The execution and delivery of this Agreement has been approved by the Board, the Educational Institution, and the Authority.

NOW, THEREFORE, in consideration of the mutual rights and obligations set forth in this Agreement, and other good and valuable consideration the receipt and sufficiency of which is acknowledged by the parties, the Educational Institution, the State, and the Authority agree as follows:

SECTION 1. Financing of Construction. The Authority shall acquire, renovate, equip, and/or construct the Facility in accordance with the Plans with the revisions as may be properly approved pursuant to Section 3 of this Agreement. The Educational Institution and the State represent that the acquisition, renovation, equipping and construction can be completed in accordance with the Plans at a Total Facility Cost of $64,561,200. The Authority agrees to use its best efforts to issue the Notes, over time, in an aggregate amount sufficient to produce available proceeds designated for the Authority's Facility Cost of $39,999,800. The Educational Institution represents that it has or will have available, including any amounts which have been set forth in an appropriation act, an amount equal to the difference between the Authority's Facility Cost and the Total Facility Cost.

The amount of proceeds of the Notes to be issued on any date which will be used to pay the Authority's Facility Cost, shall be based upon the aggregate amount required and the times at which amounts are required as certified by the Educational Institution in the Draw Down Schedule. The Executive Director may rely on the accuracy of the Draw Down Schedule in determining the amount of Note proceeds to be allocated to the Authority's Facility Cost at any given time. The Educational Institution may revise the Draw Down Schedule by written notice to the Executive Director and the revised Draw Down Schedule shall be effective with respect to any Notes issued more than 10 days after the Executive Director's receipt thereof.

SECTION 2. Grant of License and Designation of Educational Institution to Construct on Behalf of the Authority. The State and the Educational Institution grant a license to the Authority to construct the Facility on the Site and agree that the Authority shall have such rights of ingress and egress on and across the Site as are necessary to construct and use the Facility in connection with its construction. Neither the State nor the Educational Institution shall revoke this grant while this Agreement is in effect.

The Educational Institution shall act on behalf of the Authority to oversee the acquisition, renovation, equipping and/or construction of the Facility. The Educational Institution shall undertake all responsibility for and, except as expressly set forth below with respect to payment, all liability in connection with bidding for and selecting contractors and managing and overseeing the construction process. The Educational Institution shall have the Facility acquired, renovated, equipped, and/or constructed in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost.

The Authority's sole liability in connection with any contracts for construction entered into with respect to the Facility shall be payment for acquisition, renovation, design, equipping, and/or construction costs to the extent set forth in Section 4 of this Agreement and shall in no event exceed the Authority's Facility Cost. Construction contracts shall meet the requirements of Section 5 of this Agreement.

If the Educational Institution, prior to completing the Facility as provided in this Agreement, ceases work on the Facility and fails to resume the work within 10 days after written notice from the Authority or the Trustee to the State and the Educational Institution identifying the cessation of work (except where such cessation in work is caused by causes beyond the Educational Institution's reasonable control, including, but not limited to, labor disputes, fire, unusual delay in transportation or unavoidable casualties) and requesting the work on the Facility be resumed, fails to complete the Facility in substantial accordance with the Plans, or makes changes in the Plans without first securing written approval when required by Section 3 of this Agreement, or if the Authority determines the Educational Institution is not using its best efforts to complete the Facility in accordance with the Plans on or before the Contract Completion Date and within the Total Facility Cost, then the Authority may revoke its designation of the Educational Institution to construct the Facility and may have the Facility completed substantially according to the Plans and may proceed in so doing with the Trustee or an assignee. In completing the Facility, the Authority shall have all necessary powers, including but not limited to the following:

(a) to use any available funds in the Acquisition Account in the manner called for by the Plans and to present draw requests to provide for the deposit of additional funds in the Acquisition Account for such purposes,

(b) to make changes and corrections in the Plans as shall be necessary or desirable to complete the Facility in the manner contemplated by the Plans, or as provided in Section 3 of this Agreement if the amount available for completion of the Facility is not sufficient to complete the construction and acquisition of the Facility in accordance with the Plans,

(c) to employ such contractors, subcontractors, agents, architects, and inspectors as shall be required for such purposes,

(d) to pay, settle or compromise all existing bills and claims which may be liens against the Site, or as may be necessary or desirable for the completion of the Facility, or for clearance of title,

(e) to execute all applications and certificates in the name of the State or the Educational Institution which may be required by this Agreement or any construction contract,

(f) to prosecute and defend in the name of the State or the Educational Institution all actions or proceedings in connection with the construction of the Facility and to take such action and require such performance and payment bonds and the builders' risk insurance specified in Section 5 of this Agreement, and

(g) to take any actions as the Authority considers necessary in the exercise of its sole discretion to complete the Facility in the manner contemplated by the Plans and this Agreement.

The foregoing rights and remedies shall be supplemental to, and shall not preclude, the exercise by the Authority or the Trustee of any rights or remedies otherwise provided by law.

SECTION 3. Revisions to Plans. The Educational Institution and the State may make any modifications of the Plans and modifications to the Facility, so long as the modifications in the Plans or to the Facility do not, in the written opinion of the Architect, materially alter the size, scope or function of the Facility, together with any previous modifications in the Plans or to the Facility, extend the completion date beyond the Contract Completion Date, cause the estimated cost of design and construction of the Facility to exceed the amount of the Total Facility Cost approved by this Agreement, materially affect the structural integrity and utility of the structures, impair the usefulness or character of the Facility, or violate the requirements of any licensing authority and do not, in the written opinion of an authorized officer of the State or the Educational Institution, decrease the rental value of the Facility. Any other modifications in the Plans or to the Facility shall not be made without the prior approval of the Authority, the Agent, and the contractors' sureties (if required by any surety bond).

No modifications to the Plans or the Facility shall be made unless (i) there shall be on deposit with the Authority adequate moneys available therefor, (ii) the Educational Institution shall have deposited in the Acquisition Account adequate moneys to pay any additional costs resulting therefrom, or (iii) if authorized by the Legislature, the Board, and the Authority, this Agreement shall have been amended to evidence the Authority's agreement to increase the Authority's Facility Cost to an amount which, together with moneys, if any, described in (i) and (ii), are adequate therefor. All revisions of the Plans, all change orders with respect thereto and the opinion of the Architect and the authorized officer of the State or the Educational Institution referred to above shall be filed with the Agent and the Executive Director of the Authority.

SECTION 4. Payment of Design and Construction Costs. The Authority shall authorize the Trustee to make payments to the extent available from the Acquisition Account to pay the Authority's Facility Cost subject to the provisions of this Agreement and the Trust Indenture, upon receipt of a Requisition Certificate signed by an authorized official of the State or Educational Institution, as applicable, approved by the Authority, stating with respect to each payment to be made: (i) the Requisition Certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such Requisition Certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account and has not been the basis of any previous payment, (vi) that the cost of the portion of the Facility covered by such Requisition Certificate is not less than the amount to be paid thereunder, (vii) that neither the State nor the Educational Institution is in default under this Agreement and that nothing has occurred to the knowledge of the Educational Institution or the State which prevents the performance of the State's or the Educational Institution's obligations under this Agreement, and (viii) that after the payment of the requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of

additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

The State or the Educational Institution, as applicable, shall also provide the Authority, the Bank, and the Trustee with (i) sworn statements and, if appropriate, waivers of lien (satisfactory in form and substance to the Authority) by contractors, subcontractors and for materialmen on the Facility and endorsements to the title insurance policy, if any has been provided pursuant to this Agreement, showing coverage by an amount not less than the moneys which have been expended by the Authority for the Facility, including the disbursement being requested and (ii) an itemization of the Authority's Facility Cost in sufficient detail to evidence incurring of such cost for the payment of which application has been or is then being made. The State and the Educational Institution shall permit the Authority, the Bank and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Total Facility Cost and the Authority's Facility Cost.

SECTION 5. Requirements for Construction Contracts. The Educational Institution shall enter into construction contracts for the Facility, executed copies of which shall be filed with the Authority. The Educational Institution represents and covenants that the Facility can be completed within the Total Facility Cost and that there is or will be available an amount of funds, which together with the Authority's Facility Cost, is sufficient to pay the Total Facility Cost. As evidence of the sufficiency of the construction contracts, the Educational Institution shall furnish the Authority, the State, the Agent, and Trustee, at the time of execution of this Agreement with the following:

(a) a detailed breakdown, certified by the Architect, itemizing by major category, of all costs necessary and sufficient for the completion of the Facility as a tenantable space,

(b) copies of performance and payment bonds written by a surety company satisfactory to the Executive Director of the Authority, payable to the Educational Institution, the State, the Authority, and the Trustee as their interests may appear, assuring completion of the Facility and payment of all contracts and claims for acquisition, construction, installation, renovation and equipping of the Facility or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing the existence of the performance and payment bonds, as the Executive Director of the Authority shall direct,

(c) the Draw Down Schedule,

(d) a copy of a builder's risk insurance policy or policies issued by a financially responsible insurer fully qualified under the laws of the State to provide such insurance, insuring all contractors, the State and its departments, boards, commissions, officers and employees, the Authority, the Bank, and the Trustee in form and amount satisfactory to the Architect and the Executive Director of the Authority or a certificate in form and substance satisfactory to the Executive Director of the Authority evidencing such insurance, as the Executive Director of the Authority shall direct, and

(e) a certificate of the Educational Institution certifying that funds, other than the proceeds of the Notes or other Authority funds, equal to the difference between the Total Facility Cost and the Authority's Facility Cost (i) are currently available and being held for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans, or if not currently available, identifying the sources of funds and the times at which such funds are expected to be available or (ii) have previously been expended for the purpose of acquiring, renovating, equipping and/or constructing the Facility in accordance with the Plans.

The Educational Institution shall not consent to any amendments to any of the construction contracts, whether by change order or otherwise, or take any action or fail to take any action which increases the Authority's Facility Cost or the Total Facility Cost or materially alters the scope, character, or function of the Facility, decreases the rental value of the Facility, or extends the Contract Completion Date without the prior written approval of the Authority and the Agent.

The Educational Institution will supply, as reasonably requested by the Authority, the State, or the Agent, copies of any monthly progress reports as are received by the Educational Institution from the Architect or any contractor with respect to construction of the Facility.

SECTION 6. Additional Construction Commencement Requirements. Prior to the commencement of construction, the Educational Institution shall supply to the Authority and the State:

(a) a title insurance commitment in favor of the Authority and the State issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for its intended purposes or materially detract from its value,

(b) a survey of the site, certified to the Authority and the State, consistent with the title commitment and showing, at a minimum, the location of all proposed improvements and the status of the property in terms of the 100 year flood plain as designated by the Army Corps of Engineers or Michigan Department of Natural Resources and Environment,

(c) evidence satisfactory to the Authority and the State of no unacceptable environmental contamination at the Site,

(d) evidence satisfactory to the Authority and the State of all governmental permits, if any, necessary for the construction of the Facility,

(e) executed copies of the Contract and Architect Agreement, and

(f) an opinion of counsel to the Educational Institution that this Agreement, the Contract, and the Architect Agreement are the valid and binding obligations of the Educational Institution.

SECTION 7. Assignment of Contract and Architect Agreement.

(a) The Educational Institution represents and warrants to the Authority that:

(1) it has not assigned, transferred, or delivered and covenants that it will not assign, transfer, or deliver, so long as this Agreement shall remain in effect, any of the Educational Institution's right, title or interest to the Contract and the Architect Agreement to anyone other than the Authority, its successors or assigns,

(2) its right, title and interest under the Contract and the Architect Agreement are not currently subject to any liens, encumbrances, or security interests,

(3) the Contract and the Architect Agreement are in all respects in full force and effect and enforceable in accordance with their respective terms except as enforcement may be limited by applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws affecting the rights of creditors generally, and

(4) it is not in default under the Contract or the Architect Agreement and is not aware of any other default under the Contract or the Architect Agreement as of the date of this Agreement.

(b) The Educational Institution assigns, transfers, and delivers to the Authority, as collateral security for the performance of its obligations under this Agreement or the Lease, all of the Educational Institution's right, title and interest under the Contract and the Architect Agreement.

(c) Upon default by the Educational Institution in the performance of any obligation under this Agreement or the Lease to file any claim, take any action or institute any proceeding which the Authority considers necessary or advisable in connection with the Contract or the Architect Agreement, the Educational Institution appoints the Authority as its true and lawful attorney, coupled with an interest, to act in the name and stead of the Educational Institution. Such appointment shall not be effective until after 30 days prior written notice to the Educational Institution during which time the Educational Institution shall have the opportunity to cure any such default unless the default shall be the result of the Educational Institution abandoning construction or ceasing work on the Facility in which case notice thereof shall be given in accordance with Section 2 of this Agreement.

(d) Notwithstanding anything to the contrary in this Agreement, until the Authority elects to exercise its right, title and interest under the Contract and/or the Architect Agreement:

(1) the Authority shall not be obligated to give any directions, make any demands, give any notices of nonperformance, protest or notices of protest in connection with any obligation that constitutes an obligation of the Educational Institution secured hereunder and the Educational Institution shall remain solely liable, except as specifically provided in Section 2 with respect to payment by the Authority, under the Contract and the Architect Agreement and

the Educational Institution shall perform all of the Educational Institution's obligations thereunder in accordance with their terms and provisions, and

(2) except as specifically provided in Section 2 with respect to payment by the Authority, the Authority shall have no obligation or liability under the Contract or the Architect Agreement by reason of, or arising out of, this Agreement, nor shall the Authority be obligated in any manner to fulfill any obligations of the Educational Institution under the Contract or the Architect Agreement.

(e) The obligations of the Educational Institution under the Contract and the Architect Agreement may be performed by the Authority or its nominee after 30 days from the date of written notice to the Educational Institution except after the abandonment of construction or cessation of work on the Facility by the Educational Institution in which case the notice period shall be 10 days without releasing the Educational Institution therefrom and without resulting in any assumption of the Contract or the Architect Agreement by the Authority.

(f) The Educational Institution authorizes and directs the Construction Company and the Architect to perform the terms and conditions of the Contract and the Architect Agreement, respectively, and to complete the performance thereunder for the benefit of the Authority in the event of the Educational Institution's default under this Agreement or under the Lease or upon the Authority's election to exercise the Educational Institution's obligations under the Contract or the Architect Agreement.

SECTION 8. Completion Account.

(a) The Authority in the Trust Indenture shall provide for the establishment of the Completion Account.

(b) In the event either (i) any Requisition Certificate specifies a contract completion date later than 90 days after the Contract Completion Date or (ii) the Inspecting Architect or Engineer or a nationally recognized construction consultant or firm of consultants certifies to the Authority, the Educational Institution and the Trustee that the Facility cannot be completed within the available funds and/or cannot be completed within 90 days after the Contract Completion Date, then effective as of the date of such Requisition Certificate or the date of the Inspecting Architect's or Engineer's or consultant's certificate:

(1) the Trustee shall disburse only the following amounts approved in any Requisition Certificate:

Delay from Contract Completion Date	Amount to be Disbursed
90 days to 180 days	90%
More than 180 days	80%

(2) the remaining amount due under such Requisition Certificate shall be deposited by the Trustee in the Completion Account; and

(3) money in the Completion Account shall be disbursed only as provided in the Trust Indenture or this Agreement.

(c) In the event that the Educational Institution disputes the certificate of the Inspecting Architect or Engineer or consultant, the Educational Institution shall notify the Authority of the dispute in writing. Upon receipt of the notice, the Authority and the Educational Institution shall in good faith seek to agree within 10 days upon an independent consultant, who shall be retained at the expense of the Educational Institution. The independent consultant shall, within 20 days after retention, certify to the Educational Institution and the Authority a completion date for the Facility. Upon receipt of such certification, the Educational Institution shall notify the Trustee of the new completion date. In the event that the Authority and the Educational Institution cannot agree on the independent consultant within 10 days or the consultant, if retained, does not provide a new completion date within 20 days, the completion date established by the Inspecting Architect or Engineer or the consultant shall be the Contract Completion Date for this Agreement.

(d) The Educational Institution shall pay, from its own funds, the Authority's Facility Cost equal to any amounts deposited in the Completion Account pursuant to this Section.

(e) If the construction and acquisition of the Facility is subsequently recertified to be on, or ahead of, the original schedule for completion, in the same form as the delay in completion was certified, then effective with such certificate no further payments shall be made to the Completion Account pursuant to this Section. Notwithstanding that recertification, the moneys in the Completion Account shall not be disbursed to the Educational Institution except as provided in this Agreement and the Trust Indenture.

(f) The Executive Director of the Authority and an authorized officer of the Educational Institution may agree, with the consent of the Agent, to reduce the amounts to be deposited in the Completion Account. The Authority shall give notice of such agreement to the Trustee. Nothing herein shall require the Authority to agree with the Educational Institution to reduce any such deposit.

(g) In the event the Facility is completed and a Certificate of Tenantability is issued prior to the issuance of Bonds, the Trustee shall, within 60 days of the issuance of the Certificate of Tenantability, disburse to the Educational Institution all of the moneys then in the Completion Account; provided, however, that such disbursement shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such disbursement shall be deposited as directed by the Authority.

(h) The Trustee shall make disbursements from the Completion Account to the Bank only if there has been an event of default under the Reimbursement Agreement and obligations are owing to the Bank under the Reimbursement Agreement and there is no other source of payment to the Bank authorized therefor under the Trust Indenture.

(i) In the event the Certificate of Tenantability is not issued before the Bonds are issued, the Trustee is directed, and the Educational Institution agrees, that the Trustee shall transfer on a monthly basis by the first of the following month, to the extent moneys are available therefor, moneys in the Completion Account to the account established for paying principal and interest on the Bonds equal to the aggregate of (1) a fraction of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the first maturity date of the Bonds equal to one divided by the number of months from the Bonds' issuance date to the Bonds' first maturity date, and thereafter, if necessary, one-twelfth of the outstanding principal amount of the Bonds related to the Authority's Facility Cost maturing on the next succeeding maturity date thereof and (2) the interest that will accrue during such month on the outstanding principal amount of Bonds related to the Authority's Facility Cost. The aggregate amount of such transfer shall be used to pay interest and principal on the Authority Debt and shall be reduced by the rental under the Lease, if any, paid for such month for Partial Tenantability of the Facility and by the amount of any capitalized interest available under the Resolution to pay interest on the amount of the Bonds related to Authority Facility Cost.

(j) Money transferred by the Trustee to pay interest on the Authority Debt shall no longer be available for payment to the Educational Institution for the Authority's Facility Cost, and the Authority and the State shall be under no obligation to pay such portions of the Authority's Facility Cost. When a Certificate of Tenantability is issued for the Facility, any remaining moneys in the Completion Account shall be transferred by the Trustee within 60 days to the Educational Institution; provided, however, that such transfer shall not exceed the amount of money the Educational Institution shall have paid pursuant to Section 8(d) of this Agreement. Any amount remaining in the Completion Account after making such transfer shall be deposited as directed by the Authority.

SECTION 9. Insurance. Upon execution of this Agreement and thereafter as the construction of the Facility permits, the Educational Institution shall keep the Facility insured against all of the following, provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth below during any time period that such insurance is not available in the insurance market of the United States:

(a) "All risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement Total Facility Cost with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds: the Agent, the Authority and its officers, agents and employees, the Educational Institution, the State and its officers, agents and employees, and the Trustee, as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority and used as provided in the Trust Indenture. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution, the Agent, and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or nonrenewed or substantially reduced as to coverage without thirty days prior written notice to the Authority, the Agent, the Trustee, the Educational Institution and the State. The policies of insurance described in the above subparagraphs may contain additional deductible and coinsurance features, but only if the Educational Institution or the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Agreement in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self-insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Agreement by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 27 or other form acceptable to the Authority or evidence of other funding satisfactory to the Authority, the Trustee, and the Agent.

In the event the Educational Institution fails to secure or maintain the insurance as required in this Agreement, the Authority may, but shall not be obligated to, secure the insurance. Upon demand of the Authority, the Educational Institution shall pay the cost of that insurance.

The Authority waives any claim of liability against the State and the Educational Institution and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution of their officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its trustees, officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Agreement or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against the State or its officers, agents or employees, or the Authority or its officers, trustee, agents or employees, or the Educational Institution is waived.

SECTION 10. Inspecting Architect or Engineer. The Authority may, at its option, obtain the services of an Inspecting Architect or Engineer. It is agreed that the Authority assumes no obligation to the Educational Institution or the State with respect to the acts or omissions of the Inspecting Architect or Engineer or with respect to any negligence or defect in the design or construction of the Project. All fees, costs and expenses of the Inspecting Architect or Engineer shall be a Total Facility Cost to the extent of budgeted costs and any costs in excess of that amount shall be paid by the Educational Institution.

SECTION 11. Conveyance of Site to Authority. Prior to the earlier of:

(a) the date of delivery of the Bonds to provide long-term financing of the Authority's Facility Cost,

(b) the date the Architect files a Certificate of Tenantability,

(c) 15 days prior to the third anniversary of Legislative Approval of the Lease,

(d) 30 days prior to the Stated Termination Date of the Letter of Credit, as defined in the Letter of Credit,

(e) 15 Business Days (as defined in the Trust Indenture) prior to the date on which all outstanding principal of and interest on the Notes is expected to be paid in full by a draw on the Letter of Credit and refunding Notes under the Trust Indenture are not to be issued, or

(f) 15 days following the date of receipt of notice by the Trustee from the Agent of an Event of Default under the Reimbursement Agreement instructing the Trustee to accelerate the Notes,

the Educational Institution shall execute and deliver a warranty deed conveying the Educational Institution's interest in the Site to the Authority. The Educational Institution shall also at that time deliver a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

SECTION 12. Personal Property Components of the Facility. Upon the execution of this Agreement and from time to time during the construction period, the Educational Institution and the State, to the extent that it holds title to any portion of the Facility, shall execute and deliver to the Authority such bills of sale or other instruments of transfer as may be necessary to vest title to the Facility (but not to the Site) in the Authority, subject only to the encumbrances and reservations permitted in this Agreement, so that, upon completion of the Facility, the Authority shall be the owner of the Facility.

SECTION 13. Agreement to Lease. Upon the transfer of title to the Site from the Educational Institution to the Authority, the Authority shall lease the Facility to the State and the Educational Institution and the State and the Educational Institution shall lease the Facility from the Authority at a true rental determined in accordance with the Act pursuant to the Lease.

SECTION 14. Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Agreement:

(a) If the total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources), replace or repair the Facility to the state of construction immediately prior to the destruction to the reasonable satisfaction of the Authority, and this Agreement shall remain in effect and the State or the Educational Institution shall be entitled to receive all insurance payments; provided, however, if there are at the time the insurance proceeds become available outstanding Obligations (as defined in the Reimbursement Agreement) related to the Facility or if an Event of Default has occurred and is continuing under the Reimbursement Agreement, the Agent may direct the use of insurance proceeds to the payment of those Obligations and the State or the Educational Institution shall be relieved of its responsibility to replace or repair the Facility.

(b) If the total or partial destruction of the Facility occurs for causes not described in Section 14(a), and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State and the Educational Institution that it has sufficient funds (from insurance proceeds or other sources including additional issuances of Notes) available to repair or replace the Facility to the state of construction immediately prior to the destruction, and, unless otherwise consented to by the Agent, that there are other funds legally available and deposited in the Note Fund which will be sufficient to pay any Obligations related to the Facility which are outstanding at the time of the demonstration of sufficient funds, the State or the Educational Institution may repair or replace

the Facility if the estimated "true rental" after such repair or replacement shall not be less than the estimated "true rental" prior to the destruction. If the Facility is to be repaired or replaced, the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the Facility and this Agreement shall remain in effect; provided, however, under no circumstances will the amount paid to the State or the Educational Institution for repair or replacement exceed the amount of the insurance proceeds together with additional issuances of Notes, if any. Notwithstanding the foregoing, the Authority shall not elect to repair or replace the Facility (i) if Notes are outstanding with respect to the Facility and if based upon an Architect's certificate, the Facility will not become tenantable on or prior to the Expiration Date (as defined in the Letter of Credit) unless the Agent is satisfied that the Authority nonetheless reasonably expects to have funds available to reimburse the Bank on or prior to the Expiration Date all as further provided in the Reimbursement Agreement or (ii) if an Event of Default has occurred and is continuing under the Reimbursement Agreement.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility and meet the prior obligation set forth in Section 14(b), then this Agreement may be terminated by either the State, the Educational Institution or the Authority upon thirty days written notice to the other parties, in which event all insurance proceeds shall be applied as provided in the Trust Indenture.

(d) Insurance proceeds paid to the Authority as provided in Section 14(b), are to be used for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Trust Indenture. If surplus funds remain after application of insurance proceeds as provided in the Trust Indenture, that surplus shall be paid to the State to be credited to its General Fund or otherwise as agreed to by the State and the Educational Institution.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority, the Agent and the State. (State approval shall be evidenced by the approval of the Board and by a concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each house.)

SECTION 15. Tax Covenant. If the Notes or the Bonds are issued as obligations the interest on which is excluded from gross income for federal income tax purposes under the Code, the State and the Educational Institution will, to the extent permitted by law, each shall take all actions within its control and shall not fail to take any action as may be necessary to maintain the exclusion of the interest on the Notes or Bonds from gross income for federal income tax purposes under the Code, and neither shall use the Facility in any manner which would cause the Notes or the Bonds to be Private Activity Bonds (as defined in the Code).

SECTION 16. Assignment of Rights. Upon the issuance of the Notes, the Authority shall, pursuant to the Trust Indenture, assign its rights in, including rights to enforce this Agreement, and pledge any money receivable under this Agreement (other than certain insurance payments to be paid to the Authority under Section 9 of this Agreement), if any, to the Trustee as security for the payment of certain obligations of the Authority under the Trust Indenture to the Noteholders and the Bank. The Authority also assigns its rights to enforce this Agreement directly against the State and/or the Educational Institution to the Bank in the event that there has been a final draw on the Letter of Credit to pay principal of and interest on the Notes allocable to the Facility and those Notes are not to be refunded and there remain Obligations relating to the Facility owing to the Bank to the extent of such remaining Obligations. The Educational Institution and the State consent to such assignments and to any further assignments to a trustee with respect to any obligations of the Authority issued to refund or refinance the Notes.

SECTION 17. Indemnification. The Educational Institution shall indemnify and hold the Authority and its officers, agents, or employees harmless from any and all liability, loss, damage or expense which they may incur under or by reason of this Agreement, the Contract, or the Architect Agreement, or for any action taken by the Authority under this Agreement, or by reason or in defense of any and all claims and demands whatsoever which may be asserted against the Authority arising out of this Agreement, the Contract, or the Architect Agreement to the extent permitted by law. Should the Authority or its officers, agents, or employees incur any such liability, loss, damage or expense, the amount thereof (including reasonable attorneys' fees) shall be paid by the Educational Institution immediately upon demand. The Educational Institution shall not, however, be required to indemnify the Authority or its officers, agents, or employees for their acts of gross negligence or willful misconduct.

SECTION 18. Termination. Except as set forth below with respect to rights of the Bank, this Agreement shall terminate upon receipt by the State, the Educational Institution, and the Authority of the Certificate of Tenantability for the Facility pursuant to the Lease. This Agreement shall be effective as to rights of the Bank for such time as Obligations are owing to the Bank and so long as the Bank has not wrongfully dishonored its obligations under the Letter of Credit.

IN WITNESS WHEREOF, the State Building Authority, Oakland University and the State of Michigan have each executed this Agreement by their duly authorized officers.

EXHIBIT C Annual Rental Amounts C-1

LEASE

THIS LEASE is entered into as of _____, 20__ among the STATE BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 183, Public Acts of Michigan, 1964, as amended, the STATE OF MICHIGAN, and OAKLAND UNIVERSITY, acting by its Board of Trustees, a Michigan constitutional body corporate (hereinafter, the "Educational Institution").

PREMISES:

WHEREAS, the Authority was established under Act 183 for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963, or any of its agencies;

WHEREAS, the Educational Institution has been created and is maintained pursuant to Sections 4 and 6 of Article 8 of the Michigan Constitution of 1963;

WHEREAS, the Facility has been constructed and the Site and the Facility have been conveyed to the Authority by the Educational Institution as provided by Act 183;

WHEREAS, the acquisition of the Facility by the Authority for use by and lease to the State and the Educational Institution will permit the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the Constitution and law, and the use of Act 183 to accomplish the acquisition represents the most practical means to that end at the lowest cost to the State and the Educational Institution; and

WHEREAS, the execution and delivery of this Lease has been validly authorized by the State Administrative Board of the State, by the Legislature of the State by concurrent resolution concurred in by a majority of the members elected to and serving in each house, by the Board of Trustees of the Educational Institution, and by the Board of Trustees of the Authority;

NOW, THEREFORE, in consideration of the premises and of the covenants and undertakings of this Lease, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1 Definitions. In addition to the words and terms elsewhere defined in this Lease, the following words and terms as used in this Lease and the preambles hereto shall have the following meanings unless the context or use indicates another or different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act 183" means Act No. 183, Public Acts of Michigan, 1964, as amended, being Sections 830.411 to 830.425, inclusive, of Michigan Compiled Laws.

"Authority" means the State Building Authority created under Act 183 or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Address" means State Building Authority, Lewis Cass Building, 320 South Walnut, 1st Floor, Lansing, Michigan 48933.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which were secured in whole, or in part, by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" shall mean the certificate rendered pursuant to Section 2.5 hereof, which when filed, will trigger commencement of rental payments in accordance with Section 3.3 hereof.

"Construction Agreement" shall mean the Construction and Completion Assurance Agreement among the Authority, the State and the Educational Institution relating to the construction of the Facility.

"Educational Institution" means Oakland University, created and maintained pursuant to Sections 4 and 6 of Article 8 of the Michigan Constitution of 1963 or any body or entity succeeding to its rights and duties.

"Educational Institution's Address" means Oakland University, 204 Wilson Hall, Rochester, Michigan 48309, Attention: President.

"Facility" means the Site, all real property interests appurtenant thereto, and all buildings, structures and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described on page A-1 in Exhibit A attached hereto, but shall not include the State's or the Educational Institution's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Improvements to the Facility" means such additions, improvements or replacements of or to the Facility as provided by Section 4.5.

"Lease" means this lease agreement among the Authority, the State, and the Educational Institution, as amended or supplemented as provided in Section 6.3.

"Notes" means the obligations issued by the Authority under the Trust Indenture to provide funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the Educational Institution with the Authority and approved by the Authority, in accordance with the Construction Agreement.

"Rental" means the rental required to be paid to the Authority by the State pursuant to Section 3.3, which shall be not more than the "true rental" for the Facility as determined by the State Administrative Board pursuant to Act 183, the rental being not greater than the economic or market value to the State and the Educational Institution of the Facility over and above the estimated expenses of operation, maintenance and repair of the Facility, not taking into account the right of the Educational Institution to acquire title to the Facility as provided in Section 6.12 upon termination of this Lease.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of Authority Debt. The term also includes the Trust Indenture or any master indenture, indenture and supplemental indenture, as amended from time to time, entered into by the Authority in connection with Authority Debt.

"Site" means the real property described in Exhibit B attached hereto.

"State" means the State of Michigan. The Department of Technology, Management and Budget shall be responsible for administering the terms of this Lease on behalf of the State.

"State's Address" means State of Michigan, Department of Technology, Management and Budget, Lewis Cass Building, 2nd Floor, Box 30026, Lansing, Michigan 48909, Attention: Director.

"Total Facility Cost" means (a) obligations of the State, the Educational Institution or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees;

(c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the construction period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State, the Educational Institution or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State, the Educational Institution or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State, the Educational Institution and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992 and the certificate of the Executive Director of the Authority dated April 1, 2010 authorizing the reimbursement of such advances or otherwise permitted under the Internal Revenue Code of 1986, as amended.

"Trustee" means a bank having trust powers or a trust company to be designated in the Resolution of the Authority, or any successor trustee at the time serving as such under the Resolution.

"Trustee's Address" means the address of the Trustee as indicated in the Trust Indenture.

"Trust Indenture" means the trust indenture, master indenture and supplemental indenture, as amended from time to time, entered into in connection with the issuance of Authority Debt.

ARTICLE II

ACQUISITION AND COMPLETION OF FACILITY

Section 2.1 Plans and Authority's Facility Cost. The Authority's Facility Cost in the amount set forth on page A-2 in Exhibit A and the Plans have been approved by the Authority, the Educational Institution and the State in accordance with applicable law. The Authority's acquisition of the Facility shall be financed by issuing Authority Debt. That portion of the proceeds of such Authority Debt which will be used to pay the Authority's Facility Cost shall be deposited in the Acquisition Account. The amount of such proceeds shall not exceed the amount of the Authority's Facility Cost except as otherwise provided for herein. If the proceeds from the initial issuance of Authority Debt to pay the Authority's Facility Cost are less than the corresponding amount set forth on page A-2 in Exhibit A, the Authority may issue additional Authority Debt at a later date or dates to pay the remaining portion of the Authority's Facility Cost so long as the aggregate amount of proceeds of all Authority Debt which then have been or will be used to pay the Authority's Facility Cost does not exceed the corresponding amount set forth on page A-2 in Exhibit A.

Section 2.2 Sale and Conveyance of Facility to Authority. The Educational Institution has executed and delivered to the Authority a warranty deed, which shall be subject only to the encumbrances and reservations acceptable to the Authority which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof, conveying and vesting in the Authority the Educational Institution's interest in the title to the Site, and the Educational Institution has executed and delivered to the Authority a bill of sale conveying and vesting in the Authority the Facility as acquired, constructed and installed by the Educational Institution.

Prior to or contemporaneously with the execution of this Lease, the Educational Institution shall deliver with the warranty deed a commitment for issuance of a title insurance policy acceptable to the Authority and as soon as practicable thereafter a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, each of which shall be subject only to the encumbrances and reservations which are acceptable to the Authority and which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

Contemporaneously with the delivery of this Lease, the Authority shall, pursuant to the Resolution, assign its rights in, and pledge any moneys receivable under this Lease other than indemnity and certain of the insurance payments to be paid to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease, if any, to the Trustee as security for the payment of certain obligations of the Authority. The State and the Educational Institution hereby consent to such assignment. The Authority shall reserve the right to enforce in its own name and for its own benefit, certain of the obligations of the State and the Educational Institution to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease.

Section 2.3 Price and Manner of Payment by Authority for Facility. The Authority shall pay to the State or the Educational Institution, as the case may be, as the purchase price for the Facility the amount paid or incurred by the State or the Educational Institution, as the case may be, for the Authority's Facility Cost, but the total amount paid by the Authority for the Facility shall not exceed the amount approved by Section 2.1. The purchase price for the Facility shall be paid on behalf of the Authority by the Trustee to the Educational Institution or the State from time to time from moneys in the Acquisition Account upon presentation of the requisition certificates (which shall constitute covenants of the Educational Institution or the State to the Authority and the Trustee). The Educational Institution shall convey the Site to the Authority without cost to the Authority.

Section 2.4 Disbursements From Acquisition Account. The Authority in the Resolution has authorized the Trustee to make payments from the Acquisition Account to pay the Authority's Facility Cost subject to this Lease, upon receipt of a requisition certificate signed by an authorized official of the Educational Institution or the State and approved by the Authority stating with respect to each payment to be made: (i) the requisition certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such requisition certificate and a statement that the payment is being made for a cost or expense properly chargeable to the

Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account, and has not been the basis of any previous payment, (vi) that the cost to the Educational Institution or the State of the portion of the Facility covered by the requisition certificate is not less than the amount to be paid to the Educational Institution or the State thereunder, (vii) that all bills of sale necessary to vest title to the portion of the Facility covered by the requisition certificate in the Authority have been executed and delivered or assigned by the Educational Institution or the State to the Authority, (viii) that neither the Educational Institution nor the State is in default under this Lease and that nothing has occurred to the knowledge of the State or the Educational Institution which prevents the performance of the Educational Institution's or the State's obligations under this Lease, and (ix) that after the payment of such requisition the amount on deposit in the Acquisition Account together with other moneys to be available, including anticipated proceeds, if any, from the issuance of additional Authority Debt, will be sufficient to acquire the Facility.

The Educational Institution shall also provide the Authority and the Trustee with the information identified in the Construction Agreement. The State and the Educational Institution shall permit the Authority and the Trustee, upon request, to inspect the records of the State and the Educational Institution relating to the Authority's Facility Cost.

Section 2.5 Certificate of Tenantability and Certificate of Partial Tenantability. The completion date of the entire Facility and the payment of the entire Total Facility Cost shall be evidenced to the Trustee, the Authority, the State and the Educational Institution by the Certificate of Tenantability signed by the Architect or by an appropriate official of the Educational Institution to the effect that, except for any Total Facility Cost not then due and payable, or the liability for payment of which is being disputed by the Educational Institution, construction of the Facility has been completed in accordance with the Plans and the entire Total Facility Cost has been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Upon filing of the Certificate of Tenantability, the Educational Institution shall occupy the entire Facility for the purpose specified.

If a portion of the Facility is completed prior to the completion date of the entire Facility, such partial completion shall be evidenced to the Trustee, the Authority, the State and the Educational Institution by the Certificate of Partial Tenantability filed by the Architect or by an appropriate official of the Educational Institution setting forth that the portion of the Facility indicated is complete and tenantable, that said portion has been completed in accordance with the plans and the square footage of the Facility. If different portions of the Facility from time to time are completed, the Architect may execute and deliver from time to time several Certificates of Partial Tenantability conforming to the requirements set forth in this section. Upon filing of the Certificate of Partial Tenantability, the Educational Institution shall be deemed to have occupied the portion of the Facility described in such certificate.

Section 2.6 Name of the Facility. The name of the Facility shall be designated by the Educational Institution.

ARTICLE III

LEASE OF FACILITY

Section 3.1 Term of This Lease. The term of this Lease shall commence on the date of its execution and shall continue for the period, not to exceed thirty-five (35) years, unless sooner terminated as herein provided.

Section 3.2 Lease of Facility. In consideration of the Rental and other terms of this Lease, the Authority leases the Facility to the State and the Educational Institution and the State and the Educational Institution lease the Facility from the Authority for the term of this Lease.

Section 3.3 Rental. The State shall pay to the Authority for and on behalf of the Educational Institution for the use of the Facility during the term of this Lease, Rental in the annual amounts set forth in Exhibit C hereto, which amounts shall be certified by the appraiser and approved by the State Administrative Board and the Authority as authorized by Act 183 payable monthly on an annualized basis (except as hereinafter provided) on or before the first day of each month prior to the termination of this Lease.

The full Rental shall commence on the first day of the first month following the date of the filing of the Certificate of Tenantability, but not earlier than the dated date of this Lease.

When a Certificate of Partial Tenantability is filed and until a Certificate of Tenantability is filed, the State shall pay to the Authority for and on behalf of the Educational Institution for the use of a portion of the Facility monthly in equal amounts (except as hereinafter provided) a portion of the full Rental described above. The partial rental amount shall be computed by multiplying the percentage computed by dividing the gross square footage that is tenantable as described in all Certificates of Partial Tenantability then filed by the total gross square footage of the Facility times the full amount of the Rental.

The Executive Director of the Authority shall notify the State Administrative Board of failure to complete the Facility in the event that the Facility is not completed within six months of the Contract Completion Date, or prior thereto if the Authority, the Educational Institution and the State (acting through the Department of Technology, Management and Budget) shall so agree, and the State Administrative Board shall promptly thereafter designate an appraiser. The appraiser shall determine on a functional basis the percentage of completion of the Facility as of the date that such appraisal is made and shall report such percentage to the Authority, the State, the Educational Institution and the Trustee. The State shall pay to the Authority, for and on behalf of the Educational Institution, for use of a portion of the Facility, monthly in equal amounts on an annualized basis (except as hereinafter provided) a portion of the full Rental computed by multiplying the percentage reported by the appraiser times the full amount of the Rental set forth above, the first of such partial Rentals to commence on the first day of the first month following the date of the filing of the appraiser's report. If after payment of a partial

Rental under the circumstances above described, further Certificates of Partial Tenantability are filed, the appraiser shall recalculate the percentage of completion each time and shall file with the Authority, the State, the Educational Institution and the Trustee a report setting forth the revised percentage and such revised percentage shall be the basis for computation from time to time of the partial Rental until the Certificate of Tenantability is filed.

The first monthly Rental payment or partial Rental payment in each case shall be paid on the last day of the month in which the Certificate of Tenantability or the Certificate of Partial Tenantability, as the case may be, is filed and shall be in an amount equal to the annual Rental calculated as above provided divided by 365 and multiplied by the number of days between the date of filing the Certificate of Tenantability or the Certificate of Partial Tenantability and the date on which the next Rental payment or partial Rental payment is due.

The Educational Institution consents to payment of the Rental or partial Rental on behalf of the Educational Institution by the State directly to the Trustee as provided in the Resolution.

If for any reason other than because of any act or omission of the State, the Educational Institution, or any of their agents or employees (whether negligent or otherwise) the Facility becomes untenantable or partially untenantable, no Rental, or partial Rental only, shall be paid for the period the Facility is untenantable or partially untenantable, and the Rental payments shall be adjusted accordingly by the mutual agreement of the parties hereto; provided, however, that if the Facility is totally or partially destroyed, the provisions of Section 4.4 hereof shall apply in lieu of the provision of this paragraph. For purposes of this Lease the Facility shall not be deemed wholly untenantable if the Facility or any portion thereof can be used by the Educational Institution or the State for any lawful governmental purpose.

The Governor of the State shall, consistent with Act 183, include in the annual executive budget of the State for each year during the term of this Lease an amount sufficient to pay the Rental required to be paid in such year by the State on behalf of the Educational Institution, to the Authority or its assignee. The State is hereby contractually obligated to provide each year adequate appropriations in order to pay the Rental when due, the Rental being an ordinary annual expense and contract obligation of the State. This provision shall not be deemed a waiver of the State's governmental immunity or its right to invoke or waive governmental immunity.

ARTICLE IV

OPERATION, MAINTENANCE AND INSURANCE OF FACILITY

Section 4.1 Operation of Facility. During the term of this Lease, the Educational Institution agrees to use the Facility for a lawful governmental purpose. The State and the Educational Institution may locate and use any of their own personal property in the furtherance of such purpose in or on the Facility and such personal property shall remain the property of the State or the Educational Institution and shall not become part of the Facility and shall not be subject to this Lease. If the personal property of the State or the Educational Institution so

located in or on the Facility cannot be readily distinguished from the real and personal property comprising the Facility by reference to page A-1 in Exhibit A or other records of the Authority, then such personal property of the State or the Educational Institution shall remain identified as property of the State or the Educational Institution by tags or other symbols attached thereto or otherwise clearly associated therewith, and any such items of personal property not so identified shall be presumed to be part of the Facility, but such presumption shall not be conclusive.

The Educational Institution shall pay all costs and expenses incurred in the operation of the Facility, or arising in connection therewith, including, but not limited to all governmental charges or taxes (or payments in lieu of taxes), if any, levied on the Facility or the operation thereof, and all charges for utility services supplied to, or used in the operation of, the Facility and all charges for insurance required by this Lease. Insofar as it may be lawfully done, the Authority shall be free from all costs, expenses and obligations of operation and maintenance of the Facility, except as otherwise expressly provided herein, and free from all taxes, assessments and other governmental charges, and that this Lease shall be a "net lease," and the State on behalf of the Educational Institution shall pay the Rental throughout the term of this Lease.

Section 4.2 Maintenance and Repair of the Facility. The Educational Institution shall not cause or permit any waste, damage or injury to the Facility. During the term of this Lease, the Educational Institution shall, at its own expense, keep the Facility in good condition and repair (reasonable wear and tear and damage by act of God, fire, or other causes beyond the control of the Educational Institution excepted). The Educational Institution shall indemnify the Authority, its members, officers, agents or employees, against all costs, liabilities, losses, damages, suits, fines, penalties, claims and demands, including reasonable counsel fees, arising out of the Educational Institution's failure to comply with the foregoing covenant to the extent permitted by law.

Section 4.3 Insurance. From the date hereof, the Educational Institution shall, at its own expense, keep the Facility insured against all of the following provided that the Educational Institution shall not be required to carry a particular type of insurance as set forth during any time period that such insurance is not available in the insurance market of the United States:

(a) "All Risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement cost of the Facility with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Loss of rental, under a rental value insurance policy, resulting from any of the hazards described in subparagraphs (a) and (b) in an amount not less than 300% of the then full annual Rental fixed by this Lease, including all Rental agreed to be paid by the State hereunder, or, in the event of reconstruction of all or any portion of the Facility pursuant to

Section 4.4, such greater or lesser amount as shall be necessary to assure Rental payments during the reconstruction period.

(d) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds or additional insureds and loss payees, the Authority and its trustees, officers, agents and employees, the Educational Institution, the State and its officers, agents or employees and the Trustee as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority, and used as provided in Section 4.4 hereof or in the Resolution. All rental insurance proceeds shall be payable to the Authority and applied as provided in the Resolution. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State, the Educational Institution and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or non-renewed or substantially reduced as to coverage without thirty days' prior written notice to the Authority, the Trustee, the Educational Institution and the State. The policies of insurance described in the above subparagraphs (a), (b) and (d) may contain additional deductible and coinsurance features, but only if the State or the Educational Institution has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the Educational Institution or the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the Educational Institution. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or the Educational Institution or a self insurance pool in which the State or the Educational Institution is a participant; provided that such self-insurance program or pool will provide the full coverage required herein for the Facility. The Educational Institution shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Lease by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 25-S or other form acceptable to the Authority or other funding satisfactory to the Authority and the Trustee.

Upon the filing of a Certificate of Tenantability or a Certificate of Partial Tenantability and annually thereafter on January 1st of each year the Educational Institution will file with the Authority a certificate signed by an authorized officer which shall state that the insurance required by this Section 4.3 is in full force and effect.

In the event the Educational Institution fails to maintain the insurance as required herein, the Authority or the Trustee may secure such insurance. The Educational Institution agrees to reimburse the Authority or the Trustee for the cost of any such insurance.

The Authority hereby waives any claim of liability against the State and the Educational Institution, and their officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or the Educational Institution or their officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State and the Educational Institution hereby waive any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State or the Educational Institution in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the Educational Institution, the State or the Authority under this Lease or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against either the State or its officers, agents or employees, the Authority or its officers, trustees, agents or employees, or the Educational Institution is waived.

Section 4.4 Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Lease:

(a) If such total or partial destruction occurs as a result of any act or omission on the part of the State or the Educational Institution or any of their agents or employees (whether negligent or otherwise), the Educational Institution in the case of its act or omission and the State in the case of its act or omission shall, at its sole expense (from insurance proceeds or other sources, including payment by the Educational Institution), replace or repair the Facility to the reasonable satisfaction of the Authority, and this Lease shall remain in effect and no reduction or abatement of the Rental shall be permitted the Educational Institution or the State acting on behalf of the Educational Institution, and the Educational Institution or the State shall be entitled to receive all insurance payments.

(b) If the total or partial destruction of the Facility occurs for causes not described in clause (a) of this Section 4.4, and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the Educational Institution that it has sufficient funds (from insurance proceeds or other sources including payments by the Educational Institution) available to repair or replace the Facility

within the period for which the rental value insurance described in Section 4.3(c) is actually then in force, the State or Educational Institution may repair or replace the Facility if the estimated "true rental" after such repair or replacement determined in the same manner that "true rental" was determined in the original instance shall not be less than the Rental prior to such destruction and if it is estimated that through the insurance described in Section 4.3(c), together with any other funds legally available therefor, there will be sufficient moneys available to the Authority during any period that the Rental may be suspended or reduced because of such destruction to fully offset the amount of the loss of Rental and to pay the principal and interest requirements on outstanding Authority Debt and any other obligations of the Authority secured by the Rental coming due. If the Facility is to be repaired or replaced the Authority shall pay to the State or the Educational Institution the cost of repair or replacement of the Facility in the amount incurred by the State or the Educational Institution for the repair or replacement of the Facility, and this Lease shall remain in effect, but the Rental shall be equitably adjusted by the mutual agreement of the parties according to the extent and time of the loss of the use of the Facility by the Educational Institution.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility, then this Lease may be terminated by either the State, the Educational Institution or the Authority upon thirty days' written notice to the other parties, and all Rental of the State on behalf of the Educational Institution hereunder shall cease from the date of such termination, in which event all insurance proceeds shall be applied as provided in the Resolution. If the Facility is partially destroyed, but the remaining Facility is usable by the State or the Educational Institution, then the Rental shall be reduced, if necessary, to reflect the "true rental" of the remaining Facility, the annual amounts of such "true rental" of the remaining Facility to be determined in the same manner that "true rental" was determined in the original instance.

(d) Insurance proceeds shall be paid to the Authority and used as provided in Section 4.4(b), for the repair or replacement of the Facility by the State or the Educational Institution. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Resolution. In the event surplus funds remain after application of insurance proceeds as provided in the Resolution, then such surplus shall be paid to the State to be credited to its General Fund.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority and the State (State approval shall be evidenced by the approval of the State Administrative Board and by a concurrent resolution of the legislature concurred in by a majority of the members elected to and serving in each house).

Section 4.5 Improvements to the Facility. The Educational Institution may make any Improvements to the Facility as it deems necessary or desirable, provided that (a) all Improvements to the Facility constituting real property shall become the property of the

Authority and subject to this Lease immediately upon the placement thereof in the Facility, and (b) the Educational Institution shall indemnify the Authority and its trustees, officers, agents and employees, from any and all losses, damages, liabilities or claims arising from or in connection with the making of such Improvements to the Facility by the Educational Institution to the extent permitted by law.

At the request of the State or the Educational Institution, the Authority may, but shall not be required to, acquire or construct Improvements to the Facility. In such event, this Lease shall be supplemented to increase the annual amounts of Rental payable hereunder so long as such amounts do not exceed the "true rental" value of the Facility after acquisition of the Improvements to the Facility as determined and approved pursuant to Sections 1(e) and 7 of Act 183.

If requested by the Educational Institution, the Authority shall grant an easement for construction purposes on the Site to the Educational Institution in form and substance satisfactory to the Attorney General of the State.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

Section 5.1 Events of Default. The term "Events of Default" shall mean, whenever used in this Lease, any one or more of the following events:

(a) Failure to pay the Rentals required to be paid under Section 3.3 at the times specified therein.

(b) Failure by the State or the Educational Institution to observe and perform any of their respective covenants, or obligations in this Lease for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied, given to the State and the Educational Institution by the Authority or the Trustee; provided, however, that if such Default shall be such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the State on behalf of the Educational Institution or the Educational Institution within such period and diligently pursued until the Default is corrected.

(c) An event of default under the Construction Agreement.

The term "Default" shall mean Default by the State or the Educational Institution in the performance or observance of any of their respective covenants or obligations in this Lease, exclusive of any period of grace required to constitute an Event of Default.

Section 5.2 Remedies. Upon the occurrence of an Event of Default, the Authority or its assignees, and the Trustee shall be entitled to use and exercise any and all remedies provided by law to correct such Default, including, but not limited to, the remedies provided in Act 183.

ARTICLE VI

MISCELLANEOUS

Section 6.1 Assignment of Lease. The Educational Institution (with the consent of the Authority and the State) and the State (with the consent of the Authority) may at any time make any assignment of their interest under this Lease for a use not prohibited by Act 183, provided, however, that (a) the State shall remain liable for all Rental and other obligations of the State under this Lease, (b) the Educational Institution shall remain primarily liable for its obligations under this Lease and (c) no assignment shall be made which would cause the interest on Authority Debt to become included in gross income for federal or State income tax purposes.

Section 6.2 Entry. The Authority, through its officers, agents, or employees, shall have the right at reasonable times of entering the Facility for the purpose of inspecting the Facility to determine compliance with this Lease.

Section 6.3 Amendment to Lease. No amendment to this Lease shall be effective unless the amendment is in writing and is executed by the duly authorized officers of the Authority, the State and the Educational Institution and all requirements of Act 183 are satisfied.

Section 6.4 Personal Liability. The covenants and obligations made, assumed by or imposed upon the State, the Authority or the Educational Institution in this Lease are those of the State, the Authority or the Educational Institution and not of any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution in his or her individual capacity and no recourse shall be had for the payment of the Rental or any other moneys required to be paid by this Lease or for the performance of any other obligation required of the State, the Educational Institution, or the Authority under this Lease against any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or the Educational Institution or any person executing or attesting to this Lease or the Resolution.

Section 6.5 Notices. All notices, certificates or other communications under this Lease shall be sufficiently given when mailed by registered or certified mail, postage prepaid, return receipt requested, addressed to the Authority, the State, the Educational Institution or the Trustee, as the case may be, at the Authority's Address, the State's Address, the Educational Institution's Address or the Trustee's Address, respectively. A duplicate copy of each such notice, certificate or other communication given hereunder to the Authority, the State, the Educational Institution or the Trustee shall also be given to the others.

The Authority, the State, the Educational Institution and the Trustee may by written notice designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Any notice given to the Educational Institution under this Lease shall also be given to the State if the Educational Institution's interest in the construction contract is assigned in accordance with this Lease.

Section 6.6 Entire Agreement. This Lease contains all agreements between the parties with respect to the Facility, and there are no other representations, warranties, promises, agreements or understandings, oral, written or inferred, between the parties, unless reference is made thereto herein.

Section 6.7 Severability. If any clause, provision or section of this Lease shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

Section 6.8 Execution in Counterparts. This Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

Section 6.9 Captions. The captions or headings in this Lease are for convenience only and in no way define, limit the scope or intent of any provision of this Lease.

Section 6.10 Applicable Law. This Lease shall be governed in all respects, whether as to validity, construction, performance or otherwise, by the laws of the State.

Section 6.11 Quiet Enjoyment. The Authority covenants that the State and the Educational Institution, upon compliance with the terms of this Lease, shall peacefully and quietly have and hold and enjoy the Facility for the term herein provided, subject to any and all rights of the Authority or its assignees under this Lease.

Section 6.12 Title. After Authority Debt and any additional Authority Debt authorized as provided in the Resolution and any and all other obligations of the Authority which pledge for their payment the Rental, are paid in full or provision for the payment thereof is made as provided in the Resolution or proceedings authorizing any such other obligations of the Authority, and upon request by the Educational Institution, the Authority shall convey title of the Facility to the Educational Institution for consideration of $1.00 and the Educational Institution's assumption of all monetary obligations and legal responsibilities for the operation and maintenance of the Facility. The Authority, the State and the Educational Institution hereby specifically agree that the obligations of the State to pay the Rental and perform the other duties and obligations of each specified in this Lease do not depend upon the conveyance of the title to the Facility to the Educational Institution as herein provided and each warrants and represents that this Lease would be executed and delivered by each of them even if title would not pass, it

being understood that the passage of title is merely incidental to this Lease and that the Rental is not greater than the economic or market value to the State and the Educational Institution for the use of the Facility over and above estimated expenses of operation, maintenance and repair of the Facility, not taking into account passage of title to the Facility as provided in this Section.

Section 6.13 Binding Effect. This Lease shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

Section 6.14 Declaration of Governmental Function. The Authority, the State and the Educational Institution, in accordance with Act 183, hereby specifically declare the acquisition of the Facility is intended to serve an essential governmental function and nothing herein is to be construed to conclude a contrary intent.

Section 6.15 Tax Covenant. The State and the Educational Institution covenant and agree that to the extent permitted by law, they shall each take all actions within their control and that they shall not fail to take any action as may be necessary to provide for and maintain the exclusion of the interest on the Authority Debt from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and that they shall not use the Facility in any manner which would cause the Authority Debt to be Private Activity Bonds (as defined in the Code); provided, however, that this Section shall not be effective with respect to the Authority Debt, the interest on which is determined by the Authority as of the date of their issuance to be not excludable from gross income for federal income tax purposes under the Code.

Section 6.16 Construction of Lease. For all purposes this document and the transaction created hereby shall be construed as a true lease, and is not intended to create "state indebtedness" as that term is used in Section 12 of Article 9 of the Michigan Constitution of 1963. Any provisions contained herein which at any time shall be held by a court of competent jurisdiction to cause this Lease to constitute an "evidence of state indebtedness" pursuant to Section 12 of Article 9 of the Michigan Constitution of 1963, shall be deemed invalid subject to the right of the State, the Educational Institution or the Authority to timely appeal such holding. Nothing in this Lease shall be construed as a surrender by the Educational Institution of any of its rights, prerogatives or independence under Sections 4 and 6 of Article 8 of the Michigan Constitution of 1963. Nothing in this Lease shall be construed as requiring or obligating the Authority to issue or sell Authority Debt.

IN WITNESS WHEREOF, the STATE BUILDING AUTHORITY, the STATE OF MICHIGAN, and OAKLAND UNIVERSITY, by its Board of Trustees, have executed this Lease by its duly authorized officers the day and year first above written.

REQUISITION CERTIFICATE

TO: U.S. Bank Trust National Association, as Trustee

FROM: Oakland University (the "Educational Institution")

SUBJECT: Construction and Completion Assurance Agreement dated ___1, 2011 (the "Construction Agreement")

This represents Requisition Certificate No. ____ in the total amount of $_____ to pay the Cost of the Facility detailed in the schedule attached.

The undersigned certifies that:

1. The expenditures for which moneys are requisitioned hereby represent proper charges against the Acquisition Account have not been included in a previous requisition and have been properly recorded on the Educational Institution's books.

2. The moneys requisitioned hereby are not greater than those necessary to meet obligations due and payable or to reimburse the Obligor for its funds actually advanced for the Cost of the Facility.

3. The Educational Institution is not in default under the Construction Agreement and nothing has occurred to the knowledge of the Educational Institution that would prevent the performance of its obligations under the Construction Agreement.

4. After the payment of this requisition the amount on deposit in the Acquisition Account together with other moneys to be available through the anticipated issuance of additional Notes and funds to be provided by the Educational Institution, together with any moneys appropriated by an appropriation act for construction of the Facility, will be sufficient to complete the Facility by the Contract Completion Date.

5. Delivered herewith are the items required to be delivered under the Construction Agreement.

6. Please wire funds to _____

_____.

Capitalized terms used in this certificate have the meanings given them in the Construction Agreement.

EXHIBIT D

ARCHITECT'S CERTIFICATE

The undersigned Architect certifies that it has reviewed this Requisition Certificate and that:

1. To the best knowledge of the undersigned, the Requisition Certificate is true, correct and complete in all material respects.

2. On the basis of an on-site inspection:

(a) The materials delivered to the site have been or are reasonably expected to be incorporated into the Project.

(b) The total amount of this Requisition Certificate and all prior Requisition Certificates is reasonable in relationship to the work performed and materials delivered to date.

(c) There have been no changes to the plans and specifications that have not been approved by the Authority except those identified in the Schedule attached to this Requisition Certificate, which individually and in the aggregate do not adversely affect the value of the Project; the last approved change order is No. ___ dated _____.

(d) The Budget continues to accurately represent the cost of each item set forth therein as well as the total cost of the Project.

RESOLUTION OF THE STATE ADMINISTRATIVE BOARD APPROVING CONSTRUCTION AND COMPLETION ASSURANCE AGREEMENTS, CONVEYANCES OF PROPERTY AND LEASES FOR CERTAIN FACILITIES

A RESOLUTION of the State Administrative Board (i) approving (a) forms of construction and completion assurance agreements (the "Construction Agreements") between the State Building Authority (the "Authority") and the State of Michigan (the "State"), and, as applicable, among the Authority, the State and the Educational Institutions listed in Exhibit A to this Resolution (collectively, the "Educational Institutions"), providing for the rights, duties and obligations of the Authority, the State and, as applicable, the Educational Institutions, with respect to the Facilities listed in Exhibit A to this Resolution and the sites therefor (each, a "Facility" and collectively, the "Facilities") during the construction, renovation and/or equipping of the Facilities and prior to the conveyance of the Facilities to the Authority, (b) the conveyance of the Facilities to the Authority, and (c) forms of leases (the "Leases"), between the Authority and the State, and, as applicable, among the Authority, the State and the Educational Institutions, for the purpose of leasing the Facilities to the State and the Educational Institutions, and (ii) providing for other related matters.

WHEREAS, the Authority has been incorporated under Act No. 183, Public Acts of Michigan, 1964, as amended ("Act 183"), for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963 (the "State Constitution"), or any of its agencies;

WHEREAS, the Educational Institutions have been created pursuant to Sections 4, 5, 6 or 7 of Article 8 of the State Constitution;

WHEREAS, the State and, as applicable, the Educational Institutions desire that the Authority finance the acquisition, construction, renovation and/or equipping of the Facilities in consideration of (i) the State and, as applicable, the Educational Institutions granting a license to the Authority to enter upon the sites of the Facilities (the "Sites") in order to undertake such construction, renovation and/or equipping, (ii) the State or the Educational Institutions undertaking on behalf of the Authority the oversight of such construction, renovation and/or equipping and (iii) the State and, as applicable, the Educational Institutions conveying the

Facilities to the Authority on or prior to the date of their completion, and the Authority is willing to provide such financing in consideration of the items described above;

WHEREAS, in accordance with the Construction Agreements, the State and, as applicable, the Educational Institutions desire that the Authority acquire the Facilities on or prior to the date of their completion and lease them to the State and, as applicable, the Educational Institutions, and the Authority is willing to acquire the Facilities and lease them to the State and, as applicable, the Educational Institutions;

WHEREAS, (i) the Sites are presently owned by the State and, as applicable, the Educational Institutions, (ii) the Facilities will be constructed by the State or the Educational Institutions, and (iii) it is intended that the Sites be conveyed to the Authority by the State and, as applicable, the Educational Institutions, and that the Facilities be conveyed by the State and, as applicable, the Educational Institutions to the Authority as acquired;

WHEREAS, Section 5 of Act 183 provides that the State and, as applicable, the Educational Institutions may convey property to the Authority with the prior approval of, as applicable, the governing bodies of the Educational Institutions, the State Administrative Board and the Legislature of the State by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House;

WHEREAS, the acquisition of the Facilities by the Authority for lease to the State and, as applicable, the Educational Institutions is necessary in order for the State and, as applicable, the Educational Institutions to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the State Constitution and law, and the use of Act 183 to accomplish such acquisition represents the most practical means to that end at the lowest cost to the State and, as applicable, the Educational Institutions;

WHEREAS, the Construction Agreements and the Leases have been prepared in substantially final form and are attached; and

WHEREAS, Section 7 of Act 183 provides that the Leases shall be approved by the State Administrative Board and by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House and, if a Lease is for an institution of higher education existing or created pursuant to Section 4, 5, 6 or 7 of Article 8 of the State Constitution, then in addition, such Lease shall be approved by the institution of higher education and signed by its authorized officers;

NOW, THEREFORE, BE IT RESOLVED BY THE STATE ADMINISTRATIVE BOARD OF THE STATE OF MICHIGAN THAT:

1. The plans for each of the Facilities, as filed with the State, are approved.

2. The forms of each of the Construction Agreements are approved, and the Governor and Secretary of State of the State are authorized to execute and deliver any of the Construction Agreements for and on behalf of the State, with such changes and corrections which are not materially adverse to the State.

3. The conveyance to the Authority of each of the Sites and the Facilities, as constructed and acquired, is approved.

4. The forms of each of the Leases are approved and, after the determination and approval of the annual true rental in accordance with Section 5 hereof, the Governor and Secretary of State of the State are authorized to execute and deliver any of the Leases for and on behalf of the State as provided by Act 183, with such changes and corrections which are not materially adverse to the State.

5. It is hereby determined that the economic or market value to the State of each of the Facilities shall be within or below the range for each Facility as set forth in Exhibit A to this Resolution as shall reflect variations that may occur in the components upon which each of the appraisals of true rental were based, which amounts shall be certified by the appraiser and thereafter approved by the State Administrative Board and the Authority as authorized by Act 183 and shall be payable each year of each of the Leases for a term not exceeding 40 years. Each amount shall be the annual true rental determined by the State Administrative Board by the appraisal made for the applicable Facility for the State and the Authority by Integra Realty Resources - Detroit, using such commonly employed procedures as fairly determine the economic or market value of the corresponding Facility, without taking into account the right of the Educational Institution or the State to acquire title to the corresponding Facility without further payment upon termination of the corresponding Lease. The State further confirms its obligations to pay rent and perform the other duties and obligations specified in each of the Leases and that such obligations do not depend upon the passage of title to the corresponding Facility to the Educational Institution or the State without consideration, and the State Administrative Board represents that it would approve the execution and delivery of each of the Leases even if title to the corresponding Facility would not pass upon termination of the corresponding Lease.

6. This Resolution shall be immediately effective.

LEASE

THIS LEASE is entered into as of _____, 2011 between the STATE BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 183, Public Acts of Michigan, 1964, as amended, and the STATE OF MICHIGAN.

P R E M I S E S:

WHEREAS, the Authority was established under Act 183 for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963, or any of its agencies;

WHEREAS, the State desires that the Authority acquire the Facility, including the Site, and lease the Facility to the State;

WHEREAS, the Facility has been constructed and the Site and the Facility have been conveyed to the Authority by the State as provided by Act 183;

WHEREAS, the acquisition of the Facility by the Authority for use by and lease to the State will permit the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the Constitution and law, and the use of Act 183 to accomplish the acquisition represents the most practical means to that end at the lowest cost to the State; and

WHEREAS, the execution and delivery of this Lease has been validly authorized by the State Administrative Board of the State, by the Legislature of the State by concurrent resolution concurred in by a majority of the members elected to and serving in each house and by the Board of Trustees of the Authority;

NOW, THEREFORE, in consideration of the premises and of the covenants and undertakings of this Lease, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1 Definitions. In addition to the words and terms elsewhere defined in this Lease, the following words and terms as used in this Lease and the preambles hereto shall have the following meanings unless the context or use indicates another or different meaning.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act 183" means Act No. 183, Public Acts of Michigan, 1964, as amended, being Sections 830.411 to 830.425, inclusive, of Michigan Compiled Laws.

"Authority" means the State Building Authority created under Act 183 or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Authority's Facility Cost.

"Authority's Address" means State Building Authority, Lewis Cass Building, 320 South Walnut, 1st Floor, Lansing, Michigan 48933.

"Authority's Facility Cost" means the share of the Total Facility Cost to be paid by the Authority out of the proceeds of Authority Debt.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which were secured in whole, or in part, by the Rental.

"Certificate of Tenantability" or "Certificate of Partial Tenantability" shall mean the certificate rendered pursuant to Section 2.5 hereof, which when filed, will trigger commencement of rental payments in accordance with Section 3.3 hereof.

"Construction Agreement" shall mean the Construction and Completion Assurance Agreement between the Authority and the State relating to construction of the Facility.

"Facility" means the Site, all real property interests appurtenant thereto, and all buildings, structures and improvements now or hereafter constructed thereon and all fixtures or personal property, now or hereafter located thereon or therein, all as described on in Exhibit A attached hereto and hereby made a part hereof, but shall not include trade fixtures related to energy conservation and security enhancement, the State's own equipment or other personal property to be installed or used thereon or in connection therewith.

"Improvements to the Facility" means such additions, improvements or replacements of or to the Facility as provided by Section 4.5.

"Lease" means this lease agreement between the Authority and the State, as amended or supplemented as provided in Section 6.3.

"Notes" means the obligations issued by the Authority under the Trust Indenture to provide funds, among other purposes, to pay the Authority's Facility Cost.

"Plans" means the plans and specifications for the construction of the Facility prepared by the Architect, filed by the State with the Authority and approved by the Authority, in accordance with the Construction Agreement.

"Rental" means the rental required to be paid to the Authority by the State pursuant to Section 3.3, which shall be not more than the "true rental" for the Facility as determined by the State Administrative Board pursuant to Act 183, the rental being not greater than the economic or market value to the State of the Facility over and above the estimated expenses of operation, maintenance and repair of the Facility, not taking into account the right of the State to acquire title to the Facility as provided in Section 6.12 upon termination of this Lease.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of Authority Debt. The term also includes the Trust Indenture or any master indenture, indenture and supplemental indenture, as amended from time to time, entered into by the Authority in connection with Authority Debt.

"Site" means the real property described in Exhibit B attached hereto.

"State" means the State of Michigan. The Department of Technology, Management and Budget shall be responsible for administering the terms of this Lease on behalf of the State.

"State's Address" means State of Michigan, Department of Technology, Management and Budget, Lewis Cass Building, 2nd Floor, Box 30026, Lansing, Michigan 48909, Attention: Director.

"Total Facility Cost" means (a) obligations of the State or the Authority incurred for labor and to contractors, builders and materialmen in connection with the Facility; (b) the cost of acquiring necessary land or rights in land and any costs incidental thereto, including costs of assuring title of the Facility to the Authority, and recording fees; (c) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the construction period which are not paid by the contractor or contractors or otherwise provided for; (d) the expenses of the State or the Authority for appraisals, surveys, estimates and supervising construction, as well as for the performance of all other duties required for the proper construction of the Facility; (e) all other fees and costs which the State or the Authority may incur or be required to pay for the acquisition, construction, installation and operation of the Facility; and (f) any sums required to reimburse the State and the Authority for advances made by any of them for any of the above items, or for any other costs incurred and for work done by any of them (including overhead charges) which are (i) properly chargeable to the Facility and (ii) authorized pursuant to the resolution adopted by the Authority on March 4, 1992, the certificate of the Executive Director of the Authority dated May 9, 2005 and the certificate of the Deputy Executive Director of the Authority dated January 10, 2006 authorizing the reimbursement of such advances or otherwise permitted under the Internal Revenue Code of 1986, as amended.

"Trustee" means a bank having trust powers or a trust company to be designated in the Resolution of the Authority, or any successor trustee at the time serving as such under the Resolution.

"Trustee's Address" means the address of the Trustee as indicated in the Trust Indenture.

"Trust Indenture" means the trust indenture, master indenture and supplemental indenture, as amended from time to time, entered into in connection with the issuance of Authority Debt.

ARTICLE II

ACQUISITION AND COMPLETION OF FACILITY

Section 2.1 Plans and Authority's Facility Cost. The Authority's Facility Cost in the amount set forth on page A-2 in Exhibit A and the Plans have been approved by the Authority and the State in accordance with applicable law. The Authority's acquisition of the Facility shall be financed by issuing Authority Debt. That portion of the proceeds of such Authority Debt which will be used to pay the Authority's Facility Cost shall be deposited in the Acquisition Account. The amount of such proceeds shall not exceed the amount of the Authority's Facility Cost except as otherwise provided for herein. If the proceeds from the initial issuance of Authority Debt to pay the Authority's Facility Cost are less than the corresponding amount set forth on page A-2 in Exhibit A, the Authority may issue additional Authority Debt at a later date or dates to pay the remaining portion of the Authority's Facility Cost so long as the aggregate amount of proceeds of all Authority Debt which then have been or will be used to pay the Authority's Facility Cost does not exceed the corresponding amount set forth on page A-2 in Exhibit A.

Section 2.2 Sale and Conveyance of Facility to Authority. The State has executed and delivered to the Authority a quitclaim deed conveying and vesting in the Authority the State's interest in the title to the Site, and the State has executed and delivered to the Authority a bill of sale conveying and vesting in the Authority the Facility as acquired, constructed and installed by the State.

Prior to or contemporaneously with the execution of this Lease, the State shall deliver a title insurance policy issued by a generally recognized title insurance company in the principal amount of not less than the Authority's Facility Cost, each of which shall be subject only to the encumbrances and reservations which are acceptable to the Authority and which do not materially impair the use of the Facility for the purpose intended or materially detract from the value thereof.

Contemporaneously with the delivery of this Lease, the Authority shall, pursuant to the Resolution, assign its rights in, and pledge any moneys receivable under this Lease other than indemnity and certain of the insurance payments to be paid to the Authority under Sections 4.2,

4.3 and 4.5 of this Lease, if any, to the Trustee as security for the payment of certain obligations of the Authority. The State hereby consents to such assignment. The Authority shall reserve the right to enforce in its own name and for its own benefit, certain of the obligations of the State to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease.

Section 2.3 Price and Manner of Payment by Authority for Facility. The Authority shall pay to the State as the purchase price for the Facility the amount paid or incurred by the State for the Authority's Facility Cost, but the total amount paid by the Authority for the Facility shall not exceed the amount approved by Section 2.1. The purchase price for the Facility shall be paid on behalf of the Authority by the Trustee to the State from time to time from moneys in the Acquisition Account upon presentation of the requisition certificates (which shall constitute covenants of the State to the Authority and the Trustee). The State shall convey the Site to the Authority without cost to the Authority.

Section 2.4 Disbursements From Acquisition Account. The Authority in the Resolution has authorized the Trustee to make payments from the Acquisition Account to pay the Authority's Facility Cost subject to this Lease, upon receipt of a requisition certificate signed by an authorized official of the State and approved by the Authority stating with respect to each payment to be made: (i) the requisition certificate number, (ii) the name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Authority's Facility Cost covered by such requisition certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account, and has not been the basis of any previous payment, (vi) that the cost to the State of the portion of the Facility covered by the requisition certificate is not less than the amount to be paid to the State thereunder, (vii) that all bills of sale necessary to vest title to the portion of the Facility covered by the requisition certificate in the Authority have been executed and delivered or assigned by the State to the Authority, (viii) that the State is not in default under this Lease and that nothing has occurred to the knowledge of the State which prevents the performance of the State's obligations under this Lease, and (ix) that after the payment of such requisition the amount on deposit in the Acquisition Account together with other moneys to be available, including anticipated proceeds, if any, from the issuance of additional Authority Debt, will be sufficient to acquire the Facility.

The State shall also provide the Authority and the Trustee with the information identified in the Construction Agreement. The State shall permit the Authority and the Trustee, upon request, to inspect the records of the State relating to the Authority's Facility Cost.

Section 2.5 Certificate of Tenantability and Certificate of Partial Tenantability. The completion date of the entire Facility and the payment of the entire Total Facility Cost shall be evidenced to the Trustee, the Authority and the State by the Certificate of Tenantability signed by the Architect or by the Office of Facilities of the Department of Technology, Management and Budget of the State to the effect that, except for any Total Facility Cost not then due and payable, or the liability for payment of which is being disputed by the State, construction of the Facility has been completed in accordance with the Plans and the entire Total Facility Cost has

been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Upon filing of the Certificate of Tenantability, the State shall occupy the entire Facility for the purpose specified.

If a portion of the Facility is completed prior to the completion date of the entire Facility, such partial completion shall be evidenced to the Trustee, the Authority and the State by the Certificate of Partial Tenantability filed by the Architect setting forth that the portion of the Facility indicated is complete and tenantable, that said portion has been completed in accordance with the plans and the square footage of the Facility. If different portions of the Facility from time to time are completed, the Architect may execute and deliver from time to time several Certificates of Partial Tenantability conforming to the requirements set forth in this section. Upon filing of the Certificate of Partial Tenantability, the State shall be deemed to have occupied the portion of the Facility described in such certificate.

Section 2.6 Name of the Facility. The name of the Facility shall be designated by the State.

ARTICLE III

LEASE OF FACILITY

Section 3.1 Term of This Lease. The term of this Lease shall commence on the date of its execution and shall continue for the period, not to exceed twenty (20) years, unless sooner terminated as herein provided.

Section 3.2 Lease of Facility. In consideration of the Rental and other terms of this Lease, the Authority leases the Facility to the State, and the State leases the Facility from the Authority for the term of this Lease.

Section 3.3 Rental. The State shall pay to the Authority for the use of the Facility during the term of this Lease, Rental in the annual amount of $1,148,000 payable monthly in equal amounts (except as hereinafter provided) on or before the first day of each month prior to the termination of this Lease.

The full Rental shall commence on the first day of the first month following the date of the filing of the Certificate of Tenantability, but not earlier than the dated date of this Lease.

When a Certificate of Partial Tenantability is filed and until a Certificate of Tenantability is filed, the State shall pay to the Authority for the use of a portion of the Facility monthly in equal amounts (except as hereinafter provided) a portion of the full Rental described above. The partial rental amount shall be computed by multiplying the percentage computed by dividing the gross square footage that is tenantable as described in all Certificates of Partial Tenantability then filed by the total gross square footage of the Facility times the full amount of the Rental.

The Executive Director of the Authority shall notify the State Administrative Board of failure to complete the Facility in the event that the Facility is not completed within six months of the Contract Completion Date, or prior thereto if the Authority and the State (acting through the Department of Technology, Management and Budget) shall so agree, and the State Administrative Board shall promptly thereafter designate an appraiser. The appraiser shall determine on a functional basis the percentage of completion of the Facility as of the date that such appraisal is made and shall report such percentage to the Authority, the State and the Trustee. The State shall pay to the Authority for use of a portion of the Facility, monthly in equal amounts on an annualized basis (except as hereinafter provided) a portion of the full Rental computed by multiplying the percentage reported by the appraiser times the full amount of the Rental set forth above, the first of such partial Rentals to commence on the first day of the first month following the date of the filing of the appraiser's report. If after payment of a partial Rental under the circumstances above described, further Certificates of Partial Tenantability are filed, the appraiser shall recalculate the percentage of completion each time and shall file with the Authority, the State and the Trustee a report setting forth the revised percentage and such revised percentage shall be the basis for computation from time to time of the partial Rental until the Certificate of Tenantability is filed.

The first monthly Rental payment or partial Rental payment in each case shall be paid on the last day of the month in which the Certificate of Tenantability or the Certificate of Partial Tenantability, as the case may be, is filed and shall be in an amount equal to the annual Rental calculated as above provided divided by 365 and multiplied by the number of days between the date of filing the Certificate of Tenantability or the Certificate of Partial Tenantability and the date on which the next Rental payment or partial Rental payment is due.

The State consents to payment of the Rental or partial Rental directly to the Trustee as provided in the Resolution.

If for any reason other than because of any act or omission of the State or any of its agents or employees (whether negligent or otherwise) the Facility becomes untenantable or partially untenantable, no Rental, or partial Rental only, shall be paid for the period the Facility is untenantable or partially untenantable, and the Rental payments shall be adjusted accordingly by the mutual agreement of the parties hereto; provided, however, that if the Facility is totally or partially destroyed, the provisions of Section 4.4 hereof shall apply in lieu of the provision of this paragraph. For purposes of this Lease the Facility shall not be deemed wholly untenantable if the Facility or any portion thereof can be used by the State for any lawful governmental purpose.

The Governor of the State shall, consistent with Act 183, include in the annual executive budget of the State for each year during the term of this Lease an amount sufficient to pay the Rental required to be paid in such year by the State to the Authority or its assignee. The State is hereby contractually obligated to provide each year adequate appropriations in order to pay the Rental when due, the Rental being an ordinary annual expense and contract obligation of the State. This provision shall not be deemed a waiver of the State's governmental immunity or its right to invoke or waive governmental immunity.

ARTICLE IV

OPERATION, MAINTENANCE AND INSURANCE OF FACILITY

Section 4.1 Operation of Facility. The State intends to use the Facility as described in Exhibit A hereto, but the State may use the Facility for any lawful governmental purpose. The State may locate and use any of its own personal property in the furtherance of such purpose in or on the Facility and such personal property shall remain the property of the State and shall not become part of the Facility and shall not be subject to this Lease. If the personal property of the State so located in or on the Facility cannot be readily distinguished from the real and personal property comprising the Facility by reference to page A-1 in Exhibit A or other records of the Authority, then such personal property of the State shall remain identified as property of the State by tags or other symbols attached thereto or otherwise clearly associated therewith, and any such items of personal property not so identified shall be presumed to be part of the Facility, but such presumption shall not be conclusive.

The State shall pay all costs and expenses incurred in the operation of the Facility, or arising in connection therewith, including, but not limited to all governmental charges or taxes (or payments in lieu of taxes), if any, levied on the Facility or the operation thereof, and all charges for utility services supplied to, or used in the operation of, the Facility and all charges for insurance required by this Lease. Insofar as it may be lawfully done, the Authority shall be free from all costs, expenses and obligations of operation and maintenance of the Facility, except as otherwise expressly provided herein, and free from all taxes, assessments and other governmental charges, and that this Lease shall be a "net lease" and the State shall pay the Rental throughout the term of this Lease.

Section 4.2 Maintenance and Repair of the Facility. The State shall not cause or permit any waste, damage or injury to the Facility. During the term of this Lease, the State shall, at its own expense, keep the Facility in good condition and repair (reasonable wear and tear and damage by act of God, fire, or other causes beyond the control of the State excepted).

Section 4.3 Insurance. From the date hereof, the State shall, at its own expense, keep the Facility insured against all of the following provided that the State shall not be required to carry a particular type of insurance as set forth during any time period that such insurance is not available in the insurance market of the United States:

(a) "All Risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement cost of the Facility with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried

in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Loss of rental, under a rental value insurance policy, resulting from any of the hazards described in subparagraphs (a) and (b) in an amount not less than 300% of the then full annual Rental fixed by this Lease, including all Rental agreed to be paid by the State hereunder, or, in the event of reconstruction of all or any portion of the Facility pursuant to Section 4.4, such greater or lesser amount as shall be necessary to assure Rental payments during the reconstruction period.

(d) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds or additional insureds and loss payees, the Authority and its trustees, officers, agents and employees, the State and its officers, agents or employees and the Trustee as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing, ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority, and used as provided in Section 4.4 hereof or in the Resolution. All rental insurance proceeds shall be payable to the Authority and applied as provided in the Resolution. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or non-renewed or substantially reduced as to coverage without thirty days' prior written notice to the Authority, the Trustee and the State. The policies of insurance described in the above subparagraphs (a), (b) and (d) may contain additional deductible and coinsurance features, but only if the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the State. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or a self-insurance pool in which the State is a participant; provided that such self-insurance program or pool will provide the full coverage required herein for the Facility. The State shall supply evidence of the acquisition and maintenance of the insurance and

other funding in lieu thereof, if any, required by this Lease by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 25-S or other form acceptable to the Authority or other funding satisfactory to the Authority and the Trustee.

Upon the filing of a Certificate of Tenantability or a Certificate of Partial Tenantability and annually thereafter on January 1st of each year the State will file with the Authority a certificate signed by an authorized officer which shall state that the insurance required by this Section 4.3 is in full force and effect.

In the event the State fails to maintain the insurance as required herein, the Authority or the Trustee may secure such insurance.

The Authority hereby waives any claim of liability against the State and its officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or its officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State hereby waives any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the Authority, its officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the State or the Authority under this Lease or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against either the State or its officers, agents or employees or the Authority or its officers, trustees, agents or employees is waived.

Section 4.4 Destruction of Facility. In the event of total or partial destruction of the Facility during the term of this Lease:

(a) If such total or partial destruction occurs as a result of any act or omission on the part of the State or any of its agents or employees (whether negligent or otherwise), the State shall, at its sole expense (from insurance proceeds or other sources), replace or repair the Facility to the reasonable satisfaction of the Authority, and this Lease shall remain in effect and no reduction or abatement of the Rental shall be permitted the State, and the State shall be entitled to receive all insurance payments.

(b) If the total or partial destruction of the Facility occurs for causes not described in clause (a) of this Section 4.4, and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State that it has sufficient funds (from insurance proceeds or other sources) available to repair or replace the Facility within the period for which the rental value insurance described in Section 4.3(c) is actually then in force, the State may repair or replace the Facility if the estimated "true rental" after such repair or replacement determined in the same manner that "true rental" was determined

in the original instance shall not be less than the Rental prior to such destruction and if it is estimated that through the insurance described in Section 4.3(c), together with any other funds legally available therefor, there will be sufficient moneys available to the Authority during any period that the Rental may be suspended or reduced because of such destruction to fully offset the amount of the loss of Rental and to pay the principal and interest requirements on outstanding Authority Debt and any other obligations of the Authority secured by the Rental coming due. If the Facility is to be repaired or replaced the Authority shall pay to the State the cost of repair or replacement of the Facility in the amount incurred by the State for the repair or replacement of the Facility, and this Lease shall remain in effect, but the Rental shall be equitably adjusted by the mutual agreement of the parties according to the extent and time of the loss of the use of the Facility by the State.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility, then this Lease may be terminated by either the State or the Authority upon thirty days' written notice to the other parties, and all Rental of the State shall cease from the date of such termination, in which event all insurance proceeds shall be applied as provided in the Resolution. If the Facility is partially destroyed, but the remaining Facility is usable by the State, then the Rental shall be reduced, if necessary, to reflect the "true rental" of the remaining Facility, the annual amounts of such "true rental" of the remaining Facility to be determined in the same manner that "true rental" was determined in the original instance.

(d) Insurance proceeds shall be paid to the Authority and used as provided in Section 4.4(b), for the repair or replacement of the Facility by the State. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Resolution. In the event surplus funds remain after application of insurance proceeds as provided in the Resolution, then such surplus shall be paid to the State to be credited to its General Fund.

(e) If the Facility is to be replaced by new facilities which are substantially dissimilar in construction or use from the original facilities, then the Facility shall not be replaced unless the plans and specifications are approved by the Authority and the State (State approval shall be evidenced by the approval of the State Administrative Board and by a concurrent resolution of the legislature concurred in by a majority of the members elected to and serving in each house).

Section 4.5 Improvements to the Facility. The State may make any Improvements to the Facility as it deems necessary or desirable, provided that (a) all Improvements to the Facility constituting real property, (other than trade fixtures related to energy conservation and security enhancement) shall become the property of the Authority and subject to this Lease immediately upon the placement thereof in the Facility, and (b) the State shall indemnify the Authority and its trustees, officers, agents and employees, from any and all losses, damages, liabilities or claims arising from or in connection with the making of such Improvements to the Facility by the State to the extent permitted by law.

At the request of the State, the Authority may, but shall not be required to, acquire or construct Improvements to the Facility. In such event, this Lease shall be supplemented to increase the annual amounts of Rental payable hereunder so long as such amounts do not exceed the "true rental" value of the Facility after acquisition of the Improvements to the Facility as determined and approved pursuant to Sections 1(e) and 7 of Act 183.

If requested by the State, the Authority shall grant an easement for construction purposes on the Site to the State in form and substance satisfactory to the Attorney General of the State.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

Section 5.1 Events of Default. The term "Events of Default" shall mean, whenever used in this Lease, any one or more of the following events:

(a) Failure to pay the Rentals required to be paid under Section 3.3 at the times specified therein.

(b) Failure by the State to observe and perform any covenant or obligation in this Lease for a period of thirty days after written notice specifying such failure and requesting that it be remedied is given to the State by the Authority or the Trustee; provided, however, that if such Default shall be such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the State within such period and diligently pursued until the Default is corrected.

(c) An event of default under the Construction Agreement.

The term "Default" shall mean Default by the State in the performance or observance of any of the covenants or obligations in this Lease, exclusive of any period of grace required to constitute an Event of Default.

Section 5.2 Remedies. Upon the occurrence of an Event of Default, the Authority or its assignees, and the Trustee shall be entitled to use and exercise any and all remedies provided by law to correct such Default, including, but not limited to, the remedies provided in Act 183.

ARTICLE VI

MISCELLANEOUS

Section 6.1 Assignment of Lease. The State (with the consent of the Authority) may at any time make any assignment of its interest under this Lease for a use not prohibited by Act 183, provided, however, that (a) the State shall remain liable for all Rental and other

obligations of the State under this Lease and (b) no assignment shall be made which would cause the interest on Authority Debt to become included in gross income for federal or State income tax purposes.

Section 6.2 Entry. The Authority, through its officers, agents, or employees, shall have the right at reasonable times of entering the Facility for the purpose of inspecting the Facility to determine compliance with this Lease.

Section 6.3 Amendment to Lease. No amendment to this Lease shall be effective unless the amendment is in writing and is executed by the duly authorized officers of the Authority and the State and all requirements of Act 183 are satisfied.

Section 6.4 Personal Liability. The covenants and obligations made, assumed by or imposed upon the State or the Authority in this Lease are those of the State or the Authority and not of any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority in his or her individual capacity and no recourse shall be had for the payment of the Rental or any other moneys required to be paid by this Lease or for the performance of any other obligation required of the State or the Authority under this Lease against any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or any person executing or attesting to this Lease or the Resolution.

Section 6.5 Notices. All notices, certificates or other communications under this Lease shall be sufficiently given when mailed by registered or certified mail, postage prepaid, return receipt requested, addressed to the Authority, the State or the Trustee, as the case may be, at the Authority's Address, the State's Address or the Trustee's Address, respectively. A duplicate copy of each such notice, certificate or other communication given hereunder to the Authority, the State or the Trustee shall also be given to the others.

The Authority, the State and the Trustee may by written notice designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Section 6.6 Entire Agreement. This Lease contains all agreements between the parties with respect to the Facility, and there are no other representations, warranties, promises, agreements or understandings, oral, written or inferred, between the parties, unless reference is made thereto herein.

Section 6.7 Severability. If any clause, provision or section of this Lease shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

Section 6.8 Execution in Counterparts. This Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

Section 6.9 Captions. The captions or headings in this Lease are for convenience only and in no way define, limit the scope or intent of any provision of this Lease.

Section 6.10 Applicable Law. This Lease shall be governed in all respects, whether as to validity, construction, performance or otherwise, by the laws of the State.

Section 6.11 Quiet Enjoyment. The Authority covenants that the State upon compliance with the terms of this Lease, shall peacefully and quietly have and hold and enjoy the Facility for the term herein provided, subject to any and all rights of the Authority or its assignees under this Lease.

Section 6.12 Title. After Authority Debt and any additional Authority Debt authorized as provided in the Resolution and any and all other obligations of the Authority which pledge for their payment the Rental, are paid in full or provision for the payment thereof is made as provided in the Resolution or proceedings authorizing any such other obligations of the Authority, and upon request by the State, the Authority shall convey title of the Facility to the State for consideration of $1.00 and the State's assumption of all monetary obligations and legal responsibilities for the operation and maintenance of the Facility. The Authority and the State hereby specifically agree that the obligations of the State to pay the Rental and perform the other duties and obligations of each specified in this Lease do not depend upon the conveyance of the title to the Facility to the State as herein provided and each warrants and represents that this Lease would be executed and delivered by each of them even if title would not pass, it being understood that the passage of title is merely incidental to this Lease and that the Rental is not greater than the economic or market value to the State for the use of the Facility over and above estimated expenses of operation, maintenance and repair of the Facility, not taking into account passage of title to the Facility as provided in this Section.

Section 6.13 Binding Effect. This Lease shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

Section 6.14 Declaration of Governmental Function. The Authority and the State in accordance with Act 183, declare the acquisition of the Facility is intended to serve an essential governmental function and nothing herein is to be construed to conclude a contrary intent.

Section 6.15 Tax Covenant. The State covenants and agrees that to the extent permitted by law, it shall take all actions within its control and that it shall not fail to take any action as may be necessary to provide for and maintain the exclusion of the interest on the Authority Debt from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and that it shall not use the Facility in any manner which would cause the Authority Debt to be Private Activity Bonds (as defined in the Code); provided, however, that this Section shall not be effective with respect to the Authority Debt, the interest on which is determined by the Authority as of the date of their issuance to be not excludable from gross income for federal income tax purposes under the Code.

Section 6.16 Construction of Lease. For all purposes this document and the transaction created hereby shall be construed as a true lease, and is not intended to create "state indebtedness" as that term is used in Section 12 of Article 9 of the Michigan Constitution of 1963. Any provisions contained herein which at any time shall be held by a court of competent jurisdiction to cause this Lease to constitute an "evidence of state indebtedness" pursuant to Section 12 of Article 9 of the Michigan Constitution of 1963, shall be deemed invalid subject to the right of the State or the Authority to timely appeal such holding. Nothing in this Lease shall be construed as requiring or obligating the Authority to issue or sell Authority Debt.

IN WITNESS WHEREOF, the STATE BUILDING AUTHORITY and the STATE OF MICHIGAN executed this Lease by its duly authorized officers the day and year first above written.

Project Description

Michigan Department of Technology, Management and Budget
State Facility Preservation Projects-Phase I and II
Group F
VanWagoner Building

This project will provide renovations to the 40 year old, four story VanWagoner State Office Building located in the Lansing Capitol Complex. Renovations include updating or replacement of the roof, windows, air handling equipment, switchgear and motor control centers. The renovations will bring these areas up to current code and will create better efficiencies.

Project Costs

Michigan Department of Technology, Management and Budget
State Facility Preservation Projects-Phase I and II

(Real Estate Secured Projects)

RESOLUTION OF THE STATE ADMINISTRATIVE BOARD DETERMINING THE RENTAL AND CONFIRMING OTHER MATTERS REGARDING THE CONVEYANCES OF PROPERTY AND THE LEASES FOR CERTAIN FACILITIES AND AUTHORIZING THE EXECUTION AND DELIVERY OF A CONTINUING DISCLOSURE AGREEMENT

A RESOLUTION of the State Administrative Board (i) approving the conveyance of the Facilities listed in Exhibit A to this Resolution (the "Facilities") to the State Building Authority (the "Authority"), (ii) confirming the authorization of the leases (the "Leases"), by and between the Authority and the State of Michigan (the "State"), or by and among the Authority, the State and the Educational Institutions listed in Exhibit A to this Resolution (the "Educational Institutions"), as applicable, for the purpose of leasing the Facilities to the State, or to the State and an Educational Institution, as applicable, (iii) determining the annual true rental for each of the Leases, (iv) confirming other matters related thereto and (v) authorizing the execution and delivery of a continuing disclosure agreement.

WHEREAS, the Authority has been incorporated under and pursuant to the provisions of Act No. 183, Public Acts of Michigan, 1964, as amended ("Act 183"), for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963 (the "State Constitution"), or any of its agencies; and

WHEREAS, the Educational Institutions have been created pursuant to Section 4, 5, 6 or 7 of Article 8 of the State Constitution; and

WHEREAS, the State and the Educational Institutions desire that the Authority acquire the Facilities and lease the same to the State, or to the State and an Educational Institution, as applicable, and the Authority is willing to acquire the Facilities and lease the same to the State, or to the State and an Educational Institution, as applicable; and

WHEREAS, the Authority, by resolutions adopted on the dates listed in Exhibit A to this Resolution, did determine, subject to the conditions set forth therein, to acquire the Facilities and lease them to the State, or to the State and an Educational Institution, as applicable; and

WHEREAS, the sites of the Facilities (the "Sites") are presently owned by the State and the Educational Institutions, and it is intended that the Sites be conveyed to the Authority by the

State and the Educational Institutions and that the Facilities be conveyed by the State and the Educational Institutions to the Authority as acquired; and

WHEREAS, Section 5 of Act 183 provides that the State and the Educational Institutions may convey property to the Authority with the prior approval of the Attorney General and the governing bodies of the Educational Institutions, respectively, and in each case, with the prior approval of the State Administrative Board and the Legislature of the State by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House; and

WHEREAS, the acquisition of the Facilities by the Authority for use by and lease to the State, or to the State and an Educational Institution, as applicable, is necessary in order for the State and the Educational Institutions to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by Constitution and law, and the use of Act 183 to accomplish such acquisition represents the most practical means to that end at the lowest cost to the State and the Educational Institutions; and

WHEREAS, the Leases have been prepared in the forms attached hereto and, where applicable, the Leases previously approved by the Prior Resolutions (as defined below) contain such changes and corrections as were authorized by the Prior Resolutions, and the form of Leases not previously approved by the Prior Resolutions are attached hereto for approval; and

WHEREAS, Section 7 of Act 183 provides that the Leases shall be approved by the State Administrative Board and by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House and if any of the Leases are for an institution of higher education existing or created pursuant to Section 4, 5, 6 or 7 of Article 8 of the State Constitution, then in addition, such Leases shall be authorized by the corresponding institutions of higher education and signed by their authorized officers; and

WHEREAS, the State Administrative Board has, where applicable, by its resolutions adopted on the dates listed in Exhibit A to this Resolution (the "Prior Resolutions"), among other things, approved the forms of the Leases, established a range of true rentals for each applicable Facility under the corresponding Lease and, subject to the satisfaction of certain conditions, authorized the execution and delivery by the Governor and the Secretary of State, on behalf of the State, of (i) deeds and bills of sale necessary to convey the Facilities and Sites not currently owned by the Educational Institutions to the Authority and (ii) each Lease; and

WHEREAS, the Legislature by Concurrent Resolutions has approved or will approve (i) the conveyance of each Facility to the Authority and (ii) each Lease; and

WHEREAS, each Educational Institution by its governing body has approved or will approve (i) the conveyance of its Facility, to the Authority and (ii) the Lease, to which it is to be a party;

NOW, THEREFORE, BE IT RESOLVED BY THE STATE ADMINISTRATIVE BOARD OF THE STATE OF MICHIGAN THAT:

1. All findings, determinations, approvals, authorizations and resolutions contained in the Prior Resolutions are ratified and confirmed as of the date of this Resolution.

2. It is hereby determined that the economic or market value to the State of each of the Facilities shall be the amounts listed in Exhibit A to this Resolution for each year of the corresponding Lease for the corresponding term as listed in Exhibit A to this Resolution, which is shorter than the period of the useful life of each Facility, such amounts being the annual true rentals determined by the State Administrative Board as certified in an appraisal made for the corresponding Facility for the State and the Authority by Integra Realty Resources-Detroit, using such commonly employed procedures as fairly determine the economic or market value of the corresponding Facility, without taking into account the right of the State or an Educational Institution, as applicable, to acquire title to the corresponding Facility without further payment upon termination of the corresponding Lease. The annual true rentals so determined are within or below the corresponding ranges of values established , as applicable, in the Prior Resolutions, as required by the Act. The State further confirms its obligations to pay rent and perform the other duties and obligations specified in each of the Leases and that such obligations do not depend upon the passage of title to the corresponding Facility to the State or an Educational Institution, as applicable, without consideration, and the State Administrative Board hereby represents that it would approve the execution and delivery of each of the Leases even if title to the corresponding Facility would not pass upon termination of the corresponding Lease.

3. The plans for the Facilities not previously approved by the Prior Resolutions are approved.

4. The conveyances to the Authority of the Sites and Facilities, as constructed and as acquired, are approved.

5. The form of the Leases not previously approved by the Prior Resolutions are approved, and the Governor and Secretary of State of the State are authorized to execute and deliver such Leases for and on behalf of the State as provided by Act 183, with such changes and corrections which are not materially adverse to the State.

6. The State Treasurer or his authorized Deputy or Bureau Director, are severally authorized to execute an agreement of the State in substantially the form on file with the Secretary of the Board with changes made by the State Treasurer or his authorized Deputy or Bureau Director as are necessary or appropriate and to execute amendments to such agreement from time to time in accordance with the terms of such agreement (the agreement and any amendments thereto are collectively, the "Continuing Disclosure Agreement") to assist in compliance with the continuing disclosure undertaking requirements of Rule 15c2-12

promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended. The State covenants that it will comply with and carry out all of the provisions of the Continuing Disclosure Agreement which are applicable to the State. Any failure of the State to comply with and carry out the provisions of this section or of the Continuing Disclosure Agreement shall not be an event of default with respect to the bonds to be issued by the Authority to finance or refinance the acquisition, construction, equipping or renovation of the Facilities.

7. This Resolution shall be immediately effective.

APPROVED AND ADOPTED:

Date: June 7, 2011

EXHIBIT A Cost of the Facility A-1

LEASE

THIS LEASE is entered into as of _____, 2011 between the STATE BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 183, Public Acts of Michigan, 1964, as amended, and the STATE OF MICHIGAN.

P R E M I S E S:

WHEREAS, the Authority was established under Act 183 for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963, or any of its agencies;

WHEREAS, the State desires that the Authority acquire the Facility which is comprised only of capital maintenance improvements, and lease the same to the State, and the Authority is willing to acquire the Facility and lease the same to the State;

WHEREAS, the Facility is being leased for the use by a State agency as determined under the Management and Budget Act;

WHEREAS, the Authority by resolution has determined, subject to the conditions set forth in such resolution, to acquire the Facility and to lease it to the State;

WHEREAS, the acquisition of the Facility by the Authority for use by and lease to the State will permit the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the Constitution and law, and the use of Act 183 to accomplish the acquisition represents the most practical means to that end at the lowest cost to the State; and

WHEREAS, the execution and delivery of this Lease has been validly authorized by the State Administrative Board of the State, by the Legislature of the State by concurrent resolution concurred in by a majority of the members elected to and serving in each house, and by the Board of Trustees of the Authority;

NOW, THEREFORE, in consideration of the premises and of the covenants and undertakings of this Lease, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1. Definitions

In addition to the words and terms elsewhere defined in this Lease, the following words and terms as used in this Lease and the preambles hereto shall have the following meanings unless the context or use indicates another or different meaning.

"Acceptance Dates" means the dates on which the State estimates that a Certificate of Acceptance or a Certificate of Partial Acceptance will be filed with respect to the Facility as set forth on Exhibit A hereto or such other dates as may be approved by the Authority.

"Acquisition Account" means the Acquisition Account established by the Trust Indenture.

"Act 183" means Act No. 183, Public Acts of Michigan, 1964, as amended, being Sections 830.411 to 830.425, inclusive, of Michigan Compiled Laws.

"Authority" means the State Building Authority created under Act 183 or any body succeeding to its rights and duties.

"Authority Debt" means the Notes and/or Bonds issued to provide funds for the Cost of the Facility.

"Authority's Address" means State Building Authority, Lewis Cass Building, 320 South Walnut, 1st Floor, Lansing, Michigan 48933.

"Bonds" means any bonds or other obligations issued by the Authority under the Resolution, which were secured in whole, or in part, by the Rental.

"Certificate of Acceptance" or "Certificate of Partial Acceptance" shall mean the certificate of the Department of Technology, Management and Budget of the State that the Facility or a portion thereof has been delivered, installed and accepted rendered pursuant to Section 2.5 hereof.

"Cost of the Facility" means (a) obligations of the State or the Authority incurred for the acquisition and installation of the Facility; (b) the cost of contract bonds and of insurance of all kinds that may be required or necessary during the Installation Period which are not otherwise provided for; (c) the expenses of the State or the Authority for appraisals, surveys, estimates and supervising installation, as well as for the performance of all other duties required for the proper installation of the Facility; (d) all other fees and costs which the State or the Authority may incur or be required to pay for the acquisition, installation and operation of the Facility; and (e) any sums required to reimburse the State and the Authority for advances made by either of them for any of the above items, or for any other costs incurred and for work done by either of them

(including overhead charges) which are properly chargeable to the Facility. Cost of the Facility only includes those items to be supplied by the Authority as set forth in Exhibit A.

"Event of Default" means any one or more of the events described in Section 5.1 hereof.

"Facility" means the capital maintenance improvements all as described in Exhibit A attached hereto and hereby made a part hereof, including any substitutions, deletions or additions thereto or replacements thereof made in accordance with the provisions of Sections 2.1 or 4.7 of this Lease but shall not include trade fixtures related to energy conservation and security enhancement, the State's own equipment or other personal property to be installed or used in connection therewith.

"Improvements to the Facility" means such additions, improvements or replacements of or to the Facility as provided by Section 4.5.

"Installation Period" means the period between the beginning of installation of the Facility or the date hereof (whichever is earlier) and the date of the Certificate of Acceptance.

"Lease" means this lease agreement between the Authority and the State, as amended or supplemented as provided in Section 6.3.

"Management and Budget Act" means Act No. 431, Public Acts of Michigan, 1984, as amended being Sections 18.1101 to 18.1549 inclusive, of the Michigan Compiled Laws.

"Notes" means the obligations issued by the Authority under the Trust Indenture to provide funds, among other purposes, to pay the Cost of the Facility.

"Rental" means the rental required to be paid to the Authority by the State pursuant to Section 3.3, which shall be not more than the "true rental" for the Facility as determined by the State Administrative Board pursuant to Act 183, the rental being not greater than the economic or market value to the State of the Facility over and above the estimated expenses of operation, maintenance and repair of the Facility, not taking into account the right of the State to acquire title to the Facility as provided in Section 6.12 upon termination of this Lease.

"Resolution" means the resolution(s) adopted by the Board of Trustees of the Authority authorizing the issuance and sale of Authority Debt. The term also includes the Trust Indenture or any master indenture, indenture and supplemental indenture, as amended from time to time, entered into by the Authority in connection with Authority Debt.

"State" means the State of Michigan. The Department of Technology, Management and Budget shall be responsible for administering the terms of this Lease on behalf of the State.

"State's Address" means State of Michigan, Department of Technology, Management and Budget, Lewis Cass Building, 2nd Floor, Box 30026, Lansing, Michigan 48909, Attention: Director.

"Trustee" means a bank having trust powers or a trust company to be designated in the Resolution of the Authority, or any successor trustee at the time serving as such under the Resolution.

"Trustee's Address" means the address of the Trustee as indicated in the Trust Indenture.

"Trust Indenture" means the trust indenture, master indenture and supplemental indenture, as amended from time to time, entered into in connection with the issuance of Authority Debt.

ARTICLE II

ACQUISITION AND ACCEPTANCE OF FACILITY

Section 2.1. Acquisition of Facility.

The Acceptance Dates and the estimated Cost of the Facility in the amount set forth in Exhibit A hereto are hereby approved by the Authority and the State in accordance with applicable law. Prior to the time that a Certificate of Acceptance is filed, the State may make any deletions from or substitutions or additions to the Facility which have not previously been accepted through the filing of a Certificate of Partial Acceptance without the prior consent of the Authority, so long as such deletions from, or substitutions or additions to the Facility do not extend the Acceptance Dates, cause the estimated Cost of the Facility to exceed the amount of the Cost of the Facility approved by this Section, materially affect the utility of the Facility, impair the usefulness or character of the Facility, or violate the requirements of any licensing authority and do not in the written opinion of an authorized officer of the State decrease the rental value of the Facility. If any such deletions from, or substitutions or additions to the Facility cause the Cost of the Facility to exceed the amount approved by this Section, materially affect the utility of the Facility, decrease the rental value of the Facility, or extend the Acceptance Dates, then and in such event, no such substitutions, deletions or additions shall be made without prior approval of the Authority. The State hereby covenants and agrees that no charges or modifications or substitutions, deletions or additions shall be made unless there shall be on deposit with the Authority adequate moneys available therefor or the State shall have deposited in the Acquisition Account adequate moneys to pay any additional costs resulting therefrom or there shall have been deposited in such Acquisition Account the net proceeds of additional bonds issued by the Authority pursuant to the Resolution, which proceeds are adequate therefor. The State shall identify in writing to the Authority any substitutions, deletions or additions to the Facility which it makes in accordance with the provisions of this Section and shall certify to the Authority in such notice that the State has complied with any applicable provisions of State law relating to the leasing of such Facility from the Authority.

The State hereby covenants to use its best efforts to complete the acquisition and installation of the Facility on or before the Acceptance Dates, at a cost not in excess of the amount approved by this Section as that amount may be increased as provided in this Section.

Section 2.2. Sale and Conveyance of Facility to Authority.

The State shall cause to be conveyed and the Authority shall acquire the Facility, free, clear and discharged of all liens, charges and encumbrances. The manner of payment for the Cost of the Facility shall be as provided in Section 2.3.

Prior to and effective upon delivery of the Authority Debt the State shall execute and deliver to the Authority a bill of sale conveying and vesting in the Authority those portions of the Facility which have at that time been acquired and installed, and conveying and vesting in the Authority title to those portions of the Facility to be acquired and installed and put in place by the State subsequent to the sale and delivery of the Authority Debt as the same are acquired and installed and put in place. Final and partial acquisition of the Facility by the Authority shall be evidenced by the Certificate of Acceptance or the Certificate of Partial Acceptance referred to in Section 2.5

Contemporaneously with the delivery of this Lease, the Authority shall, pursuant to the Resolution, assign its rights in, and pledge any moneys receivable under this Lease other than indemnity and certain of the insurance payments to be paid to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease, if any, to the Trustee as security for the payment of certain obligations of the Authority. The State hereby consents to such assignment. The Authority shall reserve the right to enforce in its own name and for its own benefit, certain of the obligations of the State to the Authority under Sections 4.2, 4.3 and 4.5 of this Lease.

From time to time during the Installation Period the State will execute and deliver to the Authority such bills of sale or other instruments of transfer as may be necessary to vest title to the Facility in the Authority.

Notwithstanding any other provisions set forth in this Lease as to the acquisition of the Facility, the State hereby acknowledges and consents that the Facility, as described in Exhibit A attached hereto, may be acquired directly by the Authority from sources other than the State.

Section 2.3. Price and Manner of Payment by Authority for Facility.

The Authority shall pay to the State, as the purchase price for the Facility the amount paid or incurred by the State for the Cost of the Facility, but the total amount paid by the Authority for the Facility shall not exceed the amount approved by Section 2.1. The purchase price for the Facility shall be paid on behalf of the Authority by the Trustee to the State from time to time from moneys in the Acquisition Account upon presentation of the requisition certificates (which shall constitute covenants of the State to the Authority and the Trustee).

Section 2.4. Disbursements From Acquisition Account.

The Authority in the Resolution has authorized the Trustee to make payments from the Acquisition Account to pay the Cost of the Facility subject to this Lease, upon receipt of a requisition certificate signed by an authorized official of the State and approved by the Authority stating with respect to each payment to be made: (i) the requisition certificate number, (ii) the

name and address of the person, firm or corporation to whom payment is due, (iii) a description of the Cost of the Facility covered by such requisition certificate and a statement that the payment is being made for a cost or expense properly chargeable to the Acquisition Account, (iv) the amount to be paid, (v) that each obligation mentioned therein is a proper charge against the Acquisition Account, and has not been the basis of any previous payment, (vi) that the cost to the State of the portion of the Facility covered by the requisition certificate is not less than the amount to be paid to the State thereunder, (vii) that all bills of sale necessary to vest title to the portion of the Facility covered by the requisition certificate in the Authority have been executed and delivered or assigned by the State to the Authority, (viii) that State is in default under this Lease and that nothing has occurred to the knowledge of the State which prevents the performance of the State's obligations under this Lease, and (ix) that after the payment of such requisition the amount on deposit in the Acquisition Account together with other moneys to be available, including anticipated proceeds, if any, from the issuance of additional Authority Debt, will be sufficient to acquire and install the Facility by the Acceptance Date.

The State shall also provide the Authority, and the Trustee with an itemization of the Cost of the Facility in sufficient detail to evidence incurring of such cost for the payment of which application has been or is then being made. The State shall permit the Authority, and the Trustee, upon request, to inspect the records of the State relating to the Cost of the Facility.

Section 2.5. Certificate of Acceptance and Certificate of Partial Acceptance.

The final Acceptance Date for the Facility and the payment of the entire Cost of the Facility shall be evidenced to the Trustee, the Authority and the State by the Certificate of Acceptance signed by the State Department of Technology, Management and Budget to the effect that, except for any Cost of the Facility not then due and payable, or the liability for payment of which is being contested or disputed by the State, the acquisition and installation of all of the Facility has been completed and accepted by the State and all Cost of the Facility has been paid. Notwithstanding the foregoing, such certificate shall state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Upon filing of the Certificate of Acceptance, the State shall have use of the entire Facility.

If a portion of the Facility is acquired and installed and accepted by the State prior to the Acceptance Date for all of the Facility such partial acceptance shall be evidenced to the Trustee, the Authority and the State by the Certificate of Partial Acceptance filed by the State Department of Technology, Management and Budget setting forth that the portion of the Facility indicated has been acquired, installed and accepted by the State. If different portions of the Facility from time to time are acquired, installed and accepted by the State, the State Department of Technology, Management and Budget may execute and deliver from time to time several Certificates of Partial Acceptance conforming to the requirements herein set forth. Upon filing the Certificate of Partial Acceptance, the State shall be deemed to have the beneficial use of the portion of the Facility described in such certificate.

Section 2.6. Contracts.

The State has entered into contracts for the acquisition of the Facility, executed copies of which are on file with the Authority. The State represents and warrants that the Facility can be acquired and installed within the amount of funds available therefor and that the Facility consists only of capital maintenance improvements which satisfy the requirements imposed by Act 183. The State shall furnish the Authority and the Trustee, at the time of delivery of the Authority Debt with an estimated monthly cash flow schedule for the payment of the Cost of the Facility.

Except as expressly permitted by this Lease, the State shall not agree or consent to any amendments to any of the contracts, whether by change order or otherwise, or take any action or fail to take any action which increases the Cost of the Facility or materially affect the utility of the Facility, or extends any Acceptance Date unless it shall have first obtained the prior written approval of the Authority thereto.

Section 2.7. Abandonment of Acquisition and Installation.

If the State at any time abandons the acquisition or installation of the Facility or fails to resume the acquisition or installation of the Facility within 10 days after written notice from the Authority or the Trustee to the State stating that such abandonment has begun (except where such abandonment is caused by causes beyond the State's reasonable control, including, but not limited to labor disputes, fire, unusual delay in transportation or unavoidable casualties) and requesting the acquisition and installation of the Facility be resumed, or make changes in the Facility without first securing written approval when required by Sections 2.1 and 2.6 hereof, or if the Authority determines the State is not using its best efforts to complete the acquisition and installation of the Facility on or before the Acceptance Dates, and at a cost within the amount of funds available in the Acquisition Account therefore, then, after consultation with the State, the Authority may take possession of the Facility and perform or cause to be performed any and all work and labor necessary to complete the acquisition and installation of the Facility substantially according to the provisions of this Lease and may proceed in so doing with the Trustee or an assignee. For this purpose, the State hereby constitutes and appoints the Authority or its assignee its true and lawful attorney-in-fact, with full power of substitution in the premises, to complete or cause to be completed the acquisition and installation of the Facility in the name of the State, which power shall include, but not be limited to the following:

(a) to use any available funds in the Acquisition Account which may remain unadvanced for the purpose of completing the acquisition and installation of the Facility in the manner called for by this Lease;

(b) to employ such contractors, subcontractors, agents and inspectors as shall be required for such purpose;

(c) to pay, settle or compromise all existing bills and claims which may be liens against the Facility, or as may be necessary or desirable for the completion of the acquisition or installation of the Facility;

(d) to execute all applications and certificates in the name of the State which may be required by this Lease or any contract for the acquisition or installation of the Facility;

(e) to prosecute and defend in the name of the State all actions or proceedings in connection with the acquisition or installation of the Facility; and

(f) to take any and all actions as the Authority shall deem necessary or desirable, in the exercise of its sole discretion, to complete the acquisition or installation of the Facility in the manner contemplated by this Lease.

The foregoing rights and remedies shall be supplemental to, and shall not preclude the exercise by the Authority or the Trustee of any rights or remedies otherwise provided by law.

ARTICLE III

LEASE OF FACILITY

Section 3.1. Term of This Lease.

The term of this Lease shall commence on the date of its execution and shall continue for the period, not to exceed twenty (20) years, unless sooner terminated as herein provided.

Section 3.2. Lease of Facility.

In consideration of the Rental and other terms of this Lease, the Authority leases the Facility to the State and the State leases the Facility from the Authority for the term of this Lease.

Section 3.3. Rental.

The State shall pay to the Authority for the use of the Facility during the term of this Lease, Rental in the annual amount of $2,374,000 payable monthly in equal amounts (except as hereinafter provided) on or before the first day of each month prior to the termination of this Lease.

When a Certificate of Acceptance is filed, the full Rental shall commence on the first day of the first month following the date of the filing of the Certificate of Acceptance, but not earlier than the dated date of this Lease.

When a Certificate of Partial Acceptance is filed and until a Certificate of Acceptance is filed, the State shall pay to the Authority for the use of a portion of the Facility monthly in equal amounts (except as hereinafter provided) a portion of the full Rental described above. The partial rental amount shall be computed by adding the individual rental amounts, as set forth in Exhibit A hereto, for the Facility described in all Certificates of Partial Acceptance then filed.

The first monthly Rental payment or partial Rental payment in each case shall be paid on the last day of the month in which the Certificate of Acceptance or the Certificate of Partial Acceptance, as the case may be, is filed and shall be in an amount equal to the sum of the monthly Rental for the Facility for which a Certificate of Acceptance or a Certificate of Partial Acceptance has been delivered as set forth in Exhibit A divided by 30 and multiplied by the number of days between the date of filing the Certificate of Acceptance or the Certificate of Partial Acceptance in each case and the date on which the next Rental payment or partial Rental payment is due.

If for any reason other than because of any act or omission of the State, or any of its agents or employees (whether negligent or otherwise) the Facility has been permanently damaged or destroyed making such Facility not available for use by the State, no Rental, or partial Rental only, shall be paid for such period and the Rental payments shall be adjusted accordingly by the mutual agreement of the parties hereto; provided, however, that if the Facility is totally or partially destroyed, the provisions of Section 4.4 hereof shall apply in lieu of the provision of this paragraph. The State will remain obligated to pay Rental with respect to the Facility for which a Certificate of Acceptance or a Certificate of Partial Acceptance has been filed notwithstanding the fact that certain portions of the Facility are not available for use by the State.

The Governor of the State shall, consistent with Act 183, include in the annual executive budget of the State for each year during the term of this Lease an amount sufficient to pay the Rental required to be paid in such year by the State, to the Authority or its assignee. The State is hereby contractually obligated to provide each year adequate appropriations in order to pay the Rental when due, the Rental being an ordinary annual expense and contract obligation of the State. This provision shall not be deemed a waiver of the State's governmental immunity or its right to invoke or waive governmental immunity.

ARTICLE IV

OPERATION, MAINTENANCE AND INSURANCE OF FACILITY

Section 4.1. Operation of Facility.

During the term of this Lease, the State agrees to use the Facility for a lawful governmental purpose.

The State shall pay all costs and expenses incurred in the operation of the Facility, or arising in connection therewith, including, but not limited to all governmental charges or taxes (or payments in lieu of taxes), if any, levied on the Facility or the operation thereof, and all charges for utility services supplied to, or used in the operation of, the Facility and all charges for insurance required by this Lease. Insofar as it may be lawfully done, the Authority shall be free from all costs, expenses and obligations of operation and maintenance of the Facility, except as otherwise expressly provided herein, and free from all taxes, assessments and other governmental charges, and that this Lease shall be a "net lease," and the State shall pay the Rental throughout the term of this Lease.

Section 4.2. Maintenance and Repair of the Facility.

The State shall not cause or permit any waste, damage or injury to the Facility. During the term of this Lease, the State shall, at its own expense, keep the Facility in good condition and repair (reasonable wear and tear and damage by act of God, fire, or other causes beyond the control of the State excepted). The State shall indemnify the Authority, its members, officers, agents or employees, against all costs, liabilities, losses, damages, suits, fines, penalties, claims and demands, including reasonable counsel fees, arising out of the State's failure to comply with the foregoing covenant to the extent permitted by law.

Section 4.3. Insurance.

From the date hereof, the State shall, at its own expense, keep the Facility insured against all of the following provided that the State shall not be required to carry a particular type of insurance as set forth during any time period that such insurance is not available in the insurance market of the United States:

(a) "All Risk" building insurance, including extended coverage, vandalism and malicious mischief, and sprinkler damage in an amount equal to 100% of the full replacement cost of the Facility with a deductible not to exceed $50,000.

(b) Loss or damage from explosion of steam boilers, pressure vessels or similar apparatus, now or hereafter installed in the Facility, in an amount customary to be carried in buildings of character and purpose similar to the Facility with a deductible not to exceed $50,000.

(c) Loss of rental, under a rental value insurance policy, resulting from any of the hazards described in subparagraphs (a) and (b) in an amount not less than 300% of the then full annual Rental fixed by this Lease, including all Rental agreed to be paid by the State hereunder, or, in the event of reconstruction of all or any portion of the Facility pursuant to Section 4.4, such greater or lesser amount as shall be necessary to assure Rental payments during the reconstruction period.

(d) Commercial General Liability for combined property damage and bodily injury with limits of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate per location with a deductible not to exceed $50,000 per occurrence.

Except as hereinafter provided, all insurance policies required hereby shall be issued by insurers fully qualified under the laws of the State to provide that form of insurance in the State. Each policy issued for this Facility shall include as named insureds or additional insureds and loss payees, the Authority and its trustees, officers, agents and employees, the State and its officers, agents or employees, and the Trustee as their interests may appear. Inclusion of trustees, officers, agents and employees of the Authority as insured parties is not intended to and shall not constitute a consent to or an agreement that such trustees, officers, agents and employees shall in any way be liable for any matters arising out of the acquisition, leasing,

ownership or financing of the Facility and such inclusion shall not constitute a waiver of immunity of such trustees, officers, agents and employees from any such liability. All casualty loss proceeds shall be payable to the Authority, and used as provided in Section 4.4 hereof or in the Resolution. All rental insurance proceeds shall be payable to the Authority and applied as provided in the Resolution. All liability insurance proceeds shall be payable to the Authority, its officers, agents and employees, the State and the Trustee, as their interests appear. All policies shall contain a provision that they may not be canceled or non-renewed or substantially reduced as to coverage without thirty days' prior written notice to the Authority, the Trustee and the State. The policies of insurance described in the above subparagraphs (a), (b) and (d) may contain additional deductible and coinsurance features, but only if the State has set aside in a separate fund an amount sufficient to pay the amount required under any such additional coinsurance or deductible feature in the full amount or has otherwise provided for the payment of such amounts in a manner satisfactory to the Authority. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied through blanket insurance policies covering other properties of the State; provided that such blanket insurance will provide the full coverage required herein for the Facility and at the same time provide full coverage for all other buildings and facilities covered by such blanket insurance policies unless such blanket insurance policy or policies provide for full coverage of the Facility prior to any coverage of the other properties of the State. The insurance required by this Lease in the amounts, with the coverage and other features herein required, may be supplied by a fully funded self-insurance program of the State or a self insurance pool in which the State is a participant; provided that such self-insurance program or pool will provide the full coverage required herein for the Facility. The State shall supply evidence of the acquisition and maintenance of the insurance and other funding in lieu thereof, if any, required by this Lease by filing copies of the insurance policies or certificates evidencing such insurance on Acord Form 25-S or other form acceptable to the Authority or other funding satisfactory to the Authority and the Trustee.

Upon the filing of a Certificate of Acceptance or a Certificate of Partial Acceptance and annually thereafter on January 1st of each year the State will file with the Authority a certificate signed by an authorized officer which shall state that the insurance required by this Section 4.3 is in full force and effect.

In the event the State fails to maintain the insurance as required herein, the Authority or the Trustee may secure such insurance. The State agrees to reimburse the Authority or the Trustee for the cost of any such insurance.

The Authority hereby waives any claim of liability against the State, and its officers, agents or employees, for any loss or damage to the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the State or its officers, agents or employees, to the extent that the amount of such loss or damage is covered by such insurance and in fact recovered by the Authority. The State hereby waives any claim of liability against the Authority or its trustees, officers, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by the State in and about the Facility or any activities with respect thereto, whether or not such loss or damage may have been caused by or resulted from the negligence of the

Authority, its officers, agents or employees, to the extent that the amount of such loss or damage is covered by insurance and in fact recovered. To the extent obtainable, any insurance policy carried by the State or the Authority under this Lease or with respect to the Facility or any part thereof shall contain a provision that any right of subrogation which the insurance company may have against either the State or its officers, agents or employees, or the Authority or its officers, trustees, agents or employees, is waived.

Section 4.4. Destruction of Facility.

In the event of total or partial destruction of the Facility during the term of this Lease:

(a) If such total or partial destruction occurs as a result of any act or omission on the part of the State or any of its agents or employees (whether negligent or otherwise), the State in the case of its act or omission shall, at its sole expense, replace or repair the Facility to the reasonable satisfaction of the Authority, and this Lease shall remain in effect and no reduction or abatement of the Rental shall be permitted the State shall be entitled to receive all insurance payments.

(b) If the total or partial destruction of the Facility occurs for causes not described in clause (a) of this Section 4.4, and the Authority demonstrates within 180 days from the occurrence of such partial or total destruction to the reasonable satisfaction of the State that it has sufficient funds (from insurance proceeds or other sources including payments by the State) available to repair or replace the Facility within the period for which the rental value insurance described in Section 4.3(c) is actually then in force, the State may repair or replace the Facility if the estimated "true rental" after such repair or replacement determined in the same manner that "true rental" was determined in the original instance shall not be less than the Rental prior to such destruction and if it is estimated that through the insurance described in Section 4.3(c), together with any other funds legally available therefor, there will be sufficient moneys available to the Authority during any period that the Rental may be suspended or reduced because of such destruction to fully offset the amount of the loss of Rental and to pay the principal and interest requirements on outstanding Authority Debt and any other obligations of the Authority secured by the Rental coming due. If the Facility is to be repaired or replaced the Authority shall pay to the State the cost of repair or replacement of the Facility in the amount incurred by the State for the repair or replacement of the Facility, and this Lease shall remain in effect, but the Rental shall be equitably adjusted by the mutual agreement of the parties according to the extent and time of the loss of the use of the Facility by the State.

(c) If the Authority does not or cannot so demonstrate availability of funds to repair or replace the Facility, then this Lease may be terminated by either the State or the Authority upon thirty days' written notice to the other parties, and all Rental of the State shall cease from the date of such termination, in which event all insurance proceeds shall be applied as provided in the Resolution. If the Facility is partially destroyed, but the remaining Facility is usable by the State, then the Rental shall be reduced, if necessary, to reflect the "true rental" of the remaining Facility, the annual amounts of such "true rental" of the remaining Facility to be determined in the same manner that "true rental" was determined in the original instance.

(d) Insurance proceeds shall be paid to the Authority and used as provided in Section 4.4(b), for the repair or replacement of the Facility by the State. If the Facility is not repaired or replaced, or if the cost of repair or replacement does not exhaust the amount of insurance proceeds received, the balance of the proceeds shall be applied as provided in the Resolution. In the event surplus funds remain after application of insurance proceeds as provided in the Resolution, then such surplus shall be paid to the State to be credited to its General Fund.

(e) If the Facility is to be replaced by a new facility which is substantially dissimilar in use from the original Facility, then the Facility shall not be replaced unless the leasing of the replacement Facility is approved by the Authority and the State (State approval shall be evidenced by the approval of the State Administrative Board and by a concurrent resolution of the legislature concurred in by a majority of the members elected to and serving in each house).

Section 4.5. Improvements to the Facility.

The State may make any Improvements to the Facility as it deems necessary or desirable, provided that (a) all Improvements to the Facility constituting personal property (other than trade fixtures related to energy conservation and security enhancement) shall become the personal property of the Authority and subject to this Lease immediately upon the placement thereof in the Facility, and (b) the State shall indemnify the Authority and its trustees, officers, agents and employees, from any and all losses, damages, liabilities or claims arising from or in connection with the making of such Improvements to the Facility by the State to the extent permitted by law.

At the request of the State, the Authority may, but shall not be required to, acquire Improvements to the Facility. In such event, this Lease shall be supplemented to increase the annual amounts of Rental payable hereunder so long as such amounts do not exceed the "true rental" value of the Facility after acquisition of the Improvements to the Facility as determined and approved pursuant to Sections 1(e) and 7 of Act 183.

Section 4.6. Limitation on Warranties.

The State acknowledges and agrees that the Facility is of a size, design, and capacity selected by the State, that the Authority is neither a manufacturer nor a vendor of the Facility, and that the AUTHORITY HAS NOT MADE, AND DOES NOT HEREBY MAKE ANY REPRESENTATION, WARRANTY, OR COVENANT, EXPRESS OR IMPLIED, WITH RESPECT TO THE MERCHANTABILITY, CONDITION, QUALITY, DURABILITY, DESIGN, OPERATION, FITNESS FOR USE, OR SUITABILITY OF THE FACILITY IN ANY RESPECT WHATSOEVER OR IN CONNECTION WITH OR FOR THE PURPOSES AND USES OF THE STATE, OR ANY OTHER REPRESENTATION, WARRANTY OR COVENANT OF ANY KIND OR CHARACTER, EXPRESS OR IMPLIED, WITH RESPECT THERETO, AND THE AUTHORITY SHALL NOT BE OBLIGATED OR LIABLE FOR ACTUAL, INCIDENTAL, CONSEQUENTIAL, OR OTHER DAMAGES OF OR TO THE STATE OR ANY OTHER PERSON OR ENTITY ARISING OUT OF OR IN CONNECTION

WITH THE USE OR PERFORMANCE OF THE FACILITY AND THE MAINTENANCE THEREOF.

The Authority hereby assigns to the State, to the extent permitted and so long as no Event of Default has occurred and is continuing all of its right and interest in warranties, if any, expressed or implied with respect to the Facility, and the Authority authorizes the State to obtain the customary services furnished in connection with such warranties at the State's expense, subject, however, to a reservation by the Authority of a right to independently enforce such warranties and guaranties.

Section 4.7. Replacement of Facility.

After a Certificate of Acceptance or a Certificate of Partial Acceptance has been filed the State with the prior approval of the Authority may replace the capital maintenance improvements of the Facility referred to in such Certificate of Acceptance or Certification of Partial Acceptance provided that:

(a) the replacement capital maintenance improvements so substituted shall be free and clear of any liens and security interests and shall not otherwise be encumbered;

(b) the replacement capital maintenance improvements shall have a useful life at least equal to the remaining lease term for the Facility being replaced;

(c) the rental to be paid with respect to such replacement capital maintenance improvements, determined in accordance with the provisions of Act 183, shall not be less than the Rental for the Facility being replaced and must be payment for a term at least equal to the lease term remaining for the Facility being replaced;

(d) the State certifies to the Authority that the State has complied with any applicable provisions of State law relating to the leasing of such replacement capital maintenance improvements from the Authority; and

(e) the State identifies in writing to the Authority the replacement capital maintenance improvements and executes such documents as the Authority may require to vest title to the replacement capital maintenance improvements in the Authority.

If the conditions set forth above have been satisfied, the Facility being replaced shall no longer be subject to the provisions of this Lease and the Authority shall execute such documents as may be necessary to release such Facility from this Lease and vest title to such Facility in the State or in such other person as the State shall direct.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

Section 5.1. Events of Default.

The term "Events of Default" shall mean, whenever used in this Lease, any one or more of the following events:

(a) Failure to pay the Rentals required to be paid under Section 3.3 at the times specified therein.

(b) Failure by the State to observe and perform any of its respective covenants, or obligations in this Lease for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied, given to the State by the Authority or the Trustee; provided, however, that if such Default shall be such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the State within such period and diligently pursued until the Default is corrected.

The term "Default" shall mean Default by the State in the performance or observance of any of its covenants or obligations in this Lease, exclusive of any period of grace required to constitute an Event of Default.

Section 5.2. Remedies.

Upon the occurrence of an Event of Default, the Authority or its assignees, and the Trustee shall be entitled to use and exercise any and all remedies provided by law to correct such Default, including, but not limited to, the remedies provided in Act 183.

ARTICLE VI

MISCELLANEOUS

Section 6.1. Assignment of Lease.

The State (with the consent of the Authority) may at any time make any assignment of its interest under this Lease for a use not prohibited by Act 183, provided, however, that (a) the State shall remain liable for all Rental and other obligations of the State under this Lease, and (b) no assignment shall be made which would cause the interest on Authority Debt to become included in gross income for federal or State income tax purposes.

Section 6.2. Entry.

The Authority, through its officers, agents, or employees, shall have the right at reasonable times of inspecting the Facility to determine compliance with this Lease.

Section 6.3. Amendment to Lease.

No amendment to this Lease shall be effective unless the amendment is in writing and is executed by the duly authorized officers of the Authority and the State and all requirements of Act 183 are satisfied.

Section 6.4. Personal Liability.

The covenants and obligations made, assumed by or imposed upon the State or the Authority in this Lease are those of the State, the Authority and not of any agent, officer or employee of the State or any trustee, agent, officer, or employee of the Authority in his or her individual capacity and no recourse shall be had for the payment of the Rental or any other moneys required to be paid by this Lease or for the performance of any other obligation required of the State or the Authority under this Lease against any agent, officer or employee of the State or any trustee, agent, officer or employee of the Authority or any person executing or attesting to this Lease or the Resolution.

Section 6.5. Notices.

All notices, certificates or other communications under this Lease shall be sufficiently given when mailed by registered or certified mail, postage prepaid, return receipt requested, addressed to the Authority, the State or the Trustee, as the case may be, at the Authority's Address, the State's Address or the Trustee's Address, respectively. A duplicate copy of each such notice, certificate or other communication given hereunder to the Authority, the State or the Trustee shall also be given to the others.

The Authority, the State and the Trustee may by written notice designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Section 6.6. Entire Agreement.

This Lease contains all agreements between the parties with respect to the Facility, and there are no other representations, warranties, promises, agreements or understandings, oral, written or inferred, between the parties, unless reference is made thereto herein.

Section 6.7. Severability.

If any clause, provision or section of this Lease shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

Section 6.8. Execution in Counterparts.

This Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

Section 6.9. Captions.

The captions or headings in this Lease are for convenience only and in no way define, limit the scope or intent of any provision of this Lease.

Section 6.10. Applicable Law.

This Lease shall be governed in all respects, whether as to validity, construction, performance or otherwise, by the laws of the State.

Section 6.11. Quiet Enjoyment.

The Authority covenants that the State, upon compliance with the terms of this Lease, shall peacefully and quietly have and hold and enjoy the Facility for the term herein provided, subject to any and all rights of the Authority or its assignees under this Lease.

Section 6.12. Title.

After Authority Debt and any additional Authority Debt authorized as provided in the Resolution and any and all other obligations of the Authority which pledge for their payment the Rental, are paid in full or provision for the payment thereof is made as provided in the Resolution or proceedings authorizing any such other obligations of the Authority, and upon request by the State, the Authority shall convey title of the Facility to the State for consideration of $1.00 and the State's assumption of all monetary obligations and legal responsibilities for the operation and maintenance of the Facility. The Authority and the State hereby specifically agree that the obligations of the State to pay the Rental and perform the other duties and obligations of each specified in this Lease do not depend upon the conveyance of the title to the Facility to the State as herein provided and each warrants and represents that this Lease would be executed and delivered by each of them even if title would not pass, it being understood that the passage of title is merely incidental to this Lease and that the Rental is not greater than the economic or market value to the State for the use of the Facility over and above estimated expenses of operation, maintenance and repair of the Facility, not taking into account passage of title to the Facility as provided in this Section.

Section 6.13. Binding Effect.

This Lease shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

Section 6.14. Declaration of Governmental Function.

The Authority and the State, in accordance with Act 183, hereby specifically declare the acquisition of the Facility is intended to serve an essential governmental function and nothing herein is to be construed to conclude a contrary intent.

Section 6.15. Tax Covenant.

The State covenants and agrees that to the extent permitted by law, it shall each take all actions within its control and that it shall not fail to take any action as may be necessary to provide for and maintain the exclusion of the interest on the Authority Debt from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and that it shall not use the Facility in any manner which would cause the Authority Debt to be Private Activity Bonds (as defined in the Code); provided, however, that this Section shall not be effective with respect to the Authority Debt, the interest on which is determined by the Authority as of the date of their issuance to be not excludable from gross income for federal income tax purposes under the Code.

Section 6.16. Construction of Lease.

For all purposes this document and the transaction created hereby shall be construed as a true lease, and is not intended to create "state indebtedness" as that term is used in Section 12 of Article 9 of the Michigan Constitution of 1963. Any provisions contained herein which at any time shall be held by a court of competent jurisdiction to cause this Lease to constitute an "evidence of state indebtedness" pursuant to Section 12 of Article 9 of the Michigan Constitution of 1963, shall be deemed invalid subject to the right of the State or the Authority to timely appeal such holding. Nothing in this Lease shall be construed as requiring or obligating the Authority to issue or sell Authority Debt.

IN WITNESS WHEREOF, the STATE BUILDING AUTHORITY and the STATE OF MICHIGAN, have executed this Lease by its duly authorized officers the day and year first above written.

RESOLUTION OF THE STATE ADMINISTRATIVE BOARD DETERMINING THE RENTAL AND CONFIRMING OTHER MATTERS REGARDING THE LEASES FOR CERTAIN FACILITIES AND AUTHORIZING THE EXECUTION AND DELIVERY OF A CONTINUING DISCLOSURE AGREEMENT

A RESOLUTION of the State Administrative Board (i) approving the forms and confirming the authorization of the leases (the "Leases"), by and between the Authority and the State of Michigan (the "State") for the purpose of leasing the Facilities listed in Exhibit A to this Resolution (the "Facilities") to the State, (ii) determining the annual true rental for each Lease, (iii) confirming other matters related thereto and (iv) authorizing the execution and delivery of a continuing disclosure agreement.

WHEREAS, the Authority has been incorporated under and pursuant to the provisions of Act No. 183, Public Acts of Michigan, 1964, as amended ("Act 183"), for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, enlarging, operating, mortgaging and maintaining buildings, necessary parking structures or lots and facilities, and sites therefor, for the use of the State, including institutions of higher education created pursuant to Section 4, 5, 6 or 7 of Article 8 of the Michigan Constitution of 1963 (the "State Constitution"), or any of its agencies; and

WHEREAS, the State desires that the Authority acquire and install the Facilities and lease the same to the State, and the Authority is willing to acquire and install the Facilities and lease the same to the State; and

WHEREAS, the Facilities will be acquired and installed by the State; and

WHEREAS, the Authority will acquire the Facilities as identified in Exhibit A to each Lease from the State, through a bill of sale and plans to lease that property to the State; and

WHEREAS, the acquisition and installation of the Facilities by the Authority for lease to the State, is necessary in order for the State to carry out necessary governmental functions and to provide necessary services to the people of the State as mandated or permitted by the State Constitution and law, and the use of Act 183 to accomplish such acquisition represents the most practical means to that end at the lowest cost to the State; and

WHEREAS, the Authority, by resolutions adopted on the dates listed in Exhibit A to this Resolution, did determine, subject to the conditions set forth therein, to acquire the Facilities and lease them to the State; and

WHEREAS, the Leases have been prepared in the form attached hereto, and, as applicable, were previously approved by the Prior Resolutions (as defined below) with such changes and corrections as were authorized by the Prior Resolutions; and

WHEREAS, Section 7 of Act 183 provides that the Leases shall be approved by the State Administrative Board and by concurrent resolution of the Legislature concurred in by a majority of the members elected to and serving in each House; and

WHEREAS, the State Administrative Board has, as applicable, by its resolutions adopted on the dates listed in Exhibit A to this Resolution (the "Prior Resolutions"), among other things, approved the form of the Leases, established a range of true rental for each Facility under the corresponding Lease and, subject to the satisfaction of certain conditions, authorized the execution and delivery by the Governor and the Secretary of State, on behalf of the State, of the Leases; and

WHEREAS, the Legislature by Concurrent Resolution has approved (i) the acquisition and installation of the Facilities to the Authority and (ii) the Leases; and

NOW, THEREFORE, BE IT RESOLVED BY THE STATE ADMINISTRATIVE BOARD OF THE STATE OF MICHIGAN THAT:

1. The plans for the Facilities not previously approved by the Prior Resolutions as filed with the State, are approved.

2. The form of the Leases not previously approved by the Prior Resolutions are approved and the Governor and Secretary of State of the State are authorized to execute and deliver such Leases for and on behalf of the State as provided by Act 183, with such changes and corrections which are not materially adverse to the State.

3. All findings, determinations, approvals, authorizations and resolutions contained in the Prior Resolutions are ratified and confirmed as of the date of this Resolution.

4. The description of the Facilities to be leased as set forth in Exhibit A to each Lease is hereby approved.

5. It is hereby determined that the economic or market value to the State of the Facilities shall be the amount listed in Exhibit A to this Resolution for each year of the corresponding Lease for a term of 20 years, which is shorter than the period of the useful life of the corresponding Facility, such amount being the annual true rental determined by the State Administrative Board as certified in an appraisal made for the corresponding Facility for the State and the Authority by Integra Realty Resources - Detroit, using such commonly employed procedures as fairly determine the economic or market value of the corresponding Facility, without taking into account the right of the State, to acquire title to the corresponding Facility without further payment upon termination of the corresponding Lease. The annual true rentals so

determined are within or below the corresponding range of values established in the Prior Resolutions, as applicable, as required by the Act. The State further confirms its obligations to pay rent and perform the other duties and obligations specified in each of the Leases and that such obligations do not depend upon the passage of title to the corresponding Facility to the State without consideration, and the State Administrative Board hereby represents that it would approve the execution and delivery of each of the Leases even if title to the corresponding Facility would not pass upon termination of the corresponding Lease.

6. The State Treasurer or his authorized Deputy or Bureau Director, are severally authorized to execute an agreement of the State in substantially the form on file with the Secretary of the Board with changes made by the State Treasurer or his authorized Deputy or Bureau Director as are necessary or appropriate and to execute amendments to such agreement from time to time in accordance with the terms of such agreement (the agreement and any amendments thereto are collectively, the "Continuing Disclosure Agreement") to assist in compliance with the continuing disclosure undertaking requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended. The State covenants that it will comply with and carry out all of the provisions of the Continuing Disclosure Agreement which are applicable to the State. Any failure of the State to comply with and carry out the provisions of this section or of the Continuing Disclosure Agreement shall not be an event of default with respect to the bonds to be issued by the Authority to finance or refinance the acquisition, construction, equipping or renovation of the Facility.

7. This Resolution shall be immediately effective.

APPROVED AND ADOPTED:

Date: June 7, 2011

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

October 23, 2012 / October 30, 2012
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF PROFESSIONAL SERVICES CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, FLINT – Flint State Office Building – Interior Renovations Floors 2 - 7
   File No. 071/12354.JAN - Index No. 53322 - Contract No. Y 13009
   Recommended Responsive Proposal: Wigen Tincknell Meyer & Associates, Saginaw; $448,480.00

Description and Justification
The purpose of this contract is to provide professional design and construction administration services to obtain contract documents to renovate floors 2 through 7. The existing interior building systems are over 30 years old, do not meet current building codes and are in need of updating.
Funding Source
100% State Building Authority Funds

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, COMINS TWP – Don's Marathon Site – Remedial Investigation
   File No. 761/10124.SAR - Index No. 44351 - Contract No. Y10100
   The Mannik & Smith Group, Inc., Canton; Modification No. 2, Increase $71,892.63
   ISID No. 00285 - Assignment No. 6

Description and Justification
The purpose of this modification is to provide quarterly sampling and operation and maintenance oversight of the interim air sparging/soil vapor extraction (AS/SVE) system for eighteen months. The original assignment and subsequent modification were to conduct remedial investigation support services including quarterly groundwater sampling, conducting AS/SVE pilot study, verification sampling and evaluation. Based on the results of the investigation, it was recommended that operation of the AS/SVE system and quarterly monitoring continue. The monitoring of the site is needed to protect public health, safety and welfare of the environment.
Funding Source
100% Refined Petroleum Funds

Base Contract	$58,194.10	Provide environmental investigation services including soil borings and monitoring wells to delineate the extent of soil and groundwater contamination. Approved Director's Agenda 02/05/10
Modification No. 1	$206,485.63	Provide professional architectural and/ or engineering services for additional remedial investigation support services, including quarterly groundwater sampling, conducting an air sparging/soil vapor extraction (AS/SVE) pilot study, verification sampling, and evaluation. Approved State Ad Bd Agenda 02/15/11
Modification No. 2	$71,892.63	See justification above
Total Contract	**$336,572.36**	

3. DEPARTMENT OF ENVIRONMENTAL QUALITY, EAST JORDAN – Arnold's Bait and Tackle Site – Remedial Investigation
   File No. 761/11338.BDH - Index No. 44351 - Contract No. Y11268
   Global Remediation Technologies, Inc., Traverse City; Modification No. 1, Increase $131,074.79
   ISID No. 00282 - Assignment No. 5

Description and Justification
The purpose of this modification is to provide utility corridor investigation, preparation of specifications and bid documents for soil excavation and construction oversight services. The original assignment was to identify and abate any acute risks, delineate the nature and extent of contamination and identify the most effective remediation technology. Based on the results of the investigation, it was recommended that further investigation be conducted to address the utility corridor and vapor intrusion and implement a limited excavation of on-site soils to remediate gross contamination. The investigation/cleanup of the site is needed to protect public health, safety and welfare of the environment.

Funding Source
100% Refined Petroleum Funds

Base Contract	$62,180.67	Provide an environmental assessment at this former gasoline retailer. The scope of work includes determining the extent and magnitude of the contamination, and defining any acute risk to the public. Approved Director's Agenda 08/19/11
Modification No. 1	$131,074.79	See justification above
Total Contract	**$193,255.46**	

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, FAIRVIEW – Family Bookshelf Site – Conduct a Pilot Study Utilizing In-situ Chemical Oxidation Compounds
   File No. 761/12097.BDH - Index No. 44351 - Contract No. Y12089
   DLZ Michigan, Inc., Lansing; Modification No. 1, Increase $89,301.50
   ISID No. 278 - Assignment No. 21
   New ISID Contract Limit: $1,340,098.40

Description and Justification
The purpose of this modification is to continue the pilot study at this leaking underground storage tank site where three areas of contamination have been identified. Areas #1 and #2 has been undergoing treatment with chemicals which were injected into the ground. Results obtained so far inferred that Area #3 should be added to the project and a different chemical should be used as part of the treatment. In order to monitor what occurs at Area #3, four groundwater extraction wells and four soil vapor monitoring wells will be installed. If suitable results are attained from the injections of the new chemical in Area #3, that chemical will be injected into the soil at all three areas as a second event in this phase.

Funding Source
100% Refined Petroleum Funds

Base Contract	$186,393.24	Provide pilot testing of in-situ chemical oxidation to destroy contaminants released from a leaking underground storage tank. Approved Director's Agenda 01/06/12
Modification No. 1	$89,301.50	See justification above
Total Contract	**$275,694.74**	

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, DOUGLAS – Village of Douglas Contamination Site – Data Evaluation and System Oversight
   File No. 761/12188.SAR - Index No. 44501 - Contract No. Y12177
   Weston Solutions, Inc., Okemos; Modification No. 22.1, Increase $179,914.00
   ISID No. 00289 - Assignment No. 21

Description and Justification
The purpose of this modification is to collect additional data and evaluate the natural attenuation at the site. The investigation/remediation of this site is being conducted in phases. Under a previous phase, an air sparge/soil vapor extraction (AS/SVE) system was designed, installed and operated to clean up contamination. The system was successful in treating the source area contamination. The original assignment was to conduct sampling events and provide system evaluation. The results of the sampling suggest a potential for natural attenuation. Under this phase, the professional will assess groundwater to surface water discharge along Wicks Creek by collecting additional data and evaluating the performance of the existing AS/SVE system. The work is needed to comply with the environmental regulations.

Funding Source
100% Strategic Water Quality Initiative Funds

Base Contract	$79,924.00	Provide for data evaluation and treatment system oversight services. Approved Director's Agenda 03/23/12
Modification No. 1	$179,914.00	See justification above
Total Contract	**$259,838.00**	

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Lake Superior Hosting Center – Data Center Expansion
File No. 084/11295.SJU - Index No. 85702 - Contract No. Y12178
HBC Contracting, Lansing; CCO No. 4, Increase $48,985.89

Description and Justification
The purpose of this change order is to provide for the increase in room size to the IRP Truckers Room to accommodate Department of State needs. This room size increase resulted in changes to HVAC distribution and lighting systems to the room and required the relocation of a Peckham housekeeping office/staging area to another area of the Secretary of State facility. Movable wall partitions were also installed to meet the Department of State functional needs for this room.
Funding Source
100% Agency Operating Funds - IT

Total Contract	**$2,464,025.29**	

Resolution of the State Administrative Board Approving Construction and Completion Assurance Agreements, Conveyances of Property and Leases for Certain Facilities

7. Legislative Background

Project	Public Act	Total Cost	SBA Share	College / University Share	GF/GP Share	Concurrent Resolution	Date Approved
Community College District of Monroe County Technology	PA 278 of 2008 PA 329	$17,000,000	$8,499,800	$8,500,000	$200	HCR 64 of 2012	9/27/2012

Center Project	of 2010						
Montcalm Community College Advanced Technology Center	PA 278 of 2008 PA 157 of 2011	$5,433,400	$2,716,500	$2,716,700	$200	HCR 65 of 2012	9/27/2012

Purpose/Business Case
The purpose of this resolution is to approve the form of the Construction and Completion Assurance Agreements between the State Building Authority, State of Michigan, and certain facilities, the conveyance of the facility to the Authority, and the form of the leases.

The State Building Authority is the State's primary capital outlay funding mechanism for projects that would otherwise be paid for by the General Fund.

Benefit
The approval of this resolution will allow the State Building Authority to finance the Authority's share of the projects with short-term commercial paper notes.

Funding Source/ Commitment Level & Zip Code
Short-term commercial paper notes will initially finance the Authority's share of the projects through the acquisition/construction/renovation phase of the projects. At completion, the short-term notes will be refinanced with long-term bonds, usually outstanding 15-17 years. The debt service on the bonds will be paid from the annual rental, appropriated annually from the General Fund. At this time, only a rental range has been determined. The annual rental will be within or below this range.

LEASE FOR PRIVATE PROPERTY

8. DEPARTMENT OF HUMAN SERVICES, GRAYLING - Renewal Lease No. 2797 with Covenant Capital, Inc., 4439 Jennings Road, Lake City, Michigan 49651 as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services, as Lessee, for 8,760 square feet of office space located at 500 Milltown Corner, Grayling, Michigan 49738. The Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for this space beginning October 1, 2012, is $11.86 ($8,657.80 per month). This rate does not include public utilities, janitorial, and snow removal. This Lease contains one 5-year renewal option at the same rental rate. This Lease contains an Executive Cancellation clause with 90 days notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:
To renew the current Lease which has provided effective office space for the agency's business needs.

Benefit:
This Lease allows the Department to continue providing customer service at an established location and avoid relocation costs.

Source of Funds:
57% Federal Funds
43% General Funds

Commitment Level:
10 years; with one 5-year renewal option; however, this Lease contains an Executive Cancellation clause with 90 days notice.

Risk Assessment:
Non-approval of this Lease will hinder the Department from providing uninterrupted services to the clients of Crawford County and could result in additional expenditures if forced to relocate.

Zip Code:
49738

9. DEPARTMENT OF STATE, FLINT - Renewal Lease No. 7890 with B.N.B. Company, LLC, 405 South State Street, Davison, Michigan 48423 as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of State, as Lessee, for 3,376 square feet of office space located at 408 South Saginaw Street, Flint, Michigan 48502. This Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for this space beginning January 1, 2013, is $9.52 ($2,678.29 per month). This rate does not include public utilities, janitorial services, telecommunication services and intrusion alarm monitoring. This Lease contains one 5-year renewal option with an annual per square foot rental rate of $10.41 ($2,928.68 per month).
   This Lease contains a Standard Cancellation clause with 90 days notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:
To renew the current Lease which has provided effective office space for the agency's business needs.

Benefit:
This Lease allows the Department to continue providing customer service at an established location and avoid relocation costs.

Funding Source:
99.06% Restricted Funds (TACF 43.04%; Auto Repair Facilities 0.12%; Child Support Clearance 0.18%; Driver Fees 20.56%; PID 1.59%; Re-instatement Fees 0.85%; Vehicle Theft Prevention 0.6%; Mobile Home Commission 0.50%; Marine Safety Fund 0.15%; Enhanced Driver & PID 4.53%; Snowmobile Registration Fees 0.38%; IDG - MDOT Transportation 26.69%; Recreational Passport 0.40%)
.94% General Funds/GP

Commitment Level:
Five years with one 5-year renewal option; however, this Lease contains a Standard Cancellation clause with 90 days notice.

Risk Assessment:
Non-approval of this Lease will hinder the Department from continuing uninterrupted service at their current location.

Zip Code:
48502

ADDENDUM TO LEASE FOR PRIVATE PROPERTY

10. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, GLADWIN - Addendum No. 2 to Lease No. 7563 approved by the State Administrative Board on February 21, 2006, between Ashcraft-Gladwin LLC, 4615 Temple Drive, Harrison, Michigan 48625, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State, as Lessee, for 1,725 square feet of space located at 1208 North State Street, Gladwin, Michigan, 48624. This Addendum clarifies who is responsible for utilities including natural gas. This Addendum is effective upon obtaining State Administrative Board approval and required signatures and continues to the termination date of the February 29, 2016, or any extension. This Lease contains a Standard Cancellation clause with 90 days notice. The Attorney General has approved this Addendum as to legal form.

Purpose/Business Case:
The purpose of this Addendum is to clarify the Lease to remove any ambiguity of who is responsible for utility payments, including natural gas. The Department of State is responsible for these expenses.
Benefit:
This Lease clearly delineates responsibility for utility payments, avoiding legal conflict.
Source of Funds:
99.06% Restricted Funds (TACF 43.04%; Auto Repair Facilities 0.12%; Child Support Clearance 0.18%; Driver Fees 20.56%; PID 1.59%; Re-instatement Fees 0.85%; Vehicle Theft Prevention 0.6%; Mobile Home Commission 0.50%; Marine Safety Fund 0.15%; Enhanced Driver & PID 4.53%; Snowmobile Registration Fees 0.38%; IDG - MDOT Transportation 26.69%; Recreational Passport 0.40%)
0.94% General Funds
Commitment Level:
Three years; however, this Lease contains a Standard Cancellation clause with 90 days notice.
Risk Assessment:
Non-approval of this Addendum will hinder the Department from having a legal document that coincides with the original Lease intent.
Zip Code:
48624

11. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, GRAND RAPIDS - Addendum No. 3 to Lease No. 7132 with H & H Management & Development Co., L.L.C., a Michigan Limited Liability Company, 2920 Fuller Avenue NE, Suite 200, Grand Rapids, Michigan 49505, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Licensing and Regulatory Affairs, as Lessee, for 1,349 square feet of office space located at 2922 Fuller Avenue NE, Suite 114, Grand Rapids, MI 49505. This Addendum provides for decreasing the square footage by 3,474 square feet for a revised total of 1,349 square feet and decreases the rental rates

accordingly. This Addendum is effective upon obtaining State Administrative Board approval and required signatures and continues to the termination date of August 31, 2017, or any extension. The annual per square foot rental rate for this space beginning January 1, 2013, is $15.77 ($1,772.81 per month). This Lease contains one 5-year renewal option with an annual per square foot rental rate of $16.53 ($1,858.25 per month). This Lease contains a Standard Cancellation clause with 90 days notice. The Attorney General has approved this Addendum as to legal form.

Purpose/Business Case:
The purpose of this Addendum is to reduce the overall total square footage leased to the Department with a corresponding reduction in the rental amounts. The remaining space is utilized by the Department of Licensing and Regulatory Affairs and continues to meet the operational needs for the Fire Safety program.

Benefit:
The relocation of staff to other existing offices will provide the Department with a rent savings of $255,663.52. The rental rate is within the current market rate for comparable space.

Funding Source:
100% Federal Funds

Commitment Level:
Five years with one 5-year renewal option; however, this Lease contains a Standard Cancellation clause with 90 days notice.

Risk Assessment:
Non-approval of this Lease will hinder the Department from realizing a rental rate savings and could bring about budgetary issues if they are required to keep paying for the larger office space.

Zip Code:
49505

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

December 11, 2012 / December 18, 2012
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACTS

1. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, GRAND RAPIDS – Grand Rapids Home for Veterans – Main Entrance Drive-Up Canopy Replacement
   File No. 511/11211.GAG - Index No. 64000 - Contract No. Y 13047
   Low Responsive Bidder: Orion II Construction, Grand Rapids; $1,154,200.00

Description and Justification
The purpose of this contract is to remove the existing main entrance drive-up canopy and construct a larger canopy to properly provide for the residents' safety and coverage during inclement weather as well as a covered area accessible for buses, transport vans, and ambulances to load and unload passengers. This work also reconfigures the driveway approach for improved vehicle access and stacking and provides for an alternate covered temporary entrance during construction.
Funding Source
100% Private Funds

2. DEPARTMENT OF ENVIRONMENTAL QUALITY, BATTLE CREEK – Helmer and I-94 Site – Removal of UST System, Excavation of Petroleum Impacted Soils, and Site Restoration
   File No. 761/12296.SAR - Index No. 44501 - Contract No. Y 13048
   Low Responsive Bidder: EVR, Inc., Haslett; $257,800.00

Description and Justification
The purpose of this contract is to remove contaminated soil from a leaking underground storage tank. After obtaining the needed permits, the contractor will demolish the building, the canopy, the pump islands, the site paving, remove the underground storage tanks, and dispose of the demolition debris. Soil overburden will be removed and uncontaminated soil shall be stockpiled for use as backfill. The contaminated soil will be removed as directed by the professional and trucked to an approved landfill for disposal. The site will be restored by backfilling with the stockpiled soil and fill brought in from offsite. The ground surface will be covered with gravel, compacted, but not be paved.
Funding Source
100% Refined Petroleum Funds

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

3. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, DIMONDALE – Energy Center – Cooling Tower Installation
   File No. 084/11262.DCS - Index No. 43204 - Contract No. Y11266
   C2AE, Lansing; Modification No. 3, Increase $203,084.76

Description and Justification
The purpose of this modification is to provide professional architectural/engineering services for the demolition and replacement of existing Cooling Tower Numbers 1 and 2 at the Secondary Governmental Complex, Energy Center. These two remaining towers have exceeded their useful operating life. Scope will include integrating all three towers for the required piping and control methodologies and continuing the necessary condenser piping replacement within the Energy Center. The State will benefit from avoiding a duplication of detail and design effort by obtaining the additional services from C2AE, who provided the design services for the first replaced cooling tower, and will be able to complete the project more quickly and in a more coordinated fashion since C2AE is also responsible for the design of the separate thermal storage project, which will use the new cooling towers' capacity.

Funding Source
100% Agency Operating Funds - BOC

Base Contract	$7,711.07	Provide professional architectural and/or engineering services for the development and presentation of a preliminary design concerning the installation of a new cooling tower within the Secondary Governmental Complex, Energy Center. Approved Director's Agenda 08/19/11

Modification No. 2	$7,100.00	Provide for the required geotechnical soil evalution and quality control concrete testing with the installation of the new Cooling Tower No. 3, at the Secondary Governmental Complex, Energy Center. Approved Director's Agenda 05/11/12
Modification No. 3	$203,084.76	See justification above
Total Contract	**$348,187.64**	

4. DEPARTMENT OF ENVIRONMENTAL QUALITY, FLUSHING – Central Distributors Site – Groundwater Monitoring, Sampling, Reporting, and Well Abandonment Activities
   File No. 761/10121.SAR - Index No. 44801 - Contract No. Y10102
   Environmental Consulting and Technology, Inc., Lansing; Modification No. 3, Increase $26,587.70
   ISID No. 280 - Assignment No. 3

Description and Justification
The purpose of this modification is to provide for two additional sampling events and formally close monitor wells after the second event. The professional will gauge the water level in 22 monitor wells and record the staff gauge on Flint River nearby, then sample the 22 monitor wells in March and June 2013. After June event, the professional will formally close all 22 monitor wells. The modification shall extend the contract to December 31, 2013.

Funding Source
100% Refined Petroleum Funds

Base Contract	$24,184.02	Provide bi-annual groundwater monitoring, routine groundwater sampling and reporting services. Approved Director's Agenda 02/05/10
Modification No. 1	$47,610.88	Continue quarterly groundwater monitoring, sampling, and reporting services and extend the contract completion date a total of 426 days. Approved Director's Agenda 11/12/10
Modification No. 2	$43,836.49	Provide two additional dual phase groundwater extraction events at the site. Approved Director's Agenda 10/21/11
Modification No. 3	$26,587.70	See justification above
Total Contract	**$142,219.09**	

5. DEPARTMENT OF ENVIRONMENTAL QUALITY, ST. HELEN – Charlie's Place Two Site – Interim Response Services
   File No. 761/10310.SAR - Index No. 44351 - Contract No. Y10247
   Mannik & Smith Group, Inc., Canton; Modification No. 1, Increase $235,868.80
   ISID No. 285 - Assignment No. 12

Description and Justification
The purpose of this modification is to extend the contract two years since the remediation goals have not been met.
The professional will continue to monitor the conditions of the soil and groundwater at the site and prepare reports for the Department of Environmental Quality. The professional will also take over the operation and maintenance tasks for these two years. This change order will extended the completion date to September 30, 2014.

Funding Source

100% Refined Petroleum Funds

Base Contract	$249,877.84	Provide professional architectural and/or engineering services for continued oversight of interim response activities as needed to include groundwater monitoring, enhanced free product recovery, construction oversight and operation and maintenance of the air sparge, soil vapor extraction system. Approved Director's Agenda 07/02/10
Modification No. 1	$235,868.80	See justification above
Total Contract	**$485,746.64**	

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, DETROIT – Uniroyal Properties – Conduct, Investigate and Complete Analysis to Determine Remediation
   File No. 761/12130.BDH - Index No. 44701 - Contract No. Y12122
   AECOM, Livonia; Modification No. 3, Increase $72,000.00
   ISID No. 279 - Assignment No. 17

Description and Justification
The purpose of this modification is to investigate a location of high degree of contamination recently discovered during the previous phase of this project. This site was a coal gasification plant in early 1900's and a tire factory during the mid-1900's. The parcel fronts on the Detroit River. This modification would allow the professional to perform soil borings and dig test pits that would provide samples that would characterize this area of the site. The professional will report the findings to the Department of Environmental Quality (DEQ) and plan future efforts with the DEQ concerning this project. The contract will be extended to December 31, 2014.

Funding Source
100% Strategic Water Quality Initiative Funds

Base Contract	$59,999.33	Approved Director's Agenda 02/03/12
Modification No. 1	$22,311.00	Add subsurface soil investigation efforts proximate to the existing seawall. Approved Director's Agenda 06/15/12
Modification No. 2	$44,212.00	Increase the fee to reflect the unforeseen difficulty in performing soil borings in the demolition rubble that covers the site. Approved Director's Agenda 07/27/12
Modification No. 3	$72,000.00	See justification above
Total Contract	**$198,522.33**	

CONTRACT CHANGE ORDER

7. DEPARTMENT OF STATE, DETROIT - CCO No. 2 for Lease No. 10935 approved by the State Administrative Board on August 7, 2011, between Bel-Air 8 Mile, LLC, as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of State, as Lessee.
   This CCO provides for renovation and refreshing of selected wall surfaces and flooring in the restrooms and new wall coverings and window blinds as requested by the Department of State at a cost not-to-exceed $27,525.00. The space is located at 9560 East Eight Mile Road, Detroit, MI 48234.

Purpose/Business Case:
The purpose of this CCO is to replace and update multiple wall surfaces and flooring in the restrooms, remove wallpaper and repaint walls in other areas of the leased premises and replace the vertical blinds in the manager's office with horizontal blinds.
Benefit:
This CCO allows the agency to refresh and restore selected wall and floor surfaces of this high traffic Department of State office so they have a more presentable and inviting appearance for customers and staff.
Source of Funds: GF/GP 0.94%, TACF 43.04%, Auto Repair Facilities 0.13%, Child Support Clearance 0.18%, Driver Fees 20.56%, PID 1.59%, Re-instatement Fee 0.85%, Vehicle Theft Prevention 0.06%, Mobile Home Commission 0.50%, Marine Safety Fund 0.15%, Enhanced Driver & PID 4.53%, Snowmobile Registration Fees 0.38%, IDG-MDOT Transportation 26.69%, Recreational Passport 0.40%.
Commitment Level:
Present through November 30, 2016; however, this Lease contains a Standard cancellation clause with 90 days notice.
Risk Assessment:
Non-approval of this CCO will hinder the Department from updating the worn and tired look of this high traffic office.
Zip Code:
48234

8. DEPARTMENT OF STATE POLICE, FLINT - CCO No. 4 for Lease No. 10235 approved by the State Administrative Board on June 6, 1995, between Genesee County 911 Consortium, as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of State Police, as Lessee.
   This CCO provides for remodeling of an existing conference room to create a separate new men's locker room at a cost not-to-exceed $5,792.00. The space is located at 4481 Corunna Road, Flint, MI 48532.

Purpose/Business Case:
The purpose of this CCO is to remodel an existing first floor conference room by adding a wall to create a separate new men's locker room with access to an adjacent men's restroom and relocation of HVAC register and lighting fixtures as needed.
Benefit:
This CCO allows the Department to provide enough locker space for new troopers being assigned to the Flint post.
Source of Funds:
100% General Funds

Commitment Level:
Present through December 15, 2015; however, this Lease contains an Executive (old) cancellation clause with 60 days notice.

Risk Assessment:
Non-approval of this CCO will hinder the Department from accommodating new troopers being added to the Flint Post under the Governor's "Secure City Partnership" initiative.

Zip Code:
48532

RESOLUTION

9. Resolution of the State Administrative Board Approving Construction and A Completion Assurance Agreement, A Conveyance of Property and A Lease for the Ferris State University College of Pharmacy

Legislative Background

Project	Public Act	Total Cost	SBA Share	College / University Share	GF/GP Share	Concurrent Resolution
FSU – College of Pharmacy	PA 329 of 2010	$8,800,000	$6,599,800	$2,200,000	$200	HCR 67 of 2012

Purpose/Business Case

The purpose of this resolution is to approve the form of the Completion Assurance Agreement between the State Building Authority, State of Michigan, and Ferris State University, the conveyance of the Facility to the Authority, and the form of the Lease. The State Building Authority is the State's primary capital outlay funding mechanism for projects that would otherwise be paid for by the General Fund.

Benefit
The approval of this resolution will allow the State Building Authority to finance the Authority's share of the project with short-term commercial paper notes.

Funding Source/ Commitment Level

Short-term commercial paper notes will initially finance the Authority's share of the project through the acquisition/renovation phase of the project. At project completion, the short-term notes will be refinanced with long-term bonds, usually outstanding 15-17 years. The debt service on the bonds will be paid from the annual rental, appropriated annually from the General Fund. At this time, only a rental range has been determined. The annual rental will be within or below this range.

$453,000 - $592,000

Risk Assessment

Without approval of this resolution, the project cannot be bonded and cannot be conveyed to the SBA.

Zip Code

49307

Have Morgan tested for lead poisoning:

This is Flint's problem:
According to the World Health Organization, "lead affects children's brain development resulting in reduced intelligence quotient (IQ), behavioral changes such as shortening of attention span and increased antisocial behavior, and reduced educational attainment. Lead exposure also causes anemia, hypertension, renal impairment, immunotoxicity and toxicity to the reproductive organs. The neurological and behavioral effects of lead are believed to be irreversible."

Subject: Flint Water

Hi Dan,

I talked to the buyer that is handling the issues with the Flint water and they will be submitting an emergency purchase to the ad board on the 2/9/2016 Agenda for water filters, water filter replacements, and they also have bottled water coming in on a daily basis. He mentioned that this will be ongoing issue. The item on the supplemental agenda for the 1/26/2016 meeting regarding the water issues in Flint is for laboratory bottles. They do not need a special meeting for these items. I have attached the ad guides for Administrative Board and for DTMB that mentions emergency purchases. Please let me know if you have any question. Thanks.

Subject: Thank you for your service

THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

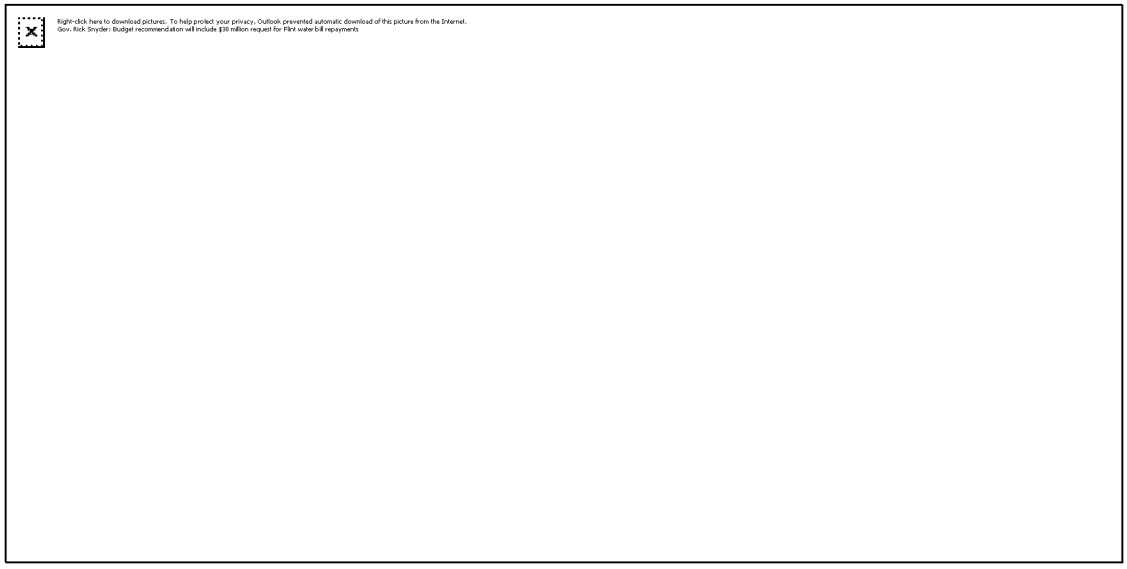
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

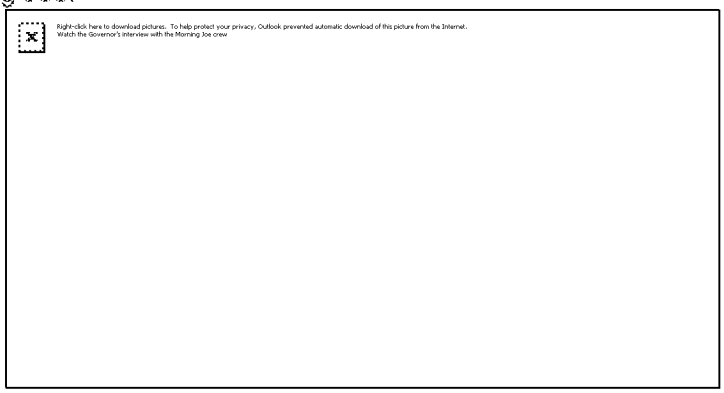
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

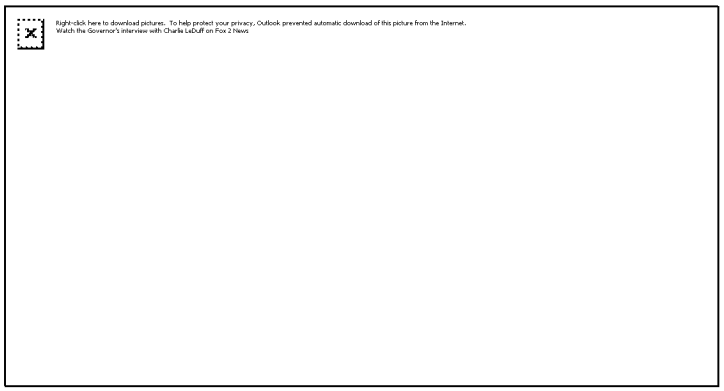
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

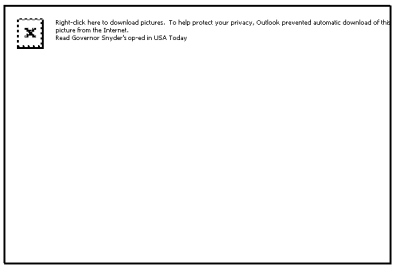
came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

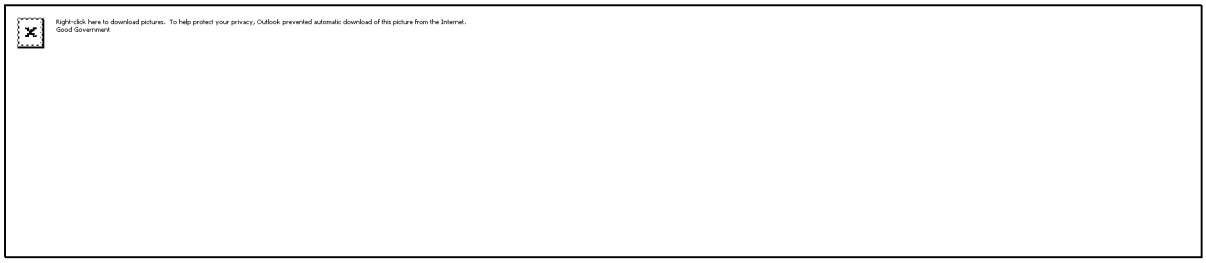
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

DTMB Header 1022.15

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.

H2O

Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

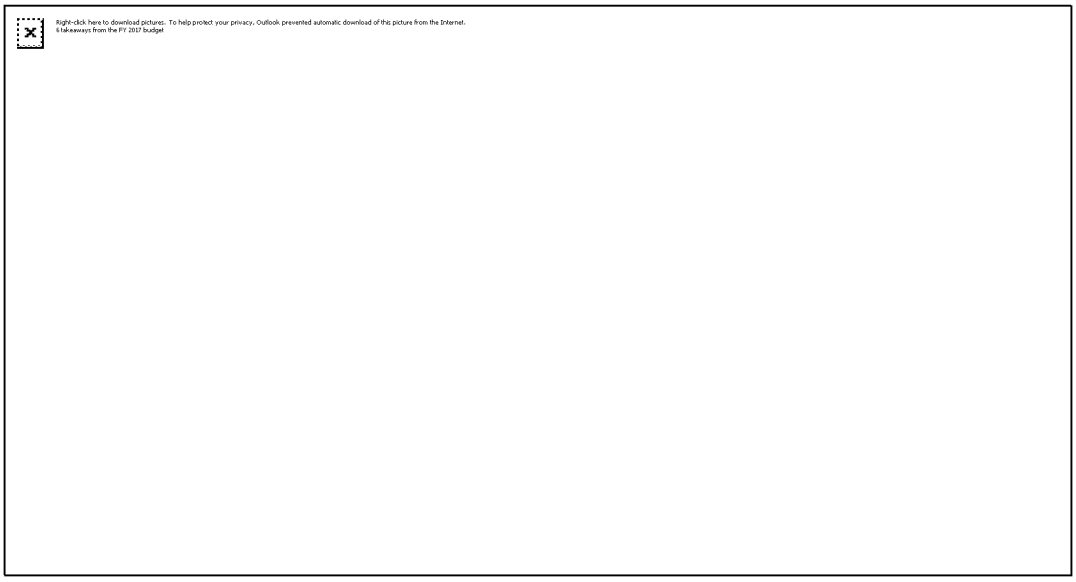
Subject: What this year's budget means for Michigan...

VIDEO: What Governor Snyder's FY17 budget means for Michigan



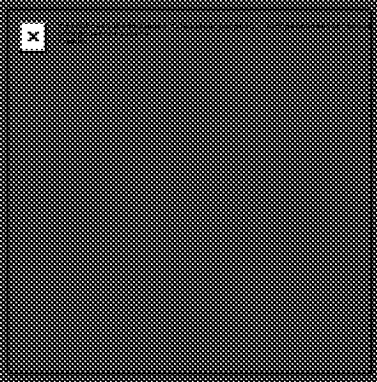
Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

Click a tweet to tweet it out:



The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now -- > www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

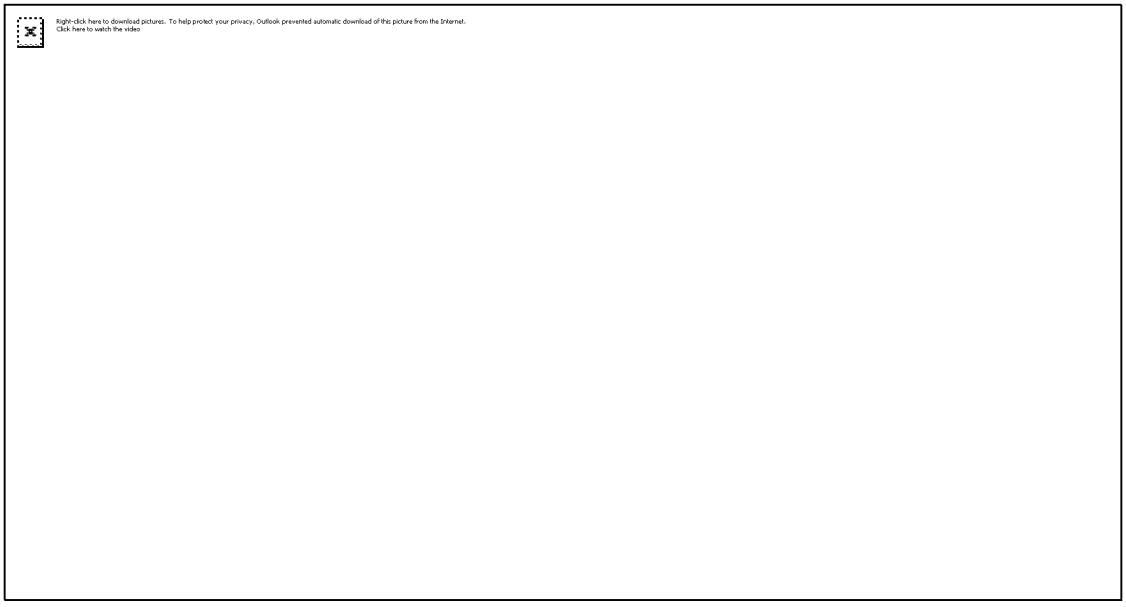
VIDEO: How volunteers are helping Flint



Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

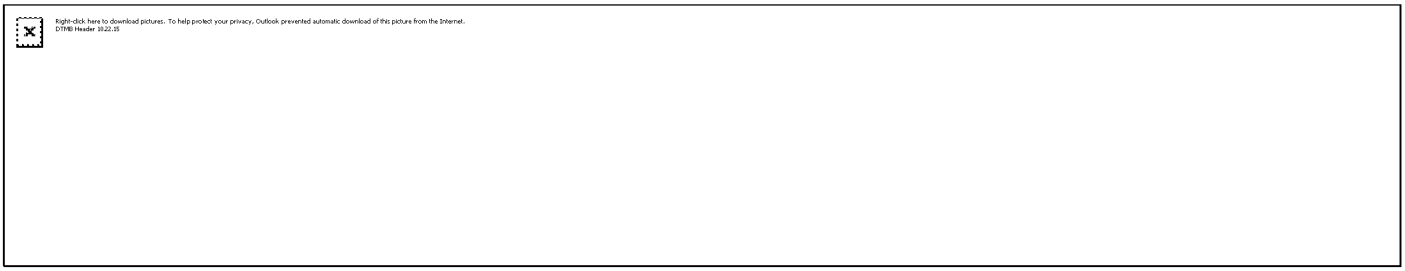
Sent: Wednesday, February 17, 2016 10:10 AM
To: Troub, Shelby (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

February 8, 2016

Ms. Shelby Troub, Secretary
State Administrative Board
Department of Technology, Management and Budget
Constitution Hall, First Floor NE
525 W. Allegan St.
P.O. Box 30026
Lansing, MI 48909

Dear Ms. Troub:

I am submitting for review and approval of the State Administrative Board the enclosed agreements in accordance with DMB Administrative Circular dated March 12, 1991.

It is anticipated these agreements will be placed on the agenda for the Finance and Claims Committee meeting on February 23, 2016 and the State Administrative Board meeting on March 1, 2016. If for some reason these agreements are not placed on the referenced agenda, please let me know.

Sincerely,

Kim Stephen
Director, Bureau of Purchasing

7. PURPOSE/BUSINESS CASE:

THIS AGREEMENT PROVIDES FUNDING CONTINUING REGIONAL HEALTHCARE COALITIONS FOR EMERGENCY PREPAREDNESS. THESE COALITIONS IMPROVE THE CAPACITY OF HEALTHCARE SYSTEMS, HOSPITALS/EMERGENCY DEPARTMENTS, OUT-PATIENT FACILITIES, AND EMERGENCY MEDICAL SERVICES TO RESPOND TO INCIDENTS OF BIOTERRORISM OR OTHER PUBLIC HEALTH EMERGENCIES.

8. BENEFIT:

THIS AGREEMENT WILL PROVIDE COORDINATED REGIONAL APPROACH TO HEALTHCARE PREPAREDNESS BY WORKING THROUGH MEDICAL CONTROL AUTHORITIES THAT ARE MADE UP OF REPRESENTATIVES FROM EACH OF THE HOSPITALS. THE ADDITIONAL MONIES WILL BETTER PREPARE THE HOSPITALS FOR AN EMERGENCY EVENT IN MICHIGAN ENABLING FOR THE PROTECTION AND SAFETY OF OUR CITIZENS.

9. COMMITMENT LEVEL:

This grant agreement is for one (1) single year 10/1/15 - 9/30/16

LANSING, MI 48933

MICHIGAN DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET

STATE ADMINISTRATIVE BOARD

GRANT ABSTRACT - New or Amendments

1 DEPARTMENTH Health and Human Services (DHS)	2 AGENCY/FACILITY Michigan Rehabilitation Services (MRS)
3 GRANTEE'S NAME MARO Employment and Training Association	4 AGENCY'S GRANT DESIGNATION MRSM-14-99001
5 ADDRESS 417 Seymour, Suite 5 Lansing, MI 48933	6 AMENDMENT NO. 5

7 CURRENT GRANT AMOUNT	8 AMENDMENT AMOUNT	9 PERCENT OF INCREASE	10 NEW TOTAL	11 COST BY FISCAL YEAR
$683,466.00	$136,590.00	20%	$820,056.00	FY14 - $273,437.80 FY15 - $273,437.80 FY16- $273,180.40

12 PURPOSE/BUSINESS CASE – State whether services will be performed in-state or out-state.

The Grantee will receive funding for the Michigan Council for Rehabilitation Services (MCRS), as mandated by Section 105 of the Federal Rehabilitation Act of 1973, as amended in 1998. As a consumer-driven council, it is intended to be separate from state government in terms of council management and staffing. The council provides objective input and recommendations to Michigan Rehabilitation Services in state planning, program development and program evaluation. Services are performed in-state.

13 EXPECTED OUTCOMES/BENEFITS

Eligible individuals with disabilities in Michigan will be appropriately served to achieve employment outcomes according to the legal requirements of the Rehabilitation Act of 1973, as amended.

14 FUNDING SOURCE BY PERCENTAGE 100% Federal Funds (Rehabilitation Act, Title I)	15 METHOD OF PAYMENT (i.e., Monthly, Fee for Services, etc.) Monthly
16 RISK ASSESSMENT If not approved, MRS will experience increased difficulty achieving employment outcomes and many Michigan residents will not obtain and secure employment and fail to be self-sufficient. Failure to award this contract could result in the loss of federal funds as DHHS/MRS will be out of compliance with a federal mandate.	17 COMMITMENT LEVEL Multi Year
18 FOR NEW GRANTS ATTACH THE FOLLOWING - 1) A LIST OF GRANT APPLICANTS IN THE FORMAT - GRANTEE, CITY, STATE, AWARD AMOUNT, ANY OTHER INFO NOT THE SAME FOR ALL GRANTEES (i.e., purpose) 2) A GRANT PROCESS SUMMARY- N/A	19 COST REDUCTION N/A

100% Federal	Monthly Financial Status Report

7. PURPOSE/BUSINESS CASE:

THIS AGREEMENT PROVIDES FUNDING FOR CONTINUING REGIONAL HEALTHCARE COALITIONS FOR EMERGENCY PREPAREDNESS. THESE COALITIONS IMPROVE THE CAPACITY OF HEALTHCARE SYSTEMS, HOSPITALS/EMERGENCY DEPARTMENTS, OUT-PATIENT FACILITIES, AND EMERGENCY MEDICAL SERVICES TO RESPOND TO INCIDENTS OF BIOTERRORISM OR OTHER PUBLIC HEALTH EMERGENCIES.

8. BENEFIT:

THIS AGREEMENT WILL PROVIDE A COORDINATED REGIONAL APPROACH TO HEALTHCARE PREPAREDNESS BY WORKING THROUGH MEDICAL CONTROL AUTHORITIES THAT ARE MADE UP OF REPRESENTATIVES FROM EACH OF THE HOSPITALS. THE ADDITIONAL MONIES WILL BETTER PREPARE THE HOSPITALS FOR AN EMERGENCY EVENT IN MICHIGAN ENABLING THE PROTECTION AND SAFETY OF OUR CITIZENS.

9. COMMITMENT LEVEL:

This grant agreement is for one (1) year 10/1/15 - 9/30/16

10. RISK ASSESSMENT:

N/A

11. COST REDUCTION/SAVINGS:

N/A

12. ORIGINAL CONTRACT TERM	13. CONTRACT BEING EXTENDED
10/1/2015 TO 9/30/2016	TO

14. ACQUISITION METHOD: CHECK THE APPROPRIATE BOX. **IF DMB OR AGENCY COMPETITIVELY BID, FOLLOW INSTRUCTIONS FOR ITEM #15.**

☒ Grant Award ☐ Federal ☐ DMB Competitively Bid ☐ Agency Competitively Bid

15. SUMMARY OF GRANT APPLICANTS OR BIDS – **ATTACH A SEPARATE PAGE IN THE FORMAT AS FOLLOWS – BIDDER, CITY, STATE, PRICE**

16. GRANT AWARD PROCESS SUMMARY:

The grant was awarded as a result of a federal cooperative agreement and does not require a competitive process. This contractor is specified as the agency to provide these services in the federal grant application that was submitted to and approved by the Department of Health and Human Services, Assistant Secretary for Preparedness and Response.

17. TYPE OF CANCELLATION CLAUSE: (i.e.: 30 Day Cancellation Clause)	18. DOES THE CONTRACT CONTAIN THE FOLLOWING:
30 day cancellation clause	a. Non-Appropriation Clause ☒ YES ☐ NO b. Business Integrity Clause ☒ YES ☐ NO

19. DOES THE CONTRACT INDICATE THAT THE CONTRACTOR WILL COMPLY WITH ALL LAWS, RULES, AND REGULATONS THAT MAY PERTAIN TO THE CONTRACT? ☒ YES ☐ NO **If YES, specify Location in The Contract:** Section III, A. Assurances

20. ADDITIONAL INFORMATION:

21. THE UNDERSIGNED CERTIFIES THAT ALL THE APPROVALS REQUIRED BY THE STATE ADMINISTRATIVE BOARD HAVE BEEN OBTAINED.

MICHIGAN DEPARTMENT OF MANAGEMENT AND BUDGET

STATE ADMINISTRATIVE BOARD

GRANT ABSTRACT (New or Amendments)

1 DEPARTMENT	2 AGENCY/FACILITY
Health and Human Services	Child Protective Services Program Office
3 GRANTEE'S NAME	4 AGENCY'S GRANT DESIGNATION
Spectrum Health Hospitals	ADMIN16-99001
5 ADDRESS 100 Michigan Street NE Grand Rapids, MI 49503	6 AMENDMENT NO 1

7 CURRENT GRANT AMOUNT	8 AMENDMENT AMOUNT	9 PERCENT OF INCREASE	10 NEW TOTAL	11 COST BY FISCAL YEAR
$298,884.00	$164,400.00	55%	$463,284.00	FY16 $124,514.00 FY17 $168,385.00 FY18 $170,385.00

12 PURPOSE/BUSINESS CASE – State whether services will be preformed in-state or out-state

Medical Resource System (MRS) provides expert medical consultation for the Department of Human Services and law enforcement in child abuse/neglect investigations, and consults with other health care providers regarding the appropriate care of children suspected of being abused and/or neglected. MRS operates a statewide hotline using hospitals, child protection teams, and other resources to achieve 24hour/7 day per week availability.

13 EXPECTED OUTCOMES/BENEFITS

The Contractor will assist with determining if child abuse or neglect has occurred, as well as identifying the severity of occurrences. The contractor also provides expert level opinion and testimony in child abuse court cases. Investigations into allegations involving child abuse/neglect will increase through improving collaboration amongst law enforcement, DHHS, and community child abuse prevention partners while improving child safety.

14 FUNDING SOURCE BY PERCENTAGE	15 METHOD OF PAYMENT (i.e., Monthly, Fee for Services, etc.)
100% Federal Child Abuse and Neglect	Monthly payments based on actual cost
16 RISK ASSESSMENT Failure to execute this amendment will be detrimental to the health and safety of Michigan's children and their families. Child Abuse occurrences may not be investigated as often or as thoroughly without this service in place.	17 COMMITMENT LEVEL Multi-year

18 FOR NEW GRANTS ATTACH THE FOLLOWING –	19 COST REDUCTION
1) A LIST OF GRANT APPLICANTS IN THE FORMAT - GRANTEE, CITY, STATE, AWARD AMOUNT, ANY OTHER INFO NOT THE SAME FOR ALL GRANTEES (i.e., purpose) 2) A GRANT PROCESS SUMMARY – N/A	N/A

20 ORIGINAL GRANT TERM	21 REQUESTED OPTION LENGTH	22 REQUESTED EXTENSION LENGTH	23 OPTION OR EXTENSION TERM
FROM 1/1/16 TO 09/30/18	N/A	N/A	FROM TO N/A

24 TYPE OF CANCELLATION CLAUSE (i.e., 30-day cancellation) - 30 day cancellation

DOES THE GRANT CONTAIN THE FOLLOWING?: YES or NO

25 Non-appropriation Clause - YES

26 Business Integrity Clause - YES

27 DOES THE GRANT INDICATE THAT THE GRANTEE WILL COMPLY WITH ALL LAWS, RULES, REGULATIONS THAT MAY PERTAIN TO THE GRANT? YES

28 ADDITIONAL INFORMATION

THE UNDERSIGNED CERTIFIES THAT ALL THE APPROVALS, REQUIRED BY THE STATE ADMINISTRATIVE BOARD HAVE BEEN OBTAINED.

DEPARTMENT/AGENCY APPROVED SIGNATURE Kim Stephens DATE 2/3/16

AFTER AD BOARD – RETURN STAMPED APPROVAL(S) TO: Lisa Rancour

MICHIGAN DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET

STATE ADMINISTRATIVE BOARD

GRANT ABSTRACT - New or Amendments

DTMB-3527 (5/16/2013)

1 DEPARTMENT Health and Human Services	2 AGENCY/FACILITY Kalamazoo County DHHS
3 GRANTEE'S NAME Lutheran Social Services of Michigan	4 AGENCY'S GRANT DESIGNATION FTBS16-39002
5 ADDRESS 8131 E Jefferson Ave Detroit, MI 48214	6 AMENDMENT NO.

7 CURRENT GRANT AMOUNT	8 AMENDMENT AMOUNT	9 PERCENT OF INCREASE	10 NEW TOTAL	11 COST BY FISCAL YEAR
$410,000.00			$410,000.00	FY15 $82,000.00 FY16 $164,000.00 FY17 $164,000.00

12 PURPOSE/BUSINESS CASE – State whether services will be performed in-state or out-state.
In-State. Families Together Building Solutions is an in-home service utilizing Solution-Focused approach for families who need assistance in changing family behavior in order to decrease risk of further abuse and/or neglect.

13 EXPECTED OUTCOMES/BENEFITS
The service allows children in foster care to return home quickly and the families with Children's Protective Services cases will not have children removed because of abuse or neglect.

14 FUNDING SOURCE BY PERCENTAGE	15 METHOD OF PAYMENT (i.e., Monthly, Fee for Services, etc.)
Federal: 100%	Unit Rate/Actual Cost, paid monthly.

16 RISK ASSESSMENT	17 COMMITMENT LEVEL
Failure to execute these contract could lead to a higher volume of children remaining in out-of-home placements, disrupting the family which increases costs to the State. Families Together Building Solutions services will help alleviate existing situations that threaten the health and safety of children and families.	Multiple fiscal years

18 FOR NEW GRANTS ATTACH THE FOLLOWING -
1) A LIST OF GRANT APPLICANTS IN THE FORMAT - GRANTEE, CITY, STATE, AWARD AMOUNT, ANY OTHER INFO NOT THE SAME FOR ALL GRANTEES (i.e., purpose)

7. PURPOSE/BUSINESS CASE:
THIS AGREEMENT PROVIDES FUNDING for the Michigan Adolescent Pregnancy and Parenting Program (Mi-Appp) in Michigan's highest needs communities. The goal of Mi-Appp is to create an integrated system of care, including linkages to support services, for pregnant and parenting adolescents 15-19 years of age, young fathers, and their families.

8. BENEFIT:
THIS AGREEMENT WILL PROVIDE case management and additional supplemental services to a minimum of 50 pregnant and parenting teens in the community. These supports aim to reduce repeat pregnancies, improve the health of pregnant teens and their babies, improve graduation rates and improve linkages by creating a network of supports for pregnant and parenting teens in MI.

9. COMMITMENT LEVEL:
A single fiscal year agreement from October 1, 2015 to September 30, 2016.

16. GRANT AWARD PROCESS SUMMARY:
A competitive award process was initiated in October of 2013 to select MI-APPP subawardees. Subawardees were selected based on teen pregnancy and birth rates, local capacity to implement AFLP-PYD (case management program) with fidelity, leverage existing local HVPs, build community coalitions, and impact a large number of the target population. Based on the funding available, five communities were awarded funding based on an objective review team's review and recommendations.

Various (See attached)	MACF16/17(see attached)
5 ADDRESS	6 AMENDMENT NO.
(See attached)	N/A

7 CURRENT GRANT AMOUNT	8 AMENDMENT AMOUNT	9 PERCENT OF INCREASE	10 NEW TOTAL	11 COST BY FISCAL YEAR
$4,312,417.00	N/A	N/A	$4,312,417.00	FY16 $1,485,472.33 FY17 $2,826,944.67

12 PURPOSE/BUSINESS CASE – State whether services will be performed in-state or out-state.
These nine (9) AmeriCorps competitive grants are 100% federally funded and are intended to provide the necessary resources statewide to address critical human needs through direct volunteer participation that supports The Corporation for National & Community Service funding priorities including; economic opportunity, education, veterans and military families, and disaster services.

13 EXPECTED OUTCOMES/BENEFITS
The agreements are designed to deliver AmeriCorps programs throughout the State of Michigan. The programs will serve thousands of Michigan residents through various programs building effective partnerships between community residents and organizations to meet local needs in areas including: mentoring, employment training and youth programming. These programs focus primarily on mentoring, public safety, the environment, education, and other human needs.

14 FUNDING SOURCE BY PERCENTAGE	15 METHOD OF PAYMENT (i.e., Monthly, Fee for Services, etc.)
100% Federal	Monthly
16 RISK ASSESSMENT Failure to execute this grant will result in an insufficient number of community service volunteers throughout the state. Local communities would not receive programs and resources important to the quality of life of its residents.	17 COMMITMENT LEVEL One Year

18 FOR NEW GRANTS ATTACH THE FOLLOWING -
1) A LIST OF GRANT APPLICANTS IN THE FORMAT - GRANTEE, CITY, STATE, AWARD AMOUNT, ANY OTHER INFO NOT THE SAME FOR ALL GRANTEES (i.e., purpose)
SEE ATTACHED
2) A GRANT PROCESS SUMMARY- Requests for Proposals & Notice of Funding Availability (NOFA) are posted on the MCSC website. MCSC's databases are also sent this information. Statewide outreach sessions are completed as well, via webinar. Interested parties submit intent forms and then submit a first draft proposal. These are screened by a peer review and then a staff review process. Those that make it through this process complete a comprehensive proposal that is submitted to the MCSC Board of Commissioners for approval.

SECTION VII – CLAIMS – PERSONAL PROPERTY LOSS

16. DEPARTMENT OF CORRECTIONS

Prisoner Claims

1) Michael Anner #667018 $190.25
The claimant (15-SAB/DOC-119) requests $190.25 reimbursement for various missing items including headphones. The Committee recommends approval of $26.00 for this claim.

2) David Aldridge #142476 $145.50
The claimant (15-SAB/DOC-699) requests $145.50 reimbursement for television damaged in transit. The Committee recommends approval of $14.55 for this claim.

3) Benjamin Arreguin #226102 $553.14
The claimant (15-SAB/DOC-678) requests $553.14 reimbursement for items stolen from his footlocker. The Committee recommends denial of this claim.

16. DEPARTMENT OF CORRECTIONS continued

4) Bruce Butler #892097 $169.75
The claimant (15-SAB/DOC-2525) requests $169.75 reimbursement missing television. The Committee recommends approval of $169.75 for this claim.

5) Randy W. Caruthers #404654 $155.82
The claimant (15-SAB/DOC-1416) requests $155.82 reimbursement for a television stolen by another inmate. The Committee recommends denial of this claim.

6) Shamarie Coley #859931 $116.55
The claimant (15-SAB/DOC-1837) requests $116.55 reimbursement for MP3 damaged during cell search. The Committee recommends approval of $93.24 for this claim.

7) Augustus Cooper #402050 $130.00
The claimant (15-SAB/DOC-1300) requests $130.00 reimbursement for missing television. The Committee recommends approval of $149.75 for this claim.

8) Fred Grix #213534 $155.77
The claimant (15-SAB/DOC-1047) requests $155.77 reimbursement for television lost in transit. The Committee recommends approval of $155.65 for this claim.

9) Ronald Hartman #644800 $42.77
The claimant (15-SAB/DOC-1723) requests $42.77 reimbursement for missing hobby craft order. The Committee recommends denial of this claim.

10) Terrance B. Hill #716497 $17.59
The claimant (15-SAB/DOC-665) requests $17.59 reimbursement for a missing fan. The Committee recommends denial of this claim.

11) Robert Hinds #410196 $999.99
The claimant (15-SAB/DOC-1189) requests $999.99 reimbursement for eyeglasses lost in transit. The Committee recommends approval of $999.99 for this claim.

16. DEPARTMENT OF CORRECTIONS continued

12) Delbert Holliday #463338 $90.00
The claimant (15-SAB/DOC-816) requests $90.00 reimbursement for damages to his television while in transit. The Committee recommends approval of $28.50 for this claim.

13) James W. Jackson #875348 $395.99
The claimant (15-SAB/DOC-1294) requests $395.99 reimbursement for items lost during transfer. The Committee recommends denial of this claim.

14) Dustin Johnson #367756 $39.75
The claimant (15-SAB/DOC-178) requests $39.75 reimbursement for watch lost by staff. The Committee recommends approval of $31.80 for this claim.

15) Allan Kott #262069 $15.47
The claimant (15-SAB/DOC-544) requests $15.47 reimbursement for missing headphones. The Committee recommends approval of $15.47 for this claim.

16) Roderick Logan #191731 $166.30
The claimant (15-SAB/DOC-2515) requests $166.30 reimbursement for television damaged in transit. The Committee recommends approval of $136.32 for this claim.

17) Donald Mahaday #157704 $161.12
The claimant (15-SAB/DOC-1035) requests $161.12 reimbursement for a television damaged by staff. The Committee recommends approval of $161.12 for this claim.

18) Mitchell Manley #215946 $13.46
The claimant (15-SAB/DOC-1289) requests $13.46 reimbursement for clipboard that was accidently thrown out by staff. The Committee recommends approval of $13.46 for this claim.

19) Creighton McCullough #593748 $116.55
The claimant (15-SAB/DOC-1219) requests $116.55 reimbursement for MP3 lost by staff. The Committee recommends approval of $123.54 for this claim.

16. DEPARTMENT OF CORRECTIONS continued

20) Cordelroe McMutuary #628704 $54.98
The claimant (15-SAB/DOC-450) requests $54.98 reimbursement for shoes lost by staff. The Committee recommends approval of $54.98 for this claim.

21) Dustin Melik #868241 $179.95
The claimant (15-SAB/DOC-1425) requests $179.95 reimbursement for television damaged in transit. The Committee recommends approval of $169.75 for this claim.

22) Rederick Melton #876609 $168.72
The claimant (15-SAB/DOC-1104) requests $168.72 reimbursement for his television and headphones that were lost in transit. The Committee recommends approval of $171.38 for this claim.

23) James Miller #495983 $12.46
The claimant (15-SAB/DOC-1182) requests $12.46 reimbursement for beard trimmers not allowed at facility where he was transferred. The Committee recommends approval of $12.46 for this claim.

24) Robert Morgan #596132 $40.00
The claimant (15-SAB/DOC-488) requests $40.00 reimbursement for missing personal property. The Committee recommends denial of this claim.

25) Randy Musgrove #168361 $16.64
The claimant (15-SAB/DOC-1344) requests $16.64 reimbursement for watch lost during cell search. The Committee recommends approval of $16.64 for this claim.

26) Byron Royster #624935 $153.65
The claimant (15-SAB/DOC-1161) requests $153.65 reimbursement for his television damaged in transit. The Committee recommends approval of $155.77 for this claim.

27) Lawrence Shelly #140476 $40.00
The claimant (15-SAB/DOC-1346) requests $40.00 reimbursement for damaged eyeglasses. The Committee recommends approval of $40.00 for this claim.

16. DEPARTMENT OF CORRECTIONS continued

28) Derrick Snow #276412 $158.74
The claimant (15-SAB/DOC-977) requests $158.74 reimbursement for lost television. The Committee recommends approval of $158.74 for this claim.

29) Samuel Thomas #220047 $208.65
The claimant (13-SAB/DOC-399) requests $208.65 reimbursement for personal items allegedly lost in transit. The Committee recommends denial of this claim.

30) Calvin Williams #223672 $56.98
The claimant (15-SAB/DOC-1389) requests $56.98 reimbursement for gym shoes purchased but never received. The Committee recommends approval of $56.98 for this claim.

31) Marcus Williams #718271 $287.50
The claimant (15-SAB/DOC-271) requests $287.50 reimbursement for his television and MP3 player lost during transfer. The Committee recommends approval of $119.80 for this claim.

32) Duane Wolfgang #149366 $154.76
The claimant (15-SAB/DOC-1025) requests $154.76 reimbursement for a television damaged in transit. The Committee recommends approval of $17.90 for this claim.

33) Mitchell Young #881775 $155.82
The claimant (15-SAB/DOC-1052) requests $155.82 reimbursement for television lost by staff. The Committee recommends approval of $155.65 for this claim.

17. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET

Civilian Claims

1) John B. Sellek $487.59
The claimant (15-SAB-100) requests $487.59 reimbursement for vehicle damage caused by a faulty Allegan Ramp entrance gate. The Committee recommends approval of $487.59 for this claim.

18. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Civilian Claims

1) Jennifer Grant $34.00
The claimant (15-SAB-120) requests $34.00 reimbursement for replacement cost of her debit card lost by staff. The Committee recommends approval of $34.00 for this claim.

2) Todd Losure $500.00
The claimant (15-SAB-111) requests $500.00 reimbursement for his eyeglasses that were alleged to be damaged by a resident. The Committee recommends denial of this claim.

3) Leticia Moss $35.80
The claimant (15-SAB-118) requests $35.80 reimbursement for shipping a package twice. The Committee recommends approval of $35.80 for this claim.

4) Aaron Pulliam $49.99
The claimant (15-SAB-119) requests $49.99 reimbursement for replacement cost Wahl beard trimmer lost by staff. The Committee recommends approval of $49.99 for this claim.

Employee Claims

1) Barbara Bullen $259.00
The claimant (15-SAB-113) requests $259.00 reimbursement for her eyeglasses that were damaged by a patient. The Committee recommends approval of $259.00 for this claim.

2) Ashley S. Chester $208.95
The claimant (15-SAB-115) requests $208.95 reimbursement for replacement cost of her windshield shattered by object thrown from a lawnmower. The Committee recommends approval of $164.70 for this claim.

3) Craig McCaul $189.98
The claimant (15-SAB-112) requests $189.98 reimbursement for his eyeglasses that were damaged by a patient. The Committee recommends approval of $189.98 for this claim

18. DEPARTMENT OF HEALTH AND HUMAN SERVICES continued

4) Devony L. Myers $107.97
The claimant (15-SAB-116) requests $107.97 reimbursement for her eyeglasses that were damaged by a patient. The Committee recommends approval of $107.97 for this claim.

19. DEPARTMENT OF NATURAL RESOURCES

Civilian Claims

1) Ronald Miller $100.00
The claimant (15-SAB-106) requests $100.00 reimbursement for vehicle damage caused by falling acorns at a State park. The Committee recommends denial for this claim.

2) Sheri J. Schreiber $100.00
The claimant (15-SAB-095) requests $100.00 reimbursement for damages caused by a tree located on State land falling onto her camper. The Committee recommends approval of $100.00 for this claim.

20. DEPARTMENT OF TRANSPORTATION

Civilian Claims

1) ShaWanna Cook $277.69
The claimant (15-SAB-060) requests $277.69 reimbursement for rim damage caused by a pothole. The Committee recommends denial of this claim.

SECTION VIII - CLAIMS - PERSONAL INJURY LOSS

SECTION IX - SPECIAL ITEMS

21. DEPARTMENT OF HEALTH AND HUMAN SERVICES

1) Reporting an emergency purchase per Administrative Guide Procedure 0520.38 and 0620.02 - P.O. 391N6600661 for $275,000.00 with Environmental Testing and Consulting, Inc. for Elevated Blood Lead (EBL) investigation for sources of lead in Flint, Michigan homes of children less than 6 and pregnant females.

2)

22. DEPARTMENT OF NATURAL RESOURCES

1) Request for approval for disposition of lost, unclaimed, or Abandoned Personal Property of no intrinsic or commercial value – Pinckney Recreational Area

23. DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET

1) Request approval of the FY15 2nd Quarterly Report for the Department of Technology, Management and Budget per Resolution 2015-1, Regarding DTMB Procurement's Submissions to the Finance and Claims Committee.

The Director of the Department of Technology, Management and Budget recommends approval by the State Administrative Board of the items contained in Sections I, II, III, IV, V, and VI of this agenda. Approval by the State Administrative Board of these award recommendations does not require or constitute the award of same. Award of contracts shall be made at the discretion of the DTMB Director or designee.

A G E N D A

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

February 3, 2015 / February 3, 2015
11:00 A.M. Lake Superior Room, 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, LANSING – Austin Building – Austin Building Treasury Remodeling
   File No. 071/14066.SJU - Index No. 44107, 24210 - Contract No. Y15092
   Recommended Contract Award: Antler Construction, Inc., Canton; $756,804.00

Description and Justification
The purpose of this contract is to renovate the 1st floor Treasury Department Executive Office area. This area was not included as part of the Austin Building renovations project and requires updates to the HVAC, lighting, power, and fire protection systems to match the building standard and provide energy savings and improved maintainability.
Funding Source
74.6% Agency Operating Funds - BOC
25.4% Agency Operating Funds - Treasury

2. DEPARTMENT OF CORRECTIONS, MUNISING – Alger Correctional Facility – Roof Restoration
   File No. 472/13328.RAA - Index No. 11773 - Contract No. Y15093
   Recommended Contract Award: Lake State Roofing, Inc., Iron Mountain; $1,141,850.00

Description and Justification
The purpose of this contract is to repair and replace aged roofing on eleven buildings at the Alger Correctional Facility. This project will repair leaking roofs and replace roofing that has exceeded its useful lifespan, as identified in a recent roof condition assessment. This project will restore the facility roofs to a weather tight condition and will extend the useful life of these structures by preventing damage from water intrusion.
Funding Source
100% Agency Operating Funds

3. DEPARTMENT OF CORRECTIONS, FREELAND – Saginaw Regional Correctional Facility – Fire Alarm Upgrade
   File No. 472/13428.SJU - Index No. 46630 - Contract No. Y15094

Recommended Contract Award: William F. Nelson Electric, Inc., Saginaw; $420,119.00

Description and Justification
The purpose of this contract is to upgrade the existing fire alarm systems at the Saginaw Correctional Facility. The existing fire alarm systems are all original to the facility and do not meet current fire code requirements.
Funding Source
100% Agency Operating Funds

4. DEPARTMENT OF CORRECTIONS, NEW HAVEN – Macomb Correctional Facility – Video Management and Surveillance Enhancements
   File No. 472/14017.RMP - Index No. 30670 - Contract No. Y15095
   Recommended Contract Award: Master Electric, Inc., Gladwin; $1,054,368.00

Description and Justification
The purpose of this contract is to upgrade the video security and the lighting systems. The contract includes the installation of new interior and exterior cameras, recording servers, and new camera viewing software for the closed circuit television system. The contract also includes the replacement of the existing high-intensity discharge pole mounted fixtures with new energy efficient light-emitting diode fixtures to reduce operating costs and maintenance.
Funding Source
100% Agency Operating Funds

5. DEPARTMENT OF NATURAL RESOURCES, CHIPPEWA COUNTY – Conely Point – Boating Access Site Development
   File No. 751/09461.RAA - Index No. 53010/99019/99049 - Contract No. Y15097
   Recommended Contract Award: MKC Group, Inc., Bay City; $1,048,140.00

Description and Justification
The purpose of this contract is to construct a new boating access site. This project is necessary to provide public access for deep water boat launching in the St. Mary's River at North Munuscong Bay, and will result in providing an access point not only for the river (and connecting Great Lakes) but also to nearby Munuscong Lake.
Funding Source
100% Agency Operating Funds

MODIFICATION TO ISID ASSIGNMENT

6. DEPARTMENT OF ENVIRONMENTAL QUALITY, KEWADIN – Residential Wells Torch Lake Township Site – Investigation and Free Product Removal
   File No. 761/09165.SAR - Index No. 44351 - Contract No. Y09112
   AECOM of Michigan, P.C. (Formerly STS Consultants, Ltd.); Lansing;
   Modification No. 4, Increase $169,486.10
   ISID No. 00286 - Assignment No. 2

Description and Justification

The purpose of this modification is to perform a pilot test. Several private residential drinking water wells were impacted by gasoline constituents. Two suspected sources of the impact were designated as sites with leaking underground storage tank systems. The site was assigned to the professional to evaluate the spread of the contamination through investigation/monitoring and implement interim response actvities to recover free product. The professional will perform a pilot test using an air sparge/soil vapor extraction (AS/SVE) system to evaluate the applicability of the AS/SVE remediation technology to the site. The work is needed to protect public health, safety, welfare and the environment.

Funding Source

100% Refined Petroleum Funds

Base Contract	$83,967.82	Purpose of this assignment is to provide professional environmental investigation and quarterly monitoring services including defining the extent of contamination, initiating interim response efforts to recover free product, conducting three quarterly groundwater monitoring's and submitting a focused feasibility study to address the acute risk at the site. Approved Director's Agenda – 01/09/2009
Modification No. 1	$166,023.24	Purpose of this modification is to provide professional architectural and/or engineering services to continue quarterly monitoring of groundwater to evaluate the spread of contamination and implement interim response activities to address the free product. Approved Director's Agenda – 12/11/2009
Modification No. 2	$32,347.41	Purpose of this modification is to provide professional architectural and/or engineering services for pilot testing of remediation technology at this leaking underground storage tank site. The professional shall contract with remediation contractors to test the most promising methods for cleanup of this site. The results obtained will be used to design future full-scale remediation system. Approved Director's Agenda – 06/10/2011
Modification No. 3	$96,155.34	Purpose of this modification is to have the professional re-commission the remediation system at this site.

		Approved Ad Board Agenda – 10/15/2013
Modification No. 4	$169,486.10	See justification above
Total Contract	**$547,979.91**	

7. DEPARTMENT OF ENVIRONMENTAL QUALITY, KALAMAZOO – Former Performance Paper, Inc. Site – Portage Creek Habitat Restoration
File No. 761/10353.SAR - Index No. 44501 - Contract No. Y10303
URS Corporation Great Lakes; Lansing; Modification No. 4, Increase $56,100.00
ISID No. 00288 - Assignment No. 3

Description and Justification
The purpose of this modification is to provide site survey, modeling, design modifications and reporting. The professional will conduct a site survey and provide in-stream weirs (riffles) hydraulic modeling and design modifications. The site is a former location for the Performance Paper facility. The facility used various chemicals during its history, which contaminated the site's soil and groundwater.
Funding Source
83.8% Great Lakes Restoration Initiative Funds (GLRI)
16.2% Strategic Water Quality Initiative Funds (SWQIF)

Base Contract	$249,668.80	Purpose of this assignment is to provide professional services for construction oversight during the restoration activities of a previously industrialized portion of Portage Creek. Approved Director's Agenda – 08/13/2010
Modification No. 1	$132,262.85	Purpose of this modification is to address environmental contamination discovered during the restoration activities of Portage Creek. Approved Ad Board Agenda – 12/20/2011
Modification No. 2	$62,724.27	Purpose of this modification is to provide construction oversight services to address environmental contamination discovered during the restoration activities of a previously industrialized portion of Portage Creek. Approved Ad Board Agenda – 05/15/2012
Modification No. 3	$31,629.02	Purpose of this modification is to provide additional environmental services to remove the temporary stockpiled contaminated soils and site restoration. Approved Ad Board Agenda – 01/29/2013

Modification No.	$56,100.00	See Justification Above
Total Contract	**$532,384.94**	

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

8. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, FLINT – Flint State Office Building – Interior Renovations Floors 2 - 7
File No. 071/12354.JAN - Index No. 53322 - Contract No. Y13009
Wigen Tincknell, Meyer & Associates, Saginaw; Modification No. 7, Increase $150,275.00

Description and Justification
The purpose of this modification is to provide additional professional construction document and construction administration services. Changes to the construction documents were required upon discovery of unforeseen field conditions. The construction schedule has required extension through the project's taking place in an occupied building, and the accommodation of State of Michigan forces for carpet, IT & moving. The construction schedule's extension requires additional professional services for construction administration.
Funding Source
100% State Building Authority Funds

Base Contract	$448,480.00	Purpose of this contract is to provide professional design and construction administration services to obtain contract documents to renovate floors 2 through 7. Approved State Ad Board Agenda – 10/30/2012
Modification No. 1	$14,209.00	Purpose of this modification is to revise the existing heating piping system to a variable frequency drive system and to upgrade the public address system. Approved Director's Agenda – 05/10/2013
Modification No. 2	$14,069.00	Purpose of this modification is to add structural design for a new operable partition on the 7th floor and to revise the floor plans for Floors 2, 3 and 4 to meet the changing needs of the Department of Human Services program. Approved Director's Agenda – 09/20/2013
Modification No. 3	$16,328.00	Purpose of this modification is to modify the design of the window head, jamb and sill details to address the actual conditions discovered during the window replacement portion of the

		project. Approved Director's Agenda – 12/06/2013
Modification No. 4	$36,360.00	Purpose of this modification is to provide additional services for unforeseen conditions which include revising the floor plans in response to an existing in-floor duct system which conflicts with the as-built drawings, revising the water closet and drinking fountain fixture types, relocating an air handling unit, and addressing several locations where the existing construction did not comply with current building and fire codes. Approved Director's Agenda – 03/07/2014
Modification No. 5	$3,365.00	Purpose of this modification is to provide professional services to route exhaust fans from single occupant toilet rooms on floors 1 - 7 directly to the exterior of the building and discharge via the building sidewall in lieu of penetrating each floor and exiting through the roof. Approved Director's Agenda – 04/11/2014
Modification No. 6	$89,987.00	Purpose of this modification is to develop a study to evaluate if the existing roof structure can support the weight of proposed solar panels and ice storage, design barrier free sidewalk ramps not included in the original scope. Approved Director's Agenda – 08/01/2014
Modification No. 7	$150,275.00	See justification above
Total Contract	**$773,073.00**	

9. DEPARTMENT OF NATURAL RESOURCES, PORT AUSTIN – Port Austin East Harbor and Toilet Building – Harbor Improvements
   File No. 751/04145.MNB - Index No.59660 - Contract No. Y05112
   Northwest Design Group, Inc., Petoskey, Modification No. 10, Increase $37,833.00

Description and Justification
The purpose of this modification is to provide professional engineering and construction administration services to perform a photometric analysis and provide a new site lighting plan as the existing lights are not adequate. This modification also adds the design of

dredging at Bird Creek to ensure the creek is deep enough for larger boats, at the client agency's request.

Funding Source

100% Restricted Funds

Base Contract	$28,435.05	Purpose of this contract is to provide professional engineering design services for a preliminary Study for the Seawall & East Parking Lot. Approved Director's Agenda – 03/25/2014.
Modification No. 1	$28,923.28	Purpose of this modification is to provide professional engineering services to add design for the entire site. Approved Director's Agenda – 03/25/2014.
Modification No. 2	$5,687.82	Provide professional services to add coordination of this Harbor of Refuge project with a companion of Village of Port Austin project. Approved Director's Agenda – 02/16/2007
Modification No. 3	$1,700.00	Provide professional services to add the preparation of a legal description for an easement with the Village of Port Austin and to apply for a United States Army Corps of Engineers permit for the seawall project. Approved Director's Agenda – 06/22/2007
Modification No.4	$53,123.16	Provide professional architectural and/or engineering for final design and construction administration to include electrical design for the site modifications and to provide construction oversight of the project. Approved Director's Agenda – 04/18/2008
Modification No.5	$310,700.47	Provide professional architectural and/ or engineering services & construction administration to modify the existing toilet building and harbor improvements including circulation channels, dredging and docking facilities and boating access site paving. Approved State Ad Board Agenda – 08/04/2009

Modification No.6	$35,575.85	Provide additional design and planning Services to the storm sewer system, grading, and an asbestos survey to the Butler and toilet buildings. Approved Director's Agenda – 07/30/2010
Modification No.7	$122,193.02	Provide additional planning for the Renovation of the main service pier and the boat fueling station, replace the existing toilet and maintenance building, delete the wind generators and add assistance with ASACE study of the bacteria movement within the harbor. Approved State Ad Board Agenda – 05/03/2011
Modification No.8	$146,099.45	Provide plans, specification and construction administration for another complimentary phase of the Port Austin Harbor and Boat Access Site Master Plan which was approved by the Department of Natural Resources in coordination with the Village of Port Austin using the services of the same professional. Approved State Ad Board Agenda – 03/19/2013
Modification No.9	$21,700.44	Provide plans, specification and Construction administration services to revise plans and specifications for additional dredging, obtain permits for a second disposal site required by the Department of Natural Resources, and re-design the ice suppression system for the floating piers to prevent accidental shutoff based on experience at another harbor. Approved Ad Board Agenda – 01/14/2014
Modification No.10	$37,833.00	See Justification Above
Total Contract	**$791,971.54**	

LEASE FOR PRIVATE PROPERTY

10. DEPARTMENT OF STATE, WOODHAVEN – New Lease No. 11790 with Woodhaven Professional Center, L.L.C., 20368 Van Horn Road, Woodhaven, MI 48183, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of State, as Lessee, for 4,840 square feet of office space located at 20378 Van Horn Road, Woodhaven, MI 48183.

WITHDRAWN

The Lease is effective upon obtaining State Administrative Board approval and required signatures. The Lessor shall provide the Department of State from August 1, 2015, through September 30, 2015, or upon substantial completion, free rent for two months. The annual per square foot rental rate for this space beginning October 1, 2014, or upon substantial completion, is $16.25 ($6,554.17 per month). This rate does not include the cost for janitorial service and supplies. This Lease contains one 5-year renewal option with an annual per square foot rental rate of $18.42 ($7,429.40 per month). This Lease contains a Standard cancellation clause with 90-days' notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:
The purpose of this project is to relocate the Trenton Secretary of State office to a new site designed to fit the operational needs of the Department and to help provide better customer service.
Benefit:
This Lease provides a new location that will accommodate an easily accessible office with improved amenities for customers and employees. The rental rate is within the current market rates for comparable space.
Funding Source:
26.3% General Fund; 73.7% Restricted Fund (TACF 60.4%; Auto Repair Facilities Fees 1.3%; Driver Fees 7.3%; Parking Ticket Court Fines 4.4%; Enhanced Driver License & Personal ID 0.3%)
Commitment Level:
Ten-years with one 5-year option; however, this Lease contains a Standard cancellation clause with 90-days' notice.
Risk Assessment:
Non-approval of this Lease will not allow the Department to move to a new location and improve the customer service for the citizens of Trenton and Wayne County.
Zip Code:
48183

ADDENDUM TO LEASE FOR PRIVATE PROPERTY

11. DEPARTMENT OF LICENSING & REGULATORY AFFAIRS (LARA) – Addendum No. 4 to Lease No. 10291 approved by the State Administrative Board on October 3, 1995, Item No. 12, between C.J. Abraham Properties, Incorporated and subsequently assigned to Saginaw Plaza, Ltd., a Texas Limited Partnership, 200-D Westgate Parkway, Amarillo, Texas 79121, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Human Services now assigned to the Department of Licensing & Regulatory Affairs, Public Service Commission, as Lessee, for 71,769 square feet of office space located at 7109 West Saginaw Highway, Lansing, Michigan 48917. This Addendum provides for increasing the square foot rate approximately $.49 per square foot in order to pay for financing to improve the energy savings under Michigan's Property Assessed Clean Energy (PACE) Act. These improvements include the installation of LED lights throughout the building, variable speed motors to make heating and cooling equipment more efficient and a 20 kilowatt solar array. The annual per square

foot rental rate is $14.49 ($86,661.12 per month). Effective November 1, 2017, through October 31, 2034, the annual per square foot rental rate for this space will increase by $1.24 every three years over the lease term. This rate includes the $.49 per square foot for PACE, and extends through the renewal option periods if exercised. This Addendum becomes effective upon the last State approval and continues to the termination date of the Lease, or any extension. This Lease contains a Legislative Restrictive cancellation clause with 90-days' notice and a Standard 90-day notice during the renewal option period. The Attorney General has approved this Addendum as to legal form. This Lease meets the criteria requiring approval of the Joint Capital Outlay Subcommittee of the Legislature. The Subcommittee approved this Lease on September 22, 2009.

Purpose/Business Case:
The purpose of this Addendum is to increase the rental rate to pay for energy saving upgrades to the building for energy improvement and provide the Department of Licensing and Regulatory Affairs and the Michigan Public Service Commission a more efficient office for the employees and their clients in Ingham County.
Benefit:
This new Addendum provides cost savings to the utility costs and overall lease savings through upgrades for a more efficient building by achieving lower net operation costs. This square foot rate is within the market values for this area.
Source of Funds:
100% Federal Funds
Commitment Level:
November 1, 2014 through October 31, 2034 with a 5-year renewal option; however, this Lease contains a Legislative Restrictive cancellation clause with 90-days' notice and changes to a Standard cancellation during the renewal option if exercised.
Risk Assessment:
Non-approval of this Lease will not allow the agency to realize a cost savings and occupy a more efficient and valuable building.
Zip Code:
48917

LICENSE AGREEMENTS

12. The Department of Technology, Management and Budget (DTMB), recommends that the State Administrative Board, under authority of the Management and Budget Act, 1984 PA 431, MCL 18.1221, grant a MPSCS member co-location license (License) to the Barry County Central Dispatch Authority (Licensee), for the installation, operation, and maintenance of the Licensee's communications equipment, supporting its dispatch consoles, on MPSCS Tower Site No 5802, located in Barry County, Michigan, in accordance with the terms of the MPSCS Co-location License Agreement between the parties.

Purpose:
The License permits the Licensee to install communications equipment on MPSCS Tower Site No. 5802 in support of the integration of its dispatch consoles into the MPSCS.

Benefit:
The MPSCS will benefit from Licensee's continued support and membership in the MPSCS in the provision of public safety communications throughout the State.
Funding Source: n/a
Commitment Level: n/a
Risk Assessment:
Non-approval of this License will prevent Licensee from being able to integrate its dispatch consoles into the MPSCS thereby preventing the MPSCS from benefiting from the enhancements the dispatch consoles bring into the MPSCS.

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

February 10, 2015 / February 24, 2015
11:00 A.M. Lake Superior Room, 1st Floor
Michigan Library and Historical Center

. . . . . .

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

AWARD OF CONSTRUCTION CONTRACT

1. DEPARTMENT OF COMMUNITY HEALTH, KALAMAZOO – Kalamazoo Psychiatric Hospital – Improvement Projects
   File No. 391/13398.CAK - Index No. 46000 - Contract No. Y15110
   Recommended Contract Award: Frederick Construction, Inc., Vicksburg; $815,000.00

Description and Justification
The purpose of this contract is to provide construction services for various improvements. These include installing an electronic entry control system, connecting elevator #5 to emergency power, installing a data logging system, upgrading the hot water system and air handling controls, installing a water softener system, repairing the tunnel infrastructure, and replacing a low-pressure steam line expansion joint. These projects will upgrade outdated systems, while improving occupancy safety and providing better energy efficiency.
Funding Source
100% Agency Operating Funds

2. DEPARTMENT OF CORRECTIONS, KINCHELOE – Chippewa Correctional Facility – Fire Alarm System Upgrades
   File No. 472/13423.RAA - Index No. 52260 - Contract No. Y15114
   Low Responsive Bidder: Master Electric, Inc., Gladwin; $313,641.00

Description and Justification
The purpose of this contract is to replace the existing fire alarm system. This project is necessary to upgrade existing systems, add additional system components, and meet agency safety and regulatory code requirements. This project will comply with current Bureau of Fire Services and ADA requirements, and will also allow future fire alarm system maintenance and system testing without proprietary service and software agreements.
Funding Source
100% Agency Operating Funds

3. DEPARTMENT OF CORRECTIONS, KINGSLEY – Pugsley Correctional Facility – Fire Alarm System Upgrades
   File No. 472/13427.RAA - Index No. 66220 - Contract No. Y15111

Recommended Contract Award: J. Ranck Electric, Inc., Mount Pleasant; $287,498.00

Description and Justification
The purpose of this contract is to replace the existing fire alarm system. This project is necessary to upgrade existing systems, add additional system components, and meet agency safety and regulatory code requirements. This project will comply with current Bureau of Fire Services and ADA requirements, and will also allow future fire alarm system maintenance and system testing without proprietary service and software agreements.
Funding Source
100% Agency Operating Funds

4. DEPARTMENT OF CORRECTIONS, LAPEER – Thumb Correctional Facility – Video Management and Surveillance Enhancements
   File No. 472/14099.RMP - Index No. 34660 - Contract No. Y15112
   Recommended Responsive Proposal: J. Ranck Electric Inc., Mt. Pleasant; $985,945.00

Description and Justification
The purpose of this contract is to upgrade the video security system. The contract includes the installation of new interior and exterior cameras, prison perimeter fence cameras, recording servers, and a new camera viewing software for the CCTV system. The CCTV systems will include central viewing and recording stations, fiber optics and 480 volt infrastructure.
Funding Source
100% Agency Operating Funds

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

5. DEPARTMENT OF MILITARY AND VETERANS AFFAIRS, DETROIT – Detroit Light Guard Armory – Electrical Power Damage
   File No. 511/12167.MNB - Index No. 13782 & 13982 - Contract No. Y12275
   G.H.Forbes Associates Architecture; Royal Oak; Modification No. 5, Increase $34,519.74

Description and Justification
The purpose of this modification is to provide additional design and construction administration services to repair electrical power damage in the basement caused by a flood in the boiler room.
Funding Source
100% Federal Funds

Base Contract	$191,660.00	Purpose of this contract is to provide professional design, construction administration services and contract bidding documents for phase 3 and 4 modifications to this facility. Work includes adding toilets, personal

		equipment storage rooms, install a generator, HVAC, lighting, fire alarm, repair clogged drains in the previous vehicle service area and other miscellaneous repairs. Approved Director's Agenda – 06/15/2012
Modification No. 1	$9,625.00	Purpose of this modification is to provide additional inspection of the existing exhaust fans, ductwork dampers and reheat coils in the armory's basement to determine if these units are reusable. This work was not included in the original Request for Proposal. Approved Director's Agenda – 11/09/2012
Modification No. 2	$10,910.00	Purpose of this modification is to provide additional design services for replacement and consolidation of condensate pumps throughout the basement and coordination of the abatement and demolition of the firing range. Approved Director's Agenda – 04/26/2013
Modification No. 3	$73,804.80	Purpose of this modification is to provide additional design and construction administration services for modifications in response to unknown field conditions and the client agency's needs. Approved Director's Agenda – 2/28/2014
Modification No. 4	$40,598.37	Purpose of this modification is to provide engineering and construction administration services to replace the main switch gear, the hot water storage tank and the condensate receiver tanks. Approved Ad Board Agenda – 4/22/2014
Modification No. 5	$34,519.74	See justification above
Total Contract	**$361,117.91**	

REVISIONS TO CONSTRUCTION CONTRACTS

6. DEPARTMENT OF COMMUNITY HEALTH, WESTLAND – Walter Reuther Psychitaric Hospital – New Activity Builing/Generator/Site Work

File No. 391/13046.MNB - Index No. 53326 - Contract No. Y14107
Daniels Building Company; Farmington Hills; CCO No. 3, Increase $562,912.79

Description and Justification
The purpose of this change order is to provide reinforced structural members to the parapet wall and the building's foundation, and provide site lighting at the building and in the parking lot at the agencies request.
Funding Source
100% State Building Authority Funds

Base Contract	$5,619,000.00	Purpose of this contract is to construct a new activity and rehabilitation building, add a new generator and refurbish the existing parking. Approved Ad Board Agenda – 3/11/2014

LEASE FOR PRIVATE PROPERTY

9. DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS, KALAMAZOO - Renewal Lease No. 10810 with West Pointe Development, L.LC., 2221 Health Drive SW, Suite 2200, Wyoming, MI 49519, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Licensing and Regulatory Affairs, as Lessee, for 4,001 square feet of office space located at 940 N. 10th Street, Kalamazoo, MI 49009. The Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for this space beginning August 1, 2015, is $19.80 ($6,601.65 per month). This is a full-service Lease. This Lease contains one 1-year renewal option with an annual per square foot rental rate of $20.69 ($6,898.39 per month). This Lease contains a Standard cancellation clause with 90-days' notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:
The purpose of this project is to continue to provide the Department of Licensing and Regulatory Affairs with an office location that fulfills their client and operational needs in Kalamazoo County.
Benefit:
The current location allows staff to serve customers within the jurisdiction and meets the needs of the Department and customers. The rental rate is within current market rates for comparable space.
Funding Source:
100% Restricted funds
Commitment Level:
Five-year Lease with one 1-year renewal option; however, this Lease contains a Standard cancellation clause with 90-days' notice.
Risk Assessment:
Non-approval of this Lease will hinder the Department from continuing to provide uninterrupted service and may require the Department to relocate to a new location and incur increased costs.
Zip Code:
49009

10. DEPARTMENT OF CORRECTIONS, FORT GRATIOT – New Lease No. 11762-2014 with Port Builders, Inc. and Greenacre Investments, LLC, 4335 24th Avenue, Fort Gratiot, Michigan 48059, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Department of Corrections, as Lessee, for 3,867 square feet of office space located at 4355 24th Avenue, Suite No. 6, Fort Gratiot, MI, 48059. The Lease is effective upon obtaining State Administrative Board approval and required signatures. The annual per square foot rental rate for this space beginning June 1, 2015, or upon substantial completion is $14.43 ($4,650.07 per month). This rate does not include: utilities, water and/or sewer, janitorial services and supplies, replacement of tubes and bulbs. This Lease contains two 5-year renewal options with an annual per square foot rental rate of $15.67 ($5,049.66 per month) for each option. This Lease contains a Standard cancellation clause with 90-days' notice. The Attorney General has approved this Lease as to legal form.

Purpose/Business Case:
The purpose of this Lease is to relocate the Department of Correction's staff to a more central location that will allow them to better service their clientele. It has been determined that most of their clients are located in this part of St. Clair County.
Benefit:
A new office space designed to meet the needs of the Department of Correction's employees and clientele. The new centrally located office in St. Clair County is both close to public transportation and offers ample parking for employees and clientele. The rental rate is within the current market rate for comparable space.
Funding Source:
100% General Fund
Commitment Level:
10-year Lease with two 5-year renewal options; however, this Lease contains a Standard cancellation clause with 90-days' notice.

Risk Assessment:
Non-approval of this Lease will hinder the Department from moving to a centrally located space within the County, which will allow ease of access for their clients, allowing the Department to better service their clientele.
ZIP Code:
48059

ADDENDUM TO LEASE FOR PRIVATE PROPERTY

11. DEPARTMENT OF STATE POLICE, GAYLORD - Addendum No. 2 to Lease No. 10777 approved by the State Administrative Board on February 15, 2000, between Hayes and Bentz, Ent., and subsequently assigned to Hayes and Bentz, Ent., LLC, 119 Fairview, Gaylord, Michigan 49735, as Lessor, and the State of Michigan by the Department of Technology, Management & Budget for the Michigan State Police, as Lessee, for 5,200 square feet of space located at 123 Fairview, Gaylord, Michigan 49735. This Addendum provides for adding two 5-year renewal options with no increase in rent and to replace the flooring. This Addendum is effective upon obtaining State Administrative Board approval and required signatures and continues to the termination date of the Lease, or any extension. The annual per square foot rental rate for this space beginning April 1, 2012, is $9.23 ($4,000.00 per month); which will continue through the subsequent renewal option. This Addendum contains a Standard cancellation clause with 90-days' notice. The Attorney General has approved this Addendum as to legal form.

Purpose
This purpose of this Addendum is to continue to provide the Michigan State Police with a location that fulfills their client and operational needs in Otsego County while adding renewal options to the current Lease.
Benefit:
This Addendum will allow the Department to remain at their present location while maintaining their current square foot rate and will preclude relocation costs. The rental rate is within the current market rate for comparable space in Gaylord.
Source of Funds:
100% General Fund
Commitment Level:
The Addendum provides for a 5-year commitment upon approval of this Addendum and one 5-year renewal option; however, this Lease contains a Standard cancellation clause with 90-days' notice.
Risk Assessment:
Non-approval of this Lease will hinder the Department from continuing to provide uninterrupted service and could possibly bring about increased costs if they are forced to relocate.
Zip Code:
49735

LICENSE FOR USE OF STATE-OWNED FACILITIES

12. DEPARTMENT OF COMMUNITY HEALTH, CARO—A License Agreement (License), under the authority of Section 18.1221 of the Management and Budget Act, 1984 PA 431, between the State of Michigan, by its Department of Technology, Management and Budget (DTMB) as Licensor, for the Department of Community Heath (DCH), and Wahjamega Country Church, a Michigan Ecclesiastical Corporation, as Licensee, whose address is 2551 Center Street, Caro, MI 48723. This License authorizes Licensee's continued use of the DCH Caro Center's sewer system (System). This License is effective upon approval by the State Administrative Board and execution by the DTMB and continues until either Licensee or Licensor no longer own their respective properties; until Licensee has a sewer service alternative; or for cause.

Purpose/Business Case:
This License allows Licensee the continued use of the System (to which it has been connected for approximately 40 years), subject to the License's terms and conditions. The Licensee does not have public sewer service available and is not expected to have one anytime soon.
Benefit:
This License allows the State to formally establish terms and conditions for Licensee's use of the System, which was not done when the Licensee was allowed to physically connect to the System approximately 40 years ago; it established a fee for its use; and avoid potential liability from unilaterally cutting off sewer services to Licensee after informally providing them for approximately 40 years.
Commitment Level:
This License continues until either Licensee or Licensor no longer owns their respective properties; until Licensee has a public sewer service alternative; or for cause as set forth in the License.
Risk Assessment:
The State has been providing Sewer services to the Licensee for approximately 40 years without the benefit of a formal agreement to establish terms and conditions for its use, or to protect the State from risks of potential liabilities that could arise from providing the Sewer services. The proposed License corrects this 40-year oversight and greatly reduces the State's potential risks relating to the provision of the Sewer services. Non-approval of this License Agreement will preclude the overdue corrective action the parties have agreed to under the terms of the License.
ZIP Code:
48723

13. DEPARTMENT OF COMMUNITY HEALTH, CARO—A License Agreement (License), under the authority of Section 18.1221 of the Management and Budget Act, 1984 PA 431, between the State of Michigan, by its Department of Technology, Management and Budget (DTMB) as Licensor, for the Department of Community Heath (DCH), and Mr. Terry Klein and Ms. Kathleen Klein, private homeowners, as Licensees, whose address is 2531 Center Street, Caro, MI 48723. This License authorizes Licensees' continued use of the DCH Caro Center's sewer system (System). This License is effective upon approval by the State Administrative Board and execution by the DTMB and continues until either Licensees or Licensor no longer own their respective properties; until Licensees have a sewer service alternative; or for cause.

Purpose/Business Case:
This License allows Licensees the continued use of the System (to which it has been connected for approximately 40 years), subject to the License's terms and conditions. The Licensees do not have public sewer service available and is not expected to have one anytime soon.
Benefit:
This License allows the State to formally establish terms and conditions for Licensee's use of the System, which was not done when the Licensees were allowed to physically connect to the System approximately 40 years ago; it established a fee for its use; and avoid potential liability from unilaterally cutting off sewer services to Licensee after informally providing them for approximately 40 years.
Commitment Level:
This License continues until either Licensees or Licensor no longer owns their respective properties; until Licensee has a public sewer service alternative; or for cause as set forth in the License.
Risk Assessment:
The State has been providing Sewer services to the Licensees for approximately 40 years without the benefit of a formal agreement to establish terms and conditions for its use, or to protect the State from risks of potential liabilities that could arise from providing the Sewer services. The proposed License corrects this 40-year oversight and greatly reduces the State's potential risks relating to the provision of the Sewer services. Non-approval of this License Agreement will preclude the overdue corrective action the parties have agreed to under the terms of the License.
ZIP Code:
48723

14. DEPARTMENT OF COMMUNITY HEALTH, CARO—A License Agreement (License), under the authority of Section 18.1221 of the Management and Budget Act, 1984 PA 431, between the State of Michigan, by its Department of Technology, Management and Budget (DTMB) as Licensor, for the Department of Community Heath (DCH), and Ms. Geogene Lynch, a private homeowner, as Licensee, whose address is 2525 Center Street, Caro, MI 48723. This License authorizes Licensee's continued use of the DCH Caro Center's sewer system (System). This License is effective upon approval by the State Administrative Board and execution by the DTMB and continues until either Licensee or Licensor no longer own their respective properties; until Licensee has a sewer service alternative; or for cause.

Purpose/Business Case:
This License allows Licensee the continued use of the System (to which it has been connected for approximately 40 years), subject to the License's terms and conditions. The Licensee does not have public sewer service available and is not expected to have one anytime soon.
Benefit:
This License allows the State to formally establish terms and conditions for Licensee's use of the System, which was not done when the Licensee was allowed to physically connect to the System approximately 40 years ago; it established a fee for its use; and

avoid potential liability from unilaterally cutting off sewer services to Licensee after informally providing them for approximately 40 years.

Commitment Level:

This License continues until either Licensee or Licensor no longer owns their respective properties; until Licensee has a public sewer service alternative; or for cause as set forth in the License.

Risk Assessment:

The State has been providing Sewer services to the Licensee for approximately 40 years without the benefit of a formal agreement to establish terms and conditions for its use, or to protect the State from risks of potential liabilities that could arise from providing the Sewer services. The proposed License corrects this 40-year oversight and greatly reduces the State's potential risks relating to the provision of the Sewer services. Non-approval of this License Agreement will preclude the overdue corrective action the parties have agreed to under the terms of the License.

CONTRACT CHANGE ORDER

15. DEPARTMENT OF MICHIGAN STATE POLICE, FLINT - CCO No. 7 for Lease No. 10235 approved by the State Administrative Board on June 6, 1995, between Genesee County 911 Consortium, as Lessor, and the State of Michigan by the Department of Technology, Management and Budget for the Department of Michigan State Police, as Lessee. This CCO provides for installation of a new 12'x20' storage shed at the MSP Flint Post at a cost not-to-exceed $3,896.20. The space is located at 4481 Corunna Road, Flint, MI 48532.

Purpose/Business Case:

The purpose of this CCO is to purchase and install a secure storage facility in which to store evidence at the Michigan State Police Flint Post.

Benefit:

This CCO allows the Police Post to have adequate long-term evidence storage space.

Source of Funds:

100% General Funds

Commitment Level:

Present through December 19, 2025; however, this Lease contains an Executive cancellation clause with 60-day' notice through December 19, 2015 and a Standard cancellation clause with 90-days' notice after December 20, 2015.

Risk Assessment:

Non-approval of this CCO will hinder the Department from having adequate space to store evidence required for police work.

ZIP Code:

48532
